Women on a mission to help parents

BY SCOTT MCKINNEY KANABEC COUNTY TIMES

A new organization in Mora offers parenting classes, social group opportunities, consulting services and community education for families with children. Occupational therapist Kate Lombard and child

care administrator Liz Eklund worked together at Welia Health, and opened Stability Families, Inc. in downtown Mora in March 2022. Their mission is to teach parents and give them the tools needed to not only raise their children but to understand how to help them.

"Business is slowly picking up," said Lombard, 'We provide training for children and their families. It's an opportunity to deliver care in our community for families trying to make things work.'

Lombard said that the COVID-19 pandemic had an impact on many children,

with an increase in loneliness and depression. "We provide community-based care, play opportunities and parental support for families.'

Stability Families also helps when families are raising children with special needs.

Incumbents challenged in county races

BY KIRSTEN FAURIE EDITOR@MORAMINN.COM

A slew of candidates have filed in the county commissioner races, prompting a primary before the Nov. 8 general election.

In District 3, Commissioner Les Nielsen did not file for re-election. Meanwhile, incumbent commissioners Dennis McNally and Craig Smith find themselves contested in their districts. A primary election to narrow the options down to two candidates in District 1 and 5 will be held Aug. 9.

Ogilvie gives up rights to portions of Rutherford Street

BY KIRSTEN FAURIE EDITOR@MORAMINN.COM

A portion of Ogilvie's Rutherford Street on the north side of Tower Park is no longer a city street. The Oglivie City Council voted to vacate their easement rights of the street, thus returning control of those portions of street to the property owners. The property owners in this instance are Federated Co-op and Ogilvie Mini Storage. The

business owners of these properties said they would like to install fencing all around their properties to prevent theft and vandalism.

The Ogilvie City Council held a public

fencing, it would make the park safer for children. Others expressed concern over the cost of fixing the street if it were not vacated.

After the hearing and during the city's regular council meeting, the council voted 4-1 in favor of vacating the easement.

Council member Amy Maciej said she felt vacating the street and installation of fence would make it safer for children while helping local businesses.

Mayor Mark Nilson also spoke in

nearing on the issue May 18.

During the public hearing residents spoke both for and against vacating the easement. Some felt vacating the street would hinder access to the Tower Park. Some felt without the through traffic and with the addition of some proposed

favor of focusing on the needs of the businesses.

Council Member Gary Baker, the only council member with property directly adjacent to the street portions, voted against the resolution.

Strong winds tear up rural Ogilvie

Strong winds and heavy rain at about 7:30 p.m. May 30 caused significant damage to farms and homes south of Ogilvie, in the area of 160th Ave. and Highway 47. Many trees in the area were downed. Four grain bins owned by Robyn Persson were lifted off their bases, two of which blew north into the neighbor's property, another crashed into a nearby pole shed. A tree fell onto the home of Brian Besser. Others lost shingles or had roofs lifted off sheds. Power lines were also damaged. Despite the damage, no one was injured.

Democracy done the way it is supposed to be in Ogilvie

his is the way democracy is supposed to work. The City of Ogilvie's public hearing regarding vacating easement rights on Rutherford Street was like a well-choreographed, democratic ballet.

Here's how the dance played out: The Ogilvie City Council, elected by city residents, was preparing to make a decision and announced it was inviting city residents to come before them and voice their concerns about the

issue in a public hearing. As required in the interest of government transparency, the city posted a public notice in the local paper. The local newspaper (*The Times*) elaborated and published an article explaining the issue and inviting residents to attend the hearing. The notice, article, social media and word of mouth spread awareness. Approximately one dozen

Kirsten Faurie

residents attended the hearing. During the hearing, residents took turns sharing their opinions and asking questions as the council listened. The conversations were mostly very respectful.

What was even most impressive, is that as some of the attendees asked questions and learned more, they seemed willing to change their minds.

Many of us know Clayton Berg, who is not a resident within the city, but lives near Ogilvie and is well-known for driving his restored tractors in the annual parade.

Mr. Berg said it best when he said of the issue, "I came here because I saw it in the paper and I wanted to learn as much as a could about it. It has been really interesting. ... I appreciate everyone getting together to hash this out, because that's the way we're supposed to do it."

After the public hearing, the council weighed the pros and cons, and took a vote.

What happened in Ogilvie was reassuring to me that we are capable of listening to each other, learning, thinking critically, having respectful conversations and moving forward — just the way it's supposed to be done.

LETTERS TO THE EDITOR

Dumb or dumber? To the editor.

The San Francisco Unified School District woke administrators found the word "chief" offensive to Native Americans and prohibited its use in job titles.

I always thought it was an honor to be the chief in the Native American culture. In a similar manner, the administrators decided that "chief financial officer" and "chief manager" are inappropriate terms. In addition, "manager" is offensive because it contains the word "man." Sexist? When did "man" become offensive?

My mother took an IQ test in high school and scored at the genius level. I obviously, did not inherit her brains, because I don't get it.

I guess I'm either too old, outdated, or dumb, maybe dumber?

Pat Cook Mora

Thanks to all who work with our children

To the editor,

The end of this school year is here. It's time to recognize those who've worked diligently with our students- our communities' children. Huge appreciation goes out to teachers, school administrators, school support staff and Ameri-Corps Seniors Foster Grandparent volunteers.

Foster Grandparents were excited to be back in classrooms last fall with "their" kids, and now this school year is ending. Time flies when you're having fun! Foster Grandparents coached, mentored and were crucial components of improving students' reading, math and social-emotional skills. Each school year, students enjoy the connections made and intergenerational relationships built with their classroom "Grandmas" and "Grandpas."

Schools and other sites contin-

ually recognize and document that students' skills and scores have improved due to the extra attention and practice provided by these remarkable, dedicated adult contributors.

There's always enjoyment in working with children, and foster grandparents feel that joy. They're delighted by seeing students' accomplishments and feel rewarded by knowing they contributed to children's educational growth. AmeriCorps Seniors Foster Grandparent volunteers represent the best of America: tirelessly serving children in communities across the country.

We offer sincere thanks to all school educators and school influencers. We send well wishes to them and the students for a fabulous, revitalizing summer.

On Thursday, May 19, Ogilvie band and choir members presented their spring concerts. The bands are directed by Mr. O'Connell, and choir groups are directed by Dr. Tornow. Awards were also presented. After a concert break where families could attend the spaghetti dinner, the jazz band, junior high band and high school band all took their turn in presenting beautifully played music. The junior and senior high choir groups were next to entertain guests. The high school choir got to show off their new matching concert uniforms.

