

Butte Schools District Calendar 2024-2025

From Butte Central Catholic Schools President/Superintendent, Don Peoples Jr.

Dear Families.

As we prepare for the 2024-2025 school year, there is great optimism in our schools. Enrollment is growing and there are many new students joining our school family. We are very excited to be moving to a 4-day school week and we believe the change will strengthen our programs and inspire great achievement.

We are very proud of our growing scholarship program and our commitment to helping all families attend our schools. Thanks to the generosity of many alumni, benefactors, and friends, we will have a record \$1.5 million in scholarships available this fall.

At Butte Central, our teachers are exceptionally dedicated, and they truly care about their students. From preschool through high school, our small school enrolment ensures personal attention and individualized learning opportunities. Our goal is to inspire students to reach their highest potential.

Our classrooms are state-of-the-art, and our teachers employ great balance in their use of technology. All classrooms are equipped with either a smartboard or smart TV and all students are provided with a computer device.

Another prevailing quality of our learning environment is the emphasis on prayer and Gospel Faith and values are integrated messages into everything we do as a school system. We are very proud of our Catholic traditions and welcome students from all faiths.

We look forward to a great 2024-2025 school year. Our elementary, junior high, and high school programs are filled with incredible opportunities. Our students learn and grow in a family atmosphere that fosters togetherness and success. Our students participate in athletics, music, drama, and community service. As a school system we strive to be a great member of the Butte Community.

In closing, I would like to thank our alumni, parents, parishioners, booster, and the business community for their tremendous support of our Catholic school system. We are truly grateful to have such amazing support.

I would also like to encourage students and families to consider Butte Central Catholic Schools for their future. We have openings in all grade levels, and we look forward to a faith-filled school year.

We are BC!

Don Peoples Jr.,
President/Superintendent
Butte Central Catholic Schools

From Butte Public Schools Superintendent, Judy Jonart

It is with great pride that I welcome you to the 2024-2025 school year. This is truly an honor and a privilege for me to open this new school year as your Superintendent. My focus for this year is to create a safe and secure learning environment where strong partnerships and respectful relationships can flourish. It is only by working together that we can build the kind of momentum that will launch the Butte School District into a new era of possibilities for students, parents, and the entire Butte Community.

During the summer we have continued to develop and enhance a variety of our District programs that will provide advanced opportunities for learning that will support the unique needs and talents of all students including but not limited to dual credit, advanced placement, and CTE courses; alternative education, early childhood programs, and K-12 Science, Technology, Engineering, and Math (STEM) programs. Throughout the year, we will be showcasing these great programs that are happening in our schools and highlighting the joy of teaching and learning.

Our goal this year is to ensure that every student attends school regularly. We have teamed up with community agencies and organizations to help solve the problem of chronic absenteeism. Everyone in our community can make a difference by helping students and families understand that going to school all day, every day, is critical to their academic achievement. Together we can make school attendance a community priority so that all our students achieve success!!!

As we begin this new school year, I cannot adequately express how fortunate I feel to be part of such a great school district and community. Thank- you for your continued support of our Butte students, and thank you to the Montana Standard and business partners for sponsoring this calendar.

We are Butte School District Proud!!

Sincerely,
Judy Jonart
Superintendent
Butte School District #1

Providing Butte School District Students with 21st Century Skills

In today's knowledge-based economy, the types of skills our students need to succeed are very different from what we needed in the past. Reading, writing, math, science and history remain the foundation to our education, but broad access to information by way of the Internet has changed how students get their information and the skills they need. (see below)

The Butte School District combines the basic skills of the past with newer skills that are necessary for students to succeed in the workforce of the future. Each of the 21st Century skills is unique in how it helps students, but all are essential in the informational age. The following is a brief summary of the 21st Century skills that are integrated throughout our entire K-12 curriculum.

- **Critical thinking and problem solving:** Solving complex problems are key skills that students will need for high-skilled jobs.
- **Creativity and Innovation:** Employers want employees who can think creatively to find solutions to problems. Creativity empowers students to see concepts differently which leads to innovation.
- **Collaboration:** Students need to learn how to work together and reach compromises to achieve the best possible solutions. Students must have a deep understanding and commitment to the idea of the "greater good".
- **Communication Skills:** Students need to learn how to effectively articulate ideas and concepts to diverse groups of people. Good communication is one of the most important soft skills students can bring to the work place. Good communicators are valuable members of any department or company. Oral and written communication are critical 21st Century skills.
- **Media/Information Literacy:** These are foundational skills that

help students understand facts, figures, statistics, data, publishing methods and sources. Students learn how to analyze publishing methods and sources in order to accurately identify those that are credible.

