

Butte Schools District Calendar 2021-2022

From Butte Central Catholic Schools President, Don Peoples Jr.

As we prepare for the 2021-2022 school term we are proud to welcome many new students and families who will be joining our Butte Central Family and Community. We are also thrilled to continue to expand the use of the technology in our curriculum and in our classrooms. The generosity of Roy Simperman, from the class of 1958, has been a driving force in this area. Through his continued support, Butte Central Catholic Schools are fully equipped with state-of-the-art technology in all classrooms.

When school begins this fall, our students will experience several new programs. At Butte Central Catholic Elementary, we are excited to add a new K-8 math, a new 7th-8th English program, a new 8th grade social studies program, and a new reading program for the Esther Cote Resource Program. We are also thrilled to add a full music program and an introductory Spanish program for our 7th and 8th graders.

At Butte Central Catholic High School, our students will experience one of Montana's best college credit programs. Our students will have the opportunity to take over 70 college courses through Montana Tech College and Great Falls Community College of the Montana University System. BC students now have the opportunity to earn an associate degree in several programs.

The Bishop Thomas Scholars Academy, which is open to freshmen through seniors, will begin its 5th year as Montana's best college preparatory program. The program is designed to improve college placement scores and prepare students for college and career successes. This highly successful program will also continue at Butte Central Catholic Elementary with the Junior Bishop Thomas Scholars Academy for 6th-8th graders.

Most importantly, we will continue to include prayer and community service in our programs. Our students will learn and grow in a community of faith centered on the proud traditions of the Catholic Church.

We are BC!

Don Peoples, Jr., President,
Butte Central Catholic Schools

From Butte Public Schools Superintendent, Judy Jonart

Dear Families,

Once again it is my privilege to welcome you to a new school year which holds the promise of yet another extraordinary year of opportunities and possibilities for all our students. We were all uplifted by our success in 2020-2021 as we were able to offer in-person instruction and we look forward to an even more complete return to normalcy for the 2021-2022 school year. However, the success to the upcoming year is largely dependent on our commitment to community-wide vaccination. As never before, education hinges on parents and the community; we literally can't stay open without COVID-19 immunity.

We know that our parents can help us achieve this as Butte is one of the leaders in state-wide immunity percentages but there is still more that we need to do in order to reach that recommended 85%. Everybody wants to see our kids safe, especially as we start back to school so please remember, vaccination is our front-line defense against COVID-19.

With the emphasis on student health and safety, we plan to return to our normal, five-day, full-time schedule. We remain committed to all health and safety protocols established during the pandemic, and as in 2020-2021, we have a tiered intervention plan for continuing education in the event of an outbreak. But for right now, we are committed to that return to normalcy and that is cause for celebration. We will continue to keep you updated on any changes that may occur prior to the start of the 2021-2022 school year. Details regarding health and safety procedures and protocols can be found on our website at www.bsd1.org

We also have much to celebrate in regards to our building upgrades. We have enhanced our building safety design in all elementary schools, and we continue to progress towards the completion of our remodeling project at East Middle School. Again, parents and community took the lead here in approving the mill levies that financed these improvements. I am so appreciative of all your support!!!

With your help and support, we hope to make 2021-2022 our best year ever!!!. We are going to stay open, we are going to remain healthy, and we are, as always, going to provide our kids with a quality, rigorous, and student-centered educational experience!!!

Thank for getting vaccinated and keeping you, your families, our children and the entire Butte community healthy and safe!!

Together we are Butte School District PROUD!!

Sincerely,
Judy Jonart
Superintendent

Providing Butte School District Students with 21st Century Skills

In today's knowledge-based economy, the types of skills our students need to succeed are very different from what we needed in the past. Reading, writing, math, science and history remain the foundation to our education, but broad access to information by way of the Internet has changed how students get their information and the skills they need. (see below)

The Butte School District combines the basic skills of the past with newer skills that are necessary for students to succeed in the workforce of the future. Each of the 21st Century skills is unique in how it helps students, but all are essential in the informational age. The following is a brief summary of the 21st Century skills that are integrated throughout our entire K-12 curriculum.

