# Proudly Serving Southwest Montana since 1881

Since 1881, when five Sisters of Charity came to serve God and the people of southwest Montana, St. James has been a part of the community. Our history is woven in the very fabric of Butte, and we're proud to call it home. That's why we've worked to create a place of healing and hope for families throughout southwest Montana.

Our ability to fulfill our mission is made possible thanks to the outstanding healthcare providers, nurses and associates and to you, our friends, family and neighbors, who allow us to serve you.

I am honored to serve a second term as President, on the board of directors for the Butte Chamber of Commerce for the 2023 calendar year. As I stated last year, I am extremely proud to call Butte, America my home. I believe there is no better place to live, play and work and also a raise a family. I believe the Butte community takes pride in the word "Family." The people of Butte take care of their own and are always there to support those that need a helping hand. There is no community like the one in which we live.

As we head into 2023, we must not forget about the pandemic and all that it has taught us. With that in mind, I believe the community of Butte has shown its resiliency once again and has overcome all the challenges that we faced. A perfect example of this is how Stephanie Sorini, the Executive Director of the Butte Chamber of Commerce, and the great staff behind her, has continuously grown our memberships and services even through the tough times.

The Butte Chamber of Commerce is an alliance made up of individuals, both large and small businesses, and other organizations all dedicated towards growth, economic development and also the positive quality of life in the Butte area. The Chamber's vision represents our commitment to strive to make each and every business member as successful as possible.

The Butte Chamber of Commerce, along with its exceptional staff and board of directors, has done a fantastic job in making sure the Butte community prospers. Information about our local eateries, superb lodging accommodations and treasures such as the Berkley Pit, World Museum of Mining, Granite

Mountain Memorial and Our Lady of the Rockies is at the finger-tips of our Chamber, Butte's Convention and Visitor's Bureau and the many chamber members and volunteers.

Again, I am incredibly honored to serve as President of such an amazing organization. I look forward to a wonderful year and I'm excited to help Stephanie and her amazing team with all they do.

Sincerely,

Mark Johnston  
Board President  
Butte Chamber of Commerce

Welcome to this year's edition of our 2023/2024 Annual Report to the Community. It is an honor to present this year's edition. It continues to serve as a resource to those living, looking to relocate, do business and visit our wonderful community.

The Butte-Silver Bow Chamber of Commerce continues to work tirelessly on your behalf. The Chamber is the strongest we have been in the past 15 years that I have been involved with 6 years on the Board of Directors and 9½ years as your Executive Director and Marketing and Membership Director. It remains my privilege to serve our members and business community. Our membership has grown to the largest it has been with members joining from all over Southwest Montana, Missoula, Bozeman and Helena.

We continue to be your voice for your business and our community. We are committed to making Butte a better place to live, work, play and to do business.

The Chamber continues to be a part of our Economic Development Team with Butte-Silver Bow, NorthWestern Energy, Montana Technological University, St. James Healthcare, Butte Local Development, Headwater's RC & D and our Convention and Visitor Bureau (CVB) and Tourism Business Improvement District (TBID). The team works tirelessly on your behalf and we are very proud of the growth in Butte, but especially at The Montana Connections Business Development Park.

Butte was chosen as the filming location for the Yellowstone series, 1923. This project brought a significant amount of money to the Butte economy. Our business community benefited from the production of this film and brought visitors from all over to see the various areas where this series was filmed.

We are here to be a resource for you and your business, please let us know what we can do to be of assistance.

Looking to spend a few hours or a few days in Butte? Please stop by our Visitor Information Center or the Berkeley Pit Viewing Stand and let us help you create a memorable experience in Butte America.

# Butte-Silver Bow's Mission

Butte-Silver Bow strives to be the best community in which to work, live and raise a family. In order to accomplish this goal, we promise to provide services to our entire community, citizens and businesses in an efficient and effective manner.

Photo by: Tracy Thornton

Photo by: Meagan Thompson

Dear business owners, neighbors, and visitors,  
As Chief Executive and on behalf of the Butte-Silver Bow Council of Commissioners, we are honored to partner with the Butte Chamber of Commerce. Butte is proud to be, “The Richest Hill on Earth.” Butte has the warmth and charm of a small town with the opportunities and amenities of a bigger city.

