Dear Friends of the Butte-Silver Bow Chamber of Commerce,

As we embark on the year 2025, I am honored to serve as your president and share our vision for the months ahead. Our collective efforts have consistently strengthened Butte's economic landscape, and this year presents new opportunities to build upon that foundation. Having been an active member of our community for many years I've witnessed the remarkable resilience and potential within our local businesses.

I was born in Butte, graduated from Montana Tech and Montana State University and I am proud to call Butte home once again. In my professional journey, I am building a sustainable business helping people and small business reach their financial goals. This experience has instilled in me a profound belief in the power of collaboration and strategic initiatives to drive economic success.

My vision for this term is rooted in unity and community engagement. Together, we will leverage our diverse skills and experiences to create a thriving business environment. I am committed to fostering a culture of inclusivity, innovation, and sustainable growth.

The Chamber continues to be an integral part of Butte, promoting economic development and supporting our member businesses. Tourism and event promotion partners with venues like The Butte Civic Center to attract and promote events in our area. We recognize the importance of tourism as a key economic driver and will work diligently to showcase Butte as a premier destination.

Expanding our membership base is essential for sustained success. We encourage businesses and individuals to join the Chamber, participate in our events, and contribute to the collective prosperity of Butte. Together, we can achieve more and ensure a vibrant future for our community.

Sincerely,

## Butte-Silver Bow's Mission

Butte-Silver Bow strives to be the best community in which to work, live and raise a family. In order to accomplish this goal, we promise to provide services to our entire community, citizens and businesses in an efficient and effective manner.

photo by: Joseph Scheller

Dear Friends,

I am excited to welcome you to Butte, America! As the Chief Executive of Butte-Silver Bow, I am honored to collaborate with the Butte Chamber of Commerce. Known as “The Richest Hill on Earth,” Butte embodies the charm of a small town while providing the advantages of a larger city. Our vibrant community offers something for everyone, whether you are a college student, a visitor, a potential resident, a business owner, or a long-time local.

Throughout the year, Butte hosts a variety of festivals, and you can enjoy outdoor activities during both summer and winter. Our city boasts excellent shopping, fine dining, top-notch public and private schools, and advanced healthcare facilities. Travel is easy with Bert Mooney Airport and our complimentary Copper City Connection buses that navigate the area.

The strong work ethic of our residents contributes to a thriving workforce, home to notable companies such as REC Silicon, Montana Resources, Town Pump, Northwestern Energy, FedEx Ground and Freight, Murdoch’s Distribution Center, and Montana Precision Products/SeaCast, among others.

For those seeking education, Montana Technological University (Montana Tech) and Highlands College offer outstanding STEM programs, with Montana Tech recognized as having the #1 Nursing program in the state.

Butte is proud to house the largest National Historic District in the United States and is a filming location for the Yellowstone prequel series, “1923.” Dubbed the Festival City, we are excited for all our festivals as they return in 2025. From the Mai Wah Chinese New Year Event to the St. Patrick’s Day parade, we pride ourselves on hosting a wide array of events, including the Butte Freedom Fest, Montana Folk Festival, An Ri Ra Celtic Festival, SNÖFLINGA, and the summer concert series, Music on Main.

With a rich history in gold, silver, and copper, Butte remains the heart of Montana, captivating all who visit. As John Steinbeck said, “I am in love with Montana.” In Butte, you will discover a community that offers an authentic experience in a state known as the “Last Best Place.”

Warm Regards,

J.P. Gallagher

The Butte real estate market offers a unique and diverse selection of homes, catering to a wide range of buyers looking for anything from historic charm to modern luxury. Our city is filled with rich history and vibrant neighborhoods, each with its own distinctive appeal.

The “Uptown” area of Butte is well known for its historic homes, multifamily properties, and smaller single-family residences, many of which are on smaller, easy-to-maintain lots. This part of town boasts a blend of charming architecture and modern conveniences. Residents of Uptown Butte enjoy access to excellent shopping, a variety of educational institutions—including Butte High School, Butte Central Catholic High School, and Montana Technological University—as well as top-tier healthcare facilities such as Intermountain Health Care. Additionally, for those seeking more space, the Moulton Reservoir area offers homes with acreage, making it a great option for those looking to enjoy a bit of Montana’s natural beauty. Uptown also serves as the cultural heart of Butte, featuring unique local businesses, restaurants, and a thriving arts scene. The historic Uptown area is also home to festivals, live music, and a variety of community events throughout the year, making it a vibrant and engaging place to live.