- **Critical thinking and problem solving:** Solving complex problems are key skills that students will need for high-skilled jobs.
- **Creativity and Innovation:** Employers want employees who can think creatively to find solutions to problems. Creativity empowers students to see concepts differently which leads to innovation.
- **Collaboration:** Students need to learn how to work together and reach compromises to achieve the best possible solutions. Students must have a deep understanding and commitment to the idea of the "greater good".
- **Communication Skills:** Students need to learn how to effectively articulate ideas and concepts to diverse groups of people. Good communication is one of the most important soft skills students can bring to the work place. Good communicators are valuable members of any department or company. Oral and written communication are critical 21st Century skills.
- **Media/Information Literacy:** These are foundational skills that help

students understand facts, figures, statistics, data, publishing methods and sources. Students learn how to analyze publishing methods and sources in order to accurately identify those that are credible.

- **Technology Literacy:** Students learn the basic information that they need to understand computers, cloud programming, and mobile devices in order to adapt to an ever-changing world. Understanding how technology works is critical in order to succeed in the Information Age.

- **Life and Career Skills:** Students must develop adequate life and career skills that include; flexibility and adaptability, initiative, self-direction, accountability, leadership, responsibility and citizenship.

The Butte School District realizes the importance of creating 21st Century learning environments that are student centered and that empower students to be active participants in the learning process. We are committed to designing learning environments that are safe, secure, and that celebrates the unique talents of every student.

Butte School District Phase III Plan 2021-2022 School Year

Focus on Health and Safety:

- Phase III was designed taking into consideration the unique needs of each grade level and include safety measures that will help keep our students and staff safe.

Focus on the Individual Student:

- Phase III includes a plan to provide extended learning opportunities to ensure all students meet or exceed proficiency in all content standards.

Focus on building strong family and student relationship:

- The District will, in partnership, with state and local agencies continue to provide social emotional support programs for all K-12 students.

Focus on Nutrition:

- The Butte School District will continue to offer the "Breakfast After the Bell Program in all schools. The Butte School District will apply for the Seamless Summer Option during the 2021-22 school year. This option will allow the district to offer free meals to all K-12 students regardless of income.

Focus on Technology:

- Phase III includes the on-going implementation of our student laptop program.

Focus on Training:

- Phase III includes training for all student, staff, and parents regarding COVID-19.

Focus on Flexibility and Consistency:

- Phase III is designed to allow for a smooth transition into the new school year with little or no disruption to instruction.

Prepare for College

Freshmen & Sophomores

Get familiar with the college prep curriculum if you plan to attend a four-year program in the Montana University System. Outline your plan with your counselor.

- Organize your assignments and activities using a student planner or a system that works for you.
- Get involved in extra-curricular activities.
- Find out about college prep courses. See which Advanced Placement, Running Start, Tech Prep or International Baccalaureate courses are offered at your school. If they aren't offered at your school, talk to your counselor about your options.
- Take PSAT 10 as practice for the PSAT test your junior year. (PSAT scores count for National Merit Scholar consideration in your junior year.)
- Research potential careers you might want to pursue, and postsecondary institutions where you can gain the required skills.
- Talk to your parents about your plans for after high school.
- Save for postsecondary education.

Juniors

Enroll in college prep courses. (Advanced Placement, Running Start, Tech Prep or International Baccalaureate). If they aren't offered at your school, talk to your counselor about your options.

- Register for the PSAT in the fall. (Scores count for National Merit Scholar consideration.)
- Take the SAT or ACT in the spring.
- Research careers of interest to you, and explore postsecondary institutions where you can gain the required skills.
- Begin searching for scholarships to help you pay for postsecondary education. Some deadlines come earlier than you might think, so don't delay. Use our Scholly app. Free access provided courtesy of Reach Higher Montana.
- Attend a financial aid night at your school. It's not too early to be learning about your options to pay for your education.
- Plan visits to the campuses of colleges you are interested in attending.
- Save for postsecondary education.

