

Ag Diesel Mechanic Wanted!

We are currently looking for an experienced ag diesel mechanic to help us fulfill our customers' needs.

Duties would include, but are not limited to:

- Diagnose/repair a variety of equipment from skidloaders to tractors
- Prep new machines for delivery
- Regularly lift 50+ pounds
- On site repairs at farms and other locations
(Valid Driver's License Required)
- Operating various pieces of equipment around the shop from fork lifts and telehandlers to tractors and mowers.
- Must work well in a fast paced, team oriented environment.

Health insurance and vacation packages.

Competitive pay based on experience.
