CAREER AND COLLEGE FASHIONS

When School Bells Ring Do Something About Smoke Rings

"To smoke or not to smoke" — that is the question! For no previous generation has the question to smoke or not to smoke been such a serious one.

Adults walk around saying to the young . . . "that's a filthy habit." However, how many parents are not practicing what they preach."

Now, there seems to be scientific evidence stating that cigarette smoking is harmful to health. Though arguments still rage, the weight of opinion, based on evidence that is awfully hard to refute, indicates that smoking greatly increases the incidence of lung cancer, the death rate from coronary disease and the seriousness of such ailments as peptic ulcer and chronic bronchitis, and, in general, shortens life.

Teen-agers and more and more junior High students are making cigarette smoking a reguational Health Agency on Smoklar habit. For instance, the Nating questioned 22,000 students in Portland, Oregon and found that one out of every four high school boys and one out of every eight girls smoked. The number of smokers increased with every year of high school so that among 35.4 percent of the boys smoked and 26.2 percent of the girls. Youngsters whose parents smoked were more likely to take up the habit than others.

In Newton, Massachusetts, the results of a survey were just as startling. Of 6,810 high school students, a quarter of the boys and a fifth of the girls smoked when all grades from the seventh through the twelfth were considered.

Why not smoke? It looks neat! It's something that gives a boy or girl a sophisticated air about them.

Well . . . maybe teenagers or young Junior High School students shun the fact that ten times as many smokers as non-smokers die of lung cancer.

Maybe, they turn their backs when they see that excessive smoking of cigarets has been associated with death from heart disease.

Do you think cigarets are that sophisticated to risk your life? Dr. C. Van Proosdij in his book, "Smoking" states, "When all is said, tobacco smoke has conquered the world, not just any kind of smoke, and hot air still less.

Before you go back to school — clear the air — don't smoke! For more information on Facts in the Cigaret Case write to: Minnesota Heart Association, 1821 University Avenue, St. Paul 55104.

ST. CATHERINE CONCERT SERIES

A new and different kind of concert series will be added to Twin Cities musical life this season when The College of St. Catherine's 1968-69 concert series opens in St. Paul on Monday, Oct. 21. Four concerts of varied and contrasting character will be offered at Jeanne d'Arc auditorium on The College of St. Catherine campus.

Artists and groups appearing include a chamber orchestra never before heard in North America, a jazz ensemble with unusual instrumentation, a pianist of international reputation, and an Indian musician whose father taught the legendary Ravishankar.

In announcing the series, Dr. Paul McIntyre, chairman of the music department at St. Catherine's, emphasized that every effort was made to avoid entering into competition with other performing organizations and concert associations in the area.

The series opens on Monday, Oct. 21, with a concert by the Mitchell-Ruff Trio, a modern jazz ensemble starring Dwiki Mitchell (piano) and Willie Ruff (French horn and bass) in an evening of music which is classical in concept, but sensationally modern.

On Monday, Nov. 11, the Hungarian born pianist Lili Kraus will present an all Schubert program. Miss Kraus' playing has been widely admired by record collectors for many years prior to her recent American appearances. This will be her only appearance in the Twin Cities this season.

Ali Akbar Khan is an Indian musician generally recognized as the world's outstanding virtuoso of the sarod. His concert on Tuesday, March 4, in which he

will be accompanied by Mahapurush Misra on tabla, will add a particularly exotic dimension to the series.

The final event on Thursday, April 24, will be a concert by the Chamber Orchestra of the Saar a widely-renowned European ensemble rounded by the late Karl Ristenpart and now under the direction of Antonio Janigro. The group is making its first U.S. concert tour.

Tickets are available to the general public. Write to: Concert Series, The College of St. Catherine, 2004 Randolph, St. Paul, 55116.

HAIR MAGIC

FIRST LESSON: THE FOUNDATION

Everything's built on a foundation. If this is your first year of college, you're counting on the "foundation" of knowledge you built in high school. Well, looking your loveliest requires a steady foundation, too. And if you want to get off to the right start, start right here in the Beauty Salon! With swift, sure steps we'll put your head on the path to popularity.

FIRST IMPRESSIONS: "DO"

Remember that handsome boy on the bus? Bowl him over with a new hairstyle when he meets you in class! It's the beautiful bonus at the end of every permanent wave we give . . . the final touch that brings out every lovely idea we had in mind in the first, second, and third "lessons". See how we "lift" your locks, making the most of that gleam in your eye . . . how we shape your hair to show your lovely neck and chin. Pure magic, you'll say, when you see yourself in the mirror.

VERY LITTLE HOMEWORK

Now that we've cut, conditioned, shaped and waved your hair, you'll get by with a bare minimum of pin curls and a maximum of compliments. (Even Teacher's impressed!) Primary step to that success look.