The value of a retreat-like backvard was never more apparent than in 2021. Over the last year-plus, much of the world has been forced to stay home as a global pandemic has claimed millions of lives while countless others have had to fight to survive in hospitals. It's no surprise people have looked for a respite from the harsh realities of living during a deadly pandemic, and many turned their attention to their own backyards to provide such an escape.

Mosquitoes make their presence felt in many areas each summer. These pesky, often hungry insects can carry disease, and their bites can be painful and itchy. Homeowners can try these three techniques to keep mosquitoes out of their backyards.

1. Remove standing water.

Standing water is a breeding ground for mosquitoes, who don't even need a lot of water to successfully breed. A daily walk around the property may uncover kids' toys, empty flower pots or other small receptacles that can collect water. Even clogged gutters can lead to the accumulation of a small amount of water, and that can be enough for mosquitoes to breed. Remove these potential breeding grounds when you find them, and do

note that mosquitoes seek tall grass to protect them from the elements, including wind and hot summer sun. Mowing enough so grass never gets too high in summer can make backyards less inviting to mosquitoes. 3. Plant with mosquitoes in mind.

The home remodeling experts at HGTV note that plants can be part of homeowners' strategy to repel mosquitoes. Various plants have mosquitorepellant qualities. For example, bee balm releases a fragrance as it grows, and mosquitoes don't like that fragrance. Homeowners can speak with a local lawn and garden professional for recommendations about plants that can thrive in their region and repel mosquitoes at the same time.

Mosquitoes can make it hard to enjoy a backyard oasis. But various strategies can help homeowners keep these unwanted guests out of their backyards.

Drive safely this summer

ummer in Minnesota brings sunshine and excitement with campgrounds and cabins opening and families heading out on vacation. All of the campers,

trailers, and extra vehicle traffic makes Memorial Day to Labor Day a deadly time for traffic fatalities each year on Minnesota roads. Unfortunately this time frame is also dangerous for your young drivers as college

and high school end and they're driving more often during the summer. That's why the Minnesota Department of Public Safety Office of Traffic Safety is reminding all Minnesotans to drive

Ask A Trooper Jesse Grabow vear, there were 34 fatalities linked to unsafe speeds.

Alcohol-related crashes not only take lives, they change them forever. Alcohol-related crashes contributed to 17 fatalities through May 22. The extra impaired enforcement campaign runs Aug. 19 through Sept. 5.

The Minnesota State Patrol will continue Highway Enforcement for Aggressive Traffic (HEAT) patrols through the summer to focus on speed and criminal activity.

As of May 26, Minnesota is already at 126 traffic fatalities for 2022, compared to 151 in 2021. The fatality report for 2022 so far: 11 pedestrians, nine motorcyclists, one ATV rider and 103 vehicle crashes.

You can avoid a ticket — and a crash — if you simply buckle up, drive at safe speeds, pay attention, and always plan ahead for a sober ride. Help us drive Minnesota Toward Zero Deaths.

If you have any questions concerning traffic related laws or issues in Minnesota, send your questions to Trp. Jesse Grabow – Minnesota State Patrol at 1000 Highway 10 West, Detroit Lakes, MN 56501-2205. (You can follow him on Twitter @MSPPIO_NW or reach him at, jesse. grabow@state.mn.us).

Unemployment sinks to record low

MN DEPARTMENT OF EMPLOYMENT AND ECONOMIC DEVELOPMENT

WWW.MN.GOV/DEED

The unemployment rate ticked down three-tenths of a point to 2.2% in April from 2.5% in March, its lowest level ever recorded since such information started being reported back in 1976, according to numbers released today by the Minnesota Department of Employment and Economic Development (DEED).

The decline in the unemployment rate over-the-month was entirely due to people moving from unemployment to employment.

The labor force participation rate rose from 68.1% to 68.3%. Nationally, the unemployment rate stayed the same at 3.6% and the labor force participation rate ticked down 0.2% to 62.2%.

Minnesota gained 11,900 jobs, up 0.4% from March to April on a seasonally adjusted basis following the addition of 13,200 jobs the previous month. The private sector gained 10,600 jobs, up 0.4%. This continues a gaining streak for the seventh month. The U.S. gained 428,000 jobs, up 0.3% from March to April, with the private sector adding 406,000 jobs, also up 0.3% on a seasonally adjusted basis.

'Our economy remains strong, job growth continues and more people continue to return to work," said DEED Commissioner Steve Grove. "However, racial disparities in employment remain. DEED is laser-focused on helping connect

those Minnesotans who are looking for work now with the employers who need them."

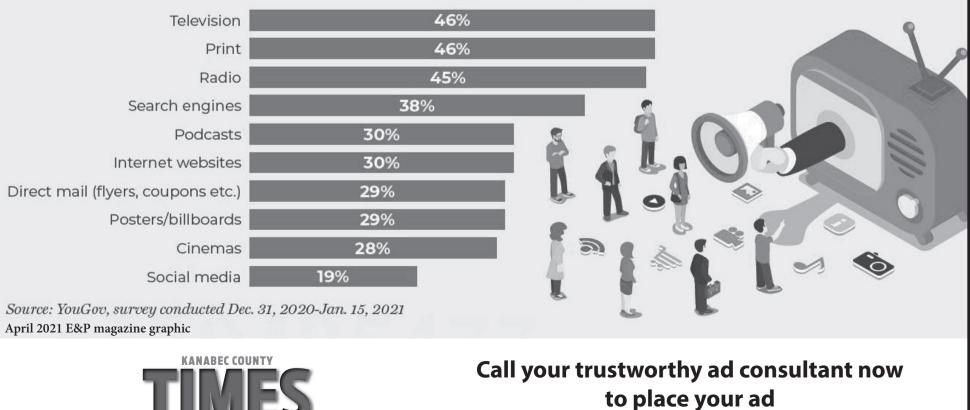

WAGES AND INFLATION

In Minnesota and across the nation, wages are not currently keeping up with the rate of inflation. Over the year average hourly earnings rose 70 cents, up 2.2%, in Minnesota. Over two years, average hourly earnings in the state increased 79 cents, or 2.4%. Nationally, private sector wages increased 5.8% over the year and 6.1% over two years. The CPI inflation index for all urban consumers rose 8.3% over the year in April and 12.8% over two years.

