**Q11 If there are other important issues that you believe are facing Napa County over the next three years that were not included in this survey, please provide them here:**

Answered: 958 Skipped: 1,197

#	RESPONSES	DATE
1	1) Education; 2) Providing funds for free education and alternatives for low income individuals; 3) LGBTQI recognition, inclusive policies to help exposure, education and availability for people in and out of the community.	10/10/2018 9:07 AM
2	LGBTQ advocate working for the county to support us when navigating any county service.	10/10/2018 8:57 AM
3	Diversification of housing is at a critical level. We must look at alternative methods (co-housing, tiny housing, workforce). If we don't maintain a solid base, no amount of McMansion construction will be able to save us from doom.	10/9/2018 11:49 PM
4	The overuse of the Solano Ave3nue access from Yountville and now the project behind Justin Siena. Need better traffic control.	10/9/2018 11:45 PM
5	Code enforcement needs to step up and be pro-active. When they see broken down vehicles, trailers, boats, basketball hoops, and other things dumped in people yards. They shouldn't wait for neighbors to complain. I've reached out to code enforcement many times and nothing has been done. I'm tired of my north Napa neighborhood being so trashy. I've spend a lot of money to live here. I shouldn't have to be the police. When I lived in Yountville when they see something that shouldn't be there, they get it taken care of. Everyone wants to live in a nice well taken care of neighborhood. It's not just about the tourist's. And it's Code Enforcermments job!	10/9/2018 11:18 PM
6	illegal immigration	10/9/2018 10:49 PM
7	We need to study why the cancer rates are high in Napa County. And we need to have a plan to bring those cancer rates down.	10/9/2018 10:37 PM
8	County spends to much on Staff; Annex Vallejo into Napa County...	10/9/2018 9:47 PM
9	Trower needs to be paved very badly. Also we need to do something about all our traffic. Our police also need to more available during the times that the children are going to and from school as there is no longer crossing guards.	10/9/2018 9:38 PM
10	Responsiveness of building department and improving permit process. Traffic congestion and intersection traffic controls. Public ohv access	10/9/2018 8:40 PM
11	We need to find ways for people to make a living wage in the valley, affordable housing, and decrease traffic. Decrease the amount of cars and people living in single family homes. We are unable to find qualified workers due to low unemployment and cost of living in napa	10/9/2018 8:19 PM
12	I don't believe groups of the population should be singled out for special benefits or programs. LGBT and other minorities should be considered as "part of the community" with all rights and privileges as the rest of us, no more no less.	10/9/2018 7:59 PM
13	1. Doing our part to address climate change - tighter regulations, awareness, support, etc. 2. K-12 education funding to support HIGH QUALITY teachers and learning for ALL students 3. Community input on housing developments in our neighborhoods - 40-80 new homes on the Biale vineyard site on El Centro is WAY TOO MANY. 4. Stopping development of the new courthouse and police station compound - bad use of tax dollars	10/9/2018 7:36 PM
14	Environment (we should all have access to clean water, nontoxic soil, healthy air, and rays of sunlight), Climate Change, Depletion of Oil, Renewable Energy (why don't all public owned buildings have solar?), we need to diversify crops, stop approving solar panels in ag land, approving more event centers and parking lots in ag land, stipulate that any increase in visitors will NOT have more asphalt but rather more winery shuttles to public transit.	10/9/2018 7:05 PM
15	Napa focus should be on the wine and tourist industry and develop a written plan that will preserve the Napa Valleys beauty by not allowing large commercial Solar projects on the hillsides.	10/9/2018 6:32 PM

## Napa County Strategic Plan Survey of Community Members

16	Our roads are horrible. Don't the builders know how to build roads? They disintegrate within a few years. Other states with extreme weather patterns don't have to resurface as often as we in the "sunshine state " do. Get rid of the traffic. NO GROWTH! Increase public transportation. Make it more convenient than driving. GET RID OF THE TRAFFIC. Stop all the programs for special groups and put that money back into live in mental health programs. STOP THE INSANE SHOOTINGS, STABBINGS, DEIVING THEU CROWDS, ETC. Protect us from mentally unbalanced individuals. REFUND NAPA STATE HOSPITAL. Keep dangerous people on lock down units. Celebrate community. Celebrating diversity divides us more and more. WE ARE AMERICANS AND SHOULD BE PROUD OF THAT. I don't care where we started, we are a national family and should act that way.	10/9/2018 6:27 PM
17	Expand access to city water to bordering city/county neighborhoods.	10/9/2018 6:09 PM
18	Reduce permit fees for properties devastated in the fires....it is criminal what you are NOT DOING. The County should be defending a class action suit at this point and hopefully losing.	10/9/2018 5:59 PM
19	I think short term rentals like Airbnb should be allowed in the county much like Sonoma county allows now.	10/9/2018 5:28 PM
20	Emergency alert at 9:30 arrived at 9:54. 24 minutes makes a difference. Improve cell phone towers.	10/9/2018 5:21 PM
21	Quite a few issues have been handled well over the years- ag preserve; water, environmental and pest issues. The focus for the next 3 years specifically should be on issues that have not previously been a top priority. I think it's time to switch focus. Leave the programs that are already in place and working as-is, and focus new energy on more pressing issues- housing and transportation. We need more infill and need smaller "pod", pre-made homes allowed in Napa and we need more DIRECT bus routes for students from Browns Valley to Napa High- i.e., it's absolutely insane that kids have to go all the way to the transfer station and then work back to Jefferson/Napa High.	10/9/2018 4:27 PM
22	Affordable housing for folks like myself doing direct service. As undocumented and gay person working in the non profit, I have not found affordable housing for myself. I'm having to looking for jobs and housing out of this county because I can no longer live here because of the high rents.	10/9/2018 4:26 PM
23	Reassessing the General Plan in light of changing climatic conditions, groundwater impacts and appropriateness of allowing vineyard encroaching into hillside watersheds without effective protection of trees and groundwater resources.	10/9/2018 4:17 PM
24	Diminishment of property values caused by "infill" policies and practices; existing homeowners' neighborhoods are lowered in a 21st Century version of "Blockbusting". The 20th Century version gutted city interiors of middle class citizens who fled from the influx of people whose behavioral and living standards did not match the existing communities. The County and Cities are recklessly accepting insertion of technological advances; for example, roll-out of neighborhood 5G Small Cellular Systems without adequate evaluation of health effects of the completely new antenna and wave-form and output power variability of the new technology.	10/9/2018 4:14 PM
25	I would like to see the City of Napa fully implement a 5G wireless network.	10/9/2018 3:56 PM
26	the 1% have too much influence in the process, they can buy their own politicians to do their bidding as seen in the recent past.....Dodd	10/9/2018 3:48 PM
27	Support for a complete 2020 census count	10/9/2018 3:25 PM
28	1. More transparency around the county's high cancer statistics, and research into causes and solutions 2. Discourage 2nd home / vacation home purchases which are driving prices sky high and reducing community engagement 3. Adopt leadership position in California for climate change response, not simply following others 4. Move the ineffective Climate Action Plan effort away from Planning Dept oversight to a Sustainability Manager with full multi-stakeholder committee support. 5. Prioritize rapid transit for Napa to SF, East Bay, and other parts of Bay area to reduce commuter congestion, greenhouse gases, wasted gasoline, frustration, etc. 6. Restore water quality in Napa River to make it safe for people to swim and top-quality habitat for fish, bird and other species.	10/9/2018 3:07 PM
29	Effective communication, especially during emergencies, in Spanish.	10/9/2018 2:53 PM
30	Wage theft is rampant in hotels, restaurants and at wineries. Permit and code violations are rampant in tasting rooms. Put up a website that displays each wineries permit in plain English and allow complaints to be posted there. Allow the reporting of wage theft to the DA through a website to enable investigations without fear of retaliation.	10/9/2018 2:52 PM
31	The trajectory the County/Cities/Town are on is not Sustainable! An economic monocultural dependency is not sustainable!! The Social and Economic exist within the Natural environment locally and globally [see most recent UN report]. GOVERNANCE: All Elected officials and staff MUST engage in ongoing learning in the contemporary scholarly knowledge about/for SUSTAINABILITY -- the conditions supporting all LIFE: Clean Air, Clean and Abundant Water, & Fertile Soil -- the elements providing food, clothing, and shelter. Sustainability into the 22nd Century and beyond. Ron Rhyno	10/9/2018 2:39 PM

## Napa County Strategic Plan Survey of Community Members

32	<p>11. GSM Important Issues for the next 3 years. Level Playing and Planning Field: 1. Campaign Finance Reform that closes the disparity gap within the Residents, between the Residents and the Wine Industry, and the Wine Industry and the City's and Towns. 2. Board of Supervisors scheduled meeting hours: After Hours to advocate greater participation by working people and families. 3. Allow BOS, Commissions, etc., Topic Discussions over a period of weeks on important county subjects to make sure opportunities for comment are not limited to just one session. Gain inclusion and participation. Find a way to aid participation 4. Notifications to Public, Residents and Neighbors. Prominently post notices at the County Administration, and public places in the Cities and Towns. Add a searchable Web Page within the County Website, and require public neighborhood notice postings at involved property (just as the Calif ABC requires for posting). 5. Wineries and Commercialization in the unincorporated county should provide housing for workers on site to relieve the housing stresses on the City/Towns. When Services, normally performed in the Commercial Zoning of City/Towns are moved into the unincorporated county at Wineries, then the Wineries (Commercial Entities) should begin to pick up the Zoning Requirements (Housing, Healthcare, etc., etc.) that are normally assigned and provided by the City/Towns. Transparency: 1. BOS and Other Minutes should include, at a minimum, the names and affiliations of speakers. Public Comment should recognize the speakers by name, and subject, but (per action minutes) not the discussion. This also Applies to Department Head Reports. Ask the speaker which subject they wish to discuss and indicate that the Video is the recording device, not the minutes. This transparency suggestion allows greater access to the recordings and meetings via a Search Function in the Agenda &amp; Minutes. 2. The meeting recordings should be available in an MP4 format to allow downloading at NO Charge. If interested parties want more information, give them the means to do it, at no expense to County Administration time or expense. Currently, Napa County Charges \$11 for disc of one meeting and must be picked up at the Admin Building, an unnecessary burden. Napa City does not Charge, and has the MP4 format available for free download. St Helena charges \$50 for a disc and has no MP4 format available 3. The ability to follow a subject or topic as it progresses through the Napa County Administration. Current search functions and labeling for transparency are lously, to put it mildly. 4. Better Transparency of the success of Criminal Justice System in Napa County. Economic Vitality and Sustainability: 1. Excessive Commercialization of Wineries driven by an exceedingly poor definition of Agriculture that allows Wineries to be Event Centers that usurp the function of County and City Zoning and allow mini Adventure Parks. These Parks move the normal City Zoning Commercialization into the County and hollow out the local business and vitality of City Commercial Zones. Agriculture is whittled away and lost to the need for land in support these Commercialized Parks: Roads, Parking, Buildings, Caves, Kitchens, Maintenance, Staff, etc., etc. All of these accessory uses consume viable Agricultural Land for Commercial Use. Prevent this shift of Zoning and direct the City/Town Zoning of these Commercial Activities away from Agricultural Land. 2. Excessive volumes of Winery Production that have no basic in the fact of Vitality, Business Sustainability, Visitation or Residential Stability. Napa County Wine production is limited by Agricultural viable land. Pre WDO wineries are not limited in production of Napa Valley Wine, but all subsequent Wineries are limited to the 75% rule and must use Napa Valley Grapes. So why is this fact not used in the allocation of winery production that parallels the availability of Napa County Grapes. Tradable Winery Production? Winery Production reserved for Small Wineries so that Large or Corporate Wineries do no monopolize Winery Production (Gallo and Stagecoach Vineyards as an example). 3. Limit production of Wineries (including Custom Crush) using Municipal Water Sources to level the playing field with sustainable wineries using GroundWater. Designate Napa Valley Municipal Water and Napa Valley Groundwater for Napa Valley Winery production of Napa Valley Grapes only. 4. Sustainable Wineries do not use Trucked in Water nor use Hold and Hall for Winery Wastewater . All wineries in the unincorporated County should be Sustainable. 5. Napa Valley Wineries, post WDO, grape sourcing must be a minimum of 25% Estate Grapes. 6. Maintain the Quality and Viability of Napa County Wines by using these measures to regulate the carrying capacity of Agriculture in Napa County. 7. Establish a shared methodology of Winery reporting with Cities and towns in Napa County. 8. Use a robust CEQA analysis to maintain viable City/Town Commercialization.</p>	10/9/2018 2:22 PM
33	Slow down the growth,lets see what everything planned looks like...it seems oppressive lately with everything changed and new	10/9/2018 2:21 PM
34	Two important community values -- 1. Conservation and 2. Public Safety -- sometimes come into conflict with regard to fire safety. The county must take the position that Public Safety trumps Conservation so that vegetation management for fire safety is not prevented on wild land that is adjacent to inhabited parcels. The Land Trust of Napa County and/or owners of parcels in conservation easements must not be allowed to prohibit fuel reduction where such prohibition endangers residents of neighboring parcels.	10/9/2018 11:56 AM
35	Affordable, supportive housing for seniors	10/8/2018 5:06 PM
36	I would like to insure that domestic violence and sexual abuse are included in the conversations about mental health and public safety. These crimes cause lifelong trauma and cost millions of dollars. Investment in prevention of child abuse, domestic violence and sexual assault are a high priority.	10/8/2018 3:19 PM

## Napa County Strategic Plan Survey of Community Members

37	STOP THE ILLEGAL WINERY MADNESS. WHEN A WINERY IS BUILT, RURAL LIFE ENDS FOREVER. WINERIES BELONG ON INDUSTRIAL LAND - WE ARE LOSING AG LAND, INCH BY INCH, ACRE BY ACRE FOR PARTIES. STOP THE INSANITY. STOP. FORCE WINERIES TO ABIDE BY AG PRESERVE LAWS - ENOUGH WINERIES. THEY CAN'T SELL WHAT'S IN TANKS RIGHT NOW: SRIRACHA-PEPPER INFUSED CHARDONNAY IN ALUMINUM CANS? REALLY, ONCE-GREAT "NAPA VALLEY" REDUCED TO A PATHETIC CARICATURE, THANK YOU, OH GREAT AND WISE LEADERS.	10/8/2018 11:02 AM
38	Examining the role of the county's Animal Shelter and Adoption Center and improving services to keep animals in their homes and facilitate adoption through adequate staffing, support and development of volunteers, and improving conditions for the animals	10/8/2018 10:48 AM
39	No	10/8/2018 10:37 AM
40	1. As a background issue, how is the County going to use the Strategic Plan? Does the plan actually have any teeth? Does it make anyone accountable? This should be clarified. Are we creating a wish-list or a must-do list? I watched the introduction of the Strategic Plan by the Supervisors and facilitator. Some of the comments by the Supervisors, led by the facilitator, seemed ingenuous, as if they were considering long-standing issues for the first time, out of historical context. 2. Tourism is out of control. This is one of the key areas where the County needs to work with the cities in identifying problems with unpermitted vacation rentals and then in taking enforcement action. Example: people working in County-based wineries or at event centers refer people to accommodations in the cities (often relatively cheap lodging because unpermitted), resulting in loss of affordable rental housing, deterioration of neighborhood quality of life/safety, and excess traffic. The D.A. could proactively investigate and take action against those who are making illegal rentals a "cottage" industry that competes with renters/homebuyers. 3. I am studying the Final Draft of the County's Climate Action Plan and will comment on that elsewhere. I am concerned generally, however, with the fact that this process has taken over 10 years. I do understand that climate change and climate science are constantly developing. But I have lived in Napa over 26 years, and what I can see clearly out my front window and valley-wide is the loss of viewsheds and forest land. I am looking forward to continuing this conversation.	10/8/2018 9:30 AM
41	Issues of equity in a highly segregated community.	10/7/2018 6:54 PM
42	I don't think the location of the County offices on First St. (in the old Carither's building) is the best use of that prime downtown location.	10/7/2018 3:55 PM
43	Approvals of new wineries and expansion of existing ones need to take into consideration the supply of grapes originating in Napa County. To overbuild capacity will only increase pressure to bring in grapes from out of County, in turn putting pressure on the Ag Preserve and the WDO.	10/6/2018 6:31 PM
44	Growing income inequality	10/6/2018 12:58 PM
45	Comunidad segura libre de discriminación. Control de la comunidad con antecedentes criminales. Seguridad en las escuelas. Mantener a la comunidad libre de armas. Mejor trato en las oficinas de servicios públicos.	10/5/2018 9:40 PM
46	School Safeness it is a huge priority!	10/5/2018 3:12 PM
47	Seguridad en los cruces en diferentes calles. sobre todo los escolares, Reforzar la seguridad escolar, seguridad en los parques o vigilancia ya que la gente no los visita por inseguridad, el obrain park cerca de la escuela se encuentran personas sin hogar que utilizan malos modales o agresiones vervales no aptas para ninos.	10/5/2018 2:06 PM
48	Protection of Ag Watershed lands from excessive development. Ever-expanding "Definition of Agriculture"	10/5/2018 11:39 AM
49	Support for Napa County's aging population. Medical, housing, in home services.....	10/5/2018 11:38 AM
50	Welcoming environment for LGBTQ citizens!	10/5/2018 10:39 AM
51	Thank you for the opportunity to comment. I realize that everything seems highly important and that there is only so much time, energy and resources to address the issues. I do believe we are fortunate to live and work in Napa and that we have a relatively "participative" government ... and the desire to do even better is appreciated.	10/4/2018 11:57 PM
52	Allow homeowners to use their driveway for recreational vehicle parking. Stipulation: not living in recreational vehicles. ). Permit for power hook up . Permit for sewer use. ( I did neither. ) I sold my RV because I couldn't keep it in my driveway. No one ever stayed in the RV. It was my exploration vehicle for my family and 2 dogs. I resent police tagging me to move it. I think it may have been the bank for closures or Realtor on the house across my street who bitched. This has decreased my family's joy. Greatly. It was a 20 foot RV!	10/4/2018 4:36 PM
53	The danger of a mass tourism economy overwhelming a real life for residents.	10/4/2018 1:11 PM
54	I believe that Napa County should revise its policies to allow more development of housing in order to address the housing affordability crisis. The strong building restrictions are at odds with the goal of making housing affordable.	10/4/2018 10:15 AM

## Napa County Strategic Plan Survey of Community Members

55	(1) Support Expanded Medicare for All This is not a county issue. Still, demonstrating support for M4A is a viable goal. Other counties have issued proclamations. (2) Protecting our water Unclear how much damage agriculture does to our water here in Napa, but I am not confident that our water is as good as it could be.	10/4/2018 8:11 AM
56	There's a big portion of the Latino population living in Napa, yet only two dual immersion programs offered at an Elementary level (NVLA and Pueblo Vista). Where the instructional focus is bilingual (Spanish-English), several parents, including myself would love to see more funding to these programs\ advocacy\support.	10/3/2018 6:30 PM
57	ayudar a los jovenes a mejorar el bullying en las escuelas	10/3/2018 6:29 PM
58	No ,todo lo importante esta en la encuesta,gracias.	10/3/2018 6:16 PM
59	It is of vital importance to stop vacation housing and return the houses to the community. We do not need to destroy the environment with the excuse that there is not enough housing available because that is a lie. Stop focusing on tourism and start repairing the damage that has been done in this community. My family has to go to nearby towns to feel even an inkling of being welcomed as a family. If you continue this route all that will be left downtown is prostitution and debauchery. Our water is polluted. We can't go to rivers and streams because of the level of pesticides. We need to find a healthy organic way to diversify agriculture and NOT limit agriculture to wineries.	10/3/2018 5:36 PM
60	preservation of remaining wildlife corridors, funding of the open space district.	10/3/2018 11:28 AM
61	Prioritize live-work housing, so that those who work in Napa can live in Napa.	10/3/2018 11:12 AM
62	Road maintenance is needed badly. Improvement and addition of road shoulders. Many roads are too narrow. Also PG&E poles too close to roads, and high voltage wires thru trees is a disaster waiting to happen, AGAIN!	10/3/2018 10:25 AM
63	Proper and competent staffing and support at NCAS	10/2/2018 9:09 PM
64	The problems that Napa County faces are interconnected and can be better tackled when focusing on the cause to the issues. One of those issues is that of affordable housing. There are many families that have been Napa County residents for decades or more and are struggling to keep their homes, if you ask those families most will tell you they work agriculture and hospitality jobs. Whether it be fieldwork or hotel employment, they are at the bottom of the salary scale yet the backbone of the industry that brings tourism, our primary economic source. If we improve their wages I strongly believe it would help solve other issues like that of housing. Also, Napa is incredibly poorly diverse. I am unsure of what the cause or solution to that would be but I am afraid that we are raising children in ethnocentrism.	10/2/2018 4:33 PM
65	We need more support for Napa CERT so it is widely recognized as a huge help to first responders.	10/2/2018 3:27 PM
66	I think that the number one problem in Napa County is the lack of viable public transportation. Not buses, because those are not practical for people to take from the county to work in other counties. We need light rail. We actually have a nice set of train tracks that go up and down the county. Why don't we add a commuter train to this? Why is this just for an expensive and not essential "wine train?" Also - we need light rail or ferry service to Marin County or Sonoma County. This could then connect to the light rail in Sonoma and Marin County so that people can reasonable commute to Marin or San Francisco. Also eliminate sprawl and only allow development in concentrated urban areas.	10/2/2018 12:18 PM
67	Napa native with 63 year perspective. Before 1970 and advent of wine grapes, Napa's agriculture was not profitable and both the county and city were poor. The wine grape industry changed all that. Increased regulations, county permit fees, poorly written initiatives, property tax, and expenses in general undermine Napa's prosperity. The County must strike a balance between regulating the wine industry and keeping it viable so all Napa citizens prosper. If people are unhappy with what they have in Napa in 2018, they should look back 50 to 60 years ago to what it was like then and embrace and support what we have now.	10/2/2018 9:35 AM
68	Food Security	10/2/2018 9:19 AM
69	Napa County should not include ethnicity or sexual orientation in it's survey questions. We are humans, all of us.	10/1/2018 7:21 PM
70	Providing adequate resources to our schools.	10/1/2018 12:20 PM
71	Traffic, housing, business development (more wineries and hotels), and water and air quality are all tied together. There needs to be a pause on winery and hotel development until we solve the problems they have already create and develop proactive solution associated with any future development	9/30/2018 10:42 PM

## Napa County Strategic Plan Survey of Community Members

72	Traffic congestion on Hwy. 29 American canyon spilling onto residential streets during peak commute hours. A dedicated slow growth policy in south county, particularly in American canyon. Rapid housing growth is adding to traffic woes and causing school overcrowding. Overbearing code enforcement program in American canyon that is discriminatory in nature. Citing one property owner while overlooking infractions of the same nature on the same street because of who owns that property.	9/30/2018 6:06 PM
73	The focus of the economic vitality of the county seems to be biased towards agriculture/viticulture/tourism. Small business and other economic ventures should also be a priority to create more jobs for the local residents. No more high end exclusive resorts that create dead-end jobs, we have enough of those. Be creative and develop a plan that will provide opportunity for economic growth of Napa residents that aren't part of the "wine" culture. Also, the traffic in the valley is horrific, and contributing to smog in the valley. On some days, it looks like L.A. Not days that smoke could be used as an excuse. Prior to the fires, there were days where the smog was (is) visible, affecting the health of workers and residents of the valley. Continual approval of winery/resort projects that promote increased visitation only puts more cars on the valley roads, increasing the traffic and air quality issues I referred to. Work on improving the commute roads (widening them, better public transit, ie. commuter train?) before approving any new project that will bring more traffic to the community from the additional promotional advertisements to the world outside of Napa County.	9/30/2018 5:21 PM
74	WE NEED A SECONDARY ROAD FROM AMCAN TO NAPA. THE TRAFFIC CONGESTION IS WORSE! COUNTY MUST STOP IGNORING THE PROBLEM. TAX HOTELS & LARGE WINERIES WITH IMPACT USE FEES TO PAY FOR A NEW 4-LANE ROAD! JETSON'S FLOATING CARS ARE A FANTASY AND NOT A SOLUTION FOR HELLWAY 29. AMCAN RESIDENTS DEMAND A RESPONSIBLE SOLUTION NOW! NAPA COUNTY SHOULD HAVE THE BALLS TO PRESSURE CALTRANS TO IMPROVE HELLWAY 29 TOO!! AMCAN CITY COUNCIL SHOULD PRESSURE NAPA COUNTY TO BETTER SERVE THEIR WORKFORCE BY SOLVING THE TRAFFIC CONGESTION PROBLEMS ON HWY29!! RESIDENTS ARE MORE IMPORTANT THAN TOURISTS AND THEY ARE THE WORK FORCE OF THE COUNTY'S PRECIOUS TOURIST INDUSTRY. NO ROAD, NO WORKERS, NO HOSPITALITY! IT'S THAT SIMPLE! BUILD A NEW 4-LANE ROAD TO FROM AMCAN TO NAPA NOW! THANK YOU	9/30/2018 3:26 PM
75	INTOLLERABLE TRAFFIC CONDITIONS UPVALLEY!!!!	9/30/2018 10:38 AM
76	Protect the land from overdevelopment, Hold the line on non-agricultural business for wineries. Stop the development of new wineries and wine-related services. Control tourism; do not let it control the County or the City. Information needed: Why is there so much duplication of government, regulations, purchasing, etc., between the city and the couhnty, between all the duplicative school boards. Where is the economy of scale in such a small county and between such small cities and school systems? I really don't understand.	9/28/2018 9:43 PM
77	traffic is a huge issue, commute and weekend traffic is overflowing into the towns, creating air and noise problems for residents. hwy 29 backs up sometimes all the way to Dean & Deluca (southbound traffic). if nothing is done some day it will back up all the way to downtown St Helena. This is an urgent situation needing immediate attention and multiple solutions...before it gets much worse.	9/28/2018 6:14 PM
78	A single source of information for all non-profits, city and county services - Humboldt County has an excellent model that is pretty complete <a href="https://humboldt.gov.org/DocumentCenter/View/54880/Humboldt-Community-Resource-List-PDF">https://humboldt.gov.org/DocumentCenter/View/54880/Humboldt-Community-Resource-List-PDF</a>	9/28/2018 1:04 PM
79	Solucionar el aumento de rentas en napa por que son muy altas	9/28/2018 11:01 AM
80	Alumbrado público	9/28/2018 9:35 AM
81	I think napa is become less compassionate for the underpriviledged people and more about tourism. there needs to be a balance this is not balanced. It is unjust to see people leave town or loose their rental or have to work two jobs to make ends meet.	9/27/2018 11:00 PM
82	Better enforcement of vehicle and traffic code beyond speeding and DUI... Policing agencies are part and parcel in causing road rage	9/27/2018 10:06 PM
83	Traffic and parking problems (these were inherent in many of the choices.	9/27/2018 6:22 PM
84	Increased affordable housing and workforce housing will improve traffic congestion and improve air quality.	9/27/2018 4:45 PM
85	Curtail pesticides on vineyards! We must create policies to stop pesticide use. Our water and land is being contaminated. Cancer is rising ever year in Napa!! In additon create solar panel ordinances like Sonoma County has done. Creating a Healthy for residents needs to be number one priority!	9/27/2018 3:25 PM
86	I think is important to repave our street, but please do it at night NOT on commuter/business hours. We need to patrol our schools to protect our children.	9/27/2018 2:44 PM
87	Have all of the cities in Napa County fix the traffics issues oh Hwy 29!!!	9/27/2018 1:44 PM

## Napa County Strategic Plan Survey of Community Members

88	The questions do not ask what areas of government service need to be improved. It is fine to set priorities for the next three years but how will the BOS address the current inadequacies in staff responsiveness, (delays in responding to written and oral inquiries), the inattention to the needs of property owners, and in general the lack of transparency with government policy decisions. The need to improve mental health to the disadvantaged in our community	9/27/2018 9:26 AM
89	Quality and quantity of staffing and funding for the compassionate treatment and care of the surrendered animals at Napa County Animal Shelter to include qualified medical staff and timely veterinary care.	9/26/2018 3:03 PM
90	Transportation to doctors in Santa Rosa for our seniors Up-Valley.	9/26/2018 2:31 PM
91	Deforestation	9/26/2018 1:21 PM
92	degradation of county neighborhoods, roads, water, etc. etc., by too many vineyards and especially wineries. Turning county neighborhoods into commercial attractions with more and more wineries having more and more events. County doesn't police the requirements it places on wineries - wineries break agreements with impunity. policies to make vineyards and wineries pay their fair share, prevent depletion and degradation of water. degradation and depletion of water due to vineyards and wineries. depletion of wild animal life and diverse habitat due to vineyards	9/26/2018 11:36 AM
93	More small business friendly. Very small businesses should be able to work and see clients out of their homes.	9/26/2018 10:52 AM
94	Choosing to make chanfes that in the end cause safer issues and cost money...i.e. changing the one way streets down town. The streets are very dangerous. People actually choose to sit and watch at certain intersections to watch the close calls. Changing mascot names. Changing school names. Creating unsafe situations with road work during school travel hours. Building housing developments in already congested areas causing stress on the neighborhoods. El Centro being a prime example.	9/26/2018 10:35 AM
95	I think we need to slow development. Stabilize and preserve what we have, rather than keep expanding wine industry, vineyards, hotels, tourism.	9/26/2018 9:10 AM
96	Concerned about traffic congestion. Especially from AC to Napa and reverse . 121 to Sonoma . It's changed quite a bit during the last 5 years . I wonder about the next 5 . I would like to see Napa vintners contribute to our Public schools . They are focused in outreach programs and St Joseph's . There is a real need to improve the education system in this valley . It's an embarrassment compared to other communities in California	9/26/2018 8:48 AM
97	No private heliports except for hospitals.	9/25/2018 9:12 PM
98	I am very concerned about downtown Napa and its accessibility to locals. The rents for business owners have skyrocketed and the new business coming in are too expensive for locals. I'm sad and concerned that there is no balance between affordable and luxury shopping. I'm not a poor person, but still can't afford the prices in the new stores. I now either shop at the outlets or online. I'd love to be able to support downtown vendors.	9/25/2018 4:41 PM
99	Using extra income from increasing property tax revenues to maintain, improve and replace public school buildings and infrastructure without relying on difficult to pass bond measures.	9/25/2018 3:45 PM
100	I think this survey was done poorly. I care about every issue. It was impossible to distinguish and decide if I care a lot or a little.	9/25/2018 1:40 PM
101	Encourage and support diversity IN agriculture local food production and availability. Promote sustainable agriculture and KEEP agriculture as the highest priority.	9/25/2018 10:54 AM
102	Putting in commercial projects such as Industrial Solar Parks in an area zoned for Ag/Watershed and putting residents at a health risk due to the mass solar panels	9/25/2018 10:50 AM
103	education, Transportation and roads, housing and the traffic issues are the biggest issues facing Napa County.	9/25/2018 7:13 AM
104	Stop the corporate takeover of our county! Save the legacy of our family farms. Get your hands out out of corporate pockets	9/25/2018 5:50 AM
105	Fixing the traffic issues, Build rail and bus options from Vallejo Ferry and Capitol Corridor in Fairfield.	9/24/2018 10:51 PM
106	More employment of Latinos across all sectors and more approval of Latino home mortgage applications to meet the needs of the majority population that stands at 59%.	9/24/2018 10:49 PM
107	There is nothing for children and young families here. It's hard to raise kids here. Also we need to figure out the school district - it's failing. Bullying is bad. Especially in middle school. Bad. We need help for families	9/24/2018 10:03 PM

## Napa County Strategic Plan Survey of Community Members

108	Mental Health Services have been trying to streamline or contract out their services in an effort to be more cost-efficient while maximizing clients served. Problems: 1) No one who needs emergency treatment wants to go to the Crisis Center because employees there are perceived as uncaring and the facility is viewed as scary and unwelcoming. No one who needs crisis help can get a person who has patience on the phone to calm them. 2) County's requirement to control access to all mental health services is making it harder for clients to get the treatment they need in a timely manner, and makes it more difficult and costly for nonprofits to deliver services. Homelessness: With the HOPE Center's move to South Napa, the homeless now have to choose between food and shelter/day services. Also, homeless who stay downtown have no bathroom facilities.	9/24/2018 1:00 PM
109	The intersections of many of these issues. They do not actually exist independent of each other; they overlap or intensify some problems, etc.	9/23/2018 8:00 PM
110	1. Develop in the core, not outside the core like Napa Pipe, which I anticipate will increase traffic and delays in and out of Napa. 2. Encourage alternatives to expensive single family housing to enable more people who work in Napa to live here. 3. Encourage businesses which are alternatives to wine and hospitality monoculture.	9/23/2018 9:24 AM
111	I would to see venues like the fairgrounds, parks, used for more local programs, not to attract more tourists but just for us sometimes. Thank you for providing this survey.	9/22/2018 4:11 PM
112	Stop approving event centers and wineries. Enforce, enact laws to reduce noise pollution (motorcycles, leaf-blowers, hot rods.) Need to decrease traffic (low-income housing for commuting workers, subsidize public transit, less winery construction...)	9/22/2018 3:35 PM
113	tourists more important than locals	9/22/2018 2:35 PM
114	The strategic plans should not single out a particular group, but should be inclusive. Singling out particular groups whether its for various ethnicities or behaviors divides the community even more. The plan should also consider how encouraging additional ag tourism brings with it elements that surrounding cities need to deal with including traffic, pollution, crime, homelessness, and more reliance of our already stretched resources. In order to maintain the rural feel along with encouraging and keeping with the "Wine Industry destination" that is world renowned, the county should consider all potential impacts in and surrounding the county areas associated with additional ag tourism prior to approval. The county may also set assign additional lands (Land Trust, parks, or other preserved areas) to maintain the rural feel of the area so it doesn't end up as a LA style corridors of wineries and development.	9/22/2018 9:05 AM
115	Fiscal responsibility. How our taxes are used or misused for county projects	9/22/2018 8:04 AM
116	Climate change	9/21/2018 9:45 PM
117	housing housing housing	9/21/2018 2:54 PM
118	nose	9/21/2018 11:21 AM
119	Preservation of wetlands - clearings for vineyards regulated - and monoculture. We cannot sustain more and more visitors, venues, etc... it is already overdone and opportunities need to develop for diversification.	9/21/2018 7:53 AM
120	Affordable, senior-friendly (ie no stairs) housing for lifelong Napers. Foster more senior living communities. My 70 yr old mother's place on Clay St is having too many units sold to people who use them as air BnB. This drives up the cost of the units, plus changes the community. Instead of friendly neighbors her own age, she now has weekend partiers. Places like the Meadows are marketing to SF and San Jose biz retirees and pricing locals out of the running.	9/21/2018 6:05 AM
121	Living wages are important for our service workers!	9/21/2018 5:45 AM
122	1. I think it could be time for a new mayor. 2. Time to replace Craig Smith. 3. Stronger emphasis on improving quality of life for actual Napa residents, not just for tourists. 4. Development and attention to child care/preschools for small children.	9/20/2018 9:23 PM
123	Napa is becoming over-developed with crappy wineries. It is ruining Napa's wilderness charm. We are becoming the new Temecula ?? Quit being greedy politicians who sell all of nature for profit. Be decent, honest leaders, who protect this county, city, and it's citizens. ??	9/20/2018 9:01 PM
124	We need to prioritize the shrinking oak woodland and natural forests, protection of our immigrants (regardless of status) and emphasize high-density, low income housing centered around public transportation.	9/20/2018 8:39 PM
125	Support public libraries, We should invest in our local county libraries, to be opened longer hours.	9/20/2018 7:09 PM
126	The loss of McCaulou's, Safeway and other stores has left the downtown a wasteland for local shoppers. The "new" First St. is cold and appeals only to the wealthy tourist.	9/20/2018 6:22 PM

## Napa County Strategic Plan Survey of Community Members

127	The issues of transparency, integrity and credibility of this process begins with the nature of this survey itself. How were these questions developed, who wrote them? Are questions equal? What if the same subject is evoked multiple times? What if two issues might be directly opposed to one another? Also, apparently, all responses to the survey are equal, allowing anyone, from anywhere (even Russia?) to vote as many times as they like.	9/20/2018 3:10 PM
128	Sacrificing watershed and oak woodlands is wrong. Development that favors creating new and enlarging viticulture areas is not favorable to healthy communities.	9/20/2018 2:02 PM
129	In LGBTQ seniors needs in low income housing development. Protect LGBTQ people in all aspects of county businesses, law enforcement and education.	9/20/2018 11:31 AM
130	Balancing the tourism and the activities they come to participate in with the needs/lives of the residents	9/20/2018 10:30 AM
131	Downtown is increasingly becoming unappealing to local residents. We need to re-engage and attract more locals to downtown.	9/20/2018 9:30 AM
132	I believe the City and county of Napa owns land that could be developed to use within a lottery system where anyone can apply for an opportunity to buy a home in Napa subject to some qualifications and limited to supply constraints. City land, qualified contractors and experienced architects could design and build various housing types. Applicants would be rated based on certain priorities such as teachers before day traders. Making a priority list based on role in the community and tenure can simplify who is offered the option to purchase. Noone is getting a home for cheap to flip next year. A loan for assistance with the down payment is a system already in place, this expands on that way to keep locals from leaving or allowing our workforce to live here and stop driving in every day. I'm sure there are holes in the idea but smart people can come up with a better plan than the one we are on.	9/20/2018 9:05 AM
133	Road maintenance!!! Fix the roads. Road improvements. Roads are way too congested. Take care if your citizens first, then tourist. Limit relay, bike events and rides that close or limit road access.	9/20/2018 7:14 AM
134	As a county focus more on the people that currently live and work here. Support the school district think of ways to help bring in families with housing the working class and low income can afford so that enrollment goes up. No more hotels and other things focus on what's existing now. Otherwise in the future Napa will become a glorified senior center with nothing for families.	9/20/2018 4:44 AM
135	County maintained roads that are not up to code for large agricultural vehicles yet wineries on road.	9/19/2018 11:25 PM
136	The county does not need to be responsible for everything. We have city, state and federal agencies that can take care of things like watershed protection and pesticide use.	9/19/2018 11:03 PM
137	I feel that the following important issues need to be included in the 3 year plan: (1) Protect agricultural land from development, including preventing: deforestation, pollution of rivers and creeks, and building of new wineries and hotels. (2) Prohibit development in municipal reservoir watersheds. (3) Re-write the current Climate Action Plan to include Short Lived Climate Pollutants instead of streamlining CEQA (4) Protect residential areas from Close Proximity Small Cell Microwave Radiating Antennas by requiring that all 5G technology be limited to commercial/industrial areas, away from schools, public meeting places and residential neighborhoods. (5) Look for ways that the county can encourage wineries to collaborate with one another in beginning to provide eco-friendly shuttle service to customers and take responsibility for lessening CO2 emissions in Napa County and improving air quality. (6) Encourage growers to use agricultural management practices that are low-risk (less toxic and less likely to drift) to neighbors and to inform neighbors of pesticide applications by e-mail in advance of applications. (7) Figure out ways to help fund anaerobic digesters for Calistoga and St. Helena waste water treatment plants. (8) Fund a biomass gasification plant for up valley urban wood waste. (9) Require monitoring of wells (including in hillside watersheds) to better understand water availability before approving any additional developments.	9/19/2018 10:52 PM
138	Air and water quality. overdevelopment of vineyards and wineries too much tourism	9/19/2018 6:10 PM
139	Anti-racism education in the schools and all county agencies and support this in the private sector also. Napa is NOT a very welcoming community for people of color!!	9/19/2018 2:54 PM
140	Place a moratorium on new vineyards and wineries until a Master Plan has been adopted by Cities and the County in consultation with each others.	9/19/2018 1:21 PM
141	no se	9/19/2018 11:45 AM
142	si	9/19/2018 11:27 AM
143	Our governing officials have colluded with the industries to deceive the public around Measure C. There needs to be acknowledgement of this if we are to have any working together and rebuilding of trust.	9/19/2018 11:14 AM
144	no	9/19/2018 11:10 AM

## Napa County Strategic Plan Survey of Community Members

145	no se	9/19/2018 11:01 AM
146	no se	9/19/2018 10:52 AM
147	Investment in public schools and education. Ensuring kids have access to healthy foods and exercise. Ability to walk to school safely (sidewalks). Smart development of Napa - especially South Napa. Clean-up of South Napa. We have a growing mental health, substance abuse and homeless issue. Many people are deterred from going to South Napa marketplaces because of these issues. Priority for Napa residents to purchase new homes over people purchasing just for a weekend home. And affordability. improvement of sidewalks in neighborhoods. Activities for kids - it's sad that we only have 1 run down bowling alley or Rockzilla for kids to choose from. Family friendly dining - not crummy chain restaurants, but healthy options for families that are welcoming and affordable.	9/19/2018 8:53 AM
148	Housing for the middle income people	9/18/2018 4:57 PM
149	The judges are locking people up for way too long and the jail is overfull (which is dangerous for staff and inmates). Bike path easements have taken far too long for connecting the Vine Trail to Vallejo to Calistoga - people are dying on Silverado Trail and kids can't safely use the Vine Trail for more than 9 miles at this point. There are too many prosecutors and they're going after the mentally ill rather than helping them. There should be more lawyers for people who are accused of crimes, especially the really minor crimes that take up all of the court's time and the jail's space.	9/18/2018 11:16 AM
150	Affordable housing doesn't necessarily mean low-income housing or apartments. If the county (and cities) solutions to this growing California problem is merely to build large apartment complexes than you've missed the mark again.	9/18/2018 7:53 AM
151	term limits for elected County officials more timely access to election results more effective oversight of waste disposal services	9/17/2018 8:38 PM
152	Workplace proximity housing. Ancient septic systems in the county, a major source of HFC issues for Napa River.	9/17/2018 2:50 PM
153	Attracting business to downtown St. Helena. Too many vacant store fronts!	9/17/2018 1:39 PM
154	Amount of Tourists visiting the county. Should it increase, stay as is, or decrease? Should the impact of tourism on the quality of life be lessened, kept the same, or increased?	9/17/2018 1:31 PM
155	Traffic should be a larger part of the survey.	9/17/2018 1:25 PM
156	The lack of affordable housing is probably the biggest barrier to bringing in younger, long-term residents. There is a serious lack of single room/single person dwellings, which makes it especially hard for younger people looking to relocate to the area. Many young people are putting off marriage and children because of the high cost of living in the greater bay area, and are forced to live with multiple roommates well until their late 30s; this is compounded by a lack of funds- relative low wages- preventing them from fully participating in what Napa has to offer in the way of entertainment and community investment. This leads to dissatisfaction among this demographic, and increases the likeliness that they will leave the area- further compounding the labor shortage. Additionally, there needs to be more investment in areas and activities for locals. Restaurants and retail shopping geared toward locals is lacking and expensive. Also, food trucks should be encouraged in local areas, as they are generally inexpensive for consumers and cheaper for business owners to run than a traditional site. The downtown area (and Napa in general) is so saturated with tasting bars and wineries, can't we add some diversity..? Thanks!	9/17/2018 1:03 PM
157	availability of resources, programs, care, and support services for aging population.	9/17/2018 10:01 AM
158	Get the homeless off the streets. Address there mental health and addictions and put them to work.	9/17/2018 8:02 AM
159	Napa is a great community, rich in many aspects, our immigrant community deserves affordable housing low to middle class specially. Napa needs rent control polices in order to maintain our population steady so we do not have many people driving up the valley increasing the traffic, causing lower quality of life. I was raised in the city of Napa and my family lives here. I was forced to move out of napa because my wages were not increasing even though my skills and work experience did.I have moved back to napa and now i drive out of the valley to go work because my work is better paid outside of this valley. The people who already live here and work here deserve an affordable place to live and should have a decent drive not an elongated commune so they can better use the time to hopefully learn and help the community. This survey is about the next three years and i wish to be able to find a good paying job here in the Napa Valley within the next 3 years. Having the stability will encourage me to go help as i did once when i had more time to give to the youth of napa because the youth will always be our future and we need to help them stay and make napa a better city and Napa Valley a better place to call home.	9/16/2018 9:54 PM
160	Continuing deforestation for yet more vineyards Disappearing wildlife habitat and corridors to monoculture fenced ag	9/16/2018 4:59 PM

## Napa County Strategic Plan Survey of Community Members

161	Over growth of wineries & vineyards threatening quality of life in terms of; 1. oak woodland, clean water, sufficient water for current Vineyards, wineries & citizens, traffic & affordable housing for current work force	9/16/2018 1:50 PM
162	Increased outdoor activity opportunities (trails, mountain biking trails, etc.)	9/16/2018 1:18 PM
163	Traffic congestion and air quality are the most significant issues reducing quality of life in Napa County.	9/16/2018 12:25 PM
164	I believe the County and City Govt's are mainly concerned with allowing corporations and the wine industry to develop as much as possible while residents, who the supervisors are supposed to represent also, take a back seat to development. All the supervisor's largest donors are vintners and they see no problem with conflicts of interest when they approve winery project after winery project. Tourism is more important than residents now and Napa is no longer geared towards residents. It's all about the tourists. Downtown Napa has been developed for tourists and residents have no reason to go there anymore. It's all about the dollar and making sure tourists will visit. There are more and more hotels in the pipeline as well as making exceptions (variances) for wineries and event centers while a resident would be fined or red tagged if they did the same thing. Planning Commissioners, especially, bend over backwards to make sure a winery can expand and very rarely punish any permit violators. And if they do, it's barely a slap on the wrist. Clean water and air take a back seat to development. Napa is incapable of saying "no" to building more vineyards and is allowing more and more development in the watersheds and hills. Napa no longer cares about the people who already live here, but instead focuses on how to attract more tourists at the expense of its residents. All these commissioners and supervisors who keep approving developments will no longer be around when the clean air and water are gone, so they don't really care.	9/16/2018 11:51 AM
165	Unsafe undrinkable WATER in Calistoga	9/16/2018 10:24 AM
166	Clearing of woodland areas to plant vineyards. Restoration of creeks and rivers to support native flora and fauna. Enforcement of various violations by wineries.	9/15/2018 10:05 PM
167	Napa county needs to preserve the beauty that people have come here to see. We should not try to be New York City. Our greatest resource, the water shed, needs to be protected. When we loose that, we all loose.	9/15/2018 8:19 PM
168	I feel the most important issue is affordable housing, not condos or appts but homes for local hardworking people. The amount of short term rentals and vacation homes in St. Helena has made it impossible for locals to afford housing. It's really very sad!	9/15/2018 6:09 PM
169	Affordable housing and safer bike lanes/routes!!	9/15/2018 5:46 PM
170	Sustainability of funding for health and human services.	9/15/2018 5:09 PM
171	It seems that the county and city fathers are dedicated to increasing tourists to our already straped valley	9/15/2018 4:44 PM
172	The county must make it easier for small wine producers to succeed. This means an easier permitting process for small wineries.	9/15/2018 4:26 PM
173	Real traffic improvements. NOT roundabouts, bike paths, etc. Public transportation better suited to the way we use it. Smaller busses and vans. No duplication of services.	9/15/2018 2:26 PM
174	Attempt to create and maintain a balance between Napa for the locals and Napa for the visitors. It appears that incumbents continue to permit hotels, tasting rooms. wineries with little consideration for the people who actually reside in the City of and County of Napa.	9/15/2018 2:00 PM
175	Traffic congestion at Zinfandel Lane and 29!! Serious problem, especially going north from W Zinfandel!! Help please!!	9/15/2018 1:44 PM
176	Protection of open space, connectivity for wildlife, water supply, and recreation.	9/15/2018 12:45 PM
177	Analysis of when is enough winery and vineyard development enough? Have we exceeded the transportation carrying capacity of our roadways? Have we left open space corridors for wildlife? Are we encouraging businesses to pay a living wage?	9/15/2018 12:15 PM
178	Put interests and needs of locals ahead of tourism. Address loss of and expense of rental property.	9/15/2018 12:02 PM
179	Courting development upvalley for the money it brings to the city coffers while not understanding that hotels need employees, none of whom can afford to live up Valley, thus adding to the already horrendous commute traffic on 29 and the Trail. Also certain members of the Board of Supervisors (Bella Ramos, Alfred Pedroza and Terry Scott) need to be educated about bringing wineries into compliance. These wineries can be brought into compliance without granting them other benefits (increase of guests, and PAVING OVER A MILE OF PRIME VINEYARD LAND IN RUTHERFORD for a second entrance to the Winery. Raymond is the offender, and those members of the Board of Supervisors are ignorant and are constantly letting corporations beg for forgiveness instead of asking for permission. This has to stop.	9/15/2018 11:55 AM
180	Make a concerted effort to bring all voices to the table with equal respect and weight	9/15/2018 11:24 AM

## Napa County Strategic Plan Survey of Community Members

181	American Canyon and Vallejo are the most sensible locations to build cost effective housing and other industry such as high tech. This is an overlooked and underutilized region particularly Vallejo, Mare Island.	9/15/2018 10:40 AM
182	Finally having a Small Winery Definition that was drafted and then pulled last year. This has been on the list since 2009	9/15/2018 9:11 AM
183	I believe most issues in Napa County where change is needed face opposition due to perceptions of loss of financial value (i.e., property). We must find solutions that make meaningful change, but help overcome the resistance -- small sales and / or use taxes as a funding mechanism may help. That said, they should not be added to already high hotel rates. Oh, we should promote Uber and Lyft more -- wine consumption, traffic, etc. are a problem. There are solutions -- as a blind person who does not drive, I would like the flex !!	9/15/2018 7:01 AM
184	The ways the questions were put do not give room for any discussion. Not the best survey.	9/14/2018 9:03 PM
185	Captured above I guess, but I'm most concerned with limiting/planning growth. I want to keep the rural character of the county.	9/14/2018 8:34 PM
186	Finish the VINE trail. Connect to SMART in Sonoma. Develop better connections to Vallejo Ferry and to Solano and the East Bay. Start now--traffic is only going to get worse and worse.	9/14/2018 8:27 PM
187	The balance of tourism development vs. the need for housing of needed workforce.	9/14/2018 8:24 PM
188	traffic, water	9/14/2018 8:10 PM
189	County roads are in dire straits. Mt. Veeder being extremely neglected. Our 23 buildings at top of Lokoya burned to the ground because OUR fire personnel were "dispatched elsewhere."	9/14/2018 7:54 PM
190	Splash pad (water feature) for kids. Napa needs one!!!	9/14/2018 7:48 PM
191	Clean Water is s priority!	9/14/2018 7:41 PM
192	Need to secure additional water sources so our water bills are not so high!	9/14/2018 7:35 PM
193	Controlar el costo de las rentas ya que son muy altas. Darles mas valor a los trabajadores Delhi campo gracias a ellos este valle es grande y crear mas vivienda para los trabajadores del campo solo hay tres en Napa y no son suficientes.	9/14/2018 5:04 PM
194	Middle class?	9/14/2018 3:56 PM
195	THE SIDEWALKS ARE IN HAZARDOUS CONDITION	9/14/2018 3:02 PM
196	It would be nice if downtown Napa was geared for locals and not tourists. It would be nice to have events that are affordable for locals. It would be nice to find a house or an apartment for rent that's under \$2000/month. It would be nice if the City of Napa put locals before tourists. It would be nice if locals felt more important than tourists. It would be nice to have no more wineries built for the next 10 years. It would be nice to have better roads.	9/14/2018 2:56 PM
197	Napa County is being taken over by corporate entities building new, and buying existing wineries, plus their requests for larger production capacities and increased visitations at existing ones. THERE IS ALREADY TOOOOO MUCH STREET TRAFFIC. And we do NOT need any additional tourists or traffic, nor do we need the amount of corporate greed that exists here. Tasting fees used to be \$5-10... now they average \$50-75+ per person. Individual wineries are seeing lower visitation for the most part because there are so many new wineries. The most critical thing in the next three years to me? STOP APPROVING NEW WINERIES, and STOP INTRUDING IN RURAL AREAS WITH WINERY GROWTH. Save our water, save our roads, save the trees... and save our sanity. Napa Valley is becoming a joke. Take a step back and look at it. A cash cow for those with the cash to buy in. A train wreck for anyone who wants to live here in a normal, productive way. Please do the right thing and end the growth that seems to have no limits.	9/14/2018 2:44 PM
198	Excessive, Ruinous Population Increase	9/14/2018 2:20 PM
199	The balance of community and individuals' quality of life with the profit and dominance of the business and tourist drive for success...' none of us will make it if all of us dont make it'. Metered growth is ESSENTIAL and must not stomp on peoples rights in a governing continuity of 'by, for and about' the people of our city, county, state, country, and planet... please... respect one anothers multiple needs fir quality of life, not just needs for profit, consumption and product. The growth , growth and more growth, unlimited space concept in all biologic communities reaches limits to be noted and respected.	9/14/2018 2:11 PM
200	Need for repair of local streets.	9/14/2018 1:19 PM
201	protections and services for individual property owners.	9/14/2018 12:52 PM
202	Over building of hotels and under building of affordable housing for rank and file	9/14/2018 12:48 PM
203	This survey seems tilted to issues of the current stakeholders. I am disappointed about the number of questions related to the environment and preventing too much development.	9/14/2018 12:08 PM

