Cannonball Adderley Quintet, Wes Montgomery, And Dushou — Greek Week

Contemporary jazz artists, The Julian "Cannonball" Adderley Quintet, Wes Montgomery Quartet, and vocalist Jean Dushou, will be featured at the annual Greek Week benefit concert on Saturday, January 20, at 8:30 p.m. at Northrop Auditorium.

The concert is the climax to a full week of activities co-sponsored by the Inter-Fraternity and Panhellenic Councils at the University and the Department of Concerts and Lectures. The proceeds from the concert go toward a scholarship fund set up by the Greek Week Committee.

The Julian "Cannonball" Adderley Quintet has substantially influenced our jazz scene. "Cannonball" is well known for his propulsive saxophone technique.

The quintet has made numerous appearances both in the United States and abroad, and has recorded over 2 record albums.

Wes Montgomery's rendition of "Goin' Out of My Head" won him the Grammy Award for best instrumental jazz performance of 1966. This piano, string bass and guitar combination has set attendance records in clubs across the country.

Vocalist Jean Dushou began her professional career at the age of 15. She has recorded two albums, "Make Way for Jean" and "You Better Believe Me" with the Ramsey Lewis Trio. Her latest album, "Feelin' Good," will soon be released.

Tickets for the jazz concert are available at Dayton's and at 105 Northrop Auditorium, University of Minnesota.

Junior Carnival Royalty

Since 1948 the Jr. Royalty division of the St. Paul Winter Carnival has been sponsored by the area recreation centers under the supervision of the St. Paul Department of Parks and Recreation. Under this program, boys and girls of 9th and 10th grade level enter the judging at their area playgrounds and the winners proceed to further competition. From each city playground the first place winners, the Prince and Princess, advance to the city wide competition to seek the title of King Frost and Queen Snowflake. Second place winners compete for the title of Prince and Princess of the North, South, East or West Wind, depending upon the area of the city in which they live. (Highland area is part of the West Wind.) The four Wind Princes and Princesses then become a part of the royal court of King Frost and Queen Snowflake.

On Thursday, December 28, Edgcombe Playground held its coronation and crowned the following winners: Prince, Steve

Hanson; Princess, Laurie Krominga, and candidates to the West Wind, Dan Sundsmo and Linda Franta.

Tonight six area recreation centers will hold their ceremonies at Horace Mann school at 8 p.m. First and second place winners will be announced from each of the following centers: Aldine, Groveland, Hillcrest, Homecroft, Langford and So. St. Anthony. The first place winners, Prince and Princess, from each of these centers will participate in the city coronation on January 29 at the St. Paul Auditorium.

The second place winners from these seven area playgrounds will vie for the title of Prince and Princess of the West Wind at ceremonies to be held on Wednesday, January 17, 7:30 p.m. at Randolph Heights school. The winners will be crowned by the 1967 Prince and Princess, Tom Wegner, and Kathy Heille. Dave Stone, KSTP radio personality, will be master of ceremonies.

St. Paul Winter Carnival Events

St. Paul will become transfixed with a "Winter Holiday" for 10 days beginning Jan. 26.

The 32d anniversary presentation of the St. Paul Winter Carnival will dominate Minnesota's sports and entertainment calendar until Feb. 4. Its "Holiday" theme underscores the nation that ice, cold and snow need not be a deterrent to fun.

General Chairman Rudy Clemmensen has gathered several hundred volunteers into planning committees to stage the dozens of winterized activities which will be offered to participants and spectators during the festival.

America's leading winter festival is a swirl of parades, sports contests, pageants, parties and celebrities.

The crowning of Boreas Rex XXXII, Ruler of Ice and Snow, will precede the Carnival. The reigning monarch, William Poppenberger, will surrender his crown to his successor in a ceremony at the Snow Palace on Kellogg Mall at Cedar St. on Friday, Jan. 20.

Snow sculptor Parker Seiler returns for the fifth year and will construct another Snow Palace and other icy figures. The 1968 Snow Palace will be larger—some 35 feet high by 84 feet long.