Our community supports a wide range of lifestyles. Whether you are a college student, visitor, prospective resident, business owner, or current resident, Butte has it all. We have festivals year-round, summer and winter outdoor recreation, shopping and fine dining, first class public and private school systems and state of the art healthcare facilities. For convenient travel, we offer the Bert Mooney Airport and Jefferson Lines Bus Transport along with free public transportation on our Copper City Connection buses that operate all over town.

Our residents have a strong work ethic, and we offer a strong workforce that attracts many manufacturing and distributing companies such as REC Silicon, FedEx Ground and Freight, and SeaCast to name a few that have their operations at our Montana Connections Industrial Park.

If you are looking for a college, Montana’s Premier STEM University is Montana Technological University in Butte and offers both four-year and two-year degree programs ranging from auto mechanics, carpentry, and radiological technician to petroleum engineering, registered nursing, and cybersecurity amongst others.

We also have the largest National Historic District in the United States. For this reason, our city and the surrounding area was chosen for the filming location of the recent Yellowstone prequel series, “1923.”

We are also known as the Festival City and are proud to announce that all of our festivals have returned with a record number of crowds. We host the Mai Wah Chinese New Year Event and parade, The Butte Freedom Fest with parade and Fireworks, The Montana Folk Festival, AnRiRa Celtic Festival, SNÖFLINGA and the world-renowned St.Patrick’s day parade and celebration. We also offer our weekly summer concert series, Music on Main.

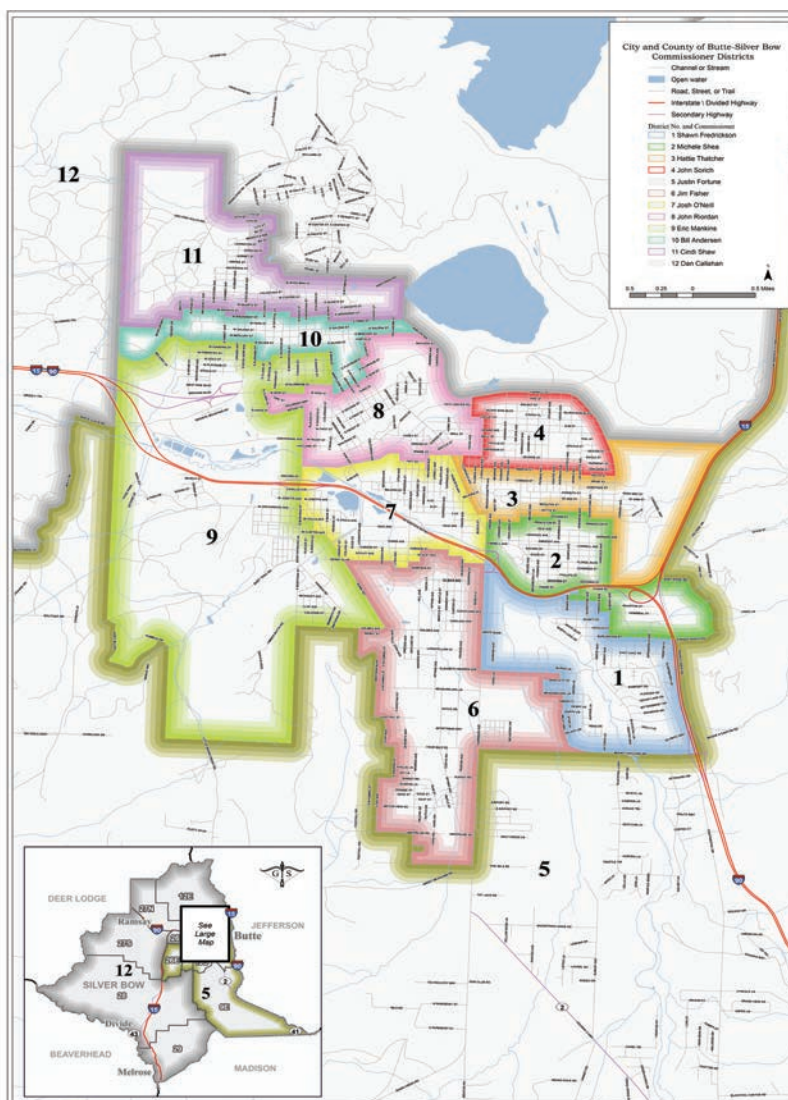

With its veins of gold, silver, and copper, Butte is the reason people came to Montana and why we became, “The Richest Hill on Earth.” As John Steinbeck wrote, “I am in love with Montana. For other states I have admiration, respect, recognition, even some affection, but with Montana it is love, and it’s difficult to analyze love when you’re in it.” Butte is the heart of Montana and continues draw people in, and we are waiting to welcome you.