## Napa County Strategic Plan Survey of Community Members

204	1. The absolute most acute problem we have is having an effective, ubiquitous warning system for wildfires, enabling first responders to spend 100% of their time fighting the fires. 2. Relating to that, a more aggressive program to get every home in higher risk fire areas cleared from fire hazards. Firewise is good start, but I think every home should be officially inspected and given a GRADE, with a list of "infractions" to reach an acceptable grade.	9/14/2018 11:02 AM
205	Our water resources are not without end. Please make a better effort to stop this unending expansion of the wine tasting rooms and wineries. Leave our hills alone. You are destroying the very things that have made coming to this beautiful place so special. No more grape stakes climbing the hills instead of nature. If you are not careful there will be no water for anyone. Shame on all of you who have forgotten about the regular down to earth resident. Down town Napa has been destroyed. There is nothing there for the locals.	9/14/2018 10:03 AM
206	Protection of wildlife, esp. deer, from vineyard killing and depredation; easy way for public and neighbors to communicate with vineyard owners.	9/14/2018 9:41 AM
207	Development and encroachment into the Agricultural Preserve. Permissiveness in the Planning Commission about winery expansion and use. Increased traffic on Hwy 29 & Silverado Trail.	9/14/2018 8:24 AM
208	All of these issues are important and present a list of what every county should strive for. However, there is a balance that has to be found and resources that have to be fairly allocated to all. The most important thing is to not ignore or forget the citizens of Napa and attending to their needs and desires. Tourism needs to be balanced so that the community is not lost in the shuffle. The downtown cannot be filled with hotels and restaurants that cannot be sustained should tourism die down, once the wine industry becomes saturated. There needs to be variety and diversification in the local economy downtown so that Napers are interested in, and can afford to, participate in commerce there. And so that Napers are able to sustain their own community. There should be a variety of shopping that keeps residents interested in shopping in Napa rather than going to malls and other chains outside of town. These places can be selected by survey over time. I live in East Napa. The only grocery stores here are Nob Hill and Raley's (one and the same). Its a shame that Food Fair, Vallengas, and Safeway are gone. Most everything else is in North Napa where it gets quite crowded. The Napa Farmers (Gucci) market is so expensive, it is a joke. Homeless and services: I cannot deny that everyone in a community needs to be taken care of. There seem to be a lot of services that are offered in Napa. I have no idea if they are enough without looking at statistics. What I have directly experienced owning a property downtown is that my property has been vandalized and imposed upon many times in the past. Since the Hope Center has been moved from the area, things have calmed down. There are many homeless people who do not want to be homeless and want to be able to lift themselves out of the predicament they are in, many who want to recover from drug addiction. The people I worry about are the ones who do not want to change anything about their homelessness and come here to take advantage of services or sell drugs or loiter about, who have in the past, slept on my property, defecated in my yard, removed light bulbs from outdoor light fixtures so they could sleep, etc. I was told to change my lighting, landscaping, hire a security detail, and that I could not put up a fence higher than 3' on my property to keep them out. I absolutely object to this "solution" to protect my property. It is not a solution but an unearned burden and an unfair one. Vagrants (people who break the law willingly and willingly do not seek help) cannot take over a neighborhood to suit themselves. And, law enforcement and the city government should do everything in their power to absolutely not allow this kind of activity to occur. These people who deprive law abiding citizens of their rights should have theirs temporarily suspended and put to work cleaning up the mess they leave behind. Are the Napa State Hospital grounds and buildings all occupied? This seems like an area of Napa that might be well used for some services and for a positive environment to "re-educate", or put to some productive use, (no Mao reference intended here) the loiterers who tend to resort to trespassing, property destruction, or nuisance/assault. ( as recently reported in a neighborhood chat and to the police where a woman was assaulted in the parking lot behind Blue Note by someone who may have been suffering from delusions). The message needs to be "don't come here unless you can become a productive member of our community". Please!	9/13/2018 11:16 PM
209	Growth of tourism, including hotels and restaurants, larger wineries and "tasting venues" appears to lack any oversight	9/13/2018 7:46 PM
210	Pave Soda Canyon Rd. Concerned about accidents caused by drivers trying to avoid potholes	9/13/2018 7:21 PM
211	Liveable wage, increase in public employees (sheriff, fire, public property maintenance), limited out-sourcing of jobs or public services. Sustainability (protect natural resources), buy property, use solar on all buildings.	9/13/2018 6:42 PM
212	Traffic jams at all hours everywhere within the city and county. Too many commuters and tourists ,too many hotels!!!!	9/13/2018 6:26 PM
213	Soda Canyon Road conditions are a disgrace. When are we going to get the road fixed?	9/13/2018 4:55 PM
214	Public safety, policing, crime prevention, TRAFFIC.	9/13/2018 4:35 PM

## Napa County Strategic Plan Survey of Community Members

215	We need to pay more attention to the noise pollution, chemicals and water usage of vineyards. Wine is a luxury item, not a necessity, yet it consumes a lot of local resources. Napa County is too dependent upon the wine/tourism industry.	9/13/2018 4:24 PM
216	Todo lo que se necesita esta incluido.	9/13/2018 4:16 PM
217	Supervisors lying to the public.	9/13/2018 2:33 PM
218	El excesivo aumento de la renta parar ese habito. Porque nos aumentan el sueldo pero tambien el costo de la renta.	9/13/2018 2:31 PM
219	Supportive housing for older adults to prevent homelessness and options (incentives) for long term care assisted living.	9/13/2018 1:20 PM
220	1 -Accountability for a political officials. 2- overpriced building permits and fees in Napa County.along with rude uncaring inspectors/officials only after making money! For there useless seevices. uncaring of the hardships they are causing. More accountability liability and responsibility against the city and county for creating hardships on people, for others agendas. Open city and county agendas stating a good. reason for who and why actions are being taken. 3- traffic signals set to go to red is your approach (for example) if you make two lights going the speed limit you have to speed up to make the third. Light. The signal lights on North napa 29 set to make traffic slow/ stop. And pot holes are the worst I've seen in years, why are those who are in charge not doing there job. Maybe it time for over site over are officials. Much more needs to be done in many areas.	9/13/2018 1:03 PM
221	Lack of mental health providers, specially in schools.	9/13/2018 12:51 PM
222	Quality of roads. Timely and quality repairs. Brush and grass cleaning along roadways and medians Striping on roadways kept in visible condition	9/13/2018 12:30 PM
223	I emphasize the need for traffic congestion solutions, preservation of ag/open land, accountability of supervisors/council members, esp in response to Grand Jury findings.	9/13/2018 12:22 PM
224	TO HELL WITH ICE RINKS! HOW ABOUT MORE GOOD JOBS-HELLO? SKILLED WORKER, 4 YEAR AND POST GRAD, WHITE COLLAR- TECH, OFFICE JOBS! WINERIES DON'T PAY! HOTELS AND WINERIES JUST BRING TAXES BUT THESE ARE NOT CAREER JOBS FOR MOST! NO ONE DREAMS OF BEING A WAITRESS OR A MAID FOR THE HYPER-RICH! SEEK OUT TECH INDUSTRY NEAR THE AIRPORT- PUT THEIR CAMPUSES HERE! CONTINUE IMPROVING LOCAL COLLEGE OFFERINGS! WE WOULD NOT NEED AFFORDABLE HOUSING IF WE WERENT ACCOMMODATING SHITTY WAGES AND NON-CAREER POSITIONS PLACING HIGH DENSITY HOUSING WHERE NONE OF THE BEST PAID PEOPLE LIVE (I'M TALKING TO YOU COUNTY EMPLOYEES! YOU DON'T LIVE THERE- SO "NIMBY" DOESN'T MEAN A THING TO YOU LIVING IN BROWNS VALLEY OR PILL HILL! STOP BURDENING US WITH YOU CATERING TO TOURISM. WE DON'T WANT TO BE HAWAII WHERE THE LOCALS ARE POOR AND MISERABLE GOING HOME TO POOR HOMES AFTER MAKING MAI TAIS FOR THE ENTITLED. FIX OUR STREETS. STOP WITH THE MILLIONS OF COPS, PADDING THE COUNTY JOBS- BY THE COUNTY, FOR THE COUNTY- EXTENSIVE GOVERNMENT FOR YOUR MORTGAGES- CONFLICT OF INTEREST. TOO MANY COPS, COUNTY EMPLOYEES EARNING THEIR FAT SALARIES YET THE STREETS ARE TERRIBLE AND OTHER JOB OPTIONS STINK, UNLESS YOU ARE A BUSINESS OWNER AND NOW THE WINERIES ARE TAKING ALL THOSE RENTALS. NO BUDGET FOR LOCAL ARTISTS ALSO. WHERE ARE AFFORDABLE ARTIST STUDIO LOCATIONS? HOW ABOUT FOOD WINE AND ART? ARTS COUNCIL IS FOCUSED ON SPECIAL INTERESTS, PET ARTISTS AND OUT OF AREA ARTISTS. DEVELOP LOCAL TALENT, LOCAL JOBS. BRAIN DRAIN! DON'T WANT TO LIVE IN A POLICE STATE! DON'T CARE ABOUT ICE RINKS- HOW ABOUT LIVABLE WAGES? GOOD JOB OPTIONS? COMPUTER JOBS \$\$\$? PROFESSIONAL JOBS??? WE LOST THE DEY LABS! GO RECRUIT COMPANIES TO BUILD CAMPUSES HERE AND THEN LOCALS WON'T HAVE TO WORK FOR WINERIES THAT ALL PAY THE SAME AMOUNT WITH HUGE POOL OF EMPLOYEES. I WORKED 5 YEARS FULL TIME FOR A MEGA RICH WINERY AND THEY DIDNT PAY MEDICAL FOR ANY OF US! FRENCH BARRELS AND BIRKINS AND NEPOTISM MORE IMPORTANT- AND NOW THEY ARE COMPETING FOR MARKET WITH BILLIONAIRE CORPORATIONS LIKE DIAGEO AND CONSTELLATION FROM OUT OF STATE/COUNTRY! JOBS!!!!!!!!!! STREETS! NO GANGS! NO AWFUL HIGH RISE LOW INCOME BOXES RUINING OUR SKYLINE, AESTHETICS AND PROPERTY VALUES! PUT THOSE BEHIND THE CAR DEALERSHIPS! YOU ARE CREATING THE LOW INCOME JOBS THAT NEED LOW INCOME HOUSING- THE LONG TERM SOLUTION IS BETTER JOBS IF YOU WERENT CATERING TO HOTELS AND WINERIES FOR TAX \$- CITIZENS FIRST- REAL OPTIONS FOR THE REAL WORKFORCE HERE!	9/13/2018 11:40 AM
225	Continuing to be a Sanctuary City for immigrants, protection. Affordable Housing, and Increased Transportation in and out of the County to major cities (San Francisco, Oakland, Richmond, Fairfield, and Vacaville).	9/13/2018 8:08 AM
226	Loss of habitat and open space due to vineyard conversion and tourism development.	9/13/2018 7:38 AM
227	Stop putting money in the pocket of city officials and do what's best for the community!	9/13/2018 6:39 AM

## Napa County Strategic Plan Survey of Community Members

228	Improved downtown area Refurbished older buildings Police presence at community gatherings Beautiful street and road appearance especially along 29 Our face to the world	9/12/2018 9:19 PM
229	TRAFFIC, TRAFFIC, TRAFFIC	9/12/2018 9:18 PM
230	Rethink tourism-dominated development and growth. Stop building hotels until we have adequate housing for their workers. Ideally, REQUIRE the hotel to provide on-site housing for X-percent of their workers. Develop a plan for free/inexpensive transportation up/down valley for locals and tourists to reduce congestion and keep people who have been drinking off of the road. Stop developing all of our beautiful open spaces with high density housing/projects.	9/12/2018 7:15 PM
231	The need for more Racial Diversity.	9/12/2018 7:13 PM
232	Emergency Response plan for all seniors and deisabled in care facilities and homes.	9/12/2018 5:27 PM
233	Conservation of limited natural resources. Taking account of limited natural resources.	9/12/2018 5:23 PM
234	As a fairly recent arrival, I would like to see growth controlled more in the county, there are too many hotels etc coming on, and congestion is getting worse. I would like for all agricultural zoning be very strict, even more than it already is. I don't think one should be allowed to cut down oak trees, and I would like to see as much preservation as possible both for visitors and residents.	9/12/2018 5:10 PM
235	Water security is an emergency given climate change and demand. To ignore our source watershed health is a tragedy making the future grim. Stop kicking the can down the road. Severe climate is here impacting both the environment and people. If we don't save the fish and have healthy clean flows in our streams and Napa River, we will not save ourselves.	9/12/2018 4:25 PM
236	Focus on environment, walkability, bikeability, and building community support and business infrastructure. Encourage appropriate development. Support development of downtown. Less focus on code enforcement- neighbors turning in neighbors is anti-community. Just ensure appropriate community safety.	9/12/2018 3:02 PM
237	Build a house before you build a baby programs as at Calearth.org	9/12/2018 1:11 PM
238	having places like innovations with better funding, this will help napa as whole reducing crime with better mental health services for all not just Mexicans	9/12/2018 11:17 AM
239	Napa County is one of the most beautiful and vibrant places I've ever been and I LOVE living here. That said, please watch tax rates as in California we're getting creamed as it is. I've recently heard that there are GOBS of programs that use taxpayer dollars to fund/grant/loan...please be judicious (ie: proximity loans, etc).	9/12/2018 9:52 AM
240	Inmigración es un base para la economia	9/11/2018 10:36 PM
241	Better schools	9/11/2018 9:37 PM
242	ECONOMIC VITALITY LGBTQ affirming job development Support for LGBTQ Pride month for locals & tourists Year-round LGBTQ visibility and promotion LGBTQ promotion of tourism ("Gay Week"?) HEALTH & HUMAN SERVICES Providing LGBTQ funding and services Ask LGBTQ info on forms (SOGI data) LGBTQ visibility and welcome LGBTQ health services Connection to LGBTQ community resources LGBTQ senior advocate LGBTQ veterans services SOCIAL SERVICES LGBTQ events and advocacy Funding for LGBTQ senior supports Multi-county LGBTQ efforts HOUSING Increase required percentage of affordable housing Workforce housing Housing discrimination (unrealistic property management pre-requisites and/or assisted living for LGBT elders have criteria that "weed out" LGBTQ applicants) LGBTQ youth & trans homelessness/risk of homelessness prevention Rent control for affordable rents Lessen restrictions to build affordable housing ENVIRONMENT groundwater management PUBLIC SAFETY Required LGBTQ training for first responders TRANSPORTATION Safety issues with Bay Area public transportation GOVERNMENT EFFECTIVENESS stop keeping LGBTQ "don't ask don't tell", increase visibility and communication and data collection LGBTQ advocate/community liaison LGBTQ public visibility and acknowledgment by local government and electeds	9/11/2018 6:42 PM
243	The intrusion of the grape monoculture into our lives. It is unhealthy for the land and the people who live near in the valley	9/11/2018 4:15 PM

## Napa County Strategic Plan Survey of Community Members

244	<p>the homeless is growing more and more people on the streets and the trash if we cud all pick some trash up to help the amount of money put in to cleaning if we saved on some of that money and save in every area to budget and recycle the money and use it for good and if we all work together we shud all be working together as one as a team as people who all need money and all shud get a peace to where if a huge population of people working the same job witch starts off by cleaning and cleaning more citys to save each city tons of money we are all people that just need to be treated as equals in the sence that we all are the same we are all needing family friends coumity get togethers to all understand each other we all need to come together and start a big change a change so big and open mindedness to where we all just be in defferent jobs and other stuff but we need to compurmize even with the presentdent and all his team and all need to stop our judge ment towards rich and judge ment to the homeless and the drugs need to be cleaned up and we all need to get along to where every person can be happy even the ones that fund control and run things we can just all hang out and everyone needs to have there slice of the pie we all need to be considerite of each others even the tax peps and big wigs and politions and i am pointing out we all need to have a center becuz we all have a mouth and eyes and see things we like we need to make sure even tho i habe enamies that arnt that bad they are just so conumed in money and control that we need to put our heads together talk to people when they get arested take there stuff but dont make it to where u let us go yet our bills add up and we cant pay them we shud put people thro it like churches that go and pick up kids in really ruff naborhoods and treat everyone with the respect that is given we cant be fake for our own selfish aheadings i hope to god we can all just get along and weve thro our people everyone is important if we can all get along we shud all be happy we shud all be haveing bbqs eating the best foods and respect trump as our presdent and he shud be happy with life he made it far we shud all treat mr prez with the confadence that he knows we all have some simalaraties like we both smile we both get scared and we all have brains of so much power more as a community and an understanding of life and we all life our own lives and our own worlds exspences those are very important just like history we all punched each other in the faces wars men died thats not good the big guys need to have heart and settle wars in court rooms or bodas temples where they talk it out shud be like a foot ball game on tv and use complete honesty and integerty so please i hope this is a big impacted and i believe in us all and our prezadent hes our guy rite now ok he put that suit on road in the plane and made speashes i know he cud really be a good guy deep in side and i know he"ll do some great things for us we got to at least saport him for having to be in those big shoes and i hope our world becomes the best happy place and be happy instead of craby or farts that have not tryed a couple of hits of some really good weed name grand daddy purp helps us so much if we use it rite and take out all the drugs we shud all be honest and thro that away we can find money in the ground theres so much money made off drugs and booze and we shud cut out all fast food becuz it is not good for us we shud be eating out of fast food garden grill bbq places with music every one can like please world and trump and obama and meshell obama good vibes and we can all be satisfied and happy with what we get and we cud all get presents on xmas so we can all just get along and make sure we get thro our problems and do the funky chicken and say its all good and all is good all the time and use the importance of how we treat our nabors and each other love you world we can all be happy even god and the devil him self we shud just make things right and be friendly kind every day or at least at the end of the day ok please help and have complete understanding and complete order god speed we are all going to be good and we shud just talk as making efforts and proper change and order where everyone can be happy please we dont need pain war or suffering any more thank you ^ ^3 peace and love can be the great movment and i beleve in us as a world team we all need to have good hearts i hope and i know that the power of that can make things so much better thank you world...</p>	9/11/2018 3:51 PM
245	Requiring adequate onsite worker housing for all upcoming big hotel projects.	9/11/2018 2:56 PM
246	<p>The permitting costs and required design process for permitting new homes or remodeling new homes in the county is way too expensive. It is a substantial monetary barrier to new young families trying to live in the area they were raised. There needs to be a less expensive streamlined permit process for new homes that are under a certain square footage (2400 sf or less). I also think that we need more tourist accommodations away from the valley floor. Currently the majority of the accommodation are along hwy 29 or Silverado trail. This concentrates all the traffic to these areas and discourages tourist traffic to the outer regions of the county. I feel we could alleviate some of the traffic congestion by encouraging tourists to stay at B&amp;B's and visit wineries outside of the valley floor area. I think Napa needs to rethink its anti short term rental policy.</p>	9/11/2018 1:59 PM
247	No on solar "farms" in Napa County. Even though a proposed solar farm is similar to a public utility, it is, in fact, a manufacturing facility. Solar panels transform a raw product, sunlight, into electricity. An ordinance must be put into place as soon as possible.	9/11/2018 1:45 PM

## Napa County Strategic Plan Survey of Community Members

248	Napa County Sheriff's Office & Napa County, California - Government do not have proper Nixle translation. Their Spanish communication is unacceptable. The lack of accurate information causes confusion. There was a reported shooting nearby American Canyon HS so the school was on lockdown for safety precautions. The Nixle text message said (in Spanish) "do not shoot or stab on the ACHS campus." They are risking our health, safety, and wellbeing with mistakes, which are preventable. Inaccurate translation from Nixle continues to happen despite expressing our concerns at numerous supervisors/sheriff meetings. In addition, I would like to expose the Sheriff's office for not actively participating town hall meetings, they are physically there, but always on their phone, barely paying attention. Not really caring about our community, especially with topics relating to people of color and immigration. Also, there needs to be more unbiased mental health support for our community as well as for non-profit staff, as service providers/case workers we need a safe space to talk about our work/community issues. Safe Spaces where we don't need to be identified, spaces where we won't fear retaliation from our directors. Spaces outside Mentis, outside Aldea, and outside County spaces, outside Puertas, etc. Napa is rich in monies - that comes from the labor of our grandparents, parents and migrant workers. The rich get richer, where the rest are forced to live in crowded homes because of outrageous rent prices and high-cost of living in Napa county. How is a person who was raised in Napa, went to college, has a stable job and can't afford to live/survive in their home town? Has to decided between meals/rent? This is outrageous. Stop building more hotels and wineries. Where is the housing? where is the support for our undocumented community to be mentally/financially stable while working in the fields for 20+ years? We have so much more growth to do, the next 3 years will be our foundation to start/continue this work. Positives, I love Napa and for this reason I'm dedicating my actions for Napa to be better so much better to the people who have made it the wonderful town we are now. End to xenophobia, end to transphobia, end to racism, end to sexism, end to ageism, end to ableism, abolish ICE, abolish the wage gap, narrow to the education gap, Act on rent control now. We deserve affordable homes. Recognize and accept our people of color, recognize and accept our Napa natives - our Pomo, Patwin, Ohlone, Onasatis peoples. Words matter, be gender neutral, be inclusive, and be respectful to diversity. Napa can do so much better.	9/11/2018 1:38 PM
249	Too much development, too many tourists, horrible traffic and terrible road conditions.	9/11/2018 1:18 PM
250	Strengthening relationships with nonprofit partners in providing services that support county goals. Advancing cultural competency and creative industries.	9/11/2018 12:15 PM
251	Rental/mortgage assistance for families/individuals at risk of eviction - homeless prevention. Affordable childcare with certified staff. Higher minimum wage. Programs to help home owners with home repairs, ex: low-interest loans for new roof; resources	9/11/2018 12:11 PM
252	There seems to be a real lack of cohesiveness and coordination of planning in regards to building more commercial and residential properties and the resulting impact on increased traffic and congestion in Napa County. Have you seen what it's like to commute from the city of Napa down Hwy 29 in the afternoon to Hwy 80- easily 40 minutes! Or to head out on Hwy 12/121 towards Sonoma County- having stoplights in this day and age are ridiculous. Take a page from places like Sedona AZ (that get a million plus visitors a year) or Carmel Indiana and put in roundabouts to get the traffic moving!! The absolute number one complaint I hear too from ALL visitors is the traffic in getting in and around Napa and Sonoma County. There should be much better coordination between Napa and Sonoma counties on traffic issues. Still can't believe that after all these years there is a flashing 4 way stoplight at Arnold Drive and Hwy 12/121. Often times this road is bumper to bumper traffic all the way back into Napa county on weekends and summer evenings!	9/11/2018 11:50 AM
253	Que aiga aseguransas de bajos recursos alluda a las escuelas para ayudar a los ninos y ninas con discapacidades	9/11/2018 11:02 AM
254	Personal capacitado para atender a los ninos con diferentes necesidades en las escuelas es muy importante que tus patrones te den aseguransa	9/11/2018 10:51 AM
255	Creating opportunities for youth/young families to stay in Napa County. It's so expensive and jobs aren't paying enough to be able to afford to stay here.	9/11/2018 10:43 AM
256	Support of our local schools. Education of children in the ways that they can help support our community.	9/11/2018 10:36 AM
257	Que cuando vallamos a solicitar un servicio donde se necesite el ingreso miren an la cantidad que llevan a casa y no en el ingreso en bruto	9/11/2018 9:48 AM
258	Trato Igual para todos en cualquier lugar publico.	9/11/2018 9:19 AM
259	Outdoor youth sports complex (turf fields) similar to what's been built in nearby towns, such as Petaluma.	9/10/2018 9:51 PM
260	Development of Lake Berryessa!	9/10/2018 8:14 PM
261	Creo que todo está en la encuesta gracias	9/10/2018 7:55 PM
262	Development of family farmworker housing, both in cities and unincorporated areas (priority of AgWatershed lands over AgPreserve lands in County)	9/10/2018 3:55 PM

## Napa County Strategic Plan Survey of Community Members

263	Feeding the poor, elderly, and homeless. Play grounds in poor areas. Impact of low income families not distributed evenly in schools.	9/10/2018 3:36 PM
264	Impact of all facets of immigration as well as vocational education opportunities at the community college level- partnerships.	9/10/2018 3:35 PM
265	Education of the public of how well our system works now for agriculture. The loss of agriculture would make our life terrible in Napa	9/10/2018 3:20 PM
266	Development of a Youth and Families Master Plan to enable government, schools, the non-profit sector and other stakeholders and service providers to more effectively communicate, collaborate and coordinate in providing services, supports, and opportunities for our youth and families. Such a master plan will facilitate proactive leadership, sustained and coordinated strategies and effective partnerships. It will also ensure that shared opportunities are not squandered, reduce stakeholder fragmentation in the delivery of services, enable our government leaders to make smarter choices in allocating limited precious resources, and ensure accountability for the successful delivery of services.	9/10/2018 2:58 PM
267	Work in collaboration with Bay Area Air Quality District so we can draft/amend rules to allow more burn days. Private landowners affected by Oct 2017 wildfires now have to collectively contend with massive acres of standing burned trees and shrubs. To economically remove this hazardous severe fire threat, moderate to steep ground has to be treated with small manageable burn piles. Not everything can be chipped/mulch or masticated due to steep slopes over 35%. Our state CAL-Fire and USDA-NRCS have acceptable standards and specifications but we need help with SF air quality district to make this happen with little delays and immediate action.	9/10/2018 2:36 PM
268	Traffic solutions on the Trail and HWY 29 could be better served with Traffic Circles instead of Stop Signs at major intersections. I see near accidents almost daily due to frustrated drivers impatiently not waiting for traffic to clear.	9/10/2018 1:41 PM
269	Controlling the growth of tourism and hotels.	9/10/2018 1:38 PM
270	We need the 100 year flood wall from Lincoln Ave to the Oxbow.	9/10/2018 1:37 PM
271	Water cost in Calistoga is prohibitive and affects the quality of life for locals. There must be a disbursement program that requires the major resorts to pay more to ease the burden of local residents.	9/10/2018 1:37 PM
272	Winery disregard toward permits; illegal expansion of business with no penalties is rampant.	9/10/2018 1:34 PM
273	- focus on residents, not tourists. - focus on youth - no real pool, community center; not much to do besides eat and drink - focus on walkability and safe biking. Green lanes. - why would we use prime downtown real estate for government offices? makes no sense given community primarily engages remotely	9/10/2018 1:34 PM
274	Creating and enforcing limits to hospitality center development and operation in the Ag Preserve. Evaluating cumulative and aggregate impact of development, rather than project-by-project	9/10/2018 1:04 PM
275	Affordable short term/long term nursing facilities	9/10/2018 12:53 PM
276	Measure D passed overwhelmingly. The County should have taken care of this with an ordinance. Measure C didn't pass, but that's because many people voted no because it was poorly drafted. The County Board needs to move in a direction consistent with its spirit, including tighter reign on wineries. We have a finite development limit that you need to recognize. Don't be swayed by powerful wealthy interest groups.	9/10/2018 12:51 PM
277	Unchecked growth is reducing our quality of life and forcing us to spend hours more in traffic each month. Pretty soon it will take an hour to get to Fairfield or Vallejo even outside commuter hours.	9/10/2018 12:24 PM
278	protect trees and wildlife	9/10/2018 11:39 AM
279	Over-development -- too many new wineries, too many tourists and resulting traffic, any development that impinges (or potentially impinges) on the ag preserve. Preserve Napa's open spaces, water quality, and agriculture. Enforce restrictions on new wineries and other development (including large hillside homes) that violate view shed and other ordinances. Too little affordable housing which is a major contributor to traffic (in addition to tourists). Preserving Napa's open spaces, environmental quality, and rural atmosphere -- support for both agriculture and leaving as much of the county wild as possible. Avoid over-development. Enforce codes and exact heavy penalties on MAJOR code violations -- those relating to new wineries and other large retail developments, large hillside homes, etc.	9/10/2018 8:44 AM
280	PARKING must be addressed. Our business is tourism. Businesses downtown expect business but no parking. City is NOT responsive to citizens. NO answer to questions in county offices and then fines levied with NO listening or collaboration. YOU work for US; YOU are not our BOSS or ENFORCER! You are THE PEOPLE so act like it. Fees at every turn and weeks upon weeks of PROCESS versus prompt services. No wonder we regret having to deal with government! You block progress versus support local industry. Work on yourselves before you make more policies for US!	9/9/2018 7:58 PM

## Napa County Strategic Plan Survey of Community Members

281	Road repair and maintenance	9/9/2018 6:40 PM
282	Punish wineries that violate their permits.	9/9/2018 5:58 PM
283	Need affordable housing and affordable restaurants for locals.	9/9/2018 4:24 PM
284	Isolated seniors; Elder Adult Abuse and especially Financial abuse (vulnerability of elders)	9/9/2018 3:30 PM
285	Dog friendly	9/9/2018 3:29 PM
286	NO more hotels, wineries, wine bars nor nail shops	9/9/2018 3:12 PM
287	Restrict the definition of Agriculture to farming not marketing.	9/9/2018 11:51 AM
288	street repairs. too many wineries. limit new wineries so existing wineries get more business and I believe this might help with traffic	9/9/2018 11:37 AM
289	Keep Napa for the locals, the hometown it was just 15 yrs. ago. We have all the "visitors" we need. A choice of specialist in the medical field. Get stores where the locals can afford to shop, not the likes of the Shops on First. Don't force the locals to go to Fairfield, etc. to have selections in a price range that is affordable. Start making English the language EVERYONE speaks, not a 2nd tongue. Have our parades what they ought to be...not a political arena for local officers holders and seekers. Where are the high school marching bands and horses.	9/9/2018 11:33 AM
290	Affordable accessible senior housing. Acquisition of the "fair" grounds for that purpose. establish a "Fair grounds" site at "napa pipe" for occasional use.	9/9/2018 11:21 AM
291	The roads need work. Stop building so many hotels, take a brake before building more. It seems like we are just a hotel city.	9/9/2018 10:04 AM
292	Stop hillside vineyard development projects and housing projects on hillsides as well.	9/8/2018 6:42 PM
293	Housing for Napa County employees is essential. Traffic on 29 is evidence enough.	9/8/2018 8:00 AM
294	access to schools by bike and foot are dangerous. It does not teach our children a healthy lifestyle. We talk about car congestion. Would love to see bike congestion!!!!	9/7/2018 9:20 PM
295	Control construction of homes. The roads and neighborhoods are getting too congested	9/7/2018 6:12 PM
296	we strongly need nixle alerts to be PROPERLY translated into Spanish and any other languages represented in Napa County. Chinese?	9/7/2018 5:58 PM
297	Winery development - where does it stop? The county should set clear limits to show residents that there is some end to development.	9/7/2018 5:43 PM
298	The District Attorney's office seems to be reacting to the sweeping criminal justice reform changes in California by overcharging petty crimes and elevating relatively minor conduct to where they are charging felonies or even strikes based on their contorted if creative readings of our penal statutes. Ms. Haley is our first female DA and as such, is in a groundbreaking and important position. Some of her initial rhetoric about compassion for the mentally ill, and "fierce kindness" for vulnerable populations was very exciting, but simply doesn't seem to be coming to fruition. I hope that her office can move towards making the positive changes that she initially promised instead of focusing on conviction rates and elevation of petty behavior to serious crime in an effort to juice the stats.	9/7/2018 4:28 PM
299	More local food production Access to healthy food for all Food insecurity Education	9/7/2018 2:59 PM
300	Extensive health education in ALL grade levels	9/7/2018 11:17 AM
301	poner mas vigilancia en las escuelas para mayor seguridad	9/7/2018 11:05 AM
302	Law enforcement, homelessness, mental health, drug addiction, crime	9/7/2018 10:53 AM
303	Luces en el cruce peatonal, principalmente en escuelas , ya que muchos automovilistas no respetan al los ninos en los cruces de escuela.	9/7/2018 8:39 AM
304	Projects that will result an incremental increase in harm to the environment must not be approved or permitted. Project applicants must demonstrate with independently verifiable data that their project will achieve net zero energy use, net zero environmental harm, net zero GHGs, net zero vehicle congestion or better prior to consideration of their application. No approval or permitting without net zero or better project verification.	9/6/2018 10:00 PM
305	Crisis Intervention Training/Programs for children with disabilities.	9/6/2018 9:40 PM
306	Economic viability for towns where second homes are becoming more the norm and the resources are not there to support a vibrant town/city. No longer local serving.	9/6/2018 11:50 AM
307	n/a	9/6/2018 10:08 AM

## Napa County Strategic Plan Survey of Community Members

308	Undocumented individuals are also a part of Napa Valley. What resources would be provided? What protections? How can we assure their safety, individually and family? How about the disabled and managing public transportation? More focus on the community, actual Napa residents, not tourists. Have more events and more community activities just for the residents. Why can we not have a community center full of free activities including space for all ages, most importantly families to be out and together. I am somewhat tired of our efforts going into tourism. And we are not tourists. We are the busers, waiters, cooks, day-laborers, commuters, who also want to enjoy the beauty of Napa Valley along with our families. Also, something that does not involve wine.	9/6/2018 9:19 AM
309	Biggest issue in this county is traffic congestion up and down the valley	9/6/2018 9:02 AM
310	Need to prioritize completing General Plan Action Items	9/6/2018 8:43 AM
311	Mental Health of youth. More resources need to be made available for all families. There are not enough mental health providers in the community to properly service the community.	9/6/2018 8:33 AM
312	Housing is extremely tight, I understand that Agriculture is very important to Napa County. I for one love Agriculture and would not want to see it gone, but housing is expensive, and with the cost of rent, it will take me at least a decade to save for a down payment on a house with current housing prices. Obviously Napa County is tight on space so room for new subdivisions are limited as well.	9/6/2018 8:09 AM
313	Napa County needs policies that promote good paying local jobs by encouraging diversification of smaller scale winery ownerships that are based in Napa. Napa County should also actively discriminate against consolidated ownerships that reduce the number of good paying local jobs by having fewer jobs per acre farmed and inevitably moving the better paying jobs outside of Napa. Napa County should participate with the small scale wineries not affiliated with mega companies in promoting them and Napa County to make small scale farming as viable as holding. The County should have a criteria as part of the Use Permit process to assure the top 5 conglomerates hold no more than 50 percent of the permitted wine production capacity. This should include the reduction of permitted capacities should an acquisition occur by a large holder or the holder. Additionally land use decisions should include consideration for the number of positions created that pay above the median household income for Napa County. And this criteria should be monitored.	9/6/2018 8:07 AM
314	We need industry that profits help provide housing for its employees rather than create more traffic for everyone, we need to protect our natural resources from those that just want to profit, we need resources for homeless, but better enforcement for those that do not accept assistance. Homelessness is such a big issue downtown. We also need a better traffic plan in and to the county. Am Cyn needs a freeway to improve the flow through that bottleneck, not multiple traffic routes making several congested areas instead of one.	9/6/2018 7:59 AM
315	Protection of the rights of farmers to farm in city-county transition areas	9/6/2018 7:57 AM
316	traffic	9/6/2018 6:18 AM
317	I think Napa really needs to bring in more spaces, activities and fun for kids from 15 to 20. Maybe an underage dancing place, cyber cafe, place for gaming, shooting pool, ping pong, basically, a cool teen center.	9/5/2018 10:23 PM
318	rail system/van system for highway 29 and silverado trail	9/5/2018 6:56 PM
319	Traffic problems on Highway 29 in American Canyon as well as fixing roads there as well. Also finding a sustainable, long term water supply for the City of American Canyon before creating any more developments in the city.	9/5/2018 5:26 PM

## Napa County Strategic Plan Survey of Community Members

320	<p>1. Adjust the thresholds for the Use Permit Modification process. The current planning department process is broken and is nearly impossible and unsustainable for businesses to comply with the strict rules and regulations. 2. The relationship between planning department staff and applicants has become adversarial. Government should be helping businesses find ways to comply with rules and regulations and to encourage growth and prosperity. There seems to be an anti-winery, anti-vineyard element at the staff level where applicants are forced to reduce the size of projects and are burdened with more and more regulations. The costs of compliance and length of time to completion on permitting is absurd. Only the very rich and the very large corporations can play the game. The little guy has no chance. 3. The County talks about compliance and that is important. We need to obey the rules. But many of the rules are wrong and unfair. Why can one winery see 500 people a day, and another is only allowed 10? The whole visitation capacity policy is wrong and unfair. Visitation should be based on infrastructure capacity, such as water, waste water, fire and life safety and road capacity. Why are businesses limited to the number of employees? It makes no sense. I don't know of any other industry that is as regulated as the wine industry. We are regulated by how much wine we can make, how many customers we can have, the # of events, # of employees, hours of operation, gallons of water use, gallons of effluent, types of products we can sell in our tasting rooms and on and on. Our current model is unsustainable; something needs to change. 4. Here is my Napa County Strategic Plan for an economically viable and sustainable future: a) Traffic – need to find solutions to mitigate traffic. If we don't, visitors will stop coming here and that will hurt us all. Just staggering the working hours of wineries would take commuters off the road at peak hours. Encourage wineries, especially the large producers to move bottling to south county or out of county. Most of the wine that is sold in Napa County is consolidated and shipped from near the airport. It just makes sense that the wine is bottled there as well. This would take a lot of big trucks off the two-lane roads upvalley. b) Housing – we need to provide workforce housing in our communities. We need to build up and infill, not out. The people that work in our communities should be able to live in our communities. c) Conduct verifiable water studies to ensure the long-term viability of water. d) Revamp and streamline the Planning Process. Encourage businesses to grow and prosper using common sense. Not all projects are good. A custom-crush facility in the hills is not a good idea. Provide a realistic, affordable path for wineries to come into compliance. c) Change the rules regarding visitation as described above. d) Encourage the development and long-term viability of agriculture. Our ag lands are precious and are vulnerable to housing development. Orange County once had orange groves; Santa Clara was an agricultural oasis. We must defend the right to farm and preserve our great heritage of grape farming and winemaking.</p>	9/5/2018 5:14 PM
321	increased mental health services at schools	9/5/2018 4:54 PM
322	Active transportation *safety* - ensuring that residents and visitors feel safe on our local and rural roads when walking and bicycling. Safe Routes to School, etc.	9/5/2018 4:50 PM
323	Agriculture needs to be truly agriculture, not hospitality couched as agriculture. The municipalities and cities must work collaboratively to solve our many issues - water, traffic, quality of life. We must stop deforestation of our hillsides; we must increase the minimum acreage on which a winery can be established back to 40 acres.	9/5/2018 3:53 PM
324	The biggest issues are a) preventing the encroachment of agriculture on the hillsides, b) diversifying the economy to give 20-30 year olds with college degrees actual career options, and c) making it easier to get to/from other parts of the bay area.	9/5/2018 3:41 PM
325	County Fire Alarms, better communication between First alert agencies, especially when out of the area are brought in.	9/5/2018 2:43 PM
326	Smoother navigation of access to mental health services. More than one location that is less intimidating.	9/5/2018 2:22 PM
327	Access to affordable youth programs, you cant expect kids to want to get involved in the community if the community has never invested in keeping them off the street and give them a sense of belonging. Many parents cant afford a \$20 per hour class when you are paid the minimum and live in an area where rent is ridiculous. Help your community establish roots by making homes affordable to everyone, not just families that are upper class.	9/5/2018 1:57 PM
328	Offerdable houses for low income families	9/5/2018 1:22 PM
329	Cultural Festivals to integrate people of the different cultures living in Napa. To educate and respect the traditions and knowledge of everyone	9/5/2018 1:22 PM
330	AAOA Napa and Solano going to Napa County	9/5/2018 12:36 PM
331	end policy which allows deforestation for vineyards	9/5/2018 12:34 PM
332	Quality of public education; domestic abuse (child, spouse, elder); drug addiction; elder loneliness; poverty. Role of NGO's (including faith based) in coordination with County and cities. Benchmarking where we are today in critical health/social areas so we can set goals and measure progress.	9/5/2018 12:04 PM
333	Having more affordable activities for the youth in Napa.	9/5/2018 11:55 AM

## Napa County Strategic Plan Survey of Community Members

334	Programas gratuitos de natacion	9/5/2018 11:28 AM
335	Creo que estos asuntos son mas que suficientes para los siguientes tres años.	9/5/2018 11:26 AM
336	With a 1% vacancy rate for housing, we need more affordable options for the blue collar locals. There should be more regulations and limits on Home shares.	9/5/2018 10:52 AM
337	Recursos en las Escuelas Publicas para ninos especiales	9/5/2018 10:43 AM
338	Develop Affordable housing. Enforce existing Ag Preserve/development codes instead of trying to replace them with Measure C-like propositions.	9/5/2018 10:14 AM
339	housing not affordable and low minimum wage. Napa county is too expensive for low income residents.	9/5/2018 9:49 AM
340	Development of an accessory dwelling unit (ADU) program to encourage increased number of rental units in a shorter period of time.	9/5/2018 8:58 AM
341	Equality for all	9/5/2018 8:46 AM
342	N/A	9/5/2018 8:45 AM
343	Equality for all	9/5/2018 8:19 AM
344	We need to realize these grapes don't belong here, at one time it was viable but its the age of information now. They are drugs, they don't encourage tourism that cares in the slightest about the locals and as an industry creates chemically dependant employees in an industry that is supposed to be artisan Why do we allow these drug farmers a monopoly in our valley? Clogging roads with drug tourists on bikes they can barely ride and employees that more often than not have to commute from a county away unless they lucked out on family ties There is a dang bus to the casino and somehow we are supried so much meth activity effects the youth, when prior to getting out of this fishbowl they are given very few options for creative outlets. No local community center oriented to creative expressions, just sports and games Theres no actual art scene in town, but there is an annual, massive, free youth indoctrination concert. Sorry to ramble, i love this valley but am afraid for what we might become. I think I can best sum it up like this Times are changing, and we are currently being run by what were righteous industries. But we should know better now. Cannabis is still restricted heavily in town, grapes are not Wine is a drug too, but if addicted to ethanol you can literally die of alcohol withdrawal....btw it also wreaks havoc along the way. We need to think of the future, otherwise its not long until we crash and burn	9/5/2018 8:18 AM
345	Crosswalks that light up (especially on Jefferson) and the traintrack crossings (especially on Yajome).	9/5/2018 8:17 AM
346	Parking for residents not just tourists. Emphasis on Tourism is forcing many locals to shop and dine in other communities. The city of Napa does not feel welcoming to local citizens.	9/5/2018 7:50 AM
347	Plan for county wide affoedable housing	9/5/2018 5:39 AM
348	Livable Communities initiatives that support all ages	9/4/2018 8:24 PM
349	I think we need to ensure the quality and availability of programs and education for people with disabilities in the school system and as they transition from school into the workforce.	9/4/2018 7:42 PM
350	I believe we need to address the mental health, drug and alcohol problems in our county. We need to create more safe places for youth to hang out and do healthy activities. Not just in and out burger.	9/4/2018 7:38 PM
351	Considering the needs of unincorporated Napa	9/4/2018 6:28 PM
352	Way too many wineries, with no end in site. Enough is enough. Traffic as a result is out of control. You can't preserve AG while continuing aggressive growth. Can't have it both ways.	9/4/2018 5:10 PM
353	No. I feel cooperation between the City and County is imperative. Please. Be open, listen and work together.	9/4/2018 5:07 PM
354	Excessive regulation is hindering business in Napa County and the State of California as a whole. Napa County should be working to streamline excessive regulation. Agricultural protection should be a higher priority. The County of Napa should be more open to allowing agriculture in land zoned for agriculture. It shouldn't take millions of dollars and many years to get through the permitting process to do something that is expressly allowed by law.	9/4/2018 4:50 PM
355	Doing everything we can to keep our workforce able to live and work here in the county!	9/4/2018 4:34 PM
356	Transparency around budgetary issues, especially around issues such as the new jail and supporting health and human service providers. Make sure the public and interested parties are provided with good information and a chance to offer feedback before decisions are made.	9/4/2018 4:07 PM
357	Improve communication about volunteer and support opportunities within our Northern California communities. Make the most of our desire to give valuable time, skills and resources to strengthen the esprit de corps.	9/4/2018 4:04 PM

## Napa County Strategic Plan Survey of Community Members

358	Food insecurity and access protection of agricultural open spaces	9/4/2018 2:20 PM
359	Rent Control...	9/4/2018 1:59 PM
360	Awareness of the shrinking school populations -both short and long term forecasting to address this issue.	9/4/2018 1:19 PM
361	County fairgrounds	9/4/2018 12:48 PM
362	Giving the vocal minority a reality check.	9/4/2018 12:04 PM
363	control de renta de viviendas	9/4/2018 11:49 AM
364	County needs enforce rental control because rent prices are too high.	9/4/2018 11:30 AM
365	1) Threats to responsible agricultural development that follow the current ordinances and best management practices of the industry and the County's General Plan. There is a vocal minority trying to stop development in land zoned for agriculture wherein each project is legally required to include preservation of habitat and water quality. The fundamental misunderstanding by the general public of what laws are in place to protect the environment threatens sustainable development and backlogs County staff. 2) County staff are notoriously slow (backlogged), do not meet their own deadlines, and often flip-flop on issues. County staff often interpret policies on project-level basis differently than guidance stated by Board of Supervisors in meetings. Inconsistent application or interpretation of ordinances and General Plan policies is detrimental to the faith in and respect of this local government. Recent 2018 Review Report of PBES Department by Matrix completely neglected to analyze a huge type of permit processed by this department – the Erosion Control Plan.	9/4/2018 9:54 AM
366	Racial discrimination in housing. Racially segregated neighborhoods. Lack of diversity in Napa	9/4/2018 9:47 AM
367	Conflict of interest on part of board of sups who work for wine industry voting on winery proposals. Not clarifying the difference between types of affordable housing ie. subsidized , workforce , or market . Allowing more hotel permits without requiring an equal number of units be built ( more apartments that house workforce) Allowing 4 to 5 story apartment buildings	9/4/2018 9:26 AM
368	limit winery expansions, and winery building permits. Slow down vineyard development. Put a cap on number of wineries and vineyard acreage. Tax owners of second homes who are not living in the valley, and contributing to the community. Provide more "real" affordable housing. Deal with traffic congestion on hwy 29 and the Silverado Trail between Napa and Calistoga.	9/3/2018 6:45 PM
369	There should be a moratorium on vineyard/landscape development in water supply watersheds until scientific data show that erosion, fertilizers, herbicides, and pesticides are at acceptable levels in waterways. The lack of monitoring of effects of development permitted by the county is shortsighted, and likely causing harm to special status species and water supplies.	9/3/2018 6:44 PM
370	over building, traffic,	9/3/2018 4:45 PM
371	The survey questions describe the basic job of county officials, as a result, I expect the responses will indicate "high importance" for most questions. If the intent is to identify a few important focus areas, perhaps a ranking method would be a better way to identify the top X priorities for "additional" resources and metrics to measure progress.	9/3/2018 2:06 PM
372	Community meetings and education about climate change and how it is anticipated to impact Napa County in the next decade, and how the next three years of the Plan are preparing for that impact.	9/3/2018 1:57 PM
373	It is most important for the County to develop a comprehensive, co-ordinated plan, with feasible implementation measures, for reduced vehicle miles traveled per visitor for restaurants, hotels, wineries, resorts and other visitor-oriented businesses, along with updated assessment and publication of the relationship between local housing policies (and development) and commute related vehicle miles traveled.	9/3/2018 12:19 PM
374	finish the vine trail and connect it into all neighborhoods	9/3/2018 11:30 AM
375	Although it was mentioned, preservation of open space and traffic congestion are two high priorities	9/3/2018 9:43 AM
376	Too much tourism, too many hotels, lack of creative use of available space to create mixed use development which would result in more housing, less traffic, more green space and a revitalized community. Napa county is losing itself, and its communities due to the amount of second homes and air B &B's replacing residents. We are becoming one big hotel and one big bar. There is a balance between keeping a community that maintains itself yet welcomes guests. The town of Sonoma is doing a better job at that than any town in Napa.	9/3/2018 9:28 AM
377	Services and entertainment for families keep improving (clean parks, free concerts, etc) with a locals first approach. Keep an eye on special interests (card room? really?) that place tourists before residents.	9/3/2018 6:12 AM
378	Traffic congestion is the main issue impacting quality of life in Napa County	9/3/2018 5:07 AM

## Napa County Strategic Plan Survey of Community Members

379	Acceso a consejeria para los padres en las escuelas	9/3/2018 12:49 AM
380	Ingress & egress roads are jammed at certain times of the day. Virtually all aspects of concerned focus are impacted by this issue. Tourism, out if county commuter employees, disaster preoaredness. If we are to maintain our sought out desirable aspects then infrastructure needs the highest degree of evaluation and implementation .	9/3/2018 12:08 AM
381	Clean Water; Measure C initiatives	9/2/2018 10:31 PM
382	Continued funding of our schools	9/2/2018 7:39 PM
383	Más viviendas accesibles .	9/2/2018 3:09 PM
384	No more winery/entertainment centers in AP or AW zones. No more winery variances. Cease the forgiveness policy when wineries violate their permitted uses. Protect our watersheds from more vineyard development, enough already	9/2/2018 12:59 PM
385	Please start to deny winery event centers. The size and number of these event centers is out of control.	9/2/2018 11:25 AM
386	Transparency with elected officials - stop favoritism with specific constituents; cost of food service is too high - need to cater to locals not just tourist- need for affordable eating places.	9/2/2018 10:29 AM
387	I see a large problem with traffic congestion getting in and out of and around Napa. As we continue to build new housing and businesses, we really need to consider the impact on traffic. I believe we need affordable housing and I support new business development, but that needs to come with the infrastructure to support the increased number of people on the roads (more lanes on the highway, alternate transportation methods to and from Napa, different routes, etc.). I think it is a mistake to continue building when our current infrastructure cannot handle the load. There should be plans put in place to handle the increased traffic before building and developing.	9/2/2018 7:47 AM
388	The necessity of preserving economically viable farm acres in the county. Prevention/restriction of developers doing year over year lot line adjustments to develop multiple estate homes,resultant landscaping, driveways etc that can permanently remove significant agricultural acreage of parcels in the county. Luxury housing development in the county increasingly is impacting/fragmenting not only ag land, but from my personal observation, the few wild areas remaining on the valley floor.	9/2/2018 7:02 AM
389	too much reliance on revenue from tourism	9/2/2018 6:38 AM
390	Please be community responsive to the locals, especially our working-class people of color who are the foundation of Napas economy and schools. We need to support, protect and provide more opportunities for them to live and thrive in the community they work for.	9/2/2018 6:31 AM
391	NIMBY resistance to affordable housing proposals. Self-interest of establishment in maintaining status quo	9/2/2018 3:53 AM
392	wildlife corridors to facilitate movement and reduce casualties of native species on our roadways; advertising and supporting Mills Act tax credits to encourage historic preservation; designation and recognition of historic structures and neighborhoods; more bike lanes and prominent bike parking to encourage people to get out of their cars; resurrecting light rail from Calistoga to Vallejo to reduce traffic on HWY 29	9/1/2018 9:44 PM
393	1) An immediate moratorium on deforestation and new hotels. 2) A focus and priority on the community who lives here, specifically the community of color, rather than the tourist/business industry.	9/1/2018 8:03 PM
394	****Traffic congestion****	9/1/2018 7:44 PM
395	YES, YES, YES. WE NEED TO STOP THE HOTEL DEVELOPMENT AND MCMANSIONS. BOTH HURT OUR AFFORDABLE HOUSING!!!!	9/1/2018 7:08 PM
396	deal with the unfunded pensions, reduce redundancy in the agencies, fix and maintain current assets/structures, reduce taxes and fees, stop catering to special interests	9/1/2018 3:39 PM
397	Too many wineries in Napa County so stop giving out more permits and allowing more wineries. Limit the amount of land any one person can own in the valley preventing one person from owning everything (like Beckstoffer) Make large Corporate winery owners like Treasury Estate Wines, Constellation, Gallo, Kendall Jackson be accountable for community and have to donate towards community, for events, for improvement, and community education. The wine train needs to have a commuter train for locals. Citizens that live in Napa County should have priority in jobs to afford to live here....unfair to hire for diversity from outside the county...this makes me want to leave the place I grew up when this County would rather not train or re-train local Napa County residents for jobs...Let's not discriminate against the over 50 worker. This community is considered a somewhat retirement community so be proud and keep the older knowledgeable worker in place throughout the community because this makes a healthy diverse community as well!	9/1/2018 3:36 PM
398	With the increasing aged population ,services are essential, Out of home placement options are few. Hiring in home aides is an option but finding these persons is difficult. A list of those persons who are qualified and cleared for employment to care for the elderly would be helpful.	9/1/2018 3:31 PM

