Augsburg Students, Faculty Raise Money For Minorities

Augsburg College students and faculty members have already raised several thousand dollars from within their own ranks for FAME, a new project at Augsburg which stands for "Fund for Assistance of Minority Education."

Students are conducting a "can-paign"—putting their loose change into empty soft drink cans. The Student Society has appropriated \$1,000 for FAME from their treasury. Fund-raising projects have been held or are being planned.

The faculty has raised about \$4,600 thus far for FAME. Most of this money is in the form of pledges of \$100 or more from 42 faculty members.

But they are going to need a lot of outside help if the college is to reach its goal of \$409,000 as a four-year cost for the program. Augsburg will appeal to churches, businesses and individuals for contributions, and proposals have been prepared asking for financial support from foundations.

Dr. Oscar A. Anderson, Augsburg president, said FAME is a comprehensive program of higher education for minority students from Minneapolis-St. Paul and the surrounding area.

"While inaugurated at the time of the death of Dr. Martin Luther King, Jr.," he said, "FAME ties together programs previously contemplated and, to

a certain degree, already functioning at the college. It is primarily aimed at those individuals who would not be able to attend and/or complete college due to certain educational, cultural and financial disadvantages. It is our belief that such a program would significantly increase the minority student's chance of successfully completing college."

FAME is a three-part program which would:

1. Provide scholarships for minority students to attend the six-week College Transition Program to be introduced at Augsburg this summer.

2. Provide full four-year scholarships for 20 minority students during each of the next four years, thus making a total of 80 students participating by 1971-72.

3. Provide academic assistance and counseling to help these students successfully complete the four-year program.

Dr. Anderson said, "Too often the better prospective student from the ghetto or socio-economically depressed neighborhood is removed from that area which sorely needs his ability and leadership so he can accept a scholarship at some distant college or university. More scholarships for minority students would enable more of them to remain close to home because of Augsburg's nearby, inner city location."

A \$4,000 gift to FAME has been designated for scholarships for the College Transition Program. This program which begins June 24 is open to high school graduates who plan to attend any college or university and is designed to help students of any capability level get off to a better start in college. Augsburg is one of eight colleges in the country which has been selected to participate in this pilot project which was developed by the Educational Development Center, Berea, Ohio. Tuition for the program is \$135 and there is an additional cost of \$13.50 for materials. The FAME scholarships for minority students would pay these costs plus board, transportation costs and emergency health and personal needs.

Father Abbot's Golden Jubilee Sunday, June 16

On Sunday, June 16, Father John Charles Abbott, pastor of the Church of St. Gregory the Great, will celebrate his Golden Jubilee. Father Abbott has been pastor of St. Gregory for eleven years.

The day will start with a Celebrated Mass at 11:30 a.m. It will be the Mass of St. Cecelia which is the first Mass Father said as a priest. Archbishop Byrnes will attend the Mass.

A reception in the Church Social Hall will be held immediately following the Mass, and a 6:30 Golden Jubilee Dinner at Southview Country Club.

John Charles Abbott was born on his father's birthday, June 18, 1891 in West Duluth, Minnesota. His father, John Charles Abbott, was a church decorator from Le Sueur and his mother, Anna Murphy, was a school teacher and seamstress from St. Thomas. He was born with a needle in one hand and a pencil paint brush in the other, which made him ambidextrous as a baseball pitcher during his college years. Father Abbott was the second child of a family of eight.

Longevity seems to be the rule in the Abbott family. Father Abbott's parents celebrated 60 years of married life together, a rather rare accomplishment. All Father's brothers and sisters, with the exception of one, are still living and active.

Highland BPW Fashion Show

Spring and Summer fashions from Cole's, Field-Schlick, Jackson Graves and Powers will be modeled by members and their daughters.

Complimentary hair fashions for the models will be by Marion Brown, Helene's French Flair, Ritter's Hair Studio, Village Beauty Salon and Village Coiffures. Vivianne Woodard facial make-up for models will be by Jeri Flom of the Village Beauty Salon.