Moving down to the “Flats” or “Downtown” area, you will find a mix of mid-century, craftsman, and newly built homes, typically situated on lots of 6,000 square feet or more. This part of Butte is home to many commercial establishments, including banks, grocery stores, retail shops, and restaurants. Popular neighborhoods such as Floral Park, Country Club, and Copper Fox Estates provide a variety of housing options to suit different lifestyles. Additionally, just outside the Flats, there are several sought-after subdivisions, including Blacktail Loop, Homestake Meadows, Green Acres, and Beef Trail Ski Estates. These areas offer larger homes on acreage, perfect for those looking for more space and privacy while still remaining close to town amenities. The outskirts of Butte also provide excellent opportunities for outdoor enthusiasts, with easy access to hiking, fishing, and other recreational activities in the surrounding mountains and open spaces.

One of the greatest advantages of the Butte real estate market is its variety. Whether you are searching for a small starter home, a spacious estate, a historic property, or a brand-new construction, there is something here for everyone. From charming brick homes to contemporary residences with siding, from compact lots to sprawling acreage, Butte truly has it all. The city’s affordability compared to larger metropolitan areas also makes it an attractive option for first-time homebuyers and investors alike. With its strong sense of community, access to outdoor recreation, and a housing market that caters to diverse needs, Butte continues to be a great place to call home. Whether you are looking for a quiet neighborhood to settle down in or a vibrant area close to the action, Butte offers a little something for everyone.

According to the latest Big Sky MLS data, the real estate market has seen significant changes. **Closed sales reached 474**, reflecting a **19.7% increase from 2023**, signaling strong buyer activity. The **median sold price rose to \$280,000**, a **1.8% increase year-over-year**, showing steady appreciation. However, homes are taking longer to sell, with the **median days on market rising to 27 days**, a **58.8% jump from last year**. This shift suggests a market balancing out, with increased opportunities for buyers while sellers still benefit from rising home values.

The detention center is located nearby, at 155 W. Quartz Street.

The law enforcement department is divided into three divisions. They are: the patrol division, investigative division, and the detention center. The department also has a Special Weapons and Tactics (SWAT) team as well as a number of trained hostage negotiators.

Butte Law Enforcement is part of the Internet Crimes Against Children Task Force (ICAC) and has placed an investigator on the Southwest Montana Drug Task Force (SWMDTF). A canine unit has also been added to increase drug enforcement capabilities. The department also has 2 School Resource Officers (SRO's) and a Public Housing Authority Officer.

# Advantage Butte

## MISSION STATEMENT

Our purpose is to enhance the Butte Economy through promoting and supporting sporting and related events in Butte.

## BACKGROUND

Advantage Butte was founded when a group of local business leaders recognized sporting events bring millions of dollars annually into our community. Most of these events can be self-supporting. Many of the potential sponsors of these events, however, lack the resources to provide some of the initial funding to attract and promote the events or lack the resources to cover potential shortfalls. By bringing together broad-based support from throughout the community, the group can provide the financial resources to allow event sponsors to compete effectively in the state and regional market.

Advantage Butte provides economic development for Butte through the sponsorship/underwriting of sporting events in the community. The easiest way to measure the success Advantage Butte has had is the number of tournaments we have hosted. Since our organization was founded in 2004, through the spring of 2024, the number stands at over 170. The financial impact of these tournaments is just over \$48.3 million dollars added to our local economy.

Since Advantage Butte is a 100% volunteer organization, all money raised goes to the successful bidding and hosting of tournaments. Advantage Butte has always relied on donations from the Butte business community to create economic development.

## MEASURING IMPACT

The Montana Chamber of Commerce has established a formula to assist communities in measuring the economic impact generated by sporting events.

