"Highland Holidays" Promotion Planned At Highland Civic Association Meeting

Members of the Highland Civic Association held a special meeting yesterday at Lee's Village Inn to go over plans for a "Highland Holidays" promotion program. Tentative plans, as outlined at the luncheon meeting, include an association program which will start on Thursday, Nov. 20th and extend through the Christmas shopping season.

SOME OF THE HIGHLIGHTS will include outstanding shopping values by the Highland Civic As-

sociation business members, choral groups touring the Highland Park area, and personal visits by Santa Claus to firms participating in the association program.

Clarence Barr, vice president of the Highland Civic Association, described Highland Holiday as a group program to present real Thanksgiving and Christmas shopping values to Highland customers along with scheduled events to add pleasure and entertainment during the coming holiday season.

"We sincerely feel that Highland Park is one of the outstanding shopping centers in the nation," Mr. Barr said, "and we plan to continue to offer friendly service and maximum dollar value to all of our Highland shoppers."

Thirty-eight Highland business firms will participate in the "Highland Holidays."

Mr. and Mrs. Steiner Of the Village Bootery

(Editor's note: This is the tenth in a series of articles designed to acquaint our readers with members of the Highland Civic Association. Names are drawn at random from the membership roster. One SKETCH will appear in each issue of the Villager.)

Frances Steiner John Steiner

John Steiner owner of the Village Bootery came to Highland from Beverly Hills, California where he fitted shoes for movie stars' children. After owning and operating the Village Bootery in Highland since 1948, John says, "they all have the same fitting problems, Hollywood or Highland, it makes no difference."

Steiner has been in the shoe business for 35 years, 17 years as a buyer and 18 years in the retail business. He opened the Village Bootery as an exclusive childrens and juniors shoe store in 1948. One of the only four businesses to survive the 1951 fire in the Highland Shopping Center, the Bootery moved to larger quarters in the Center on November 25, 1957.

The Bootery now carries a complete family line and has recently added a popularly priced woman's high heeled line.

Mrs. Steiner does the accounting for the Bootery. Starting with two clerks, the Village Bootery now employ 4 full time fitters and 2 part time fitters.

The Steiner's plan to grow with the Highland community and always remember that good fitting is the key to their past success. Frances Steiner's hobby is gardening and John is a fisherman in his spare time.

The Steiners live at 1850 Saunders.

St. Catherine's Nun in "Story Teller" Role At Walker Art Gallery

Sister Ann, a participant in the Minneapolis Book Fair for the third successive year, said: "The role of the Story Teller is twofold: 1) to entertain and 2) to extend horizons, to change the world of noise, speed and tension to the world of a child."

"Jazz For Moderns;" Brubeck, Ferguson and Four Freshmen at Northrup Nov. 13

"Jazz for Moderns," which will be seen on Thursday, November 13 at 8:30 p. m., is probably the most talent-loaded and well-rounded show of its kind ever to take to the road. Featured in it are outstanding representatives of the four most important aspects of jazz: the small combo, the big band, the solo instrumentalist and the singer.

Dave Brubeck, whose quartet will be the standard-bearer for the small combo department, today can claim to have the most popular group of its kind in the world, one that has become a symbol of American culture. For three months last spring, along with his musicians — Paul Desmond, alto sax; Joe Morello, drums; and Eugene Wright, bass — he traveled from the Royal Festival Hall in London to the Khayyam Theatre in Baghdad in a concert tour that took the group through 70 performances in Great Britain, Germany, Holland, Belgium, Sweden, Denmark, Poland (where the Iron Curtain was no match for the force of jazz), Turkey, India, Ceylon, Pakistan, Afghanistan, Iran and Iraq.

Maynard Ferguson, representing the big-band element in "Jazz for Moderns," has made amazing headway since forming his present group only two years ago. The 30-year-old high-note trumpet virtuoso now doubles on valve trombone in a hard-swinging band that features arrangements and trombone by Slide Hampton, the alto sax of Jimmy Ford, tenor of Willie Maiden and many other top-notch soloists.

Sonny Rollins, symbol of the solo virtuoso, is 29-year-old New Yorker who has been hailed by critics as the greatest new saxophonist since Charlie Parker. Since rising to fame in the Max Roach combo, which he left a year ago, he has been

working on his own, accompanied only by bass and drums.