Commentator on fashions and coiffures will be by Mr. Stanley Foss of Village Coiffure.

Ramsey Historical Society News

Children from the Ramsey County area will again have an opportunity to attend a real old-fashioned, one-room school this summer.

The Ramsey County Historical Society, which maintains the Gibbs Farm Museum, this year will hold "classes" for three sessions of four to five days each in the little restored schoolhouse on the museum property at 2097 W. Larpentur Avenue, Falcon Heights.

Dates of the three sessions are as follows: July 9-12; July 29-Aug. 2, and Aug. 13-16. Registrations now are open for all three sessions, said Virginia Brainard Kunz, executive secretary of the Society. They may be made by telephoning the Ramsey County Historical Society at 646-0624. There is no charge.

Children who are eligible for the program are those who will be entering the second through the ninth grades next fall. Twenty children will be accepted for each day's session. Hours will be 9:30 a.m. to 2 p.m. Children are asked to bring their own lunches and wear old-fashioned costumes, if they wish. A beverage

will be served to them.

Purpose of the program is to help children "experience" history by actually sitting in the old wooden desks, using slate boards, looking through turn-of-the-century school books and playing old-fashioned games, said Mrs. Kunz.

* * *

Special summer hours for June 1 to Sept. 1 also were announced today for the Gibbs Farm Museum. The museum will be open until 8 p.m. each Wednesday, in addition to the regular hours of 2 to 5 p.m. daily, except Saturdays and Mondays.

Old-fashioned arts and crafts are demonstrated each Sunday. Those scheduled for June are as follows: June 9, quilting by Mrs. Charlotte Pratt, 2033 W. County Road D, Roseville; June 16, candle-dipping by Mrs. Edward J. Lettermann, hostess-in-residence at the museum; June 23, butter-churning by Mrs. Margaret Eubanks, 1227 Rose Vista Court, Falcon Heights, and June 30, rock-polishing and jewelry by Mr. and Mrs. Harry Hinrichs, 1075 Como Place, St. Paul.

Competitive Crop Art At Minn. State Fair

Crop art, the artistic arrangement of field crop seeds and plant parts, has been a popular Minnesota State Fair competitive feature.

Interest in this unusual art form has attracted so many new participants that the show, once contained in a few square feet, now occupies most of an exhibit hall in the Fair's Agriculture-Horticulture building. Persons from throughout Minnesota and other states may compete in decorative or interpretative classes.

New in 1968 will be a competition for senior citizens—entrants over 60 years of age. There also is a novice class for beginners and a junior crop art show from entries of children 16 years and younger among nine listed classes.

Persons planning to compete in crop art or any other State Fair department this summer may write now for the appropriate premium book. Address your inquiry to Entry Department, Minnesota State Fair, St. Paul,

Scholarship Fund Established for Life Underwriters

The Helen N. and Harold B. Shapira Scholarship Fund for children and grandchildren of members of the Minnesota Association of Life Underwriters has been established by Mr. and Mrs. Harold B. Shapira, 1832 Colvin Ave., St. Paul, in cooperation with the Minnesota Heart Association. This announcement was made today by the President of MALU, Richard E. Reed, C.L.U., Minneapolis.

The Shapiras' main purpose for establishment of the fund is to stimulate interest in the health sciences and health service fields, and to show appreciation to the Minnesota Association of Life Underwriters for their continued support in the Heart Association cause.

The applicants must be children and grandchildren of members in good standing of MALU, graduates of a senior high school and plan to enroll in a Minnesota college or university. They may be presently enrolled in college and plan to continue their educational career at a Minnesota college or university.

Reed said there would be two scholarships awarded for \$500 each and these would be eligible for renewal for a second year providing they maintain satisfactory scholastic progress. In 1969-70, and in each subsequent year, two additional new scholarships will be awarded for \$500 each.