- Each team member is valued at \$100 per day. (avg. team is 18 players)
- Each team brings two fans per athlete -- the exception to this is the class C boys' basketball, the largest single basketball tournament in the state. Each fan is valued at \$100 per day.

## 2024-25 ECONOMIC IMPACT

Using these formulas, we have determined the economic impact of the events which we are supporting over the current school year:

- Montana Tech Big Sky Volleyball Challenge \$ 275,000
- Western B/C Wrestling \$ 350,000
- Western C Boys & Girls District Basketball \$ 400,000
- Teddy Bear Classic Swim Meet \$ 10,000
- Don Harrington Rodeo \$ 250,000
- Mining City Duals \$ 500,000

Total \$1,415,000

*Advantage Butte is dedicated to supporting events that provide our community with an excellent return on investment.*

## QUALIFICATIONS

Advantage Butte is operated by a Board of Directors made up of representatives of local businesses which are members of the group.

Chairman	Rody Holman	Marsh McLennan Agency
Vice Chair	Kami Johnson	Best Western Plus Butte Plaza Inn
Treasurer	Brad Spear	Pinion, LLC
Secretary	Melissa Bolton	Best Western Plus Butte Plaza Inn

Advantage Butte's successes since its inception in 2004 have resulted in over \$48.3 million dollars in economic impact to our community while hosting over 170 tournaments.

The tournament bids and contact committee is chaired by Ron Davis, the owner and General Manager of KBOW and KOPR radio stations. With over 40 years of experience broadcasting radio and television sports, Ron is well known in the sports community. He has worked with the Montana High School Association on many different areas of high school sports and brings a great understanding to bidding tournaments for Advantage Butte.

Without the tireless efforts of our board and membership, financial support from Advantage Butte, and the cooperation of other entities, many of the tournaments we have supported may have ended up hosted in other Montana cities.

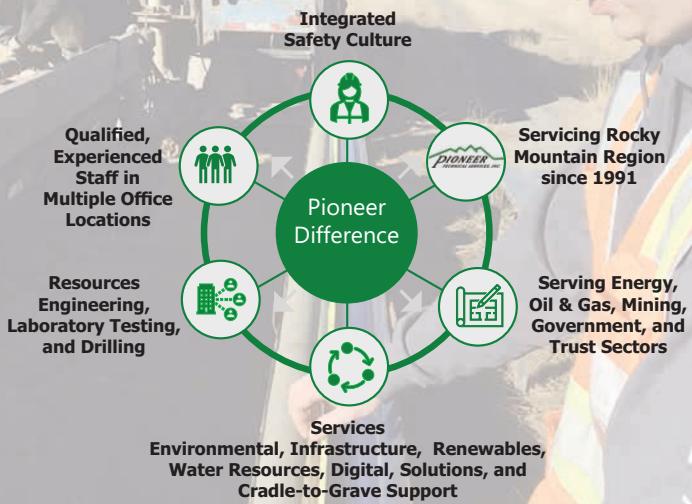

Advantage Butte works hand in hand with many other local entities to host events often dubbed the best in the state by participants, attendees, and officials. With an active membership who not only participate financially but also with time and effort, we truly believe that we have a world-class organization.

# Butte-Silver Bow Convention & Visitors Bureau (CVB)

The Butte CVB and the Tourism Business Improvement District (TBID) leverage funds collected from the local lodging industry to promote Butte's tourism assets. The primary goal is to extend visitors' stays in the community, encouraging spending in local restaurants, retail establishments, attractions, and accommodations. Promotion is predominantly carried out through targeted digital, online, and social media platforms. Butte works in close collaboration with larger entities, including BrandMT (Montana Department of Commerce) and the Visit Southwest Montana travel region, participating in joint venture programs to maximize the impact of promotional dollars.