## Napa County Strategic Plan Survey of Community Members

399	Any housing development needs to concentrate on full time residents NOT the second home population. Any development that includes monies from any govt entities must not allow purchasing by 2nd home buyers. Our workers and full time residents need reasonably priced housing. Second home buyers drive out local residents and workers. Also, we need to maintain the small town and ag base of Napa Valley. No more "suburban" developments!	9/1/2018 2:09 PM
400	Affordable housing was included but it is the single-most important issue to me. It affects many things, like funding for schools, a burgeoning homeless population and so much more. There needs to be even more strict enforcement of use of single-family homes for vacation rentals. Families can't afford to live here anymore and are leaving. Our town is slowly disappearing and being replaced by super wealthy and tourists. You won't have a real citizenry soon.	9/1/2018 12:05 PM
401	Better accessible mental health services!!! Homeless services, drug and alcohol residential services besides the one that we have! Get one that works!	9/1/2018 9:41 AM
402	Workforce housing upvalley	9/1/2018 8:40 AM
403	Napa needs to focus on its residents. Affordable housing and businesses that gear towards residents and families that live here.	9/1/2018 8:37 AM
404	I want Napa County to continue to support our police department, allowing them the tools to protect our public safety effectively. I don't want to encourage more homeless people to move here. I think homeless services should mostly be directed to support Napa residents who become homeless not on people who have moved here from out of state or other towns to benefit from our services. I think we should have a Napa water-based children's play area, maybe a pool or at least somewhere with a splash pad. It would be ok to charge admission if it was like the one in Calistoga. I think eligible winery permits should be processed faster as it's holding businesses back from making progress and building the local economy.	9/1/2018 8:37 AM
405	The traffic at commute hours out of Napa to Fairfield and American Canyon is beyond terrible. Each Supervisor should be required to make this trip weekly on weekdays between 4pm and 5pm so they can see how G d awful it is. This is what makes the quality of life in Napa bad. We are captives! This should be priority #1.	9/1/2018 7:53 AM
406	The biggest issue for me is housing. Too many houses in Napa are owned by a few people and then rented. Thus limiting the availability of buying and owning a home, driving up the cost of both buying and renting a home and keeping rental properties in disrepair and unattractive as there is no incentive on the renter or homeowners to update and beautify. This is continuing to widen the gap between wealth and poverty in Napa. It frays the fabric of the community as it doesn't promote longevity but migration out of Napa. Many of the neighborhoods in Napa are frankly ugly and outdated, I believe this is why. The burden of homeowner taxes in napa county contributed to this as well. As a single professional with a masters degree, who works in education this is the reason I will probably have to move soon. Napa has done an excellent job helping the poor and minorities in the area, however the middle class definitely shrinking and will continue to as the cost of housing is generally 50% of income of most middle class income renters. This is not sustainable and definitely effects quality of life when the only rentals are outdated and ugly. If apartments or condos then you're faced with being a sardine, stuffed into the pockets of high volume areas Napa has designated with tiny kitchens and no storage, and car ports where your car gets dinged all day. I'm obviously very frustrated and have limited hope. This is the number one issue for me in Napa as it most highly effects my quality of life.	9/1/2018 7:46 AM
407	Winery Definition change to exclude marketing as a farming activity. Marketing can be done in and only in the cities. Also hotels have to provide shuttles for tourism and housing for workers.	9/1/2018 7:05 AM
408	Lake Berryessa should be a top priority. Water costs for Berryessa residents as well. Why do private homes pay more per gallon than wineries when they use so much less? Bring back concessions, rebuild the resorts. Additionally, the legal system in the county needs a good looking at. When you see your neighbor who has had 2 dui's, several felony convictions as well as fraud and other things- not in jail, doing drugs- it makes one think. There really are no consequences for actions here in Napa.	9/1/2018 5:40 AM
409	Stop hillside ripping for vines and then throwing a massive property tax break at wealthy land owners.	9/1/2018 5:36 AM
410	I watched the supervisors talk the other day and at no time did they engage in debate or discussion with one another. they need to talk among themselves not AT issues	8/31/2018 10:42 PM
411	Controlled growth and land development, and more detailed budget development and spending. Spending of TOT funds need to be accounted for in detail and made public.	8/31/2018 9:43 PM
412	Event center growth driving traffic increases and congestion.	8/31/2018 9:26 PM
413	Educational opportunities at reasonable cost maybe regional occupation programs and or vocational training.	8/31/2018 8:26 PM

## Napa County Strategic Plan Survey of Community Members

414	Renewable energy. Workforce housing is so lacking core cause of many other issues- traffic congestion. Dirty air n water due to forced commuting of workforce in n our of Napa Valley. The county supervisors, City Council's n planning depts. total lack of responsiveness to these issues. Seems last few decades to focus on the very wealthy n rich adult Tourists. They have turned their backs on the residents, the needs of the residents. The people living here. The people born and schooled here. This is a tragedy that has been unfolding for several decades and needs to be corrected. Create affordable work force housing limit huge hillside mansions n hotels. Protect headwaters n aquifers. Moratorium on deforestation until state water crisis resolved!	8/31/2018 8:01 PM
415	Green corridors. protected areas where wildlife can move between undeveloped wild lands.	8/31/2018 6:20 PM
416	You've covered the issues very well, thank you!	8/31/2018 6:06 PM
417	1. Sufficient funding for law enforcement, including district attorney's office and probation; 2. Taking traffic, congestion, and parking into account for any new residential or commercial developments and 3. Limiting development to try and maintain Napa rural areas and 'small town' feel that is disappearing.	8/31/2018 5:32 PM
418	Approving to much lodging before taking into account traffic impact/congestion. Major concern of how bottlerock is decimating all Napa Valley businesses on what used to be the busiest weekend of the year for the valley but no longer. Getting into a restaurant on Saturday Memorial Day weekend w/o reservations used to be unheard of, no longer. It's easy walkin most everywhere and people in charge of bottlerock, State, City Officials have no respect or regard for lost business at locally owned businesses.	8/31/2018 5:27 PM
419	Lessen traffic, add roads before you keep adding housing and jobs. Specifically highway 29	8/31/2018 4:47 PM
420	I think county really needs to take a look at the school district that we have they just don't seem to have their shit together I've put in a change of address three different times and they still don't believe me I've yet to get my child's report card for the last three years in a row and then they took the Napa high Indiana way what's this town coming to you people need to really reevaluate everything you're doing in this town there are people who have been here for generations upon generations I struggle to stay here I'd at least like to have my high school there and I'd like to be able to change my address when my kid moves I really think that you need to put some effort into the school district because other than that I'd like to see a little bit more for the homeless I'm a middle-class person I work for the state and I don't qualify for anything I don't "I am I make \$54 too much to get reduced lunch for my kid \$54 too much I grew up here my father grew up here my grandpa grew up here and so on my great grandpa grew up here I'm not rich but I work hard and I make this town I am part of what makes this town but you've made it so expensive that I can't Participate in activities anymore I can't go to bottle rock who can afford \$600 for one ticket for three days that we \$1200 for me and my kid you need to do some things that middle-class people can afford Deni Murphy Redwood road	8/31/2018 4:39 PM
421	McPhearson Elementary school needs a wheel chair accessible sidewalk across from where the buses drop the kids off on Pueblo avenue. There is a wheel chair ramp on the side the school is on but not on the other side of the street, forcing anyone in a wheelchair to have to ride in the street until they get to a driveway. It seems silly to me that so many children are dropped off here but this isn't up to what I thought was the code for wheel chair accessible sidewalks. It also forces parents with strollers to walk with their babies in the street or stop and pick their stroller up, impeding traffic and being unsafe for those crossing.	8/31/2018 4:29 PM
422	I just wanted to say I've lived in napa my whole life and was forced out of the town because of absolutely absurd hikes in rent. A studio from the 60's is around 1300-1500 dollars a month. I don't know how anything is going to be resolved if you don't have any areas the workforce of Napa can afford to live at....	8/31/2018 4:22 PM
423	Growth and impact on county planning	8/31/2018 3:58 PM
424	Educate decision makers (such as city council members, city manager, county supervisors), on the importance of healthy air, earth and water (no poisons). Perhaps, multiple (different days, hours, locations), whereby all in the community could learn about our basic needs of air, earth, water.	8/31/2018 3:58 PM
425	I think there has not been enough attention on the quality of the roads in the county, although happy to see more paving work being done, so maybe that is changing. There also needs to be a better focus on those who choose to live here-- its not just about catering to the tourists even though we are thankful they bring in needed dollars to support the community. Napa is blessed with good overall weather and a healthy environment. There is far too much politicization of climate change and that consistently obscures any facts regarding the topic. Weather is always changing as it is-- even we were to take more steps to address the issue, true results wouldn't be known for years and even then, would it make a difference? I really don't know. Let's focus on our county's residents and the local economy-- that's where the county's priorities need to be in my view.	8/31/2018 3:42 PM
426	No one seems to be penalize for loud mufflers. Some city street striping is virtually gone.	8/31/2018 3:05 PM

## Napa County Strategic Plan Survey of Community Members

427	<p>A couple clarifications regarding some of the questions asked and topics raised: While I believe it is important to have jobs that pay enough for people that work in Napa County to live in Napa County, I feel that the County itself has few effective tools at its disposal to influence wage growth. A more effective approach, in my opinion, would be to address the cost of living in Napa County, especially by approving the building of more and denser housing in our city centers (notice I did not emphasize affordable - the more housing that is built, the more affordable it will become. We may want to lean in favor of full-time residents, however.) On the topic of transportation, more people in the county (which is desirable up to a point) will inevitably lead to more transportation headaches (of which there are several already.) I believe that we face a few distinct challenges, that require different approaches. First our city centers should be dense and walkable, and I think we're doing a good job improving and enhancing that. Additionally, the movement of County buildings out of downtown Napa provides an opportunity to make the town of Napa even more inviting to pedestrians, and a cohesive vision for that needs to be laid out. (I, for one, would love to see most of the land, including some streets, converted to a central square like Sonoma and Healdsburg have, and perhaps another parking garage added so people can get out of their car and walk. The car should be deemphasized in town.) Second, we need to connect with the wider Bay Area through more and better transportation links. The upgrade to Jameson Canyon has been great (though the way it connects to both 80 East and 29 North should be improved) and we should support the proposed elevation and widening of 37 from Sears Point to Vallejo. Additionally, a boat link from Napa to at least the Vallejo Ferry and potentially beyond would be fantastic. And a train connection from San Francisco to at least the town of Napa (and potentially more places up-valley, paralleling the Vine Trail) would be an absolute boon. This combination of quick, high-volume transport to the center of dense city centers where you can walk around or take a bike or car (including ridesharing) to explore the rest of our relatively undeveloped (as it should remain) county, is very appealing to me. Buses, while more flexible than what I lay out above, and probably necessary at some level, are much less attractive to me. Finally, and perhaps most importantly to the perception of traffic by people who live in Napa County, we need to preserve and enhance the throughput of our main car thoroughfares, namely Highway 29 and the Silverado Trail. While I applaud the progress on the Vine Trail, the associated system of lights on 29 from Trower to Oak Knoll have not been optimized and snarl up traffic unnecessarily. American Canyon has developed in a less concentrated, more diffuse manner than I would have advocated, leading to more interruptions of and delays on the Highway passing through there, and thus a longer commute. We should learn from this as it relates to future development, and work to improve the rate of traffic moving through American Canyon to Highway 80 W. Thank you for your consideration!</p>	8/31/2018 2:50 PM
428	<p>DIVISIVENESS should be discouraged...firmly. Need to tell complainers what the community is ALREADY doing SOLUTIONS without a clearly defined &amp; prioritized PROBLEM ATTACHED should be discouraged...firmly.</p>	8/31/2018 2:47 PM
429	<p>Please work with the City of Napa in particular on key issues affecting both</p>	8/31/2018 2:44 PM
430	<p>Please place the welfare of residents above that of tourists.</p>	8/31/2018 2:12 PM
431	<p>need a medical place for homeless to live that in home support services could provide help too. (assitant living) need more nursing homes. Alternitve ways to teaching students of all grades so can succeed, touch, movement desk, arts...</p>	8/31/2018 2:08 PM
432	<p>Wild fire prevention and improved methods to control fires once started.</p>	8/31/2018 1:04 PM
433	<p>Food Security is as critical to the long term health and sustainability of the community as housing security. The number of residents and workforce experiencing food insecurity needs to be addressed by short term improvements to the food social safety net and long term by increasing availability of affordable, local, fresh healthy food.</p>	8/31/2018 11:25 AM
434	<p>Accountability and transparency of where are money is being spent. Homelessness especially Families</p>	8/31/2018 11:22 AM
435	<p>Health and safety should be the top priorities. Cutting budgets to Health and Human Services is a huge mistake.</p>	8/31/2018 11:17 AM
436	<p>Affordable housing for families, housing in Napa County has increased drastically and many families can not afford to live here. Improve our transportation system. Health and family services needs to be valued and protected so the county can continue helping families. More homeless shelters and programs to help those in need get back on their feet. Education, school lunch programs, more college bound programs for first generation students.</p>	8/31/2018 11:01 AM
437	<p>Civic Engagement (education and reaching vulnerable populations, Elections Division); Cannabis (medicinal and recreational) enforcement and Health and Prevention Education; Napa County's Immigrant Population and Resources; Food Insecurity.</p>	8/31/2018 11:01 AM
438	<p>Flood preparedness, hardening of levees.</p>	8/31/2018 10:49 AM
439	<p>prevent the takeover by corporations in it only for the money, keep our county rural, focus on the little guys and mom and pop operations</p>	8/31/2018 5:57 AM

## Napa County Strategic Plan Survey of Community Members

440	Napa county is filthy. The county needs to hire 2 full time employees who do nothing but pick up trash and illegal dumping. Napa Co.dept of roads needs about 150 thousand dollars more each year just for this.You cant keep leaning on volunteers to do the heavy lifting. Ride a bike and pay attention to what you see.There is crap everywhere!!!!!!!!!!!!!!	8/30/2018 11:56 PM
441	Topics that weren't included: 1)Immigration and supporting the local immigrants such as providing access to legal services. 2) I noticed there weren't any questions about education. While I know the educational system involved state and fed mandates, there still are decisions that need to be made on the local level.	8/30/2018 7:52 PM
442	Climate change and disaster (fire) preparedness and some kind of plan that the community knows about. A disaster communication system (not just nixel and not just in the hands of one person whose house was burning down at the time and couldn't send out a message to the whole community). Maybe listening to the grand jury reports (Fire reports & Mr. Tuteur) and take it seriously and showing real leadership instead of protecting all the cronies in power who are not doing their job (i.g. Mr. Tuteur).	8/30/2018 6:29 PM
443	Cannabis store fronts are needed.	8/30/2018 5:36 PM
444	traffic, traffic and traffic!	8/30/2018 4:51 PM
445	The increasing number of wineries that are more like event centers and the lack of enforcement of codes. We need to slow growth of hotels and wineries. Let it settle down a bit. The traffic cannot be mitigated. We will get more cars on the road and then it will take away from the quality of life for locals and tourists alike. We need to preserve what we have.	8/30/2018 4:20 PM
446	We need more affordable housing and higher salaries. Transparency is vital. Government needs to start protecting nature, instead of bending laws to allow its destruction (example Syar). What does it mean to you if I say "Policy development and legislative advocacy" is important? Of course it is important to develop policy and advocate for legislation. I suspect that responses to this survey are being twisted to manufacture consent of corrupted officials.	8/30/2018 4:08 PM
447	I'm very in favor of correcting the bottleneck at Hwy 29 and Suscol...I'm comfortable with roundabouts and think it could be a good solution. (I lost who I was supposed to send this feedback to....sorry to respond here.)	8/30/2018 3:53 PM
448	Personally, I feel the traffic congestion in Napa and American Canyon must be addressed ASAP - it is horrible. More lanes maybe? Also, our criminal mental health system needs to be changed. Criminal defendants should be put in different facilities than our jail, as they need mental health treatment they're not offered at the jail (to no fault of the jail).	8/30/2018 3:40 PM
449	Communicate...when permits are out that say roads will need to be dug up to add or correct piping...don't pave the whole road first then dig the holes and patch them, leaving bumps down the road.	8/30/2018 3:08 PM
450	It's important for Napa County to start viewing American Canyon as an asset and not treat us like second class citizens. All the focus is on the City of Napa and up valley. Perhaps adding a second Supervisor for American Canyon. The City of Napa has 3+ Supervisors. Time to include American Canyon more!!!	8/30/2018 3:08 PM
451	N/A	8/30/2018 2:27 PM
452	Parking for downtown employees, non subsidized childcare and a re-focus on locals and Napa Natives.	8/30/2018 2:21 PM
453	Affordable housing is the biggest issue. Our workforce can hardly or cannot afford to live here and commuting costs are rising. Without young families there is no future for Napa. Support our teachers, support our workers.	8/30/2018 2:11 PM
454	Keeping the undeveloped lands in the AG Watershed as is. Maintaining our oak woodlands and coniferous forests as they protect water quality and quantity, wildlife, act to counter climate change, and create open spaces for the well being of the County's citizens.	8/30/2018 2:11 PM
455	It's getting crowded in Napa. How do you plan to work on the need for housing and affordability of life here? Please address the short term housing permits! There are people here who can provide housing and need the income to live here!	8/30/2018 1:12 PM
456	middle income income housing transportation throughout valley in evening hours open space parks for local community events at NV fairgrounds for local community	8/30/2018 1:00 PM
457	The County Codes are killing the valley. They are making it a playground for only the very rich. People who own land should be able to develop it agriculturally in any way they see fit. Its unconstitutional how the County tries to control peoples private property	8/30/2018 12:47 PM
458	Focusing on Equity would help make improvement in each of the areas identified.	8/30/2018 12:35 PM

## Napa County Strategic Plan Survey of Community Members

459	The price to live in Napa is pushing families out. The County should support living wage, more options to incentivize living in the County for people who work here and other supportive policies. Inclusion and equity should be County values. How can we make sure Napa is a welcoming community for everyone and that people get what they need to be successful? This should be a priority. Please consider listening to and focusing on those who are not extremely wealthy and don't make large campaign contributions. Sometimes it seems that tourism, wealth and wine are valued more than community members.	8/30/2018 11:44 AM
460	Environmental protections for water and all natural habitats. Do not let intensive agriculture and development interests continue to dominate issues.	8/30/2018 11:10 AM
461	infrastructure development, particularly traffic	8/30/2018 10:53 AM
462	Access to free or affordable Emergency situation preparedness in multiple languages.	8/30/2018 10:30 AM
463	We need to address traffic, high cancer rate, and cost effective housing/cost of living for those that live here full time.	8/30/2018 9:56 AM
464	1. Concerns about building a 3 story or even two story hotel in the vineyard area on Solano Ave at the old Red Hen Site. (Parking, Traffic and not appropriate for the area). 2. what seems to be a knee-jerk decision to Place Solano County at the Head of the services provided by the Area Agency on Aging. This seemed like a complete turn around from what was being laid out by Napa County Staff prior to the deadline. This omitted input from interested organizations serving seniors in Napa. 3. Disappointment in the continuous trend in development toward high end hotels, restaurants and spas in Napa and Calistoga, with very little attention to the environment and the life of long term residents and their families.	8/30/2018 9:28 AM
465	Effect of climate change on the Napa River	8/30/2018 8:56 AM
466	Our unique community is an amazing place to live BECAUSE of our agricultural success. The current antagonism against vineyards and wineries is TOTALLY misplaced.	8/30/2018 8:28 AM
467	Affordable housing-it was listed but so few homes or apartments available	8/30/2018 8:13 AM
468	Keeping the population as low as possible in the city of napa and county	8/30/2018 6:52 AM
469	Elder abuse of seniors by mobile home park owners especially Rancho de Calistoga. This park requires all residents no matter their frailty and ill-health to be totally and completely responsible for the irradiation of weeds and all leaves and tree debris on their rental lots with said trees being the property of the property owner. Some trees are large then others and these lot owners in effect move millions of leaves as apposed to a few. This in effect with this increase in burden on some there is an un recognized rental rate increase due to costs incurred to move the debris or move it oneself which is also an unpaid and untaxed extra income to the park owners. This is t heir rule and not a law. This travesty must be investigated and ended for good.	8/30/2018 2:23 AM
470	Dog and cat owners need to be held responsible for cleaning up after their pets in parks, public common areas and neighborhood yards. Leaving their pets feces is a public health issue as it attracts flies, smells awful and spreads disease.	8/29/2018 11:03 PM
471	invasion by big box stores including Costco	8/29/2018 10:48 PM
472	County Roads are terrible - especially Milton Road, Mt. Veeder. All records should be online. I appreciate all the updates to planning & building. Jail should be moved and property made into housing, apartments for workforce housing!! Teachers, Fireman, Police, first priority. Keep funding the proximity program.	8/29/2018 9:19 PM
473	Increased local diverse food production with wider local availability and increased affordability. Need to make the efficient use of the abundant food in our County. The cost of Food Insecurity is a hidden factor but yet cost through increased use of social programs. People in food-insecure households spend roughly 45 percent more on medical costs in a year (\$6,100) than people in food-secure households (\$4,200). Need to inform public that there is a need for environmental stewardship by the agricultural businesses. But must be balanced with oakland and wilderness. The need to protect the ridgetops from becoming infilled with large houses (trophy homes) which will negatively affect the tourism segment with reduced topography beauty.	8/29/2018 9:06 PM
474	Police brutality. Climate change. Litter. Free flow of information. Protection of wildlife and habitat. Improve groundwater. Reduce plastics. Reduce carbon emissions. Reduce and eliminate agricultural particle pollution, herbicides and pesticides, as well as agricultural noise pollution, air pollution (burning) and increase setbacks. Stop destruction of wildlife habitat. Increase native trees within the city.	8/29/2018 7:55 PM
475	Diversity in food production and agriculture.	8/29/2018 6:42 PM
476	The C	8/29/2018 6:35 PM

## Napa County Strategic Plan Survey of Community Members

477	Balancing the need for fire safety and other natural disaster preparedness with maintaining the beauty and integrity of our environment. Diversification in almost every area - we've become a monoculture in agriculture, industry, employment, residents, housing and beyond, which is a recipe for failure in the long run.	8/29/2018 6:34 PM
478	An emphasis needs to be place on protecting the environment from further degradation and less emphasis on MORE visitors and all the problems they bring. Wineries are commercial event centers and not Agriculture. Enough wineries and hillside vineyards already. Stop before it's too late.	8/29/2018 6:11 PM
479	1. Terrible traffic backups. 2. Lack of housing due to earlier year's "no growth policies". 3. Politicians who could less about wasting money on new jails and huge civic buildings.	8/29/2018 5:57 PM
480	so everything seemed important....I only chose the second "less important" to assist in setting some priorities. thanks for asking.	8/29/2018 5:47 PM
481	Rent control. County-wide Livable Wage	8/29/2018 5:43 PM
482	Falta empleados a causa de no tener un lugar donde vivir. Ya no se puede trabajar y vivir en Napa. No hay control de rentas. Falta de asistencia para la clase media.	8/29/2018 5:42 PM
483	County needs to support small family farmers, for farmers to remain viable in Napa County. Now small producers have very limited availability to meet possible buyers and have total restrictions for any direct sales. Not even two visitors. The history of our county was founded by people coming to farms, meeting the vintner and having wine at their dining room table. No winery needed, no \$5million in permits. Face to face, farmer to friend.	8/29/2018 5:33 PM
484	The homeless situation, it is hard to go to parks and public places and feel safe as they set up for campsites. Leave trash, feces, etc.	8/29/2018 5:25 PM
485	Promote agricultural diversity and sustainable farming practices	8/29/2018 4:55 PM
486	Streamline (and reduce fees for) county permitting processes for small businesses, rental housing	8/29/2018 4:55 PM
487	Status of the Flood Protection Project and developing a strategy to complete it	8/29/2018 4:00 PM
488	The income gap. Inequality is approaching ridiculous scale. There is no middle class.	8/29/2018 3:42 PM
489	Traffic congestion, housing for working families, good schools, balance between tourism and quality of life for those of us who live here. Napa is becoming a place where more and more homes are second homes and fewer and fewer workers can afford to live. It's discouraging for those of us that are raising families here because we see that most likely we won't be able to retire here and our children will not be able to afford to return here after schooling.	8/29/2018 3:42 PM
490	Long term liabilities, such as pensions and infrastructure surprises like corroded water pipes due to insufficient maintenance.	8/29/2018 3:39 PM
491	What are you going to do about/with the Napa County Fairgrounds? There is so much potential on this site.	8/29/2018 3:32 PM
492	Save the family farms from the corporations and outside money players	8/29/2018 3:08 PM
493	Police, ambulance, and fire department siren noise at night has become very common in Napa, from 11p-4a. However, if the roads are not congested during these hours and the visual of an emergency vehicle approaching is quite apparent in the dark of night, why the need for a siren that wakes up children and dogs across miles of neighborhoods. This is silly and innocuous for many in the valley, but something I have noticed living in downtown Napa.	8/29/2018 3:03 PM
494	-Enhanced fire prevention and fighting as related to the October, 2017 fires. -Zoning to restrict development in high risk areas.	8/29/2018 3:00 PM
495	Racism	8/29/2018 2:36 PM
496	A splash park would serve our community very well	8/29/2018 2:29 PM
497	I believed all are covered, Something that concerns me the most is affordable housing < I work as Parent Liaison for school District and I am facing the problem . Kids alone with no supervision or quality time with parents because parents now are working double to afford rent ( shame ) Horrible ! sad!	8/29/2018 2:00 PM
498	High disease/cancer rates in Napa County. High speeding traffic accident rates in Napa County	8/29/2018 1:20 PM
499	Increase aging population and health/social services needs	8/29/2018 12:15 PM
500	Communication and collaboration between Napa County and the school districts.	8/29/2018 11:51 AM
501	Traffic & Public transportation	8/29/2018 11:43 AM

## Napa County Strategic Plan Survey of Community Members

502	Basically included, but not defined....too much growth...no more vineyards please. I have watched Napa go from wonderful small town to raise kids in to town apparently only interested in those,with money...allowing the few to change lives of the majority, forgetting childhood, families, open space...fun. cannot afford to dine or shop here...complaint of many middle class residents. Wake up Napa...even tourist articles recommend Sonoma, Petaluma, etc for good common sense vibes. What are the so-called public servants thinking? Not about good family life and sense of community.	8/29/2018 11:31 AM
503	Over growth of Wineries in County and its impact on the success of the industry as a whole.	8/29/2018 11:12 AM
504	Vineyard over development in rural areas and Oak tree protection	8/29/2018 10:59 AM
505	Just wanted to emphasize traffic congestion, especially American Canyon. The city is building more housing and the traffic on 29 is ridiculous.	8/29/2018 10:53 AM
506	better roads and flow of traffic on highway 29, very poor coordinating of lights with cross streets	8/29/2018 10:46 AM
507	Why is Napa County adversarial to small family owned winerys ? Why does it take two years to plant a new vineyard ? During an emergency why isn't there real time data available to homeowners?	8/29/2018 10:33 AM
508	population growth, Napa needs to stand against Sanctuary State policy and enforce the laws of illegal immigration/undocumented persons	8/29/2018 9:56 AM
509	scheduled public transportation via Napa River	8/29/2018 9:55 AM
510	Expansion of visitation (marketing events) at wineries. Expansion of full meal service at wineries - serving lunch and dinners will hurt local restaurant business. Expansion of tours, tastings, visitation at wineries on dead-end mountain roadways.	8/29/2018 9:54 AM
511	education	8/29/2018 9:51 AM
512	affordable rent and government for small/local commercial businesses	8/29/2018 9:40 AM
513	There has been a dramatic increase in homeless population that is affecting everything from safety in the city and parks to damage to our waterways from human waste and trash. Our city and county governments need to quickly develop and implement an aggressive plan to deal with this issue.	8/29/2018 9:28 AM
514	Food Production, Food Access, Transportation to emergency food programs, personal (Family) food production opportunities.	8/29/2018 9:24 AM
515	In evaluating the community conversations done by the library and public health, it seems most groups have a decreasing sense of safety due to an absence of a neighborhood community feel. Connecting the local residents to each other in meaningful ways feels important.	8/29/2018 8:59 AM
516	Concerned about the pollution coming from building and regular winery vehicles. I drive behind those trucks every day and watch black plumes coming from them.	8/29/2018 8:40 AM
517	maintaining agricultural work weeks as 60 hours	8/29/2018 8:36 AM
518	Can we stop wasting taxpayer dollars trying to train us how they should talk to and/or act toward certain groups of people? We are all human beings. We may have different backgrounds, preferences, religions, etc. but we are just human beings sharing planet Earth. As a single white parent, I'm offended that I am required to go to training after training to learn how I should act and/or talk to specific groups of people. Why am I expected treat certain people differently than I would treat anyone? I disagree with this approach wholeheartedly. WE ARE ALL HUMAN BEINGS.	8/29/2018 8:29 AM
519	Stop supporting and attracting from other communities the homeless population.	8/29/2018 8:15 AM
520	The board of supervisors needs to start making policy so important issues do not end on the ballot as initiatives.	8/29/2018 8:14 AM
521	Tourism is causing a decline in our quality of life. Tourists are fickle and once Napa is no longer a draw we will be stuck with useless hotels and storefronts. Support a more diverse agriculture and stop the urban sprawl.	8/29/2018 7:57 AM
522	Get a grip on traffic and STOP approving hotel/tourist development. You are killing the goose that laid the golden egg. Napans are disillusioned with quality of life here & many are thinking of relocating. Many believe County favors wine industry over average citizens.	8/29/2018 7:55 AM
523	Traffic and congestion at the start of Napa Valley - Highway 29, from American Canyon into South Napa.	8/29/2018 7:53 AM
524	Cars speeding in local neighborhoods. Homeless living on the street and in neighborhoods.	8/29/2018 6:54 AM

## Napa County Strategic Plan Survey of Community Members

525	1. Unity is the the most important issue in a healthy culture 2. Language is the foundation of unity. 3. Stop spending money on Spanish signs and messages for government functions-this promotes segregation over the long term Governments #1 responsibility is to protect its citizens-emergency response, policing and roads should always be the first priority. All of these other functions we have created may be important but not relative to protecting the population at large. Keep that in mind with how you spend my money.	8/29/2018 6:16 AM
526	Traffic congestion, over building of hotels and hospitality services, excessive reliance on tourism and a wine industry/vacation focus.	8/29/2018 5:06 AM
527	Traffic, streets are too small for the amount of cars, and employment opportunities, as people are leaving the city to commute to other cities for employment and that is lost tax revenue for the city of Napa.	8/29/2018 4:39 AM
528	Get out of our lives.	8/29/2018 4:33 AM
529	Access to health care both financially & physically	8/29/2018 3:30 AM
530	I thing tourism is way out of hand, to many hotels and high end restaurants nothing for Locals. If we had more stores to shop it would keep people from going out of town to shop. I do not mean Costco. Which would cut traffic. Locals are not able to support high end retail.	8/29/2018 12:04 AM
531	Enforcement of laws related to maintaining natural habitat, clear cutting and deforestation; forest management including select timber thinning in line with an intelligent plan for fire protection; utility lines maintainance.	8/28/2018 11:41 PM
532	Businesses and jobs outside of tourism, wine industry and hospitality that provide livable incomes. Tech jobs. Not enough professional employment by private industry that pays 75k and up.	8/28/2018 11:04 PM
533	The growing cost of doing business in Napa Valley. Small family grapegrowers and wineries are being significantly effected by the County's stringent process and outplayed by players with deep pockets. This will, at some point, serve to erode the very 'boutique' and agrarian character that makes this a special place.	8/28/2018 10:33 PM
534	Public education	8/28/2018 10:14 PM
535	California government extremely bad. Need to change.	8/28/2018 10:07 PM
536	Affordable housing is the #1 problem. Homes need to be sold to first time buyers, not rich Silicon Valley types wanting second homes. The hospitality industry, I know, brings in bucks, but they need to put in bucks to help build more housing so people can actually afford to live and work here. Traffic is horrible because all the hospitality people have to live in Yolo or Solano counties, and it's why restaurants like Brannan's and Terra had to close. They said they couldn't keep employees because of housing prices and the commute. Also, what isn't on this survey - I guess has to do more with Napa City planning, is that the city hall idea is ridiculous when you see our government spending on itself and not on homeless people or others that need investments more than the city council. Hypocrites all.	8/28/2018 10:03 PM
537	Property taxes and home prices. Most people my age (40) left long ago. We are leaving too, in time..	8/28/2018 9:57 PM
538	1) Illegal dumping and littering on our rural roads. More enforcement and clean-up is needed. 2) Homeless camps along our waterways (under bridges along Milliken Creek and Napa River) need to be addressed. 3) Permitting process needs to be overhauled for building in this County. We have a negative reputation for our process, the length of time, lack of communication, and lack of transparency reflect poorly on our County.	8/28/2018 9:52 PM
539	MCE is soliciting on private property even when asked not to. These people are I believe independent contractors representing MCE energy. They are scaring our seniors. I don't want MCE in Napa as a result of this inconsiderate action. Please help!	8/28/2018 9:42 PM
540	Cultural competency: teach accurate history of the original Native American people in our community. Acknowledgement is the first step of healing. Opening this door is the way to global peace and healing of all generational trauma.	8/28/2018 9:40 PM
541	The disparity between the American Canyon services (i.e. Library and Post Office) and those of Napa are atrocious. I hope there will be some efforts to bring better hours of availability and permanent locations to American Canyon.	8/28/2018 9:17 PM
542	Traffic congestion on Highway 29 for morning g & afternoon commutes	8/28/2018 9:15 PM
543	too many new hotels, traffic is a huge issue with no end in sight. New city hall is NOT needed, I don't agree with that at all. City/County govt. seems to be run by the wineries and doesn't reflect what the rest of us want	8/28/2018 9:14 PM
544	Programs and activities for residents of napa and families with young children. Stop catering to the tourists! Let's use their tax money to do some things for the locals.	8/28/2018 9:12 PM

## Napa County Strategic Plan Survey of Community Members

545	It feels like all the choices are being made to support tourism, but this does little to help many residents. We have lost many small businesses that locals patronized and are often priced out of the restaurants. The additional traffic due to the hotels makes getting around more difficult. It doesn't seem that those tourism dollars support the residents. I'd love to see some hotel taxes go to support schools, fix transportation problems, and provide entertainment to locals.	8/28/2018 9:09 PM
546	Bring the SMART train from Marin, its cheaper then HWY37 widening	8/28/2018 9:05 PM
547	Address the issue of an aging population with little or no connection to children and young adults.	8/28/2018 8:56 PM
548	Ensuring new businesses (including wineries) in Napa County without so much regulation that it precludes them.	8/28/2018 8:53 PM
549	High-quality aftercare programs in all elementary schools, with space for all applicants. Shade structure at Fuller park. Road maintenance (the whole road, not just the center portion). Moving the farmers market to Fuller Park on a weekday evening, with Food trucks and music: this would be great for community!	8/28/2018 8:40 PM
550	Traffic congestion and over development are serious concerns faced by county constituents.	8/28/2018 8:37 PM
551	The narrow defeat of the recent effort to protect watershed and wildlife habitat is distressing. More vineyards and wineries in the hills are NOT needed.	8/28/2018 8:26 PM
552	Ensuring adequate water supply for future growth. Ensuring that the people who have lived here their whole lives can still afford to do so.	8/28/2018 8:18 PM
553	We appreciate parks and open space - perhaps more opportunities for organized activities in these spaces for fitness/health, education, shared stewardship would be great.	8/28/2018 8:12 PM
554	Traffic congestion to and from Napa 7 days a week.	8/28/2018 8:05 PM
555	Traffic congestion is getting worse, better public transportation options and marketing those options	8/28/2018 7:59 PM
556	Napa has a growing senior population and shrinking workforce - who will be around to care for our seniors?? Where will they live, both seniors and workforce? Who will fund programs for our seniors? Do you want to solely entrust this responsibility to Grantors who can change their funding criteria or longevity of their funding from year to year? Or to the small 25% of the OAA funding pie that soon will be managed in Solano County? Napa county seniors deserve more! We will all be there if we can afford to live in Napa. Seniors deserve a commitment from the BOS to ensure a long term fiscal plan, supported by the annual budget's general fund, to provide affordable/no-cost county-wide wellness education programs, StopFalls programs, support services, chronic-illness management, referral resources, food programs, adequate housing and caregiver support for older adults.	8/28/2018 7:57 PM
557	stop the building of houses and construct housing and retail business in a urban smart way and expand public transportation and make it affordable for all, thus preserving open spaces	8/28/2018 7:50 PM
558	Legalization of Commercialisation of cannabis	8/28/2018 7:43 PM
559	Hwy 29	8/28/2018 7:03 PM
560	Government, county and cities, need to re-establish trust with the community after Measure C fiasco. The Vine creates more traffic headaches with empty busses. Gang enforcement needs to be a countywide taskforce with all law enforcement agencies assisting as one unit. The wine industry, who we support, needs to follow all zoning laws, just like the average homeowner. Corporate buyouts of family wineries could be our undoing as a place of beauty. Corporations do not have the same commitment to the protection of our valley's environment. This could have a devastating outcome for our valley's future and quality of life.	8/28/2018 6:58 PM
561	Put more emphasis on improving life for the people living here rather than prioritizing the tourists.	8/28/2018 6:57 PM
562	Sidewalk and road repairs	8/28/2018 6:45 PM
563	Traffic on hwy 29	8/28/2018 6:41 PM
564	AFFORDABLE HOUSING!!!!	8/28/2018 6:40 PM
565	How could this survey NOT mention deforestation for vineyards? HOW? Dr. Bishop did you develop this your self or did staff lead you astray? Forest destruction for vineyard is the biggest threat to economy, environment, gentrification and water stability. Molly R. Don't ignore this topic, because we won't.	8/28/2018 6:39 PM
566	Downtown businesses supported and downtown shopping area filled with shops - no more vacant shops downtown	8/28/2018 5:54 PM
567	Traffic is terrible, measure C signs with lies in them were allowed to remain hanging on the highway, what a shame. It passed there are enough grapes in Napa and not enough water, trees and Wildlife habitat. Big wine has bought Napa Valley	8/28/2018 5:48 PM

## Napa County Strategic Plan Survey of Community Members

568	Traffic. Housing costs. Declining school enrollment. Aging population in napa. Napa is losing its community feel and is becoming a tourist city. More family places.	8/28/2018 5:38 PM
569	native plant preservation in park spaces, traffic congestion in and out of the valley	8/28/2018 5:36 PM
570	No more new hotel planning. Convert the block near courts to 3 tier parking rather than the one it is now - betwn 3rd and 4th?	8/28/2018 5:31 PM
571	Volunteer fire departments are a vital part of California counties, including Napa. Support that ensures the viability of this local resource is important. That support, both from CalFire and County Fire, is lacking. One wonders if there is an intention to eliminate volunteer fire departments, and if so, why?	8/28/2018 5:22 PM
572	Job placement for special needs population.	8/28/2018 5:19 PM
573	too much attention to the tourists and their impact on regular residents	8/28/2018 5:13 PM
574	#1 Hands Down Top Priority within next 1-3 years should be affordable housing for people wanting to purchase a home for low-income winery industry workers. As a hardworking individual in the wine industry here in Napa, we hardly get paid enough to be able to afford to live in our working community. Why is this? What's the problem. There's not even enough housing for people who work in the Napa Valley. This is the main industry in Napa and as a community, this should be number one priority for our community. We build more wineries and more people visit Napa every year. Though, there's not nearly enough housing for the workers including for harvest interns and it's very expensive based on the hourly wages. It's down right ridiculous!!! Please consider the affordable housing as a top concern for the years to come!! Thank You!!!	8/28/2018 5:09 PM
575	The singular most pressing issue facing Napa County currently is traffic. Secondly is affordable housing. Development of Mare Island and urban areas in Napa with public transportation linking the Bay Area to Vallejo-Napa-Calistoga is vital. Bike lanes and car pooling is not a long-term solution. Agriculture needs to remain economically viable or it will be paved and housed over.	8/28/2018 5:05 PM
576	Traffic, sprawl and lack of cohesive "downtown" shopping areas, lack of viable (meaning less than 3 hours) public transportation to San Francisco and Marin. In other words - we badly need light rail and something to be done about Hwy 37.	8/28/2018 5:04 PM
577	The city and county need to work together to put more resources toward improving the quality of the education and school facility	8/28/2018 4:59 PM
578	Traffic seems to be the major complaint of most residents. We need to provide easy access to Ride Share Amigos or other ride share programs for all residents. Public Transportation is not working as it is currently designed. We need to target people of all ages especially the elderly with these ride options. Napa County Employees need to be the first sector to use and show the community how this can work to save residents money and to provide convenience via PT or ride share. Followed by the hotel and resort industry and the wine industry/ growers etc. Talk with Gopal Shanker/ SNC...he has great ideas for reducing emissions and offering our community a major long term solution. NEXT: Create a regenerative agriculture program for ALL ag parcels including vineyards. Agriculture is the single best solution to reverse Climate Change. This would require volunteer efforts and management by the Ag Commissioner's office as to regulations and education for all..including residents who contribute to environmental issues in our Watershed through herbicide/ pesticide use and disposal of materials etc. which are not regulated for residents but should be. Maintaining soil health by various methods / like permanent cover crops will help us to reach our Climate Action Plan goals as well as a healthy watershed..education for all of best practices is the key to accomplishing this. NEXT: Overdevelopment: Please no more hotel approvals until traffic solutions are under control. NEXT: Cannabis growing approval/ please do not destroy the fabric of our community by adding this blight upon our landscape of huge greenhouses, security guarded screened off acres, and this will indeed lessen the tourism of desirable people coming to the Napa Valley for luxury travel and fine wines. These people provide the majority of the income that our community prospers from. If there is approval for growing cannabis more criminal elements will be introduced into our area primarily re theft.. increasing county expenses for the police department and courts. There will be more danger from people driving while under the influence of weed..to add to the issues of people driving under the influence of alcohol. I believe as a community we can solve these problems..business, residents and government CAN partner for a healthy environment while still providing success and prosperity for all but it takes education and retraining of the habits of our community through volunteer efforts and a bit of regulation.	8/28/2018 4:59 PM
579	I've rated quality of life in Napa and my expectations for the future low because the city and county are losing their focus on those who live there in favor of those who make money here. Aside from our wonderful library and a small post office, there are no useful supplies or services for locals in downtown Napa. Where can I get toothpaste, a Mother's Day card, a Rx? Where, for goodness sake, can I buy some fruit? Why do I have to get in my car and drive to the edges of the city to do these things? This is not good for air quality, my personal health, or the planet--or the future of Napa as a community. If it's going to be all about tourism, I'm not sure I want to live here for the rest of my life, and this is a very sad change from my feelings when I moved here in 1989.	8/28/2018 4:54 PM

## Napa County Strategic Plan Survey of Community Members

580	If we are to have sooo many hotels, we are going to need MANY more means with which to visit here that do not involve cars.	8/28/2018 4:41 PM
581	Poverty: how do individuals and communities thrive when 40% of our population lives below the self-sufficiency standard? Declining birthrate and school enrollment: How will the needs of a rapidly aging population be met with by a smaller and smaller workforce? How do we reverse these trends? Immigration: How will we protect our immigrant residents and workforce, and assure their health and safety, in the face of Public Charge legislation and other federal policies? Census Count 2020: How do we assure an accurate Census count (and resources that depend on an accurate count) when many residents are reluctant to participate in the Census? Interdependence: How can we embed "health in all polices" which demands we look at all General Plan elements through an individual and community health lens?	8/28/2018 4:37 PM
582	Accessible housing for necessary work force.	8/28/2018 4:26 PM
583	Need more senior affordable housing !!!	8/28/2018 4:26 PM
584	My number one dissatisfaction with the county is that multiple times I have requested code enforcement to review the many violations in my neighborhood and have never received a response. The response my daughter received from one of her complaints was to educate our family about the 'Hispanic community'. However, we are Hispanic and the answer from the County employee was totally irrelevant and condescending. My other concern is with housing affordability. My children can't afford to buy a home here in their hometown and I can barely afford to stay here and I earn a decent salary.	8/28/2018 4:24 PM
585	The traffic congestion on Hwy. 29 between Trancas St. and Salvador Ave. continues to be deplorable. Not only am I concerned about the inefficiency of planning which causes unreasonable delays, but the immense amount of fumes from cars waiting for as much as 3 minutes at each stop light. I timed an automatic car wash in Napa and it takes less time to get a car wash than it does at stop lights in this horrendous corridor. I have written any number of times to point out that stop lights that are supposed to provide safety to bike riders and walkers has not worked. While lights keep cars stopped endlessly on Solano Avenue, bike riders and walkers ignore the lengthy lights and walk across red lights. Solano Ave. should have different times on lights than on the Hwy. I believe this is a serious issue.	8/28/2018 4:17 PM
586	We have too many "ego" wineries who rely too heavily on direct to consumer sales thereby increasing traffic, driving up prices for hotels etc. Many of them do not meet the standards of the WDO and why do they keep getting approved?	8/28/2018 4:07 PM
587	I am in American canyon and I continually see efforts to have community members give input on new plans etc. but when people show up and give inpt it seems to be ignored. It is like they go thru the steps so they can say that they had community input but it seems that the input is ignored.	8/28/2018 4:02 PM
588	Impact of campaign contributions, influence the wine industry has on local leadership. \$ to play. Tourist-centered decisions, not local-serving or long-range-benefit decisions. Lack of backbone standing up to the wine industry.	8/28/2018 4:01 PM
589	Excessive compliance burdens on small, family owned businesses are creating a sandbox only billionaires can play in.	8/28/2018 3:59 PM
590	Reducing development that goes beyond what our roads can support. The traffic is terrible and if we enlarge roads we will lose our rural/semi-rural quality of life. Too many vineyards are being developed for something other than agriculture, especially wineries with big facilities, parking lots, etc.	8/28/2018 3:57 PM
591	I do not think substance use/abuse (alcohol, tobacco, opioids, etc) as an issue was specifically called out, but I feel it is an issue that county government should be working on.	8/28/2018 3:55 PM
592	Maintenance of sports fields, Especially soccer	8/28/2018 3:50 PM
593	The focus needs to include housing, jobs, retail, and recreation for locals. We need more trails and paths to increase accessibility by bike to reduce traffic and pollution.	8/28/2018 3:48 PM
594	Cut back on tourism! We have WAY too much traffic. There needs to be a better connection between Hwys I-5 and 101.	8/28/2018 3:46 PM
595	Overly excessive county fees (penalties) for obtaining permits, such as building permits.	8/28/2018 3:44 PM

## Napa County Strategic Plan Survey of Community Members

596	You have asked questions about development in urban areas but not agricultural preserve area. I'd like to see a focus on limiting development of new wineries and single family houses. Too many of our sub standard parcels (parcels that are less than 40 acres) are being developed into micro wineries that are then hiring many employees (25-45) to facilitate as hospitality centers. Start scaling the size of the winery and the number of employees to the amount of wine produced. A winery should provide a processing area to handle the fruit of the property, not constantly require the new winery to go out and find grapes. In reality, they are processing visitors. That is not the definition of a winery as intended with the 1990 DOW ruling. Lets get real, a winery opened today is also serving lunch. Only adding competition of sales and recruiting of employees to the many restaurants we have in Napa without having to live under the same rules and burdens as a restaurant. Also, too many of these small parcels are being developed into 2nd homes for the wealthy. So sad to see those empty buildings all over the valley. Land has become too precious to let these multi million dollar buildings sit on ag land and sit empty when families that live and work in our community cannot find housing. Napa County decided in the 1970's that the best and highest use of land in the agricultural preserve was agriculture.	8/28/2018 3:43 PM
597	County becoming too centered around upscale wine and restaurant industries. Would like to see development of more diverse offerings in the arts and commercial areas that are accessible to people of diverse cultural and economic circumstances.	8/28/2018 3:42 PM
598	1. Keep some semblance of being a rural community rather than overwhelming focus on upscale tourism.	8/28/2018 3:37 PM
599	Ag Preserve, Land Preserves and Public Parks/Recreation Areas	8/28/2018 3:33 PM
600	County Roads	8/28/2018 3:31 PM
601	I am concerned about the number of hotel room that have already been approved that aren't built yet. Concerned that our streets and public areas are going to be flooded with tourists and local people are going to be contending with a great deal of congestion everywhere!	8/28/2018 3:28 PM
602	protecting immigrants in our community	8/28/2018 3:20 PM
603	1.Support for Napa's school and teachers! 2.Better enforcement of Ag Preserve rules and limits on winery development and water use. 3. Increase minimum wage! 4. Voc. Ed and intern opportunities for high school seniors and graduates.	8/28/2018 3:20 PM
604	1. Public Awareness - The county (with the help of a PR firm) needs to do a better job of communicating to the populace about what the county is already doing on their behalf in terms of traffic, housing, jobs, protection of natural resources. We are among the more proactive counties in the state and most people have no idea. 2. Focus on facts - So much of what is heard in the county is not fact-based. The county needs to identify the facts and then make decisions based on facts, not emotions. Communicate the facts better to the population.	8/28/2018 3:17 PM
605	First time home buyer and affordability for local residents who have resided and work in Napa for majority of their lives.	8/28/2018 3:17 PM
606	Animal welfare & advocacy including more support for local pet and farm animal adoption services as well as wildlife organizations.	8/28/2018 3:08 PM
607	Traffic congestion especially in times of fire evacuation with pressure to meet ABAG density/housing requirements. We do not have the roads (they were built for rural density) infrastructure to support urban density w apt building etc. This is a Valley w few ways out and with 2017 fire it was only south through American Canyon @ one point and if we all needed to leave we would be like in Florida w people abandoning their cars, running out of gas with traffic. (Perhaps a plan to make all lanes in direction of evacuation.)	8/28/2018 3:05 PM
608	Enough tasting rooms! Let's bring in businesses that are useful and needed by local residents.	8/28/2018 3:00 PM
609	Over development to increase tourism is a huge factor affecting the quality of life in this valley. It has a high impact on roads, and leaves many feeling ignored, with no community.	8/28/2018 2:53 PM
610	Work with the Wine Train to establish commuter services.	8/28/2018 2:50 PM
611	Invasive pests threatening ag	8/28/2018 2:47 PM
612	The impact that Latino families are making to the schools : language & culture.	8/28/2018 2:45 PM
613	The increase in hotels and tourism is ruining the County. We've passed the sweet spot. More and more we're the "Haves" and "Have Nots." St. Helena makes me cry and Napa is not far behind.	8/28/2018 2:43 PM
614	I feel that the emphasis on corporate wineries and the tourist industry are catered to while small businesses and people who have lived here for years aren't treated as important parts of the community. I have a small business downtown and parking was removed to allow for two way streets. The solution voiced was to ticket people more so tourists can park.	8/28/2018 2:39 PM
615	None , just enough building housing and hire people locally.	8/28/2018 2:34 PM

## Napa County Strategic Plan Survey of Community Members

616	NO HELICOPTER PADS, NO MORE CLEARING OF OAKS TO MAKE THE RICH RICHER, MUCH LARGER FINES FOR THE UBER RICH WHO DO WHATEVER THEY WANT.	8/28/2018 2:33 PM
617	I think you covered them, but presented them in a way that makes it very easy to say everything is extremely important. It would have been good to force the community to really think about their priorities by having to rank them. I know for me the traffic and lack of affordable housing (contributing to more traffic as workers come from other places), as well as water and air quality (get rid of the pesticides!) are big for me. Stop allowing the building of \$800k+ homes and make it easier for normal people to live here. Thanks.	8/28/2018 2:33 PM
618	Cannabis Ordinance	8/28/2018 2:30 PM
619	Make Napa a place for locals again. There are an abundance of over priced restaurants, wine bars, etc.	8/28/2018 2:30 PM
620	More retail. Many sales tax \$\$ go out of county. Less fast food. More organic food. Encourage organic farming. Ban Round up	8/28/2018 2:30 PM
621	Prevention	8/28/2018 2:28 PM
622	Preserve the rural beauty of the Napa Valley that made it what it is. Please don't allow it to turn into a Southern California.	8/28/2018 2:22 PM
623	Napa County wants to be "bike friendly" but the shoulders along the roads are not in a conditions for bicycles to ride on. The county will pave the roadway but not the shoulders, which then forces the cyclist onto the the roadway. My point; pave and maintain the shoulders of the roadway to make it conducive for bike riding. The signs around town, "Bike Boulevard" was an absolute waste of money.	8/28/2018 2:22 PM
624	Affordable child care - we are in a crisis in Napa County in this area.	8/28/2018 2:20 PM
625	Issues of ultimate importance: Far greater focus/action on climate change Protecting our water sources/having a plan for additional water supplies if needed Plans to alleviate traffic congestion including contracting with the wine train to establish employee runs morning/evening Affordable housing	8/28/2018 2:20 PM
626	Napa has to be more than vineyards - climate change and lowered water tables will force us to move beyond the niche tourist destination. We are rapidly aging in Napa and we do not offer a healthy social eco-system of ages, abilities, race and lifestyle.	8/28/2018 2:15 PM
627	Maintaining the streets park and roads, potholes in the west side on napa valley, low income housing	8/28/2018 2:14 PM
628	These topics were included in the survey but mass transportation especially to the upvalley is critical for the viability of overall Napa County. Water quality is also critical	8/28/2018 2:14 PM
629	The region's water resources will face increasing pressures as the Napa Valley continues to grow and expand, both in terms of water quality and demand. We need a Dedicated Water Shed Map and Program similar to all from our sphere of influence to ensuring future generations in the Napa Valley have access to clean and safe water by assisting local governments in addressing their water quality and quantity needs. The leading causes of pollution in our waterways are sediments, bacteria (such as E. coli) and excess nutrients (such as nitrogen and phosphorus), which are primarily contributed by surrounding land uses, stormwater runoff, and other nonpoint sources. These issues span throughout the valley and are not limited by jurisdictional boundaries. Almost every activity that occurs within a watershed has an impact water quality, whether it be new construction, runoff from existing development, agricultural practices, or even household activities, such as gardening and lawn care, septic system use and maintenance, water diversion, and car maintenance.	8/28/2018 2:11 PM
630	Enforcement of Ordinances is suffering supposedly due to not enough personnel. It leaves the citizen collecting all of the pertinent information that the City should be doing once the citizen reports the infraction. Tree inventory should be done; symmetry of trees maintained; dead tree removal done promptly. The reasons these things are not done are blamed on budget, not enough people, it gets done with the 10 mile street repaving program. Look around; that isn't working. Dollars are available for any tourist project, cosmetic or otherwise. Citizens are the #1 priority and their needs.	8/28/2018 1:57 PM
631	We have plenty of jobs not enough workers. The focus shouldn't be on providing more jobs but more qualified people to fill them and affordable housing for them to live in and a way to get to work	8/28/2018 1:56 PM
632	Nothing at this time	8/28/2018 1:54 PM
633	Children's activities and playgrounds. We need more outdoor space dedicated to activities. Our playgrounds need to be upgraded and expanded.	8/28/2018 1:50 PM
634	Preservation of woodlands and water resources	8/28/2018 1:50 PM
635	Repair and upkeep of streets and roads	8/28/2018 1:49 PM