(junior high), and the Youth Symphony (high school) — the organization is made up of over 200 young musicians from St. Paul, Minneapolis and surrounding suburbs. Not affiliated with any public school system or other organization, the non-profit Metropolitan Youth Or-

chestras were established to provide unusually challenging opportunities to gifted musicians in the nine through seventeen age group.

Acceptance into the Metropolitan Youth Orchestras is through auditions only. Musicians must take private music lessons, remain members of their own school bands or orchestras

and attend rehearsals and concerts regularly to sustain their membership.

Managing Director of the Metropolitan Youth Orchestras is Mrs. Arthur Schulz who makes all arrangements for auditions and concerts. She may be reached at 722-9446 in Minneapolis.

By C. L. Van Duzee
HIGHLAND DRUG CENTER

It has been a good summer in lots of ways. One was that you did not well have to endure this column. There are a lot of topics we shall discuss in future columns, and we hope you find them informative.

How did your picture-taking go this summer? Did old Betsy hold up well or were you disappointed with the results? If you have a camera of rather recent vintage and it acted up, now is the time to have it checked—while you are thinking about it. Regular maintenance of your camera is as important as regular oil changes in your car, and shutters do need periodic cleaning.

If you have a real oldie, maybe it is time to get a new camera. The maintenance required on older models is sometimes more than it is worth, and the money one would spend to have Old Faithful given a shot in the box might be better spent as a down payment on an up-to-date brand new model.

Bring your camera in to Highland Drug Center and ask our opinion. While we would be happy to sell you a new camera, you can rely on our honest opinion about the condition of your present one. Then you decide.

Do you shoot 35mm slides? Have you heard of ESP? No, not THAT ESP. We mean Ektachrome Special Processing. This allows you to shoot High Speed Ektachrome, daylight, at 400 ASA, and Type B at 320 ASA. This enables one to shoot the Vikings or Twins in color at night games, to use fast shutter speeds with tele lenses in very dim light, or to combine fast speeds with a small opening for depth of field under adverse conditions. Ask us about it.

Speaking of slides, have you tried Agfachrome? It is recognized throughout the world as about the best color slide film there is. Honest color, great latitude in the shadows, pure greys, browns, neutral colors. Kodachrome II may be the film sold the most, and there are several reasons for this. One is that it

IS a good film. Another is the power of advertising. Like there is only one Cola drink—you know?

The great majority of those who try a couple of rolls of Agfachrome like it so well they become "hooked" on it. Why don't YOU give it a try? Sold with processing included, it, too, is available at Highland Drug Center.

We just received our Christmas Card display from Kodak, so you early birds who want that special discount can place your order any time now.

Creative Drama for Grade Teachers to Be Taught at 'U'

Creative drama for elementary school teachers will be taught in a University of Minnesota course beginning Sept. 24.

The course will be given at MacPhail Center, 1128 LaSalle ave., Minneapolis, from 3:30 to 5 p.m. Tuesdays during the fall quarter.

The course will introduce grade school teachers to the principles and methods of developing original dramatizations with children. The object of creative drama is individual development through extension of experiences by imaginary and artistic expression.

"Creative drama is self-development through artistic media. It is not children putting on plays for each other," Kenneth Graham, chairman of the department of speech, communication and theatre arts, explained.

A six-week institute on creative drama, attended by 33 teachers and supervisors from 18 states, was held this summer on the University's St. Paul campus.

Mrs. Mary Elin Wright, one of the teachers at the institute, will teach the fall course.

Registration can be made with the General Extension Division's department of evening classes, 373-3195.

75th Anniversary

The 75th Diamond Anniversary of the St. Paul Section National Council of Jewish Women will be held Saturday evening, September 21st, at the Hillcrest Country Club.

A continuous buffet supper will be served and dancing from eight p.m. Dress is optional.

Reservations are limited. For further information contact Mrs. Albert Levin, 1110 St. Dennis Court, St. Paul.

Al-Anon Intergroup 7th Annual Rally

The public is familiar with Alcoholics Anonymous for the alcoholics, but is too often unaware of a parallel resource for the families of problem drinkers, known as the Al-Anon Family groups.

Using "Al-Anon — Family Treatment Tool in Alcoholism" as the theme, Doctor Vera Eiden, past Director of the Alcohol and Drug Addiction Unit of Willmar State Hospital will moderate a panel consisting of Miss Gloria MacRae, M.S.W., Supervisor of the Intensive Service Division of the Ramsey County Welfare Dept.; Miss Marie Wagner, M.S.W., Clinical Social Worker and Day Treatment Center Worker for the St. Paul Ramsey Hospital; Mr. Nickolas E. Even, M.S.W., Psychiatric Social Workers for the Dakota County Mental Health Center located in South St. Paul; and Mr. Owen Lee, M.S.W., Director of Professional Services, Family Service of St. Paul.

