Soldiers' Home Is Shangri La for Disabled

WIVES, WIDOWS AND MOTHERS of disabled war veterans are accommodated in this beautiful building at the Minnesota Soldiers' Home.

★ ★ ★ ★ ★
By RON BACIGALUPO

"All my people live on the West Coast so I don't see them much any more," said Earl Sorenson, "but I stayed here at the Soldiers' Home because of the wonderful people and the tremendous job that's being done here."

Sorenson, a disabled veteran, is editor of the Minnesota Soldiers' Home "News-Letter," motion picture and sound equipment operator and this month—while the chaplain is attending a school—he's acting chaplain.

Most of us who are not disabled would find that a pretty rigorous schedule, but to Sorenson it is all part of a day's work at the Home—all part of helping those wonderful people and doing that tremendous job.

SORENSON is one of the many disabled veterans at the Home who, by helping each other, have helped themselves to a productive life and a fruitful way of living. In community living, "good will" is the watchword and in the first issue of the Soldiers' Home "News-Letter" it is aptly described:

"The most precious thing any one man, or anybody or anything can have, is the good will of others. It is something as fragile as an orchid and as

beautiful, as precious as a gold nugget and as hard to find, as powerful as a great turbine and as hard to build, as wonderful as youth and as hard to keep."

THE GRAND Old Army men of Minnesota certainly had this in mind when they established the home in 1887. Today, the home accommodates 23 Spanish

A Know-Your-Neighborhood Feature

American war veterans of which Ebenezer Flitton, 92, is the dean; 307 World War I veterans and 65 veterans from World War II. In addition, a home is maintained for wives, widows, and mothers of disabled veterans.

The Chancery office also named two present assistant pastors who will join St. Thomas: Father James Reidy from St. Michael's parish in St. Paul, and Father Donald Speltz, Our Lady of Grace, Edina.

Father Fournelle is a 1939 graduate of St. Thomas. Prior to his coming to the College he was engaged in parish work. His weekend assignments are at St. Mary's parish in St. Paul.

Father Bigot was administrator of St. Clotilde's parish in Green Valley before he came to St. Thomas. Currently he is acting administrator of St. Patrick's parish in Edina in addition to his teaching duties here.

Soldiers' Home

(Continued from Page 1)

The site of the Soldiers' Home, donated by the City of Minneapolis, sprawls over fifty-one acres at the confluence of Minnehaha Creek and the Mississippi River. Beautiful trees, shaded boulevards, and gardens interspersed with monuments make the Home one of the most scenic spots in Minneapolis.

THE HOME is governed by nine trustees appointed by the Governor. The trustees appoint a Commandant. The present Commandant is Richard Soderling.

The Home operates its own heating, lighting and refrigeration plants. A building contains the main dining hall, bakery, kitchen and meat departments. Other buildings contain the home laundry, carpenter shop and power house. The latter supplies the electricity, water and heat for the Home and houses the electric plumbing, steamfitting and refrigeration maintenance departments.

IN FRONT of the new 84 bed hospital is the "Captured Gun" that was taken from Admiral Cervera's flagship "Maria Teresa" in the battle of Santiago, July 1898.

The Home is located at Minnehaha Avenue and 51st Street. Visitors are welcome to come and visit the grounds, take pictures, and see what a well organized community can do for itself.

Heart Memorials Up 33 Percent

Memorial donations received by the Minnesota Heart Association increased sharply during the past year, Dr. Milton M. Hurwitz, St. Paul, president, announced today.

In a Memorial Day report, the Association revealed income of \$35,943 received in memory of 1,382 deceased Minnesotans in the past 12 months. The figure represents a 33 percent upturn in a single year. Last year's contributions totaled \$27,086. Ramsey county contributions rose to \$9,343.

Gifts received "in memoriam" are pooled in a special fund used exclusively to finance cardiovascular research projects. Sixty three projects at seven Minnesota institutions are sharing in the support this year, said Dr. Hurwitz. Cardiovascular diseases accounted for 54-1 percent of state deaths in 1957.