## Napa County Strategic Plan Survey of Community Members

636	Management and evaluation of the implementation of law legalizing the production, sale and usage of recreational marijuana.	8/28/2018 1:43 PM
637	afordable housing for low income people	8/28/2018 1:39 PM
638	Provide and keep the open spaces in Napa County. Preserve the Hills, the Trees and the open space. Do NOT allow multi family building in the unincorporated areas of Napa County. Keep Napa RUAL...	8/28/2018 1:33 PM
639	Nothing new to add. Just a concern with the balance of keeping our agricultural lands in the hands of farmers with growth within the cities, by rehabilitating old buildings and utilizing vacant lands, without creating urban sprawl.	8/28/2018 1:32 PM
640	Public Transportation, Traffic Congestion and affordable housing - These are the main items that needs to be addressed in a war-footing.	8/28/2018 1:28 PM
641	Independence from CAL FIRE and the establishment of a Napa County Fire Department that provides a higher level of Fire and EMS services to our community with the mission of Napa County. Protection of ground water and reservoirs through out the county Road repairs and traffic congestion Maintaining the culture of small town USA that is being sold out to tourism before what makes Napa such a special place is lost Mental health and homeless programs designed to keep people off the streets and identify those who present a danger to themselves and society getting the help they need	8/28/2018 1:27 PM
642	Watershed protection. Protecting the forests and insuring wildlife have contiguous forests. Controlling development in the mountains. Building small houses for homeless. Insuring protection for immigrant farmers. Protecting them from ICE. Insuring livable wages for farm workers and medical care. Preventing highway 80 traffice from being diverted though Jamison Road and across Carneros. Demand the Hwy 37 be rebuilt to carry the load of heavy trucks and traffic and not through Napa/Carneros. Seeking green manufacturing industries to come into industrial area near airport to build a third viable economy. Insuring that medical cannabis is available for patients in the county. Protecting the Napa River. Threaten Vallejo with a lawsuit if they decide to put the concrete plant on the Napa River. Demand workforce housing or higher taxes for housing from industries, agriculture and tourist hotels in the County. Promote electric vehicles and alternative transportation. Insure that all libraries are equipped and functional for the communities and have up to date information for community services. Recognize that the Arts Industry is a viable industry in Napa County.	8/28/2018 1:26 PM
643	Traffic throughout the Valley!	8/28/2018 1:23 PM
644	Affordable housing! More places to rent from!	8/28/2018 1:22 PM
645	Control of noise and traffic associated with the excessive spread of wineries throughout the County. Utter failure to enforce permit conditions of use to the degree that it makes better business sense for amoral businesses to violate their permits than to apply for permits. This has caused a complete lack of trust in the County permitting process by most concerned individuals. Failure to set reasonable restrictions on growth (meaning failure to set ANY).	8/28/2018 1:22 PM
646	Crack down on homelessness. Keep development at a minimum in non-urban areas of the Valley.	8/28/2018 1:20 PM
647	street lights working cooperatively at busy intersections, to prevent congestion	8/28/2018 1:16 PM
648	Complete flood management.	8/28/2018 1:15 PM
649	Napa County schools need resources to support teachers in lifting behavior and academic standards.	8/28/2018 1:13 PM
650	Traffic Congestion in and out of the valley	8/28/2018 1:13 PM
651	HELP THE FIRE VICTIMS, make it easier for them to rebuild. Waive permitting fees for people trying to rebuild what was damaged during the fire. Follow through with your promises to help not hinder the fire victims.	8/28/2018 1:12 PM
652	Please make some back roads/alternative surface street routes for local American Canyon residents to get to our schools and shopping centers (Walmart). We have to get on HW9 with all the commuting traffic to get anywhere because the neighborhoods are all little bubbles that have to exit to HW29 (mostly on the east side). I feel trapped. There are ways to open up access, but I don't know why we only have one main road that the entire world has to travel on.	8/28/2018 1:12 PM
653	Traffic	8/28/2018 1:11 PM
654	Study what has proven to work in other, similar communities. Stop prioritizing profit and outside developers over building local business and protecting the environment. Start by monitoring and enforcing existing codes and not granting constant waivers to violators.	8/28/2018 1:11 PM
655	I believe we need to diversify our business from tourism/wine. Additionally, we need to actually enforce the rules on the tourism/wine industry rather than let them do whatever they want. When looking at the Board of Supervisors' actions, they seem an ornamental group.	8/28/2018 1:09 PM

## Napa County Strategic Plan Survey of Community Members

656	Lake berryessa needs a public playground for the children. Residents who own land should maintain it to avoid brush fire. (Defensible safe isn't enough when they own acres of land that is not being maintain ) Tourist with children have no place to take their kids.	8/28/2018 1:05 PM
657	Affordable childcare	8/28/2018 1:04 PM
658	Need our libraries to be open longer hours !	8/28/2018 1:02 PM
659	There are many hospitality jobs in our area being filled by people from outside the county. Can we work on a program to hire locally? It might help some of the congestion. Perhaps we need a work training program to get locals (and native locals) up to speed in hospitality/winery work.	8/28/2018 1:01 PM
660	The affects of the very rich owning so many houses as 2nd or 3rd homes in the valley and the general problem of housing affordability. I am not convinced my child will be able to live in his hometown as he turns into an adult. Napa county is now the 6th most expensive place to live in the entire US according to business insider. <a href="http://www.businessinsider.com/america-most-expensive-places-to-live-2018-5">http://www.businessinsider.com/america-most-expensive-places-to-live-2018-5</a>	8/28/2018 1:00 PM
661	Hotel approvals keep going forward without enough conversation re: workforce housing and traffic because so much of the workforce can't afford to live here.	8/28/2018 12:59 PM
662	Enough hotels. Let home owners rent their own property out until neighbors complain. Instead of sending our water to other counties, bring water out to the our county like Coombsville, Vichy etc. you approved it at Silverado why not extend it to the end of Vichy. Not fair that you sell excess water when we need it here.	8/28/2018 12:58 PM
663	Stop favoring wineries over their neighbors. Actively enforce the rules against wineries, and don't keep rewarding them when they break the rules or violate their operating agreement. Right now, government at all levels favors wineries over individuals, and stacks the deck against individuals and neighborhood associations.	8/28/2018 12:57 PM
664	A lack of Parking spaces in Downtown Napa	8/28/2018 12:56 PM
665	Support of the local food system, diversified agriculture, and equitable access to healthy, local, and affordable food for every Napa resident.	8/28/2018 12:54 PM
666	Vineyards and tourism taking over, housing too high and not confident in policing community concerns very adequately. I.e. Noise curfews	8/28/2018 12:53 PM
667	Wildfires: education, prevention, fuels management - brush clearing and chipping, preventative fire-breaks, evacuation corridors.	8/28/2018 12:53 PM
668	Need to educate the greater population of Napa County on current environmental rules and regulations and how the current system is working to protect the environment and water quality so that the voting populous is in the know so that environmental initiatives are not a common occurrence. Governing by initiative is the wrong way to govern!	8/28/2018 12:53 PM
669	correlation between wages and cost of living new normal of climate change and natural disasters number of cars and congestion	8/28/2018 12:52 PM
670	Excellent job of including categories that ensure Napa Valley continues to be a great place to live.	8/28/2018 12:51 PM
671	1. I think that Napa is becoming isolated by traffic problems. American Canyon has built and built without regard to the traffic consequences, becoming one of the worse commutes in the Bay Area. The same thing is coming on Highway 12 with a new resort at Stanley Lane and all the giant development in Shellville. It will be a disaster for tourism. 2. We have to protect our watershed and wildlife. Wildlife corridors and large enough areas intact to preserve habitat for wildlife & water quality.	8/28/2018 12:51 PM
672	Napa's wine industry is the reason it's not Solano or Yolo counties. This needs to be appreciated and respected. The status of agriculture over all other industries (including tourism) is the golden goose that keeps the county vibrant and relevant. This primacy needs to be maintained at all costs.	8/28/2018 12:50 PM
673	We need a Trader Joe's . We need a Dutch Bros coffee.	8/28/2018 12:50 PM
674	Further development of parks and walking/bike trails.	8/28/2018 12:45 PM
675	Affordable housing for all segments of the population not just low income.	8/28/2018 12:44 PM
676	active monitoring of delivery of basic services--- ALSO BOLSTERING FIRE PREVENTION & RESPONSE	8/28/2018 12:44 PM
677	Traffic! No more developments! We have enough. Takes 30 min sometimes to get out of town, and how about city water for coombsville before you give it to Napa pipe and other projects?!	8/28/2018 12:44 PM
678	Too much emphasis on tourism and not enough on the quality of life for the residents. The charm of this county is what brought most of us here.	8/28/2018 12:43 PM
679	Update your county zoning code immediately!!!! It's horrible.	8/28/2018 12:43 PM
680	Rent control	8/28/2018 12:42 PM

## Napa County Strategic Plan Survey of Community Members

681	Noise Pollution. Enforce existing regulations and institute new regulations regarding automobile engines, and intensional screeching of wheels, etc.	8/28/2018 12:42 PM
682	control growth, particularly resorts & large hotel projects	8/28/2018 12:40 PM
683	Need more informed farmers involved in planning. Measure C was a travesty written by out of town attorneys who don't understand farming.	8/28/2018 12:39 PM
684	protect our view-shed and water-shed	8/28/2018 12:39 PM
685	I feel it is important to provide fairly priced housing for ALL Napa County residents. Napa shouldn't exclude middle-class and lower-middle class families from living here, and Napa County should not be livable only for the super-rich. This community has a STRONG history as a farming community, made so desirable by hard-working, blue-collar folks, and I see it going away more and more in efforts to turn the town into a playground for the wealthy. Tourism is great- but not at the expense of people who live here and support the economy year round, and have for generations. A lot of good people have had to leave this community to go live in Solano County because the rents in this town have gone RIDICULOUSLY sky-high...	8/28/2018 12:39 PM
686	Independent analysis of response by agencies to the fires in October 2016.	8/28/2018 12:38 PM
687	Vintners have way too much influence. The class of property and business owners dominates the public process and shapes policies to consolidate their position to the detriment of workers who have to pay higher rents to their landlords and spend more time in traffic to work for their bosses. Everyone who owns something in Napa makes out, but the people to keep things running get ground down.	8/28/2018 12:38 PM
688	Population growth and traffic congestion problems and related accidents; don't just build more and more of everything and anything; build wisely and reduce reliance on and use of carbon fuels. Build communities that rebuild the land and natural resources and make use of those resources in the best way possible.	8/28/2018 12:38 PM
689	only hotels and tasting rooms seem to survive. For Napa residents there are not enough retail outlets. Where to go if you want linens? Target, Kohls, etc., only an example but we lack diverse retail	8/28/2018 12:37 PM
690	Limit wineries in the valley or tax those businesses more heavily...	8/28/2018 12:36 PM
691	FIX THE ROADS - WE PAY WAY TOO MUCH TAX TO RUIN OUR CARS IN POTHOLES!!! We need clean air and water. Forget trying to be everything to everyone. When I travel to other countries, the natives are upset if I expect them to speak English. Don't come to America and expect to be babied. Learn English!! (I've noticed that the Spanish Nixles give much more information than the English ones. We live in AMERICA - not Mexico. Manage the traffic congestion. Getting to Vallejo can take hours. We need overpasses at 121 to Sonoma, Soscol and Jamison Canyon junctions with 29. Increase the availability and comfort of public transit. Nobody wants to hit potholes on a hard bus seat. It hurts. Mostly increase mental health services. Having innocent people killed because these services have been de-funded over the years is a crime. Politicians should be charged as an accessory in these cases!!!	8/28/2018 12:36 PM
692	The lack of diversity, roads with bike lanes or easy to drive on, and lack of funding to the health and human services.	8/28/2018 12:34 PM
693	Maintaining the county for residents not just wealthy tourists	8/28/2018 12:33 PM
694	We need to address the declining enrollment in our district. Families are leaving Napa and wealthy multi-home owners are buying the houses. We need to make buying a home and making a family in Napa accessible for those with an average income. Otherwise, we lose our sense of community.	8/28/2018 12:32 PM
695	Traffic congestion, it has become so bad every day I am planning to move out of Napa County	8/28/2018 12:30 PM
696	Traffic on Hwy 29. Why isn't the road getting widened?????????????????????????????	8/28/2018 12:29 PM
697	reduce services to the homeless from out of state who come here to sleep out in the open. Focus homeless services on local residents. The river trail is being ruined by homeless people.	8/28/2018 12:29 PM
698	They were covered, but I would like to emphasize the urgent need to improve traffic flow at 29/Soscol interchange. Lack of smooth traffic flow there is completely unacceptable. This requires immediate attention.	8/28/2018 12:29 PM
699	Protecting Agriculture, encouraging ride sharing, offering mental health support to youth to prevent school shootings, and minimizing the use of Meth in Napa County are extremely important to me.	8/28/2018 12:26 PM
700	Focus on increasing diversity of agriculture in the valley versus a mono culture currently in place	8/28/2018 12:25 PM
701	#1 issue is that Napa has no sense of community for us locals. This includes restaurants, stores, events, activities	8/28/2018 12:21 PM

## Napa County Strategic Plan Survey of Community Members

702	Napa County is happy to collect property taxes but doesn't care about the cities other than City of Napa. For example, American Canyon and Calistoga are 'the ugly stepchildren' and treated with disdain.	8/28/2018 12:20 PM
703	STOP vineyard and winery growth. Preserve the watershed. Eradicate Marijuana cultivation. Fight gangs and actual violent crime. Emphasize residents, NOT tourists.	8/28/2018 12:19 PM
704	More emphasis on the local residents as compared to tourists	8/28/2018 12:17 PM
705	An issue that I face every day is the low quality of our roads. As someone who does not have much surplus income, I find it frustrating that my car needs extra maintenance just from my 10-minute drive to work in the Skyline and Coombsville area. I will need to replace my tires more often and the vehicle takes on more wear because of all of the large potholes, messy patching, deep puddles during the rainy season, loose gravel, and uneven surfaces.	8/28/2018 12:16 PM
706	We need a diversity of businesses that are not just dedicated to serving the tourist and the wine industry. If I see one more wine bar pop up, I'll scream!	8/28/2018 12:16 PM
707	Prevención de accidentes ambientales por ejemplo cortar pastizales q están secos ,árboles etc	8/28/2018 12:16 PM
708	What to do about the influx of younger homeless addicted to drugs, petty theft including bike theft and stealing for yards (both of which have happened repeatedly to me), Improvements to the community that benefit the community. I live at 711 Central Ave, and there is a large lot behind me slated for high density apartments. The city needs to address the increase in traffic, noise, police-needs, pedestrians, and safety on Central and Soscol INCLUDING the addition of street lights to make nighttime walking safer and reduce the likelihood of drug sales, which COMMONLY occur on my street in the evening. The utilities need to be buried and the sidewalks need to be large enough for people to actually walk side-by-side. Flooding as a result of housing projects needs to be addressed. There is little to NO information shared with the community about these large-scale building plans. I will share a fence line with this project and no one from the city has EVER asked me my opinion or what I think. I attend meetings, but receive no follow-up; it makes me feel that the message is that we do not matter in this community. I am a teacher here and a therapist in training. This community is deeply important to me. I love it here and want to live here and open my private therapy practice here.	8/28/2018 12:14 PM
709	I think one of the most crucial issues facing Napa is the lack of access to local, healthy, affordable food. Soaring land prices continue to keep farmers from growing anything aside from grapes. Monoculture is bad for the environment, but is also bad for our health! We need farmers to grow and sell food within our own county. With this amazing land, we should not need to rely on other counties to provide us food.	8/28/2018 12:13 PM
710	Academic support for children who are behind grade level in school. Cooperation and collaboration between school districts, cities, and the county.	8/28/2018 12:13 PM
711	Road repair, road repair, road repair, road repair	8/28/2018 12:12 PM
712	Traffic, homelessness	8/28/2018 12:12 PM
713	People regularly speed and drive very dangerously in Angwin; there is flagrant disregard for the three way stop at White Cottage and College Avenue, with both a daycare and Howell Mountain Elementary School in close proximity. The county response has been a sheriff placed nearby for an hour or so every few months. A neighbor had their dog hit in a hit and run, while neighborhood kids were just feet away. It's a completely unacceptable situation and something needs to be done before there is a person killed in the intersection.	8/28/2018 12:08 PM
714	work cohesively as a community to help all that call this HOME and live and work and go to school here. It is more and more difficult for young adults to work and live where they grew up. Cities do not collaborate enough when making decisions that affect the whole county and beyond. There needs to be A Plan A Goal A Focus not five or six or seven.	8/28/2018 11:50 AM
715	All new high end hotels should have to have a percentage of low income apartments like they do in Yountville (Hopper Creek Apartments)for the work force to be able to afford to live in the area they work.	8/28/2018 11:42 AM
716	- balancing viable agriculture with environmental responsibility post measure c. how to compromise and get both sides what they need. - traffic seems to be getting worse every month	8/28/2018 11:21 AM
717	Tourism should be addressed as both an opportunity and a growing problem. We need quality not quantity of visitors to our Valley. We are an agricultural region not an open bar. This is an important revenue stream but our upvalley towns are dying and tourism is not being well managed - messaging is tired or non-existent and there appears to be no real plan for the millions of people who come our way each year. Short term rental housing is also an issue of mounting concern. We have wonderful hotels and not enough family housing.	8/28/2018 10:56 AM
718	Que el personal especialmente de Medical este capacitado, para que el trato hacia las personas sea el correcto y que las aplicaciones se agilicen.	8/28/2018 10:07 AM
719	Traffic, traffic and traffic.	8/28/2018 9:44 AM

## Napa County Strategic Plan Survey of Community Members

720	Napa Valley was built on the success of the local wine industry. Don't forget to protect what is important. Hotels and spas, resorts and golf clubs are easier to develop than vineyards these days. We need to stay focused on what makes this county great. Establishing clear regulations that are fair is a great start. Family-owned wineries and vineyards can no longer compete in this political environment. We've lost sight of what really is important and what is worth preserving.	8/28/2018 9:27 AM
721	- Ensuring that other industries are as accountable for responsible environmental practices as the ag industry. Right now, ag is disproportionately burdened with environmental regulations compared to hospitality and other industries. - The permitting process has gotten greedy and out of control. The county is accountable for contributing to an environment where only billionaires can buy and renovate homes. We need to control our fees and hire inspectors who want to help make our homes and environments safe, rather than looking at permits and fines as a revenue center. - We need to rein in tourism to keep our community diverse and vibrant. If every plan for a hotel became an apartment or residential condo unit instead, we could dramatically relieve congestion and house much more of our workforce. - Mansion builders are paving over our farm land. We need to do more to encourage the preservation of land for farming - grape, orchard or otherwise. When millionaires pave over the entire Oak Knoll District with mansions and hotels, we'll wish Napa had more vineyards. - County waste must be curtailed. Our government is wasting huge amounts of money doing work for work's sake. I have participated in councils that have no impact. I have seen the county pay for websites that no one visits. I know several county employees who complain about being bored at work. Let's see the same sort of efficiency I need to run my business in light of all the new regulations we've been burdened with in ag, brought to our government offices.	8/28/2018 9:26 AM
722	This is a difficult survey because all topics included are important. The survey does not afford the ability to rank how things are now compared to what is important in the future. More than anything, the question is how to preserve the qualities of what made Napa unique and how to preserve that into the future. While the Ag Preserve has been very successful preserving agriculture, issues of public access to open space, how to maintain a rural community, control of tourism and affordable housing has been much less successful.	8/28/2018 8:58 AM
723	Allowing recreational/medicinal cannabis businesses within the downtown areas. Make it easier for those types of businesses to obtain permits and open stores. Support recreational/medicinal cannabis cultivation in the county.	8/28/2018 8:43 AM
724	Housing and housing development. Traffic is high because people cannot find and afford places to live in Napa, take care of the housing and the rest will follow. More publicly accessible parks and open space lands, transfer Skyline Park to Parks District. Paved street conditions, our streets are abhorrent for how much money is made by tourism. Bicycle and pedestrian safety. No more needs for parking downtown, downtown is small and walkable, downtown is only 5 minutes across walking, please do not develop more parking - housing! See places like Ithaca, NY or Burlington, VT or Miami, FL where streets are closed to car traffic creating walkable retail centers - it will boost business. Relax the Air BNB regulations, I live in accessory dwelling and leave town a lot, I could easily earn income by renting to tourists when I am out of town, and not displace housing while doing so, hotels are monopolizing the hospitality. Diversify agriculture - if agriculture is the highest and best use, let's source more diverse crops and products locally, allow things like olive oil production.	8/28/2018 8:37 AM
725	1) Corporations and other businesses operating yet not being taxed at all or as all other small and family owned businesses are being taxed in the county. 2) Appointing leadership specifically to the board of supervisors with actual skill sets related to working on and fixing these issues not showboaters, those trying to achieve higher political office or old Napa unified teachers focused on Earth Day 3) No mention in this survey was made about schools, the oversight of the bond money we have all passed which is being misused or positioning them within Napa County geographically within the right spaces to serve the population 4) The fact that you highlighted Agricultural pesticide oversight as the number one button on that particular survey page was a blaring identification of what whomever built this survey thinks is important, based solely on the placement of that question you're likely to get "VERY important" responses without question. 5) Rather than pesticide oversight I'd like y tax dollars actually spent on REAL issues facing the wine industry such as MEALY BUG control program utilizing the framework already instituted for EGVM and actual oversight of the billionaires moving into the valley and asking for forgiveness rather than permission over code enforcement citing me for removing a broken window.	8/28/2018 8:18 AM
726	All are important. Workforce housing and water issues are most important	8/28/2018 8:11 AM
727	Save family farms! Limit big corporation takeover of the Valley and their influence in politics! Corrupt! Officials accountable!	8/28/2018 7:56 AM
728	housing for middle income earners.	8/28/2018 7:47 AM
729	Traffic congestion	8/28/2018 7:44 AM
730	Cohesive response to emerging threats and treating issues from all sides not just the loudest voice	8/28/2018 7:34 AM

## Napa County Strategic Plan Survey of Community Members

731	Please recognize that restrictions that place undue burdens on wineries and discourage tourism are not welcome. This is the life blood of Napa County	8/28/2018 7:33 AM
732	Over developing wineries without vineyards	8/28/2018 7:32 AM
733	We are a valley, we can only support so many people. Limits! We don't need everything! 2 Costco's are 15-20 min away, a better venue for Bottle rock could be at Napa Pipe that could also be a venue for other events. Move fair grounds to Napa pipe and then lower priced townhouses at the current fairgrounds site.	8/28/2018 6:49 AM
734	Immigration ICE protection, protective land use, gun safety, compassion training, social emotional learning programs for schools	8/28/2018 12:44 AM
735	Diversifying business, create incentives for clean non-polluting companies to locate here so we are not a mono-culture dependent on wine, food, tourism, the hospitality business. We need businesses that give people jobs they can advance in so they are paid wages so that they can afford to live here.	8/28/2018 12:26 AM
736	Issue of entering into contracts before multiple community meetings and input. No decisions made before community review. Cell towers! Why? Increased radiation! Hwy 29 is in the process of being paved by the State. When are our surface streets to be worked on a timely schedule. We have been promised for so long. Why has it taken so long to decide where even one Cannabis Dispensary is to be placed? Since we have lost so many trees to fire, step up the planting process. The use of Wine Train for commuters in to and out of our valley. Subsidies to Wine Train from Wine Industries for their workers. And shuttles from train to workplace. Water reports on various levels of herbicides, pesticides, poisons, toxicins, and metals. Ban RoundUp uses, demand removal of product for sale. We need notification of when vineyards are spraying in the early morning hours, so we close our windows and not be affected by whatever is being used. Even some people are sensitive to sulfur. We have noticed near empty large Vine buses. We feel this is a poor use of energy. We have seen small van type of buses. They seem more appropriate. Add bike racks. Since more crime and accidents are up in the county, we need a study done on how many law enforcement officers cover what the percentage of citizens. How many officers vs residents? How many to cover tourism? Traffic control on various alternative routes from Hwy 29 into our residential areas. Speeding, passing and eradic driving. Running stop signs, etc. more patrols in residential neighborhoods thoughtout the day.	8/27/2018 10:47 PM
737	Stop promoting the unproven and burdensome "climate change" policies. The taxpayers already support illegals and giveaways. The middle class is shrinking and ordinary citizens are considered your tax base and piggy bank, with no special victim status. We taxpayers need sanctuary from your frivolous "pet" causes. Use common sense! I think Napa is now a two class town of servants and elites. The middle class folks pay all the bills!	8/27/2018 9:08 PM
738	immigration laws	8/27/2018 5:36 PM
739	T R A F F I C	8/27/2018 4:57 PM
740	I know it was in here but, traffic, traffic, traffic is such a huge burden to us living here. It's a nightmare 24/7.	8/27/2018 4:28 PM
741	Term Limits, Voter ID, Protection of Rights of US Citizens	8/27/2018 4:02 PM
742	1. Walkability / bike access: There should be a connection for pedestrians between the area of Browns Valley Market and Century Oaks Park - now there's just a shoulder with strollers and kids on it, nearly in the street. 2. County Employees: we've lost the best people at many of the County offices' front lines, where we actually talk with county employees. Please makes sure we keep our best service providers, it makes it smoother and better for everyone. I know that means we might need to pay more but it's worth it! 3. Bike access: expand the Vine Trail further North (so we don't need to risk our lives on Silverado Trail) and South (so we can make it to the Vallejo Ferry or Carquinez Bridge) - this would makes Napa accessible from SF and a major bike destination, in addition to relieving traffic and making it accessible for workers who can't afford to live or drive here.	8/27/2018 3:42 PM
743	Housing concerns for the middle class, including second home and investment buyers. Napa County is ignoring it's service indutry citizens like: teachers, officers, firefighters, Social Workers, city and county workers, etc., etc., etc.	8/27/2018 3:31 PM
744	I'm not as concerned about that content of the strategic plan as I am about the execution and follow through on the plan that is developed. I'd like to see all County departments align their efforts so everyone is pulling in the same direction. I'd like to see follow-through and meaningful metrics that demonstrate progress. The last time I looked on the website, there was a document listing action items that hadn't been updated in years.	8/27/2018 3:22 PM
745	The ACO should NOT be spending millions of dollars to replace a financial system that is not broken.	8/27/2018 3:12 PM

## Napa County Strategic Plan Survey of Community Members

746	Transparency in government processes and policies need examination, improved communication between government and constituencies. Prevention of adverse childhood experiences with regards to children and families is missing from the discussion and the legislation policy platform for the county. I would like to request that one of the focus groups highlight needs of children and youth to fill that gap.	8/27/2018 2:33 PM
747	More resources need to be directed toward mental health and substance use disorders, including upstream preventive approaches as well as treatment	8/27/2018 1:24 PM
748	As a local Napan, I feel that too many important decisions are being made with the tourist industry in mind. I understand it's an important part of our economy, but I find myself frustrated with all of the expensive shops and hotels sprouting up that will rarely be frequented by local people. Downtown Napa is becoming a tourist trap, and not somewhere I want to hang out with my family. :(	8/27/2018 11:59 AM
749	Thank you for asking these questions. On the question about "resources and activities for ..." various age and identity groups, I was sad to not see people with disabilities mentioned. We have such a large population of people with special needs, and they have skills, abilities and interests.	8/27/2018 11:20 AM
750	Heavy traffic patterns throughout the day and especially during rush hours, rural roads are terrible, illegal removal of trees in the hills, direct financial support of volunteer fire companies so they do not need to fund raise.	8/27/2018 11:07 AM
751	Fiscal preparedness so that Napa County can continue to provide services and honor its pension obligations during the next economic downturn.	8/27/2018 10:19 AM
752	affordable housing	8/27/2018 10:07 AM
753	HOUSING, people that are born and raised in Napa are being kicked out of Napa because it is way too expensive. Napa has become home to the tourists	8/27/2018 10:07 AM
754	Having therapists, counselors available for individuals to talk to soon before the individuals have to later be seen by a doctor on an emergency basis due to mental health. Families get put on wait lists to be seen by therapists so then they are discouraged to follow up when they finally get to be seen because their mental health has gotten worse. etc . It would be helpful to make it affordable for families of low income. We need affordable housing so multiple families don't have to live in crowded 2 bed apartments. Thank you	8/27/2018 10:06 AM
755	Health Equity for all children living in Napa County: access to medical care, standard housing, education support, support for parents	8/27/2018 10:03 AM
756	Resources for children and families dealing with poverty within the county due to high cost of living.	8/27/2018 10:03 AM
757	Cost of living and wages Housing 0-5 activities	8/27/2018 10:03 AM
758	Education: The quality of education to from K to 12, needs to be looked at. Major changes need to happen, the population has change and the systems are still the same.	8/27/2018 10:01 AM
759	Part of the mental health improvement, we need to support mothers (parents) through their pregnancy and most importantly after. POST PARTUM depression is overseen and not considered a big issue when in reality it is. We recently saw it this year with one of our own community members taking her own life due to post partum psychosis. Please look into having more support and care regarding mental health for Moms.	8/27/2018 10:01 AM
760	I would love to see a positive change in out county. People are moving due to high rent. I love Napa, and want to continue to live here, but it is really expensive to live here. If I am getting paid \$20+ an hour and still cannot afford a place of my own, I don't know how other people do it.	8/27/2018 10:01 AM
761	Housing(affordability, availability and rent burdoning), living wage/poverty, lack of diverse representation	8/27/2018 10:01 AM
762	Commuter traffic due to lack of affordable housing has become a huge issue. Public transportation only can solve a minor part of the problem. The congestion is reaching a tipping point from Calistoga to American Canyon	8/27/2018 10:01 AM
763	Children and youth services; affordable housing; living wage; mental and behvioural services; immigration issues	8/27/2018 10:00 AM
764	Education (including preschool) Childcare availability/cost Families, youth and children's issues	8/27/2018 9:58 AM
765	Relief from traffic congestion focused on residents. Not more stop lights. Traffic circles, flashing left turn lights leaving the opportunity to make a left turn at stop lights except at the busiest intersections. 4 way stop (not a light!) at Mackinstry and first!!!. Organized activities for teens. Where are the public parks with tennis courts, sport fields, gyms, pools? Surely Napa County has enough tax revenue to provide more of these facilities. Parks are generally an embarrassment. Smaller communities without the huge tourism industry and property taxes we pay have much better facilities.	8/27/2018 7:20 AM

## Napa County Strategic Plan Survey of Community Members

766	Napa County assuming control of Lake Berryessa (from BOR) and revitalizing a huge revenue source.	8/27/2018 6:41 AM
767	Over population, lots of traffic, increase in homeless, drug addiction, sad rundown schools that need to be rebuilt.	8/26/2018 11:39 PM
768	Stop building hotels and tasting rooms. A towns downtown should serve the town and instead you've created a place that we avoid.	8/26/2018 10:12 PM
769	More activities for children and families, particularly indoor activities during the winter. More research into determining and preventing the high rates of child and adult cancer in the county	8/26/2018 10:01 PM
770	More trees and fewer vineyards	8/26/2018 9:58 PM
771	We shouldn't infill or grow our city's population until the congestion exiting and entering our city is addressed.	8/26/2018 9:53 PM
772	I think it's critical that we advance policies and practices that support the ability of the service workforce to live in this community. - this is inclusive of wages, housing, and other supports.	8/26/2018 8:58 PM
773	Schools and educational quality. Overall cost of living versus workforce wages.	8/26/2018 8:58 PM
774	I just want to reiterate how crucial it is to make Housing more affordable. It has been proven that people with mental health concerns, addiction, criminal history, and other challenges are able to overcome these barriers to a productive life when they have a stable living situation. This cannot happen if the price of rent keeps rising. \$1600 for a one bedroom apartment is absolutely outrageous and insulting to hardworking community members. I am a professional in a competitive field and I still struggle to pay my rent. We need to accept that charging people that much to not be homeless is an act of violence.	8/26/2018 8:24 PM
775	Fire prevention	8/26/2018 4:46 PM
776	being kind is a good objective for county government. what with the prevalence of hatred, fear, and envy, it is nice to have people pulling in the opposite direction.	8/26/2018 4:10 PM
777	too much emphasis on tourists and tourism	8/26/2018 3:39 PM
778	Development of rail system - from Napa to Calistoga to get people out of cars.	8/26/2018 11:58 AM
779	Napa has lost its bedroom community aspects of life, and is becoming solely dependent and controlled by grape growers and wine makers. It appears all city and county government cares about is the plight and wants of the wine industry, and bows to their every desire. We need new leaders and decision makers that can strike a balance to INCLUDE the residents needs. Additionally, asking do we need more events for i.e. LGBT only objectifies people more. Concentrate on worthy inclusive events without ANY labels. Get over your political correctness, and concentrate on everyone, instead of individualizing events. When something is labeled towards select groups, it by definition EXCLUDES EVERYONE else.	8/26/2018 10:35 AM
780	Access to and creation of more public parks, open and wilderness spaces for recreation. Protection of our hillsides from forest destruction, protection of our water quality. viability of the wine industry while ensuring protections against the excesses of the wine industry.	8/26/2018 9:12 AM
781	Getting all government entities (County, Cities, School Districts, Fire Districts, etc.) to work with the Tourism related businesses (wineries, hotels, restaurants, etc.) and CalTrans to solve the State Route 29 traffic issues. Also, undergrounding all public utilities - if all PG&E wires were underground, the October 2017 firestorms could not have been caused by allegedly shoddy maintenance from PG&E and may not have happened.	8/26/2018 9:06 AM
782	1- Parking. New/ existing businesses and housing need to provide their own parking. Dramatically harder to park, especially in public areas where tourists frequent. I live on a residential street one house away from 2 hotels, a bus stop and a private business. I have only street parking and it's challenging to ever be able to park in front of my house. The overflow parking from business is a daily frustration. 2. Traffic congestion. Overwhelming at times. Very long signal lights ie: Silverado trail at Coombsville rd. Increasing range of time that is "commute hour". Becoming prohibitive to leave or return to Napa except during certain hours. 3. Construction. Roundabouts planned for 1st+ 2nd St at California. Not only are there multiple road detours near me already but with the roundabouts being built over a long time period- it will severely affect access to my house. I am considering moving to another part of town. 4. Napa has become more and more segregated. Dramatic differences in housing quality and upkeep, let alone the ridiculous cost of renting. I miss the more blended community. I miss the "haven" from big city life, long commutes and congestion. Why keep adding more housing and businesses that this town can't support well? Let alone with all the new housing, where will they work or park? ie: There are new condos being built on 3rd St, crammed between other businesses. And what about scenic hillsides we love to see- will they be torn up for more housing? 4. How can we continue to promote Napa as a tourist town if we can't manage local issues? The tourists come here for that " get away escape from the city" We're in danger of not providing that "get away".	8/26/2018 8:24 AM

## Napa County Strategic Plan Survey of Community Members

783	Public safety walking at night. More attractive school landscape which has been sadly lacking. Traffic efficiency with increased population counts. Compliments on town flowers BTW. Quick response to graffiti. Issues with town meetings should weigh heavily towards the betterment of the community instead of wealthy individuals, ie. person heliports, etc. Thank you for the chance to be heard.	8/26/2018 5:14 AM
784	Affordable housing and services for children that keep young families here in all industries and making local businesses a priority and sustainable. Drawing talent from Bay Area to diversify tourism beyond Wine.	8/25/2018 9:59 PM
785	Large business control of local government. The true definition of Ag vs entertainment, hospitality centers. Rubber stamped Timber Harvest Permits deforesting our hillsides. No guts by the county to enforce winery permit violations. Permitting winery construction in inappropriate areas.....	8/25/2018 9:39 PM
786	housing options for aging population...small, single story, clustered cottages with age in place features. Many have ability to pay market price, but options in Napa are not available. Would free up their current larger homes.	8/25/2018 9:21 PM
787	1. Developing a plan to ban the use of synthetic pesticides in Napa County vineyards. 2. Attracting more businesses to Napa in order to create more job opportunities outside of wine.	8/25/2018 8:54 PM
788	Taxes are for libraries,schools,roads,police and fire and no more.	8/25/2018 7:48 PM
789	I believe you have a dilemma in that several of the topics you are attempting to address interact negatively with one another, ie---improving wages/affordable housing vs. drawing businesses in the tourist/hospitality industry.	8/25/2018 5:51 PM
790	I checked "don't know" on several that seemed to me to be less under County control and more under control of the cities within the County. Obviously, I think housing of all types is crucial; we're in a housing affordability crisis. But, I'm not sure that is anything the County can do much about. It is the interaction between jobs/pay rates/and housing prices that requires out-of-the-box thinking and collaboration by all government bodies that play a role. To the extent Napa County can make positive contributions to solving those intertwined issues, it absolutely should. Those are the big three until they're solved.	8/25/2018 5:32 PM
791	Higher education, enhance Napa Community College & Adult education	8/25/2018 5:19 PM
792	Less regulation for the highly over regulated wine industry.	8/25/2018 4:54 PM
793	In the past ten years our county has changed from an agricultural economy into a tourist economy. The traffic is appalling yet the supervisors continue to rubber stamp every new winery, every increase in production and events. The supervisors and planners need to consider the people who live here - not the corporations, wealthy investors, wineries, developers and hotels.	8/25/2018 4:52 PM
794	Traffic traffic traffic!!!!	8/25/2018 3:53 PM
795	Issuing building permits without requiring prior attention to the supportive infrastructure.	8/25/2018 2:51 PM
796	Water Resources. Residents of the county come first. As we witness the decline in our water resources, we should begin to limit the number of Hotel rooms being built. Water should be reserved for residents. And regarding building more hotels...we don't need anymore. Our county has an extremely low unemployment rate. Nearly half of all employees in the county DO NOT LIVE IN OUR COUNTY. They use our roads and earn their income and take their money to another county. They leave behind "waste"...use our roads, water. As do visitors to Napa...they leave behind money...as well...they use our limited resources of water....leave their waste.... THINK CARMEL BY THE SEA. At some point Living and working in Napa becomes a privilege.	8/25/2018 2:18 PM
797	Working more closely with schools to place services in schools (health and mental health, and other).	8/25/2018 1:53 PM
798	-immediate halt to deforestation which is counter-intuitive to serious climate and water conditions - address the disconnect between long term plans of county and what local community wants and needs -General plan needs a revisit and serious course correction -More accountability of elected officials to supporting code enforcement -More truth-in-representation of programs such as "Napa Green" which do not do what should be done and misrepresent what they do -remind elected officials that their appointed board members need to be appropriate and useful to the county. It's not a play date and payback. It's important work. -Serious look at the dangers of monoculture and recognition that it is destructive -Campaign finance reform-candidates are polluted by the wine industry cash they receive -Pesticide use reform -Air quality compromise by business - Syar, too close to residential; abusive practices to environment -clogging of code enforcement action by wealthy property owners' frivolous lawsuits, and attorney representatives who bog down and overwhelm local systems (obscene abuse here) -give county code officers the power they need to enforce code - people who live here have needs that should be met before the wine industry wealthy are placated and worshiped through rubber stamping all projects -moratorium on Hotels - moratorium on wineries (current approvals to destroy forest in Angwin are criminal) -recognize long term tourism economy destroys a community and course correct	8/25/2018 12:10 PM

## Napa County Strategic Plan Survey of Community Members

799	Historical Preservation	8/25/2018 11:57 AM
800	Milton Road is a terrible example of lack of maintenance. The road is sinking and full of potholes. This needs to be addressed now before the road is impassable.	8/25/2018 11:56 AM
801	Elder abuse Transportation for the elderly Food for the elderly	8/25/2018 11:29 AM
802	Education about existing regulations for protection. Relationship between traffic congestion management and housing programs. Critical role and importance of agriculture and tourism. Get agriculture and wine industries more effectively involved in policy setting.	8/25/2018 11:13 AM
803	put fluoride back into the water.	8/25/2018 10:51 AM
804	Hwy 29 is not safe for our children in American Canyon. The traffic congestion causes people to run lights, drive on the shoulders and weave in and out of traffic. ALL during the time our children are WALKING to school and having to cross the highway.	8/25/2018 10:45 AM
805	Protection and support for our historical heritage, including neighborhoods, structures, and sense of a small community	8/25/2018 10:39 AM
806	Collect more revenue from lodging, wineries, vineyards. Clean trash from roadways. Restrict winery expansion and conversion to event locales. Limit hillside development of all kinds. Affordable housing development only. Limit commercial development.	8/25/2018 10:31 AM
807	Stop the growth of wineries.	8/25/2018 10:20 AM
808	This is an almost useless survey. I have been involved intensively in several county issues over 30 years, so have plenty of opinions. The questions tend to evoke all-or-nothing responses rather than eliciting informed concerns and proposals.	8/25/2018 9:56 AM
809	Need solutions to lower the property taxes on residential homes. Many middle class families will make the decision to relocate instead of purchase a home in the county.	8/25/2018 9:08 AM
810	Safe routes to school. Complete ped and bike connections between school and neighborhoods. Increased access to fresh foods	8/25/2018 9:00 AM
811	Building an overpass at hwy 29 and hwy 121 intersection. Building a bypass for the corridor hwy 29 between soscol and Jamison canyon.	8/25/2018 8:38 AM
812	rent control and houseing cost are at all time high.need control.	8/25/2018 8:30 AM
813	More corporation with groups that have nothing to do with wine. It's hard to do anything that doesn't have to do with wine in the city or county. You you didn't do much to advertise the Downtown Reunion car show, but when it comes to something with wine it seams like you break your back to let the people know about it.	8/25/2018 8:18 AM
814	Less development, focus on improving our traffic issues. This county is not made for the amount of traffic we have. By growing and adding hotels and businesses, we also add more traffic	8/25/2018 8:06 AM
815	Talk to us more	8/25/2018 7:59 AM
816	Focus on breaking down barriers & making Napa a more inclusive County, appreciative of diversity & operating less on the "good ol boy system". The County needs to focus on progress & change rather than keeping things how they always have been.	8/25/2018 7:52 AM
817	All Agriculture remaining highest and best use of land.	8/25/2018 7:40 AM
818	Traffic, traffic, traffic. It's getting too hard to get in and out of the valley, both for workers and residents. I think it's our #1 problem.	8/25/2018 7:32 AM
819	Limit growth/ commercial development	8/25/2018 7:31 AM
820	We need a solution to the hordes of vehicles on Highway 29. This highway is dangerous since most drivers have been drinking. A light rail with parking at the lower end of the valley could help relieve commuter and visitor accidents. People could either just ride, or get off at individual wineries. SMART in Sonoma County is a good example (but with more stops).	8/25/2018 7:12 AM
821	The continued focus on building and expanding the jail system is a blatant disregard of fiscal responsibility by the county supervisors. The housing "crisis" solution needs to include attracting better paying jobs for residents of the country. The addiction to TOT in both city and county jurisdictions is a fiscal illness that will bankrupt the county both morally and financially.	8/25/2018 6:36 AM

## Napa County Strategic Plan Survey of Community Members

822	Thank you County of Napa for your increased efforts to communicate with the community through Nixle and Next Door. Hopefully the City of Napa will follow suit. Please pass along to the City of Napa Council for the need of a better plan for downtown Napa. Moving the City Hall and some of the City Services out of downtown to focus on tourism can be detrimental to local small businesses such as restaurants. When there is another downturn in the economy or natural disaster that affects tourism, a downtown that only relies on tourism will suffer. Also, the sense of community and small town feel will be extinguished by moving City and County offices out of downtown and to the impersonal ugly concrete area of Soscol Avenue. It was much nicer to have a beautiful historic downtown post office than a future hotel or another wine bar. Limiting growth and preserving and protecting Napa's natural resources such as land, water, parks needs to be a top priority of County of Napa. The pay off will be maintaining quality of life for Napa residents and nicer experience for tourists. We don't want to over fish our pond so to say.	8/25/2018 5:53 AM
823	Traffic and affordable housing for the hospitality industry	8/25/2018 5:38 AM
824	Rising temp and tides. Noise pollution from propane cannons,. Traffic increases.	8/25/2018 2:50 AM
825	housing, transportation/traffic, living wages for those who support the wine/tourism/hospitality industries	8/25/2018 1:00 AM
826	Highway 29 traffic	8/25/2018 12:34 AM
827	School infrastructure and continual improvement in school meals - breakfast and lunch.	8/24/2018 9:50 PM
828	Unsustainable overdevelopment of the wine industry. How many wineries is too many?	8/24/2018 9:46 PM
829	Traffic is a growing concern.	8/24/2018 9:11 PM
830	Cost of living too high...rent and arbitrary land values too unreasonably high, food and restaurant costs too high	8/24/2018 9:03 PM
831	Congestion on Highway 29 and over building, over crowded schools and water c coming into our homes that smells like dirt and isn't fit to drink.	8/24/2018 8:51 PM
832	Balance between agriculture and tourism. We're losing our small-town lifestyle.	8/24/2018 8:44 PM
833	Allowing affordable housing, not tourism and hotels to be main priority for growth in Napa. Napa needs to provide affordable housing for its residents.	8/24/2018 8:44 PM
834	Traffic,traffic,traffic	8/24/2018 8:41 PM
835	I believe the main issue facing Napa County is too much reliance on tourism. Also, I am sick and tired of hearing about more and more new wineries approved that will add to congested Hwy 29 and Silverado Trail traffic.include event centers and obscene visitor numbers. Napa's pretense to address AB32 is to phase out gas water heaters? Are you kidding? You believing removing gas powered water heaters will solve the carbon issue? What bull. You need to stop the increased vehicular traffic by stopping hillside vineyards and event centers, but you won't. You could stop chopping down city trees, like the classic line of liquid ambars you chopped on Trower, but you won't. Instead, you nitpick middle class homeowners by taking away their gas water heaters? The county's and the city's stance is disgusting on too many levels to count.	8/24/2018 8:33 PM
836	The county is allowing too many new wineries in the valley without concern for traffic and our water resources it seems . It concerns me that things are beginning to get out of hand. I am all for reasonable progress and I believe in that but we are a very small valley with difficult road access in and out . The county needs to be cognizant of maintaining the value and beauty of the Napa Valley	8/24/2018 8:27 PM
837	TRAFFIC! and water concerns for American Canyon	8/24/2018 8:24 PM
838	Traffic on 29 thru American Canyon. Stop overlooking us.	8/24/2018 8:15 PM

## Napa County Strategic Plan Survey of Community Members

839	More focus, time, energy & money's spent on true humanitarian resources that are so desperately needed for the HUGE underserved population of this extremely affluent wealthy community and valley. These working class folks, laborers and families are what keep this valley going. Without them there would be no thriving agricultural with the wineries, world renowned foot traffic on these extravagant restaurants, resorts and spas, etc. There would be no thriving tourism. Great to have financial success, but to not help those who need it most, the ones who keep your thriving multi million businesses going is inhumane. God knows people's hearts and true intentions, and the rewards for honoring Him by giving to others less fortunate is one of the greatest gifts you can give in life, a true purpose and calling to be part of a larger village to help ease the sufferings of our community, both individually and collectively. For anything monetary cannot be used or taken to benefit anyone when you die. Greed is the root of all evil. We are not in total control of our destiny, our life and especially our after life. Why wouldn't you not choose to follow God's whispers of serving humanity? Developing a strong personal relationship with God is priceless, timeless and will last forever. Nothing else here or anywhere and anytime can even remotely compare, no imagination can fathom the infinite possibilities, grace and viscerally experiencing the love of unconditional boundless love of God, and knowing what it means to love self, then God can truly live in your mind, heart, body and soul forever, and you will never be lonely again, or want for anything.	8/24/2018 8:14 PM
840	Roads. Infrastructure is extremely important. Fix the damn roads for commuters. Widen why 29 between Vallejo and napa.	8/24/2018 8:06 PM
841	my family are 5th generation Napans, and over the years it seems like the drug and gang problems are getting worse. Homelessness is also on the rise, and lack of mental health programs for them. Napa used to look clean and nice, it's looking run down, and dirty. Our roads are terrible, crime seems like its on the rise too, people drive crazy and don't obey the rules of the road either. Napa used to be a great place to raise a family, but those times seem to be going away, Also affordable housing is non existent, my daughter lost her home during the fires, and can't afford to rebuild here, my other daughter has a masters degree and has a good paying job, and can't afford to rent or buy in Napa, it's sad the next generation can't afford to live here	8/24/2018 8:05 PM
842	CODE ENFORCEMENT IN RESIDENTIAL NEIGHBORHOODS!!!!!!!!!!!! ELIMINATION OF BLIGHT!!!!!!!!!!!!!!!!!!!!	8/24/2018 7:54 PM
843	Extreme over-development, especially hotels and fill-in development.	8/24/2018 7:39 PM
844	You're doing a great job, keep it up!	8/24/2018 7:35 PM
845	community center. A town hall does not satisfy this need	8/24/2018 7:22 PM
846	Too many new apartments at the busy intersection of 1st st and 29 is irresponsible. Traffic any time of the day detracts from the enjoyment of Napa. Napa has finite water and infrastructure- to keep adding housing of any kind over taxes the water supply, roads, schools and emergency services. Downtown Napa isn't for locals anymore, it is an expensive playground for tourists. What's left for locals anymore? What is wrong with the city council-	8/24/2018 6:51 PM
847	Schools need to be improved county-wide due to growing population.	8/24/2018 6:48 PM
848	I am concerned, given the current administration in Washington DC, about our immigrant community. Many are afraid, many are leaving, less are coming. The economy of this county has been built on the backs of immigrants. From tending to the vineyards, to cleaning our hotel rooms, to cooking our food, we are dependent on them. We need to continue to show that Napa is a safe space for them & help keep ICE from terrorizing them.	8/24/2018 6:34 PM
849	Mexican Gang Activity	8/24/2018 6:30 PM
850	Why are you not looking at a long-range plan like we are currently going through in Yountville? Why is Napa/CalTrans doing such a horrendous job with the timing and triggering of traffic lights on highway 29? And why is the emergency alert system in Napa County so inadequate? And, why don't our elected officials at the county, state and congressional level hold forums or meetings in Yountville. I assume we're too small to bother with.	8/24/2018 6:28 PM
851	sorry to be cynical, but based upon our County Supes prior efforts at consensus building, I see this project going nowhere. Promises, promises, promises. Unless the Vintners rubber stamp it, no success. Terrible history of this governing body.	8/24/2018 6:25 PM
852	There is a process to go through for building permits, but many developers promise one thing, but end up building something quite different. There is no follow up on design. The modern building style does not work for Napa, the design of "dental offices" downtown (new city building) and within Napa does not belong here. It is definitely not "Napa".	8/24/2018 6:19 PM