# Neighborhoods

photo by: Steven Cordes

Butte's neighborhoods are as diverse as the residents of the city itself, each having its own sense of uniqueness and pride of ownership! Butte is generally defined as the "Uptown" and the "Flats". The uptown is north of Front Street and includes the Historic District. This area also includes a central business district as well as Butte High School, Butte Central Catholic High School and Montana Tech. The residential areas are highlighted by the lower Westside and upper Westside. These neighborhoods contain turn of the century homes along with an influence of newer construction. Most properties are on smaller lots which have been well maintained. The Westside offers good proximity to St James Healthcare, now part of Intermountain Health and Montana Tech. The Flats is home to a variety of mid-century homes located in well established neighborhoods like Clark's Park and Floral Park. For those desirous of newer homes with a bit of acreage Blacktail Loop, Homestake Meadows, Beeftrail Ski Estates and the East Ridge provide for space, views, and custom-built homes. The outlying areas include Roosevelt Drive, Moulton Reservoir, Buxton and Elk Park which offer an added level of privacy often on larger acreage. Each neighborhood offers differing price points but overall, the market has been strong in Butte. Local real estate experts are optimistic moving forward as new development is coming online highlighted by the Copper Fox development. Copper Fox is located just North of Margaret Leary grade school and includes 83 residential building lots. One thing is for sure... if you're looking for variety look no further than Butte! We have everything from 100+ year old renovated Victorians to custom built modern designs. Whether you're looking for small easy to maintain yards or 20+ acre sites we have it all.

The detention center is located nearby, at 155 W. Quartz Street.

The law enforcement department is divided into three divisions. They are: The patrol division, investigative division, and the detention center. The department also has a Special Weapons and Tactics (SWAT) team as well as a number of trained hostage negotiators.

Butte Law Enforcement is part of the Internet Crimes Against Children Task Force (ICAC) and has placed an investigator on the Southwest Montana Drug Task Force (SWMDTF). A canine unit has also been added to increase drug enforcement capabilities. The department also has 2 School Resource Officers (SRO's) and a Public Housing Authority Officer.

# Advantage Butte

## MISSION STATEMENT

Our purpose is to enhance the Butte Economy through promoting and supporting sporting and related events in Butte.

## BACKGROUND

Advantage Butte was founded when a group of local business leaders recognized sporting events bring millions of dollars annually into our community. Most of these events can be self-supporting. Many of the potential sponsors of these events, however, lack the resources to provide some of the initial funding to attract and promote the events or lack the resources to cover potential shortfalls. By bringing together broad-based support from throughout the community, the group can provide the financial resources to allow event sponsors to compete effectively in the state and regional market.

Advantage Butte provides economic development for Butte through the sponsorship / underwriting of sporting events in the community. The easiest way to measure the success Advantage Butte has had is the number of tournaments we have hosted. Since our organization was founded in 2004, through the spring of 2021, the number stands at over 160. The financial impact of these tournaments is just over \$44 million dollars added to our local economy.

Since Advantage Butte is a 100% volunteer organization, all money raised goes to the successful bidding and hosting of tournaments. Advantage Butte has always relied on donations from the Butte business community to create economic development.

## MEASURING IMPACT

The Montana Chamber of Commerce has established a formula to assist communities in measuring the economic impact generated by sporting events.

- Each team member is valued at \$100 per day. (avg. team is 18 players)
- Each team brings 2 fans per athlete -- the exception to this is the class C boys' basketball, the largest single basketball tournament in the state. Each fan is valued at \$100 per day.