The Carnival gets underway Jan. 26 with the coronation of the Queen of Snows in the St. Paul Auditorium beginning at 8:15 p.m. This gala spectacle carries with it all the pageantry of the legend of Boreas, a light-hearted tale involving the conflict between King Boreas, his Queen of Snows and Vulcanus, the Fire King. The battle between the forces of winter and spring continues throughout the festival with Vulcanus eventually emerging the victor.

A quartet of television and motion picture stars will take part in the coronation.

Peter Graves, star of CBS-TV's "Mission Impossible" series; Sebastian Cabot of CBS-TV's "Family Affair"; Leif Erickson of NBC-TV's "High Chaparral," and Deborah Walley, co-star of NBC-TV's "Mothers-in-Law," will attend.

The coronation of the Queen of Snows culminates several weeks of activities for 22 princesses competing for the coveted crown.

Queens from other parts of the land also will be on hand to add beauty to the festival. Eleven queens will take part in the

Interfaith Program, Tea, at St. Catherine On January 23rd

An organ prelude by Sister Mary Davida in the chapel of the College of St. Catherine will greet guests as they arrive for the Interfaith Program and Tea to be held on January 23rd at 1:30 p.m., in St. Joseph's Hall, one-half block east of the chapel. This annual program attended by hundreds of St. Paul and area members is co-sponsored by the St. Paul deanery Council of Catholic Women — the host group for this year's event, St. Paul Area United Church Women and the St. Paul B'nai B'rith Women.

The general chairmen: Mrs. Ambrose Manion of the host group, Mrs. George S. Manson, UCW, and Mrs. David Kanny, BBW, have announced that the program and tea are open to the public and no invitations or tickets are required. Invitations have been sent to organizations of the three faiths to help publicize this ecumenical effort.

Rabbi Kalil S. Rosenberg, assistant Rabbi of the Temple of Aaron, will deliver the invocation. Greetings to the audience will be extended by the Most Reverend Leo C. Byrne, Co-adjuter Archbishop of St. Paul and Minneapolis.

Following Sister Fides welcome to the campus will be the highlight of the day's program: five choral selections by the Liturgical Choir of the college directed by Sister Luciana C.S.J.

The Reverend Harold C. Bradshaw, executive director, St. Paul Area Council of Churches will give the benediction following closing remarks by Mrs. Robert Malone, president of the St. Paul Deanery Council of Catholic Women.

Carnival Snowmobile Race From Winnipeg Set For Jan. 29

The 1968 Saint Paul Winter Carnival International Snowmobile Race from Winnipeg, Manitoba, to St. Paul will be held Jan. 29 through Feb. 1, B.B. Countryman, president of the Saint Paul Winter Carnival Association, announced today.

Countryman also revealed that Fred Eskuri, 12932 2nd Av., Burnsville, Minn., used car manager of Midway Ford, will be race chairman. A race director and umpire also will be appointed.

Minn. ETV Network To Present Report On School Study

The Minnesota Educational Television Network will carry an hour-long report on the Minnesota School Study on January 15, 1968 from 8:00 to 9:00 P.M. This report, known variously as "The Domian Report" or "Education '67" is a statewide study of elementary, secondary and area vocational-technical education in Minnesota which was prepared by the Bureau of Field Studies and Surveys, University of Minnesota, by Dr. Otto E. Domian.

Dr. Neal Nickerson, of the Twin Cities Educational Research and Development Council, will act as host and moderator for the program. The program will be seen on KTCA-TV, Channel 2, in the Twin Cities; WDSE-TV, Channel 8 in Duluth; KFME-TV, Channel 13 in Fargo-Moorhead; and on KWCM-TV Channel 10 in Appleton, Minnesota. By this coverage it is estimated that at least 90% of the state's population will be able to receive information on this report via educational television.

The first half hour of the telecast, which will be in color, summarizes the highlights of the report. During the second half hour a panel consisting of Dr. Domian, a state legislator and a school superintendent will discuss the report. Dissemination of the report was undertaken by the Educational Development and Research Council of the Twin Cities.

Thursday, January 11, 1968

The third annual Winter Carnival "500" will make overnight stops in Crookston, Park Rapids and Brainerd before concluding in Ramsey County, north of the St. Paul city limits.