The Butte CVB is funded through an 8% "bed tax" levied on lodging properties, including hotels, campgrounds, and short-term rentals (e.g., Airbnb and VRBO). This tax revenue is distributed as follows: 3% goes to the Montana state general fund, 1% is designated for Montana Heritage and Historic Preservation projects, and the remaining 4% is allocated to various state and regional initiatives. These include funding for the Montana Department of Commerce (including the Montana Film Commission), Montana Fish, Wildlife and Parks, the Montana Heritage Preservation and Development program, the Montana university system for travel research, Aquatic Invasive Species management, Montana State Parks, Indian tourism regions, six tourism regions, and 17 Convention & Visitors Bureaus (CVBs). The Butte CVB's projected budget for promotional purposes is \$192,000.

Each year, a comprehensive marketing plan is developed and approved by the Governor-appointed Tourism Advisory Council. At the close of each fiscal year, an extensive audit of bed tax expenditures is conducted, fol-

## Butte Tourism Business Improvement District (TBID)

The Butte Tourism Business Improvement District (TBID) was established in July 2011 at the request of local hoteliers to create a dedicated promotional fund aimed at boosting hotel guest room sales and overall revenue. In June 2021, the TBID was extended for an additional ten years. A board of trustees, consisting of hotel owners or their designees, oversees the budget and expenditures of the TBID. Board members are appointed by the Butte-Silver Bow Chief Executive and approved by the Butte-Silver Bow Council of Commissioners.

Participating lodging facilities will collect a \$2.00 fee per occupied guest room per night from hotel guests. The funds collected typically range from \$250,000 to \$500,000 annually. The TBID provides funding through a grant application process, offering financial support for events, tournaments, and special projects during two funding cycles—January and July. Award decisions are made by the board of trustees in February and August, respectively. In addition to grants, the TBID allocates funds for promotional campaigns and covers administrative costs to carry out its mission.

For more information about the Convention & Visitors Bureau and the Tourism Business Improvement District, please contact the Butte Chamber of Commerce at 406-723-3177 or [www.visitbutte.com](http://www.visitbutte.com).

lowed by an evaluation of the effectiveness of those expenditures.

In addition to promotion, bed tax revenue is allocated to support administrative expenses and research efforts to assess visitor demographics, such as origin, travel patterns, and spending behavior.

Butte has experienced significant benefits from the entertainment industry, notably the filming of 1923 in 2022 and 2024. The community plans to continue pursuing opportunities in the entertainment sector, including film, television, commercials, and photo shoots. Additionally, Butte's unique assets present an opportunity to tap into the growing niche of paranormal tourism, with specialized tours catering to this intriguing market. For additional information, contact the Butte Chamber of Commerce at 406-723-3177 or [www.visitbutte.com](http://www.visitbutte.com).

# Butte 100 - July 19

photo by: Valerie Manne-Digital Spark Creative

We will be celebrating the 19th Annual Butte 100 Mountain Bike Races on July 19, 2025. Starting in 2007 as a small group of mostly locals, the Butte 100 has seen substantial growth in its short history. The race has recently been recognized in nationwide publications as an ultimate test of mountain biking's physical and mental aptitudes. A focus of the volunteer-staffed race is continued improvement in racer experience each year. The Butte 100 is proud to be contributing to the growing awareness of Butte, Montana as a world-class recreation city. Though this entire event is named the "Butte 100", it consists of three individual races: the 25 mile, 50 mile, and 100 mile, run in conjunction and support of the other, sharing portions of the course, supplies and aid stations and the start/finish area.

For 2025, the Butte 100 team decided that one of the hardest races, just got harder as our 100-mile racers will do 2 south loops. They will find this to be extremely difficult and challenging. We have been able to attract some of the top mountain bike racers in the country to experience our trails.

The 50-mile course (south loop) is known for the notorious 6-mile Basin Creek Climb that looms over all racers—50s and 100s alike—halfway through the loop. Those surviving this and the ensuing "8 Miles of Hell," are greeted with a silky 35-mile stretch of single-track on the USFS maintained Continental Divide Trail—the jewel in the Butte 100s crown. A downhill finish reawakens racers from their trail trance and wills them across the finish line.

The Sorini 25, which was added in 2015 was named after Dr. Peter Sorini, who raced in the 50 and 100 mile races numerous times and supported the Butte 100 since day one. The Sorini 25 has a new course which racers love. Dr. Peter Sorini passed away on February 8, 2016, after a 14-month battle with brain cancer.