## 2022-23 ECONOMIC IMPACT

Using these formulas, we have determined the economic impact of the events which we are supporting over the current school year:

• Montana Tech Big Sky Volleyball Challenge	\$ 275,000
• Butte Central Bloctober Volleyball Classic	\$ 300,000
• District 12C Boys' & Girls' Basketball	\$ 225,000
• Western C Divisional Boys' & Girls' Basketball	\$ 300,000
• Class AA/B Boys' & Girls' State Track	\$ 650,000

**Total \$1,750,00**

*Advantage Butte is dedicated to supporting events that provide our community with an excellent return on investment.*

Advantage Butte's successes since its inception in 2004, over \$44 million dollars in economic impact to our community while hosting over 160 tournaments.

Tournament bids and contact committee is chaired by Ron Davis. Ron is owner and General Manager of KBOW and KOPR radio stations. With 39 years of experience broadcasting radio and television sports, Ron is well known in the sports community. Ron has worked with the Montana High School Association on many different areas of high school sports and brings a great understanding to bidding tournaments to Advantage Butte.

Without the tireless efforts of our board and membership, financial support from Advantage Butte and the cooperation of other entities, many of the tournaments that we have supported may have ended up hosted in other Montana cities.

Advantage Butte works hand in hand with many other local entities to host events often dubbed the best in the state by participants, attendees, and officials. With an active membership who not only participate financially, but also with time and effort, we truly believe that we have a world-class organization.

# Butte-Silver Bow Convention & Visitors Bureau (CVB)

The Butte CVB and TBID promote Butte’s tourism assets available for visitors to enjoy with the goal of keeping people in our community longer to spend money in restaurants, retail, attractions, and overnights. Promotion is primarily done through targeted digital, online, and social media platforms to entice individuals with interests corresponding with Butte’s offerings to visit. Butte works closely with the larger entities of BrandMT (Montana Department of Commerce) and Southwest Montana, the travel region Butte is located, in joint venture programs to allow promotional dollars to go further.

The Butte CVB is funded through the 8% “bed tax” collected by lodging properties; hotels, campgrounds, and short-term rentals (Airbnb and VRBO). The “bed tax” is divided down with 3% going to Montana state general fund, 1% to fund Montana Heritage and Historic Preservation projects. The remaining 4% is further divided down to assist in funding: MT Department of Commerce (including the Montana Film Commission), MT Fish, Wildlife and Parks, MT Heritage Preservation and Development, Montana university system for travel research, MT Department of Commerce, Aquatic Invasive Species, MT State Parks, Indian tourism region, 6 tourism regions and 17 Convention & Visitors Bureaus (CVB). Butte’s CVB received \$184K for tourism promotion for fiscal year 2023.

An annual marketing plan is developed to expend bed tax dollars with final approval given by the Governor’s appointed Tourism Advisory Council. At the end of each fiscal year, an extensive audit is conducted on all bed tax expenditures followed by an evaluation on expenditures is completed to review the success or failures of projects.

Besides promotion, bed tax dollars are spent to support administrative expenses, and research to assess where visitors originate, where they go, and their expenditures. One of the funded research projects is shown below on

Butte has benefited greatly from the entertainment industry with the filming of 1923. Butte will continue to pursue additional projects in the entertainment industry to include film, television, commercials, and photo shoots. Another niche market for Butte is paranormal tourism. The assets in Butte are perfect for tours and a convention market targeting this new trend.

## Butte Tourism Business Improvement District (TBID)

The Butte Tourism Business Improvement District (TBID) was created in July 2011 at the request of Butte hoteliers, to build a promotional fund to increase hotel guest room sales and revenue. In June 2021 the TBID was extended to continue for another ten years with support from local hoteliers and subsequent Butte-Silver Bow Council of Commissioners. The board of trustees who oversee the TBID budget is comprised of hotel owners or designees and are appointed by the Butte-Silver Bow Chief Executive.

Butte lodging facilities will continue to collect \$1.00/occupied guest room/night from hotel guests. These funds are billed with the Butte-Silver Bow November property tax bills. From October 1, 2021, to September 30, 2022, Butte collected over \$279K. Annually a budget is produced and presented to the Butte-Silver Bow Council of Commissioners and Chief Executive for their review and approval.