STABILITY: New service provides play, parent education and coaching

FROM PAGE 1

"Special needs" is an umbrella term for a wide array of diagnoses. Children with special needs may have developmental delays, medical conditions, psychiatric conditions and/or congenital conditions. These children require accommodations so children can reach their potential. Lombard said that Stability doesn't turn away families "at the door" based on diagnoses, however; they seek out parental input about any conditions that require attention. Services are provided for all children, regardless of "special needs" identification.

In that way, they provide a unique

difference from a hospital setting. "Hospitals deal with a child's diagnosis but don't provide education due to insurance requirements," she said. "Instead, we provide low-cost services on a pay-as-you-go basis."

To date, most referrals to Stability have come from word-of-mouth contact between families though some have also come from Kanabec and Pine County family services.

Stability provides differing services throughout the year: activities, education and support for children and parents. For more information visit them online at stabilityfamilies.com, or phone them at 320-200-4491.

GET HOME HELP MN TODAY

Financial Focus New limits expand 401(k), **IRA opportunities**

By Edward Jones — Edward Jones Financial Advisor You could spend two, or even three decades in retirement. So, to pay for all those years you'll probably need to take full advantage of your retirement accounts. And in 2022, you may have expanded opportunities to deduct retirement plan contributions on your tax return. Before looking at what's changed this year, let's review the key benefits of these accounts: Traditional IRA – You typically contribute pretax (deductible) dollars to a traditional IRA, and your earnings can grow tax-deferred.

 Roth IRA – You invest after-tax dollars in a Roth IRA, so your contributions won't lower you taxable income, but your earnings can grow tax free, provided you've had your account at least five years and you're 591/2 or older when you begin taking withdrawals.

 401(k) – A 401(k) or similar plan (such as a 457(b) for state and local government employees or a 403(b) for employees of public schools or nonprofit groups) is generally funded with pretax dollars and provides tax-deferred earnings. Some employers offer a Roth 401(k), in which employees contribute after tax-dollars and can take tax-free withdrawals if they mee the same age and length-of-ownership requirements as the Roth IRA.

So, what's different about these plans in 2022? First, consider the traditional IRA. If you - and your spouse, if you're married - don't have a 401(k) or similar plan, you can always deduct the full amount of your contribution on your tax return, no matter what you earn. But if one or both of you are covered by an employer-sponsored plan, then your deductions could be reduced or eliminated based on your income.

Single taxpayers can claim the full deduction if your modified adjusted gross income (MAGI) is \$68,000 or less (\$109,000 for married filing jointly), with deductibility decreasing at high er income levels and phasing out entirely at \$78,000 (\$129,000 for married filing jointly). But here's the key point: Compared to 2021, these ranges are \$2,000 higher for single filers and \$4,000 higher for those who are married and filing jointly – which means that this year, you might have more opportunities to make deductible contributions.

CANCER - Jun 22/Jul 22 Your mystique has others interested in emulating your style, Cancer. They can try, but they won't be able to completely replicate your special nature.

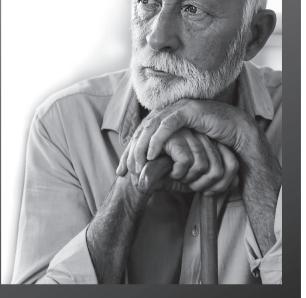

LEO - Jul 23/Aug 23 Leo, you may be thinking about starting a new long-term project. Put your vision on paper first so you can map out your plans and see if it is feasible with your current budget.

VIRGO - Aug 24/Sept 22 Virgo, you will be surrounded by plenty of people interested in social engagement in the days ahead. That is fine news for you, as you enjoy being out on the town.

CAPRICORN - Dec 22/Jan 20 Capricorn, relationships in your life are strengthened over the course of this week. It is because you communicate effectively and with honesty and affection.

AQUARIUS - Jan 21/Feb 18 You are interested in health and nutrition, including certain nutrients, exercise programs or other forms of alternative therapy. Study up on the subject.

PISCES - Feb 19/Mar 20 Pisces, artistic pursuits are piquing your interest, so focus your efforts on practical creative pursuits, like cooking or interior design.

Apply at HomeHelpMN.org or call 1-800-388-3226

And a similar type of increase applies to Roth IRA eligibility. In 2022, if you're a single filer, you can put in up to \$6,000 (\$7,000 if you are 50 or older) in a Roth IRA if your modified adjusted gross income (MAGI) is less than \$129,000 - up from \$125,000 in 2021. Allowable contributions are reduced at higher income levels and phased out if your MAGI is \$144,000 or more, up from \$140,000 in 2021. If you're married and file jointly, the respective ranges are \$204,000-\$214,000, up from \$198,000-\$208,000 in 2021. Again, higher ranges may mean more opportunities for you. (Consult your tax advisor to determine your eligibility to contribute to a Roth IRA or make deductible contributions to a traditional IRA.)

And finally, the annual contribution limit for 401(k), 457(b) and 403(b) plans is \$20,500 up \$1,000 from 2021. If you're 50 or older, you can put in an extra \$6,500 this year, for a total of \$27,000.

These changes may not seem monumental, but when you're saving for retirement, any opportunities to invest and potentially reduce taxes, of whatever size, can be valuable. So, review your options to determine how you can help yourself move closer to your retirement goals

the southeast. With a clear sky, an unobstructed view of the eastern horizon, and binoculars, you may spot Mercury in the sun's foreglow, to Venus' lower left, between about the 17th and the 25th. Once Mercury is up, all five planets visible to the naked eye will be strung out in an arc from left to right in the order Mercury, Venus, Mars, Jupiter and Saturn—the same order as their distances from the sun.

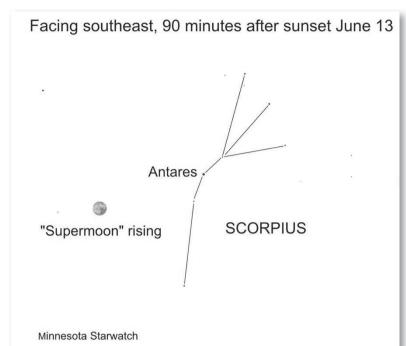

However, the sun will probably begin to wash out Saturn and Mars before Mercury appears. So be sure to look for Saturn and Mars by 75 minutes before sunrise, then try to spot Mercury about a half hour later.