Carrying the banner for vocal jazz — and doubling very ably as instrumentalists — will be the Four Freshmen, the unique group discovered (like Maynard Ferguson) by Stan Kenton, and regarded since 1953 as the most modern and versatile unit of its kind. The Freshmen are Bob Flanigan, who plays trombone and bass; Don Barbour, guitarist-singer; Ross Barbour, a drummer-trumpeter-vocalist; and Ken Albers, the bass voice, who plays trumpet and mellophone.

Tickets go on sale Monday at 105 Northrup Memorial Auditorium, the Downtown Ticket Office in Minneapolis, and at Field-Schlicks in St. Paul. Prices are \$1.50, \$2.50, \$3.00 and \$3.50.

Mt. Zion Sisterhood Meet November 17

The Mt. Zion Temple Sisterhood will hold its regular monthly meeting Monday, November 17 in the Margolis hall of the Temple at 12:45 p. m. A catered lunch will be served preceding the business meeting at which Mrs. Robert Gorkin, president, will preside.

Mrs. Wm. Cutts, program director, has announced that a movie, entitled "Rebound" will be shown to highlight sisterhood's participation in an aid to the blind project. For the past two years members from Sisterhood have been recording texts for the sightless of Minnesota. This work has been done in conjunction with the Hamm Foundation and the State Department for Services to the Blind. Some of the women have been doing the clerical work required while the others have been recording on tapes. Mrs. Harry Klein and Mrs. Edw. Strem are chairmen for the readers, while Mmes. Jack Ward and Wm. Weitzman are the Library chairmen. In addition to the movie, a short talk will be given by a state representative from the Services to the blind.

Reservations for the luncheon may be made with Mrs. Irving Epstein, MI. 8-6860.

"Inherit the Wind" Play About the South At Macalester Tonight

The Macalester college drama department will present the play "Inherit the Wind" at 8:30 p. m. Nov. 6, 7, 8, 14 and 15, in the Macalester little theater.

The story of the play is from the famous Scopes Monkey trial which involved a teacher in Tennessee. Written by Jerome Lawrence and Robert E. Lee, the Macalester production will feature besides Macalester students a guest actor formerly of New York.

The guest actor is Robert L. Snook. Mr. Snook has been a Broadway actor and has directed little theater productions in New England, Sioux Falls, S. D., and for two summers he took a company of players to Bermuda.

Mr. Snook will play the role of Matthew Harrison Brady, whose character is drawn from that of William Jennings Bryan, prosecuting lawyer in the Scopes trial.

Macalester students in the cast are Pat Costigan, who plays opposite Mr. Snook as Drummond; John Watson plays Bert Cates, the upstart school teacher who Drummond defends, and Rachel Brown, Cates' girl friend, is played by Merle Jungclaus. Donn Finn plays E. K. Hornbeck, the cynical reporter.

Veterans Administration Center, Hospital, Open House Monday, November 10th

The Veterans Administration Center at historic Fort Snelling, which has had some 450,000 Minnesota veterans literally looking over its shoulder for years, and the Minneapolis VA hospital which has given medical treatment to more than 214,580 sick and disabled veterans since it was opened in 1927, have invited the public to an "Open House" on November 10 for a demonstration on how the VA works.

Proclamations designating November 10 as "Visit Your VA Center and VA Hospital Day" have been issued by Governor Orville L. Freeman, Mayor Joseph E. Dillon, mayor of St. Paul, and P. Kenneth Peterson, mayor of Minneapolis.

John R. Murphy, manager of the Center, and Dr. Henry L. Vogl, in charge of the hospital, extended the invitation as part of a policy announced by Sumner G. Whittier, Administrator of Veterans Affairs, that every VA office and hospital in the country would hold "Open House" November 10, the day before Veterans Day.

Both the Center and Hospital will have guided tours on that day from 1 to 4 p. m.

Open on that day, also, will be the famous Fort Snelling Round Tower, an attraction for tourists all over the country which houses one of the Nation's unique military museums.

Shuttle buses will transport visitors between the various buildings at Fort Snelling on a regular schedule throughout the afternoon. After the tours, refreshments will be served in the Canteen.

Christmas Seals Used To Fight Tuberculosis

"An ounce of prevention is worth a pound of cure." This old saying applies especially to the work of your tuberculosis association.

Prevention is the keynote of TB work. It is the job of your country and state TB associations to direct and carry out a program of "TB control through Prevention" the year around and in every part of the state.