The race has become one of the most popular events of the Saint Paul Winter Carnival, pitting man and machine against rugged terrain and temperatures which traditionally hover around the 20-degrees-below-zero mark.

The drivers' plight, which includes masks freezing to their faces and near-exhaustion from demanding concentration needed to guide the snowmobiles over ice and snow for long periods of time, has captured the fancy of people all over the United States.

Despite the ruggedness of the race, no major injury has been sustained by any of the entrants in the first two races.

More than 100 entered the 1967 race which was won by Gerald Reese of Roseau, Minn., in the total elapsed time of 13 hours, 36 minutes and 54 seconds.

The Manitoba Golden Boys' Movement once again will sponsor the contest in Canada, in cooperation with the Saint Paul Winter Carnival. M.J.G. McMullen, executive director of the Golden Boys, said preparations in Canada are complete and his association, the Royal Canadian Mounted Police and the Manitoba Travel and Convention Association were eagerly awaiting the race.

The race is elapsed time competition. Running time will be logged each day as each machine leaves the starting line and again as it crosses the finish line at the day's designated terminal city. The best total elapsed time over the three and one-half days of the race wins. If a machine breaks down mechanically en route, allowable repairs must be made on the spot. If a machine is lifted off the ground, the driver will be disqualified.

More than \$1,600 in cash prizes, including a first place award of \$1,000, will be offered.

Rules and entry blanks may be obtained at the Saint Paul Winter Carnival office in the St. Paul Auditorium, 143 West 4th St., St. Paul 55102. . . .

**Macalester To Build
Field Biology Lab**

Construction of a \$52,500 laboratory building has begun at Macalester's new biology field area in Inver Grove Township.

The 5,000 sq. ft. facility should be completed by May 1, in time to permit biology classes to use it by late spring.

The nearly 280-acre biology field area is located on the banks of the Mississippi River and includes a lake, two forests, several ponds, springs, a marsh and prairie land. The land is a gift of Katherine Ordway, New York City, a sister of Richard Ordway, St. Paul, Macalester trustee.

The bi-level field station will be built into a hillside and will include a laboratory - lecture room with seating for 50 students, storage space for a boat and biology equipment, a residential unit for either a resident investigator or permanent caretaker and bunks for up to 24 people.

The sleeping space will facilitate research with nocturnal animals by permitting students to remain at the area overnight. The sleeping space also will be available to other groups using the area.

The new laboratory building will be used primarily by students in advanced classes who spend a great portion of class time in field studies and by students doing individual research.

**Mrs. Stangl Urges
"Involvement" In
Red Cross Work**

"Get involved, be a Red Cross volunteer," is the theme of a recruitment campaign for new volunteers to serve in their own neighborhoods, Mrs. Philip Stangl, chairman, announced this week.

"Although all communities of the city and its suburbs are served by the Red Cross, only a few residents are concerned with the work to be done in their own areas. The war in Vietnam has more than doubled the Red Cross job and we are trying to do it with the same pre-war number of volunteers.

"Men and women, preferably but not necessarily with social work backgrounds, are needed to represent Red Cross when emergencies occur in families of servicemen especially in the suburbs. Relief for burned out families could be speeded up if there were disaster volunteers in every community. These people will be trained and work directly under Red Cross specialists.

"Jobs available in every neighborhood include friendly visitors for nursing homes and blood program aides for collections in area industries," Mrs. Stangl said.

Volunteers, who can come to the Red Cross building, Auditorium at Ninth, are assigned as motor drivers to deliver blood to hospitals and patients to clinics; as staff assistants in all departments and as aides in the blood center.

Two "get acquainted" sessions are scheduled for 10 a.m. and 7:30 p.m., Tuesday, Jan. 16, in the Red Cross building. Prospective volunteers are asked to call the American Red Cross in St. Paul and make reservations.

"Those who attend will not be obligated to enroll as volunteers.

Eugenie Anderson To Give Viet Talk

Mrs. Eugenie Anderson, of Red Wing, United States representative on the United Nations Trusteeship Council, will report on her recent trip to Vietnam in a speech at 8 p.m. Wednesday, Jan. 17, in the Sheraton-Ritz Hotel, Minneapolis.