The night of the 13th-14th, June delivers a large and gorgeously bright "supermoon." It gets its beauty by reaching fullness at 6:51 a.m. on the 14th—less than 12 hours before perigee, its

closest approach to Earth in a lunar cycle. Unfortunately, on that morning the moon sets before reaching fullness. To catch it, check your local time of moonset and look to the southwest 20 minutes beforehand. Or, just watch the moon rise against a sunlit sky the evening of the 13th.

Summer arrives officially with the solstice at 4:13 a.m. on the 21st, when the sun reaches a point over the Tropic of Cancer. At that moment Earth will be lighted from the Antarctic Circle up to the North Pole and beyond to the Arctic Circle on the dark side of the planet.

For many campers, summer camp at Grindstone Lake Bible Camp, located west of Sandstone, has become a lifeline and a place where connections are formed. Despite some challenges in the way of the pandemic and some personal struggles of the camp director, Kevin Burgess, camp planning is well underway and will happen as scheduled.

COMING OUT OF A PANDEMIC

"We were trying to do everything possible so we could run as soon as possible based on guidance on restaurants and schools and businesses," recalled Burgess of the early stages of the pandemic.

He said that the camp determined a plan on how to clean and how to start up during the onset of the pandemic in 2020 with a day camp. "We started with five kids in the day camp and were up to 40 kids per day midsummer."

The first week of July of 2020, overnight camp would start back up, but camp would look differently. Campers would be placed into cabin pods that would be timed and would travel together, according to the health inspector's plans. There was a quarantine cabin for campers who had COVID symptoms, and Burgess was required to do contact tracing for anyone who even had a cold. This was all before testing was readily available.

Last year, things relaxed, noted Burgess. "It wasn't that we didn't take it seriously or continue cleaning, but it was like some herd immunity had already come about, and things were less scary as the vaccine had been more widely applied,' said Burgess. "We had a better understanding of how to kill it. We kept a drive through checkin, with cabin pods and cabins eating together. There are a lot of things we still do, as a result of the pandemic changes, because it builds community.

One thing observed was that after campers didn't have in-person school for almost a year, the interpersonal skills and communication was greatly lacking. "When they came back together, they had to learn to communicate again, said Burgess. "We go tech-free for the week, and they really start to learn to interact with each other and the bonds come naturally." Burgess noted that it's not just coming out of a pandemic which is a challenge for the campers. Some of it has to do with kids' home lives and the area in general, where children may not have opportunities available for positive interactions.

Campers enjoy activities available at Grindstone Lake Bible Camp.

Through trials, tribulations Bible camp stays true to mission

place to stay meets their physical needs. This allows them to deal with their emotional and spiritual needs.

"I've had some really tough cases from foster homes where they may have been in three foster homes within a six month period," said Burgess. "They come to an understanding where they can really make a decision based on how they want to live and act and how they want people to see them."

Burgess noted that one camper didn't want to continue to be bounced from house to house and wanted to stay with the foster parents he had. "When he made a decision (to accept the Lord), he spoke to his counselor about some of his troubles. We were able to understand what he was going through and speak to his case worker. He really opened up and spoke about wanting to live differently ... he felt his future may either be in jail or dead.'

Creating a safe place, where a camper can make a decision based on something they hear in chapel or during devotional time in the cabin, is something that happens regularly at GLBC. "When a kid makes a decision for Christ, it changes their outlook rapidly, and they ask so many questions," noted Burgess. "It gets deep very quickly."

He added that the staff

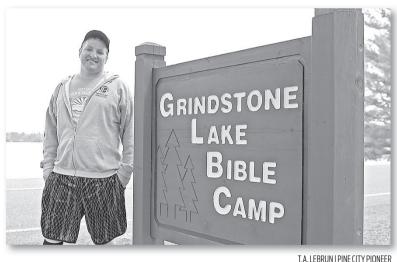

of gearing up for this year's summer camp, Burgess has been facing his own personal challenges.

This spring, Burgess had a seizure in the middle of gym class, where he is a teacher at East Central Schools. Two and half hours later he came to in the hospital and learned that he had a tumor in his brain.

"It made a lot of sense and cleared up a lot of questions because I had the tumor right on the motor cortex part of my brain that controls my right foot, which had been going and teach about what he was doing and go through each step. I was in really, really good hands." But the surgeon had to stop with about onethird of the tumor still there because Burgess lost feeling in his foot and couldn't move it the way he wanted to.

Now Burgess is recovering at home and on leave from teaching with regular physical therapy to regain proper use of his foot.

He was diagnosed with Grade 2 Astrocytoma, also known as Diffuse Astrocyto-

ma. This is a slow growing form of brain cancer that has no cure but can be managed with treatment as time goes on. It is also very rare that this tumor would spread. The treatment plan is to watch and wait and to not go through chemo or radiation at this time. Burgess will undergo regular scans, and if the tumor grows, his medical team will look at options of surgery and/or chemo or radiation, depending on what is seen on the scans.

said Burgess, adding that this has given him time to recover from the brain swelling and that he is unable to stand for long periods of time.

Burgess said the support has come with a lot of cards and people reaching out to let them know they're praying for and thinking of them, and that if they needed anything, they could reach out. People have also helped financially to help cover the numerous trips to the Twin Cities, food and with time off at work.

CAMP NEEDS

"You don't realize how tight knit the community is until you go through something like this," noted Burgess. "A lot of people stepped up and handled the camp start up."

As for camp needs, GLBC is in need of about 6-10 people to complete the staff. The require ments are that helpers be at least 14 years old to be in the kitchen and over 16 years to be a counselor or lifeguard.

He added that he is thankful for the many scholarship donors due to the unprecedented number of scholarship applica tions this season. He said there is still a need for donations toward scholarships (approximately \$10,000), toward the bathroom remodeling project (approximately \$35,000) and benches/picnic table materials (approximately \$3,000). "We are also in the process of looking at building a memorial pavilion which would be a meeting place for churches or groups to have cookouts," he said. He added that there is a search committee looking for an assistant camp director to help operate the camp this summer.

For those wanting to donate, there is a "giving" page on the camp's website which can be found at http://www.minnesotaministry.org/give.html or more information can be found by emailing glbcdirector@ gmail.com.

INTENTIONAL RELATIONSHIPS

When kids come to the camp, they have their physical, emotional and spiritual needs addressed. For some kids, having three square meals and a safe focuses on building intentional relationships. "The kids can see that there is something different about the staff and that we care about where they're going and what they're doing with their lives," he said.

Forming connections with other campers is also something that happens at camp. "A camper might have a couple kids with them when they come, but they leave with other contacts and social media connections ... and take those connections home with him," said Burgess.