The scholars must plan to go into the health sciences or health service fields. Deadline for applications is July 1, 1968.

A Minnesota Heart Association committee composed of medical and lay people will select the two recipients each year.

For more information concerning this fund write to: Helen and Harold B. Shapira Scholarship Fund, Minnesota Heart Association, 1821 University Ave., St. Paul, Minnesota 55104.

Art Exhibit

A selection of oil paintings by Barbara Hermes Thibault will be on display at Carbonne's Restaurant, 1689 Randolph Avenue, from June 1st to June 30th.

Block Home Program Here

The Block Home Program is now being started in the Highland Elementary and St. Gregory school area. This is a program designed for the protection of grade school children who are being chased, bullied, bitten by dogs, or molested.

The Block Home Program uses volunteer help — people who are home most of the time. When these volunteers are approved by the St. Paul Council of PTA's, a Block Home sign is issued and placed in the home's window. The children are instructed through the schools on the proper use of Block Homes so that they know under what circumstances to use them.

Through this program it is hoped that no grade school child will have to go more than half a block to find competent help when he is in trouble.

This program has been highly successful in many other areas in the country. Statistics from these areas show a marked decrease in child molesting and similiar incidents.

If anyone in this area not contacted through Highland Elementary or St. Gregory schools would like to volunteer, a form may be had by calling Mrs. Richard Simerson, 699-4832.

Edwin McArthur to Conduct For St. Paul Civic Opera

Edwin McArthur has been named musical director for the St. Paul Civic Opera productions of "Oklahoma" and "Guys and Dolls" in the 1968-69 season. George M. Schaefer, general manager, has announced.

McArthur comes to St. Paul after 23 years as musical director of the St. Louis Municipal Opera Association, largest organization of its kind in the world.

EDWIN MCARTHUR

A native of Denver, McArthur's career has been one of the most distinguished in the musical world. He joined St. Louis Municipal Opera in 1945 and during his association there prepared musically and conducted 250 productions of 180 different grand operas, operettas and musical comedies.

In October, 1967, McArthur began his 18th season as musical director and conductor of the Harrisburg Symphony Orchestra.

A nationally recognized composer, he has published numerous songs in the concert repertoire. In 1953, the St. Louis Company presented the world

premiere of a new musical, "Rip Van Winkle" with book and lyrics by Morton DaCosta and music by Edwin McArthur.

He is the author of "Flagstad — A Personal Memoir," a factual account of the 28 years he spent as accompanist to Kirsten Flagstad.

The 1968-69 season will include three musicals and three grand operas, "Oklahoma," "Guys and Dolls," "Finian's Rainbow," "Hansel and Gretel," "Manon Lescaut," and "El Sombrero De Tres Picos," a ballet which will be presented with "La Vida Breve."

A special non-subscription production of Robert Ward's "The Crucible" will be presented in the Crawford-Livingston Theatre. Due to limited seating capacity, it is anticipated that only opera season subscribers will be offered tickets to this production.

Father-Sons Game Slated Here June 16

The seventh-annual Twins' Father-Sons Game will highlight the next homestand at Metropolitan Stadium, when the Twins' players and their sons will take to the field at 1:00 p.m., Sunday, June 16 . . . Fathers Day . . . in a preliminary to the Twins-Washington game.

The homestand will begin with a 'Dairy Night' extravaganza when the Baltimore Orioles move in here for an 8 o'clock game, Friday night, June 14. A feature of the pre-game doings on 'Dairy Night' will be the appearance of Princess Kay of the Milky Way, and a cow-milking contest pitting Twin Rich Reese against the Orioles' Gene Brabender.

Some 27 members of the 'Junior Twins' will attempt to continue their 7-year mastery of their dads in this year's Father-Sons Game. Clancy the Cop and Willie Ketchem, of WCCO-TV, will also be on hand to umpire the proceedings, thereby insuring that no shenanigans will be pulled by the 'greybeards' in their all-out effort to snap their 7-year losing skein!

