

## Cassia County Board of Commissioners

Press Release March 8, 2018

The Cassia County Board of Commissioners has the task of administering to the needs of all county departments. We, as elected officials, have the responsibility to conduct county business in an efficient and cost effective manner. We feel it is imperative that elected officials are the administrative body of the county. Therefore, the Board moved to dissolve the Cassia County Administration Department, effective on or before June 1, 2018.

Mr. Kerry McMurray has served the County well. He will continue to serve the County in capacity of a deputy prosecuting attorney, under the supervision of the Cassia County Prosecuting Attorney. All other current employees from the administrative department will be transferred to other departments in the County, which will take place on or before June 1, 2018.

  
Bob Kunau, Chair  
Paul Christensen, Commissioner  
Tim Darrington, Commissioner