East Middle School Team A English

- **Technology Literacy:** Students learn the basic information that they need to understand computers, cloud programming, and mobile devices in order to adapt to an ever-changing world. Understanding how technology works is critical in order to succeed in the Information Age.
- **Life and Career Skills:** Students must develop adequate life and career skills that include; flexibility and adaptability, initiative, self-direction, accountability, leadership, responsibility and citizenship.

The Butte School District realizes the importance of creating 21st Century learning environments that are student centered and that empower students to be active participants in the learning process. We are committed to designing learning environments that are safe, secure, and that celebrates the unique talents of every student.

It's Time to Team Up for Attendance

The Butte School District Board of Trustees recently approved a proclamation recognizing September as Attendance Awareness Month. This proclamation is part of the Butte School District's Team Up For Attendance Campaign. The purpose of the initiative is to raise public awareness about the importance of school attendance and the effects of chronic absenteeism. Improving student attendance is an essential cost-effective but critical strategy for ensuring our students are on track to learn and succeed. When students are chronically absent they are missing on average two or more days a month, or 10 percent or more of school days over the academic year. Chronic absence is a leading, early warning indicator of academic trouble and later dropout. Reducing chronic absence is critical to ensuring that all students and their families can realize their hopes and dreams for academic success and opportunity.

Increasing school attendance can be achieved when the whole community works with families and schools. All of us can make difference by helping create a positive school climate that engages students and families in learning and sets the expectation that ATTENDANCE MATTERS!! HELP US SPREAD THE MESSAGE:

•**Good Attendance helps children do well in school and eventually in the workplace.** Good attendance matters for school success, starting as early as prekindergarten and throughout elementary school, and helps students stay on the path to academic success. By middle and high school, poor attendance is a leading indicator of dropout. Absences represent lost opportunities to learn in the classroom.

•**Students are at academic risk if they miss 10 percent or more of the school year, or about 18 days a year.** Once too many absences occur, they can affect learning, regardless of whether absences are excused or unexcused. Sporadic, not just consecutive, absences

matter. Before you know it, just missing two or more days every month can add up to missing 10 percent of the school year. Prevent absences whenever possible. Some absences are unavoidable, for example, due to serious or a contagious illness. But some absences may be preventable by, for example, scheduling family trips during school breaks or helping families with transportation.

•**Chronic absence does not just affect the students who miss school.** If too many students are chronically absent, it slows down instruction, as teacher are likely to repeat material for students who have missed too much school.

•**The key to success is taking a proactive, positive, data driven, problem solving approach.**

Let's make school attendance a community priority so that all our students achieve success!!!

Butte Central Schools Focus on Academic Excellence and Preparing Students for College and Beyond... ...We are Central to YOUR Future!

Butte Central Catholic High School College Readiness Plan

- We are excited to introduce a 4-day school week this Fall
- Small Class sizes are a priority in our school system
- Individualized and personal attention are key components of our program
- 100% of BC Students who apply for college are accepted
- Our graduating classes earn millions in college scholarships each year. Since 2022, our graduates have been offered \$4.3 million in college scholarships
- The Bishop Thomas Scholars Academy (9th-12th grade) and the Junior Bishop Thomas Scholars Academy (6th-8th grade) provide exciting academic enrichment opportunities to students.
- Butte Central's outstanding dual credit college program provides students with amazing opportunities to earn college credits. In recent years many BC students have graduated with over 30 college credits.
- Community service is an important component in Butte Central Catholic Schools
- Prayer and Christian values are integrated into everything we do as a school system.
- Our classrooms are equipped with state-of-the-art technology. All students in kindergarten through high school are provided with a computer device.

- Our schools strive to be a partnership between administration, teachers, students, and parents.
- We take pride in being a community of faith committed to helping all students reach their highest potential.

Prepare for College

Freshmen & Sophomores

Get familiar with the college prep curriculum if you plan to attend a four-year program in the Montana University System. Outline your plan with your counselor.