To do this job, your association needs your support of the Christmas Seal sale. Making this annual debut in November are the tuberculosis-fighting Christmas Seals. By buying and using these good-will Seals, you will be helping to eradicate Minnesota's major communicable disease.

To fight this disease—to keep it from spreading, your tuberculosis association asks you to buy and use Christmas Seals. Money from the sale of these health Seals is the association's only source of funds with which

to fight TB through health education, case-finding and research.

Good-looking, versatile accessories are the background and basics for every woman's budget, no matter how limited or how extensive.

Two New Services for Handicapped Initiated By Easter Seal Society

Two new Minnesota Easter Seal services for handicapped children and adults were announced today by W. B. Schoenbohm, executive director of the Minnesota Society for Crippled Children and Adults (the Easter Seal Society).

"A new rehabilitation facility in the western part of the state, the Montevideo Rehabilitation Center, has been opened to provide physical therapy services for many different types of disabilities. And in Mankato, the Mankato Rehabilitation Center is converting its program from the field of physical therapy to occupational therapy and pre-occupational evaluation services," Schoenbohm said.

"In Montevideo the program is headed by Robert Pfeifferberger, a registered physical therapist who comes to his new post from the staff of the Baltimore City Hospital, Baltimore, Maryland. The Montevideo Center is offering treatment of cases such as those dealing with industrial injuries, polio, fractures, strokes, cerebral palsy, arthritis, neuritis, amputations, paraplegics and posture defects of muscles and joints," Schoenbohm said.

"In Mankato, the two hospitals of the community and Washington School are now offering physical therapy. Therefore the conversion of the Mankato center's program into the fields of occupational therapy and pre-occupational evaluation services will further broaden the range of rehabilitation services available in that area. Heading the program is Francis P. Mulhern, former director of pre-vocational evaluation at the internationally known rehabilitation facility Kessler Institute in West Orange, N. J."

Schoenbohm said the Easter Seal Society is now sponsoring ten different facilities for handicapped children and adults in Minnesota.

He listed them as follows:
Ability Building Center, a sheltered workshop for employment of handicapped adults, located in Rochester.

Camp Courage for crippled children and adults, near Maple Lake and Annandale.

Camp Kiwanis for speech and hearing - handicapped children, near Stillwater.

Duluth Rehabilitation Center.
Iron Range Rehabilitation Center, Virginia.

Mankato Rehabilitation Center.
Minneapolis Rehabilitation Center.

Montevideo Rehabilitation Center.

St. Paul Rehabilitation Center.

Winona Rehabilitation Center.

New Pro Talent Group Plans Shows, Magazine

A fresh, new idea to provide better pop music—enacted in colorful costume, stage settings, ensemble accompaniment and performed by the top Twin Cities professional artists—will be presented by a new local professional-talent-owned company producing its own shows fortnightly.

The "fortnightly music series" of six shows, called Variety Pop Music Theatre, or Concerts, will be held in the Main Auditorium, Minneapolis Institute of Arts, 25th St. at 3rd Ave. S. The series, produced by Associated Professional Artists, will run every other Friday night with the last show scheduled December 12.

Made up entirely of top Twin Cities area professional performers—over 100 singers, dancers, musicians and instrumentalists, comedians, etc., in fact, all types of talented artists—the new organization plans to expand its work with many other similar, music-theatre series in the surrounding suburbs, communities and towns, or local neighborhoods, and even under special sponsorship of local business, fraternal or professional groups, which can use the series as "culture-builders" and provide better, wholesome all-family entertainment in a regular, or "fortnightly" (every two weeks) series.

The group was established recently to unite the best local professional talent into one organization which could present all types of entertaining programs.

In addition, the new group will publish "Fortnightly" magazine, every two weeks with complete coverage of entertainment, music, concerts, theatre productions, various other arts including photography, local TV and radio shows and personalities, better movies and plays, fashion shows and design.

Annual "Mum" Show

Commissioner Bernard T. Holland announces the opening of the Annual Chrysanthemum Show on Saturday, November 15, 1958. The exhibit is sponsored by the Department of Parks and Playgrounds. Due to many requests for a later closing, the hours for the Show will be from 10:00 a. m. to 9:30 p. m., during the first week only—November 15 through November 23. After that time, the regular hours of 10:00 a. m. to 4:30 p. m. will prevail.

The display consists of over 100 different varieties of "mums." The Show, which is held in the Como Park Conservatory, will run from November 15 through Sunday, November 30, 1958, and is free to the public.