Breakfast on the Farm June 18

BY TERRY SALMELA KANABEC COUNTY TIMES

Celebrate June Dairy Month and enjoy a pancake breakfast, a farm wagon tour and much more at the Kanabec-Isanti County Farm Bureau sponsored Breakfast on the Farm from 7:00 to 11:00 a.m. on Saturday, June 18, at the Haubenschild Family Dairy Farm. The farm is located between Cambridge and Princeton at 35050 Nacre St. NW, Princeton, MN.

This is an opportunity to learn where your milk comes from, see a live in-action modern dairy operation, and meet the Haubenschild farm family. Visitors will see a sustainable environment-friendly 1,600-acre farm with about 2,500 dairy cattle operated by a three-generation family that is passionate about conservation, recycling, renewable energy, protecting the environment, caring for their animals, ensuring the highest quality milk and food production.

Breakfast on the Farm is an exceptional event for visiting youth and families to see a petting zoo, watch cows being milked, see how cows are fed, what they eat and where they sleep on soft recycled fiber beds. Visitors are invited to ride tractor and horse-drawn "people-mover" wagons with farm guides who provide a 10-stop informational farm tour.

Visitors will be able to enjoy a pancake breakfast catered by Chris Cakes known for flipping pancakes and fresh cold milk along with sausage, juice and coffee for \$5. Exhibits with samples, recipes and more will be handed out by Princess Kay, local ag businesses and organizations.

A unique feature of the tour will be to learn how the cows' manure is used to create biogas and electricity. The biogas runs a generator that supplies 2,000 kilowatt hours per day of 'Green cow power' electricity.

No feathers on a baby? Help it back to its nest

EXPLORE MINNESOTA — BIRDING UPDATE

CONTRIBUTED **EXPLORE MINNESOTA**

During the month of June, baby birds are abundant. Listen for incessant chirping as these baby birds plead for their parents to bring them food. June hatchlings include American robins, Baltimore orioles, Eastern bluebirds, gray catbirds, chipping sparrows, house finches, purple martins, mourning doves, house wrens, barn swallows and tree swallows.

In early to mid-June, visit shallow prairie marshes and wetlands to view a variety of waterfowl and water birds, along with their young. Look for swans, egrets, herons, rails, grebes, coots, geese and ducks. The Crane Meadows National Wildlife Refuge in Little Falls is an excellent location to view these birds.

June is also a great time to check out lakes in the northern two-thirds of the state for newly hatched common loon chicks riding on their parents' backs. Your chance of seeing these birds is good as Minnesota has more loons than any other state in the contiguous 48 states. If you love loons, the Minnesota Loon Monitoring Program is a great way to get involved with wildlife studies on lakes near vou. Volunteers are needed to visit each lake one morning during a 10-day period (late June through early July) to count the number of adult and juvenile loons. The observations are then shared with the DNR. Thanks to hundreds of volunteers, there are more than 20 years of data on more than 600 lakes. To participate go to https:// www.dnr.state.mn.us/eco/nongame/projects/mlmp_state.html

UPCOMING EVENTS

Don't miss "Seeing Birds" running through Oct. 2 at the Bell Museum in St. Paul. This exhibition integrates art, science and nature to ignite curiosity and wonder about the beauty and biology of birds, engaging visitors in an exploration of birds, their environments and their evolution.

DID YOU KNOW

Occasionally, a nestling is found on the ground, inadvertently pushed out by their growing siblings. Fledglings, too, may be discovered out of their nests as they attempt their first flight. While our first instinct is to intervene, it may be best to leave the bird alone. According to the Wildlife Rehabilitation Center of Minnesota, featherless birds need to be in a nest. If possible, try to locate the bird's nest and carefully replace it — the parents will not reject it due to human contact or scent. If you cannot locate its nest, leave the baby bird on the ground so the parents can find it and continue providing care. Fledgling birds, however, often leave the nest before they are able to fly. If found, these fledglings should be left alone since their parents are usually watching them carefully.

Mustang baseball ends regular season with win

BY NICK HOFFMAN KANABEC COUNTY TIMES

The Mora baseball team closed out their final week of the regular season with a 9-4 win over Zimmerman, a 7-6 loss at Pierz and 3-1 loss at Duluth Marshall.

On Tuesday, May 24, Mora took a 4-0 lead after one inning of play versus Zimmerman. From there, Zimmerman didn't make the Mustangs' uncomfortable the rest of the game. It was a good win after losing to Zimmerman on their home field 10-0 on May 3.

Nolan McGaw and Daniel Stillday led the Mustangs in hits with two. One of McGaw's hits was a homerun to left field. Jansen Siems, Seth Hatch and Nathan Nelson each collected hits. James Oslin threw six strong innings, surrendering six hits, two earned runs and six strikeouts. Owen Szoka closed the game for the Mustangs as he pitched the seventh inning to preserve a 9-4 victory.

Mora, No. 12 seed in section play, completed their regular season with a 6-14 record and played No. 5 seed Rock Ridge (Virginia and Eveleth-Gilbert school systems combined) on Tuesday, May 31, in Duluth. If they won, they

Sampson brothers make a splash in Section 6A tennis

BY NICK HOFFMAN KANABEC COUNTY TIMES

The Mora boys tennis team lost to Pine City 5-2 in their opening round on May 18, in Pine City for the Class A team section meet. Even though the Mustangs didn't advance as a team, each player had an opportunity to advance to state individually. No. 1 ranked Max Sampson and his brother, No. 3 ranked Joe Sampson made a splash in the Individual-6A Section.

Joe Sampson beat George Vedder of St. Cloud Cathedral 6-0, 6-0, before succumbing to Chandler Hendricks of St. Cloud Cathedral 6-2, 6-3. Joe finished the season 19-4 on the season.

His older brother Max Sampson (20-2) beat Alex ander Micheal of Brooklyn Center 6-0, 6-0, then beat Jonah Wendt of Foley 6-1, 6-1. If he won his next match he is guaranteed a trip to state. Max played No. 4 Ivan Antonio-Rolf (16-6) from Totino Grace on Tuesday May 31, then either No. 2 Aidan Schlichting (18-4), Totino Grace, or No. 6 Chandler Hendricks (9-13), Cathedral after.