- Organize your assignments and activities using a student planner or a system that works for you.
- Get involved in extra-curricular activities.
- Find out about college prep courses. See which Advanced Placement, Running Start, Tech Prep or International Baccalaureate courses are offered at your school. If they aren't offered at your school, talk to your counselor about your options.
- Take PSAT 10 as practice for the PSAT test your junior year. (PSAT scores count for National Merit Scholar consideration in your junior year.)
- Research potential careers you might want to pursue, and postsecondary institutions where you can gain the required skills.
- Talk to your parents about your plans for after high school.
- Save for postsecondary education.

Juniors

Enroll in college prep courses. (Advanced Placement, Running Start, Tech Prep or International Baccalaureate). If they aren't offered at your school, talk to your counselor about your options.

- Register for the PSAT in the fall. (Scores count for National Merit Scholar consideration.)
- Take the SAT or ACT in the spring.
- Research careers of interest to you, and explore postsecondary institutions where you can gain the required skills.
- Begin searching for scholarships to help you pay for postsecondary education. Some deadlines come earlier than you might think, so don't delay. Use our Scholly app. Free access provided courtesy of Reach Higher Montana.
- Attend a financial aid night at your school. It's not too early to be learning about your options to pay for your education.
- Plan visits to the campuses of colleges you are interested in attending.
- Save for postsecondary education.

Seniors

Visit with your counselor to make sure you are meeting all of the requirements of the postsecondary institution you want to attend.

- Continue to take college prep courses. (Advanced Placement, Running Start, Tech

Prep or International Baccalaureate). If they aren't offered at your school, talk to your counselor about your options.

- Complete the Free Application for Federal Student Aid (FAFSA) as soon after October 1 as possible. Check with your school regarding the priority FAFSA filing date at that institution.
 - If you need help filling out the FAFSA, look for a Reach Higher Montana FAFSA Help event in your community, or contact the Reach Higher Montana advisor in your area.
 - Take the SAT or ACT in October or November.
 - Continue to research and apply for scholarships to help you pay for school.
 - Check with schools you are interested in attending regarding application and other important deadlines.
 - Create a planner on which to log all important dates and deadlines.
 - Attend college application nights and college fairs.
 - Send high school transcripts to colleges with your initial admissions application in the fall, and send your complete transcripts after final grades and graduation status are recorded.
 - Register for selective service at the post office or online. This applies to males, 18 years of age. (You can't receive financial aid if you don't register.)
 - Attend financial aid nights at your school.
 - Check your Student Aid Report (SAR), sent via email. The SAR is the U.S. Department of Education's summary of information you submitted on the FAFSA and provides an estimated Expected Family Contribution (EFC) and estimated Pell and loan eligibility. Make sure your colleges of choice are listed. If corrections or updates are needed, complete them as soon as possible.
 - Evaluate financial aid packages offered by the schools to which you applied. Accept only the aid you need.
 - Expect to hear whether you have been accepted to colleges by April 15. Compare the acceptance letters, financial aid and scholarship offers. Reply promptly to acceptance letters from colleges. Pay a non-refundable deposit to your selected college for tuition and housing for your freshman year.
 - Participate in summer orientation programs for incoming freshmen.
 - Save for postsecondary education and create a budget. Live like a student.
- Information Provided by Reach Higher Montana.*

About Butte Central Catholic Schools

Mission Statement

Through the generosity of its Catholic parishes and numerous alumni, Butte Central Schools serves all committed families in Butte by providing an outstanding preschool through high school Catholic program. Accessible to all families, the schools are committed to providing an excellent education in an environment of Catholic faith and moral values. Butte Central Schools prepare students for an exciting future by building partnerships with families, parishes, and the wider Butte community. Through academic, religious, and co-curricular programs, Butte Central strives to produce leaders in the Church and in society.

Vision Statement

Butte Central Catholic Schools were founded in the 1880's to serve the children of Butte's Catholic minders. For over 135 years, Butte Central has thrived with a remarkable resilience and a tremendous spirit of survival. Personal attention, high expectations, strong discipline, teamwork, Christian values, and a powerful drive toward excellence speak to Butte Central's motto of pride, tradition, and commitment.

