### Children's Charity Golf Classic

**The 30th Annual** Children's Charity Classic, held September 28 at Omaha Country Club, raised a record-breaking \$137,500 for Children's Hospital & Medical Center.

Funds raised will support the Hubbard Center for Children, an expansion project that will make high-quality care available to thousands more children in Omaha and across the five-state region.

Children's Charity Classic, presented by HDR and Kiewit, drew 108 golfers to the sold-out event. Participants enjoyed beautiful weather, pre-assigned tee times, box lunches courtesy of The Heider Family Foundation and a cocktail reception sponsored by Northwestern Mutual.

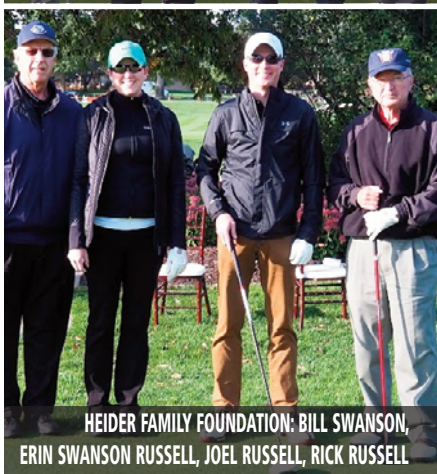

"With so many fundraising events canceled this year, we are pleased that Children's Charity Classic could continue with some adjustments for everyone's safety," said Beth Greiner, Executive Director, Children's Hospital & Medical Center Foundation. "For 30 years, our supporters have demonstrated their commitment to Children's mission of improving the life of every child, and we are so grateful for their overwhelming generosity in 2020."
