It gives adoptable Butte shelter animals a chance at life by providing them with life-saving, life-changing medical care and the comforts that are needed to help them adjust to shelter life until they can go to their forever home. The fund was created when a young golden retriever cross was hit by a car; no owner came forward to claim him. He became the property of the county shelter; however, the county only pays for necessary medical expenses such as shots, and neutering, so he was to be euthanized.
Donations started coming in to help with his surgery, and that was the beginning of a healthy life for Trip and Albert’s Angel Fund. One-hundred percent of all donations go directly to help the animals.

Description of services: In 1982, the Anaconda Family Resource Center opened its doors to address the high incidence of child abuse and neglect in the Southwest Montana rural area of Deer Lodge County. The initial focus for programs and services was intervention. But the need for additional services became obvious and the center was expanded to include preventative services.
Our mission is to assure all families receive the basic skills, education, support, and encouragement necessary for the development of healthy families. All programs offered through the center are designed around this premise.
Our services include:
■ Home visits are done on a regular basis throughout the duration of services.
■ Parenting Classes: Common Sense Parenting by Active Parenting (geared toward toddlers and preschoolers) is the curriculum used for parenting classes. The classes teach effective discipline skills while helping parents develop more positive communication between themselves and their children.
■ CASA/GAL Program: When a child is removed from their home, they need to have representation in the court system. The CASA/GAL volunteer role is to provide advocacy services (in the court system) for abused, neglected, and/or abandoned children. CASA/GAL volunteers are pro bono and their role includes investigating the case, attending meetings pertinent to the children, and providing input to and monitoring the parents’ treatment plan.
■ The center offers Stress and Anger Management Classes twice weekly. Classes consist of 20 sessions dealing with five triggers. The primary purpose of the classes is to assist people in changing patterns of behavior that are inappropriate, counter-productive, and/or dangerous to themselves or others.
■ Summer Feeding Program: During the summer months, the center provides breakfast and lunch at schools and low-income areas throughout the community. Each summer, up to 11,000 meals are served at these sites.

HAPPY Thanksgiving

FROM OUR FAMILY TO YOURS

On October 1st, 2022, 103 food banks, soup kitchens, and homeless shelters in 80 Montana communities began the **21st annual** "Be a Friend in Deed, Help Those in Need" Town Pump campaign to raise much-needed funds.

In the previous 20 years, **more than \$43 million** has been donated to Montana food banks by generous Montanans, including **over \$10 million** in matching funds committed by Town Pump.

This year, the Town Pump Charitable Foundation has committed **\$1 Million** in matching funds in our 21st year of the Food Bank campaign.

Town Pump understands that a food bank does not keep its doors open through food donations alone. This is why we have committed to bring much-needed cash funds to assist with expenses such as building rent, utilities, purchasing bulk food items and perishable food including meat, produce, dairy and bread.

Through Wednesday, November 30th, donations may be made at any Town Pump convenience store, Lucky Lil's, Montana Lil's, or Magic Diamond Casino, or Town Pump-operated hotel across Montana.

Donations may also be made directly to your local food bank.

All funds raised, including the matching funds, are used locally in the communities where the funds are collected.

Thank you for 21 years of Montanans Helping Montanans!

Be a Friend in Deed, Help Those in Need!