Town teams take on Mayer

BY NICK HOFFMAN KANABEC COUNTY TIMES

On Saturday, May 28, the Mora Blue Devils and Quamba Cubs baseball teams took turns taking on the Mayer Blazers in Quamba. Mora won 12-1, with Michael Schnabel leading the charge with two hits. Only Michael Humphrey and Bryce Norby, who hit a triple, provided hits for the Blue Devils. Mora took advantage of nine walks and three errors to gain 12 runs. Derek Graves threw four innings, allowing one run on two hits while striking out two. Bryce Norby threw the fifth and final inning.

The ball continued not to bounce Quamba's way over the weekend as they took a 3-3 game into the seventh inning versus Mayer later that Saturday afternoon. The wheels fell off as Mayer scored 12 runs in the top of the seventh inning.

Logan Peterson led the Cubs with two hits, a triple and an RBI. Caleb Koch threw the first four innings, allowing three runs (two earned). Bryce Oslin recorded the loss for the Cubs as he threw 2.2 innings, allowing seven runs (six earned), while striking out three.

The Blue Devils open league play at 7: 30 p.m., Friday, June 3, as they travel to Brennan Field in Hinckley to take on the Knights. The Cubs will play the Braham Snappers at 7:30 p.m. on Friday, June 3, in Rush City.

Cubs lose to Knights in opener

BY NICK HOFFMAN KANABEC COUNTY TIMES

Extra innings were needed to decide the outcome between the Quamba Cubs and Hinckley Knights baseball teams in the Cubs Eastern Minny League opener in Hinckley Friday, May 27.

The Cubs took a 3-0 lead into the bottom of the fourth inning before Chase Oslin allowed a run to make it 3-1. The Knights put up two more runs in the bottom of the sixth inning to even the game up at three a piece. That's where the score would remain until the bottom of the 11th inning as Dez LeTexier was pushed across the plate by Max Sickler for a 4-3 victory over the Cubs.

Cole Steffen, Lucas Athey Jr. and Jagger Steiner each had two hits for the Cubs. Chase Oslin threw eight strong innings, allowing only seven hits and one walk, striking out 10, while allowing two earned runs. Logan Parker-Sjoberg recorded the loss as he threw two innings, allowing four hits and two walks while striking out three.

Hinckley is now 2–0 in league play. The Mora Blue Devils are 0-0, Quamba 0-1 and the Braham Snappers are 0-2.

Sanders sets her sights on collegiate shooting team

BY LAURA KRIST KANABEC COUNTY EXTENSION

With the draw of a bowstring, Maren Sanders looks down her sights and sees her future. A future that began in third grade after watching her older sisters participate in the 4-H Shooting Sports and Wildlife Program and turned into a dream to compete in archery at the collegiate level.

The daughter of Kris Haley and Jason and Carrie Sanders, Sanders' passion and interest in compound archery has grown through the years. She participates annually at the Minnesota 4-H Shooting Sports and Wildlife Invitational held every September and is a 'regular' at county practices and training events for both archery and air pistol.

Four years ago, Sanders learned about Mount Marty University in Yankton, South Dakota. "Mount Marty is the closest college to Mora with a collegiate archery team," said Sanders. Her target was clear. She wanted to earn a spot on Mount Marty's compound archery team.

After a visit to the university, conversations with the coaching staff and a team try-out, Sanders was ready to sign. Good grades and impressive scores at 4-H archery competitions only sweetened the deal as she was awarded a scholarship. Sanders signed her letter of intent with Mount Marty Uni-

versity this past winter and will begin classes in the fall of 2022, majoring in accounting.

As she celebrates her graduation from Mora High School and awaits the start of fall semester, Sanders is also focused on the National 4-H Shooting Sports Championships to be held in Grand Island, Nebraska June 26-July 1. She will be on Minnesota's compound archery team and will be joined by local teammates Samuel Kinney (.22 rifle) and Rebecca Anderson (air rifle), along with 20 other Minnesota 4-H members.

"The National Championships bring together youth from around the country. Approximately 700 youth participate annually. These young athletes have worked countless hours to achieve their goals," said Laura Krist, University of Minnesota Extension Educator for 4-H Youth Development in Kanabec County.

"It's exciting to watch Maren achieve these goals. She is a role model for other youth in our program who want to follow a similar path," says Krist. "Along with our 4-H volunteer instructor team, I wish her incredible success and look forward to watching her journey in the upcoming years."

Season ends for Mustang, Lion softball teams

BY NICK HOFFMAN KANABEC COUNTY TIMES

The No. 10 seed Mora Mustangs beat No. 7 seed host, Cosby-Ironton 22-13 to advance to the double-elimination round of the 7AA Section tournament at Braun Park in Cloquet.

Rhiannon Ashworth led the team with six hits, which included a triple and three RBIs, as Lindsey Nosbush also added three RBIs on five hits. Nosbush singled in the first, doubled in the third, homered in the fourth, singled in the fourth and doubled in the seventh.

Crosby-Ironton scored nine runs in the third inning to take a 9-6 lead, but Mora came back with a 12 run fourth inning. Isabel Schley had three hits, including a double, two RBIs and three runs scored. Shea and Quincy Asmus each contributed three hits and three RBIs. Sophie Steffen also made good contact, collecting three hits, scoring two runs and hitting one teammate in. Lauren Kohlgraf pitched seven innings, allowing 15 hits, 13 runs (four earned), three walks and two strikeouts.

Mora then played Thursday, May 26, in Cloquet versus No. 2 seed Esko who defeated them 11-1 and then lost in a heartbreaker 2-1 to No. 6 seed Aitkin.

Rhiannon Ashworth led the team with two hits in two at bats versus Esko. The Aitkin game was tied at one with Aitkin batting in the bottom of the sixth when an error scored one run for Aitkin.

Lauren Kohlgraf took the loss for Mora, despite only allowing three hits and two runs while striking out three and walking one. Sophie Steffen led Mora with two hits in three at bats. The girls finished their season with a 5-16 record. Head coach Charlie Whitbred stepped down after 17 seasons as head coach. Nick Hoffman was hired as the new head coach.

The Ogilvie Lions softball team also made an early exit in Section 4A play. They lost to No. 1 seed Randolph High 17-0 on May 21, in Rockford. Later that day, they then lost a tight game against New Life 12-11, to conclude their season. Ogilvie finished the season with a 1-15 record.

JUNE 2, 2022

Shirley M. Ulstrom

April 30, 1934 – May 25, 2022

Shirley Mae Ulstrom, née Sundin, died and departed this world on Wednesday, May 25, 2022, to be with

her Lord and Savior Jesus Christ. She was 88 years old. Born April 30, 1934, on the farm in Lake Lillian Township, she was the sixth of seven children raised by loving parents Art and Amy Sundin. She left the farm at 16 to care for a doctor's family in Willmar. From there she attended nursing school in Minneapolis where she met David Ulstrom, the love of her life and brother of her classmate, Betty Waldron.

