Bright, open and nearly new in Linda Vista! The main level of this 2017 built home offers a bright and open plan perfect for entertaining with features such as the living area with gas fireplace, kitchen with granite countertops & large island, and dining with access to the back deck. Also on the main level is the master suite with walk-in closet, tile walk-in shower, and a large double vanity. Upstairs is the perfect set-up with two bedrooms with spacious closets and a full jack and jill bathroom. The basement of the home has been recently finished with tons of additional living space including a family/movie room, office/hobby room, bedroom, and full bathroom.
