

Dear Darkness,

Stop controlling our world. Stop taking
over light. Or love Stop this. Choose
love. Choose light. Come out of your deep
dark hole.

Turn to the light. Turn hate to
love. Turn dark to light. Help us live
in the light. Come out of your deep
dark hole. Out to the light. The love

I hope you choose the light.
The love. The love. The right thing.
Come out of your deep, dark hole. To
the light.

Sincerely,
Maia