Mrs. Anderson's talk, sponsored by the board of directors of the University of Minnesota General Extension Division's World Affairs Center, will be her first report to the citizens of Minnesota on her observations and impressions.

Mrs. Anderson was in Vietnam last Nov. 26-Dec. 5. She was one of three American women asked by President Lyndon B. Johnson to go to Vietnam to observe the South Vietnamese and Americans engaged in social and political development work.

The other women were Mrs. Norman Chandler, an executive of the Los Angeles Times, and Miss Anna Lord Strauss, past president of the League of Women Voters of the United States and former U.S. delegate to the United Nations General Assembly.

Tickets for the event cost \$2 and must be obtained in advance from the World Affairs Center, 122 Social Science Building, University of Minnesota, Minneapolis, Minn., 55455.

Mrs. Anderson has served the United States government in numerous positions over the years. From 1949-53 she acted as the American ambassador to Denmark; in 1952 she represented the United States at the third session of the United Nations ad hoc committee on prisoners of war; in 1957 she toured refugee camps in Western Europe; in 1959-60 she was a member of the board of the U.S. Committee for Refugees; and from 1962-65 she served as the American minister to Bulgaria.

She is now a trustee of the American Freedom from Hunger Foundation and a member of the League of Women Voters and the American Association of University Women.

TWO MINI-OPERAS, "Pagliacci," and "Cavalleria Rusticana" will be presented by the St. Paul Civic Opera Association at 8:30 p.m. Jan. 11 and 13 in the Auditorium theater.

Six noted artists from the New York operatic stage will sing the principal roles in the two works, which will be presented in English.

They are Laurel Hurley, Mary Curtis-Verna, Louis Ronney, Seymour Schwartzman, William Dembaugh and Jean Kraft. Twin Cities residents David Rubens and Lois Duffy will sing other principal parts.

At Northrop

Carol Rosenberger, a young American pianist of great promise, will appear with the Royal Philharmonic Orchestra of London when it performs at Northrop Auditorium, Minneapolis, Monday, January 15. Time for the University Artists Course Concert is 8:30 p.m.

Eugene Ormandy, music director of the Philadelphia Orchestra and world-renowned as one of the great conductors of our time, will conduct the Minneapolis Symphony Orchestra for the first time in 15 years in a concert of all-Romantic music at 8:30 p.m. on Friday, January 19, in Northrop Auditorium.

Music by three Russian masters, Rachmaninoff, Moussorgsky and Gliere, will be featured in an unusual Sunday **Adventures in Music** program to be presented by the Minneapolis Symphony Orchestra at 4 p.m. on January 21 in Northrop Auditorium.

Tickets for the concerts are on sale at the Symphony ticket office, 106 Northrop Auditorium, and at all Dayton's stores.

Minn. Heart Assn. Has Advice For Smokers and Ski Buffs

As winter settles in, millions of Americans will turn their eyes toward the ski slopes, waiting for the first hard-pack snow of the season. It takes a certain amount of courage to strap on a pair of skis, but even the most intrepid fan should pause to ponder what he is about to do, your Minnesota Heart Association warns.

Skiing is a strenuous sport at all ages. Those in their middle years who have led a sedentary life should not undertake sudden exercise without a doctor's advice. He may recommend a few weeks of planned conditioning.

The word of caution applies particularly to those who have some form of heart trouble. Their first and best move is to stack the skis pending a medical checkup. People with mild forms of heart disorders may be able to go skiing safely if the physician advises it. He may do so if the condition is under control.

Even for a person with a healthy heart and his doctor's green light, there is an additional word of caution, your Minnesota Heart Association notes. Much skiing is done at high altitudes and this places an added burden on heart and lungs. There is a reduced pressure of oxygen in the air the higher one goes above sea level. The heart must work harder to pump enough blood to supply the body's oxygen needs.

Some normal individuals who immediately engage in unaccustomed physical exertion after a sudden change in altitude may develop pulmonary edema (wet lungs) which leaves them unable to help themselves. Unless oxygen can be given to them quickly or they can be removed speedily to a lower altitude, their lives are in danger.

This condition can be avoided by allowing the body to become accustomed to the high altitude without strenuous exercise. Just enjoy the scenery the first day. Then, the ski slopes can be enjoyed safely, even if an occasional sitzmark is left in the snows of wintertime.