The St. Paul Area Al-Anon Intergroup will present its Seventh Annual Rally, Sunday evening at 8 p.m., September 15, 1968 in the St. Paul Y.W.C.A. Auditorium at East Kellogg Boulevard.

Believing that recovery is best implemented by the perfect Circle—doctor, family, neighbor, employer, hospital, church and social worker—aware that ONE misunderstanding person can unwittingly obstruct or undo progress the public is invited to share this hour.

CHICAGO . . .

I love college kids. So much so that I think they deserve to be exposed when they've been conned by anarchists, commies and other undesirables from the sinister undercurrent of urban American intrigue. Now that the band aids have lost their stickum, let's take a sober look at those cop atrocities in Chicago. A better look than we got from the TV medium, which couldn't quite get over the fact that CBS's Dan Rather got knocked on his pratt as he was about to ask some innocuous question of the highly irritated Georgia delegation, or that those network photographers got messed up when they tried to stop the action with close-ups of the bloodshed. Fact is, the cops, yes—the dumb cops to be sure—were tweaked, then rattled, and finally disgraced into wrapping the skulls and knuckles of the pointless and vulgar mass of ill-advised and professionally incited students, hippies, yuppies and otherwise "hate tourists" that scattered themselves along Michigan Blvd. This great educated and well fed mob went around chanting the most debasing four letter vulgarities, and out of their phi beta brain cells came the imaginative human waste bomb—a plastic container filled with the natural assets of the congregation—which has a predictable impact on a \$587.00 a month employee of the city of Chicago when splattered on his uniform. Girls, with garbage mouths that belied their youth endowed beauty and other earthly advantages, bellowed forth obscene and unprintable chants at the cops, and administered the coup de grace of ramming three and four inch hatpins into the rumps of those cops they could get close to. All the while, the man who brought these perfidious pilgrims to Chicago, basked on Mt. Olympus—the 15th floor of the Hilton, and like the rest of the nation, only saw the blood. Gene McCarthy's greatest hour ended in that mob—regardless of what Cronkite, Huntley and Brinkley and all the other woe and bedraggled zions of the press reported. Had all the demonstrators gone off and cohabitated in the park—if in fact, many of them did not—it would have been a more triumphant day for the flaming, and dreadfully dishonest New Left. Sorry, kids—we know you didn't plan it that way, but don't you think it's time you started being as critical of the characters that are leading you around like sheep as you are of the people you are trying to make goats of? All you've proved so far is that by acting like something less than morons you can get rapped on the heads by the long and dim witted-arm of the law. Why don't you kids pick on somebody your own size?

LOCAL ELECTIONS

Rumors abound that if Emery Barrette doesn't make it against Karth, he'll pick up the equity in his hard work by running for Mayor in 1970. Meanwhile he should win heavily over Memmer in the primary. The State Rep. race in 48-B is a dilly between Mike Scott and Tom Murphy. Murphy, an early McCarthy organizer and strong supporter of the rebellion in local DFL circles appears to be trailing Scott for the runoff position with incumbent Bob Christensen. Scott is a St. Paul High School teacher—a brainy liberal and less of a fireater than his opponent. Joe O'Neil faces a good test in Hanson's efforts to unseat him in 47-B, but the popular and effective lawyer-legislator should win on a good record and his active community involvement. Bob Johnson vs. Jerry Donlin—in 47-A? It appears Bob is fast going the way of Cliff Parks as an entrenched member of the State Legislature. In the race for Clerk of Courts it looks like Weston and Holland will fight it out with Weston receiving strong backing from the Lawyers and Holland having an edge in name identification.

BEST LINE . . .

There were so many Federal Troops at the DEM National Convention that Bob Hope was seriously considering flying in to do a benefit.

Crippled Children Relief Luncheon

The first luncheon and business meeting of the Crippled Child Relief will be held Monday, September 9th at Diamond Jim's 801 Sibley Memorial Highway, St. Paul.

A musical treat is the attraction on the program. Mrs. Dale Grunke and Mrs. Lyle Larson will sing the lead rolls from many musical hits.

On the agenda of the business meeting are plans for the Annual Golden Crutch Bazaar which will be held December 3rd and 4th.

For reservations call Mrs. Orin Mason, 921-1210 or Mrs. H. Zacher, 922-3662.

5 Sirens Added To CD System

Five new sirens will be added to the St. Paul Outdoor Warning System. All five will be installed in the Central Business District to correct deficiencies in the present system.

Tests conducted by the St. Paul Bureau of Civil Defense revealed that large buildings were blocking sounds from existing sirens.