The Butte 100 is incredibly proud to have developed one of the nation's best mountain bike race events, attracting the highest caliber of racers from across the country and Canada. More so, the race is just as proud of the positive effects the race has had on our community, including its contribution to conversations spotlighting Butte's abundant recreational opportunities. We welcome spectators to come out and cheer these racers on. The start/finish is a great way to connect with our racers, sponsors, and volunteers. There is music, food, and cold beer.

To register for the race or to be a volunteer, check out their website at [www.butte100.com](http://www.butte100.com). or contact Stephanie Sorini at (406) 490-7632 [StephanieSorini@butte100.com](mailto:StephanieSorini@butte100.com).

# Municipal and Open Space Parks

photo by: Butte-Silver Bow Parks Master Plan

photo by: Joseph Scheller

Altogether, Butte-Silver Bow's park sites encompass over 4,237 acres of developed parks and open space areas, providing both active and passive recreation opportunities for residents of Butte-Silver Bow and the surrounding regions. These offerings are further enriched by the incredible public lands available in the area.

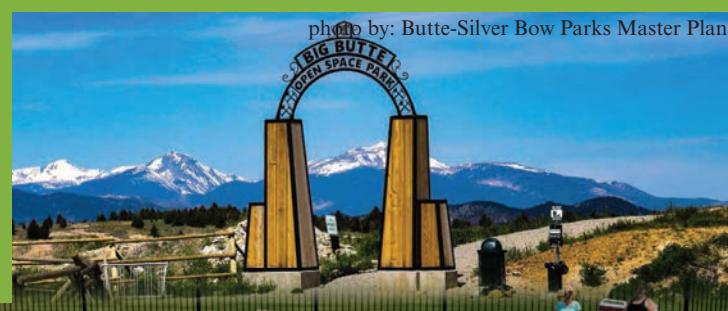

The region features 49 developed parks and 68 miles of recreational trails, approximately 27.5 miles of which are paved. Amenities across the parks include skating rinks, cross-country skiing trails, a skate park, and courts for tennis, basketball, volleyball, and pickleball. Additional facilities include a wading pool, splash pad, and all-abilities accessible playgrounds.

The Copper Mountain Sports and Recreation Complex stands out with its impressive facilities, including the Three Legends Baseball Stadium with a 470-person capacity, a volleyball court, playground, fishing pond, paved walking trail, driving range, disc golf course, and additional sports fields.

Stodden Park is another highlight, featuring a destination playground, veterans memorials, softball fields, and the Spirit of the Columbia Gardens Carousel. The park is also home to Ridge Waters, Montana's premier waterpark, and Highland View Golf Course, which offers a regulation 9-hole course, a par-3 short course, two year-round indoor golf simulators, and a full-service restaurant.

## Natural Areas

Butte-Silver Bow's natural areas provide an array of outdoor recreational opportunities and stunning landscapes. Highlights include:

**Thompson Park:** A 3,580-acre forested park south of Butte, co-owned and co-managed by the U.S. Forest Service. This area features non-motorized day-use trails for hiking, mountain biking, cross-country skiing, snowshoeing, and horseback riding, as well as picnic areas and a regulation disc golf course.

**Big Butte:** Spanning 310 acres, this area offers non-motorized trails for hiking and mountain biking.

**Skyline Park:** Covering 60 acres, this park provides a children's fishing pond, off-leash dog parks, all-abilities accessible playgrounds, walking trails, and a hang-gliding landing site.

**Basin Creek Park:** Encompassing 42 acres, this natural area is a peaceful retreat with access to U.S. Forest Service trails.

**Blacktail Creek:** A smaller 10-acre area offering natural beauty and walking trails.

Through partnerships with local youth organizations, Butte-Silver Bow ensures recreation opportunities such as little league, football, tennis, soccer, and ice skating. These collaborations, combined with the expansive natural areas, enrich the quality of life for residents and visitors alike.

# Montana Folk Festival - July 11-13

Photo by: Joseph Scheller

The Montana Folk Festival is set to return to Uptown Butte for its 13th presentation this July 11, 12, and 13. After three years as the National Folk Festival from 2008-2010, this will be the 15th presentation of this much anticipated and widely acclaimed event (the event went dormant for two years in 2020 and 2021 due to the global pandemic).