"Resolved, that I will not start smoking cigarettes, a habit which may be hard to break," and which may cost me my health and my life."

With youthful cigarette smokers increasing at the rate of more than 1 million a year, the Minnesota Heart Association today proposed the foregoing New Year's resolution for the young people of this country.

The Association pointed out that damage to the heart and lungs begins early among cigarette smokers, and that there is evidence to indicate young tissues are more severely affected than old.

"Before becoming addicted to cigarettes," said the Association, "the young person should know that a number of disorders—among them heart attack, stroke, hypertensive heart disease, lung cancer, emphysema, chronic bronchitis and peptic ulcer — are triggered or aggravated by cigarettes."

"These and other cigarette-associated disorders are responsible for more than 125,000 premature deaths in the United States each year, and are believed responsible for about 20 per cent of all time lost from business and industry," the Association added.

Cigarette smoking is not only costly to health but to the pocketbook as well, the Minnesota Heart Association said, pointing out that the expense for the first ten years of smoking may well exceed \$3,000 — almost enough to finance one year of a college education.

The Minnesota Heart Association emphasized that the best way to deal with the cigarette problem is to refrain from taking the first puff. If this is done, said the Association, the individual not only avoids the possibility of illness and premature death, but also the added problem of having at some time to discontinue smoking.

For more information on "Smoking and Heart Disease", write to the Minnesota Heart Association, 1821 University Avenue, St. Paul, Minnesota, 55104.

Rev. Bob Richards will return as emcee for the T.O.Y.M. Awards Presentation at 8:30 p.m. Saturday, Jan. 20 in the St. Paul Auditorium Theatre Section.

other National Jaycee Programs. He is an all-time Olympic great who now serves as an ordained minister and youth leader.

The Congress of America's Ten Outstanding Young Men annually pays tribute to 10 men from the elite of young America. This year's event will be held January 19th and 20th, in St. Paul.

The Saint Paul Junior Chamber of Commerce will host this No. 1 National Jaycee event for the second time in the past three years. James W. Brehl, T.O.Y.M. Congress National Event Chairman and a Saint Paul Attorney, heads a 24 man Executive Committee of Saint Paul Jaycees, who cooperating with state and National Jaycee staff members, are making preparations for this 30th Annual Congress.

Marking the beginning of Jaycee Week across the country, the T.O.Y.M. observance serves to recognize the accomplishments of all U.S. males between the ages of 21 and 36 by honoring ten of their truly outstanding counterparts. The honorees will not be revealed until just prior to the Congress.

Letters To The Editor

Dear Editor:

The Mt. Zion Sisterhood wishes to thank the Highland Villager for the excellent publicity which was given Sisterhood during the 1966-67 year. Your helpfulness and fine cooperation was much appreciated.

Mrs. Sherman Grossman
Sisterhood publicity chairman

Dear Editor,

On behalf of all of the members of the Saint Paul Hairdressers Affiliate it gives us great pleasure to extend our best wishes and congratulations to you and everyone on the staff of the Highland Villager paper during your observance of National Newspaper Week.

Your slogan, "Newspapers get things done," is most appropriate, and deeply earned, for there is not a person in our community who does not appreciate the many contributions you have made as a respected voice and leader in our community for getting things done for the benefit of all of us.

May we also take this opportunity to thank you for helping us get things done in our programs of service to our community by publishing information in the public interest about good grooming, new hair fashions, and our welfare programs at various institutions. This has encouraged us to really extend our efforts during our own observance of National Beauty Salon Week, as well as throughout the year, and has inspired us to appreciate the full meaning of public service.

Sincerely yours,
St. Paul Hairdressers Assn.
Affiliate President
Helen Houle

Miss Elizabeth Haas,

Many many thanks Elizabeth for your splendid cooperation with St. Leo's Womens Guild. You have always been so kind about publicizing all our events in detail and in time. As program chairman I appreciated it, and as President I had even more reason to be pleased. I'm sure our good attendance was a reflection of your publicity — and I thank you very much.