Elephant Came Here, Rhinoceros Went There

Elephants which originated in the old world migrated to North America during the Ice Age. The rhinoceros, on the other hand originated on the western plains of North America and migrated to Asia and Africa. A display of some of the early American rhinoceros-like creatures from the badlands of South Dakota is featured at the Science Museum of St. Paul. The display includes a large restored skull of one of the horn-faced titanotheres (gigantic wild beasts) that were once abundant on the plains.

State Lawyers, Judges Meet Here Next Week

Lawyers and judges throughout the state will convene at the St. Paul hotel on Thursday and Friday, June 19 and 20, for the annual convention of the Minnesota State Bar association.

James G. Nye of Duluth, president of the association, will preside at the meetings. Reviewing of proposed legislation will be the principal business. If approved by the group, the proposed bills will be submitted to the next legislature, Nye said.

Archdiocesan Luncheon Today

The Minnesota Centennial will be noted at a dessert luncheon given by the executive board of the St. Paul Deanery of the Archdiocesan Council of Catholic Women at 12:30 p. m. today. This annual event honoring the presidents of 97 Catholic women's organizations will take place in the new St. Andrew's School, 1028 Van Slyke.

An outstanding centennial centerpiece depicting the activities of the National Council of Catholic Women as undertaken in Ramsey County by these affiliated units has been designed by Mrs. Robert Tyrrell.

Mrs. C. E. Gobeil is general chairman of the luncheon; Mrs. Arthur R. Shields is president of the St. Paul Deanery Council. Executive board members will act as hostesses.

Cooperating with the Deanery Council is the St. Andrew's Home and School Association under the presidency of Mrs. Walter Lucking. The Right Reverend Monsignor Richard W. Doherty is both Pastor of the host parish and Dean of the St. Paul Council.

Outstanding speakers will be on hand to address the association. Charles S. Rhyne, Washington, D. C., president of the American Bar association, will address the Friday luncheon group. Hon. Warren E. Burger, Judge of the United States Court of Appeals, Washington, D. C. will speak on "The Courts on Trial" at a Thursday luncheon meeting. "Ethics in Government" will be the subject of Governor Freeman's address at the Thursday afternoon session. Harold Reeve of the Chicago Title and Trust company will speak on "Priority of Federal Tax Liens" at the institute of the Real Property section Friday morning.

Five affiliated groups — district judges, county attorneys, probate judges, municipal judges and the Junior Bar section — will meet during the convention.

Seven New Groups Now Under Social Security

The 1956 amendments to the Social Security Act brought lawyers, dentists, osteopaths, veterinarians, chiropractors, naturopaths, and optometrists under social security. They are now, for the second year, required to pay their social security tax along with their federal income tax returns.

New Little Theater Planned at St. Thomas

St. Thomas College will begin construction of a new little theater as soon as a current study is completed, it was announced by the Very Rev. James P. Shannon, president. Father Shannon said that Edward T. Foley, a California school trustee, has provided the money and authorized him to renovate a present campus building to seat 200 to 300 in a modern little theater. The theater will be named after Mr. Foley.

At the same time, Father Shannon announced that the new quarters would be under the control of John Lee Doll, associate professor of speech and chairman of the department. Mr. Doll has been at St. Thomas since 1946.

Dressing and property rooms would be included. The new facility is planned as a ramped theater, i.e., with sloping floors. The present school auditorium, containing 400 seats, is inadequate for theater production, and

with level floors, is poor for viewing.

"With the construction of a new little theater, the department would hope to put on three plays each year," Mr. Doll said. "In keeping with the aims of the department, plays would have claims to literary quality and at the same time be good theater," he added.

Press Photographer Will Speak at Club

The Municipal Photo Club will hold its regular meeting at the Palace Playgrounds, Jefferson and View, at 8 p. m. Tuesday, June 24.

Mr. Don Spavin, well-known St. Paul news photographer, will speak to the group. His lecture is entitled "Picture Story."

Anyone interested in photography is cordially invited to attend the meeting.

Ice Cream Social

The Junior Walther League of Pilgrim Lutheran Church will sponsor an ice cream social on June 15. The event will be held from 5-8 p.m. at the church, St. Clair at Prior.