## Napa County Strategic Plan Survey of Community Members

853	The focus on growth... is there any focus on growth? It appears that the County is growing with little infrastructure... roads, water, safety, etc. It's concerning. IS the county prepared for the growth? And permits in arrears... it is very disheartening to read new articles about wineries that have built/expanded/grown without proper permits in advance... they apologize and they are granted permits in arrears. It makes the common man feel like the wine industry is untouchable. Seems to be no penalty. It appears that the County government's priority is growing, and being kind to the wine industry. It is hard to see what focus is on the common citizen...	8/24/2018 6:00 PM
854	Parks and open space s/b priority. Tourism must be sustainable w/ benefits accruing to residents as well as business. Traffic congestion a HUGE problem; a living wage crucial! Invest in education; stop the sending of kids to non-county schools. Wineries are venturing out from core agricultural viticultural business drawing in more tourists/traffic; curtail these loopholes to farm/vitner activities. Encourage active transportation, invest in bicycle paths and lanes.	8/24/2018 5:44 PM
855	Code enforcement has little credibility. Wineries have built w/o permits and have been allowed to complete them. We need to protect trees and water shed. Times have changed-corporations have bought family wineries they do not have the same respect for this valley environment. It's about getting the last \$dollar\$. Please develop a strategic long term plan to protect this valley.	8/24/2018 5:19 PM
856	Education - the schools in the County are in a downward spiral, the quality of the education is declining, teachers can't afford to live in the area, educated families are leaving the public school system Childcare - quality affordable childcare needs to be available for people to live and work in Napa County. More needs to be done to support working families.	8/24/2018 5:12 PM
857	Rent protection for locally owned businesses. The non corp. owned local businesses are suffering, they cannot compete with large companies on rentals in our town.	8/24/2018 5:09 PM
858	A cannabis dispensary for medicine for people unable to drive to another county for help with health issues. It has been medical-legal for 21 + years! 400 plus places to buy booze/wine but zero to buy cannabis! I'm not talking about stuff to get high I talking about high cbd medicine for numerous health issues. When I have gone to city and the county meetings it seemed like the city people did not even know much about what they are restricting the population from buying when they only mentioned things like more impaired drivers on the road and not that it is a real medicine for some.	8/24/2018 5:08 PM
859	Increasing crime. Decreasing availability of family friendly/children friendly facilities; e.g., closing of Model Train Club at Fair Grounds in favor of Bottle Rock, closing of downtown Toy Stores and Ballet/Dance Studio/Store due to high rents that favor tourism/wine industry, etc.	8/24/2018 5:07 PM
860	Ensure the primacy of agriculture, in its truest sense, in Napa County. Heighten compliance with Winery Definition Ordinance, ensuring that non-production related activity within wineries is truly ancillary and subordinate to the primary use. Evaluate and manage toward a balance between permitted wine production capacity and the amount of wine grape produced in Napa County on an annual basis.	8/24/2018 5:04 PM
861	One of the issues I see is that we are asked for our feedback on things, such as the new apartments being built in American Canyon. Most in the community do not want them and have voiced that, however they are still being built regardless to what the community has voiced. Stop asking for us to provide feedback and take surveys if you're not going to implement the changes we want or don't want.	8/24/2018 5:03 PM
862	Air quality has deteriorated significantly Building places which will put many more cars/trucks on the road: We Need To Halt NOW -it's already too late....	8/24/2018 4:59 PM
863	Education opportunities, e.g. internships; disaster preparedness workshops	8/24/2018 4:58 PM
864	Audit compliance with ag/winery permits	8/24/2018 4:52 PM
865	We need the services of the Napa population to exist. Most everything now is tourist prioritised. We can't go downtown for household items or normal needs. Half the downtown should be for tourists and half for the inhabitants of Napa.	8/24/2018 4:40 PM
866	There seems to be no political will to have a real Climate Action Plan in Napa County. Small businesses may feel the brunt of regulation, but it's pretty much whatever the large corporations want in the Valley that goes, so, Napa County will continue to grow its congestion, air and water pollution, sadly. The good old boy ex parte decision making network is alive and well here and that will be hard to crack. But we really do need new environmentally educated Commissioners and Supervisors who will truly care about the health of the Napa Valley environment we all depend on and not cave to the desires of the monied interests that donated so much money to their election campaigns.	8/24/2018 4:26 PM
867	We need a moratorium on winery expansions and development in order to take stock of how much more tourism development Napa can or cannot stand.	8/24/2018 4:21 PM
868	Preserve the rural nature and appearance of the valley, residential development only within city limits. Limits on new resorts and wineries.	8/24/2018 4:04 PM

## Napa County Strategic Plan Survey of Community Members

869	Enforcement of public elected officials to fully attend at least 95% of meetings. Transparency relevant to non fiscal enrichment while serving and post 3 years of paid public service. Ensuring public officials appointed to any office had been a resident of Napa for 5 years.	8/24/2018 3:55 PM
870	Traffic congestion on Route 29.	8/24/2018 3:52 PM
871	A sustainable funding source to build and preserve housing for Households making from \$40,000 to \$120,000. (County-wide transfer tax, Community Preserve, etc.)	8/24/2018 3:49 PM
872	A coordinated effort to reducing fire risk in the rural areas affected by the October fires, as they rebuild.	8/24/2018 3:45 PM
873	Without housing for workers, our County's industries will fall apart. We cannot support the wine industry, or tourism, without providing affordable housing for workers in those industries. Commutes from outside Napa County are too long. Our local industries are cut off at the bottom without workers. Look at all the local restaurants that have closed because they simply cannot find workers.	8/24/2018 3:39 PM
874	Better fiscal planning like bus lines with no passengers. Installing bicycle lanes and paths to Calistoga but badly paved roads.	8/24/2018 3:36 PM
875	An ongoing concern is with traffic congestion, particularly on Hwy 29 through American Canyon. There is currently a proposal for a new apartment complex in AC that will cause some serious traffic congestion if approved. We need to address the traffic and possibly expanding lanes before we add to the congestion.	8/24/2018 3:32 PM
876	Look at Healdsburg's example. Cool it with hotel approvals until infrastructure and housing needs are better addressed. Increase the hotel and development taxes and surcharges to fund the overdue mitigation of the impact of these developments.	8/24/2018 3:28 PM
877	Traffic congestion	8/24/2018 3:28 PM
878	Watershed protection. A way to cease all cutting of oaks in the watershed.	8/24/2018 3:27 PM
879	Stop signs at the north end of Linda Vista (Culpepper and Wine Country Avenue) to divert traffic to Hwy 29 and Dry Creek Road and prevent further injuries / deaths.	8/24/2018 3:19 PM
880	Loss of open space and historic view sheds. Overdevelopment in all areas, especially too many hotels. Need for more shade trees all over the valley, but especially in urban areas. Loss of historic properties because of inappropriate development and failure to uphold historic preservation protections. Overzealous development and density too great for us to maintain our small towns and rural quality of life. Overpopulating the valley. Increase in economic inequality and subsequent problems because of it. The prevalence and increase in illegal vacation rentals of all kinds. Greed. Health diminishment because of fires/smoke. Lack of resilience for recovery from economic and natural disasters. Lack of needed housing, infrastructure and care for an aging population. Inadequate number and quality of doctors/medical care for an aging population. Inability to attract primary care medical professionals to live and work in Napa because of cost of living here. Poor leadership.	8/24/2018 3:18 PM
881	There should be more attention paid to the preservation of our ag preserve for ag only uses, not event centers, and more attention to preserving our hillsides from development.	8/24/2018 3:17 PM
882	Control your growth with proper infrastructure (roads, traffic, etc) right now it is nuts to try and drive in this area. Between the winery workers and your lack of attention to controlling growth in that area your making it a very undesirable place to live.	8/24/2018 3:15 PM
883	Extremely important is to rid the government of corrupt practices wherein favoritism is shown in matters of governmental feascance to those individuals of wealth and influence.	8/24/2018 3:08 PM
884	TRAFFIC, Traffic, traffic! This includes parking issues within the various cities.	8/24/2018 3:02 PM
885	Highway 29 traffic congestion 7am-9am; 2:30pm-6 - need to widen roads, provide alternate routes for commuters versus community dwellers- secondary air pollution, oil spills to roads, hydrocarbon particulates. - all very bad for agriculture and those who live along the commute corridor.	8/24/2018 3:01 PM
886	Foodservice companies/caterers/food trucks need to be permitted and those operating within the county and city without licenses should be fined and treated similarly to construction contractors who work outside the system	8/24/2018 3:00 PM

## Napa County Strategic Plan Survey of Community Members

887	<p>*Transformation of our agricultural economy into a tourist economy at the expense of the citizens, quality of life, natural environment and natural resources. *Unchecked growth and development: That has resulted in the increased need for workers, who subsequently commute and cause traffic congestion. Resulting in air quality, carbon dioxide emissions, and increased wear and tear on our roads. More wineries and hotels result in the increased need for affordable housing and services. Wineries are no longer just agricultural based but have turned into unchecked (self-monitoring...now that really works) event centers. *Planning Department ignores science based decisions by claiming what seems to be 90% of all new development proposals, "less than significant impacts" and approves inappropriate projects regularly. *Planning Commission, a non elected governmental body, constantly ignores the voices and concerns of community. Grants exceptions, variances, and deference to the monied elite. Look at how many variances were granted in the last ten years. Check out the number of violation or compliance problems that came before the board and instead of imposing fines and holding the violators accountable, they were got their hand slapped and the board would approval, after the fact. * To appeal a Planning Commission decision, a citizen now has to pay an increased fee of \$1000, which in itself inhibits public discourse and discrimination against those without means. *Lack of trust in the current Board of Supervisors in view of past actions and attitudes towards citizens concerns for large scale projects ( Circle Oaks, Mountain Peak, The Caves for example) and Measure C. Ignoring California Environmental Protection Laws (CEQA) and putting wineries and other large scale developments before well-being of the community and protecting the natural beauty of Napa Valley. Just look at the record, how many large scale developments have been approved, how many citizens have protested or attended meetings only to have their concerns dismissed, how many consultants have had their requests granted despite common sense and existing rules? Instead of doing the right thing, the BOS have let the Napa community down. *In view of the publics response to Measure C, now is the time to address environmental issues in the valley and devote time, energy and county staff to work with the citizens to develop a reasonable and update general plan, a carrying capacity for the valley (when is enough...enough), and look at improving and preserving what we have. *Compliance: The county has a self-monitoring program for wineries because they do not have the staff to properly enforce their regulations. So how about a moratorium, no new permits until we get update files regarding each winery, with it's capacity, visitors, events, etc. And a staff that is available to enforce the existing rules and regulations. Let's do the science and see what we can do regarding future development before we run into more water problems, sedimentation into our reservoirs, climate action plan, traffic, and affordable housing. Let's not try to build the plane, while we are flying it. How about take a break and a proactive stance towards this problem.</p>	8/24/2018 2:58 PM
888	There is never any discussion about middle income families and the challenges we are facing for housing. There are many of us struggling and cannot have any assistance due to income levels.	8/24/2018 2:57 PM
889	Regarding communication with the public you need to keep in mind that not all folks have a computer nor have access to the internet. There are still many in the older population that don't want to use computers and their main way to communicate is by phone. They will never see this survey nor will they get Nixle alerts.	8/24/2018 2:54 PM
890	Water shortage. Need more dams and large reservoirs.	8/24/2018 2:53 PM
891	There doesn't seem to be an economic development plan that has been communicated - retail development versus hospitality/tourism. The people who live here need a diverse retail offering. It's lame for a population this size. The divide between the "haves" and "have nots" which is increasingly communicated in public forums as the people who grew up here versus those of us who have moved here or "intruded on their peaceful existence." As an expert in aging and longevity, it heartening to see how many older adults live here and are having their needs met here, but we need diversity to have a quality workforce for healthcare and retail services. So affordable housing must be addressed.	8/24/2018 2:52 PM
892	Oak tree preservation & enforcement	8/24/2018 2:49 PM
893	Working with CalTrans to alleviate congestion at major highway intersections (i.e., 29/221 and 29/12).	8/24/2018 2:40 PM
894	None other than working on repairing roads & the traffic congestion. I live in American Canyon with 2 apartment complexes talked about (1 already being built) with more than 500 parking spaces put in yet nothing is being talked the TRAFFIC CONGESTION? WHY????	8/24/2018 2:40 PM
895	Main topics were addressed, housing, safety, but would like the foster parents be more checked on if they are doing their job and Social Workers check and listen to the parents of children in the system. I have heard many horror stories and parents have no say when child is in the system.	8/24/2018 2:37 PM
896	TRAFFIC ENFORCEMENT	8/24/2018 2:34 PM
897	work force housing, hotels municipal water consumption taken from AW resevoirs	8/24/2018 2:31 PM

## Napa County Strategic Plan Survey of Community Members

898	Having different venues of entertainment. There is absolutely nothing in this Valley except for "Wine Bars". And if people dont drink wine there is absolutely nothing to do here. Every single Restaurant is far too expensive. Everything is far too expensive. And MOST IMPORTANTLY THIS VALLEY IS ALL ABOUT THE TOURISTS! THERE IS ABSOLUTELY NO CONSIDERATION TO THE RESIDENTS!!! WHAT SO EVER!!!! NO RECREATION, NO RESTAURANTS, OR VENUES LIKE REGULAR BARS OR LOUNGES FOR DANCING LIKE IN THE 70'S AND 80'S.... AND ABSOLUTELY NOTHING FOR THE KIDS!!!	8/24/2018 2:29 PM
899	Create disincentives for 2nd-Home/Vacation Home ownership in Napa County via special property tax assessment for un-occupied or under-occupied (2nd home) residences. Additional funds should be used to create a fund for housing assistance and food access programs.	8/24/2018 2:27 PM
900	I am part of your "middle class", have a family and am also part of one of the LGBT community. My wife and I contribute positively to our economy and community but are unlikely to stay here because 1. housing costs are ridiculous 2. families don't have enough support and 3. our community isn't particularly gay friendly. These 3 things are of the utmost importance to us and if not made better, we'll have no choice but to leave.	8/24/2018 2:23 PM
901	As the city grows, the Napa airport runway should be enlarged to accommodate bigger planes to transport the increasing population and promote more tourism to the area.	8/24/2018 2:22 PM
902	Urban areas need walk-able access to grocery stores and pharmacies	8/24/2018 2:19 PM
903	Keep our forests. Conserve water.	8/24/2018 2:17 PM
904	WATER-TRAFFIC-HOUSING It's that simple. Deal with these and Napa County will be a better place.	8/24/2018 2:16 PM
905	The traffic situation in American Canyon is reaching proportions where in order to get to work in a reasonable amount of time in Napa is causing my family to rethink living here. Even simple solutions like the timing of the traffic lights in AC could be vastly improved.	8/24/2018 2:12 PM
906	Start fixing our streets. Fix street lights so we don't go from one red light to the next or sit at red lights with no one coming in any other direction. Quit focusing on Napa being an adult Disneyland, no more wineries, wine tasting and hotels! Appreciate the people that live in your community!!!	8/24/2018 2:11 PM
907	I wish the County/City of Napa would exceed the minimum standards regarding public comment and posting agendas. I feel like more notices, door hangers, email blasts, etc should be used. Typically, I believe agendas and hearing details are only sent to individuals that live within a 300' buffer of that particular development and or topic. These policies, developments, and changes effect our ENTIRE community and people need to be herd. Not just the individuals that live "closer" to it. Also, there needs to be more transparency during the public review process. For example, MEASURE C.... We need FACTS... Not two separate parties "private or political" bashing one another to push their agenda. The local community needs our government officials to help us make smart decisions based on facts and science / study. People should not be receiving a majority of their information from door knockers and people standing outside the grocery store. We need MORE public meetings to help the public truly understand the issues at hand and the conversations up for debate! Also - We refer to this area as an AG area.... It may just be me but this is literally the most HIGH END AG one could have. Decisions need to be made to protect our open spaces.... With what little we even have left. What does the City of Napa have around it? Skyline Park, Alston Park, and Westwood Hills. Obviously there is a little more up Valley Near Mt. St. Helena. There we need to protect open spaces for our public if it is not already developed with AG and or housing/commercial development.	8/24/2018 2:11 PM
908	Preservation of native trees	8/24/2018 2:10 PM
909	Focus on the common people, not the special interests, developers, or wineries. Affordable housing is always ignored and put off to another day. But new hotels and tasting rooms are everywhere. Add a transaction tax (not a sales tax). Whenever money is transferred charge a small percentage- you may be amazed at how much revenue you would raise. <a href="https://en.m.wikipedia.org/wiki/Financial_transaction_tax">https://en.m.wikipedia.org/wiki/Financial_transaction_tax</a>	8/24/2018 2:10 PM
910	Rates of cancer in the Napa Valley	8/24/2018 2:07 PM
911	Fix the roads My dishwasher water smells like crap	8/24/2018 2:06 PM
912	It would be great if napa county could quit spending money on worthless art and put it towards road maintenance.. quit worrying so much about women's marches and actually stood up for veterans.. spend less on representing a sanctuary for illegals and put some effort into helping our veterans.. there are drugs all over our streets and all napa county seems to worry about is our Hispanic workforce..	8/24/2018 2:04 PM
913	More consideration for affordable housing for seniors and oversight of care facilities. Also Solano County has 2 Kaiser hospitals and we have none. We need another hospital option besides the Queen of the Valley.	8/24/2018 2:02 PM
914	Emphasize worry on traffic congestion and improved roadways to help alleviate it	8/24/2018 2:01 PM

## Napa County Strategic Plan Survey of Community Members

915	Fire safety and preparedness.	8/24/2018 2:00 PM
916	Traffic through American Canyon to and from Napa on highway 29. It's a mess.	8/24/2018 2:00 PM
917	Outdoor and indoor recreational facilities for adults, regional transportation coordination and planning, small business facilitation and assistance.	8/24/2018 2:00 PM
918	Easing traffic congestion between American Canyon to north napa valley while not impacting residential neighborhoods. A large highway should not be a towns main road as it is in American Canyon.	8/24/2018 2:00 PM
919	I am concerned with the proliferation of luxury hotels and restaurants without sufficient, affordable housing to allow their employees to live nearby. I am also concerned that we are focusing on tourism at the expense of why people come to Napa. Climate change may result in our ability to grow premium Cabernet and other grapes impossible. We need to focus on planning for economic viability in the event that happens. This may mean exploring different crops and different varietal and supporting people who are planning for a changed environment.	8/24/2018 1:59 PM
920	The schools need to have school buses to get all the parent off the roads twice a day. It shouldn't take 30 minutes to get across town at 3:00 pm. One bus could get 30 cars off the road.	8/24/2018 1:58 PM
921	Please put the protections in place that were Measure C. Don't give in to the big money interests. We will notice and remember. Thank you.	8/24/2018 1:57 PM
922	My most important issues are: affordable housing, living wages, health care for everyone, environmental issues / climate change, green energy, and Education.	8/24/2018 1:56 PM
923	Government policies and strategic planning should include a positive view of working in conjunction with vineyards and wineries. The regulatory environment and the policies of staff work against the economic engine that supports Napa County. The government is slowly eroding the economic viability of wineries in the Napa Valley.	8/24/2018 1:56 PM
924	No more permits for vineyards to suck the water from the aquifer. Start paying attention to the needs of the citizens instead of tourism, wineries, big hotels and fancy restaurants. How about actively seeking to add restaurants and places of business for the "regular" people.	8/24/2018 1:55 PM
925	Coordinate with School district to improve schools in the county. More fundings for teachers and improvements to facilities.	8/24/2018 1:53 PM
926	The consideration of locals over tourists in all areas	8/24/2018 1:52 PM
927	Support of our artistic destinations and institutions as cost of living increases and the arts infrastructure ages.	8/24/2018 1:51 PM
928	OVER DEVELOPMENT!!!!!! REPAVE HOWELL MTN ROAD FOR CRYING OUT LOUD. IT'S NOT RIGHT THAT WE PAY TAXES AND HAVE A ROAD IN THIS CONDITION.	8/24/2018 1:49 PM
929	There needs to be a better solution to allow Airbnb's in our community. The ridiculous hotel prices are a hinderance to the tourism experience. Hardworking, law abiding families like mine can offer relief but we are unable to use what we have because of the ridiculous and difficult to navigate permit laws. We are happy to pay Napa a high percentage in taxes, but you'll never get the money with the current laws in place.	8/24/2018 1:49 PM
930	Development of wildfire survivability programs and standards that recognize wildfire as part of nature, but also the result/symptom of climate change, and seek to prevent human losses through (a) re-building only fire-survivable housing in known wildfire zones (external sprinklers, fire-resistant materials, etc), and survivable (as opposed to "defensible space") landscaping. Recognize that forests do not cause fire, but rather are a protection against the climate change and drought conditions and high winds that encourage wildfires. In other words, forests are the highest and best use of what is left of forests in Napa County.	8/24/2018 1:49 PM
931	Our roads are terrible, and the school report cards in Napa are an embarrassment because they judge based on end-of-year standards. Hello, it doesn't work that way. Please fix those two things.	8/24/2018 1:47 PM
932	fix the roads!!!	8/24/2018 1:47 PM
933	Supporting local food and goods store owners, support non-profit organizations and more youth related attentions, school programs, traffic to and throughout shopping including parking lots and residential streets	8/24/2018 1:44 PM
934	Protecting the valley from uncontrolled real estate development and winery facility expansion	8/24/2018 1:43 PM
935	Build first. Reduce and streamline permitting. Go back in time and approve a larger version of Napa Pipe. Build the flyover at 29/121	8/24/2018 1:43 PM
936	Ensuring that streets are clean safe, and that people don't take up all the parking in residential areas who are not residents.	8/24/2018 1:42 PM
937	This insane growth of industries catering to tourists MUST stop. Our communities' ability to provide sustainable living for our permanent residents MUST come first, last and always.	8/24/2018 1:41 PM

## Napa County Strategic Plan Survey of Community Members

938	Control ground water usage by vineyards. I live in Carneros, the volume and quality of my well water has been substantially affected in recent years by the vineyards sucking up every drop of available water. Now that the recycled water system has been installed force the vineyards to use that water instead of depleting the ground water.	8/24/2018 1:40 PM
939	It would be useful to prioritize all the catagories for instance I think Affordable HOUSING, safe Bike Lanes and fire mitigation are high on my wish list. Thanks	8/24/2018 1:38 PM
940	Rampant development affecting traffic and resources.	8/24/2018 1:38 PM
941	Continued hotel development causing multiple problems; lack of qualified workers, affordable housing, and traffic congestion in & out of town	8/24/2018 1:38 PM
942	re route hyway 29 thru american canyon east behind the walmart - railroad tracks to ease congestion	8/24/2018 1:37 PM
943	I have seen nothing that indicates that the people in charge recognize that growth cannot continue forever without, like cancer, killing its host. When will we have enough hotels, wineries, event centers, etc.?	8/24/2018 1:37 PM
944	Please stop the Marxist Social Justice agenda of the progressive left! I don't want to live in Venezuela	8/24/2018 1:36 PM
945	Napa is became the Disneyland of rich people. This has to stop.	8/24/2018 1:32 PM
946	American Canyon Traffic needs to be fixed before ever thinking about building more housing and business which the roads cannot support!	8/24/2018 1:32 PM
947	Timing of traffic lights is wrong on 29. Businesses that provide recreational activities for the children of this county should be encouraged. More culture too please.	8/24/2018 1:32 PM
948	Just do the right thing. Please.	8/24/2018 1:31 PM
949	Stop managing how people relate themselves too. It is not the governments position to worry how somebody wants to be known as. In addition, to have a viable, diversified community, immigrants should and must assimilate to our way of living, not the other way around. We will have much greater success of folks getting along and following the laws and rules layout if they really want to be here.	8/24/2018 1:23 PM
950	We are a collective society of nationalities, ages, religions. We should all be treated with the same respect and inclusiveness. It is divisive to do otherwise even if the segregation by service definition is well intended.	8/24/2018 1:13 PM
951	Consolidation of services by local agencies with eventual consolidation of all 30 local agencies into a single county-wide entity with an elected mayor and 5 member board of supervisors	8/24/2018 1:06 PM
952	Housing, traffic and development. Those are the big 3. Survey was not very effective, in my opinion, without having to rank hierarchy of importance in each subject. To me, all the line items are very important.	8/24/2018 1:02 PM
953	A precise blueprint setting limits on growth Limit tourism and reverse events and winery visitations as part of agriculture. Limit new wineries and expansion of existing ones. Draconian measures against winery use permit violators. Step up winery audits.	8/24/2018 1:02 PM
954	I think that the ultra rich who are encroaching into the forest for vineyards needs to be stopped. We need to protect the wildlife we have. Our water supply is not infinite, we need to protect what we have. When is enough enough? This valley/county can only handle so many people and wineries. What about my quality of life?	8/24/2018 12:59 PM
955	Winery compliance, vineyard compliance, deforestation in the hillsides, county follow up on violations, illegal vacation rentals in county	8/24/2018 12:44 PM
956	there needs to be more open space for kids, science museums, boat rentals, community pools. please do not overbuild downtown napa.	8/24/2018 12:42 PM
957	Reduce or stop this uncontrolled and absurd amount of development in the Valley before our lifestyle is totally destroyed.	8/24/2018 12:42 PM
958	Si	8/24/2018 11:39 AM

**Q12 Economic Vitality** What actions do you believe Napa County should take to support Economic Vitality in our community? As a reminder, in the previous section we defined Economic Vitality as: Jobs that pay sufficient wages for you and your family to live in Napa County Diversification and development of agriculture, business and industry Prosperous and viable agriculture Prosperous and viable tourism and hospitality Revitalization of rundown/blighted areas Streamlining permits, regulation and compliance Agricultural pesticide use, enforcement and safety

Answered: 1,002 Skipped: 1,153

#	RESPONSES	DATE
1	LGBTQ Inclusive industry. Promote companies by purchasing services by governmental agencies, training of agencies	10/10/2018 9:08 AM
2	Reach out to grow LGBTQ Tourism in Napa County. The hotels, restaurants, and wineries would thank you for the additional business!	10/10/2018 8:58 AM
3	Jobs	10/9/2018 11:54 PM
4	encourage jobs that pay sufficient wages encourage diversification and development of agriculture, business and industry	10/9/2018 10:54 PM
5	To me, there needs to be a healthy balance between agriculture, business, tourism, and the community members who support these industries. I've had too many friends and family members getting squeezed out of Napa or forced to commute nearby due to housing and the higher cost of living. They are usually in the service or health/human service industry, they deserve to live in the community they serve!	10/9/2018 9:56 PM
6	Rail Transportation	10/9/2018 9:53 PM
7	Encourage businesses by incentives. Reduce pesticide use to protect bees. Restore vineyards to orchards for biodiversity	10/9/2018 8:54 PM
8	More affordable housing required with high end housing projects	10/9/2018 8:29 PM
9	Encourage and pursue more clean tech companies to relocate here.	10/9/2018 8:09 PM
10	Living Wage, Diversification (NOT more wineries, NOT only winery or tourist focused business) in agriculture (grow fresh, non-gmo, non-nitrogen fertilized, specialty crops). Stop teaching our children to be servants, rather teach them viable, on-going careers (building and maintenance of solar, or electrical, plumbing, etc). Teach our representatives and employees earth sciences. Stop approving projects when our EIRs show things shouldn't be approved. Stop allowing development that changes after public meetings or that was not approved by County Supervisors. Stop allowing mitigations that can't mitigate the loss of land, water or species.	10/9/2018 7:37 PM
11	we need more jobs that are not just service segment. Computer industry jobs would be of a great benefit to not only our young people but the bottom line for our tax base.	10/9/2018 7:13 PM
12	Bring our town BACK!! Wine tours should be on a train (best way) or a bus. STOP THE DRUNKEN TRAFFIC IN THIS VALLEY! STOP BUILDING!!! Traffic is horrific. Napa didn't use to be like this. It was not a city but a small country town where one could raise a family. PROTECT US FROM CHEMICALS!!	10/9/2018 6:52 PM
13	Encourage diversification of industries...not just agriculture and tourism. Draw in other industries to spread our dependence and community success when something hits one industry.	10/9/2018 6:29 PM
14	Livable wages.	10/9/2018 6:19 PM
15	Streamlining and LOWERING permit fees you heartless souls and by the grace of God we didn't lose our house a year ago to fire	10/9/2018 6:03 PM
16	Establish a permit process for short term rentals in the county of Napa much like Sonoma county has now.	10/9/2018 5:37 PM

## Napa County Strategic Plan Survey of Community Members

17	Recognize that economic monocultures [particularly wine grape viticulture for Wine - an alcoholic beverage], tend to entropy, atrophy, decline, decay and perhaps death. Gone are Apple, Dey Labs, others. The failure of successive generations of elected officials to diversify the local monocultural triad economy [vine/wine/tourism] is resulting in: limits to growth; success to the successful; shifting the burden; and unplanned internal competitions. The onus is not on planners. It is the failure of policy makers to systemically learn contemporary science including the indigenous, traditional, and local. The County's natural resources - clean air, abundant clean water, fertile soil, and pristine woodland watersheds are at the limits for growth of the wine-grape viticulture for a luxury alcoholic beverage product, Wine. Ron Rhyno	10/9/2018 5:23 PM
18	Let the free market rule - stop micro-managing *everything* that goes on.	10/9/2018 4:59 PM
19	ALL OF THE ABOVE are important to maintaining our Napa Valley quality of life, from the very poor to those who are wealthy implants from other areas	10/9/2018 4:48 PM
20	Create a few ADU "model" units with pre-set architectural plans that have been reviewed and permit them quickly. Too many people are having to re-invent the wheel. Allow pre-fab homes!!! We have a very prosperous tourism industry. Time to switch focus for a few years on the locals and their needs.	10/9/2018 4:40 PM
21	Raise wages or provide affordable housing.	10/9/2018 4:32 PM
22	The top 4 issues should be dealt with as an aggregate; job creation should be a top priority and diversification of the revenue streams is a MUST. Maximize Napa Pipe's potential! "Streamlining" may NOT be substituted for reckless acceptance of poor industry practices. Clearly, there are more automated ways of handling the three cited areas; however, standards, adherence thereto and oversight of issues which have standards must remain - and be effective.	10/9/2018 4:29 PM
23	those who need employees should bare the biggest brunt of that burden, and not expect the general population to bear it for them.....	10/9/2018 4:14 PM
24	We should support private/public partnerships to provide vocational and technical training for high school students, including more internship and externship opportunities. Incentives could be offered for businesses to participate in apprenticeships with the schools. Business permits should be streamlined.	10/9/2018 4:10 PM
25	Increase minimum wage in the County and work with Cities to do the same.	10/9/2018 3:37 PM
26	1. Wineries and Commercialization in the unincorporated county should provide housing for workers on site to relieve the housing stresses on the City/Towns. When Services, normally performed in the Commercial Zoning of City/Towns are moved into the unincorporated county at Wineries, then the Wineries (Commercial Entities) should begin to pick up the Zoning Requirements (Housing, Healthcare, etc., etc.) that are normally assigned and provided by the City/Towns. 2. When tourism is the driving force for Economic activity, then the county must provide direction and balance to maintain a viable and sustainable community. 3. Excessive Commercialization of Wineries driven by an exceedingly poor definition of Agriculture that allows Wineries to be Event Centers that usurp the function of County and City Zoning and allow mini Adventure Parks. These Parks move the normal City Zoning Commercialization into the County and hollow out the local business and vitality of City Commercial Zones. Agriculture is whittled away and lost to the need for land in support these Commercialized Parks: Roads, Parking, Buildings, Caves, Kitchens, Maintenance, Staff, etc., etc. All of these accessory uses consume viable Agricultural Land for Commercial Use. Prevent this shift of Zoning and direct the City/Town Zoning of these Commercial Activities away from Agricultural Land. 4. Excessive volumes of Winery Production that have no basic in the fact of Vitality, Business Sustainability, Visitation or Residential Stability. Napa County Wine production is limited by Agricultural viable land. Pre WDO wineries are not limited in production of Napa Valley Wine, but all subsequent Wineries are limited to the 75% rule and must use Napa Valley Grapes. So why is this fact not used in the allocation of winery production that parallels the availability of Napa County Grapes. Tradable Winery Production? Winery Production reserved for Small Wineries so that Large or Corporate Wineries do not monopolize Winery Production (Gallo and Stagecoach Vineyards as an example).	10/9/2018 3:23 PM
27	Job creations other than the wine industry. Embracing trade school type education to replenish the blue collar sector. We need more than just an IT mentality, not everyone is cubicle material.	10/9/2018 3:19 PM
28	Expand eco-tourism opportunities in the Valley, with increased access to more trails, swimming (e.g., in the river), non-motorized boating, moving away from monoculture farms, etc. Expand transparency around agricultural pesticide use to better protect farmworkers and the community	10/9/2018 3:13 PM
29	Enforce winery permit/code compliance with real penalties that cost real money. Illegal pesticide use is the reason the cancer rate is so high in Napa, The way to increase wages is to require wineries to allow tipping via credit card and limit the amount of "tip out" to 20% of the tip. That is an automatic 30% wage increase for the tasting room staff at no cost to the winery.	10/9/2018 3:11 PM
30	Support diversity in all things	10/9/2018 2:24 PM
31	Prosperous and viable agriculture, streamlining permits	10/9/2018 2:21 PM

## Napa County Strategic Plan Survey of Community Members

32	Reduce housing costs. There is no reason for housing costs to be as high as they are.	10/9/2018 2:20 PM
33	Reduce emphasis on tourism including winery tasting rooms and event. Get people out of their cars - e.g. Wine Train should provide affordable passenger service	10/9/2018 2:19 PM
34	More vocational ed opportunities for youth and those facing re-entry. I think Napa ought to concentrate more on its residents than on attracting still more tourists.	10/9/2018 1:57 PM
35	In considering applications for agricultural and winery-related development, the county should differentiate between wealthy and/or corporate applicants and individual applicants who depend on the agricultural or winery activity for their livelihood. A small family-operated winery deserves more sympathetic treatment than one that is owned by a billionaire or a multi-national corporation.	10/9/2018 1:03 PM
36	Keep restaurants/event centers out of ag lands	10/9/2018 12:36 PM
37	Better pay for people to afford life in Napa	10/9/2018 9:58 AM
38	Living wage jobs and true affordable housing for all. Additionally, no more wineries to deplete the counties resources.	10/9/2018 6:24 AM
39	Careful regulation and oversight to insure one section (ag, business, industry, tourism) does not overshadow other sections.	10/8/2018 5:19 PM
40	Businesses should be paying livable wages so that employees can live and work in this community. We need to diversify our industry beyond tourism.	10/8/2018 3:45 PM
41	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa	10/8/2018 3:13 PM
42	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa	10/8/2018 2:54 PM
43	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa	10/8/2018 11:34 AM
44	GO BACK TO AG THAT IS AG - NOT PARTIES. GROW FOOD - THAT'S IT. WE HAD INCREDIBLE ABUNDANCE AND WEALTH TIL THE WINERIES STOLE IT ALL FOR THEMSELVES. NO MORE CATTLE, NO MORE DAIRIES, NO MORE POULTRY, NO MORE CHERRIES - JUST BOOZE, WALL TO WALL. ENFORCE - NO STREAMLINING ANYTHING - THAT'S THE HEART OF THE PROBLEM RIGHT NOW.	10/8/2018 11:16 AM
45	Livable wage jobs, diversification of business, revitalizing rundown/blighted areas.	10/8/2018 10:59 AM
46	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa.	10/8/2018 10:42 AM
47	Diversification of agriculture, business and industry: Turning Napa Valley College into a 4-year university would bring jobs, some of those well-paying. RE: tourism - we should return to the upscale tourism which former CVB Director Daniel Howard promoted. Focus on longer-visit more upscale tourism, including green "eco-tourism" focusing on our environment and educating people about the ag preserve. Speed up enforcement; don't practice forgiveness when no one's ever asked for permission.	10/8/2018 9:50 AM
48	Living wage. We cannot continue to generate low wage jobs that do not support individuals and families, keep them at or near poverty and make it impossible to live and work in the same community.	10/7/2018 7:14 PM
49	I think the support and promotion of locally owned business is important. I'm happy to see big brands on First St., but don't want Napa to become too expensive for local business owners.	10/7/2018 4:07 PM
50	We need to encourage community serving businesses over tourist serving ones.	10/6/2018 6:40 PM
51	I have a very specific gripe here: the vacant building where the Safeway was located downtown. It's not right for that space to not be occupied by another business. Increased competition in the grocery sector would drive prices down a bit and make food more affordable for all. I know not one space will do this, but there are several failed attempts to diversify grocery business. Fresh & Easy lasted no time at all and even Vallerger's went out of business. The County should pressure City Planning to court more options like Sprouts or Nugget to add to the lackluster shopping choices. Now that Whole Foods is owned by Amazon, there are no local "health" food options. Brands I buy are more expensive in the big box stores! I love Knob Hill and Browns Valley Market and Grocery Outlet, but they are on three opposite sides of town.	10/6/2018 1:18 PM
52	Tourism has become the tail that wags the dog, and is downgrading quality of life; end any subsidies for advertising Napa as a tourist Mecca.	10/6/2018 1:03 PM
53	educate the public on the importance of ag on the economy and maintaining our quality of life, that it is highly regulated, that without ag Napa is in jeopardy of losing the ag preserve, that the wine industry provides diversity - the importance of small, medium and large producers and producing at a variety of price points. Look at how well Napa fared during last recession.	10/5/2018 6:22 PM

## Napa County Strategic Plan Survey of Community Members

54	Jobs that pay sufficient wages for you and your family to live in Napa County	10/5/2018 3:19 PM
55	Cap tourism and hospitality until the housing crisis is resolved.	10/5/2018 2:28 PM
56	Abrir oportunidades de preparacion y educacion a las personas aun sin estar legalizados .	10/5/2018 2:22 PM
57	"Economic Vitality" seems synonymous with "winery development" and tourism. What is enough? What is the carrying capacity of the Valley? Limits must be set and communicated.	10/5/2018 11:50 AM
58	It's the rich get richer in Napa.	10/5/2018 11:00 AM
59	High paying jobs. Attraction of diverse tourists.	10/5/2018 1:20 AM
60	Assuring that jobs pay a livable wage based on area COL seems absolutely critical. This is not an easy fix for public services or private industry and speaks to the larger construct of economic inequality in society as a whole. Agricultural diversity and environmental safety are critical to the long term viability of Napa, to the people who now live and work here and to generations yet to come.	10/5/2018 12:44 AM
61	Private Duty Nursing.	10/4/2018 5:00 PM
62	Revitalization of rundown/blighted areas.	10/4/2018 9:22 AM
63	All of the above except reduce emphasis on tourism and hospitality. Create a downtown that offers goods and services to local residents, not just to tourists.	10/4/2018 8:21 AM
64	Aumentar los salarios al mismo ritmo que los costos .	10/3/2018 6:33 PM
65	Trabajos que pagan salarion sufucientes.	10/3/2018 6:22 PM
66	Make a greater effort in economic development that is not tourism based. Visit Napa Valley is great, but we need something like a general economic development agency.	10/3/2018 4:33 PM
67	housing to address the labor shortage.	10/3/2018 11:33 AM
68	We all need to embrace our local industry, its a wonderful asset; wine production and tourism, other communities would love to have our problems! Lets not "over-regulate" our successful current industries.	10/3/2018 10:53 AM
69	Diversification - more support for small businesses. Housing and sufficient wages are equally important to creating a balanced Napa County.	10/3/2018 7:56 AM
70	Help citizens who work hard every day to keep tourists happy but aren't paid a living wage or have access to affordable housing; make it easier to get a permit in this town for goodness sake; have affordable childcare for the workers.	10/2/2018 3:37 PM
71	We frankly do not have jobs that pay sufficient wages for the cost of housing in this county. I don't know why - but there it is. Wineries pay about half of what a similar non-agricultural job would be in San Francisco or Oakland. We need to encourage tech companies to move here and have more shared work space and entrepreneurial incubators for non-wine related businesses. Also, retail space is prohibitively expensive for the foot-traffic. And there are still buildings which are empty and closed in downtown Napa from the earthquake. These should be required to be opened, or the owner should be required to sell.	10/2/2018 12:30 PM
72	Prosperous and viable agriculture Prosperous and viable tourism and hospitality Streamlining permits, regulation and compliance	10/2/2018 9:58 AM
73	Continue to address needs for reasonable/low income housing for people who work here and want to LIVE here! Continue to work hard to maintain and improve park areas, walking trails and bike paths for recreational use while also improving access to public facilities like bathrooms that are open and available year-round near those areas!	10/2/2018 9:54 AM
74	Sufficient wages; continued viable agriculture with tourism; better compliance	10/1/2018 7:33 PM
75	Less grapes and more variety.	10/1/2018 3:36 PM
76	I think we have ample space within the city to create affordable and/or low cost housing options. It may require some rezoning but that should not be an excuse for why these things are not being done. For instance, all along Soscol are areas where high density low cost housing could be built but instead it seems to be all zoned commercial. Why? Why not build housing and put a transit hub for local buses right there?	10/1/2018 2:41 PM
77	Businesses should be paying more taxes in Napa County.	10/1/2018 12:35 PM
78	The county should set a minimum wage of at least \$15. Housing should be allowed to go up higher such that rents may decrease as more units are place on a given property. Restrict agricultural use of certain pesticides. Limit cultivation practices that send way to much fine particulate matter into the air that we breathe which results in many more lung related ailments	9/30/2018 10:50 PM
79	I currently commute 70 miles to Sunnyvale as there are not any technical jobs in the south county area. By this I'm talking about Aerospace, computer IT tech ,Bioscience or Medical industry's.	9/30/2018 6:30 PM

## Napa County Strategic Plan Survey of Community Members

80	PAY DECENT, LIVING WAGES! CREATE GOOD JOBS! PAY A LIVING WAGE.	9/30/2018 3:34 PM
81	LOWER COMMERCIAL AND RESIDENTIAL RENTS AND RAISE WAGES OF WORKERS!!!	9/30/2018 10:51 AM
82	Support local services and businesses. Make protection of the environment a higher priority than promoting tourism and new wineries. If we destroy the environment we are blessed with, there won't be anything liveable or beautiful to attract new residents, new business.	9/28/2018 10:29 PM
83	By creating awareness and connections of what gov agencies and non profits already have available so we can link together progress can be made - information of actual resources often doesn't make it to the front line caseworker or to the client.	9/28/2018 1:27 PM
84	Bigger investment and support for local and individually own businesses rather than large/outside corporations.	9/28/2018 12:01 PM
85	I think that you have covered them.	9/27/2018 6:25 PM
86	Diversification through more classes and programs such as trade schools. Allow home owners to have BnBs to support their incomes. We need hard policies and to protect our environment. Less vineyard growth and wine bars. Create more places for people to socialize in healthy environments. Public pools, parks, biking, nature walks. Murals art throughout the valley. We have begun the process of some of this and it needs to continue. Less focus of what tourists needs we are saturated with wine bars, hotels and overpriced restaurants! How about organic restaurants.	9/27/2018 3:55 PM
87	No, we need a higher salary to be able to stay in Napa. Our housing is terrible not enough and ridiculous expense.	9/27/2018 3:54 PM
88	Jobs that pay sufficient wages to live in the Napa County	9/27/2018 2:06 PM
89	Agriculture pesticide use and enforcement	9/27/2018 1:50 PM
90	Improve the offerings at NVC for technical training Insist that developers including wineries offer affordable housing rather than pay a fee Encourage the city to include housing opportunities as a part of all downtown projects rather than paying a fee	9/27/2018 9:40 AM
91	Streamlining permits, regulation and compliance. Outreach to business that might be interested in establishing their business in Napa.	9/26/2018 10:06 PM
92	More jobs, more variety, decent wages, clean environments and enforced laws for keeping it clean.	9/26/2018 10:01 PM
93	living wages, more sustainable farming practices, dry farming, revitalize blighted areas, less pesticides and enforcement	9/26/2018 3:38 PM
94	More ROT classes in school that send students out with a job skill.	9/26/2018 3:08 PM
95	All items listed are important.	9/26/2018 1:08 PM
96	tax the vineyards and wineries so that they pay their fair share. use the money for the human services that a decent society would, such as affordable housing and medical care, good after school programs, etc.	9/26/2018 12:06 PM
97	Diversify the economic enthronelement within the county. Expand out of tourism, and recruit other industries.	9/26/2018 11:01 AM
98	I believe that most leaders watch for these opportunities.	9/26/2018 10:46 AM
99	Identifying ways to make jobs diverse, well paying, and enabling people to live here would help with some of the traffic issues. If we have to go out of town for shopping, the taxes go elsewhere and the traffic is bad as well.	9/25/2018 6:57 PM
100	Affordable rents for businesses and families.	9/25/2018 4:47 PM
101	Provide incentives that drive high paying jobs to Napa. Allow homeowners a simple way to use their property to generate additional income (such as Air B&B). This will increase tourism and allow for homeowners to offset the high mortgages. It will allow people who can't afford the high cost of hotels to come stay and enjoy the Napa Valley.	9/25/2018 3:57 PM
102	Jobs that pay sufficient wages for you and your family to live in Napa County	9/25/2018 3:51 PM
103	Tax and property use incentives for non-grape agriculture.	9/25/2018 3:50 PM
104	increase training opportunities	9/25/2018 3:03 PM
105	All	9/25/2018 3:00 PM
106	Prosperous and viable agriculture.	9/25/2018 9:12 AM
107	Reduce traffic on weekends (stop lights on 29 are timed terribly) to support hospitality and wine tasting day trip. Allow wineries to provide food to wine tasters.	9/25/2018 7:44 AM
108	Prosperous and viable agriculture and tourism that doesn't impact traffic	9/25/2018 7:19 AM

## Napa County Strategic Plan Survey of Community Members

109	Stop "Pay to Play" with big corporate donors and respect the rights of your constituent voters	9/25/2018 5:54 AM
110	Diversification; job creation expanded; Ag pesticide use, enforcement, safety; viable Ag, adapt farming methods in presence of climate change.	9/24/2018 11:45 PM
111	NA	9/24/2018 10:58 PM
112	Diversity is key; we can't put all of our eggs in the 'wine tourism' basket and expect that to be successful forever. There needs to be support from the county for the kinds of businesses that serve residents and visitors who aren't wealthy, so that locals can access services and entertainment in Napa County instead of heading to Sonoma County--or elsewhere--to spend their dollars.	9/23/2018 8:14 PM
113	Streamlining permits, regulation and compliance	9/22/2018 9:10 PM
114	Housing shortages govern the affordability. You can't expect businesses to overpay their employees at lower skill jobs just so they can afford to live here. Everyone should be able to live near where they work. I think we could take a lesson from college communities. If you blighted areas, rehabilitate those areas for new, nice truly affordable housing.	9/22/2018 5:08 PM
115	??	9/22/2018 4:36 PM
116	\$15.00 MINIMUM WAGES.	9/22/2018 4:00 PM
117	Unions to ensure jobs with livable wages. Diverse cooperative businesses sought out and supported. Sustainable businesses (e.g., alternative energy and transportation)	9/22/2018 3:58 PM
118	consider industrial expansion. lost many opportunities.	9/22/2018 2:42 PM
119	Support industry and other potential job-producing businesses other than ag-tourism related industry such as software and tech businesses.	9/22/2018 11:58 AM
120	The Napa Valley needs to develop diverse agricultural crops. If something happens to the Grape crops we the Valley will not flourish unless there is other crops or cattle ranches, i.e look at Sonoma County. There is a great need for decent sufficient wages for the middle class residents but that leads to the great need for middle class housing.	9/22/2018 9:50 AM
121	Encourage new business development other than AG and tourism	9/22/2018 7:45 AM
122	We must address climate change now or nothing else matters	9/21/2018 9:47 PM
123	along with increasing wages, provides actual destinations for shopping, eating and entertainment for the 'normal' class ..i've been here for 18 years, it was an issue then, and it's only gotten worse...and I am in the upper 20% ...	9/21/2018 2:57 PM
124	-Prosperous and viable agriculture -Prosperous and viable tourism and hospitality	9/21/2018 10:41 AM
125	Diversify the tax base. Explore better paying jobs and more affordable housing.	9/21/2018 10:31 AM
126	Napa county should support the health and vitality of their population by insuring the wetlands are protected, regulating clear cutting for vineyards, development of more wineries being limited- we cannot continue on this path of viable tourism & hospitality... we are a small valley that needs to focus on nuturing in a healthy way our current agriculture (as well as diversify - however this is practically impossible given the value/expense of land), and restrict further development of our existing monoculture.	9/21/2018 8:11 AM
127	Focus on agriculture. This is Napa's "brand."	9/21/2018 6:18 AM
128	Jobs that pay sufficient wages to live in Napa county.	9/21/2018 5:49 AM
129	Economic vitality for families: affordable places to shop and eat. Downtown has become a place for primarily tourists. Napa must support small business owners.	9/20/2018 9:32 PM
130	Keep permitting strict. Protect natural spaces, and limit new development. Keep Napa wild and free. Support it's community and residents. Don't roll-over to Airbnb or other crappy rental agencies who outcompete hard working residents. A majority of Napa's charm and allure is its quietness... don't turn it into a commercial nightmare! Keep pesticides out. Keep groundwater safe from contamination.	9/20/2018 9:09 PM
131	Pay teachers and professors better. NVC is among the worst on pay and benefits in the CC system. Prioritize conservation. We cannot have unlimited growth.	9/20/2018 8:45 PM
132	Raise minimum wages.	9/20/2018 7:32 PM
133	Revitalization of blighted areas Support healthy and viable agriculture.	9/20/2018 2:17 PM
134	Jobs- higher minimum wage or onsite housing for all new developments Stop ag permits in forested areas including 3 or fewer acre vineyards Demand compliance--hire enough staff to do onsite enforcement of regulations	9/20/2018 2:15 PM
135	Jobs that pay sufficient wages, promote diversification of businesses beyond wineries.	9/20/2018 12:01 PM

## Napa County Strategic Plan Survey of Community Members

136	Raising the minimum wage is good, but could prevent families from accessing/qualifying for much needed safety net programs that are income-based using federal/state poverty guidelines.	9/20/2018 10:09 AM
137	Land development lottery.	9/20/2018 9:20 AM
138	The county should not regulate every aspect of what a property owner can do on their own property. People need the freedom to choose and the freedom to take responsibility.	9/19/2018 11:14 PM
139	(1) Protect agricultural land from development, including preventing: deforestation, pollution of rivers and creeks, and building of new wineries and hotels.	9/19/2018 11:12 PM
140	weight quality of life higher than development	9/19/2018 6:17 PM
141	a livable wage	9/19/2018 2:59 PM
142	Diversification & Development of Ag. business and industry	9/19/2018 1:10 PM
143	Establish minimum wage for hospitality workers which is a living wage in our county. Put a hold on further permitting wineries and event centers until the needs of residents are more in balance with the needs of the hospitality and winery industries.	9/19/2018 11:29 AM
144	To establish a program/protocol/system for all business owners to comply with all permit s regulations and enforce it. To address jobs that pay sufficient wages to afford living in Napa County, establish reasonable and equitable requirements for the different types of businesses generating jobs i.e. nonprofits, small business, hospitality industry, the winery owners.	9/19/2018 11:19 AM
145	County workers can't afford to live here, but when the people who work here don't live here they don't do as good a job. Pay them enough to live here and make it easier to build more dense housing so there's less traffic and more students attending our local schools (which allows our teachers to also have good jobs and live here, attendance is down from all the second homes and airbnb houses that have replaced families in town).	9/18/2018 11:23 AM
146	Diversification and development of agriculture business and industry	9/18/2018 11:12 AM
147	concentrate on tourism and hospitality that focuses on agriculture and winemaking, its local heritage and present day challenges as well as the natural beauty of the valley and less on food pairings and corny "experiences." Disneyland for adults is now operating on steroids in Napa Valley and its sustainability is questionable.	9/17/2018 8:53 PM
148	jobs with sufficient pay	9/17/2018 5:13 PM
149	Support systems for staff jobs, internships (both private and public/municipal), entry-level workers	9/17/2018 5:05 PM
150	Live work in downtown areas and County areas. Development coming in should share in the housing situation, but, not be penalized thru development fees	9/17/2018 4:10 PM
151	all the above	9/17/2018 3:38 PM
152	Current regulatory environment is more than sufficient. Unfortunately, we are in a post-common sense world, so it may be time for less flexibility with variances for development applications and less forgiveness for code violators. Tricky and thankless job for Board and Planning Commission, but I applaud the balanced approach you all have taken.	9/17/2018 3:30 PM
153	Making it easier for smaller businesses and younger folks to start non-wine/food related businesses. Diversity in industries/businesses.	9/17/2018 2:17 PM
154	Control the rising cost of housing on single family homes. Raise property taxes on non-permanent resident so as to slow down the 2nd,3rd, or 4th home purchases by out of towners. This can then be credited back to the local residents with proof of full time residency.	9/17/2018 1:49 PM
155	All of the above	9/17/2018 1:48 PM
156	Jobs that pay sufficient wages for you and your family to live in Napa County •Diversification and development of agriculture, business and industry Prosperous and viable agriculture •Prosperous and viable tourism and hospitality	9/17/2018 10:12 AM
157	napa county should help small business stay open and make the tourism be aware of how and what makes napa. the locals should be encouraged to open businesses to bring in tourism and crate more jobs. Which the Napa county should educate the new business owners to improve equality and more than fair wages.	9/16/2018 10:39 PM
158	Diversification of Napa County's economic base. Move away from single crop/king grape and diversify the portfolio	9/16/2018 5:35 PM
159	Employment opportunities at liveable wage	9/16/2018 4:14 PM
160	Diversify away from dependence on Cabernet Sauvignon and elite tourism.	9/16/2018 12:36 PM
161	New hotels should provide living space for their employees who can't afford to live in Napa. Instead, they must commute and add to greenhouse gases and traffic. Hotels can set aside a floor or build basements, dormitory style, for employees. National Parks do that for their employees.	9/16/2018 12:07 PM