Sincerely,
Susie Daugherty

Dear Mr. Bacigalupo:

In response to your Christmas wish to the League of Women Voters (a typewriter with a question mark) we hasten to assure you we have one and we use it. Some questions that continue to arise, even after the defeat of the charter are, "How will St. Paul in the future provide necessary police and fire protection, adequate recreation programs, and good street maintenance including snow removal?" or, "Is St. Paul satisfied with the status quo?"

Though we like to use our question mark, we are reluctant to use our back space key. So the League of Women Voters can only move forward. We will continue to seek better government either in a complete new charter or by a series of amendments. But we won't bury our head in the sand about taxes and think city government of tomorrow can operate on yesterday's budget.

Cordially yours,
Mrs. Arthur Boyden
President

(What you gals want to do with your husband's money is your business — Ron B.)

Dear Staff Members,
Highland Villager

I would like to extend to you my personal thanks, as well as that of our group for the fine publicity you have given the Club during this past year 1967.

We enjoy your paper and service you give to those of us in this area.

Best wishes to you all for continued and increasing success in your business.

Sincerely,
Mrs. Edward Somermeyer
Highland Flower and Garden
Publicity Chairman

CRACKER BARREL TYME . . .

There's an old adage (which I am now making up)—the City Elections in St. Paul never really get off the ground until after Winter Carnival. So, if you haven't got jet fare to a sunny clime and a couple of months vacation coming, you're stuck by the mid-Winter cracker barrel with the rest of us here in St. Paul who richly deserve the title of "native." Some of the things you might ponder while waiting for the guy to come from the filling station with his good battery and start your car are as follows: Will Walter Butler be Boreas Rex? Does Don Riley write the Carnival Treasure clues? Which corporation will be crowned queen? If you can guess right on all three of those questions, you qualify as an expert prognosticator and are ready for the middle ring in the City Election big top.

Being an expert—cracker barrel style—on St. Paul politics is easy if you only remember a few simple ideas.

Council-candidates make a lot of noise, but unless they are blessed with DFL and Trades endorsement, never make it the first time out. (The reason for this is that they don't run one on one, and in order to win at large in a field of 20, they need a machine vote in the primary and organizational help in the 12 man run off.) So scratch anybody you know who's not locked-in with the Democrats if he's a newcomer.

Many of the so-called "independent" candidates are mugwumps who call themselves independents because they have been either rejected by, or too unsophisticated to seek organizational backing from one of the major political parties. Other independents are conservatives or Republicans (there's a difference) who are afraid to carry the label off to St. Paul's political wars in spite of the fact that all the voters are aware of the game.

Since it costs between 10 and 15 thousand dollars to win a Council seat for a non-encumbent and roughly 70 thousand to win the mayor's job regardless of whether you're an incumbent or not, you can review the list of candidates and make your predictions pretty accurately if you consider who might have that kind of cash available.

The two parties in St. Paul put out sample ballots which are practically indispensable to the candidates' chances for winning. It is the chief indicator of how the inter-party winds are blowing, who's getting money and organization support from a political party. Voters, in the main, are apathetic about city politics, and, if they belong to a party, generally follow instructions. Since so much of the overall effect of a campaign is dictated by the efforts of organizational drumbeating and money, the independent voter tends to favor party endorsed candidates over loners if for no other reason than that they clearly have the momentum.

The bullet ballot: Over the years, a method known as the bullet ballot has been used effectively by either of the major parties to boost and diminish candidates in their own stable. Here's how it works: by instructing voters to only vote for "two" candidates for council, or even "one," one or two council candidates get votes that nobody else gets which makes every bullet vote worth two votes. These candidates jump to the head of the pack. The voter is being asked to give up two-thirds or five-sixths of his franchise, but, in the past many councilmen have gotten in on sub-rosa bullet ballots. The bullet works generally, against all the candidates in the field other than the ones it is intended to help. You might ponder the likelihood of a bullet or two this Spring.