The festival is a three-day celebration of traditional music, dance, arts and ethnic cuisine. Thanks to the generosity of our sponsors and attendees who make contributions on the site, admission to all is free for all performances and exhibitions.

The festival is one of the largest free of admission outdoor events in the Northwest, attracting well over 150,000 attendees each year from throughout Montana and surrounding states and Canada.

This signature event at the beginning of the summer season has grown to become a major economic and cultural magnet for Butte and Southwest Montana.

While admission to all performances is free of charge, attendees are encouraged to consider a suggested \$25 contribution each day of the festival weekend or \$35 for families each day to keep the festival free in future years.

In 2025, the festival will include multiple stages featuring the talents of more than 200 artists presenting music and dance performances and moderated talk/demonstration sessions, a Dance Pavilion, a Family Area, a Montana Folklife Area, regional and ethnic foods, and a festival folk arts market and the First Peoples' Market that features the creative works of the region's Native American artists.

The musical lineup, when announced in the spring, will be available at the festival web site at [www.montanafolkfestival.com](http://www.montanafolkfestival.com) and on facebook at [www.facebook.com/mtfolkfest](https://www.facebook.com/mtfolkfest).

The festival will also feature the popular Montana Folklife Area with

demonstrators to shine a light on an aspect of Montana's heritage and lifeways.

The theme when selected later in the Spring will guide the activities, displays and demonstrations of the popular Montana Folklife Area and will include demonstrations and displays by a variety of Montanans who have contributed to the vitality and culture of the West.

Musical performers on multiple stages will continue to represent musical traditions from around the world that have contributed to the heritage of our nation on the six performance stages. The quality and excitement that fans have come to expect at the festival and the rich variety of the performers will continue. Attendees should come expecting to be amazed -- and bring their dancing shoes. While the festival remains free of admission to all, fundraising efforts are underway and sponsors are being sought. A challenge grant is underway to match a generous \$100,000 challenge grant from the Dennis and Phyllis Washington Foundation and Montana Resources, major sponsors of the festival.

Anyone interested in sponsorship opportunities or contributing in any way to ensure that the festival continues in this and coming years can visit the festival website for more information or they can send tax-deductible contributions large and small to Montana Folk Festival, P.O. Box 696, Butte, MT 59703 or through the PayPal Giving Fund by going to [paypal.com/us/fundraiser/charity/1876197](https://www.paypal.com/us/fundraiser/charity/1876197).

The Montana Folk Festival is presented by a collaborative of partners led by Mainstreet Uptown Butte in partnership with Butte-Silver Bow County. Artistic programming assistance is provided by the National Council for the Traditional Arts ([www.ncta-usa.org](http://www.ncta-usa.org))

# St. Patrick's Day - March 17

St. Patrick's Day has traditionally been one of Butte's high holidays. At the heart of the annual celebration is the much-anticipated Grand Parade. Sons and daughters of the Emerald Isle, along with friends of the Irish from near and far, line the streets, cheering on the green-tinted floats, rocking bands, happy marchers and natty bagpipers as they wend their way through Butte's Historic Uptown District. Presented by the Butte America Foundation (BAmF), the 2025 parade will begin at noon on Sunday, March 17.

## Berkeley Pit Viewing Stand

350 Shields Ave. • (406) 723-3177 • pitwatch.org

From 1955 until 1982, the Berkeley Pit produced enough copper to pave a four-lane highway, four inches thick, from Butte to Salt Lake City, Utah and 30 miles beyond. When mining operations ceased in 1982, the underground pumps were shut off, and the Berkeley Pit began filling with acidic water, heavy metals and unique microscopic lifeforms. Since September 2019 the water is being treated and discharged downstream. The Pit with its water and colorful landscape can be seen via a visitor viewing stand. Today, open pit mining continues behind the Berkeley Pit in the Continental Pit operated by Montana Resources, employing 350 people year-round. The Viewing Stand and Gift Shop are open May – mid-September.