## Napa County Strategic Plan Survey of Community Members

162	More help to small businesses and simplify permitting	9/16/2018 9:20 AM
163	We need a proper hotel/resort in St Helena to keep tourists in town and Main St vibrant and thriving.	9/16/2018 1:35 AM
164	Vocational training for youth. Increase minimum wage.	9/15/2018 10:07 PM
165	Agriculture and tourism are mutually inclusive. Remember that they with hand in hand.	9/15/2018 7:32 PM
166	Establish a livable minimum wage Maintain balance of wine industry and "non tourist" local economy	9/15/2018 5:21 PM
167	All of above	9/15/2018 1:49 PM
168	More pro-active enforcement of county regs. Don't just wait for complaints. The balance has shifted from residents to tourists with many policy decisions. Please restore the balance and work toward a healthier environment. Cancer rates are high. Many of my friends and I have had breast cancer. Something is wrong here.	9/15/2018 12:29 PM
169	Workforce training and employment programs for youth, homeless, and disadvantaged communities. Support for small local businesses.	9/15/2018 12:24 PM
170	all	9/15/2018 12:03 PM
171	Create and enforce a living wage based on Napa County economics and demographics and not the FMLA	9/15/2018 11:38 AM
172	The wine industry, both grape growing,adjunct businesses, and tourism is what sustains the county budget and provides the majority of jobs. But, growth cannot continue at this pace and the traffic we have created is not sustainable. A small scale light rail system with coordinated local vans, Vallejo to Calistoga , creating tax benefits to having wineries, hospital, school, administrative functions to south Napa, AC, Mare Island, encourage working from home where possible.	9/15/2018 11:32 AM
173	Stop growth, ban disease causing pesticides.	9/15/2018 11:30 AM
174	Continue to support agriculture and farmers. Strength the Agricultural Preserve.	9/15/2018 10:54 AM
175	all the above	9/15/2018 9:49 AM
176	Revitalization of run down areas	9/15/2018 9:34 AM
177	Diversification	9/15/2018 8:13 AM
178	The three I think are most important are streamlining permits, regulation and compliance and revitalizing rundown/blighted areas, and sufficient wages. First of all, tourists will want to come back to a place that feels warm and inviting. The rundown areas at the beginning of their visit (specifically south Napa County) need to be improved in order to make a good first impression. Secondly, we lost our house in the Atlas Fire and were able to get our permits in six days due to the fact that we had a VERY knowledgeable person drawing the plans. Two years earlier when we wanted to build a garage, it took 3 months. Our draftsperson looked at the county website and drew the plans to those specifications, only to be told that those had been changed and the website had not been updated. His experience with Napa County frustrated him so much that he refused to work in this area again. Our friends and neighbors are suffering the same fate with their rebuilds. They had to hire out-of-county draftsperson/architects, and they are having to go back and revise many parts of their houses. This prolongs the suffering of their fire loss. We were also lucky that the inspector stopped by to see how things were going because we had 2"x2" washers on our foundation already installed, and he told our builder that they needed to be 3"x3". This was a delay, but due to his vigilance we were able to replace them in a timely manner. I believe the planning ordinances should be streamlined down. Make it easier for the draftspeople, the reviewers and the inspectors to be on the same page. Finally and I believe the most important is providing jobs with a sufficient living wage. Countless friends and family members have to commute from Fairfield and Vacaville. They are professionals not hourly workers and they cannot buy or rent a house in this county. The traffic nightmare would ease or even disappear if Napa County and the City of Napa would provide more low-mid-income housing. When Westwood subdivision is going for \$500,000 and a two bedroom apartment rents for \$2,200, there is and will be a severe housing shortage for our first time homebuyers and young families. NVUSD is suffering a great financial loss due to the lack of affordable housing. Less money means cutbacks which will impact our students' learning. When families are looking to settle down, one thing they look at is the school district. It is time for all county government agencies to step up and start providing affordable housing!	9/15/2018 8:06 AM
179	- Support for small business startup---easier permits, real estate support, etc. Similar to the discussion in St. Helena -- the entry barriers are large. Lower them.	9/15/2018 7:11 AM
180	Infrastructure	9/15/2018 6:56 AM
181	Safe alternatives to driving- bike path from Vallejo to Calistoga please!	9/14/2018 10:21 PM
182	Diversification	9/14/2018 9:54 PM

## Napa County Strategic Plan Survey of Community Members

183	The county has a problem with uncontrolled growth in the tourism industry. All the cities want the income from TOT but do not consider the costs in terms of housing of employees and congestion resulting from the lack of houses. The Ag preserve limits the housing opportunities in Yountville, St. Helena and Calistoga where new hotels are proposed and being built. There needs to be a balance determined and adhered to. Water availability is another critical factor that needs to be considered when approving these projects. The last drought brought that to the foreground but it gets forgotten as soon as it rains. We have finite resources and they must be considered at all times.	9/14/2018 9:27 PM
184	Give incentives to businesses to give priority to locals on job applications.	9/14/2018 9:17 PM
185	Encourage other economic activity beyond agriculture and tourism. San Francisco real estate is ridiculously expensive—why can't companies be incentivized to start here?	9/14/2018 8:36 PM
186	Support a diverse economic base. Require employers to have transportation plans to eliminate single car users. Increase access to NVC for county residents.	9/14/2018 8:33 PM
187	Excessive spraying of vineyards needs to be under scrutiny. Sometimes, we, up on Mt. Veeder, could hear spraying even at 10:30 pm, for hours and hours. Frightening! Some of the regulations for rebuilding after the fire are expensive and insane, such as the \$5,000 application fee for a "new" Certificate of Legal Non-Conformity, and from 5 to \$10,000 to hire a geo engineer to tell us if we can rebuild on land that had buildings on it since 1935. Stupid and costly, when people are left with NOTHING. Things like the old Soscol Café, which has been boarded up for YEARS need to be addressed. The UGLY auto row, which is the main access to Napa. HUGE hotel projects with little parking...what's up with that? If property taxes were lower, perhaps landlords would have incentive for low rents. I HAD them, until we burnt to the ground. Fire Department and CalFire seem to be at odds with each other over trees and so-called "fire roads."	9/14/2018 8:23 PM
188	Keep Napa County agricultural.	9/14/2018 8:14 PM
189	revitalize run down areas pesticide enforcement	9/14/2018 8:08 PM
190	Streamline permit and zoning variances to allow more hotels and hospitality centers.	9/14/2018 7:51 PM
191	All of the above	9/14/2018 7:37 PM
192	Streamline permits so that Napa County no longer has the reputation of being the worst county to do business in, given how hard it is to get permits	9/14/2018 6:52 PM
193	Control sobre la renta	9/14/2018 5:13 PM
194	Need fewer chains stores and fast food especially	9/14/2018 3:34 PM
195	Promote and encourage a better mix of agriculture and other industries. STOP promoting tourism or it will implode on itself. People already go elsewhere because it is toooo crowded and toooo expensive here.	9/14/2018 2:51 PM
196	Immediate quality of public transportation, following functional models of other successfully utilized tourist community solutions, i.e., RAFTA in Roaring Fork Valley, Aspen, Colorado. We don't need to spend high budget essential funds to reinvent the 'local' wheel, but we do need to initiate easy, accessible, free public commuter transport.	9/14/2018 2:27 PM
197	Stop building hotels	9/14/2018 2:05 PM
198	given that most of the job growth is in low skill jobs, minimum wage is a critical factor affecting both housing and traffic. It would be worth reconsidering minimum & living wage at the county level. Growth in tourism needs to be able to support living wage for employees or the county will not share in the prosperity. Agriculture provides open space and rural feel of county and should remain the lead industry. Pesticide use for vineyards is actually fairly low but use should be regulated and enforced. Cannabis will be a different story.	9/14/2018 1:10 PM
199	Too much attention paid to visitors and not enough to needs of workers, ie, housing and wages	9/14/2018 1:09 PM
200	They should support small independent businesses. The developers, wine and tourism industries seem to be doing just fine.	9/14/2018 12:18 PM
201	Diversify industries so there are more opportunities for young professionals in Napa.	9/14/2018 11:24 AM
202	Promote start-ups in NV area to create fresh new ideas that can expand commerce in NV. You can create an incubator here or an "entrepreneur's program", similar to what I did at Microsoft to encourage start-ups in specific geographic areas (feel free to reach out to discuss - Darby Williams - darbywilliams@gmail.com.	9/14/2018 11:17 AM
203	More diverse jobs, as well as higher paying entry level jobs.	9/14/2018 10:46 AM
204	Creating jobs for local people with room to grow and learn, higher wages than minimum wage	9/14/2018 10:40 AM
205	Start making the residents a priority.	9/14/2018 10:22 AM

## Napa County Strategic Plan Survey of Community Members

206	Do not allow ABAG to force more residential development in Napa, try to get industry to provide adequate wages for employees to live in Napa Co.I Discourage new housing to be for non-residents.	9/14/2018 9:48 AM
207	Support viable agriculture with less emphasis on tourism.	9/14/2018 8:34 AM
208	Make downtown for locals too. Not just cater to tourists.	9/13/2018 11:25 PM
209	Desperately need a new Valley Growth Master Plan.	9/13/2018 7:59 PM
210	Not "sufficient", rather, livable wages, diversified agriculture (NOT gift shops and parking lots), no more pesticides in our earth, air, and soil.	9/13/2018 7:37 PM
211	Encourage more diverse agriculture including marijuana	9/13/2018 7:24 PM
212	Diversification of work sectors and development of more jobs with living wages is important. Actions: Attract more diverse sectors of work to Napa County. Provide incentives to hospitality industry to pay living wages. Rent control. More affordable housing projects.	9/13/2018 4:52 PM
213	Promote more technology jobs that allow working remotely. Upgrade infrastructure to allow more residents access to high speed internet connections at competitive costs to supply such a workforce.	9/13/2018 4:40 PM
214	Mas trabajos y mejor salario.	9/13/2018 4:20 PM
215	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa	9/13/2018 2:37 PM
216	There is a difference between run down and blighted areas. Everything doesn't have to look like the riverwalk area.	9/13/2018 1:33 PM
217	Stop being swayed by Big Money. Napa needs to diversify. Being a one-trick pony (wine) is a recipe for disaster, esp with climate change.	9/13/2018 12:35 PM
218	TOURISM IS DOING FINE- TAKING OVER. WE CAN SERVE THEM FOOD AND WINE AND THEY MAKE \$250K A YEAR- FUN, FUN. FIX IT.	9/13/2018 11:46 AM
219	New EDC with Napa City, County and AmCan as primary focus	9/13/2018 11:31 AM
220	Streamlining permitting process for additional affordable housing. Balance between preserving agriculture and encouraging tourism.	9/13/2018 10:20 AM
221	Revitalization of rundown/blighted areas Streamlining permits, regulation and compliance Attract larger businesses and employers	9/13/2018 8:15 AM
222	Use tax revenue to fund programs that create partnerships with employers that incentivize employers to hire workers locally and provide support for those employees as they settle into their new positions. Create a county wide minimum wage	9/13/2018 7:48 AM
223	Jobs	9/13/2018 6:42 AM
224	Don't approve so many hotels and wineries that the workers employed can't afford to live here.	9/12/2018 9:33 PM
225	Clean up blighted areas especially along 29	9/12/2018 9:26 PM
226	Listen to what is really important to what is wanted by the average Napa resident.	9/12/2018 8:47 PM
227	Better balance between tourism and the local community - stop prioritizing tourism and realize that those of us living here are supporting all of the industries.	9/12/2018 7:24 PM
228	Jobs that pay a viable wage	9/12/2018 5:31 PM
229	The area is already economically vital, I am for slower growth.	9/12/2018 5:13 PM
230	Agricultural diversification (food instead of so much alcohol farming), stream flow monitoring and flow criteria, enforce permits and mitigations, protect our watersheds and stop deforestation for more vines that are polluting our water and air adding to climate change problems.	9/12/2018 4:47 PM
231	Focus on support development of new business and agricultural vitality.	9/12/2018 3:15 PM
232	Protect ag land from development--slowly but surely, it's being covered by concrete. Limit job growth (i.e. limit additional wineries & hotels) to reduce labor shortage and reduce competition for established businesses. Develop resort potential of Lake Berryessa.	9/12/2018 3:10 PM
233	Rigorous oversight of all of the above. Dont waste our tax dollars. Communicate with population.	9/12/2018 1:49 PM
234	Jobs that pay sufficient wages	9/12/2018 12:20 PM
235	Foremost, we should streamline the permit process and reduce fees for sewer hook-ups, etc. to increase the number of affordable houses that could be built.	9/12/2018 11:32 AM

## Napa County Strategic Plan Survey of Community Members

236	Napa County has the most advanced methods of dealing with runoff, erosion control, etc...slow down even more strict regulations as it will price out the average property owner and only allow big \$ corporations to develop.	9/12/2018 10:01 AM
237	All of the above	9/12/2018 9:41 AM
238	I believe we should be diversifying ownership of the ag and business industries to assure the best jobs are not consolidated and moved outside of Napa County. Additionally in reviewing the merit of conditional approvals the number of jobs being created above the minimum household income should be considered.	9/12/2018 7:56 AM
239	Attract high technology industries to the business park around the Napa airport, as the county did in the past. Stop so much focus just on tourism.	9/12/2018 6:10 AM
240	Agricultura prospera y viable	9/11/2018 10:53 PM
241	LGBTQ affirming job development Support for LGBTQ Pride month for locals & tourists Year-round LGBTQ visibility and promotion LGBTQ promotion of tourism ("Gay Week"?)	9/11/2018 6:45 PM
242	Jobs that pay sufficient wages.	9/11/2018 5:11 PM
243	Insist on paying a living wage in ALL fields. Enforce poison and pesticide codes and strengthen them.	9/11/2018 4:32 PM
244	jobs that pay sufficient wages and viable tourism and hospitality	9/11/2018 4:04 PM
245	good	9/11/2018 3:51 PM
246	Encourage growth of non-wine based industry as a balancing measure	9/11/2018 3:28 PM
247	We need an innovative, aggressive affordable housing program for working families to be a sustainable economy in the future.	9/11/2018 3:04 PM
248	More focus on local population than on tourism. How to generate tourism revenue without impacting local communities.	9/11/2018 2:37 PM
249	rent freeze and rent stabilization is a clear and preventative measure to end homelessness and end living in crowded spaces. Visible support from our elected people in office. Where are they at? Advocate for the people you represent.	9/11/2018 1:58 PM
250	Follow the example of Marin County - it has no agriculture, no industry and very little tourism, yet it is one of the most prosperous counties in the country.	9/11/2018 1:27 PM
251	More jobs and sufficient wages	9/11/2018 1:08 PM
252	1. Increase minimum wage in Napa. 2. Support affordable childcare and preschool centers and assist with getting qualified childcare providers.	9/11/2018 12:42 PM
253	Encourage small corporations to locate here, diversify economic drivers with low-impact industries like creative and communications fields. Make it easier to have home-based businesses licensed for commercial purposes.	9/11/2018 12:24 PM
254	Agriculture (grapes- wine) should continue to be a main focus for Napa County as we have a unique one of a kind environment as well as a balanced approach to tourism that includes enough hotels and accomodation for visitors but is also balanced by adequate affordable housing for workers. As we've seen recently in St. Helena, businesses have closed as they can't get enough people to work there.	9/11/2018 12:09 PM
255	Develop Cal-green like requirements specifically for vineyards and winery projects. Keep requirements simple and easy to understand, package with amendments to permitting process.	9/11/2018 11:12 AM
256	Start saying yes to new economic opportunities outside of tourism. Allow diverse businesses to come to Napa County in areas appropriately zoned. There is a lot of open space in the airport and industrial areas that should be built out.	9/11/2018 10:49 AM
257	Tratar de crear mas trabajos que no sean de temporada, por ejemplo, las personas que trabajan en el campo tienen que buscar un recurso alternativo porque su trabajo es temporal y eso afecta su economia.	9/11/2018 10:01 AM
258	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de napa	9/11/2018 9:30 AM
259	todo lo anterior	9/11/2018 9:21 AM
260	DEVELOP STRONG ENFORCEMENT TO PROTECT THE COMMUNITY FROM OVER USE OF AGRICULTURAL PESTCIDES	9/11/2018 8:52 AM
261	Sufficient wages to live in NP Co. Diversification and development of ag and Bis.	9/10/2018 4:16 PM
262	Explore ways for developers to alter blighted areas to viable business sectors; revisit the use of a county economic advisory team to assist different businesses in locating to Napa and get s start.	9/10/2018 4:07 PM

## Napa County Strategic Plan Survey of Community Members

263	Enact a minimum wage and provide many housing choices for low- and middle-income workers. Achieve a balance between agriculture and tourism, including a cap on event centers as part of the ag preserve. Pesticide use is an environmental issue; steps should be taken to minimize its use, perhaps with education and reward programs for switching to sustainable farming.	9/10/2018 4:02 PM
264	We need educated and skilled employees in the agriculture labor force. More job "shadowing" between Grape Growers, Vintners Association, Napa Valley College and through incentive of a County Program for underserved people. People that are re-building (due to wildfires) need their reviews to occur quickly. Those folks are suffering and time delays hurt our local economy ... I hear too much red-tape and people are moving out of the state.	9/10/2018 3:50 PM
265	Continue with tourism. Ask for donations to improve blighted areas. Keep government interference to a low. Entice businesses to area by lowering taxes.	9/10/2018 3:37 PM
266	You support the idea of more tourists, but seem to make as many roadblocks as possible for those that deal with them.	9/10/2018 3:28 PM
267	Increase employee housing and reduce traffic congestion. We need employees for our businesses but we need fewer of them on the road.	9/10/2018 3:15 PM
268	Better paying jobs for farmworkers; prosperous and viable agriculture including diversifying crops including marijuana	9/10/2018 1:53 PM
269	Jobs with sufficient wages, affordable housing and the prevention of 100 year flood damage.	9/10/2018 1:47 PM
270	Partner with Napa College to incubate new businesses.	9/10/2018 1:46 PM
271	Capping utility costs in the upper valley.	9/10/2018 1:41 PM
272	diversify businesses - too much hotel, wine, and tourism. no downtown grocery	9/10/2018 1:36 PM
273	Wages need to match what the high cost of living is in the County	9/10/2018 1:35 PM
274	Creating businesses that don't just cater to one specific group (well-to-do wine country tourists), but to those groups of lower-income or interests other than wine tasting.	9/10/2018 1:17 PM
275	Keeping town center as a hub of local services with locally owned businesses.	9/10/2018 1:10 PM
276	Stop any funding you provide to attract tourists. The last thing we need is more tourists. Environmental protection always trumps development.	9/10/2018 1:00 PM
277	There is too much focus on ECONOMIC vitality, to the detriment of our small city quality of life. Growth is not always good.	9/10/2018 12:27 PM
278	mass transit	9/10/2018 11:49 AM
279	Jobs that pay.	9/10/2018 11:46 AM
280	Cut regulation on wine production and visitor industry in all its forms. You impede growth with oppressive regulations and FEES.	9/9/2018 8:13 PM
281	Require wineries and hotels to contribute more to House their employees. Stop building more hotels. Require existing low wage employers to assist in housing their employees.	9/9/2018 6:07 PM
282	control rampant winery increase and tasting rooms so as to preserve both the rural and urban environment.	9/9/2018 4:58 PM
283	More affordable everything - people are priced out of the area due to low wages and high prices	9/9/2018 4:27 PM
284	Ensure safety of ag pesticide use. Diversification of Ag taking climate change into account.	9/9/2018 11:59 AM
285	We don't need more vineyards...or tourists. And of all things, we don't need pot farms. Law enforcement has its hands full already.	9/9/2018 11:53 AM
286	Jobs that pay sufficient wages.	9/9/2018 11:19 AM
287	Make it all happen	9/9/2018 10:07 AM
288	Continue to promote the Napa Valley, but do it with less elitiness.	9/8/2018 8:07 AM
289	Why do we have to have economic vitality? Why not work somewhere else and live in a quiet Napa county?	9/7/2018 9:26 PM
290	Having open and honest conversations about this throughout the County. This would include board of supervisors, city council members, environmentalists etc.	9/7/2018 3:31 PM
291	Jobs that pay sufficient wages for you and your family to live in Napa County	9/7/2018 2:27 PM
292	Waive the requirement to have an on-site winery in order to have a tasting room. Make life easier for small businesses.	9/7/2018 1:31 PM
293	Allowing appropriate market housing to be built (multi story apartments)	9/7/2018 12:43 PM

## Napa County Strategic Plan Survey of Community Members

294	Jobs that pay sufficient wages so that those individuals who work in Napa, can live in Napa.	9/7/2018 11:23 AM
295	jobs that pay sufficient wages	9/7/2018 11:06 AM
296	Raising the minimum wage to allow for low-income, hard-working families access to a better quality of life in Napa.	9/7/2018 10:01 AM
297	Monitoreo de como trabaja las diferentes areas.	9/7/2018 9:08 AM
298	There needs to jobs that are accessible for entry level because higher paying jobs always require experience. Also, letting the public know of pesticides used for our own acknowledgment and safety.	9/7/2018 9:01 AM
299	Making opportunities for those who are teens, or attend community college. Students in CC need job experience, not by working in the service industry, but in the county, law firms, and local organizations. Promote our local students by implementing great paying internship programs that will help them pursue jobs that will better Napa.	9/7/2018 8:17 AM
300	First and foremost, priority must be given to the vitality and health of Earth's natural systems upon which our existence depends. Economic vitality will not be sustainable if natural systems are increasingly harmed. Only those projects that remediate harm from human activity must be approved and permitted.	9/6/2018 10:50 PM
301	Consider taxing corporations, especially national/international corporations with holdings in the valley. Minimum wage standard so workers can live here. "Public" transportation for workers, not tourists, to get to and from their jobs up-valley.	9/6/2018 4:32 PM
302	Diversifying our economy	9/6/2018 3:30 PM
303	All of the above, but starting out by sufficient wages for locals working in the agriculture and hospitality industries.	9/6/2018 2:24 PM
304	Incentives to increase the minimum wage. Provide more affordable housing and not just to the Latino population.	9/6/2018 1:47 PM
305	Make sure County permitting processes are logical, fact based and fair.	9/6/2018 1:31 PM
306	I believe the key to our economic vitality will continue to be the success of the local wine industry, but it's success needs to be in harmony with the overall community. Rules should be followed and enforced. Best environmental practices continue to be implemented, etc.	9/6/2018 11:48 AM
307	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa.	9/6/2018 11:07 AM
308	increase wages, specially in the non-profit sector	9/6/2018 10:13 AM
309	All of the above.	9/6/2018 9:41 AM
310	Focus resources on promoting agriculture and not tourism and congestion	9/6/2018 9:06 AM
311	Recognize the reality of our agricultural economy and its reliance on tourism. Ag without tourism in Napa = a stagnant economy.	9/6/2018 8:54 AM
312	Use permits and/or surcharges in the City and County should require businesses to not just profit but help with the housing and traffic issues. Business should not be prioritized above our natural resources. The County should support economic vitality, but not at the cost of quality of life.	9/6/2018 8:45 AM
313	Living cost in Napa County keep increasing and wages don't. It is becoming more difficult for the working professional to live in Napa.	9/6/2018 8:40 AM
314	Encourage or allow diversity in the type of jobs, businesses, and organizations in Napa.	9/6/2018 8:38 AM
315	simplify permitting processes and allow the market to dictate wages	9/6/2018 8:03 AM
316	focus on tourism and hospitality	9/6/2018 6:23 AM
317	more work shops at local ranches	9/5/2018 6:59 PM
318	Online permit issuance so we don't have to go to the County Offices	9/5/2018 6:03 PM

## Napa County Strategic Plan Survey of Community Members

319	1. Adjust thresholds for the Use Permit Modification process. The current planning department process is broken and is nearly impossible and unsustainable for businesses to comply with the strict rules and regulations. 2. The relationship between planning department staff and applicants has become adversarial. Government should be helping businesses find ways to comply with rules and regulations and to encourage growth and prosperity. There seems to be an anti-winery, anti-vineyard element at the staff level where applicants are forced to reduce the size of projects and are burdened with more and more regulations. The costs of compliance and length of time to completion on permitting is absurd. Only the very rich and the very large corporations can play the game. The little guy has no chance. 3. The County talks about compliance and that is important. We need to obey the rules. But many of the rules are wrong and unfair. Why can one winery see 500 people a day, and another is only allowed 10? The whole visitation capacity policy is wrong and unfair. Visitation should be based on infrastructure capacity, such as water, waste water, fire and life safety and road capacity. Why are businesses limited to the number of employees? It makes no sense. I don't know of any other industry that is as regulated as the wine industry. We are regulated by how much wine we can make, how many customers we can have, the # of events, # of employees, hours of operation, gallons of water use, gallons of effluent, types of products we can sell in our tasting rooms and on and on. Our current model is unsustainable; something needs to change.	9/5/2018 5:25 PM
320	Streamlining permits, regulation and compliance so that an individual can navigate the permit process WITHOUT hiring a lawyer or consultant.	9/5/2018 4:44 PM
321	living wage orders; affordable housing	9/5/2018 4:36 PM
322	Diversify the economy. Young people who leave for college and graduate school rarely come back to live (even when they would want to) because there are very few professional career options outside of agriculture and hospitality.	9/5/2018 4:02 PM
323	Diversification is important. Most tourism and hospitality jobs pay at a low rate, so these employees cannot afford to live in our community. We need to make those who create these jobs responsible for some of the ill effects of traffic and housing.	9/5/2018 3:59 PM
324	We already have economic vitality.	9/5/2018 2:48 PM
325	Help build roots by bringing house prices affordable.	9/5/2018 2:12 PM
326	Jobs that pay sufficient wages for you and your family to live in Napa County	9/5/2018 1:46 PM
327	Jobs that pay sufficient wages for you and your family to live in Napa County	9/5/2018 12:42 PM
328	protect our shared water resource at all cost	9/5/2018 12:40 PM
329	Economic diversification and balance: education to support jobs in emerging and expanding industries.	9/5/2018 12:20 PM
330	Ajustar el salario minimo de acuerdo al costo de vida	9/5/2018 11:39 AM
331	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa \ n	9/5/2018 11:37 AM
332	Trabajos que pagan salarios suficientes para que usted y su familia puedan vivir en el condado de Napa \ n	9/5/2018 10:57 AM
333	STOP CATERING TO THE TOURIST! We cannot sustain the growth in hotels with housing for the workforce needed.	9/5/2018 10:56 AM
334	I believe Napa County should focus on the jobs that pay sufficient wages for families to afford living in this county. Many residents are moving away because of how expensive it is.	9/5/2018 10:27 AM
335	Prosperous, Viable Agriculture.	9/5/2018 10:20 AM
336	Develop with the Growers a cost effective alternative to Roundup (weed control) before it is forced on the County/Wine Industry via law suits.	9/5/2018 9:14 AM
337	Jobs that pay sufficient wages for you and your family to live in Napa County	9/5/2018 8:50 AM
338	There needs to be more job opportunities in Napa because a lot of families have to commute. Not only that, but the jobs in Napa need to pay enough because living in Napa is getting way too expensive, especially for single people.	9/5/2018 8:43 AM
339	Heavy restriction of wineries, including all pesticides and other chemicals used We shouldnt be trading bees for wine, wine is a luxury and in this day and age archaic Also there should be sufficient local workforce housing and community support in town. Buisnesses should be held accountable for taking advantage of desperate people, you obviously shouldnt be a buisness if you must do this We should aim for better tourists, the bobos vs midwestern good ol boys We deserve visitors who who respect our natural splendor and local culture	9/5/2018 8:39 AM
340	Make locals feel valued and see that they are as welcome as tourists. Then they will be more inclined to support economic issues.	9/5/2018 8:13 AM

## Napa County Strategic Plan Survey of Community Members

341	We need to stop the pesticides and poisons used in agriculture in our community. Emphasis on organic weed abatement, etc.	9/4/2018 11:27 PM
342	Adopt living wage and support housing that is affordable and keeps workforce local	9/4/2018 8:34 PM
343	We need to provide more affordable housing options so that people who work here can afford to live here. More apartments, town homes, etc. The wine industry is making millions while the people who do the labor are commuting or barely getting by. Pesticides should be banned and preservation of open green space prioritized in this day and age of climate change. We don't need anymore cabernet vineyards or expensive cabernets to suck away our water.	9/4/2018 7:50 PM
344	Importance of Lake Berryessa	9/4/2018 6:33 PM
345	Streamline agricultural permitting process. Make it easier for farmers to stay on their land. bolster the williamson act with a similar county program. Open up the MST to additional vineyard development.	9/4/2018 5:52 PM
346	As a retired person from elsewhere who has chosen Napa as my retirement site, my concern is for the economic vitality of the Napa workforce. If our workforce is not paid a living wage, is not able to live in close proximity to where they work so as to not add to the terrible traffic, there will be no one to provide services that lead to economic vitality for all.	9/4/2018 5:33 PM
347	Manage/improve the jobs/housing imbalance. Both jobs and housing must be addressed in conjunction with one another. Most service sector employees live in south county or outside the county. Tourism is very important, as is maintaining and preserving agriculture. Housing growth in priority development areas must take place.	9/4/2018 5:19 PM
348	Actively encourage diverse industry. We must have other kinds of well paying jobs other than service level positions. Develop strong systems for processing permits and compliance such that all applicants are handled quickly AND making sure that existing businesses are fully in compliance.	9/4/2018 4:19 PM
349	The county; should take the lead in ensuring that we are all responsible stewards of the future of this community. Finding the right balance between sustainable living, tourism, and agriculture is most critical.	9/4/2018 3:00 PM
350	Jobs that pay sufficient wages	9/4/2018 1:49 PM
351	Be realistic about the connections between a healthy, viable agriculture based economy and tourism.	9/4/2018 1:25 PM
352	A moratorium on hobby/vanity wineries. They utilize needed staff for real businesses and create traffic, expense, and development issues.	9/4/2018 12:18 PM
353	mejoras al salario	9/4/2018 12:00 PM
354	Less regulation to reduce the cost of construction	9/4/2018 11:59 AM
355	Limit the building of new hotels	9/4/2018 11:34 AM
356	Streamline permits & support development of new agricultural acreage. Either reaffirm agriculture as the highest and best use and direct Planning staff to process Erosion Control Plans as if that were true, OR redefine zoning. Most of the undeveloped land in the County is zoned as Agricultural Watershed. Problems keep arising between environmental groups who view that as set aside for watershed (e.g. open space) and developers who see their right to use it for agriculture and put in vineyard. If the zoning was clarified it would solve many conflicts.	9/4/2018 11:15 AM
357	Ensure that tourism/hospitality does not compromise the primacy of agriculture within the unincorporated areas of Napa County by: 1. Limiting the propagation of event/hospitality-centered winery development that is propagating low-paying hospitality jobs in Napa County's unincorporated areas. 2. Achieve a balance between permitted gallonage to the capacity of wine grape production within Napa County, aspiring to the TTB-defined 85% Napa Valley appellation content restriction designed to enhance the integrity and quality of Napa Valley wines 3. Focus the development of tourism/hospitality focused business within the incorporated areas of the County in order to support urban-centered businesses (restaurants/hotels/retail)	9/4/2018 10:22 AM
358	Repair old rundown homes and business. Clear trash and weeds. Make sure pesticides are not getting into our drinking water or air we breathe	9/4/2018 10:12 AM
359	More creative use of existing parcels of land To build housing rather than more hotels More diversity in agriculture rather than the monoculture that is being developed More parks and open spaces Better transportation options	9/4/2018 9:42 AM
360	Wages and affordable housing	9/4/2018 7:20 AM
361	Address the issue of legalized cannabis with regards to retail dispensaries.	9/3/2018 8:36 PM

## Napa County Strategic Plan Survey of Community Members

362	Look at what makes a place great for residents - a truly diverse economy, open space and recreation opportunities. Napa does not need to further develop tourism and ag; it's got more than enough. Industries with smaller footprints like manufacturing, medical, or tech, that can be located in business parks and cities would generate wealth without reducing quality of life for residents, and would make the economy more resilient in economic downturns.	9/3/2018 7:56 PM
363	grow more than grapes for environmental balance & health, use alternative natural pesticides. Limit the deforestation for grapes, plant trees	9/3/2018 5:02 PM
364	Maintain the integrity of the ag preserve, and court a variety of businesses that will provide jobs with a living wage at a variety of skill and education levels.	9/3/2018 3:41 PM
365	Work with the cities and neighboring counties to solve common problems; workforce housing, jobs with livable wage, and transportation. Set measurable goals and evaluate quantitative and qualitative progress.	9/3/2018 2:17 PM
366	Increase minimum wage. Enforce compliance of permits, increase fees for non-compliance.	9/3/2018 2:04 PM
367	A little less emphasis on the tourist and more emphasis on residents. We will soon be a mini S.F. where only the super rich can afford to live.	9/3/2018 11:52 AM
368	Make it possible for more people to live in our county and closer to their place of work (ie, not just housing in Napa for everyone who works upvalley)	9/3/2018 11:40 AM
369	Get creative about mixed use housing. Build green apartments and roof gardens on warehouses in south Napa. Add bike paths. Approve housing instead of hotels.	9/3/2018 9:47 AM
370	Diversification of development, product and people. Sufficient wages for our current rental/home market are not in line with most of our hospitality and ag jobs.	9/3/2018 6:54 AM
371	Many of above are exemplary and can continue to expand positively with expanded infrastructure, tighter compliance.	9/3/2018 3:46 AM
372	development of ag, Not Tourism	9/2/2018 10:39 PM
373	Jobs that pay sufficient wages for you and your family to live in Napa County: More Job training opportunities for High School Grads such as work force readiness, internships, apprenticeship programs in trades,etc. Tourism ranks number one in Napa, over the opportunities for local people. The downtown does not attract the people that live here. I hear this frequently from friends and neighbors that have been in the community for 20, 30 or more years. We feel like we live here when we find one another at the Farmers Market, Porch Fest, or gatherings at the Veterans Park. The rest just doesn't have much appeal to most locals. We don't stay in the fancy hotels, and can't afford to eat in the fancy restaurants. We need more dining options for families that are not fast food. We miss Piccolinos and restaurants of that type.	9/2/2018 7:55 PM
374	Support wineries, vineyards and the people that come to our county to visit them. Increased regulations hurts family businesses and our economy. Are regulations already extremely strict and difficult to comply with.	9/2/2018 4:56 PM
375	County should continue to promote the "right to farm" and alternative transportation methods. Research other ag-tourist communities around the globe that successfully manage their traffic.	9/2/2018 2:17 PM
376	\$15 minimum wage Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
377	Local, affordable housing for local workers. Diversify our agriculture. Stop promoting more tourism. We are already "overtouristed"!	9/2/2018 1:17 PM
378	Limit number of new wineries. Visitors are looking for rural beauty and are seeing urban development in County. More is not always better.	9/2/2018 11:50 AM
379	Higher wages; only a few are benefiting - monopoly of the few corporate wineries; 40 hour work weeks stop giving folks part time work that force them to have multiple jobs to make a decent living; building rents are too high to start up businesses for community oriented services or dining	9/2/2018 11:09 AM
380	I think economic vitality will come when people can afford to live here on a minimum wage salary. There are many hardworking families with dual incomes who move out of Napa because of the lack of availability of affordable housing.	9/2/2018 8:07 AM
381	expedite use of natural/ organic replacements for pesticides; ensure people, pet, and bee safe	9/2/2018 6:54 AM
382	Focus on basic infrastructure issues, clean and secure water supply, stormwater and wastewater management, roads and circulation. Avoid government microregulation and redundancies between regulatory schemes. Set broad policy goals (General Plan) and stick to them. Allow individuals to innovate within the regulatory scheme.	9/2/2018 4:48 AM

## Napa County Strategic Plan Survey of Community Members

383	Most importantly, maintain agriculture as the highest and best use of land in the Ag Preserve. Concentrate future housing and business development in dense city centers, preserving the beauty of Napa Valley. This is why we matter to the outside world, and is a sustainable engine of prosperity for everyone who is lucky enough to call this place home. As such, anything that enhances or makes the beauty of Napa more accessible should also be encouraged. This includes parks and open space, but also agriculture and tourism. I am puzzled by the resistance to responsible vineyard development on the hillsides, as well as the resistance to small tasting centers that bring people, by appointment, into this beautiful landscape, where it can be celebrated, and as a result, preserved. As long as appropriate environmental, visitation, and viewshed concerns are met, why shouldn't we have more hillside agriculture and hillside visitation in Napa? Particularly given our experience with the fires last year, where vineyards proved quite resistant to fire, responsible development on the hillside seems like a step towards greater sustainability, not away from it.	9/1/2018 8:16 PM
384	AS PREVIOUSLY STATED, LIMIT THE FRIGGIN HOTEL DEVELOPMENT AND MC MANSIONS (SECOND HOMES) AND FOCUS ON AFFORDABLE HOUSEING AND TRAFFIC.	9/1/2018 7:16 PM
385	Reduce hospitality industry with low paying jobs and replace it with better paying jobs.	9/1/2018 4:59 PM
386	Higher wages for living in a costly county...increase pay across the board for all businesses here. Re-train older workers that live in Napa County and make it "priority to hire people that live here" put them at the top of the hiring list!	9/1/2018 4:28 PM
387	agencies have better coordination re: permits, regulation; maintain vital infrastructure, try focusing on locals not associated with the wine business	9/1/2018 4:00 PM
388	I see too many hotels in the planning stage. I am also aware the income from this business is a major source of revenue for city/county expenses. WE NEED TO DIVERSIFY. If the vineyards should fail, the tourists will not visit. Consider attracting more industry in south Napa.	9/1/2018 4:00 PM
389	Jobs, pesticide use	9/1/2018 3:32 PM
390	Diversification and development of agriculture, business and industry	9/1/2018 1:18 PM
391	Prosperous ag and tourism is already here. We don't need to focus on it anymore. Focus on the needs of your constituents, not business interests. If "streamlining" permits means making it easier for developers to negatively impact the environment, then focus on preventing that. And yes, focus on ag pesticide use, enforcement and safety. Again, focus on the voters, not the visitors.	9/1/2018 12:25 PM
392	Living wage; diversity of business (mono crop/tourism is risky); sustainable agriculture through environmental protection	9/1/2018 10:35 AM
393	Work with cities to provide more affordable workforce housing	9/1/2018 8:47 AM
394	Build more affordable housing for those working in wine and hospitality industries.	9/1/2018 8:41 AM
395	Streamlining permitting Supporting tourism and hospitality	9/1/2018 8:41 AM
396	Napa is way to heavy handed on the side of viticulture. This has opened the door to large corporations that have bought the smaller locally owned wineries and then you lose vested interest in the community limit jobs to unskilled labor, increase poison by way of pesticides in our watershed, limit re-investment into the community. Diversify businesses in the area! Moratorium on vitaculture!!	9/1/2018 8:31 AM
397	When there are unnecessary regulations, modify or abolish them.	9/1/2018 8:13 AM
398	Code enforcement and no more variances. Tree ordinance to keep our county's beauty. Limit winery visitation...be like the French Laundry. It works in Bordeaux.	9/1/2018 7:40 AM
399	Jobs that pay wages to support the cost of housing	9/1/2018 6:50 AM
400	Diversification and development of agriculture, business and industry	9/1/2018 5:52 AM
401	Education seems to be a key factor. Perhaps vocational training or lower costs of community college would be a good start.	9/1/2018 5:49 AM
402	regard creating a living space in Napa for all people not just the ones who can afford it	8/31/2018 10:48 PM
403	Encourage contributions to government and community services, and volunteering for community services.	8/31/2018 10:26 PM
404	Improve code enforcement and compliance with code audits.	8/31/2018 9:37 PM
405	Jobs that pay sufficient wages	8/31/2018 9:28 PM

## Napa County Strategic Plan Survey of Community Members

406	Moratorium on new hotels. Focus on education systems that prepare folks for living wage jobs. End urban sprawl. Concentric design to all neighborhoods w. Core center commercial development. Low income housing then outer ring more, 3x expenses housing. Each neighborhood with this design Encourages walking n access to essential services n neighborhood jobs. I.e. centralized grocery stores, small hardware, retardants n postal needs banks. Now just randomly sprawled to towns edges. strip mall steers n huge ie Hime, Depot center very pedestrian dangerous n on edge of town. everyone has to drive there n risk lives to attempt walking to variety of stores. At town center focus only on tourism.	8/31/2018 8:19 PM
407	Monitor government spending more closely and put the money where it returns the most benefit.	8/31/2018 6:46 PM
408	Less monoculture and less monoculture to focus on alcohol production	8/31/2018 6:33 PM
409	Best to focus on diversification and development of ag, business, and industry, because that will lead to a stronger economy with better opportunities, wages, and general prosperity, as well as resilience.	8/31/2018 6:24 PM
410	Prosperous agriculture should be supported as the most important factor toward economic vitality.	8/31/2018 5:47 PM
411	Incentives to rebuild downtown and fill empty vacancies, with an eye on not limiting duplication. Napa isn't huge, we only need some many Starbucks, chipolte'e and habit burgers. Maintain Napa's prosperous wine industry, but also the county's rural charm. We can improve (and diversify) what we have without expanding development.	8/31/2018 5:43 PM
412	A curated program of internships for young people to get inside the industry and county government job opportunities, to meet mentors and really see what sorts of activities these industries do, what kinds of jobs are possible in a person's career.	8/31/2018 5:19 PM
413	I work for the state I am not going to get a raise	8/31/2018 4:43 PM
414	Jobs don't need to pay more, we need more affordable housing. If wages go up so will rents, so paying people more is not the solution.	8/31/2018 4:37 PM
415	Begin with Napa County's minimum cost of living wage.	8/31/2018 4:32 PM
416	Jobs that pay sufficient wages to live in NAPA County	8/31/2018 2:47 PM
417	providing job as projects are being completed with jobs to be added to those completed. plant on top of buildings such as veg. fruits to give to the needy, also pots of plants decorative on top of garbage cans reminder to keep clean, exsample in Bursant Gardens in Canada. Beutify for all including tours. alternative pesticides to increase safty for workers thus bringing more jobs	8/31/2018 2:27 PM
418	DIVERSITY! Stop mono-cropping, mono-industrying, and mono-thinking!	8/31/2018 2:21 PM
419	Wages that are sufficient to rent in napa	8/31/2018 2:01 PM
420	Jobs that pay enough that a family can live here, which would reduce traffic/road problems.	8/31/2018 12:30 PM
421	We need the county and business to create jobs that pay adequate salaries in order to live in Napa County.	8/31/2018 12:15 PM
422	The County could require the hospitality industry to pay a living wage and balance the approval of businesses that primarily provide low-wage jobs with businesses that provide a range of wages.	8/31/2018 11:56 AM
423	Increase market for local jobs in food production by increasing County purchase of local food in its procurement policy. Require contractors of County contracts to pay living wages and hire County residents. Invest in workforce proximity housing.	8/31/2018 11:40 AM
424	I feel the key areas to focus on are sufficient wages and revitalizing rundown areas.	8/31/2018 11:40 AM
425	Diversification and development of agriculture, business and industry	8/31/2018 11:32 AM
426	-Convene stakeholders in understanding how important it is to address wages for those who work in hotels, resorts, etc (hospitality sector) as their wages are below standard for Bay Area Cities with similar tourism as Napa County.	8/31/2018 11:25 AM
427	There are too many empty store fronts in the county. We need businesses to fill these.	8/31/2018 11:24 AM
428	Jobs that pay sufficient wages that live in Napa county, so they can afford to live here. Regulation of pesticides on our agriculture.	8/31/2018 11:12 AM
429	Jobs that pay sufficient wages for you and your family to live in Napa County and Diversification and development of agriculture, business and industry.	8/31/2018 11:05 AM
430	Wage regulation and enforcement	8/31/2018 10:58 AM
431	Build more housing.	8/31/2018 10:51 AM
432	Evaluate current policies, determine if changes are required using best science available and if policy changes are necessary, ensure good science is the standard used for the revisions.	8/31/2018 9:24 AM

## Napa County Strategic Plan Survey of Community Members

433	Wage rates and housing. Understanding the positive impact of tourism and hospitality. Revitalization in order to positively impact housing	8/31/2018 8:55 AM
434	tourism	8/31/2018 7:50 AM
435	if your building anything and not paying a living wage or a place to live, check yourself.....	8/31/2018 6:19 AM
436	events to draw in more tourists who will stay a night or two.Events such as more century bike rides,bike races,organize kayak races on the Napa river. More concerts,maybe a triathlon at Berryessa,scavenger hunts at the wineries. You know fun activities where people will want to stay and spend money. This tuff mudder craze has taken hold. Put on one of those. Napa is a tourist destination so crank it up. Fill up these hotels and restaurants.Hold baseball,softball,and soccer tournaments.etc. You can only watch grapes grow for so long.	8/31/2018 1:16 AM
437	there is currently not diversification of agriculture. It's a monoculture that is allowed to plow up the hillsides and destroy habitat and the ture look and feel of the area for greed of a few ag corporations.	8/30/2018 6:46 PM
438	I think it's important to encourage other agriculture besides wine grapes. Napa County is a monoculture, which carries great risks. More diverse business would help also. Another company like Dey Labs would help. Napa has become a tourist based only city, which is fragile.	8/30/2018 5:04 PM
439	I think we are a tourist and agricultural economy. We need to keep it as is. It does not need to grow or it will ruin what we have. Prosperous and SUSTAINABLE TOURISM.	8/30/2018 4:26 PM
440	I believe we should be advocating for health before profits. No streamlining permits and regulations for things that risk the health of the public. Ban glyphosates. Focus on the economic vitality of the low income families FIRST. That increases the net health and makes everyone more prosperous.	8/30/2018 4:19 PM
441	Jobs and housing, definitely. Tourism is great for revenue, but I don't think we need more of it. Napa is a small town, but it doesn't feel like it anymore.	8/30/2018 3:49 PM
442	Streamlining permits, regulation and compliance	8/30/2018 3:18 PM
443	Diversification of economic base would buffer setbacks to the ag and wine industries (and in turn, the hospitality industry) and thus, the County, cities, and community members. That being said, we need a viable ag, winery, hospitality industry to maintain what we have but must recognize when enough is enough. Less homeless, blight, and a chance to live where you work, if citizens are paid a living wage - would result in less demand on social services, improve traffic congestion, work to combat climate change, increase time of parents with children which has a myriad of societal benefits - a few of the benefits. Ensuring regulations are enforced; i.e., compliance of the wine and ag industries with stiff penalties that set an example to others to live within the law. Encourage and eventual require a move away from the use of pesticide, herbicides to reduce the community's exposure AND to eliminate exposure of workers to toxins - this would require more safety training and enforcement now with eventual curtailment of toxins. Move toward sustainable ag.	8/30/2018 2:41 PM
444	Ensure those that are working Full Time are able to find and afford housing. Limit and enforce pesticide use so as not to impact the health of those living here. Allow tourism to continue but it doesn't need to grow.	8/30/2018 2:33 PM
445	Pesticides are huge, we need to dial that back or our healthcare costs will bankrupt the county. We need living wages and training opportunities. Outreach that goes beyond "apply on the website" for good government jobs.	8/30/2018 2:20 PM
446	The county is too reliant on tourist dollars form hospitality and needs more emphasis on bringing in businesses that create higher paying wages.	8/30/2018 1:55 PM
447	Provide more opportunities for people who live here to be a part of the economy, i.e. short term rental permitting, offering experiences out of our homes.	8/30/2018 1:21 PM
448	minimum wage to match cost of living.	8/30/2018 1:03 PM
449	they need to repeal the draconian codes that are stifling growth and development and favor only the large corporations and land owners	8/30/2018 12:50 PM
450	Develop other industries that better support local employment with livable wages especially if the migrant population we rely upon continues to be attacked and deported by this Federal Administration	8/30/2018 12:49 PM
451	Support residents of the County with equal and sufficient wages, and invite restaurants into the county with decent prices so that residents will be able to afford eating out more often with their families.	8/30/2018 12:12 PM
452	The combination of supporting agriculture, tourism along with making sure all revitalization is aesthetically pleasing.	8/30/2018 12:03 PM
453	Living wage jobs Affordable housing	8/30/2018 11:51 AM

## Napa County Strategic Plan Survey of Community Members

454	Raise the minimum wage; put in more protections for lower income workers; support the labor force to be able to LIVE and WORK in Napa County.	8/30/2018 11:44 AM
455	Economic vitality requires environmental vitality, not intensive development	8/30/2018 11:19 AM
456	Provide support and oversight for ag -not more unnecessary regulation. Encourage urban density and housing, including additional affordable housing in all communities.	8/30/2018 11:17 AM
457	support the wine and tourism industry	8/30/2018 10:54 AM
458	Provided affordable housing for families/employees to live locally as commuting is a big problem for flow in and out of Napa.	8/30/2018 10:46 AM
459	Ensuring fair wages and affordable housing to enable workers to live in Napa County	8/30/2018 10:34 AM
460	Ease of access to non-wine-related grants, funding or investments for entrepreneurs.	8/30/2018 10:16 AM
461	Keeping the Napa Valley a place that people want to visit, and maintaining our wine growing region as one of the top regions in the world. Not planting more vineyards and bad traffic will only hurt us moving forward--	8/30/2018 9:45 AM
462	Work with rather than against the community: Planning and Development need to be more cooperative and less vindictive. The staff act as if they have a personal vendetta against the citizens. Code restrictions are excessive and illogical. Privacy as it relates to land ownership is totally disregarded.	8/30/2018 8:52 AM
463	Affordable housing	8/30/2018 8:32 AM
464	Quit developing businesses that are already in areas of very heavy traffic like near end of Trancas before highway 29.	8/30/2018 7:05 AM
465	The most important thing is jobs must pay a living wage comparable to Napa Valley not Tennessee like Duffy's in Calistoga. Those folks are paid at poverty level and the firm thinks nothing of it. This must be stopped.	8/30/2018 3:37 AM
466	Stop the abuse of pesticides and roundup use in the vineyards and misuse of products in the industry that are putting us in danger. Legalize recreational marijuana in both city and county for personal and commercial.	8/29/2018 10:12 PM
467	Jobs with living wages; diversification; revitalization.	8/29/2018 10:08 PM
468	This count is dominated by the wine industry, close to mon-culture. Therefor it must be managed to be viable, but yet there is great need for diversion so that no all our eggs are in one basket. Revitalization should provide for housing for all, which helps make it easier to afford. Streamlining permits, regs will hopefully reduce cost. Smart enforcement will ensure a safe water, environment, viable agriculture & hospitality leading to economic vitality.	8/29/2018 9:47 PM
469	Develop economically attainable housing. Leverage dollars using business investment in such housing.	8/29/2018 9:29 PM
470	We already have ENOUGH hotel rooms. Bring in stores for LOCALS.	8/29/2018 9:25 PM
471	Prosperous and viable tourism and hospitality	8/29/2018 9:08 PM
472	Stop building hotels and get rid of illegals	8/29/2018 8:41 PM
473	Attract business that locals can afford, and will be willing to work at and get a decent wage.	8/29/2018 8:19 PM
474	More diversity... you can't sink everything into wine and grapes. It's asking for disaster.	8/29/2018 8:09 PM
475	Focus on adequately overseeing and supporting the wine-related businesses we have today, rather than constantly adding new vineyards, wineries and hospitality we're poorly positioned to support -- and that damage the environment. Look for new industries and businesses that compliment the current businesses -- and create better paying jobs and a hedge against downturns in the wine/tourism industries.	8/29/2018 7:04 PM
476	Priorities to wine-related businesses should change. Support various other green businesses and encourage all county employees to enforce laws and requirements equally.	8/29/2018 6:55 PM
477	More support for agriculture from County government	8/29/2018 6:50 PM
478	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
479	Emphasis on AG not Wineries. They are not the same.	8/29/2018 6:20 PM
480	Diversify agriculture. Get something, ANYTHING, other more vineyards.	8/29/2018 6:14 PM

## Napa County Strategic Plan Survey of Community Members

481	gather information on wages from all businesses and positions; develop a wage recommendation for businesses to follow/strive for. remember that small businesses have a harder time making large leaps (yes, I own one) but we are moving in the correct direction. It would be helpful to know what other businesses are paying for positions in similar positions to remain competitive and fair. hard to trust info on wages from internet as each city is different in terms of a "livable wage".	8/29/2018 6:09 PM
482	Diversificacion y desarrollo de negocios e industria que no necesariamente esta enfocada en el turismo. Clases para mantener sus finanzas en orden para la comunidad y como ahorrar y diversificar sus ahorros (para adultos y jovenes).	8/29/2018 5:59 PM
483	Assuming continued support for agriculture/wine as the highest and best use of Napa's arable land, adapt county policies to changes in the wine market such as increasing reliance on marketing (NOT "event centers") and direct-to-consumer channel for sales. Enforce rules against those who push the envelope.	8/29/2018 5:16 PM
484	Increase minimum wage, promote small family farms and agrotourism	8/29/2018 5:04 PM
485	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
486	Work collaboratively with cities of Napa and American Canyon to recruit diverse and viable businesses to the corporate parks; identify ways to incentivize	8/29/2018 4:03 PM
487	Rent control. More housing. Prevention of wine industry people in most political posts. Determine real cost to environment by winery development unchecked. Address poverty level of so many. Control or transparency in political donations to Supervisors.	8/29/2018 4:03 PM
488	Annual plan that addresses long term viability. What needs to happen each year so that periodic large expenditures are not needed or minimized.	8/29/2018 3:58 PM
489	Jobs that pay sufficient wages for you and your family to live in Napa County	8/29/2018 3:56 PM
490	Put less emphasis on everything being high end. Somehow keep the rents at a level that small businesses can compete and succeed when they are leasing a space. Regulate and enforce pesticide use through spot checks on agriculture, just like you do with the Health department and restaurants. It seems to me that there has been plenty of development of agriculture with the number of vineyards and wineries that have been started.	8/29/2018 3:54 PM
491	Complete the development of Napa Pipe	8/29/2018 3:44 PM
492	Lobbying the US government to reform wine shipping laws across the country, for wineries and retailers. It is easier to ship a case of wine to Hong Kong than to Oregon and there is all kinds of chatter that FedEx and UPS want out of wine shipping altogether. What would happen to his valley if DTC wine shipping became harder in the US over the next 3 years? Open up those closed states and that will boost dollars right into this valley. Someone has to take on that project and fight.	8/29/2018 3:22 PM
493	Provide incentives for tech and other non-wine/ag/food businesses to locate here and create jobs Take care not to kill the golden goose by letting traffic and over-development run amok	8/29/2018 3:18 PM
494	Prosperous and viable agriculture	8/29/2018 3:13 PM
495	Support entrepreneurship and light manufacturing.	8/29/2018 3:04 PM
496	Adjust the wage cap for Single Men and Woman who work in the County/City to receive down payment assistance. The current wage ceiling isn't sufficient enough to purchase a home anyways. If a young professional has the means/desire to live and work in the County/City he works for, then by all means create and pass the incentive to make that a reality. A young professional who is single shouldn't be denied down payment assistance because he makes more than the current cap. The goal of that program is for he/she wants to live in the Community he/she works for. (Referring to the Proximity Housing Program)	8/29/2018 2:59 PM
497	nothing to add	8/29/2018 2:56 PM
498	Companies of a certain size should be required to pay a living wage.	8/29/2018 1:41 PM
499	I don't know!	8/29/2018 1:09 PM
500	Diversification and development of agriculture, business and industry	8/29/2018 12:37 PM
501	-Jobs that pay sufficient wages for you and your family to live in Napa County -Diversification and development of agriculture, business and industry -Revitalization of rundown/blighted areas--such as putting sidewalks in Phillips/Imola Corridor or Westwood.	8/29/2018 12:26 PM
502	Create a "compassion tax" for families who reside in Napa County and have over \$2M in assets that funds a subsidy for low wage earners to afford housing that meets the needs of their family.	8/29/2018 12:22 PM
503	Back to basics. Work towards bringing back affordable housing...for middle class residents...no handouts, just taking care of the real heart of the community...not tourists, and the rich. No more hotels, over priced stores and restaurants...need good, viable choices. It is ridiculous.	8/29/2018 11:53 AM

