Getting Internet Service supplied to your home!

Internet Access is critical to students and yet some in our community are without adequate access needed for this delivery model. Davenport Community Schools has taken steps to reduce this barrier for students and families. We will continue to find ways to partner with families and other community groups to assist in ensuring equity of access.

Your household may qualify for our home Internet program if you meet all of the following criteria:

1. Live in Davenport, Blue Grass, Buffalo, Walcott, or within the school district boundaries) where Mediacom offers internet service (generally, Mediacom's network is available within city boundaries; we can check to see which addresses are located within the network)
2. Have at least one child who qualifies for free or reduced-price school lunch through the National School Lunch Program (NSLP)
3. Are not currently receiving Internet services from any providers.
4. Have NOT subscribed to Mediacom internet service in the past 90 days
5. Do not have an outstanding Mediacom bill or unreturned equipment.

If families are in need of internet access, please contact the District Office at:

DCSDConnect@DavenportSchools.org or Call 563-336-7929.

Please provide your name, your students name, your full address and your phone number.

The district has also enhanced Internet access to portions of school parking lots at 15 locations spread across the district including the ASC: Buchanan, Blue Grass, Eisenhower, Fillmore, Garfield, Hayes, Mid City, Monroe, North, Washington, West, Williams, Wilson, and Wood. These enhanced access points provide families with free internet access from these Wi-Fi zones between 6:30 a.m.-9 p.m. daily. Those utilizing a Wi-Fi zone are able to do so from their vehicle in order to maintain appropriate social distancing efforts.