The couple spent their early married years in Minneapolis, briefly relocating to Seattle, then returning

Helen Dhein

Aug. 13, 1935 — May 23, 2022

Helen Dhein, of Good Shepherd Apartments in Sauk Rapids, died on Monday, May 23, 2022, at St. Cloud Hospital of aggressive liver cancer and kidney failure. She was 86 years old.

She was born in Sidney, Ohio to Charles Ralph

and Iris Eulalie (Hopkins) Jones on Aug. 13, 1935. She attended Sidney Public Schools and after graduating in 1953 went on to join the United States Marine Corps. Following basic training at Camp Lejeune, North Carolina, she was stationed at Henderson Hall in Washington, D.C. where she held a variety of positions including postal clerk and security clearance clerk attaining the rank of

corporal. There she met and was united in marriage to Marine Corps Sergeant David Dhein on Feb. 17, 1956. After leaving the Marine Corps the couple made their home in St. Cloud, her husband's hometown.

While raising four children, she worked for several organizations including Gronseth Directory Service, St. Cloud Hospital, Metro Controls and Minnesota Senior Corps.

She had many interests: she was an avid reader, she enjoyed collecting items with owl, apple and lighthouse motifs and green depression glass. Spending time with her family gave her great pleasure as did cooking, flying kites, crafts and working puzzles. She loved to travel, touring all around the United States. A trip to Europe to visit her first great-grandchild in Spain allowed her to visit her favorite place – Scotland.

She was preceded in death by husband, David Dhein; her parents; and siblings, Joe Jones, Robert Jones, James Jones and Sue Doyle.

She is survived by her children, Joel (Susan) Dhein of Mora, Mark Dhein of St. Cloud, Dale (Brenda) Dhein of Richfield and Karen Dhein of High Point. North Carolina; grandchildren, Macanon (Misty) Dhein and Leah Dhein of St. Cloud, Grant (Ashley) Dhein of Richfield, Jack Dhein of Minneapolis, Mick Dhein of Bloomington and Olivia Dhein of Mora; great-grandchildren, Aiden Marin of St. Cloud, Hank and Nash Dhein of Richfield; siblings, Rosalie Lunsford of Sidney, Ohio, Erma Russell of Omaha, Nebraska, Eileen Ricucci of Virginia Beach, Virginia, Marsha Cost of Sidney, Ohio and Michael Jones of Lancaster, Ohio; as well as many nieces and nephews. to Minneapolis to be closer to family. She paused her nursing career to take on the more difficult duties of a stay-at-home mom with their four children. The family moved to the Mora area in 1967, and it was there they planted their roots.

Her selfless and loving nature, not to mention her calm and confident demeanor, were perfect complements to her nursing profession. She always made sure to look her best with fashionably styled hair, sparkling jewelry and pretty clothes. She looked especially nice wearing her favorite color blue.

Her caring nature continued after retirement as she gave of her time as a hospice volunteer, providing comfort during her patients' final hours. It was also during this time she and her husband traveled the world, visiting Sweden, France and Alaska, among other destinations.

Her radiance and love will be missed by all who knew her.

She was preceded in death by her beloved parents,

May 12, 1943 — May 21, 2022

Gene Allen Elvehjem died on Saturday, May 21, 2022. He was 79 years old.

He was born May 12, 1943 in Glenwood, to Johnnie and Velma Elvehjem. He was united in marriage to Janice Rae (Gilbertson) Elvehjem on Sept. 18, 1965.

They shared 56 and one half years of devoted marriage. He was a veteran of the U.S. Army, having served at Fort Monmouth, New Jersey from January 1965 to January 1967. Following his service, he completed a Bachelor of Science degree in industrial arts education at St. Cloud State University, before teaching for four years at Forest Lake High School. In 1975, he moved with his wife and their

three children to the farm where his wife grew up outside of Mora. He then worked as a mail carrier for 24 years, until his retirement.

He had many hobbies and passionate interests. He was an amateur blacksmith, demonstrating his skills in many events over the years and mentoring several aspiring apprentices. He loved to work with metal and wood, designing and creating many pieces and enjoyed giving his creations as gifts. He was a collector of guns, tools, brass and anything else he found interesting. He looked forward to hunting season all year and loved being at the shack with the guys.

He also loved music. He was an accomplished singer, and also played several instruments, including the guitar and banjo. He frequently sang duets with his wife over the years, as well as performing quartets with three brothers-in-law and with the Hillman Bluegrass Band. He was an avid reader and learner throughout his life.

His faith was strong. He loved the Lord and His Word, and looked forward to spending eternity in Heaven.

He loved and cherished his family, and his greatest

Arthur and Amy (Lundahl) Sundin; grandson, Benjamin; and siblings, Paul, Betty, Gordon, Dennis, Jewelle and James.

She is survived by her children, Peter (Cheryl) Ulstrom, Sheila Parent, Paul (Andrea) Ulstrom and Daniel (Lisa) Ulstrom; 10 grandchildren, 12 and one half great-grandchildren; sisters-in-law, Betty (Les) Waldron, Jean Wellman and Bonnie Davis; as well as many nieces and nephews.

A gathering of family and friends will be held from 10-11 a.m. on Thursday, June 2, 2022, at Grace Lutheran Church, Mora, followed by a celebration of life service at 11:00 a.m. with Rev. Douglas Larson officiating. Music is being provided by Jacki Peterson Urn bearers are Shirley's "walking group." Burial at Oakwood Cemetery will be immediately after the service. Following burial there will be a reception at the church.

John C. Sandy

Jan. 26, 1941 — March 7, 2022

John Charles Sandy, of St. Cloud, died at his home on Monday, March 7, 2022. He was 81 years old.

He was born in Braham, on Jan. 26, 1941 to William Ernest and Medora Elvira (Medin) Sandy. He attended and graduated from Braham High School in 1959. He attended St. Cloud State

University. In 1966, he graduated from the Al Somers School for Umpires in Florida, during which time he

worked as a parking lot attendant for the Daytona 500 race track. He watched Richard Petty race on this gravel track.

Many weekends were spent with the family at local ballparks while he umpired baseball and softball games. He loved the Twins, Vikings and all ball sports. In the summer of 1994, he and two friends (Neil and Danny Warnberg) took a two-week "Boys of Summer" baseball trip visiting many stadiums in eastern and central United States.