## Napa County Strategic Plan Survey of Community Members

504	Job training. We do not have a big enough job pool. Affordable housing	8/29/2018 11:02 AM
505	Need to pave sidewalks in American Canyon. Pedestrians are forced to walk in the streets due to the lack of them.	8/29/2018 11:02 AM
506	more jobs if you chose not to work why should those that are working have to pay for your care, food and housing	8/29/2018 10:49 AM
507	Establish living wage.	8/29/2018 10:45 AM
508	Streamlining permits, regulation and compliance	8/29/2018 10:37 AM
509	Jobs that pay sufficient wages to support a family should not include \$15 hour for fast workers, this is a stepping stone job for a teenager not a career choice to raise a family on	8/29/2018 10:26 AM
510	Incentives to businesses that support economic vitality	8/29/2018 10:19 AM
511	Jobs that pay sufficient wages. Even County employees can not afford to move into Napa County due to the wage housing imbalance. This combined "low" wages and very high cost of housing is at the center of many county problems. Traffic is directly impacted by this issue. We do not have enough people farming food in our county. This is due to cost of land, lack of information and support for prospective farmers. We need to help this issue. Estimates show that a person needs to make a minimum of \$53.53 an hour, working full time, to afford living in Napa. There are not many positions that pay this in Napa County.	8/29/2018 10:15 AM
512	The economic vitality of our cities are being threatened by the increase of commercial activities on Ag lands. Stop approving full meal service at wineries.	8/29/2018 10:07 AM
513	improving housing options	8/29/2018 9:53 AM
514	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
515	I think Napa should provide programs to support the upward mobility of marginalized populations. We have a large majority of white people in upper management positions across all industries and need to work harder to open the field to bright young Napers who do not benefit from white privilege.	8/29/2018 9:18 AM
516	Promote tourism and continue efforts to make the area more desirable as a destination.	8/29/2018 8:52 AM
517	Allowing more non-viticulture agriculture	8/29/2018 8:46 AM
518	I think that the tourism industry is doing just fine. Please focus on the residents.	8/29/2018 8:45 AM
519	Responsible growth of diversified business types and housing in urban walkable centers - job creation and active downtowns.	8/29/2018 8:24 AM
520	Streamlining permits, diverse agriculture, more businesses in south county and industrial park.	8/29/2018 8:15 AM
521	Continue to develop the Downtown Napa area... there has been so much improvement over the last few years. Encourage more retail and restaurant to enter that area. Really feels different with the addition of that new hotel.	8/29/2018 8:07 AM
522	Streamlining permits, etc.	8/29/2018 8:03 AM
523	Not a primary function of government.	8/29/2018 6:18 AM
524	Revitalization of rundown/blighted areas	8/29/2018 5:37 AM
525	Diversification is the biggest issue. Wine and tourism are "trendy" and subject to rapid change if there is a recession, a crop disease, competition from other locales or differently ways of spending discretionary income.	8/29/2018 5:19 AM
526	Job creation outside of the wine industry. People commute out of Napa for employment. Lost tax revenue for the city of Napa.	8/29/2018 4:53 AM
527	Cut down the role of government.	8/29/2018 4:36 AM
528	Nothing. Allow the free market to work. Cease allowing clear cutting and favoring ag over other industries and over communities.	8/28/2018 11:50 PM

## Napa County Strategic Plan Survey of Community Members

529	Woo private tech businesses. If Amazon can get cities to write proposals to be the location for their new headquarters then write a proposal(s) to woo other companies-like a dating profile website for match making between Napa and companies of a certain profile that meet first two goals above. Wine Agriculture and tourism and hospitality is already prosperous and viable because of scarcity of available land. consistently require compliance and take a hardline stance with permits and regulation of all wineries and winery businesses. Require tasting rooms to be in town. Most of these jobs don't provide livable wages so stop expanding them. Offer rundown and blighted areas to tech businesses as part of proposals to woo them above. If the neighbors of vineyards are educated on the toxicity of pesticides, what the regulations are and are given a hotline number to report perceived violations this may be helpful. Make all violations of pesticide use public like restaurant inspections and grades were made public a few years back. I know companies don't want tourists to know of their bad agribusiness practices so make it all public. Put it on a public website as well as newspaper (that fewer and fewer people read).	8/28/2018 11:33 PM
530	Establish a living wage for the county	8/28/2018 10:45 PM
531	Positive marketing What this survey is doing is getting me involved and I feel important enough to participate. Keep up the great work.	8/28/2018 10:44 PM
532	Carve-out special provisions for small family and craft grapegrowers/winemakers	8/28/2018 10:37 PM
533	Continue to revitalize the area (not just downtown) and support local businesses while encouraging new ones to develop by lowering rents and offering business building services along with job & management training opportunities to low-income individuals.	8/28/2018 10:33 PM
534	Affordable housing should be built in areas that perhaps have been blighted, to kill two birds with one stone. Affordable housing would help the tourism and hospitality business in the county. The wine industry can take care of itself, as witnessed with their strong defeat of Measure C. I'm in the wine business, but I don't like the \$ and influence they hold over our government. It's all corporate now, and not small time farmers like Joe Heitz or Louie Martini.	8/28/2018 10:22 PM
535	Streamline	8/28/2018 10:16 PM
536	Diversification, so we do not depend only on one area.	8/28/2018 10:06 PM
537	Support and approve well thought-out housing projects within city limits. There are vacant and run-down lots throughout the city that should be put to beneficial use. The cost of living is too high in our County, and forces people to live in neighboring counties, putting excessive traffic pressure on our rural roads and contributing to our climate impacts.	8/28/2018 10:04 PM
538	Hold to the commitment of raising the minimum wage progressively over the next few years. Stop the dangerous pesticide use that is causing an extreme high level in cancer in Napa.	8/28/2018 9:52 PM
539	continue to assist wineries, but don't let them run the show. They need to be regulated	8/28/2018 9:26 PM
540	Build affordable housing	8/28/2018 9:19 PM
541	Higher minimum wage and higher pay so people can afford to live here. Create more low income housing.	8/28/2018 9:17 PM
542	Diversification and development of agriculture, business and industry	8/28/2018 9:09 PM
543	Reduce and streamline existing regulations on vineyards, wineries, and other businesses so that Napa County can continue to be the top wine growing region in the United States, if not the world.	8/28/2018 9:05 PM
544	Revitalization of rundown/blighted areas. Also, I have serious concerns about use of pesticides and enforcement.	8/28/2018 8:55 PM
545	jobs and housing for low wage workers.	8/28/2018 8:46 PM
546	Buy, repair, and rent out abandoned houses (there are many in my Old Town neighborhood).	8/28/2018 8:46 PM
547	It is increasingly difficult for wage earners to live in the county. An important issue and I have no idea how to address it.	8/28/2018 8:46 PM
548	Incentives for retaining and attracting diverse, living wage jobs; retain and restore open spaces and working agriculture/forests in sustainable ways; and arts and cultural events that are affordable for all. We appreciate the many free events downtown Napa, so how about expanding arts/culture/entertainment/farmers markets to other neighborhoods so we get to know our neighbors across the county?	8/28/2018 8:46 PM
549	Diversification and development of agriculture, business and industry. Need to develop Napa County Airport with non-ag/hospitality jobs.	8/28/2018 8:32 PM
550	Jobs are a huge thing, but it's not just the jobs. The cost of goods and services needs to be reasonable for those of us who actually live here, not just for those that are here to see our beautiful valley.	8/28/2018 8:27 PM

## Napa County Strategic Plan Survey of Community Members

551	Perhaps supporting schools to bring back or develop for skills and abilities for vocational trades. We need carpenters, plumbers, electricians that can support their families but not be st s cost to the consumer that makes rendering services impossible due to high cost.	8/28/2018 8:17 PM
552	Sufficient wages for people to live and work in town.	8/28/2018 8:06 PM
553	help build a good affordable public transportation system	8/28/2018 7:58 PM
554	Jobs that pay living wage need housing to keep money in the community. Upgrade skills of city employees to match the current demand, ie, better trained code enforcement and city services. Calistoga is way out of balance. Tourism needs a back up plan for income, ie the fires have kept people from coming. Create housing opportunities within existing homes, granny units or splitting giant houses with one occupant. I would rather see grant money create housing with in the existing foot print. Agriculture needs diversity in crops. Crop rotation and sustainable farming needs expansion.	8/28/2018 7:48 PM
555	If we destroy our hillsides, water resources and other environmental resources we will not have to worry about prosperous agriculture and tourism. We all better wake up and understand that decisions being made today will determine the vitality of our valley in the future. We have a fine line between maintaining our prosperity or becoming a Modesto.	8/28/2018 7:29 PM
556	Diversify employment offerings by promoting more manufacturing / e-businesses.	8/28/2018 7:21 PM
557	affordable housing higher minimum wage	8/28/2018 7:06 PM
558	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
559	Continue to develop wine business	8/28/2018 6:50 PM
560	Development plans that support affordable housing, as well as preventing inflation in the housing market so wages can buy shelter.	8/28/2018 6:46 PM
561	The pay is rate of jobs is not aligned with the cost of living nor housing in napa.	8/28/2018 6:43 PM
562	A variety of different types of businesses, which pay a livable wage	8/28/2018 6:42 PM
563	Agricultural pesticide use, enforcement and safety	8/28/2018 6:38 PM
564	Adoption of Living Wage	8/28/2018 6:03 PM
565	The Napa Valley already has a viable agricultural industry within our wine industry, the priority should be on offering higher pay for the workers to be able to live in the Napa community where they work. Many wine industry workers can't afford Napa Valley rent or have no option for living in the community they work because the housing is too overpriced and there's the vacancy rate for tenant housing which has dropped to 1 percent, according to the results of a city survey of housing complexes last month from July 2018 survey results by contacting apartment leasing managers and leasing agents. Napa apartments available to rent have become even rarer which is a huge problem for community being that there's over 500+ wineries in the valley now!	8/28/2018 6:00 PM
566	Emphasis on jobs	8/28/2018 5:57 PM
567	When you note "diversification" and development / ag business and industry..what is intended? The wine industry needs to focus on quality wine production and environmental standards for vineyard management that set a global example for reversing climate change. I am NOT in favor of the wine industry becoming diversified as it has been over the last 8 years with restaurants in wineries and entertainment which has resulted in many wineries becoming bars. We need a wine industry that is wine centric not entertainment centric...and no "wine and weed" please ..what a disaster for marketing and profit and county regulation.	8/28/2018 5:52 PM
568	Tourism has enough going for it - locals need prosperous city and countywide functions; affordable functions, especially for young people - up thru teen years	8/28/2018 5:37 PM
569	Jobs that offer adequate pay to live in the county are important. Tourism and the wine industry have had a very supportive county for a long time, and will continue to thrive without priority focus. What other industries can Napa support that are in alignment with our rural feel?	8/28/2018 5:37 PM
570	Encouragement of citizenry to "go green" in adhering to CA environmental regulations no matter what the federal government does to weaken the national standards.	8/28/2018 5:37 PM
571	Jobs that pay sufficient wages. Right now - the Napa area cannot compete with salaries in the East Bay, San Francisco and Marin. Companies do not compensate equally for the same positions in Napa County as in Marin County or San Francisco. Why?	8/28/2018 5:18 PM
572	traffic concerns	8/28/2018 5:15 PM
573	Restrain tourism and hospitality industry. Refocus downtown on retail and services of use to locals. Better manage traffic, and emphasize clean (avoiding pollution and wastefulness) operation of all agriculture and business, both existing and new.	8/28/2018 5:11 PM

## Napa County Strategic Plan Survey of Community Members

574	Need to streamline permitting processes so that affordable housing can occur. Protect what visitors come to Napa to see the beauty and the agriculture that creates what visitors take away with them. Also making this a more friendly place for locals to spend their cash.	8/28/2018 5:10 PM
575	Living wages are essential and one of the best ways to accomplish this is to welcome unions to our community. Esp in the agricultural and hospitality industries, unions have been strategically opposed. Diversification is also essential. It is, frankly, hypocritical in an agricultural county to promote wine, wineries, wine/liquor bars, etc. while being unwilling to properly regulate and tax cannabis businesses.	8/28/2018 5:06 PM
576	Jobs with a living wage	8/28/2018 5:03 PM
577	Making sure there is a diversity in business types to include small, medium, and large businesses with retail, hospitality, and services all represented. Locally owned businesses should not be priced out of decent retail locations, nor should lower income families be priced out of living here.	8/28/2018 5:02 PM
578	Viable agriculture. Prop C would have eliminated the lower \$ tier operations	8/28/2018 4:59 PM
579	Stop the focus on new wineries and new tourism. If that market diminishes our economy tanks.	8/28/2018 4:58 PM
580	Diversification of employment beyond agriculture and hospitality. Encourage the return of light trade.	8/28/2018 4:50 PM
581	New homeowner buyer assistance programs. Special tax rates or low interest loans for government employees and teachers.	8/28/2018 4:32 PM
582	We need a safe environment first. Then better housing for existing residents and less congested streets/roads.	8/28/2018 4:28 PM
583	Jobs for Napa families and singles that will make living here a continued possibility. Water safety.	8/28/2018 4:26 PM
584	Better quality of daily services for locals and less worry about the tourists. They only stay for a few hours.	8/28/2018 4:26 PM
585	Diversification is important! Living wage related to local housing costs. Impact of second homes on quality of life issues, schools etc.	8/28/2018 4:21 PM
586	#1 for me would be revitalization of rundown areas	8/28/2018 4:20 PM
587	Support diversification of business with favorable tax breaks. Livable wages for workers to be able to live in the area.	8/28/2018 4:20 PM
588	Encourage other businesses than wine bars to open downtown, especially ones that support local craftspeople and entrepreneurs.	8/28/2018 4:17 PM
589	Diversification and development of agriculture, business and industry	8/28/2018 4:15 PM
590	We should have kept our business park for industrial use and not let in a resort (Meritage) nor a housing development (Napa Pipe).	8/28/2018 4:14 PM
591	There are many part of town that are rundown, cracked sidewalks, bad roads and with all the tourism tax revenue, we should be able to fix these things	8/28/2018 4:11 PM
592	Streamline permitting process so people can build what they need. Control zoning to ensure future of agriculture. Allow low income housing in municipalities. We have plenty of tourism and hospitality already.	8/28/2018 4:09 PM
593	We have to balance the tourism and agro-tourism that we all depend on with affordable housing prices. If we don't have police, firefighters, nurses, other hospital staff, and teachers living here, it will be an economic disaster.	8/28/2018 4:06 PM
594	I think you decided that the above things defined economic vitality. I still think that agriculture is the best use of land in Napa County. Streamlining permits and regulation and a prosperous and viable agriculture are the only two things that support that from your list above. Add to the list: the enforcement of Ag Preserve rules and limiting it to serving agriculture, not just tourism.	8/28/2018 4:06 PM
595	Reduce penalties for residential building. Fees imposed by the building department make home prices even further out of reach for buyers and developers alike.	8/28/2018 4:04 PM
596	Jobs and diversification!	8/28/2018 4:01 PM
597	Improved master plan and zoning to support redevelopment	8/28/2018 3:55 PM
598	Jobs that pay sufficient wages for you and your family to live in Napa County; Prosperous and viable agriculture; Revitalization of rundown/blighted areas	8/28/2018 3:53 PM
599	Jobs that pay sufficient wages for you and your family to live in Napa County	8/28/2018 3:53 PM
600	We need to encourage more diversified business opportunities...not just wine and ag.	8/28/2018 3:50 PM
601	Promote workforce training to achieve better knowledge and more professionalism. Promote use of cleaner spray methods in agriculture.	8/28/2018 3:50 PM

## Napa County Strategic Plan Survey of Community Members

602	Develop unused area to make them viable/appealing to businesses. Eg, Costco at Napa Pipe site, getting a new business into the downtown Safeway site, developing the old HHS site.	8/28/2018 3:49 PM
603	Develop industrial spaces within cities; encourage diversity of businesses to set up here; better integration of retail & residential areas to facilitate walking to shops.	8/28/2018 3:47 PM
604	Support locally owned family type business being pushed out by the drive for upscale national chains.	8/28/2018 3:40 PM
605	Maintaining attractive town environments (vibrant cultural, restaurant and shopping) and relevant services to promote tourism. Promoting tourism in national ad campaigns.	8/28/2018 3:40 PM
606	Support local small businesses.	8/28/2018 3:39 PM
607	minimum wage of at least \$14/hr ban Roundup!	8/28/2018 3:35 PM
608	build out county-wide infrastructure that includes jobs/jobs training programs--for example county (in partnership with municipalities) supported public broadband/fiberoptic/internet; solar power for homes; start county business incubator program that draws non-ag, non-tourism businesses here	8/28/2018 3:34 PM
609	Cheap Rent	8/28/2018 3:33 PM
610	Increase wages; prioritize building housing for low income residents; bring back a town center and businesses for locals, not tourists! Use bed tax to improve conditions in Napa, not for bringing in more tourists to our community!	8/28/2018 3:30 PM
611	Institute a liveable minimum wage.	8/28/2018 3:29 PM
612	A downtown friendly/affordable rent for local business (not just chains) to employ local people yet pay a decent wage so could live here. (Very difficult w prices landlords can demand)	8/28/2018 3:28 PM
613	Jobs that pay sufficient wages.	8/28/2018 3:21 PM
614	Address the traffic issues	8/28/2018 3:20 PM
615	Protection of agriculture as the highest and best use of the land. Streamlining of permits to allow projects to get finished.	8/28/2018 3:20 PM
616	disaster sensitivity	8/28/2018 3:06 PM
617	Fix the ingress and egress into and from Napa	8/28/2018 3:06 PM
618	Work to obtain a balance in providing for the needs of tourism and local residents.	8/28/2018 3:04 PM
619	Tourism brings in mostly low wage jobs. Bring in more high paying businesses.	8/28/2018 3:03 PM
620	Encourage other industries besides wine. Stop building \$800k+ houses. Build more affordable housing. Stricter pesticide and polluting laws. Strict laws around owner occupied vs properties bought to be used as vacation/short term rentals.	8/28/2018 2:58 PM
621	We are saturating everything that our town can produce and accomodate. we have to balance our needs and wants our town is small. what we can make or share is good for our self and community. we are moving to fast accepting idea we think is good for our community without the seeing the negativity I'm not saying there is no progress just take everything into consideration. Thank you	8/28/2018 2:53 PM
622	Make sure we have a balance of Agriculture and other businesses.. reduce tourism and hospitality in the ag preserved and watershed. No more food service at wineries.	8/28/2018 2:51 PM
623	Insist that hotel workers and winery workers earn enough to be able to live where they work.	8/28/2018 2:50 PM
624	Jobs that pay sufficient wages for you and your family to live in Napa County	8/28/2018 2:49 PM
625	Embrace additional agriculture products such as Cannabis and establish permits, regulation, compliance and ensure Napa County is ahead of the curve in California as it has done with grapes and wine industry.	8/28/2018 2:44 PM
626	Keep an eye on the separation between the upper and lower income families, the gap is widening. Need more assistance for lower income so they can remain here.	8/28/2018 2:41 PM
627	County should focus on enormous problem of traffic congestion which generates pollution; sucks up productive house spent on the highway; reduces tourism due to the hassle of sitting in traffic. Consider development/installation of light rail system. St. Helena is becoming a "see-through" collection of buildings due to too high rents. The County should be looking at ways to keep their cities populated with successful retail. Review policy of visitation to small custom crush producers home properties. DTC business is the life blood for many small producers	8/28/2018 2:40 PM
628	Encourage the creation of jobs that pay sufficient wages for all classes to live in Napa County not just the well-off and/or retired (like us).	8/28/2018 2:38 PM
629	No realizar cultivos de marihuana parar de seguir aumentado la renta	8/28/2018 2:35 PM

## Napa County Strategic Plan Survey of Community Members

630	Less governmental regulation	8/28/2018 2:31 PM
631	Healthy diversification- wine industry is dated and soon to be untenable	8/28/2018 2:31 PM
632	Make sure that all jobs in Napa are paid at the correct rate. Fine builders (and other employers) for undercutting construction (and other jobs) and compensate the workers correctly.	8/28/2018 2:27 PM
633	Minimum wage should be increased to \$20/hour for all Napa county businesses with more than 10 employees.	8/28/2018 2:24 PM
634	Prosperous agriculture and hospitality industry along with reducing carbon footprint of the whole county	8/28/2018 2:24 PM
635	The locals are treated as second class citizens with the tourists taking top spots. This needs to be equalized.	8/28/2018 2:22 PM
636	Next to water the second most important issue to insure economic vitality is enough labor. Wages would come under this. Why not make all of Napa Valley Organic	8/28/2018 2:20 PM
637	For a prosperous and viable tourism industry, we need an area that is appealing to tourists. The overbuilding that has occurred has made it unpleasant for everyone, including tourists, to visit Napa Valley. Step 1: A prohibition on further development for any winery, vineyard, and hotel for at least the next 5 years until we as a whole (all residents of the County) have had a chance to think about and plan for our future. The unbridled growth that has occurred is destroying everything that is appealing about the Napa Valley. The County DOES NOT need to streamline winery/vineyard permitting; it needs to make it a lot more difficult to obtain a permit. The County would only benefit if there was a complete moratorium on new winery, vineyard, and hotel construction. Permits should control growth, not encourage it. Permits for other (non-wine/tourism) activities could potentially be streamlined. Step 2: Stop issuing permits for new wineries, vineyards, and hotels; streamline permitting for other uses that help diversify our economic base and that are not environmentally damaging (do not permit resource-extractive uses such as quarries). Step 3: Enforce existing permits to create a level playing field for all permittees - stop rewarding bad actors by granting variances all the time (when violators are even identified). Triple or quadruple permit enforcement staff so that each winery/business subject to a permit is inspected at least every 3 years, instead of every 10 years as is the case now. Every 2 years would be better. Step 4: Create and stick to meaningful penalties for permit violations. There is no incentive to comply right now, other than basic decency. Step 5: Create separate permit requirements for locally-owned vs. corporate (Constellation, Hall, etc.) wineries and hotels. Create substantial incentives to keep ownership local. It greatly increases accountability if you are messing up your own backyard/people know who you are when you mess up.	8/28/2018 2:20 PM
638	There is too much emphasis on tourism; this makes our economy too dependent on tourism. we need to be more diverse in our economic base and support small and clean local industries	8/28/2018 2:18 PM
639	Having had to move out of Napa County and commute to my job I'd say focus on better paying jobs and getting a handle on rents and property prices.	8/28/2018 2:18 PM
640	public forums to bring to attention of community; task forces of ordinary citizens to brainstorm; importance of giving back	8/28/2018 2:14 PM
641	Stop being a one crop economy that in turn creates a one crop tourism. People buy property, do what they want and ask forgiveness later. That works. No fines, no protection of the land for which it was zoned.	8/28/2018 2:09 PM
642	Prosperous businesses need workers. Wages are well over minimum wage for most work or supplemented with tips etc. The economy is setting the wages and they are going up rapidly with no one to fill the jobs. You cannot be prosperous with a labor and housing shortage	8/28/2018 2:07 PM
643	Your last bullet here, ag pesticides, belongs in the health and environmental sections. Economic vitality will require a better mix of businesses. Climate change will affect the wine and tourism industries in coming years. Agriculture and hospitality will always be important here, but we are close to saturation in terms of what the land, water, air, and transportation can support. Much of the job growth is in low-paying service positions, which drive families out of the county due to living costs and increase commuter traffic. The cost of housing also discourages other types of businesses from coming in.	8/28/2018 2:04 PM
644	Revitalization of rundown areas, jobs that pay sufficient wages, agricultural pesticide use, enforcement and safety	8/28/2018 2:00 PM
645	Diversification & investment in industries beyond grapes/hospitality.	8/28/2018 2:00 PM
646	Prosperous and viable tourism and hospitality - reduce regulations.	8/28/2018 1:58 PM
647	support more small family wineries and farming initiatives	8/28/2018 1:57 PM
648	Need to be pro business and development with environmental concern in mind. Need to enforce what the standards permitted instead of always being lenient.	8/28/2018 1:57 PM
649	make an effort to make it affordable for businesses to open in napa, increase minimum wage	8/28/2018 1:56 PM

## Napa County Strategic Plan Survey of Community Members

650	Prioritizing/facilitating implementation of all of the above	8/28/2018 1:56 PM
651	Remember that locals must live here also - so take care of streets and roads in neighborhoods not just in downtown area	8/28/2018 1:54 PM
652	Living wages for skilled workers- not sure why wineries (in particular) won't pay decent wages for skilled workers	8/28/2018 1:52 PM
653	Create incentives for green manufacturing to move into areas near airport and college. Build a third viable economy with a labor force that can buy homes and raise their children here. Create greater incentives for industry to share transportation, commuter buses, electric cars, bike lanes. Varying hours of work to get the load off the roads. I don't know what rundown/blighted areas the County is talking about. Ban roundup from all roadways, county parks and properties. Promote jobs for those coming from addiction programs. Provide jobs to the elderly. The elderly will be a large part of our population in the future and they will be a vital part of our economy. Create jobs that the elderly can do. They will be living longer and jobs will help reduce the burden on society.	8/28/2018 1:51 PM
654	Revitalize rundown areas	8/28/2018 1:49 PM
655	Living wages	8/28/2018 1:48 PM
656	We have ENOUGH tourism, no more needed	8/28/2018 1:44 PM
657	Wineries are at a max, we need more protection for the citizens, not more wineries that use our water.	8/28/2018 1:40 PM
658	Diversification and development of agriculture, business and industry Streamlining permits, regulation and compliance	8/28/2018 1:39 PM
659	all efforts to maintain an agriculture community	8/28/2018 1:34 PM
660	Mitigate dependence on the wine and hospitality industry. Develop other agricultural, create college programs that attract and train non college minded students, provide opportunities for new industry or manufacturing.	8/28/2018 1:33 PM
661	Sustainable careers that pay decent wages	8/28/2018 1:31 PM
662	Viable hospitality. Sufficient paying jobs. Viable agriculture; pesticide use with safety and enforcement.	8/28/2018 1:30 PM
663	Base paying jobs for young adults 15 -19. By raising minimum wages you're eliminating the number of jobs available for this age group	8/28/2018 1:27 PM
664	Make sure that people working in Napa County have affordable housing.	8/28/2018 1:23 PM
665	Encourage other industry besides wine and tourism. Our valley has become lopsided and mundane in it's current state.	8/28/2018 1:22 PM
666	Improve public transportation options; increase minimum wages	8/28/2018 1:21 PM
667	Require a living wage be instituted throughout Napa	8/28/2018 1:21 PM
668	Jobs, of course. Diversification (not just wineries/vineyards, etc.). Streamlining permits and regulations BUT not compliance (because the wineries break the rules all the time, and get rewarded for it).	8/28/2018 1:21 PM
669	Offer incentives to new businesses that employ under 10 people.	8/28/2018 1:19 PM
670	Include other industries besides wine, bring wages and housing costs closer together, look for safer pesticide and herbicide alternatives, make the permit process less costly and more efficient	8/28/2018 1:19 PM
671	Small business support, diversity in business	8/28/2018 1:18 PM
672	Ag pest use	8/28/2018 1:16 PM
673	Jobs that pay sufficient wages for you and your family to live in Napa County	8/28/2018 1:16 PM
674	Jobs that pay sufficient wages for you and your family to live in Napa County; Revitalization of rundown/blighted areas	8/28/2018 1:16 PM
675	It is important to protect the agricultural reserve from excessive development, tourism and exploitation by industrial farming. Napa is a world class destination and can't be considered in the same way as neighboring areas. That said, government has a role in maintaining the viability as a livable county and not only a tourist wonderland. AirBNB and short term rentals need to be limited such that residents can afford to live here. The roads also need to be accessible to increased traffic. Carpooling, cycling and public transit are not reasonable solutions in a spread out rural area. It's not right to artificially control the open market but government does have a role to maintain a standard of life for its permanent residents.	8/28/2018 1:15 PM
676	Remove roadblocks for business and allow them to create jobs	8/28/2018 1:12 PM

## Napa County Strategic Plan Survey of Community Members

677	We need agriculturally based tourism. Some of the permit requirements are choking out the small time wineries, growers, and other businesses. These are businesses that have a smaller environmental footprint than larger businesses (hotels, wineries, big retailers) that can afford the permits and associated legal fees. Encourage mom and pop business.	8/28/2018 1:10 PM
678	We need to support our immigrant population because they are a force in the fields, restaurants and the hotel industry.	8/28/2018 1:09 PM
679	Stricter water use for vineyards, increase erosion control compliance - no streamlining permits as it just becomes a business expense to pay the fine after environmental damage is done	8/28/2018 1:07 PM
680	Addressed above	8/28/2018 1:05 PM
681	VO-TEC TRAINING AT LOCAL SCHOOLS & NVCC TO PREPARE FOR LOCAL/REGIONAL JOBS	8/28/2018 1:04 PM
682	Pull in other businesses besides the wine industry that would provide a living wage so people may live and work here. Hotels jobs are not good paying jobs. Need more outreach to develop our industrial center.	8/28/2018 1:03 PM
683	workforce housing	8/28/2018 1:00 PM
684	Supporting existing businesses - namely the wineries and vineyards, without cost prohibitive measures.	8/28/2018 12:57 PM
685	A resilient agricultural economy that pays living wages, incentives a diversity of crops, and supports community food security for Napa County residents.	8/28/2018 12:57 PM
686	St Helena is poorly run fiscally and hasn't addressed the needs of locals.	8/28/2018 12:56 PM
687	Focus on policies and actions that make residents responsible partners in building livable and self-sustaining communities.	8/28/2018 12:56 PM
688	continue, enhance, have solid checks and balances, remain innovative, transparent, collaborative and effective	8/28/2018 12:54 PM
689	More emphasis on agriculture.	8/28/2018 12:54 PM
690	When bringing in new economic interests, ensure they offer jobs that pay employees enough to afford to buy a home, or pay reasonable rent, in Napa.	8/28/2018 12:54 PM
691	Continue to make an effort to diversify Napa's economic base. Napa has a strong 'brand recognition'. Exploit that!	8/28/2018 12:53 PM
692	To raise the minimum wage.	8/28/2018 12:53 PM
693	Support the creation of cooperatives, only contract with locally owned or unionized companies, create bilingual participatory budgeting process.	8/28/2018 12:52 PM
694	Well paying jobs with benefits for those with higher degrees Housing availability and reasonable housing prices for first time home buyers Quality community services: a public pool, expanded library, perhaps more healthy grocery stores	8/28/2018 12:52 PM
695	Offer benefits to workers (full time/part time)	8/28/2018 12:51 PM
696	Allow people to rent their properties short term on Airbnb like other communities do I	8/28/2018 12:50 PM
697	Environmental protection should come before any advancement of agriculture or industry.	8/28/2018 12:50 PM
698	affordable housing, wages	8/28/2018 12:49 PM
699	make available affordable housing for service workers to live year round that are within 30 minutes of their work sites. Especially between Yountville and Calistoga	8/28/2018 12:48 PM
700	Streamlining permits; agricultural pesticide use, enforcement and safety; jobs that pay sufficient wages	8/28/2018 12:48 PM
701	Grants for small businesses with 2-10 employees.	8/28/2018 12:47 PM
702	1. Develop more jobs. Update infrastructure. That would help to create jobs. 2. Allow residents to make money by renting homes on AirBnB, VRBO, etc. 3. Decrease both the time lag and cost of permits.	8/28/2018 12:47 PM
703	Napa needs to work to promote a living wage	8/28/2018 12:46 PM
704	Permits process is in need of a complete overhaul. The cost is completely inappropriate.	8/28/2018 12:46 PM
705	Do not limit agricultural development in the Agricultural Preserve. Provide for affordable housing within Napa so that Ag Workers can live and work in Napa. Streamline permits so that properties in the Ag Preserve can develop agriculture more easily, quickly, and affordably while abiding by all regulations.	8/28/2018 12:44 PM
706	utilize Veterans Park for kiosks perhaps weekends only?	8/28/2018 12:41 PM

## Napa County Strategic Plan Survey of Community Members

707	More jobs that pay a livable wage, lower rents so I don't get forced to move to Vallejo	8/28/2018 12:40 PM
708	Look to other ag counties as examples such as Sonoma where diversity is more evident.	8/28/2018 12:40 PM
709	Jobs that pay a liv9ing wage for all who live and work here	8/28/2018 12:39 PM
710	Diversification and development of agriculture, business and industry	8/28/2018 12:37 PM
711	Identify other high paying jobs for Napa County besides wine industry so people can continue to live here	8/28/2018 12:36 PM
712	Streamline permit processing for anything, the county has to many overlapping agencies	8/28/2018 12:35 PM
713	Diversification and development of agriculture, business and industry	8/28/2018 12:34 PM
714	Revitalization of rundown/blighted areas is the most effective because people will want to live there again so it lessens the housing crunch.	8/28/2018 12:33 PM
715	all of the above	8/28/2018 12:31 PM
716	Ag pesticide use - our cancer rate is way too high. Jobs that pay sufficient wages	8/28/2018 12:29 PM
717	Jobs that pay sufficient wages	8/28/2018 12:27 PM
718	Allow inlay units/ other ways of expanding the housing stock, not just building new.	8/28/2018 12:27 PM
719	Definitivamente tenemos q tener mejores salarios para poder vivir en Napa ya q se está bolbiendo una ciudad muy cara en todos los aspectos	8/28/2018 12:27 PM
720	Attract and sustain employers who hire people of all skill levels.	8/28/2018 12:25 PM
721	Welcome new small businesses with tax relief	8/28/2018 12:23 PM
722	If the county makes it easier and faster to get approved for permit, more people will be willing to start business or new projects that can create more jobs.	8/28/2018 12:23 PM
723	We should find ways to diversify our economy in case wine and tourism take a dip	8/28/2018 12:22 PM
724	Jobs that pay sufficient wages for you and your family to live in Napa County Revitalization of rundown/blighted areas Streamlining permits, regulation and compliance Agricultural pesticide use, enforcement and safety	8/28/2018 12:19 PM
725	stop fostering businesses such as hotels and wineries that pay low wages	8/28/2018 12:18 PM
726	require living wages. Promote a diverse economy insure compliance with existing regulations	8/28/2018 12:18 PM
727	Prioritize making Napa a good city for people to live in. Let the tourist industry fend for itself a bit more. They have money.	8/28/2018 12:16 PM
728	Streamlining Permits, regulation and compliance. If everybody complies with the regulations already in place there is no need for more - and there is no justice in making the whole pay for the few that do not comply.	8/28/2018 12:16 PM
729	Jobs that pay, & Affordable housing. If you make minimum wage you can not afford housing and commuting is costly.	8/28/2018 12:08 PM
730	Prosperous and viable agriculture	8/28/2018 11:55 AM
731	Prosperous agriculture	8/28/2018 11:47 AM
732	keep ag strong, while holding the industry to high standards. refresh old industrial areas for new businesses. streamline permit process as much as possible while still providing proper oversight.	8/28/2018 11:39 AM
733	Tourism is great but we cannot count on it forever. We need to diversify our economy.	8/28/2018 11:10 AM
734	Continuing to support agriculture is critical to Napa's long term success. All issues referenced above need to look to solutions that are data driven. Sometimes the County focuses on issues that are driven by passion - but by data that suggests there actually is a material problem.	8/28/2018 11:09 AM
735	Continue to protect and preserve agriculture as the highest and best use of the land and encourage growth of real communities not empty houses available for short term rent which keeps visitors out of hotels and restaurants where they can help support their impact through the payment of tot and sales tax.	8/28/2018 11:06 AM
736	Prosperous tourism, hospitality and viable agriculture and streamlining the permit process.	8/28/2018 10:25 AM
737	Make sure the infrastructure can accommodate new businesses and housing developments long before they start construction.	8/28/2018 10:00 AM

## Napa County Strategic Plan Survey of Community Members

738	Economic vitality in Napa seems to be how we can attract the most multi-million dollar developments to our towns and farm land. We need to focus on creating more economic diversity, and creating a more supportive environment where small businesses can emerge and succeed. We should prohibit large corporations, capital investment groups, and foreigners from purchasing property in our community. Local owners create local profits, local jobs and give back to our charities.	8/28/2018 9:43 AM
739	Allow for more tourism by letting people use services such as Airbnb. Change the code to allow for short term rentals.	8/28/2018 9:39 AM
740	Prosperous and viable agriculture (vineyards) should be the clear focus of this county.	8/28/2018 9:36 AM
741	Our economy is already vital. Sometimes enough is enough. Maintenance of our vitality should be focused in the incorporated areas.	8/28/2018 9:25 AM
742	I think that streamlining permits, regulation, and compliance would be most effective. If this process is more transparent and predictable, then business owners and prospective owners can better plan for success.	8/28/2018 9:23 AM
743	require all new building construction to have businesses on the ground floor and housing above (affordable apartments/homes).	8/28/2018 8:52 AM
744	Fair and affordable housing would allow people to have a higher quality of life and be more of an economically viable place to live.	8/28/2018 8:47 AM
745	better jobs, higher minimum wage	8/28/2018 8:27 AM
746	Again! Why are you continuously pushing Agricultural pesticide use, enforcement and safety. Overwhelmingly the industry has demonstrated responsible use of pesticides is it to keep people's jobs or another agenda of the Executive Office? Shift them to actual work in the Agricultural Commissioners Office like the implementation of a Mealy Bug Control and Oversight program and stop waiting our time and money. That is the number one pest in Napa Valley likely to destroy our economic vitality.	8/28/2018 8:26 AM
747	Balanced growth. Less money spent to promote tourism. Housing for workers. Less development in watershed areas	8/28/2018 8:24 AM
748	Jobs that pay sufficient wages. Prosperous and viable Agriculture, tourism and hospitality.	8/28/2018 8:15 AM
749	Keeping ag/wine industry strong and the business that support it	8/28/2018 8:14 AM
750	Save agritourism by saving family farms. Tourism is already declining due to short sighted and greedy planning	8/28/2018 8:03 AM
751	Less tax breaks for wealthy/absent napa county land owners. more tax breaks for middle income workers working in napa county every day trying to support a family	8/28/2018 7:56 AM
752	Jobs that pay sufficient	8/28/2018 7:46 AM
753	Strong environmental protections must be held in place while encouraging the wine and hospitality sectors to thrive. Please lessen burdens on wineries and permits.	8/28/2018 7:43 AM
754	Allow managed growth	8/28/2018 7:36 AM
755	Increasing pay in SOME county positions so we can buy in napa where we grew up and not commute 50 miles each way	8/28/2018 7:34 AM
756	Owners should be required to pay employees a living wage. If workers could actually afford live in Napa, road congestion would be lowered as well. Economic vitality should not just focus on tourists and tourism. It needs to focus on the actual community of people who live, shop and work here. Many lower to middle class income people take their business to santa rosa because so many of the stores and restaurants here are unaffordable. Focusing on keeping dollars in the community as well as bringing dollars in through tourism is critical.	8/28/2018 7:32 AM
757	Provide volunteer and educational opportunities for all- including immigrant population and those coming back into the workforce after incarceration/rehabilitation-offer credits towards housing, food, etc. based on # of hours served to better themselves or the community	8/28/2018 1:04 AM
758	Provide economic incentives to draw new businesses here and work with them to create or identify affordable housing for their workers.	8/28/2018 12:31 AM
759	Post what sprays are being used when.	8/27/2018 11:15 PM
760	jobs that pay sufficient wages to live in Napa County	8/27/2018 5:40 PM
761	The price of a home in Napa is out of reach for the people who hold the regular tourism and ag jobs. Napa needs to diversify to allow more high income jobs into the valley.	8/27/2018 4:32 PM

## Napa County Strategic Plan Survey of Community Members

762	Our rivers are filled with chemical runoff and the wineries don't pay their fair share. We bend over backwards to support wineries and they don't pay for county services or wages that allow employees to live where they work. Napa must be somewhere to live and not just a tourist destination. Tax the wineries and their owners, insist on a living wage beyond the barebones that the State will require (slowly) because of the cost of living here.	8/27/2018 4:28 PM
763	Pay sufficient wages and do whatever you can to make it affordable for the people who work in this valley to live here too.	8/27/2018 4:17 PM
764	More affordable eating, shopping and housing	8/27/2018 4:12 PM
765	Housing that our hospitality and ag. workforce can afford	8/27/2018 4:02 PM
766	diversitification, as much as possible, from strictly hotel and tourism and a focus on realistic and affordable needs of full time citizens - if you have residents who are buying and shopping local - you have a sustainable and steady income stream	8/27/2018 3:42 PM
767	The county economy is build on tourism and this area is sturggling. Promote tourism and hospitality - these areas are struggling due to the impact of the fires and have a domino effect - businesses closing, locals losing jobs. Put a moratorium/ban on all new hotel development.	8/27/2018 3:20 PM
768	Provide incentives to get more diverse employers from the bay area	8/27/2018 3:18 PM
769	Revitalization of rundown/blighted areas	8/27/2018 2:59 PM
770	Establishment of a living wage ordinance for Napa county and each city.	8/27/2018 2:50 PM
771	Living wage and affordable housing so the workforce does not need to commute to and from work.	8/27/2018 1:49 PM
772	Have reasonable commercial rental rates down town, take the Measure C concepts into the plan, allow easier permitting of areas that support activities for all ages and the have areas of "beauty" that are pleasing to visitors and residents.	8/27/2018 12:11 PM
773	Attract businesses to the industrial park areas. With the cities, describe a vision for the County that goes beyond ag, wine and tourism. What else do we do well?	8/27/2018 11:44 AM
774	provide higher minimum wage	8/27/2018 11:28 AM
775	Primary focus should be on securing jobs that pay not only sufficient wages, but living wages. This could be done by instating a living wage ordinance for Napa County that is calculated using the true cost of living here. This not only supports our economic vitality by ensuring those who live here can contribute to our local economy, but would also have a large positive impact on traffic and housing.	8/27/2018 10:55 AM
776	Making sure minimum wage = living wage	8/27/2018 10:40 AM
777	Diversification and development of agriculture, business and industry would be high on my list. Ag and tourism have their own inherent ability to prosper. Economic vitality based on additional diversity could benefit if government could make it a priority.	8/27/2018 10:37 AM
778	Jobs that pay enough for our young adults to be able to live in the county they were raised in. Affordable housing is a MUST.	8/27/2018 10:34 AM
779	Focus on reliable permitting processes rather than code compliance; inform the public on the economic benefits of ag and tourism	8/27/2018 10:28 AM
780	Streamlining permits, etc. to motivate developers will spur many of the changes above.	8/27/2018 10:08 AM
781	Increase the cost of living so that jobs pay sufficient wages for families to be able to afford life in this county.	8/27/2018 10:08 AM
782	Living wages and affordable housing	8/27/2018 10:07 AM
783	Housing and fair wages first	8/27/2018 10:06 AM
784	Jobs that pay sufficient wages for families to stay housed in their communities. Fair housing markets. Napa county could solve many issues by tackling 2 issues. Sufficient wages for families, making sure landlords are not rent gouging. Thus making traffic less of a hassle.	8/27/2018 10:06 AM
785	I don't know	8/27/2018 10:06 AM
786	Grants and money should be directed more to help support those who are supporting others in the community. For example, in non profits, employees can't make enough to afford living in Napa on their own and need an extra income.	8/27/2018 10:05 AM
787	Jobs that pay sufficient wages for you and your family to live in Napa County	8/27/2018 10:04 AM
788	Better paying jobs, lower rent	8/27/2018 10:04 AM
789	Supporting the economic engine of Napa County, the wine industry. Not that it should be unregulated, but they are part of the solution. The current PBES director fans the flames and pits industry v. neighbor v. activist v. BOS. This helps no one.	8/27/2018 9:52 AM

## Napa County Strategic Plan Survey of Community Members

790	Provide more inexpensive housing for people that will work in the Napa Valley.	8/27/2018 9:05 AM
791	Control of Lake Berryessa (from BOR), expedite concessionaires at all lake marinas and turn back on a huge revenue stream of millions of \$\$\$/yr.	8/27/2018 6:49 AM
792	We have enough vineyards already	8/26/2018 10:04 PM
793	Jobs (namely paying teachers a living wage). Teachers in our city haven't received a cost of living increase in over ten years. Meanwhile the cost of living in Napa continues to increase annually.	8/26/2018 9:59 PM
794	Encourage business growth in cottage industry efforts around tourism - i.e. how to support and encourage individuals and small businesses in the tourism fram, not just the large restaurant groups/ hotels/ wineries. Wage standards that allow people to live closer to their work. Transparency and consistency in the permitting processes. Remove much of the bureaucracy in the permitting process.	8/26/2018 9:23 PM
795	Quality jobs. Attracting employers that provide moderate and high wage employment.	8/26/2018 9:05 PM
796	Sufficient wages are top priority. Anything below \$15/hr is literally impossible to live on here.	8/26/2018 8:30 PM
797	Fix the roads and put in more affordable housing. stop approving so many new hotels before fixing these problems	8/26/2018 8:27 PM
798	Work with local business to ensure we are attracting the right talent.	8/26/2018 8:06 PM
799	Encourage businesses to partner with Napa College to prepare students for better paying jobs	8/26/2018 6:18 PM
800	Prosperous and viable tourism and hospitality	8/26/2018 4:55 PM
801	be fair. have as few rules as possible. keep them simple. then do what is fair for everybody, from Nancy Pelosi to the homeless dude.	8/26/2018 4:21 PM
802	diversification is key. Too much reliance on the ag and wineries. What happens when that industry slows or goes under?	8/26/2018 3:44 PM
803	Insure the health and vitality of the Counties two major industries; the wine industry and the hospitality industry. Reducing regulation would be a major step in the right direction.	8/26/2018 3:00 PM
804	Diversification and development in business and ag	8/26/2018 1:50 PM
805	Look beyond agriculture.	8/26/2018 12:04 PM
806	1) Need to work the Jobs-Housing-Traffic knot. 2) Need to redefine what "agriculture" means to this generation. Is it growing things, or marketing things? What's the driver? 3) Don't pass regulations you can't afford or don't intend to enforce. It only lessens respect for the rule of law. 4) See yourselves as enabler. You are part of service industry.	8/26/2018 11:42 AM
807	Streamlining permits only works for the wine industry. Concentrate on keeping the permit process in place and apply it equally and actually enforce the rules on everyone. That should assist in the nurturing the remainder of economic vitality.	8/26/2018 11:20 AM
808	We must have affordable housing for our workforce within dedicated urban limits. We must repair bad roads, including Old Howell Mountain, an important escape route for Angwin in case of fire. Address climate change, as this will affect and perhaps already is affecting grape growing and wine quality.	8/26/2018 10:14 AM
809	Focus on diversification of businesses, especially in South County/American Canyon & East County/Lake Berryessa areas. Seek to bring in tech, medical, engineering, or other good paying, non-agricultural, businesses.	8/26/2018 9:43 AM
810	Examine the trend of skyrocketing home purchase and rental costs as the cause of needing higher wages to live here. The " get what the market will bear" attitude is the root. Just like the market crash of 2008. You can't keep rising the cost of homes and not be prepared for that bubble to burst. History will repeat.	8/26/2018 8:35 AM
811	The permit process is too lengthy and anyone who has been in the process complains about this. Hotels bring money to us, however the low wages don't allow people to live here so low wage workers add to congestion, or many need to live in one rental which degrades property values. Rentals degrade values overall. So higher wages for Napa Valley might help? Freely available "Learn English" classes would help those afraid to show themselves, and increase friendly communication. Revitalizing and adding charm to more of Napa would be a desired. Think Carmel, or old Europe. Pesticides in vineyards can be revisited, organic encouraged via tax benefit which would help us all....ie glycosfate use for weeds which gets into our air, and wine grapes. Increasing tourists is easy, allow wineries to host weddings and quit at 10:00pm which fills hotels with stay over guests and restaurants, visiting day interests. No brainer here. The coffers would be so full it would allow lots of extra funding to beautifying projects as well as basic services. School after school funding for interests, not offered in schools might be a helpful way to use new funds. When both parents work, kids don't have ideal choices of what they can do after school.	8/26/2018 7:19 AM
812	Help Create entry level jobs	8/26/2018 1:51 AM

## Napa County Strategic Plan Survey of Community Members

813	Legalize cannabis as an agricultural crop, diversify agriculture,enable co-housing, simplify and encourage rental additions to existing dwelling	8/25/2018 10:55 PM
814	No more hotels. Less emphasis on tourists and more on residents and their needs.	8/25/2018 9:37 PM
815	Diversification. enough with the wine already!	8/25/2018 9:06 PM
816	As I stated prior.	8/25/2018 8:58 PM
817	It's time NapaCounty uped it's minimum wage. All these winery jobs & tourism jobs don't pay people enough to live here. This adds to all the other problems, road congestion, housing, resources, etc.	8/25/2018 7:26 PM
818	Attempt to draw a variety of industries to our business parks that pay good wages and are supported by residents already in the valley with those necessary skills (ie tech, medical, research). Focus hospitality improvements on a smaller level---address short term rentals, vacation rentals, economy rentals (like AirBnb, Vacasa) to limit impacts on permanent residents but still allow tourism to thrive for the people that can't manage the 5 stars experience---which is well covered, especially upvalley. Protect the ag preserve vigorously, it's what made this area so desirable.	8/25/2018 7:13 PM
819	The county should be affordable	8/25/2018 6:54 PM
820	Lower rent or subsidize rent for local business. It will promote local business.	8/25/2018 6:00 PM
821	It seems to me that agricultural and industrial diversification is something the County could pursue better, perhaps, than the individual cities within it. And, if it were done with the goal of attracting higher-paying jobs, that would help with the housing affordability crisis. Ag and tourism are doing fine and you should not take that for granted but you don't have to do more to support it (although the way things are currently done can, generally, be improved. But actively seeking new industries to diversify the economy would be a new contribution that could turn out to be extremely worthwhile in an area best known for its agricultural monoculture.	8/25/2018 5:53 PM
822	Jobs that pay sufficient wages.	8/25/2018 4:19 PM
823	Housing for hospitality workers. No pesticides...PERIOD! Affordable events, restaurants and local focused. Downtown Napa is for rich tourists. NOT locals.	8/25/2018 4:05 PM
824	Keep the proponents and opponents of Prop C talking to each other to form a clearer consensus of agriculture and watershed issues.	8/25/2018 3:40 PM
825	Wages that support service personnel. Prosperous and viable tourism and Agriculture	8/25/2018 2:57 PM
826	Improve traffic flow.	8/25/2018 2:22 PM
827	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
828	Focus on residents rather than tourists regarding use of development funds. Less public art, more playgrounds and family focused planning such as in other surrounding areas.	8/25/2018 2:10 PM
829	Revitaliza and job wages	8/25/2018 1:23 PM
830	-Stop rubber stamping every winery application -Stop allowing deforestation -Stop increasing tourism venues -Agriculture is NOT event centers at every winery -Enforce code vigorously -Do Not "streamline" approvals - code speak for do whatever you want -Give code officers the legal and enforcement powers they need -wine industry is taking advantage of this community and not caring for it -wine industry has caused tourism overload and does not offset this cost to the community -wine industry is rapacious and is being allowed to continue in this manner by the county -county must stand up the industry and tax, and enforce -moratorium on hotels and winery development	8/25/2018 12:49 PM
831	Focus on the poor and middle class Focus on activities and facilities for kids, ie soccer fields, swimming complex, etc	8/25/2018 11:31 AM
832	All of the above.	8/25/2018 11:19 AM
833	require living wages, affordable housing, limiting pesticide use, lower costs and more incentives for natural and organic farming permits. get rid of stupid "pay in to the fund" for affordable housing and just require new developments to build it and offer it	8/25/2018 11:17 AM
834	Tax the tourist industry higher. Encourage businesses that benefit residents.	8/25/2018 11:01 AM
835	Low cost housing / affordable so income is left over for living in Napa. Revitalization of parks, green spaces, rundown areas. Better wages for wine industry people at entry levels.	8/25/2018 10:50 AM
836	Recognize the limits of beneficial tourism. We don't need more tourism development.	8/25/2018 10:15 AM
837	Streamlining permits, regulation and compliance	8/25/2018 9:47 AM
838	Diversify beyond hospitality and wineries so there is a greater range of jobs available that can survive an economic downturn	8/25/2018 9:38 AM