Philosophy

The course of study at Butte Central Catholic High School is designed to provide an education that is both Christian and humanistic in its scope. Because most of our students choose to continue their education at the college level, we place emphasis on developing the skills necessary for the successful completion of college. We emphasize, not just the subject matter, but critical thinking skills, collaborative learning, and the "how to" of successful scholarship. We know that teaching, like learning, is accomplished in a variety of ways, therefore we concentrate on keeping our students at the center of instruction and on promoting excellence. In the tradition of Catholic education, we build on faith and commit ourselves to excellence. Through this environment, we integrate academics with athletics, with art and music, with writing, as well as critical thinking and with public speaking. We resolve to develop young learners who understand social justice and responsible action. Parents and students, we suggest that you take the courses that best suit your needs, your abilities, and your plans for the future. Talk to your teachers, school counselor or administrator for guidance in selecting your course of study. Finally, testing at the high school level is important for entering colleges and universities. All students will test throughout their four years of high school and are encouraged to take it seriously. The SAT and ACT are currently used by most colleges and universities for entry.

COMMUNICATION

Our students will excel in active listening, interpreting meaning, and expressing thoughts across verbal, non-verbal, writing and digital platforms.

EMPATHY

Our students will demonstrate awareness, sensitivity and respect towards others' feelings, opinions, experiences, and culture.

ADAPTABILITY

Our students will demonstrate flexibility by effectively adjusting to changing circumstances, environments, and demands within their educational journey and beyond.

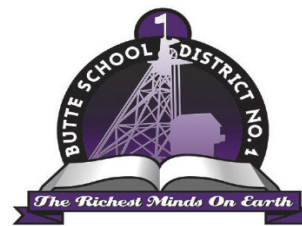

CRITICAL THINKING

Our students will use evidence-based and logical thinking to understand big challenges and how solutions might affect other parts of the system.

RESPONSIBILITY

Our students will act with integrity, honor commitments, and accept consequences whether positive or negative.

BSD Early Literacy Targeted Intervention Program

The Butte School District is working to make early childhood a priority in our community. This program will allow us to expand our services and provide extended learning opportunities for eligible 4-year olds.

Why Is Early Literacy Intervention Important?

- Children who attend Early Childhood programs learn important skills like how to follow directions, how to get along with others, and how to pay attention.
- Children who attend a high-quality Early Literacy programs are more likely to succeed in reading and math, graduate from high school, and even earn more money as adults.
- Children who participate in Early Literacy programs are more likely to not repeat a grade.

Program Components:

- Program will follow Butte School District School Calendar.
- Offers a breakfast and school lunch.
- Aligned with the Montana Early Literacy Standards.
- Program is organized within 4 Core Domains including: Emotional/Social, Physical, Communication, Cognition.
- Curriculum is grounded in research-based understandings of child development and developmentally appropriate practices.

Program Eligibility:

- Child is not yet entering or has not completed kindergarten
- Must be 4 years of age or older on or before September 10
- Eligibility determined using the Reading PreK (PELI -- Preschool Early Literacy Indicators) Screening Assessment.

Screening and Registration:

Registration and screening will take place each spring prior to the start of the next school year. Parents will be invited to make an appointment at one of the six elementary schools to register for the program. Registration and screening dates will be announced each March.

Enrollment & Vaccinations

You need to bring the following:

- Copies of the child's birth certificate
- Immunization records
- Parent, legal guardian, or legal custodian must be present at the time of enrollment

Current list of immunizations required according to the Montana Department of Public Health and Human Services (DPHHS).

- **Polio:** 3 doses and at least 1 does after the 4th birthday.
- **DTP/DT/DtaP/Td:** 4 doses and one dose must be given after the 4th birthday
- **Tdap/booster:** 1 dose (Prior to entering the 7th grade a pupil must receive a dose of Tdap containing vaccine. This Schedule applies to pupils who have completed the prior 4 doses listed above.)
- **MMR:** Dose 1 on or after the first birthday and dose 2 prior to kindergarten entry. A pupil entering any grade from 7 to 12 who has not already received the 2 required doses at kindergarten age must receive the second dose
- **Varicella:** 2 doses prior to entering kindergarten

The vaccines are available from your private health care provider or the Butte Silver Bow Health Department on an appointment only basis. Contact 497-5026.

If a child has not completed the minimum vaccination series required by Montana Law, a Conditional Attendance Form, No. HES 103-1B should be completed and attached to the Blue immunization Form (HES-101). If the pupil received at least one or more doses of the required vaccine, he/she can conditionally attend until the next dose is due. In order to remain in school the student must continue to receive all remaining doses as specified on the conditional form. If the student fails to complete the immunizations within the time period indicated, he/she must either qualify for or claim an exemption or be excluded immediately from school by the school administrator or the person designee.