Release-Time Classes

Under state law, children who so desire, may be released from school for one hour each week to attend religious instruction classes of their own choice.

Weekday release-time classes offered to Lutheran children now total 207 in 40 centers throughout the city. Attendance steadily increased through the year until this peak has been reached. Pastor Hock, chairman of the committee in charge, announces that plans are being drawn up to enter the North St. Paul School District with these religious classes.

Macalester College's ten year, ten million dollar development program, now entering its third year, is 27% ahead of schedule, according to a joint announcement by Benjamin G. Griggs, St. Paul business executive who is General Chairman of the Macalester Department Council, and Macalester President Harvey M. Rice.

Income from gifts, grants and bequests totals \$2,549,000 as the

St. Catherine's to Use Ford Grant for Educational TV Offering Full Credit

With the receipt of the Ford Foundation grant of \$35,000, Sister Mary William, CSJ, president of the College of St. Catherine, stated "That taneous televising and filming of the First Course in Pathology during the year 1959-60 course will be offered during the daytime and any college course for credit."

Sister Mary William was one of the first to recognize the feasibility of offering college courses for credit over TV. St. Catherine's was one of the three private colleges in Minnesota who offered credit the first year that KTAC, Channel 2 was in operation.

Sister Annette, CSJ, Chairman of the Department of Psychology who will teach the course, is now preparing a course outline, visual aids and study guides. The plan is to cover the most basic subject matter of the beginning course in such a way that each college utilizing the course will be able to select its own textbook and use its own examinations.

For those who wish to use the course as it is taught at St. Catherine's, study guides, bibliographies and examinations will be made available. The text to be used at St. Catherine's is one that was authored by two members of the College faculty—Sister Annette and Sister Kevin. This text is now being used in approximately fifty colleges and universities in the United States and quantities have been shipped to Belgium, England, Italy and Japan.

The course will probably be taught in three one-half periods per week, preferably on Monday, Wednesday and Friday. It must be at least 64 periods long to meet the minimum requirements for four semester hours of credit or six quarter hours of credit. The grant will allow up to 90 half-hour periods.

The kinescopes which will be prepared during the televising of this course will be made available on a rental basis and on a staggered schedule to colleges requesting them. The kinescoped course can be televised on other television stations or projected on a 16mm sound projector.

YMCA World-wide Fair November 11th-15th

The dates of November 11 through November 15 will have special meaning at the Midway YMCA, 1761 University Avenue in Saint Paul. The occasion is the first annual World Wide Gift Bazaar sponsored by Midway Y's Men and Y's Menettes club.

Dr. Wilton H. Zinn, 1719 Highland Parkway, general chairman of the bazaar, indicated that many months of careful planning have been expended in an effort to produce a wide selection of exclusive and usual imported gifts and foods to please the purchasers.

Ten booths gaily decorated with a background of highly colorful posters depicting the countries the ware originated from will be the focal point of the bazaar. Gifts have been selected from Scandinavia, Latin America, Austria, Germany, India, Europe, the Orient, Middle and East Africa and the United States. Christmas ware and imported foods will also play a prominent place in the array of merchandise.

Dr. Zinn mentioned that the implications of the bazaar were highly significant since it typifies the international scope of both the Y's Men's club and the YMCA, which permeates over seventy-eight countries of the world with its program and services.

Proceeds from the bazaar will be used for the expansion of the youth programs of the YMCA. The specific dates and times of the bazaar are: Tuesday, November 11 through Friday, November 14 from 12 noon to 9 p.m. and Saturday, November 15 from 9 a.m. to 12 noon. The public is cordially invited to attend the bazaar during this period.

WCCO-TV to Pinpoint Weather With Radar

The most effective weather reporting device since the invention of the weather-vane goes into operation Wednesday, November, when the new weather radar system of WCCO Television begins beaming its electronic eye over 93,733 square miles of Minnesota, Wisconsin, and Iowa.

The weather radar system, perfected by the Bendix Aircraft Instrument Company, has been mounted atop the Foshay Tower above downtown Minneapolis. It will sweep the skies for 173 miles in all directions, searching the heavens over 113 counties in Minnesota, Wisconsin, and Iowa. Storm clouds containing precipitation will be outlined on the radar screen, and television viewers of Channel 4 will see the exact dimensions and pinpoint location of the storm on their TV screens. WCCO Television weathercasters Bud Kraehling and John Gallo, specially trained for the purpose, will interpret the radar weather picture for viewers, plotting the course of the storms in precise relationship to cities and towns within the WCCO Television coverage area.