One of the favorite speculations around the political cracker barrel is who's backing who. Generally, there are two prime sources of political backing in St. Paul. One is the highly organized DFL-Trades & Labor combine, the other the District GOP - Downtown Businessmen combine. These four separate interest groups often find themselves at sixes and sevens within their own camps, but are generally regarded as primary support if a candidate is to be a winner. The DFL-Trades & Labor group is better organized, knows more about winning and is indefatigably better financed. Over the years they have managed to sell a lot of their candidates to the GOP-Business group, who for lack of political acumen, or lack of qualified candidates, or both, have failed to learn much from their adversaries in local politics. Most candidates regard the GOP-Business group with caution if they have ever been through a city election before. Both groups play their politics mostly on stereotypes, and rarely poll voters for gut issues or pre-tested campaign strategy. There have been polls conducted by the GOP-Business group, but they are small-sample, amateurish and inconclusive, with results arriving late and reflecting what the voters were thinking about before the action started and not how they are reacting to the action. The GOP-Business group has, in the past, gone for new faces for Council candidates, to a fault, since they haven't the where with all to put them over the first time, and usually drop them if they lose. If you're betting, cracker barrel sitters, stay with names and faces that fit the strong sectional pattern—i.e. a strong East Side man or a strong Highland Area man, and usually a DFL - Trades endorsed candidate.

Ex-Twin, Stange Receives Baseball Writer's Award Here

Ex-Twin pitcher Lee Stange will receive an award as Upper Midwest Player of the Year at the seventh annual mid-winter baseball banquet sponsored by the Twin Cities Chapter of the Baseball Writers Association of America. Jan. 22 at the St. Paul Hilton. The fete starts at 6:30 p.m. following an hour-long cocktail hour.

Stange, a native-born Chicagoan who has resided in the Twin Cities since beginning his major league baseball career with the Twins in 1961, played a key role in helping Boston capture the American League pennant last season.

His won-lost record of 8-and-10 was not overly impressive, but his nifty earned run average of 2.7 ranked him 11th in the league among hurlers who worked in 162 or more innings.

The hard-working right-hander joins an impressive list of past Upper Midwest award winners. California's Rick Reichardt won last year while others

previously honored were Bob Johnson, Dick Stigman, Chuck Hiller and Jerry Kindall.

Stange is the second member of the AL champion Red Sox to accept an invitation to the banquet which is expected to be a sellout of 1,200 or more at the new St. Paul Hotel.

Previously, it had been announced that American League triple crown winner and Most Valuable Player Carl Yastrzemski will be on hand.

In addition to Lee and Laz, many other notables will be at the head table including a generous sprinkling of Twins' players and front office personnel.

Tickets, which went on sale last week, have started to move briskly. Those desiring 10 or more in choice locations can have them reserved by calling 698-3746 or writing the Writers' office at 550 Davern St. in St. Paul.

Individual ducats are on sale at Bob Gullivan's Restaurant and Ernie's Lounge in downtown St. Paul and at Duff's and the Chamber of Commerce office in downtown Minneapolis. The cost is the same as last year despite the new state sales tax—\$12.50 per ticket.

The Writers' group uses profits derived from the banquet to further a scholarship program which provides for two \$500 grants to journalism students chosen by the University of Minnesota and St. Thomas College journalism departments.

ROTC Promotions At St. Thomas

The final senior promotions in the Saint Thomas Academy R.O.T.C. program were announced by Monsignor John R. Roach, Headmaster, recently at a military formation in the Court area at the Academy, 949 Mendota Heights Road. John E. Doyle, 104 S. Fairview Avenue, Saint Paul, was named to the rank of Cadet Colonel, the highest position in the Brigade. He was presented with the Fleming Saber, the traditional symbol of command at Saint Thomas Academy.

Promoted to the rank of Cadet Lieutenant Colonel were Edward G. Hames, 130 S. Mississippi River Blvd., Saint Paul, Michael P. George, Rapid City, S.D., Carl Willecke, Chicago, Ill., Robert A. Kirscher, 2115 Marshall Avenue, Gary S. Armstrong, 264 Macalester Avenue, Saint Paul.

The following Saint Paul boys were promoted to the rank of Cadet Major: George N. Battis, Timothy C. Hadro, Albert D. Kelly, James T. Malloy, James H. Marrinan, Michael E. Merth, James V. Sitzman, Richard T. Speckmann; those from Minneapolis are Charles C. Caruso, John B. Mulvihill; William E. Kennedy from Janesville, Wis.