The Twins and the Orioles are expected to be two of the clubs who'll be engaged in the almost-certain dogfight for the American League flag in '68. Their 2-game series will be followed by a 4-game set with the Senators, Sunday through Wednesday, June 16-19. After an open date on Thursday, June 20, the Mickey Mantle-led New York Yankees will move into the Met for a 3-game series to wrap up the 10-day homestand . . . the only home appearance of the Twins during the month of June.

Summer School Classes Begin Monday, June 17

Elementary Summer School will commence Monday, June 17, and continue for six weeks to Friday, July 26. These are the classes in Reading Enrichment given at each Elementary school throughout the city—except Dowling, Holmes and Blaine schools. Continued aid for the child who reads poorly should reap big dividends in his later schooling.

On the secondary level, Edison will be a combination Junior-Senior high summer school; Ramsey a Junior high only and West a Senior high only. One of the new features of Summer School 1968 will be free bus transportation. There will be pickup and delivery stations at all junior high schools in the city. Junior-Senior summer schools will commence June 24 and continue until August 2.

Another innovation this summer will be the enrolling of present fifth and sixth graders in junior high enrichment courses at Ramsey and Edison summer schools. These students as well

as the junior high students are eligible to enroll in the following enrichment courses:

If further information about summer school is desired, please call the summer school office, 827-3787.

Summer school can and should be a definitely worthwhile experience. Regular summer school hours are only in the morning from 8:00 a.m. to 12:00 noon, hence the student has ample time for leisure and recreation during the afternoon and evenings. Learning at all ages is a continual process—it has limitless horizons.

HAIR MAGIC

YOUR SUMMER ROMANCES ARE GOING TO BE MORE FUN THIS YEAR

Maybe you will be surprised to find out the different moods and personalities you can take on at a moment's notice. Life may be complicated but we can promise you that it will not be dull for a nice long spell.

THE WAY YOU LOOK CAN BE HELD AGAINST YOU OR WORK FOR YOU!

Which is it going to be? The super-romantic look is going to be very popular all Summer long, but don't wear it unless you are the type. Some of us are looking forward to being Summer-Gypsies. It's going to be fun to relax and know we look nice without having to do much about it. Of course you mustn't let yourself look as though you haven't the STRENGTH to care. If you are interested in good-grooming but care more about comfort than glamour, put yourself in our hands. We'll give you the utmost in simplicity, but you'll look neat and pretty, too.

A WORD TO AFTER-DARKLINGS

Whether you are looking for mystery, romance, or just peace and serenity in quiet, restful surroundings, there are special instructions for women who prefer the night to the noonday sun. Be sure that your hair gets a glow-treatment with every shampoo so that it catches every gleam of candle-light. And if you are tanning this summer, keep it gentle. None of those harsh, coarsening fiascos under the sun if you're going to prowl chiefly at night.

LONG OR SHORT?

Is hair going up or down in the near future? The answer is that the one hairlength girl is soon going to be as obsolete as the one skirtlength wardrobe. Hairdos and hats are going to vie for attention and hairpieces and wigs make it practical. For more information about beauty problems come in or telephone 698-8804.

Head Start Program for Kindergarten

Parents whose children will enter kindergarten this fall should contact their neighborhood schools before June 7 if they want to enroll them in the 1968 summer Head Start programs of the St. Paul Public Schools.

Children who were enrolled in fall Head Start classes are still eligible to participate in the summer programs.

Summer Head Start classes will begin their 8-week session on June 17 at 13 public elementary school locations. Half-day sessions will be offered both mornings from 9 to 12 and afternoons from 12:30 to 3:30. Lunch will be served to both groups.

The classes will be located within walking distance for eligible children with the exception of those living in the McKinley, Scheffer, Gorman, Ericson, Drew, Rice, and Grant areas. Children in those areas will be transported by but to nearby centers.

