Hibbing Police set to expand K9 program through O.U.R. grant

New electronic sniffing dog will be only one of its kind in state outside of the BCA

Red Rock Hotel & Suites set to open in 2022

Business in former Grandma’s location

HIBBING — Activity going on at the former location of Grandma’s on the Park Hotel has captured the curiosity of many in the Hibbing and surrounding area.

In Nov. 2020 the Grandmas in the Park Restaurant closed, following the closure of the Hibbing Park Hotel there. The building has since been sold and is in the process of being remodeled for a new use.

Shawn Rodamo, an investor from the Twin Cities with a background in engineering, purchased the building from its former owner a little over a year ago. Rodamo said the building will soon be home to an electronic detection dog (ESD), or EDC, that will be used to sniff out drugs, explosives, and other harmful substances.

The addition of the ESD to the Hibbing Police Department will soon be home to an electronic detection dog (ESD), making it the only law enforcement agency in the state of Minnesota — outside of the Bureau of Criminal Apprehension — to have one.
