BUDDEEZ® IS HIRING!

MAINTENANCE TECHNICIAN

PLASTICS MANUFACTURING ENVIRONMENT

Buddeez, an injection plastics molding manufacturer, has immediate openings for Maintenance Technicians on our 2nd Shift (3:00 pm - 11:30 pm) and 3rd Shift (11:00 pm - 7:30 am) with some overtime required.

This position is responsible for:

- Performing daily preventative equipment maintenance.
- Performing troubleshooting on mechanical issues including pneumatics and hydraulics.
- Initiating equipment repair orders.
- Performing detailed machine maintenance.
- Day to day coverage of production line injection molding equipment: responding to alarms, breakdowns, and production requests quickly and efficiently to minimize downtime

An ideal candidate must have 3 to 5 years of Machine Maintenance, general knowledge of electrical, pneumatic and hydraulic blueprint schematic reading, excellent diagnostic and troubleshooting electronic circuit skills. Experience in plastic injection molding, processing and knowledge of resins are a plus.

Buddeez, Inc. offers a competitive salary, great working conditions and benefits including Medical/Dental/Life/Vision/Short Term Disability/Accident Insurance and 401K with an 18% match. PLUS $1,000 Hiring Bonus within 6 months!

Apply online at *buddeezcareers.com,* in person, or send your resume to: BUDDEEZ, Inc. 715 West Park Road, Union, MO. Or you can call 636-583-2583.