The TBID accepts grant applications for promotional funding of events, tournaments, and special projects in two funding cycles; January and June, with award decisions made by the board of trustees, comprised of hoteliers in the Butte market. Grant award decisions are rendered 30 days after the final submission date.

# Butte 100 - July 22

photo by: Valerie Manne-Digital Spark Creative

We will be celebrating the 16th Annual Butte 100 Mountain Bike Races on July 22, 2023. Starting in 2007 as a small group of mostly locals, the Butte 100 has seen substantial growth in its short history. The race has recently been recognized in nationwide publications as an ultimate test of mountain biking physical and mental aptitudes. A focus of the volunteer-staffed race is continued improvement in racer experience each year. The Butte 100 is proud to be contributing to the growing awareness of Butte, Montana as a world-class recreation city.

Though this entire event is named the "Butte 100", it consists of three individual races: the 25 mile, 50 mile and 100 mile, run in conjunction and support of the other, sharing portions of course, supplies and aid stations and the start/finish area. The trails are the "Most difficult mountain bike race in the country. The race course is staffed by the "Neon Army" an army of volunteers who were honored by the Butte Local Development Corporation as "Volunteer Group of the Year for 2016".

The 100-mile racers will endeavor to complete a full figure-8 course that includes pedaling the equivalent of climbing Mt. Rainier. Only the 100s will experience the desert riches awaiting them in the BLM's Pipestone area. As the 100s are hammering the top portion of the "figure-8," the 50-milers begin the daunting southern portion of the "8." The 100s return through the start/finish area before taking on the now warmed-up southern loop.

The 50-mile course (south loop) is known for the notorious 6-mile Basin Creek Climb that looms over all racers—50s and 100s alike—half-way through the loop. The first male and female in both races to the top are rewarded with King & Queen of the Mountain honors. Those surviving this and the ensuing "8 Miles of Hell," are greeted with a silky 35-mile stretch of single-track on the USFS maintained Continental Divide Trail—the jewel in the Butte 100s crown. A downhill finish reawakens racers from their trail trance and wills them across the finish line.

The Sorini 25, which was added in 2015 was named after Dr. Peter Sorini, who raced in the 50 and 100 mile races numerous times and supported the Butte 100 since day one, gives the racers another option. This year the race will have a new course with a 5000-foot elevation gain. Dr. Peter Sorini passed away on February 8, 2016, after a 14-month battle with brain cancer.

The Butte 100 is incredibly proud to have developed one of the

nation's best mountain bike race events, attracting the highest caliber of racers from across the country and Canada. More so, the race is just as proud of the positive effects the race has had on our community, including its contribution to conversations spotlighting Butte's abundant recreational opportunities.

The 50 and Sorini 25 sell out each year. To register for the race or to be a volunteer, check out their website at [www.butte100.com](http://www.butte100.com).

# Montana Folk Festival

photos by: Meagan Thompson

FESTIVALS

The Montana Folk Festival is set to return to Uptown Butte for its 11th presentation this July 14, 15, and 16. After three years as the National Folk Festival from 2008-2010, this will be the 14th presentation of this much anticipated event.

The festival is a three-day celebration of traditional music, dance, arts and ethnic cuisine. Admission to all is free for all performances and exhibitions.

The festival is one of the largest free of admission outdoor events in the Northwest, attracting well over 150,000 attendees each year from throughout Montana and surrounding states and Canada.

This signature event at the beginning of the summer season has grown to become a major economic and cultural magnet for Butte and Southwest Montana.

While admission to all performances is free of charge, attendees are encouraged to consider a suggested \$20 contribution each day of the festival weekend or \$25 for families each day to keep the festival free in future years.

In 2023, the festival will include multiple stages featuring the talents of more than 200 artists presenting music and dance performances and moderated talk/demonstration sessions, a Dance Pavilion, a Family Area, a Montana Folklife Area, regional and ethnic foods, and a festival folk arts market and the First Peoples' Market that features the creative works of the region's Native American artists.

The musical lineup, when announced in the spring, will be available at the festival web site at [www.montanafolkfestival.com](http://www.montanafolkfestival.com) and on facebook at [www.facebook.com/mtfolkfest](https://www.facebook.com/mtfolkfest).