In this diagram, radar shows a storm area running diagonally toward the Twin Cities. It also shows the other countries affected by the disturbance.

Drawing the imagine in more closely above in great detail the location of the weather disturbance in relation to the Twin Cities and surrounding counties.

An even closer view of the radar screen indicates the disturbance is within 20 miles of the Twin Cities. Experiments have shown such major weather disturbances as tornadoes have a distinctive pattern on the radar weather-screen, and rain or snow formations may be plotted within a half-mile accuracy in the range of the equipment. Channel 4's weather radar will be in full operation well before the first winter storms strike. The new radar facility will be made available to the U.S. Weather Bureau, and will be used in addition to the flash warning and reporting services now supplied by weather stations in the region.

Highland Golf Pavilion Open on Year-round Basis

B. T. Holland, Commissioner of Parks and Playgrounds, announced today that arrangements have been made to open the Highland Golf Pavilion on a year-round basis for various recreational activities.

Certain renovations in the building, including water supply and storm windows will be completed in the very near future, and the commissioner indicated that the pavilion will be available for dances, card parties, weddings, receptions, civic meetings and various other types of use.

In order to defray the cost of operation, a nominal rental charge will be made. Further information can be obtained concerning these rentals, and all requests should be made by calling City Hall, CA. 4-4612, extension 376.

This facility will also be used

for teenage activities in connection with the Highland Recreation and the Playground Bureau.

This will also provide a fine meeting place for other organizations, groups and individuals in the Highland area, although it will not be restricted to solely Highland Park residents. Anyone in the city can make use of this facility. Perhaps one of the most important features is that adequate parking facilities are available right at the pavilion location.

The commissioner indicated that he hoped the citizens of our city take full advantage of using this building for recreational purposes.

Dependents of Disabled Workers to Get Benefits Under New Law

Palmer Elder, manager of the St. Paul social security district office, announced that the 1958 Amendments to the Social Security Act provide monthly payments to dependents of disabled workers who are receiving social security disability benefits. This change in the law is effective beginning with the month of September, 1958.

Payments may be made to the following dependents of the disabled worker:

1. Unmarried children under age 18.
2. Disabled children over 18 if the disability began before age 18, and they are unmarried at the time of application.
3. A wife over 62 years of age.
4. A wife of any age, provided the wife has in her care a child entitled to benefits.
5. A dependent husband age 65 or older.

Elder emphasized that benefits to dependents are not paid automatically, but that an application must always be filed. The applications for dependents of those presently receiving disability benefits are retroactive to September, 1958, provided these applications are filed before the end of September, 1959. If possible, the disabled worker and his wife should visit their local social security office together, and bring with them proof of age for the wife if she is 62 years of age or older, birth records of all children under 18, and proof of age of any disabled children. Also, proof of age for a dependent husband past 65 is necessary.

In providing for benefits to dependents it was recognized that the payments would help offset the loss of earning power of the disabled worker. The dependents of disabled workers receive the same amount as the dependents of persons of retirement age who are receiving old-age insurance benefits.

It will greatly assist in the processing of dependents' claims if the required proofs are obtained before contacting the social security office to file application. It would also be helpful if the disabled person would bring with him a copy of the disability award notice.

Occasional Home Care

Often women tell me, "You cut my hair better, of course. And I wouldn't think of giving myself a permanent. But since you give a professional wave, I'll just do my hair at home between permanents!" Of course there are times when it's convenient to shampoo and set your hair at home. (That's why we have convenient bottles of shampoo for you to buy for home use.) And we're happy to show you how to set pin-curls for your personal hair style. But remember — a professional shampoo and set always does more for you!

It's Never the Same

First, we don't use the same shampoo on your hair every time you come in. While your beautician is brushing your hair before your shampoo, she inspects each strand for dryness, oiliness, and vitality. Then she picks a specific kind of shampoo to give your hair new body and brilliance.

Float Your Troubles Away

OH THAT wonderful massage! Only the skilled hands of a professional hairdresser can take so much "tightness" out of neck muscles, relaxing you completely as they massage and move your scalp. (It's well worth the price of a professional shampoo just to let your troubles float away with the suds!)

Always Just For You!