There were nine seniors promoted to the rank of Captain, 21 to First Lieutenant, 3 to Ser-

gean Major, 5 to First Sergeant, and 20 to Master Sergeant.

Major Harold R. Martin, Senior Army Instructor, explained that the Fleming Saber is presented each year to the Saint Thomas Cadet who is selected as Cadet Colonel. This award is given in honor of Captain Richard E. Fleming, a congressional Medal of Honor winner and 1935 graduate of Saint Thomas Academy. Captain Fleming was awarded posthumously the nation's highest decoration for extraordinary heroism above and beyond the call of duty. The Citation read by the President said the medal was bestowed "for extraordinary heroism and conspicuous intrepidity above and beyond the call of duty and that Captain Fleming's dauntless perseverance and unyielding devotion to duty were in keeping with the highest traditions of the United States Naval Service."

Saint Thomas Academy is one of 33 Military Institute High Schools in the country, which is the highest rank a military secondary school can hold. The function of military promotions at Saint Thomas Academy derives primarily from the requirement for an effective cadet chain of command, requisite to any military unit.

It affords the administration this significant occasion for recognition of achievement in the

fields of military and scholastic standings and extracurricular activities. The maximum number of promotion vacancies are determined in each cadet grade, consistent with efficient command and control of the Bri-

Photo-facts

By C. L. Van Duzee
HIGHLAND DRUG CENTER

PATIENCE and UNDERSTANDING

At this time of the year just about everyone has finished the roll of film in his camera and he has brought it in for processing. This volume of business is the photofinishers' nightmare — and the plant reasonably asks you to realize that several extra days time may be necessary before you get your work back. Normal delivery will be resumed around the 20th.

CLOSE-UP FLASH

The response to our suggestion of using a close-up attachment was gratifying. For those who bought them from someone other than the author, be careful when using these lenses with flash. Because of a law of physics, flashing at HALF the distance would greatly over expose the film, so place one layer of white handkerchief over the flashbulb or cube to reduce the amount of light reaching the subject. Take care it doesn't cover the lens itself and you should be in business.

INSTRUCTION MANUAL

May we make a plea to all those who received new cameras or projectors for Christmas to STUDY the instructions that came with the equipment? So often a person assumes that the new works like the old and disregards that booklet that he becomes frustrated when something doesn't come out right. While we are more than happy to give instruction on equipment

we have sold, our task is considerably eased if you have read the instructions — which should be self-explanatory — and seek clarification of items you do not understand. We don't have the time to give a complete course in photography, but we can show you how the equipment operates; you have to take it from there.

GUARANTEES

All new equipment comes with a guarantee of some duration. It is UP TO YOU to give your equipment a thorough workout during the period of the guarantee, so that if there is any mechanical malfunction it can be fixed under the terms of the warranty. This applies to repairs, too. Frequently one will have his camera repaired and then put it away till next summer, only to find that it doesn't seem to be working correctly. You have a ninety day period in which to discover this and the repair people will make it right at no further cost to you. BUT, if you wait to discover things aren't right and the time has elapsed, can you reasonably expect the repair people or the manufacturer to fix something "forever"? And WE can hardly be held responsible at Highland Drug Center, for we are merely the go-between, getting it to the repair people and back to you. WE don't do the work. This applies to all equipment — radios, photographic, tape recorders, transceivers, clocks, etc.—Adv.

Midway Civic Club Boreas Luncheon

A highlight of the Midway salute to the 1968 St. Paul Winter Carnival royalty will be the annual Court of Boreas luncheon of the Midway Civic Club to be presented in the Twin Motor Inn, 1975 University avenue, Wednesday, January 31.

King Boreas, his Queen of the Snows, the Prime Minister, ladies-in-waiting, the four Winds and other members of the Carnival family will be on hand for

the luncheon, one of the most colorful of the Winter Carnival calendar.

Russell H. Swanson, vice president of the Ashbach Construction Company, this year fills the role of Prince of the West Wind, this area's "Own".

Pomp, pageantry, music, special "knighting" ceremonies and special decorations will be part of the program. Edward C. Hampe, Boreas Rex XI, will be master of ceremonies.