The project has been approved by the Federal government which will pay half of the estimated cost of \$10,250 including installation. Included in the project will be one 10 hp rotating siren to be located on the Hamm Building on St. Peter between Sixth and Seventh Streets.

Four 2 hp sirens will be installed, on the Dispatch and Pioneer Press Building at Fourth and Minnesota; on the Court House near the corner of Fourth and Wabasha; at Fourth and St. Peter on the County Jail and on the Northwestern National Bank Building at the corner of Fifth and Robert.

Mattocks PTA

The first P.T.A. meeting of the school year at Mattocks School will be held on Tuesday, Sept. 17 at 7:30 p.m.

The main feature of the program will be a talk by Dr. Donald Dunn, Supt. of St. Paul Schools, entitled, "The Future of Education in St. Paul".

The members of the Mattocks School faculty will also be introduced at this meeting.

Sept. 13...

DAV Flower Day

The Disabled American Veterans will ask the citizens of St. Paul to "Give a little for those who gave a lot." This permanent slogan, will be the inspiration for the annual DAV Forget-Me-Not campaign, to be held September 13, when volunteers will offer the tiny flowers of remembrance on street corners.

Sylvester Majeski, Commander of the St. Paul Chapter said today: "It's easy to show you remember the sacrifices made for us by all of our wartime disabled veterans — by wearing a Forget-Me-Not on Sept. 13.

The contributions for the little blue flowers provide funds for the Chapter to carry on its rehabilitation and service work among disabled veterans in this community. The funds collected will be used for this emergency work.

The DAV also gives free assistance to all wartime disabled veterans in matters of compensation, hospitalization, employment and many other problems besetting the wartime handicapped today.

"The Forget-Me-Not" has been our official DAV flower of remembrance since our organization in 1920.

Marketing Research Class Project Conducted by College of St. Thomas

Low income groups in St. Paul pay nearly two per cent more for foods and products in supermarkets than high income groups, according to a marketing research class project conducted at the College of St. Thomas.

Thomas L. Bohen, assistant professor of marketing, released results of the survey conducted in April by members of his marketing research class. "The class reached the conclusion that in metropolitan St. Paul the prices paid for supermarket products tend to be higher for people who shop in the lowest income areas," he said.

The real purpose of the project, according to Bohen, was to get the students involved in a current problem of the day. One student wrote in his anonymous evaluation of the course, "The memory of our research project will remain with us and will undoubtedly influence many of our attitudes toward business in the future."

Low income groups in many areas of the country have registered complaints that they are victims of price discriminations in stores located in their sections of the city, Bohen explained. His class of 18 students decided to take a survey to investigate the charges in the St. Paul area.

After exploratory research in 112 supermarkets with supplemental information furnished by some store owners and operators, the class limited the survey to 244 items in 20 categories at 27 St. Paul supermarkets. The stores were located in low, medium and high income areas according to the Median Family Income Statistics obtained from the U.S. Department of Commerce.

Comparing low income groups to middle income groups, the LIG paid higher prices 53.71 per cent of the time. Compared to high income groups, the LIG paid higher prices 56.61 per cent of the time.

Prices in the LIG were .97 per cent higher than the average; in the MIG, .03 per cent less than the average, and in the HIG, .94 per cent less than the average.

A class spokesman pointed out that the nearly 2 per cent more paid for all products on the list by the LIG compared to the HIG might seem insignificant.

"This proves more important, however, when the area of economics is considered. The poorer a family is, the larger the share of total expenditures which must be paid for food. Thus price discrimination becomes a factor in the LIG," he explained.

Percentage difference in prices in St. Paul is not as large as in some metropolitan areas, Bohen added. However, this differentiation could be the initial stages of future price discrimination practices within this area, he said.

Red Cross Needs Volunteers For Therapy Program

Men and women with special qualifications are needed by the American Red Cross for a new companionship therapy program now getting underway in St. Paul and the city's suburbs.

Mr. John Steger, 1928 Juliet St., volunteer recruitment chairman for the Highland Park area, said the need is for people with great patience and dedication, who will accept assignment in nursing homes in their neighborhoods.

"They will be asked to visit with one or more patients for an hour or two each week to provide just conversation, recreation — such as a game of cribbage, or personal service — such as writing letters and reading magazines or books," Mr. Steger said.

"If they prefer group work they can be assigned to assist in woodcraft classes for men, sewing and knitting groups for women, or mixed art and hobby classes."

Objective of the service is to help elderly people, many of whom have no close relatives, feel a part of the community again; to give them something to live for outside the nursing home walls.

The special appeal is addressed to retired persons, still living in their homes and active; to housewives, whose children are grown and have time to give to the service.

They are asked to call the American Red Cross office of volunteers in St. Paul for additional information. The telephone is 224-4981.