When you come for a permanent wave, we choose a shampoo professionally blended to put your hair in the right condition for blocking and wrapping. And if you use hair colour, your shampoo is doubly important. Colouring (whether "permanent" or a rinse) does change the texture and porosity of your hair. And it takes professional know-how to keep bleached or coloured hair looking beautifully "natural" and full of health.

An Easy Hair Style

Then there's your hairstyle, kept to perfection by our careful beauticians! They snip here and there to keep each wave and curl the correct length for easy combing. They're first to see when necklines grow "shaggy" . . . first to try that "pretty new touch" for you!

St. Catherine's President Tell Students Intelligence Is a Serious Responsibility

Sister Mary William, CSJ, president of the College of St. Catherine, spoke at the annual President's Convocation on Wednesday, October 29, in Jeanne d'Arc Auditorium.

In her address to the students, Sister Mary William advised them that "because our very destiny as Christians is to seize truth here and now by our intelligence, we crave truth, we diligently pursue it, and then, once captured, we tend to glory in that intelligence by which truth became our own."

"Humility is the virtue which prompts us to admit to the truth which the intelligence grasps and allows us to keep our minds open to truth, whatever the time or the direction from which it comes. It is guaranteed insurance against our yielding and submitting to anybody or anything but the truth."

Sister continued: "No amount of education can give meaning to anything unless the intelligence is directed aright; no amount of experimentation in reshaping of educational purposes, institutions and methods can be effective for the problems of our changing times unless the intelligence is conditioned to submit to the truth."

"How can the intelligence be conditioned? It means that a college education is a serious responsibility, freely assumed, knowingly and joyfully undertaken. It means a mind open to truth, docile to truth. It means a will strong to discipline a lazy body, noisy world, peripheral attractions. It means an understanding

of what one's intelligence is, what its value is, its use, its end."

"No new school, no new curricula, no multiplicity of educational opportunities will substitute for an individual acceptance of the privilege and responsibilities which accompany the gift of intelligence."

Mr. and Mrs. Club Holds Meeting Sunday, Nov. 9

The next meeting of the Mr. and Mrs. Club of the Temple of Aaron will be held on Sunday evening, November 9th 8:15 p. m. in the Talmud Torah auditorium, 636 S. Mississippi River Blvd.

Following the business meeting Mr. Leonard Schneiderman, executive director of the Jewish Family Service of St. Paul will speak on "The Problems of Parenting."

Arrangements for this program were made by Mr. and Mrs. Harvey Halper, program chairman, by Mr. and Mrs. James Bigelow and Mr. and Mrs. M. S. (Bud) Wiener.

A social hour will follow. In charge of refreshments are Mr. and Mrs. Bernard Sweet and Mr. and Mrs. Mitchell Locks.

Austrian Writer Tells St. Catherine Students Of France and de Gaulle

Dr. Erik Ritter von Kuehnelt-Leddihn, noted Austrian writer, teacher, linguist and lecturer, in his convocation address, France Today, to the Faculty and students at The College of St. Catherine, on Wednesday, November 5, stated: "France was last May within a hairbreadth from a military dictatorship of the Spanish pattern. If de Gaulle had died in an accident a year ago, France today could be ruled by the Paratroopers and nobody would have mounted the barricades to die for the Parliamentary Republic. The restoration of the Bourbons by the bayonets of an Alliance in 1815 has its analogy in the restoration of democracy in 1944-45 by the bayonets of another Alliance. It remains to be seen whether the Fifth Republic marks the final end of a long-drawn development started in 1789."

Dr. Kuehnelt-Leddihn also met with the Derham Hall Faculty and students and with members of the Pi Delta Phi and Pi Gamma Mu honor societies.

Minnehaha PTA Meet

The Minnehaha PTA will hold its meeting Thursday, Nov. 13, at 8:00 p. m. All of us ask "What's Ahead in Elementary Education?" Dr. Arthur Lewis, Minneapolis School Board, in charge of elementary education will explain.

Academy Mothers Annual Fall Festival November 13

An international flavor will dominate the school armory when the St. Thomas College and Academy Mothers' Club presents its annual fall festival Thursday evening, November 13. The theme is "Holidays Around the World." Doors will open at 7 p. m.

Booths will include an Inter-

national Bakery, Yule Tree, Christmas at Home, and Special Gifts. The highlight of the evening will be a fashion show presented by Schuneman's, Inc. with Mary Light as commentator.

Stage decorations will include flags of various nations. Door prizes will be awarded.