Mac Offers 86 Double Time Summer Courses

By IVAN BURG

Macalester college will open its summer session Monday, June 16, and will continue it through August 8. Eighty-six courses will be given in 22 departments. The Macalester summer session will be held for college upperclassmen, beginning freshmen, in-service teachers and foreign students.

Courses will be given on a double time basis, covering semester units in eight weeks.

EACH COURSE will carry a full semester's credit valuation. High school graduates may earn one and a half year's credit in one calendar year by starting their college course with the summer session. Macalester is fully accredited and credits earned in Macalester summer session are transferable on the same basis as those of the regular academic year.

Macalester will offer a broad list of courses in art, biology, economics and business administration, elementary and secondary education, English, geology, history, journalism, mathematics, music, philosophy, physical education, physics, political science, psychology, religion, secretarial studies, sociology, Spanish, and speech.

THE SUMMER session will also offer courses leading to the master in education degree. This degree may be obtained by gaining 30 additional semester credits beyond the B. A. degree with the student taking part of the work in the department of education and part in his own major field.

Tuition is \$115. In addition to the courses, the summer session will hold four workshops and institutes. They are: foreign languages in elementary schools, foreign students, geography, and science and mathematics for public school teachers.

Business Outlook Good, Red Owl Chairman Says

Sales of Red Owl Stores, Inc. for the fiscal year ending February 28, 1959 are expected to exceed \$200,000,000, Ford Bell, chairman, said at the annual meeting of shareholders. In the year ended March 1, 1958, sales amounted to \$176,429,754.
"Despite talk of business recession, there is no indication at this time that the demand for our products will suffer a drastic decline," Mr. Bell said. "Our trade area has not felt the impact to the same degree as other parts of the country."

In fact, he stated, Red Owl looks upon the current period as an opportunity to continue a rapid growth program.

Business Courses Given in Vocational Summer School

Registration for the summer session of the St. Paul Vocational Evening School will be completed at Mechanic Arts High School this evening between 7 and 9 p.m.

Courses will be offered in Gregg shorthand, key punch machine training, transcribing machine (Dictaphone), comptometry, bookkeeping and accounting, typewriting, business English, business speech, salesmanship and advertising illustration.

Classes start Monday, June 16 and meet Mondays and Wednesdays for an eight-week period. Call CA. 4-4612, Ext. 535 for further information.

ST. LEO'S graduating class of 1958 emphasized the Centennial theme in their class presentation Sunday, May 25, in St. Leo's School Auditorium.

The program was developed by Sister James Marie and Miss Cecelia Lenz. Emphasis was placed on the importance of the clergy played in founding Minnesota. Reference was also made as to the religious influence in the development of our state by the diocesan clergy of St. Paul, the Sisters of St. Joseph, and other orders of Sisters, Christian Brothers and Benedictine Monks.

Indians and a French voyageur were also represented.

Highlanders Perform in Julian Dance Revue

Members of approximately two hundred Highland Park area families performed in the presentation given by the Charles Julian Highland School of Dance at Central High School Auditorium on Saturday evening, June 7.

One of the features of the show was the East Wind dance as originally choreographed by Mr. Julian for the St. Paul Winter Carnival Coronation. The Murray High School Octet performed two delightful songs, "So In Love With Amy" and "The Band Played On," both of which were staged by Mr. Julian. An original ballet, "School for Girls" and a modern jazz-tap finale were high spots on the program.

Performances by the students will be available for benefit shows during the coming winter season.

Ballet Borealis Drive Opens, Seeks \$75,000

The Ballet Borealis Foundation, organized and incorporated in 1957 as a trust fund for the Ballet Borealis Company — Minnesota's own ballet company — is launching its first annual fund-raising campaign today. The drive will run through a November performance of the Ballet Borealis Company at Northrop Auditorium, the date to be announced later. Its goal: to raise \$75,000.

This campaign will formally open with the presentation of a certificate of honorary membership in the Foundation to Governor Orville L. Freeman in the Governor's office today at 10 a. m. A newly published brochure describing the aims and ideals of the Foundation will also be given to the Governor.