Head Start classes, like those of private nursery school, give children extra time and help to adapt themselves to school situations. Activities are designed to

stimulate curiosity, build a strong self-image, and develop the ability to "work together" with both children and adults.

Highly individualized instruction is possible because of a low 5:1 pupil-staff ratio. Class instruction is supplemented by the supporting services of nurses, social workers, psychologists, nutritionists, aides, and medical consultants.

In addition, varied opportunities for parent participation are a part of the Head Start program.

Acceptance into Head Start is, in most cases, determined by family income.

Schools at which Head Start centers will be located include Adams, Ames, Franklin, Hill, Jackson, Jefferson, Lincoln, Maxfield, Mississippi, Roosevelt, Van Buren, Webster, and Whittier.

Gloria Dei Women Install Officers

Election and installation of Gloria Dei Lutheran Church Women will take place at a dinner meeting, Wednesday, June 12, at 6:15 p.m. Reservations must be made to Mrs. Charles Berg, 1895 Highland Parkway, or Mrs. Maynard Jacobson, 1415 Cherry Hill Road, by June 10. Mrs. Glenn I. Ellingson and Mrs. Alward Schneider will serve the second year as president and vice president, and secretary, treasurer and public relations chairman will be elected and installed.

Mrs. George E. Whetstone will emcee a review of special missions, participated in by ladies who did these projects.

Musical numbers will be furnished by the Gustavus Adolphus Men's Chorus, Ralph Strom, director.

Contracts have been awarded and work will begin immediately on a two-building fine arts center at The College of St. Catherine according to a statement made by Sr. Fides Huber, C.S.J., president of the college.

The new facilities, which are expected to be ready for use in the fall of 1969, will consist of a performing arts center and a visual arts building.

The new building will give the college nearly 150,000 square feet of additional facilities. More specifically, as far as instructional facilities are concerned, the buildings will provide the college with at least 40 per cent more classroom space.

THE SAINT THOMAS ACADEMY Crack Drill Squad, a select group of 16 cadets skilled in precision drill, represents the Mendota Heights school in performances throughout the Twin Cities and other Minnesota communities. Front Row: John Doyle (Lieut. Commander), Richard Rowan (Mascot), Edward Hames (Commander), Peter McCall. Second Row: James Baumgaertner, Philip Wetzel, Richard Murphy, Michael Brady, Robert Doyle, Michael Hayes. Third Row: Jeffrey Peterka, William White, Brian Short, Paul Owens, Christopher Brown, and Patrick Horan.

Red Cross Tips For Fishermen

Safety tips for both novice and experienced fishermen comes from the American Red Cross with a warning to all sportsmen that the activity lends itself to a wide variety of accidents.

Judge Otis Godfrey, chairman of St. Paul Red Cross safety services, said there are literally scores of different ways in which fishermen can meet injury or accidental death.

"More than 60 per cent of Americans who drown do so because they have fallen into the water accidentally. If they had been able to swim they could have saved themselves," the judge said.

The Red Cross education program, aimed at training in the fields of swimming, life saving, first aid and accident prevention, lists these tips for followers of the piscatorial pastime:

1. Take along a first aid kit. Include a transistor radio to follow weather forecasts of storms that may cause trouble on the water.
 2. Include needle nose pliers, wire cutters and pocket knife in your tackle box, since fish hooks often hook people. Use an overhead cast when others are in the boat and look before casting.
 3. If you snag yourself deeply with a hook, cut the line, bandage the wound and head for the nearest doctor. Don't risk further injury by trying to remove it.
 4. When fishing in channels or rivers, never tie your boat to a buoy. It's illegal. Buoys are traffic lane markers and must be kept clear.
 5. Never stand up in a boat or canoe when fishing. Have a life preserver on board for every passenger.
- "And when the fish aren't biting," said Judge Godfrey, don't lose your temper, get your blood pressure up and risk a stroke. It's better to remain calm and live to fish another day."

