

M.L.K

Dear: MLK This is similar to the  
light and dark side of the moon.  
The people who love and are kind and  
help people are the light side. On  
the dark side there are people who  
hate and who think war is the  
solution to everything. This gives me  
the idea that more people should use  
the golden rule. Everyone should be  
treated the way they want to be treated.  
We miss you MLK.

Russell
