Dear Fair Friends,

It's that special time of the year again, and it is my privilege to welcome you to the 77th Annual Surry County Agricultural Fair. Fair enthusiasts, of all ages, make their way to Mount Airy to celebrate Surry County's proud agricultural heritage. The County Fair is a place where rural and urban cultures come together to create and share lifelong memories.

The County Fair was first created as an exposition for farmers to showcase their crops and share the lessons they have learned about nature and latest scientific developments. Today the Fair highlights advances in agriculture and displays the best Surry and surrounding counties have to offer in the areas of crafts, cooking, livestock, artwork, musical talent and much more.

Goodness grows in North Carolina.

Veterans Memorial Park, Inc. in conjunction with our surrounding organizations, the American Legion Post 123 and Veterans of Foreign War Post 2019 is proud to offer an enhanced midway with Amusement Rides of America, exhibits and educational opportunities for school and civic groups this year. The County Fair is a collaborative venture with American Legion Ladies' Auxiliary Unit 123, the North Carolina Association of Agriculture Fairs, and many volunteers.

I and everyone at Veterans Memorial Park look forward to seeing you and your family at the 77th Annual Surry County Agricultural Fair.

JUST REMEMBER, "YOU CAN NEVER HAVE TOO MUCH FUN".

*Sincerely, Anna Mitchell, Judy Joyner, Doug Joyner,
Micheal Mitchell, Billy Noah, Rita McBride*

GENERAL JUDGING CRITERIA:

Headspace - Headspace must correspond to recommendations from the USDA Complete Guide to Home Canning or Ball Blue Book.

Air Bubbles - Air bubbles should be kept to a minimum Gas bubbles denote spoilage and are identified by movement to the surface of the product while jar is stationary.

Product Appearance - Pieces should be uniform in size and packages snugly but allow for circulation of liquids. Products should be free from defects or blemished, strings, stems, seeds, pits, or peels, except for the few cases where a recipe calls for them to remain. Liquids should cover the product, keeping within headspace guidelines. Liquids should be clear and free from cloudiness or small particles. Product should be free from undue color loss by retaining its natural characteristics color or as nearly that of standard cooked product. Texture should be tender but not overcooked. Product should maintain its shape and size for recipe and preparation method.

Bands - Bands should be in place for transporting home canned products; however, bands may be removed when presented for judging. Paraffin is no longer accepted for jam, jelly, marmalades, or spreads.

Processing Method and Time - Entries must be heat processed following canning guidelines from the USDA Complete Guide to Home Canning or Ball Blue Book.