Minnesota-born Janet Hansen, one of the leading dancer of the Ballet Borealis Company, will make these presentations. She will be dressed in the classic Tutu worn in her featured role of the Bluebird in "Aurora's Wedding", Act III of Tchaikovsky's famous ballet, *The Sleeping Beauty*. Appearing with Miss Hansen on behalf of the Foundation will be Paul B. Bremicker, Jr., President of the Ballet Borealis Foundation and Mr. and Mrs. Lorand Andahazy, artistic producers and directors of the Ballet Borealis Company.

The purpose of this drive is to secure funds for the Ballet Company in order to maintain it as a permanent resident Ballet Company and to sponsor the company on a three week national tour under the management of Consolidated Concerts, Inc., of New York City. This projected tour will represent to other areas what Minnesota talent has contributed to the world of ballet along with the state's achievements in all the arts. The Company will appear in such cities as New York, Boston, Pittsburgh, Philadelphia, Cleveland, and Chicago.

The Ballet Borealis Company is a company of 50 professionally trained Minnesota dancers. Created and developed under the direction of Mr. and Mrs. Andahazy, the Company premiered in 1952 on the Summer Session Concert Series at Northrup Auditorium with the Minneapolis Symphony Orchestra. Since that time, it has appeared frequently on this series, and it has also appeared before numerous clubs and cultural organizations in the Twin City area.

The Ballet Borealis Foundation was organized to raise a guarantee fund for the projected tour and to support and maintain the Ballet Borealis Company in the belief that a permanent resident Ballet Company located here in Minnesota could add immeasurable to our cultural life along with the many other fine artistic organizations and institutions for which Minnesota is justly famous.

Water safety

10 Ways to Stay Alive

For the thousands of Minnesotans who will take to the water this summer the American Red Cross today issued 10 safety tips on how to stay afloat and stay alive.

1. Learn to swim. To save your life you can't think of anything better.

2. Keep safety equipment in your boat or canoe. Unless you're an expert swimmer, it's wise to wear a life vest in a small craft.

3. Stay with your boat or canoe. Most small craft will float even when filled with water or overturned.

4. Don't overpower your boat. A motor too powerful makes it difficult to control and may cause upsets or other accidents. Head for the shore if weather turns threatening.

5. Know the area in which you swim. Before driving, make sure the water is deep enough and that there are no hidden objects such as submerged rocks.

6. Always swim with another person. Make sure someone is nearby to help if you get into trouble.

7. Try to remain calm in case of trouble. Assume a face up floating position. Keep your hands under water and move hands and feet.

8. Respect the water and know your limitations. Water can be a good friend or a deadly enemy. Don't go beyond safe limits or your ability.

9. Use discretion. Don't swim right after eating or when overheated or overtired.

10. Remember the easiest and safest rescue technique is to extend your reach, whether by an arm, or leg or reaching pole. Don't attempt a swimming rescue unless you are trained. You may end up another drowning statistic.

"Sabrina Fair"

"Sabrina Fair," Samuel Taylor's comedy about a girl in love, is Theatre Saint Paul's current production. It is now showing and will continue through Saturday at the theater's new home at 675 Holly Avenue. Reservations may be had by calling CA. 2-1066.

Retreats for Laywomen Zoo Information Planned at Villa Maria Booth Opened

Two retreats for laywomen will be held at Villa Maria Academy, Frontenac, Minnesota. The first, June 20-22, will be conducted by Reverend Luke Connolly, Chicago, a Passionist Father; the second, August 8-10, by Reverend Kent Pieper, also a Passionist. Detailed information may be obtained from the directress of retreats at Villa Maria.

The Ursuline Nuns also sponsor a summer camp for girls 6 to 14. During the six weeks session beginning June 22, the campers enjoy horseback riding, swimming, picnics, handicrafts, nature study, and other activities.

Construction of an Information Booth for Como Zoo has been completed, and is now in place at the north end of the Zoological Building. With the beginning of one-way traffic, cars will be able to stop on that side of the street to obtain information. The Booth will have a phone, with a listing in the new phone directory.

The number for Zoo Information will be HU. 8-3102. There will be a phone connection with the Zoo office, so that difficult questions can be handled by Zoo personnel. Of course, tourists information will also be made available.