The festival will also feature the popular Montana Folklife Area with demonstrators to emphasize and interpret a selected theme that shines a light on an aspect of Montana's heritage and lifeways.

Each year, we focus on a theme that highlights an important aspect of Montana's heritage," said George Everett, Festival Director and Festival Executive Committee Member.

The theme when selected later in the Spring will guide the activities, displays and demonstrations of the popular Montana Folklife Area and will include demonstrations and displays by a variety of Montanans who have contributed to the vitality and culture of the West.

"Meanwhile, musical performers on multiple stages will continue to represent musical traditions from around the world that have contributed

to the heritage of our nation on the six performance stages," Everett added. "The quality and excitement that fans have come to expect at the festival and the rich variety of the performers will continue. Attendees should come expecting to be amazed -- and bring their dancing shoes."

While the festival remains free of admission to all, fundraising efforts are underway and sponsors are being sought. A challenge grant is underway to match a generous \$100,000 challenge from the Dennis and Phyllis Washington Foundation and Montana Resources, major sponsors of the festival.

Anyone interested in sponsorship opportunities or contributing in any way to ensure that the festival continues in this and coming years can visit the festival website for more information or they can send tax-deductible contributions large and small to Montana Folk Festival, P.O. Box 696, Butte, MT 59703 or through the PayPalGivingFund by going to [paypal.com/us/fundraiser/charity/1876197](https://paypal.com/us/fundraiser/charity/1876197).

The Montana Folk Festival is presented by a collaborative of partners led by Mainstreet Uptown Butte in partnership with Butte-Silver Bow County. Artistic programming assistance is provided by the National Council for the Traditional Arts ([www.ncta-usa.org](http://www.ncta-usa.org))

Look for details as they develop at [www.montanafolkfestival.com](http://www.montanafolkfestival.com) or on the festival's Facebook page at [mtfolkfest](https://www.facebook.com/mtfolkfest).

# Serbian Food Festival

You are invited to a unique opportunity to experience the tastes, sounds, and smells of Serbian cuisine and culture that you will find at once exotic and familiar. Enjoy the beauty of ethnic dancers and music, and perhaps even accept an invitation to get up and join the dancing! Wear yourself out, then recharge with a delightful selection of Serbian staples and delicacies that will put enough spring in your step to get you up for a second round of dancing.

This is a community-building event that aims to draw neighborhoods together in a safe environment where a fascinating aspect of our city's great heritage is preserved and presented to all. Fine food, fellowship, and great fun in a relaxed outdoor atmosphere make the Serbian Food Festival a highlight for the whole family.

While your five senses will be fully engaged by the Serbian food, music, and dancing, the experience doesn't end there. You will have the opportunity to engage your intellect with introductions to theological concepts in the Orthodox Christian Church, one of the two largest churches on

**HOLY TRINITY ORTHODOX CHRISTIAN CHURCH**

the planet, boasting a clear historical record dating back over 2,000 years. Orthodox Christianity is one of the fastest-growing churches in the USA, and the orthodox church in Butte has been growing at nearly 25% a year for the past ten years! This fact alone makes the church an object worthy of your exploration.

Immerse yourself in the beauty and mystery of ancient Christian art as you enjoy a tour of the stunning interior of the church, which is fully frescoed with Orthodox iconography and framed by sparkling stained glasswork. Just standing and gazing at the beautiful panorama from inside the church is a moving experience, but you will also have the opportunity to hear ancient Orthodox Christian chanting.

Holy Trinity Serbian Orthodox Church is a jewel of the state tucked away in beautiful Butte, America.

Mark your calendar and plan to come and visit on Saturday, August 5, 2023. We hope to see you there.

Since September 2019 the water is being treated and discharged downstream. The Pit with its water and colorful landscape can be seen via a visitor viewing stand. Today, open pit mining continues behind the Berkeley Pit in the Continental Pit operated by Montana Resources, employing 350 people year-round. # Golf

Butte is the home to two golf courses: Highland View municipal course and the Butte Country Club course.

As the name suggests, Highland View has a wonderful view of the Highland Mountains south of town. The regulation nine-hole course was built in 1939. It is a par 35. This course has two challenging par 3 holes. Small greens require accuracy and different tees are used for the back nine. It takes about two hours to play even when busy. The par 3 course was built in 1980, and has a full swing on every hole. The greens are excellent with a lot of character. It's great fun for all members of the family and a nice walk in the park.