If you expect to rise, you must cease to fritter your valuable energy worrying about the opinions of people who do not count.

Ron Bacigalupo's COLUMN

HUMOR
POLITICS
OPINIONS

"GOODNIGHT, BOBBY." "GOODNIGHT, GENE."

And so, the television "interview" between RFK and Eugene McCarthy proved something only to the Senator from New York. Television isn't all that good unless you're on with Nixon! We all saw the mature unruffled McCarthy chide his staff for misrepresenting Kennedy's position in an advertisement, while mentioning that RFK's staff was doing their dirty work through the mail; we saw an RFK, known to crush or fire anybody in his path, cuddle up to the great China watcher, Dean Rusk, and ask that he be excused for the Policy War in Asia because he is, after all, a good American (and an appointee of JFK.) McCarthy chose to fire Rusk on the spot, noting that with so many good Americans around, perhaps we need some bad ones. Then there was the powerfully explained issue of whether the Negroes and indigent in America should live in the Suburbs or in rebuilt cities. First Kennedy, then McCarthy alternated on the emphasis — and, in all fairness to the ghetto dwellers, it appears that if RFK were President half the poor people would relocate in the Suburbs while the other half lived in rebuilt cities, and if McCarthy were President, the half that RFK wants to live in the Suburbs would stay in the cities, while the half RFK wants in the cities would be relocated by McCarthy into the Suburbs. In all, the ABC question team, asked all the wrong (or right) questions and the candidates seemed more than comfortable with their answers. In fact, one might even surmise they left the studio for the nearest pub to discuss the real crisis which confronts them both — Hubert Humphrey's delegate strength!

POOR DISTRIBUTION OF TRUMP

One of the alarming things about the "New Politics" of 1968 is that it is all going on in the Democrat Party. About all we hear from the other camp is that Nixon is eating cottage cheese to stay trim (he puts ketchup on it.) Rockefeller, one of the truly outstanding liberal Governor's in America, seems a bit the worse for wear over the whole notion of projecting a GOP image. He might well complain that his party has given him little encouragement. However, his party doesn't seem to see the value of courage in terms of the 1968 Presidential Election or they would allow him to leap down Nixon's throat and slice up his jugular. I think the GOP would be amazed at the number of Americans who think Republican but find it difficult to vote that way who would come out of hiding to see a good party fight. It must seem to the voters that the trump in the high stakes presidential game are not very evenly distributed.

LOCALS FOR NIXON

Several local Republicans are backing Nixon this year — at least with their names. The list in District 4 includes State Rep. Bob Johnson from 47-A a handful of Corporation presidents and others — about 120 in all. It is encouraging to see many of the big names in the 4th District GOP organizational structure absent from the list.

I MUST HAVE SAID IT

Noticing the absence of Mayor Byrne and 47-A Rep. Bob Johnson at the Highland Little League Opening last Sunday . . . "Well, they both beat women last time out, and they probably feel safe enough to pass it up this year." Bill Carlson, now living on Highland Parkway, and Dean Meredith came out.

Scholarship Winners

Cretin High School represented two of the 25 students receiving scholarships to the College of Saint Thomas.

Recipients of the Saint Thomas Distinguished Scholarship were Robert Ziegler, son of Mr. and Mrs. Bruce Ziegler, 1346 Portland Avenue; and James Tierney, son of Mr. and Mrs. R. L. Tierney, 1879 Laurel Avenue. Presented with an Honorary Scholarship to Saint Thomas was Robert Schaaff, son of Mr. and Mrs. John R. Schaaff, 1911 Pinehurst Avenue.

In the words of Brother Jude Michael, guidance counselor, "These are three of the finest academic students we have at Cretin. Through their accomplishments, they have continued the tradition of academic excellence long associated with Cretin High School."