During his early years after graduating with a business degree from St. Cloud State University, he was employed with the *Star*

Tribune newspaper, Hornebrook American Motors and Minnesota State Central Stores. For the remaining 20 years of his employment, he was the supervisor of The Admit and Release of Prisoners Unit for Minnesota State Prison System, stationed at the correctional facility in St. Cloud.

He met and was united in marriage to the love of his life. Marion (Kvander) Helmbrecht in May of 1969. He was stepdad to Marion's children. He loved the show "The Bold and the Beautiful" and hated it when he had to miss an episode. He enjoyed riding his scooter, and later his Spyder (a three-wheeled motorcycle). He kept a daily record of his riding hours. He had many friends at the Highbanks Apartment, and he spent many hours visiting with these friends. He was preceded in death by his wife, Marion; father, William; and mother, Medora. He is survived by his stepchildren, Jeff (Karyl) Helmbrecht of Brook Park, Michael (Nancy) Helmbrecht of Brook Park, Steven (Genae) Helmbrecht of Johnson City, Tennessee, Patricia (Dave) Libra of Roseville and Wayne (Deb) Helmbrecht of Brook Park; many grandchildren and great-grandchildren. A memorial service will be held at 11:00 a.m. on Wednesday, June 15, 2022, at the Akkerman Ingebrand Funeral Home in Mora. Visitation will be one hour prior to the service. Inurnment will be in the Stanchfield Baptist Cemetery. Luncheon will follow at the Springbrook Golf Course. Memorials are preferred to the Animal (cat) Humane Society in lieu of flowers. Arrangements are by Akkerman Ingebrand Funeral Home. Condolences may be posted at www. aifuneralhome.com.

Merlin V. Seel

June 12, 1936 — May 18, 2020

Merlin "Slim" V. Seel, of Brook Park, died on Monday, May 18, 2020, at North Memorial Hospital in Minneapolis. He was 83 years old.

He was born in Middleport, Ohio on June 12, 1936, to Pastor J. Lester and Edna (Deal) Seel. He was the

youngest child and spent most of his life traveling with his parents to many different small and large towns as his parents evangelized to the people. He met many important evangelists of the time. He lived in many places, including Kentucky and Tennessee in his youth. He was home schooled during most of this time and would occasionally live with his paternal grandparents.

When he graduated at 17 from Wells High in Newell, West Virginia, his father and the local sheriff gave him four choices; Army, Navy, Marines or Air Force. Being that the Navy offered electronics school, that was his choice. He went to Great Lakes Naval Training Station for his schooling. Once that was completed, he was assigned to the ship, USS Kleinsmith, where he would be the electronics technician. It would be his job to keep the radar and sonar working.

After four years in the Navy, he was discharged just before he turned 21. He was united in marriage to Marilyn Snow on Nov. 22, 1957. He received his Bachelor of Science degree from Rollins College in Winter Park, Florida by taking night courses. In 1977, he moved with his family to Minnesota where he continued his career with Honeywell. He slowly moved up the ladder of the company and eventually become

the director of production at the Honeywell Stinson-Ridgeway production plant. He loved the people and the projects. While at Honeywell, he was also the chairman of the Industry Advisory Task Force for the Minnesota Department of Corrections.

In the early 1980s, he published many articles on management and quality control. He wrote his own publication for Honeywell called "Slimlines," which was for the Ring Laser Gyro Group. He chaired many committees and "always added credibility and 'a touch of class" to these forums. His uniform of the day was a suit and tie with tie tack. and when he retired from Honeywell, his uniform became jeans and denim shirt.

He would relax by driving around the countryside with his dog. One day they came across a small white country church in the oaks. He started attending Salem Lutheran of Oxford. Eventually he was asked to become the vicar. He cautiously accepted, not really knowing what a vicar was or did. Within a year, he was asked to become the pastor. For the next 13 years on and off, he preached at the "little church in the woods.

He retired seven years ago and continued working on his cabin, which he and his second wife had started in 2008. He and his wife moved into their "cabin" in 2014, and that is where they were going to enjoy their retirement years. That was not to be, as he developed Alzheimer's. He put up a brave fight in the early years, reading and researching the disease, but it progressed. His brain was always thinking, planning and wondering. His belief in God was intense. He spent a lot of time in his final days reading the Bible and other religious books. He died alone at a hospital from COVID-19 on May 18, 2020.

The night before his passing, his wife called and she said the Lord's Prayer for him to hear. It was some

thing they did every night before going to sleep. The sounds of him struggling to breathe were heartbreaking. But now he is with the Lord, is no longer fighting to breathe and has no pain. "Well done, thou good and faithful servant.

He was preceded in death by his parents, Pastor J. Lester and Edna Mae (Deal) Seel; brother, Norman; sister, Donna Jean Grady; maternal and paternal grandparents; and great-granddaughter, Kaylee MacKenzie.

He is survived by his wife, Kay; children, Debbie (Colin III) MacKenzie of Tignall, Georgia, Rhonda (Paul) Martin of North Port, Florida, Karen (David) Diers of Las Vegas, Nevada, Mark (Erin) Seel of Fridley and Michelle (Darren) Anderson of New Brighton; grandchildren, Colin IV (Jennifer) MacKenzie, Ian MacKenzie, and Kristen (Ramon) Santiago all of Georgia, Aaron, Talia (Cameron) Schafer, Mikayla (Les) Northcutt and Kilian all of Nevada, Loren, Nicholas and Ryan Seel of Minnesota, and Erica Anderson of Minnesota; great-grandchildren, Lauren MacKenzie of Georgia, Mason Diers, Lincoln and Hayden Schafer and Kaiya and expected twins Northcutt of Nevada; stepchildren, Samantha (Jason) Dinville and Adam (Niki) Rohrer; step-grandchildren, Jesse, Raegan, Devin and Luca Rohrer of Minnesota, and Jade Dinville of Minnesota. He will be missed by his dog, Gracie and cat, Isaiah.

A "home-going" service will be held at noon on Saturday, June 11, 2022, at Salem Lutheran of Oxford (26950 Furman St NE) North Branch, Minnesota. There will be visitation from 10:30 a.m. until time of service. Burial will follow the service in the church cemetery. Luncheon to follow. Arrangements are by Grandstrand Funeral Home and Cremation Service in North Branch. www.grandstrandfh.com.