When it comes to indoor golf, no other place compares to the recently completed Highland View Clubhouse. With two Tracman Golf Simulators, golfers can practice all aspects of the game with access to over 200 golf courses. Grab a couple pals and enjoy the game in a controlled environment and assistance from our Professional Staff. After indoor or outdoor golf relax in the Jack Crowley Jr. clubhouse or sit on the deck overlooking Butte's Highland Mountains. The Back 9 Sports Bar and Grille is now open in the clubhouse.

The course is host the Men's City Championship in July and the Bonnie Highlanders Women Invitational in August, along with local charity fundraiser golf tournaments. Highland View is located in Butte's Stodden Park. The park entrance is off Dewey Boulevard on South Utah Avenue. The Butte Country Club is a member-owned private country club that provides its members golf, racquetball, swimming, simulation golf, and fine dining opportunities. The course is an 18-hole, challenging par 70. The club also provides a driving range to master technique or warm up before a round.

The Butte Country Club is located at 3400 Elizabeth Warren Ave. Both of Butte's courses offer golf lessons.

Less than 20 miles outside of Butte, there is another option for golfing at Fairmont Hot Springs Resort. Fairmont's golf course features an outstanding 6,741 yard, 18-Hole, par 72 layouts. Fairmont's "mile high, mile-long" 5th Hole is recognized as one of the most challenging among Montana golf courses. The green is a mile high and the tee box is 649 yards away, making this par 5 one of the longest holes in Montana. Fairmont's 3rd hole features Montana's largest green, a three-tiered 10,000-square-foot putting surface.

Over the last three seasons, Fairmont completed over \$2 million in renovations to the golf course. Projects included rebuilding all of the golf course's bunkers, rebuilding tee boxes and several greens, upgrading the driving range and completely replacing the irrigation system with a state-of-the-art system. Tee times can be booked online.

Montana Tech disc golf course is located just west of the Natural Resources Building. The 18-hole disc golf course is located within Montana Tech's Whiskey Gulch Mountain Bike Skills Park. The course is open to the public and Montana Tech's Folf Club hosts tournaments and competitions at the course.

Connecting Rail and Road

# THE PORT OF MONTANA

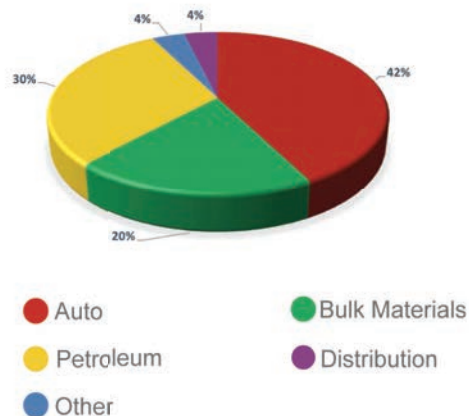

The Port of Montana is located within the Montana Connections Business Development Park, just minutes from the I-90 and I-15 interchange and is served by two Class 1 railroads, the Burlington Northern Santa Fe and Union Pacific. This industrial transload center leverages rail and highway access to directly benefit businesses throughout the region.

The Port offers the businesses opportunity to take advantage of the lower cost of rail transport even if they are not located on a rail siding themselves. The Port provides transloading and warehouse solutions for companies looking to ship, receive and distribute commodities or goods in Montana. These valuable services along with over 30 years of experience help save shippers time and money.

The Port transloaded 6,705 trucks and 3,054 railcars during the year. Autos were distributed throughout Montana from the Port; over 10,000 vehicles were unloaded and shipped from the facility during the year.

2021 brought great expansion to the Port of Montana. The Port of Montana in partnership with Butte-Silver Bow embarked on an \$8M rail infrastructure project. This project constructed 20,000 track feet of rail for transloading and rail operations. This expansion will dramatically increase the rail footprint at the Port and the number of railcars that can be accommodated. Since the track construction was completed, the auto-yard has already expanded and Toyota is now transloading railcars at the Port of Montana in addition to General Motors. Additional projects are on the horizon and the Port looks forward to exciting growth for 2023.
