Rising Stars Therapeutic Riding Center

Our Mission
Rising Stars is dedicated to providing safe and caring equine therapies to children and adults with special needs, empowering them to reach “beyond the reins of limitation.”

Who We Serve
Rising Stars participants are children and adults ranging in age from 2 to 70+ with disabilities, physical limitations or medical issues living in the six county region of South Central Idaho. Challenges commonly helped with equine therapy include cerebral palsy, MS, down syndrome, spina bifida, traumatic brain injury, attention deficit disorder, autism, visual and/or hearing impairment and much more.

Rising Stars Ranch Update
Rising Stars purchased its own property just 2 years ago. Countless hours of volunteer labor has gone into cleaning up the property, tearing down dilapidated facilities and rebuilding new facilities. After two seasons of operating in only outdoor facilities we are happy to have construction on our indoor arena almost complete and to be approaching the groundbreaking of our attached therapy/office building. We have had such amazing support from this community as we enter the final phase of this building project. We plan to be fully functional in our new office building and indoor arena for a 2020 spring session!

Dining For The Stars
Our 2nd Annual “Dining for the Stars” event took place on Sept. 14th. Funds raised at this event will help Rising Stars continue to provide services to children and adults throughout southcentral Idaho. A great time was had by all enjoying a social hour with music by Marla Garrett and friends followed by a wonderful tri-tip dinner and live and silent auction. Almost 300 people were in attendance.

We are so grateful to be able to offer these opportunities to those who benefit from them, empowering them to reach “beyond the reins of limitation.”