Seniors

Visit with your counselor to make sure you are meeting all of the requirements of the postsecondary institution you want to attend.

- Continue to take college prep courses. (Advanced Placement, Running Start, Tech

Prep or International Baccalaureate). If they aren't offered at your school, talk to your counselor about your options.

- Complete the Free Application for Federal Student Aid (FAFSA) as soon after October 1 as possible. Check with your school regarding the priority FAFSA filing date at that institution.
- If you need help filling out the FAFSA, look for a Reach Higher Montana FAFSA Help event in your community, or contact the Reach Higher Montana advisor in your area.
- Take the SAT or ACT in October or November.
- Continue to research and apply for scholarships to help you pay for school.
- Check with schools you are interested in attending regarding application and other important deadlines.
- Create a planner on which to log all important dates and deadlines.
- Attend college application nights and college fairs.
- Send high school transcripts to colleges with your initial admissions application in the fall, and send your complete transcripts after final grades and graduation status are recorded.
- Register for selective service at the post office or online. This applies to males, 18 years of age. (You can't receive financial aid if you don't register.)
- Attend financial aid nights at your school.
- Check your Student Aid Report (SAR), sent via email. The SAR is the U.S. Department of Education's summary of information you submitted on the FAFSA and provides an estimated Expected Family Contribution (EFC) and estimated Pell and loan eligibility. Make sure your colleges of choice are listed. If corrections or updates are needed, complete them as soon as possible.
- Evaluate financial aid packages offered by the schools to which you applied. Accept only the aid you need.
- Expect to hear whether you have been accepted to colleges by April 15. Compare the acceptance letters, financial aid and scholarship offers. Reply promptly to acceptance letters from colleges. Pay a non-refundable deposit to your selected college for tuition and housing for your freshman year.
- Participate in summer orientation programs for incoming freshmen.
- Save for postsecondary education and create a budget. Live like a student.

About Butte Central Catholic Schools

Mission Statement

Through the generosity of its Catholic parishes and numerous alumni, Butte Central Schools serves all committed families in Butte by providing an outstanding preschool through high school Catholic program. Accessible to all families, the schools are committed to providing an excellent education in an environment of Catholic faith and moral values. Butte Central Schools prepare students for an exciting future by building partnerships with families, parishes, and the wider Butte community. Through academic, religious, and co-curricular programs, Butte Central strives to produce leaders in the Church and in society.

Vision Statement

Butte Central Catholic Schools were founded in the 1880's to serve the children of Butte's Catholic minders. For over 135 years, Butte Central has thrived with a remarkable resilience and a tremendous spirit of survival. Personal attention, high expectations, strong discipline, teamwork, Christian values, and a powerful drive toward excellence speak to Butte Central's motto of pride, tradition, and commitment.

Philosophy

The course of study at Butte Central Catholic High School is designed to provide an education that is both Christian and humanistic in its scope. Because most of our students choose to continue their education at the college level, we place emphasis on developing the skills necessary for the successful completion of college. We emphasize, not just the subject matter, but critical thinking skills, collaborative learning, and the "how to" of successful scholarship. We know that teaching, like learning, is accomplished in a variety of ways, therefore we concentrate on keeping our students at the center of instruction and on promoting excellence. In the tradition of Catholic education, we build on faith and commit ourselves to excellence. Through this environment, we integrate academics with athletics, with art and music, with writing, as well as critical thinking and with public speaking. We resolve to develop young learners who understand social justice and responsible action. Parents and students, we suggest that you take the courses that best suit your needs, your abilities, and your plans for the future. Talk to your teachers, school counselor or administrator for guidance in selecting your course of study. Finally, testing at the high school level is important for entering colleges and universities. All students will test throughout their four years of high school and are encouraged to take it seriously. The SAT and ACT are currently used by most colleges and universities for entry.

