IT'S TIME FOR A CHANGE.

Missouri should work for you.

Working families deserve a voice in Jefferson City—and a senator who puts their interests first.

Fully fund our public schools.
Give students and educators the resources they need to succeed.

Strong unions. Strong middle class.
Stand up for workers, fair wages, and collective bargaining.

Healthcare for every stage of life.
Support access to care for Missourians of every age and background.

Protect families from data center costs.
Demand safeguards for our communities, utilities, and ratepayers.

Put working families first.
Serve everyday Missourians, not just the wealthiest few.