Butte Public Schools - Mission, Vision and Beliefs and Values

Our Mission

Butte Public Schools will create, in partnership with our staff, families and community, challenging opportunities for all students to be successful as they become responsible and contributing citizens, and master the knowledge and skills essential for life-long learning in our changing and diverse world.

Our Vision

Butte Public Schools will create a progressive, educational environment in which each day, each student achieves success in a safe, positive, supportive and orderly learning environment.

Our Beliefs and Values

- A safe and caring environment will exist in all schools.
- Education will be a primary responsibility and investment of society.
- Butte School District No. 1 staff members are valued. Staff members will be involved in professional growth and development activities.
- Students' self-esteem is important; they will feel valued as human beings and successful as learners.
- All students will learn to become responsible partners in their education and contributing members of their community.
- Students will develop a foundation of technological knowledge that will enable them to access, use and evaluate information.
- Cultural and social diversity are strengths – feelings and beliefs of others will be respected.

What is Kindergarten Readiness?

Language & Literacy

- I identify and name 12-15 letters
- I correctly match letters
- I sing/chant ABC and number songs while pointing to letters, numbers
- I can recite 6-10 rhymes
- I can identify the beginning sounds in words
- I hear my parents speak to me about 30 times an hour
- I speak using complete sentences with few inaccuracies
- I may print my first name using upper and lower case letters

Math & Reasoning

- I count in order to 20
- I match number shapes from 1 to 12
- I copy, trace and/or draw letters, numbers, and 2D shapes
- I know 12 colors.
- I name and sort objects by color, shape, and size
- I recognize numbers and quantities to 10
- I create and repeat 2 to 3 step color patters.
- I play memory games

Social & Emotional

- I "settle in" to new groups or situations with minimal stress.
- I play cooperatively with two or more peers
- I focus on a task for at least 5 minutes, persisting even if there are problems or distractions
- I remember and follow 3-step directions
- I obey simple rules
- I take care of my dressing, hygiene, and toileting needs
- I clean up after an activity
- I show kindness and empathy to others

Don't forget to get your child registered for Kindergarten.

Requirements:
Your child has had his/her 5th birthday
by September 10th

These are readiness skills recommended
by the Children's Reading Foundation

Enrollment & Vaccinations

You need to bring the following:

- Copies of the child's birth certificate
- Immunization records
- Parent, legal guardian, or legal custodian must be present at the time of enrollment

Current list of immunizations required according to the Montana Department of Public Health and Human Services (DPHHS).

- **Polio:** 3 doses and at least 1 does after the 4th birthday.
- **DTP/DT/DtaP/Td:** 4 doses and one dose must be given after the 4th birthday
- **Tdap/booster:** 1 dose (Prior to entering the 7th grade a pupil must receive a dose of Tdap containing vaccine. This Schedule applies to pupils who have completed the prior 4 doses listed above.)
- **MMR:** Dose 1 on or after the first birthday and dose 2 prior to kindergarten entry. A pupil entering any grade from 7 to 12 who has not already received the 2 required doses at kindergarten age must receive the second dose
- **Varicella:** 2 doses prior to entering kindergarten

The vaccines are available from your private health care provider or the Butte Silver Bow Health Department on an appointment only basis. Contact 497-5026.

If a child has not completed the minimum vaccination series required by Montana Law, a Conditional Attendance Form, No. HES 103-1B should be completed and attached to the Blue immunization Form (HES-101). If the pupil received at least one or more doses of the required vaccine, he/she can conditionally attend until the next dose is due. In order to remain in school the student must continue to receive all remaining doses as specified on the conditional form. If the student fails to complete the immunizations within the time period indicated, he/she must either qualify for or claim an exemption or be excluded immediately from school by the school administrator or the person designee.