## Napa County Strategic Plan Survey of Community Members

839	Don't punish the job makers with overly burdensome regulations and permitting process and fees.	8/25/2018 9:25 AM
840	Diversify Napa economy support alternative industries and emerging compliments to ag such as cannabid	8/25/2018 9:07 AM
841	Less focus on wine and tourism as these are flourishing, more focus on strengthening the core community and providing diversity of services and opportunities for locals, local families, small children, young adults struggling to form their own household, the elderly, lower income.	8/25/2018 9:01 AM
842	Why do we need more hotels? Work better with the city on things that would bring more jobs to our area. Like Costco. We don't need another winery or hotel. We need things to do for the locals and kids( teens ,young adults, and elderly) that doesn't cost a arm and a leg.	8/25/2018 9:00 AM
843	Diversification in business is a concern of mine. Why must Napa have 2 identical businesses in the North and South ends of the city. "Sticking to what works" is not fair to the consumers. We deserve more options. 2 Chipotles, 2 Targets, 2 Habit Burgers, 3 CVS's, 2 Office supply stores, etc.	8/25/2018 8:48 AM
844	Streamline process to make accessory dwelling. Start a beautification program for urban blight. Find a working solution for homeless	8/25/2018 8:45 AM
845	housing	8/25/2018 8:39 AM
846	Promote and incentivize property owners to sustainably thin forests and add livestock grazing for diversified Ag and fire protection	8/25/2018 8:10 AM
847	Now that a lot of agriculture is owned by big corporations, they will push to dominate politics through big money. That spells trouble for the average citizen.	8/25/2018 7:43 AM
848	Water resources	8/25/2018 7:34 AM
849	Rebuilding run-down areas and providing public transit as an alternative to Highway 29 would provide more high-paying jobs and make Napa more attractive to visitors.	8/25/2018 7:31 AM
850	See previous comments.	8/25/2018 7:12 AM
851	Less is sometimes more. Limit growth of new wineries and try to diversify Napa by bringing other industries into Napa such as high tech jobs or industries with low environmental impact ( more business like Doctor's Company.)	8/25/2018 6:26 AM
852	Continuing to have the long time residents feel like their town is not loosing its identity	8/25/2018 5:51 AM
853	incentives and programs to encourage the businesses within the county to provide wages that support their employees ability to live closer to where they work.	8/25/2018 1:15 AM
854	Insufficient wages and high housing costs will not attract families. Many commuters including county workers keep the two roads into Napa clogged along with the tourists arriving in single cars. Agricultural diversification is not going to be happening any time soon. Vineyard poisoning of the Valley with pesticides and herbicides doesn't just poison unwanted pests. Really need to expand certified organic vineyards. Not really premium grapes if they are not organic. We should not streamline permits, we need a smart permit process that puts it on the applicant to produce a plan for zero net energy building.	8/24/2018 11:34 PM
855	Salarios vs Vivienda (rentas)/ catástrofes (incendios)	8/24/2018 10:48 PM
856	Keeping us the residents safe from agricultural spraying of insecticides, A lot fewer new hotels and paying attention to the local residents instead of the tourists. As residents we helped to build this community and we don't even know it anymore.	8/24/2018 10:28 PM
857	Encourage people to move here from San Francisco. Target the young people who visit on the weekends to consider moving here when they have families.	8/24/2018 10:13 PM
858	Current growth of the wine industry is unsustainable and needs to be curtailed to preserve what is here.	8/24/2018 10:03 PM
859	\$15. minimum wage equal enforcement of regulations	8/24/2018 9:49 PM
860	Providing affordable housing.	8/24/2018 9:40 PM
861	Reduce the number of regulations!	8/24/2018 9:28 PM
862	Affordable housing and higher minimum wage. Also better public transportation.	8/24/2018 9:19 PM
863	I would reach out to other very prosperous thriving communities, not just in our young country, but abroad in some thriving innovative, creative, socially & environmentally responsible communities that have had centuries of experience to know what works and doesn't and not to be so proud, but to utilize and brainstorm to make our community a better healthier place to live for EVERYONE, no matter what your income is. We all have our gifts in life and we all deserve good clean healthy water to drink and bath in, fresh healthy foods to eat, comfort of a dry, warm clean place to call home and reasonably comfortable place lay our head & body down each night to rest peacefully, access to good healthcare for medical, dental and mental.....all the basic humanitarian needs of any living human being.	8/24/2018 9:11 PM

## Napa County Strategic Plan Survey of Community Members

864	All of the above are very important	8/24/2018 9:09 PM
865	n/a	8/24/2018 8:43 PM
866	no clue	8/24/2018 8:33 PM
867	blighted areas	8/24/2018 8:29 PM
868	Increase in wages for local service workers to enable them to live in Napa with their families. Napa is becoming too expensive for families to live. The tourist industry is out of control. Way too many hotels with plans to build more? Seriously? Don't we have enough tourists?	8/24/2018 8:27 PM
869	Jobs that pay sufficient wages	8/24/2018 8:13 PM
870	Revitalization of rundown/blighted areas	8/24/2018 7:57 PM
871	The development you have focused on provides nothing to the low paid workers in the hospitality industry.	8/24/2018 7:57 PM
872	In county & city governments, restore & promote attitudes that are positive to & supportive of LOCAL RESIDENTS. Tourism & wine industry have become the all-important activities, with local residents being disregarded, neglected, disrespected at an often toxic level. Many people who are able to find work here cannot afford to live here; that is already starting to cause businesses to close & people to move out of county & state.	8/24/2018 7:39 PM
873	Affordable housing for the people that work and service the tourist industry and wine industry	8/24/2018 7:37 PM
874	Jobs, diversification	8/24/2018 7:28 PM
875	Requiring hotels to provide housing for their employees -- at least 30%	8/24/2018 7:26 PM
876	Maintain jobs, housing and schools for young adults. Without that demographic we lack workers, growth and vitality.	8/24/2018 6:49 PM
877	Go back to the original definition of Agriculture that does not include event centers and runaway use of the Ag Preserve for marketing.	8/24/2018 6:35 PM
878	Nothing further.	8/24/2018 6:33 PM
879	Education	8/24/2018 6:32 PM
880	Streamlining permits, the process and following through on what is being built.	8/24/2018 6:24 PM
881	Prosperous and viable tourism	8/24/2018 6:22 PM
882	Making the city of Napa look less run down!	8/24/2018 6:18 PM
883	Increased careful consideration of what new businesses are allowed to proceed with build-out... is another hotel really a good thing? Traffic for citizens (and visitors) and the wages... everyone knows a hotel general employee is not going to earn enough to reside within the county. Be mindful when approving new growth.	8/24/2018 6:11 PM
884	Support top quality in dining and winery business; Invest in the Vine Train and all active lifestyle (running, walking, bicycling) infrastructure Reduce traffic! Implement sustainable tourism.	8/24/2018 5:58 PM
885	Local Minimum Wage that reflects that cost of living in Napa County, they increase at the state level is too slow of a progression.	8/24/2018 5:56 PM
886	Protection and enhancement of our natural resources. Traffic mitigation,possibly shuttles or trams from hotels.organic farming practices.	8/24/2018 5:51 PM
887	Support for the local businesses on rent inceases.	8/24/2018 5:26 PM
888	- streamline permits and support the growth of a variety of businesses	8/24/2018 5:21 PM
889	Zoning restrictions are too much	8/24/2018 5:18 PM
890	Allow mid-cost restaurants to replace open spots, for the locals to eat	8/24/2018 5:08 PM
891	Permits delivery should be expedited, there is massive economic loss by slowing everyone. Why are you slowing the dynamics elements of society anyway?	8/24/2018 5:07 PM
892	All of the above.	8/24/2018 5:05 PM
893	Consider local population quality of life needs instead of focusing on wealthy tourists.	8/24/2018 5:03 PM
894	Increase minimum wage Encourage jobs outside wine and hospitality More vocational training in the schools focusing on the building trades etc. Promote the growing of fresh fruit and vegetables Strengthen rules to reduce pesticide use and encourage organic gardening and wine production	8/24/2018 4:59 PM
895	Better coordination/involvement with cities	8/24/2018 4:54 PM
896	jobs that pay a living wage,Revitalization of rundown/blighted areas	8/24/2018 4:48 PM

## Napa County Strategic Plan Survey of Community Members

897	all the above	8/24/2018 4:46 PM
898	Diversification	8/24/2018 4:45 PM
899	Diversification & Development, etc. -- balance out the over-dependence on wine & tourism as our economic engines. Support small businesses	8/24/2018 4:45 PM
900	Ensuring everyone is paid a living wage beyond just minimum wage because we all know that does not allow for someone to live within Napa County. Force employers within Napa County to hire locals to ease traffic	8/24/2018 4:31 PM
901	Napa is in grave danger of turning itself into an undesirable tourism destination for the discriminating tourist. We must protect what's left of Napa's rural character, protect our water supply, reckon with our limited natural resources and diversify economically into industries that do not create traffic, low wage jobs and pollution.	8/24/2018 4:29 PM
902	This is a tough subject, we have a service based economy and most jobs don't pay a high enough wage for employees to afford to live here. More housing in the county will eventually kill tourism because that's not what tourists come to see. Improve transportation into the valley from other areas such as Solano County. Public transit should become pleasant, easy to use and cheap.	8/24/2018 4:29 PM
903	Ensure companies, developers do not solely pay a charge for building but mandatory inclusion of accommodations for their employees	8/24/2018 4:22 PM
904	Make it easier for small business to succeed for a more diverse mix downtown. Try to attract industries beyond ag and hospitality so the next fire or earthquake doesn't have an outsize impact on city and county revenues. What about building a tech hub in rundown industrial area? Meanwhile continue to support the tourism and wine industry as they keep us afloat.	8/24/2018 4:18 PM
905	#1	8/24/2018 4:15 PM
906	Napa County should allow B&B enterprises in unincorporated and incorporated areas allowing locals to benefit from the income. Properties should be locally owned/operated. This would reduce focused congestion and keep tourists profits in the local economy rather than corporate.	8/24/2018 4:15 PM
907	Prosperous and viable agriculture Revitalization of rundown/blighted areas	8/24/2018 4:06 PM
908	Re-introduce Measure C.	8/24/2018 4:05 PM
909	Wine and hospitality industries must increase wages for low-end employees. County and city governments should streamline their processes to make it easier to do business and build affordable housing.	8/24/2018 4:01 PM
910	Encourage more businesses that pay decent wages in American Canyon.	8/24/2018 4:01 PM
911	Expand agriculture (wineries) but couple that growth with improved economic conditions (mandate better wages)	8/24/2018 4:00 PM
912	We had a major fire last year and there are very few homes going up. In 81 we were burned out in June and by February we were in our home and back on the tax rolls, the over reaction to clean up and the slowness of permits lose money for the county. Get the beaurocrats moving in the permit bureau to move faster to get things going.	8/24/2018 3:50 PM
913	Housing first and sufficient wages to afford housing.	8/24/2018 3:48 PM
914	I'd like to see the use of glysohate and other poisonous sprays be stopped and substituted with viable, natural alternatives.	8/24/2018 3:48 PM
915	We have economic vitality! To maintain what we have we need to be better stewards of the valley and limit unchecked development.	8/24/2018 3:42 PM
916	Yes housing is on my top list, I who lost the place in the wildfire have not be able to find a place to live, mind you I have a been at the same job for 23 years, lived in Napa for 36 years and if I even see a place to rent it will cost me more than half of my months wages.	8/24/2018 3:37 PM
917	Resolve traffic congestion	8/24/2018 3:30 PM
918	Jobs	8/24/2018 3:29 PM
919	Diversification of agriculture; limit tourism & vineyard/winery proliferation--Napa Valley is at capacity in these areas!	8/24/2018 3:28 PM
920	Allow by exception (variance) actions that when taken will provide benefit to the community either by raising taxes or by enhancing and improving lifestyle.	8/24/2018 3:26 PM
921	All of the above	8/24/2018 3:24 PM
922	Revitalization of rundown/blighted areas •Streamlining permits, regulation and compliance •Agricultural pesticide use, enforcement and safety	8/24/2018 3:24 PM

## Napa County Strategic Plan Survey of Community Members

923	Your killing the economy by allowing uncontrolled growth with businesses (wineries, hotels) and not doing anything to control the traffic problems. I have talked to visitors that said they are not coming back to fight traffic on 29 and Silverado	8/24/2018 3:24 PM
924	A balance is needed across all. Too much focus on tourism over agriculture is throwing things off balance.	8/24/2018 3:18 PM
925	If agriculture is going to continue to be one of the main employers in this valley, I think diversification of crops is a must. A collapse of the vines/wine industry would spell disaster for our economy.	8/24/2018 3:10 PM
926	I would support all suggested actions listed above. Each has a reason to be considered.	8/24/2018 3:06 PM
927	Develop Angwin and Pope Valley to increase housing growth within Napa County. Berryessa estate is an underutilized residential neighborhood in Napa County.	8/24/2018 3:06 PM
928	Shopping dollars and taxes leave Napa hourly because of the lack of a diverse retail offering. It is crazy to have to go to the East Bay or north to find decent shopping for all kinds of goods and services.	8/24/2018 3:05 PM
929	I think that we have already established viable tourism and hospitality - maybe to excess. However, these jobs are low paying and the people that work the associated jobs cannot afford to live here. Something needs to be done to encourage employers to pay a living wage. Permitting is ridiculous here. People are encouraged to build JADU's and ADU's, but permitting time and costs and utility connections make the costs exorbitant in the case of ADU's. In the case of blighted areas, the county is doing a good job but this needs to continue.	8/24/2018 2:58 PM
930	Since 90% of the county's 505,859 acres are protected by either the NV Ag Preserve, or the Ag, Watershed, Open Space designation, what other businesses or industry is Napa County courting that would fit this criteria and pay sufficient wages?	8/24/2018 2:55 PM
931	Traffic will choke the economy. Wine overdevelopment will kill the golden eggs	8/24/2018 2:53 PM
932	Set wages for jobs so they can afford a place to live instead of ending up homeless.	8/24/2018 2:46 PM
933	Do not over regulate wine, hospitality, and tourism. Support agriculture and tourism.	8/24/2018 2:45 PM
934	To address the need for supporting jobs that pay a livable wage, efforts could be made to require businesses to demonstrate livable wages when applying for necessary permits to operate or expand. This would assist our community from having to support employees that work for these organizations and help control higher costs in HHS services, such as cash aid, food assistance, etc.	8/24/2018 2:44 PM
935	Create job training programs for youth to attain local jobs paying livable wages that do not require the cost (and time) to attain a 4-year college degree. Create policies that prioritize purchasing of locally grown/produced food to incentivize diversification of agriculture and food-growing industry.	8/24/2018 2:43 PM
936	support small for a living business, by changing the definitions of major and minor modifications enable small business to streamline permits, and afford to grow and be viable for generations, otherwise the Valley will continue to consolidate small business ownership to large corporations, and lifestyles	8/24/2018 2:42 PM
937	STOP BUILDING UNNECESSARY HOTELS. START BUILDING OR REMODELING THE EXISTING BUILDINGS FOR ENTERTAINMENT AND LEISURE... The City Council is only interested in what the tourists need or want. The City Council will bring Napa down to its knees and might as well start bankruptcy proceeding early. Because thats where its going right now. NOT EVERYONE DRINKS WINE!	8/24/2018 2:42 PM
938	Less hotels. Less tasting rooms. Less wineries. Less tourist only services.	8/24/2018 2:37 PM
939	Diversification	8/24/2018 2:31 PM
940	Increase minimum wage; provide more support for family leave after starting a family and for child care options	8/24/2018 2:31 PM
941	Pass living wage legislation and protect the immigrant population who are vital to the agriculture and hospitality industries.	8/24/2018 2:29 PM
942	Low income housing	8/24/2018 2:28 PM
943	I grew up in the Napa Valley. I am 27 years old and have a great career and profession.... I am not even in the conversation or owning a starting home in this valley. RIDICULOUS. A shit starter home falling on top of itself starts at 500K... And a 1 bedroom apt goes for a minimum of \$1,800 bucks... Gas is 3.75 a gal, a burger downtown costs 15 bucks. A beer at the Archer is 9-12 bucks. Hope can people even live here? lol	8/24/2018 2:25 PM
944	Maintain agricultural focus, supported by incentives for sustainable energy companies, tech innovation, luxury tourism innovation. How about becoming a leader in community food composting and plastic recycling services?	8/24/2018 2:25 PM

## Napa County Strategic Plan Survey of Community Members

945	Cannabis has been legal in California since 1996. Yet any attempt to open a dispensary has been blocked. There are more than 400 wineries with tasting rooms in the Napa Valley. Surely, cannabis is here to stay, and while some in Napa County May continue to surpress this industry we are losing tax revenue in the process. My suggestion is to find a balance.	8/24/2018 2:23 PM
946	Stop relying so heavily on Wine and Tourism. Develop other ag opportunities and I don't mean marketing.	8/24/2018 2:20 PM
947	In American Canyon, businesses are leaving, but new housing is being built. Attract new retail with tax breaks or similar to bring business and jobs to AC.	8/24/2018 2:20 PM
948	Education and re-education opportunities need to be made available to all. As the economy flattens and changes, we need a highly skilled workforce willing to adapt and change. We need educational programs to help people learn skills for jobs the have not yet even been imagined, let alone created. Most of these jobs will require collaboration skills, critical thinking, digital / technology/media literacies, problem solving skills to work on projects, time management skills to increase productivity and skills for services in high demand.	8/24/2018 2:19 PM
949	Incubator space for agricultural related technology start-ups. Small business facilities (commercial kitchens, small retail spaces for entrepreneurs). Small businesses cannot afford to be here, and without that mix, the downtown areas of all towns in the county are going to close up, or become nothing but empty big-wine tasting rooms and high end restaurants without employees to operate them.	8/24/2018 2:18 PM
950	Enact living wage rules Diversify the local economy - reach out to attract non-tourist based businesses	8/24/2018 2:15 PM
951	Pesticide use - SAFETY & enforcement	8/24/2018 2:12 PM
952	Permits and regulation protect the community and support economic vitality by allowing Government to act as a referee ensuring that all business and property work on a level playing field. Affordable housing and good jobs are the key to an economically vital community.	8/24/2018 2:12 PM
953	Recognize that wine growing and making are the highest and best uses of Ag lands	8/24/2018 2:11 PM
954	Streamline planning processes at the county level. Support public and private partnerships to continue to bring in viable businesses to help support our economy and help innovate to find solutions to our most pressing problems.	8/24/2018 2:11 PM
955	Balance economic vitality with environmental protection. Protect the county for future generations, not for big profits for corporations. We only get one chance to do it right.	8/24/2018 2:10 PM
956	The current combination of high rents for housing and high rents for business space are primary limiting factors for economic vitality in the County. I am not sure what the answer is, but finding out should be a priority.	8/24/2018 2:10 PM
957	Just moved to Napa. Too soon to know what is happening/available in this city.	8/24/2018 2:08 PM
958	Most of the above	8/24/2018 2:08 PM
959	There will always be entry level / low end jobs in all industries. throwing money at our workforce does not guarantee a better workforce. it also could likely reduce the profitablity of the existing employers and shrink the overall workforce	8/24/2018 2:08 PM
960	Encourage other uses in the industrial area besides wine storage (and not more hotels).	8/24/2018 2:07 PM
961	Tourism and hospitality	8/24/2018 2:05 PM
962	Continue to make the planning, environmental and building departments more customer responsive and efficient. Because we are a small county and our supervisors are accessible and generally responsive issues are heard and addressed fairly.	8/24/2018 2:04 PM
963	More money going into service for locals instead of so much for tourists. Moratorium on building hotels until low and mid-range income housing built.	8/24/2018 2:03 PM
964	Enforce the same set of rules for all. Hold those that break the law accountable rather than forgiving those (wiht certain resources) post offense.	8/24/2018 2:03 PM
965	diverse businesses that meet needs of local people who aren't rich. affordable business rentals	8/24/2018 2:02 PM
966	Minimum living wage	8/24/2018 2:01 PM
967	Jobs that pay sufficient, keeping locals a priority both as consumers as well as vendors. Creating better solutions for Veterans, homeless and featuring more of Napa then just a tourism.	8/24/2018 2:01 PM
968	More jobs that pay sufficient wages	8/24/2018 1:58 PM
969	more businesses for locals not tourists	8/24/2018 1:57 PM
970	Regulations that support livestock use in rural areas to reduce fire danger, streamline rebuilding permits, allow sustainable timber harvesting to reduce fire fuel load.	8/24/2018 1:57 PM

## Napa County Strategic Plan Survey of Community Members

971	Require and include mandatory affordable housing in hotel development plans. Require sustainable vineyard management, non toxic and required monitoring to insure compliance.	8/24/2018 1:57 PM
972	Jobs that pay sufficient wages for you and your family to live in Napa County	8/24/2018 1:56 PM
973	Invest in schools. Good schools = good economy	8/24/2018 1:53 PM
974	Let the Market Place determine what the market needs, not the politicians.	8/24/2018 1:53 PM
975	YOU HAVE DONE ENOUGH DAMAGE ALREADY. GIVE THE OVER DEVELOPMENT A REST.	8/24/2018 1:52 PM
976	Establish a higher minimum wage. Develop industries outside of tourism and service sector jobs.	8/24/2018 1:52 PM
977	Recruit more large employers and diversify a bit from this exclusive wine culture. How about letting legal marijuana business have store fronts? It's time...and we are all driving to Santa Rosa and giving them our business now.	8/24/2018 1:51 PM
978	Jobs that pay sufficient wages for people to live in Napa. A person with a doctorate in a medical field cannot purchase a house in Napa. Crazy...	8/24/2018 1:50 PM
979	Promote a balance of tourism, agriculture and industry	8/24/2018 1:50 PM
980	Prosperous and viable tourism and hospitality	8/24/2018 1:50 PM
981	Preserving Napa's character by preventing growth of land development.	8/24/2018 1:49 PM
982	Improve what we already have but in smarter ways. Throwing \$\$\$ at failing projects doesn't work. Infrastructure repair must be a top priority.	8/24/2018 1:47 PM
983	Make sure jobs pay enough to actually live in the community.	8/24/2018 1:46 PM
984	listen more to the community and less to the government. they may be elected, but are not infallible.	8/24/2018 1:45 PM
985	Encourage more green business, living wages and adequate so that people who work in Napa can live in Napa	8/24/2018 1:45 PM
986	We should have the Ag Commissioner and their staff look at what and how much we are using when it comes to chemicals. Ag is the best thing we have going for us in the Napa Valley. Let's not over building it at the same time. We have changed to much too fast. Costs are escalating at an alarming rate, and it feels as if the planning isn't happening, but rather reacting to requests. We need to have a proper planning commission not a reactionary team. Plan with public input and comment. Also remember who actually donates the majority of monies to the local communities. It is the wineries by a long shot.	8/24/2018 1:43 PM
987	Encouraging more creative community input into these issues. They should not be decided by developers and/or corporations. What do Youth think? Seniors? Families? I'd like to see an economy that props up the ideas that come forward.	8/24/2018 1:42 PM
988	no more motels etc	8/24/2018 1:40 PM
989	Reduce regulation. Let business prosper of their own accord	8/24/2018 1:40 PM
990	Get rid of the homeless camps and cleanup the area	8/24/2018 1:40 PM
991	streamlining permits	8/24/2018 1:39 PM
992	We need the older folks who are camped out in older houses not paying taxes need to move along and make room for FAMILIES who support schools through tax/wages.	8/24/2018 1:37 PM
993	affordable housing is at the heart of it	8/24/2018 1:32 PM
994	Economic vitality should not be hinged on growth. Agriculture should not include winery visits and events. Limit tourist visits to wineries will decrease the demand for ever increasing hotels and resorts. Winery permits should be made even harder to obtain. Ban suspected carcinogenic pesticides and herbicides. Diversify wine monoculture economy and promote higher paying industries.	8/24/2018 1:25 PM
995	Napa County should reward businesses for continuing to stay in Napa, employ people, and work within the county to better the over all community.	8/24/2018 1:22 PM
996	better communication between local agencies and between those agencies and the private sector outside of the permitting process	8/24/2018 1:13 PM
997	Support companies that bring growth to Napa	8/24/2018 1:09 PM
998	We need viable housing for the people who work here, not just part-timers! People who live here full time and have products to buy that aren't just for the tourist trade, will help the economy.	8/24/2018 1:01 PM
999	A lot of this has to do with a healthy economy. The cities and counties can offer tax incentives to redevelop rundown areas but these areas need to include some type of workforce housing component	8/24/2018 12:58 PM

## Napa County Strategic Plan Survey of Community Members

1000	Stick up for the wine industry, the majority are very good people that have been beat up on for several years.	8/24/2018 12:49 PM
1001	introduce unions to hospitality industry. let "rundown" areas alone so that low income people can live in peace. stop spraying pesticides.	8/24/2018 12:47 PM
1002	N/A	8/24/2018 11:44 AM

**Q13 Health & Human Services** What actions do you believe Napa County should take to support Health & Human Services in our community? As a reminder, in the previous section we defined Health and Human Services as: Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services) Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services) Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.) Access to Caregivers & Family Services (i.e. In-Home Support Services, child welfare services, foster care, reunification and adoption, engagement or collaboration between diverse populations)

Answered: 833 Skipped: 1,322

#	RESPONSES	DATE
1	LGBTQ Inclusiveness	10/10/2018 9:08 AM
2	Training of healthcare providers on LGBTQ issues and acceptance.	10/10/2018 8:58 AM
3	Mental health	10/9/2018 11:54 PM
4	provide mental health programs, child welfare service, Medical. Put an emphasis on helping families and seniors.	10/9/2018 10:54 PM
5	Mental health and social workers in the elementary schools please!! Working with entire families at the elementary school level! It takes a village, and villages are born in elementary schools!!	10/9/2018 9:56 PM
6	Said...	10/9/2018 9:53 PM
7	More transition help for handicapped people that age out of the school system. Structured programs for adults with autism	10/9/2018 8:54 PM
8	Hire dedicated and qualified staff that want to work. So many people are stuck in the gov jobs and it's impossible to motivate them or fire them after they've been in their job for a few years. No cell phones except on breaks.	10/9/2018 8:29 PM
9	Create "camping" and/or parking lots, for those homeless or living out of their vehicles (because there is no room for them at the shelter, do not want to live in those conditions, or... Use property in South Napa, near the Sheriffs, near Social Services, near public transportation. Give them privacy, bathrooms/showers, and dignity). Until people can get help they believe they need (job, benefits, or mental health assistance). Stop surprising the public by telling them they will be placing the mentally ill, drug or alcohol dependent in their neighborhoods (then calling the neighbors "NIMBY").	10/9/2018 7:37 PM
10	coordination of our mental health services with our public health services as a combined effort. Mental health is a health need and needs to be out of the shadows for families. Currently is it difficult as a family member to get access if your family member is an adult. This isn't just a Napa problem but something we need to develop an inclusive program for families for one stop help-become a leader. It isn't working on any level if you have an adult in your family who is experiencing problems- the Hippa laws need to change and we need to assist people on the edge. I know as a community we are trying and I applaud the efforts, we just need more. Support the drug prescription reporting laws and let the community know about these programs: remember we can't talk to the Doctors; the adults have rights but we do not have rights to save them.	10/9/2018 7:13 PM
11	Make jobs. Stop the free hand outs. Support the Conservation Corp, and other job making entities. Give people a.sense of pride that they can provide for themselves instead of making them dependent on free government hand outs.	10/9/2018 6:52 PM
12	Behavior and mental health services.	10/9/2018 6:19 PM

## Napa County Strategic Plan Survey of Community Members

13	No Comment	10/9/2018 6:03 PM
14	Everything here is important and should be expanded. Would be great to have a single point of contact for say a child who needs services.	10/9/2018 5:37 PM
15	Make transparent the metrics and demographics for each of these elements; otherwise you are only inviting input from those who work in/with each of these services - limiting informed input and support. After information dissemination invite input. Ron Rhyno	10/9/2018 5:23 PM
16	It is a horrible and demeaning experience when seeking help from Public Assistance programs whose staff seemed to be under-trained, not well educated and make the process so aggravating that help is unlawfully delayed or denied. A better stream-lined system is needed to FIX how these services are administrated and delivered to the community at large	10/9/2018 4:48 PM
17	We need more mental health services and services for older and lonely people. More apartment style housing for single older people.	10/9/2018 4:40 PM
18	Invest in prevention versus taking care of folks post incidents.	10/9/2018 4:32 PM
19	Equal attention to the first 3 areas; less to area 4.	10/9/2018 4:29 PM
20	anybody with their hand out should be encouraged to educate themselves to the bare minimum of what is required of adulthood, pass tests in a curriculum designed for parenting skills, conflict resolution, learning the language without being coddled and given excuses for not doing so	10/9/2018 4:14 PM
21	Unknown	10/9/2018 4:10 PM
22	Preserve staffing rather than cut it, and prioritize hiring bilingual staff. Proactively address issues related to public charge. Collaborate closely with nonprofit service providers on prevention efforts and to address unmet needs, including leveraging funding to expand services. Provide HHS resources consistently in the upper valley communities.	10/9/2018 3:37 PM
23	1. Day Care for Children is vital for working families where 2 incomes are needed for Housing, stability and Health. 2. Day Care for Seniors is needed for the same reasons as #1, to allow the family units to maintain their cohesive and caring needs. 3. The county can supply the buildings for these two day care suggestions, with the business run by Non Profits and not the county. Families will do a better job of care and finances.	10/9/2018 3:23 PM
24	If you have lived, worked in USA, paid thru payroll I have one answer - please keep as many services as you can afford. If you are new to our area, sorry, there's no free lunches in the Napa Valley.	10/9/2018 3:19 PM
25	Sound out DHHS staff, who are increasingly unhappy and ready to jump ship.	10/9/2018 3:13 PM
26	Other than some overt homeless ness by comparison to other cities Napa does not have a huge issue in this area.	10/9/2018 3:11 PM
27	Provide more mental health services in Napa across all communities to avoid these people trying to jump up overpasses and kill themselves by cop.	10/9/2018 2:24 PM
28	We need affordable health co-ops.	10/9/2018 2:20 PM
29	Mental health approaches to homelessness	10/9/2018 2:19 PM
30	This, along with social services described in question 14, is what government should focus on.	10/9/2018 1:57 PM
31	Keep affordable housing residents down town central to community activities	10/9/2018 12:36 PM
32	Medical should not be grabbing the gross income but the actual take home	10/9/2018 9:58 AM
33	Affordable medical care facilities for seniors and mentally ill. Affordable health care for all	10/9/2018 6:24 AM
34	A concentrated effort to support Senior housing, food access, transportation and a clear effort to help Seniors successfully age in place.	10/8/2018 5:19 PM
35	The "hub" system of access to care does create an easier access to services, and can create the opposite effect. There should be a more integrated approach to accessing services. Hiring for Child Welfare should require a higher level of skill and training to prepare them for a trauma informed approach to working with families and autonomy in thinking about looking at each family individually, and not just as a "case". Once someone is criminalized it is very difficult to get out of the cycle. The requirements make reentering life very difficult. Heavy fines, multiple appointments, and requirements make sustainability very difficult. There seems to be a gap in supportive services for low level offenders.	10/8/2018 3:45 PM
36	Acceso a servicios de salud pública (es decir, control y prevención de enfermedades contagiosas, respuesta a emergencias médicas y de salud, gestión de casos de enfermería de salud pública, visitas de enfermería a domicilio , Women Infant Children (WIC), y educación para la salud	10/8/2018 3:13 PM
37	Acceso a servicios de salud pública (es decir, control y prevención de enfermedades contagiosas, respuesta a emergencias médicas y de salud, gestión de casos de enfermería de salud pública, visitas de enfermería a domicilio , Women Infant Children (WIC), y educación para la salud	10/8/2018 2:54 PM

## Napa County Strategic Plan Survey of Community Members

38	cceso a servicios de salud pública (es decir, control y prevención de enfermedades contagiosas, respuesta a emergencias médicas y de salud, gestión de casos de enfermería de salud pública, visitas de enfermería a domicilio , Women Infant Children (WIC), y educación para la salud.)	10/8/2018 11:34 AM
39	Improved access to all of the above and community education regarding access and availability of services. .PEOPLE are the most important resource that we have	10/8/2018 10:59 AM
40	Acceso a servicios de salud pública (es decir, control y prevención de enfermedades contagiosas, respuesta a emergencias médicas y de salud, gestión de casos de enfermería de salud pública, visitas de enfermería a domicilio , Women Infant Children (WIC), y educación para la salud.	10/8/2018 10:42 AM
41	The County Supervisors should endorse a statement in favor of medicare-for-all. There are many uninsured people in the County as well as underinsured. H & HS needs to continue/expand mental health programs.	10/8/2018 9:50 AM
42	With the pending redefinition of Public Charge it is ESSENTIAL that the County rethink how it delivers services and put more resources into community organizations that can support individuals and families regardless of immigration status. The goal of HHS must be the health and wellbeing of the community NOT the perpetuation of high cost, low impact County jobs.	10/7/2018 7:14 PM
43	I'm not sure.	10/7/2018 4:07 PM
44	Invest in better outdoor spaces for people and pets. Napa County parks are very boring. Lawns, a few picnic areas, maybe a restroom. Few playgrounds for kids, outdated skate equipment, lack of updates to ball courts and fields, no interesting landscaping.	10/6/2018 1:18 PM
45	Severe problems with access to therapists/psychiatrists in the County system. Investigate why so many clinicians (especially psychiatrists) leave: pay? working conditions?	10/6/2018 1:03 PM
46	All the above	10/5/2018 3:19 PM
47	Plan for the future needs of the aged. Napa county is getting "older" in part because of the housing shortage.	10/5/2018 2:28 PM
48	invrementar los rangos de ingreso para calificar. u ofrecer otras oportunidades mas accesibles .	10/5/2018 2:22 PM
49	There still seems to be a lack of comprehensive services for the least advantaged of our community.	10/5/2018 11:50 AM
50	People must have jobs that provide health insurance.	10/5/2018 11:00 AM
51	In reality, we're quite fortunate in many of the services we have. Mental health care is, of course, a major issue (not just in Napa but in our country as a whole). We need to do better with nutritional assistance. Too many kids and adults endure "food insecurity" and this does not bode well for child development and future success. This issue is often under the radar, but is very, very real and has been made even worse because of the fear of deportation by many of our neighbors. (Even though we area a relatively "safe" community, the fear is real, it's palpable and it prevents people from seeking the services that are available to help.)	10/5/2018 12:44 AM
52	Support one payor insurance nationally	10/4/2018 5:00 PM
53	access to assistance programs, especially Veteran Services.	10/4/2018 9:22 AM
54	All of the above.	10/4/2018 8:21 AM
55	Mental health treatment is a must for all ages. Improving the capacity of non-profits to assist would be a strong start. Advocating for better state and federal assistance to stop the trend of jails becoming de facto mental institutions.	10/3/2018 4:33 PM
56	make early childhood development a priority	10/3/2018 11:33 AM
57	I don't know what is currently provided, or additional needs.	10/3/2018 10:53 AM
58	Access to Food banks and community gardens for those who struggle with food scarcity/accessibility needs.	10/3/2018 7:56 AM
59	AN OVERHAUL TO BETTER THE SERVICES ALREADY AVAILABLE. ACCOUNTABILTY AND MONITORING SO SERVICES ARE NOT ABUSED BY ILLEGAL PEOPLE WHO ALREADY BURDEN THE SYSTEM	10/2/2018 9:18 PM
60	I am certain that here as with everywhere in this country there is a definite lack of mental health services. We need more available alcohol and drug counseling programs to all income levels. Available mental health services prevents crime.	10/2/2018 12:30 PM
61	Support health services for farm worker's families that are so vital to the county.	10/2/2018 9:58 AM
62	This should be as important as any focus on tourism!	10/2/2018 9:54 AM
63	Access to Assistance Programs and Mental Health	10/1/2018 7:33 PM

## Napa County Strategic Plan Survey of Community Members

64	The homeless/vagrant situation is a real problem. In my neighborhood (Old Town) neighbors have had homeless folks sleep on their porches, wander into their yards, and in my case actually break into one of my outbuildings. I understand the issues of homelessness are complicated and may relate to substance abuse and mental illness. These people must be helped but the rest of Napa's residents and our tourist visitors should not be held hostage to homeless policies that clearly do not work.	10/1/2018 2:41 PM
65	Expand/replicate affordable clinics, like Clinic Ole, to better meet the medical and mental health demands of a population without sufficient medical coverage.	10/1/2018 12:35 PM
66	Mental health services, with emphasis on drug and alcohol addictions. PTSD is a huge problem with our veterans as well.	9/30/2018 6:30 PM
67	OFFER ALL ABOVE PROGRAMS.	9/30/2018 3:34 PM
68	It's not just to have access to care but to have access to QUALITY care besides it being affordable	9/30/2018 10:51 AM
69	Transportation to health services.	9/29/2018 7:35 AM
70	All of these are important to the total welfare. I would really hope that we can find ways to prevent people from winding up homeless and living on the streets and along our beautiful river, I shudder every time I drive into SF and see the spreading of homeless encampments on the highway intersections in Berkeley. We need, at the local level, to support legislation to compassionately commit mentally ill homeless to new kinds of institutions that seek first their safety, then assistance toward whatever level of society they can live in securely. Certainly, more unskilled or low-level skilled jobs would help. How that can be accomplished at the county and city level, I don't know. But it certainly would help if elected officials started speaking out about solutions and advocating for systemic changes.	9/28/2018 10:29 PM
71	Napa needs a community hospital	9/28/2018 1:27 PM
72	Making sure that all services being provided under the Health & Human Services area are culturally sensitive and responsive to those most vulnerable in the community (i.e. people of color, LGBTQ+, people with disabilities, religion).	9/28/2018 12:01 PM
73	I think you have covered them.	9/27/2018 6:25 PM
74	Support programs like COPE and Aldea	9/27/2018 3:55 PM
75	Access to public health services	9/27/2018 2:06 PM
76	Access to Caregivers	9/27/2018 1:50 PM
77	Increase staffing at the H&HS	9/27/2018 9:40 AM
78	Continue to make behavioral and mental health services accessible to the community.	9/26/2018 10:06 PM
79	Many avenues to which someone may get the help they need	9/26/2018 10:01 PM
80	Make the public bus go closer to Vallejo Kaiser, not drop off across the street. Impossible for our seniors to get to appointments there!	9/26/2018 3:08 PM
81	Everything listed is equally important.	9/26/2018 1:08 PM
82	make the grape industry pay their fair share. spend the money on social services.	9/26/2018 12:06 PM
83	Due to housing costs, I fear the "middle class" will start to require access to services they might have not otherwise needed. Continue to offer these services, and expand availability (and knowledge) about them.	9/26/2018 11:01 AM
84	I am frustrated with how these services are awarded. Some people in true need fall through the cracks. Others seem to have no problem with being granted services.	9/26/2018 10:46 AM
85	Clinic ole is a great start . Accessible health care to the middle class that are getting by but may find health insurance cost prohibitive . Please don't forget those above poverty line but struggling	9/26/2018 8:58 AM
86	Please set up a phone number to report mentally ill neighbors. 911 and/or the sheriff department are not equipped to deal with mentally ill neighbors.	9/25/2018 7:37 PM
87	Taking care of those who live here is important. Overall, I think Napa county does a reasonable job and has done many things already to help. Making Napa county more economically viable will help since people will need less monetary assistance (in theory). Mental health supports through public/private/nonprofit collaboration is important.	9/25/2018 6:57 PM
88	Continue transit/shuttle access from downtown to the Napa County Health and Human Services offices in the Corporate Park.	9/25/2018 4:26 PM
89	I'd like to see efforts to stem the rampant drug use among residents and especially youth. Make it cool not to take drugs again. The "normalization" of drug use has made it a huge issue. We need to address this! I am most concerned about our youth.	9/25/2018 3:57 PM

## Napa County Strategic Plan Survey of Community Members

90	Access to Behavioral and Mental Health Services	9/25/2018 3:51 PM
91	accessible public transportation system - this will increase to services	9/25/2018 3:03 PM
92	All	9/25/2018 3:00 PM
93	We have so many non profits in Napa County that assist in all of these aspects so I don't believe this is a priority for us	9/25/2018 7:19 AM
94	Hire more doctors for our population and geriatric specialists for our aged population. Increase Shuttle services broadly across all sectors to get people to the services they need.	9/24/2018 11:45 PM
95	NA	9/24/2018 10:58 PM
96	ccess to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	9/22/2018 9:10 PM
97	I believe that all of our public services could be expanded to serve lots more of our community members, but the stigma of getting needs to go away. There must be a change in the way it is presented or offered. We could do so much more for our community.	9/22/2018 5:08 PM
98	??	9/22/2018 4:36 PM
99	Continue to make adequate services available through staffing and public info ads on TV, print, and social media.	9/22/2018 4:00 PM
100	Make sure all of the above support is readily available in all parts of the county, esp. upvalley. Provide info and support. Develop lists of caregivers, counselors, other services, and make available.	9/22/2018 3:58 PM
101	all of the above with emphasis on children and women	9/22/2018 2:42 PM
102	Establish and assign resources toward rehab and rehabilitation services. Promote policing to reduce crime, truancy, and panhandling.	9/22/2018 11:58 AM
103	All of the above services need to be studied and implemented where the need is found.	9/22/2018 9:50 AM
104	it would be nice if wages and housing and shopping were just accessible without having to supply assistance to families making 50,000 - 100,000	9/21/2018 2:57 PM
105	-access to assistance programs -access to caregivers & Family services	9/21/2018 10:41 AM
106	Continue to promote existing services and ensure local access to those services (don't close down satellite offices)	9/21/2018 10:31 AM
107	not sure here!	9/21/2018 8:11 AM
108	Focus on Napa's long time seniors, and support low income children.	9/21/2018 6:18 AM
109	Access to Caregivers and Family Services: financial help, bilingual communications	9/20/2018 9:32 PM
110	Provide a reasonable amount of assistance, considering how the current federal administration is leading us down a bad road.	9/20/2018 9:09 PM
111	We clearly need mental health services available and be proactive in reaching out to lower income folks and the homeless.	9/20/2018 8:45 PM
112	Everyone should have affordable medical insurance, meet with local employers to hire local residents, invest in our teens to keep them away from drugs and trouble, have health and human services offices in Upper Valley, invest and don't forget our seniors.	9/20/2018 7:32 PM
113	Access to public health services	9/20/2018 2:17 PM
114	All of the above are important. Hopefully a new national administration will help	9/20/2018 2:15 PM
115	Support staff training to insure that HHS and other county staff are competent to work with and support LGBTQI members of the community, particularly people of color and those for whom English is not their primary language.	9/20/2018 12:01 PM
116	HHS can never get enough support. The people they serve truly need support.	9/19/2018 11:14 PM
117	Napa has plenty of health and human services, both govt and non profit already. Concentrate on helping the middle class	9/19/2018 6:17 PM
118	make sure undocumented residents can access services without the threat or fear of deportation or being considered 'public charge'.	9/19/2018 2:59 PM
119	Access to all of the above mentioned	9/19/2018 1:10 PM
120	Stop privatizing these services. Make them a county service.	9/19/2018 11:29 AM

## Napa County Strategic Plan Survey of Community Members

121	Napa County has done a fine job at promoting its Health and Human Services; however, a temporary program for farm workers who are temporarily laid off after the harvest for them to be able to file for unemployment before they are reinstated to their regular positions.	9/19/2018 11:19 AM
122	Abode is doing better, but you can and should house more of the homeless population rather than just treating them as criminals for camping by the rivers and drinking down their depression. Don't limit housing to those who are already sober and show up early, house everyone and make services available where they're housed.	9/18/2018 11:23 AM
123	Access to behavioral and mental health services	9/18/2018 11:12 AM
124	I am pleased with my access to Health & Human Services and wouldn't make any changes at this time.	9/18/2018 8:00 AM
125	Keep up that status quo	9/17/2018 8:53 PM
126	access to assistance programs and caregiver and family services	9/17/2018 5:13 PM
127	Support for Hispanic and lower-income services, foundations, collaborations, health care, health insurance advice, advocacy	9/17/2018 5:05 PM
128	We have an aging community, more aging services should be provided. We also have an alcohol and drug issue and we need more services for what our industry is supporting. This is not a Napa issue it is National, we need to be able to address the issues and make enhancements to employers and citizens that can make our community self sustainable.	9/17/2018 4:10 PM
129	all the above	9/17/2018 3:38 PM
130	What a terrific valley we live in with such a healthy and robust cooperation between the County and Grape Growers and NVV to support so many efforts with public/private partnerships!!! Whenever you are tempted to buy into the trope that wineries are "event centers" please remember that some of those events are to support the incredible charities that help to make organizations like Community Foundation and Collabria thrive.	9/17/2018 3:30 PM
131	There is a lack of places and opportunities for people to meet and engage with the community. If we provide more places for people to be social, perhaps this will decrease the major social isolation and alcoholism problem in the valley.	9/17/2018 2:17 PM
132	Focus on treatment and removal of mentally ill from greater society.	9/17/2018 1:49 PM
133	All of the above	9/17/2018 1:48 PM
134	Move your offices closer to the problem	9/17/2018 8:04 AM
135	This area seems to be sufficient, would not focus on it for the next 3 years	9/16/2018 5:35 PM
136	Making mental health and drug and alcohol services a priority.	9/16/2018 4:14 PM
137	Access to Public Health including mentoring all Napa residents to know what resources are available and help them engage them for the first time.	9/16/2018 12:36 PM
138	There needs to be easy access and info to these programs.	9/16/2018 12:07 PM
139	Doing good job now..keep up the effort	9/16/2018 9:20 AM
140	Provide services to the homeless. The problem will likely get worse in Napa in coming years	9/15/2018 7:32 PM
141	Ongoing stable and sustainable funding. Don't cut funds for services to our most vulnerable citizens Provide more funding to reduce food insecurity	9/15/2018 5:21 PM
142	All above	9/15/2018 1:49 PM
143	Mental health and public health programs protect us all. Please fund them well.	9/15/2018 12:29 PM
144	Focus resources on providing accessible and affordable programs for mental and physical health, especially preventative programs, and outreach to connect people in need of those programs.	9/15/2018 12:24 PM
145	Mental health and behavior needs to be addressed for the incarcerated. The current system does not really rehabilitate.	9/15/2018 12:08 PM
146	all	9/15/2018 12:03 PM
147	Create a more vibrant campaign to keep the community informed...make it personal and real. Be proactive. Com unite too the community that you do care about their mental, physical, and overall wellbeing by inviting them in rather than waiting for them to come	9/15/2018 11:38 AM
148	More information needs to be provided here. What are State responsibilities, what does NC currently pay for, what is supported by local non-profits who derive their financing from local auctions and donations.	9/15/2018 11:32 AM
149	no suggestions	9/15/2018 11:30 AM
150	Care giver and family services	9/15/2018 9:34 AM

## Napa County Strategic Plan Survey of Community Members

151	Public Health Services	9/15/2018 8:13 AM
152	We need access to health care at all levels that is affordable	9/14/2018 10:21 PM
153	Access to assistance programs	9/14/2018 9:54 PM
154	As the population continues to age in the county, we are losing available and necessary care facilities. There are few options in the up-valley area and no recovery or recuperation places. After surgery patients must go to Napa or Santa Rosa. In home care givers are extremely expensive and therefore only available to the affluent. We have excellent hospitals and Doctors but aftercare is expensive or lacking.	9/14/2018 9:27 PM
155	Mental health is a big one. Early education at junior high level regarding substance abuse would be good. Local hotlines and a community hang out for people to interact regarding ANYthing, including help for mental health would be amazing. Our health community should be education driven, not repairing something that didn't need to be broken.	9/14/2018 9:17 PM
156	Don't know.	9/14/2018 8:33 PM
157	I would concentrate on child abuse and domestic violence services. Otherwise, you're going to raise another generation of VIOLENT and angry kids. Seniors have whatever they get. Social Security is not enough, but that's Federal. The other stuff seems OK.	9/14/2018 8:23 PM
158	caregivers and family services help veterans mental health	9/14/2018 8:08 PM
159	Nothing.	9/14/2018 7:51 PM
160	Put access directives on website	9/14/2018 7:37 PM
161	Do not cut funding to behavioral & mental health services	9/14/2018 6:52 PM
162	Porque el servicio medico es tan alto no puede uno pagar los servicios medicos o el dentista y las aseguransas son muy caras	9/14/2018 5:13 PM
163	Need services In NAPA not out of the central Napa!	9/14/2018 3:34 PM
164	None of these apply to me. But I believe Veteran's services are critical anywhere and everywhere.	9/14/2018 2:51 PM
165	Perhaps more of a tourist 'heads to beds' tax?	9/14/2018 2:27 PM
166	Note that ours is an aging population and will require more services specific to this group.	9/14/2018 1:10 PM
167	Mental health facilities rate poorly in this ever growing problem	9/14/2018 1:09 PM
168	I don't understand why you're getting in the business of offering programs that are offered by the state. Sure educate and publicize but don't duplicate efforts.	9/14/2018 12:18 PM
169	Dedicate a larger percentage of the County budget to support and sustain these programs.	9/14/2018 11:24 AM
170	Access to family and caregiving services, Drug and alcohol counseling, rehabilitation programs for people reinterring into the work force.	9/14/2018 10:46 AM
171	having these assistance programs more available and more widely known. County giving them more funds and opportunity to help.	9/14/2018 10:40 AM
172	Keep supporting these services.	9/14/2018 10:22 AM
173	Be aware of impacts of vineyard, winery and tourism industries on need for public health services and make those accountable for their impacts.	9/14/2018 9:48 AM
174	Support services for working parents (county childcare programs); healthy facilities in public buildings (ventilation/heat/air conditioning and public restrooms spread illness), provide information (access), in sign for the deaf, Spanish, etc and in locations that those making 50% and less of the median income can find it (bus stops and station, parks, schools etc).	9/13/2018 7:37 PM
175	More community garden spaces where volunteers can come together to grow fresh food for those in need. Instead of decorative trees, they should be fruit trees that can be harvested by those in need.	9/13/2018 4:40 PM
176	Acesso a mas servicios públicos.	9/13/2018 4:20 PM
177	Acceso a programas de asistencia pública (es decir, Medi-Cal, CalWORKS (Asistencia para conseguir empleo), CalFresh (asistencia alimentaria), servicios para veteranos)	9/13/2018 2:37 PM
178	Expand social worker services for senior community members. We need case managers as many seniors have complex health and social issues.	9/13/2018 1:33 PM
179	Need for transportation to HHS campus for clients, now that bldg is so far removed from town. Tend to families' basic needs first.	9/13/2018 12:35 PM
180	HELP OUR AGING POPULATION, POOR FAMILIES.	9/13/2018 11:46 AM

## Napa County Strategic Plan Survey of Community Members

181	While I think all of the things above are important, I'm not really sure what the county currently offers.... So... access? Information?	9/13/2018 10:20 AM
182	Ensure HHSA is using results based accountability and Government Alliance on Race and Equity Framework to improve efficiency of services. In particular, reduce the time it takes to get assistance to complete and process applications for service.	9/13/2018 8:15 AM
183	Access to behavioral health	9/13/2018 6:42 AM
184	The county should financially support the local hospitals as they are a substitute for a County Hospital and Kaiser doesn't take ER patients from the general population.	9/12/2018 9:33 PM
185	Increase the programs available to all residents in need of these services.	9/12/2018 8:47 PM
186	I'm not sure we will ever be able to effectively address the mental health issues since compliance is always an issue. Perhaps we need to do more to conserve those individuals who truly are a danger to themselves/others and stop ignoring them/allowing them to continue to live their self-destructive lives. There are ways but we choose not to address these issues.	9/12/2018 7:24 PM
187	Sub station or office within Town limits, more outreach within the community not just out there by the DMV. Should have office at hospital or clinic Ole for drop in hours to fill in medi cal forms.	9/12/2018 5:31 PM
188	The homeless have inadequate nutrition available to them creating more health issues and emergency response when diabetics at the homeless shelters have little to no access to nutrition.	9/12/2018 4:47 PM
189	Focus on support of low income and homeless families and community protection.	9/12/2018 3:15 PM
190	Provide/support access to care sites throughout the valley (Am Can to Calistoga).	9/12/2018 3:10 PM
191	Continue to aid transportation to the new facilities. Bus passes-Uber for disabled population. IHSS pay commensurate with industry standards.	9/12/2018 1:49 PM
192	Have a county representative visit homeless encampments and explain available services. Create a labor board for the hospitality and food service industry so that the minimum wage for that sector is indexed to the cost of housing within the county.	9/12/2018 1:20 PM
193	Access to programs to support empowerment & health of all community members	9/12/2018 12:20 PM
194	Access to mental health and caregiver services	9/12/2018 9:41 AM
195	More publicity	9/12/2018 7:56 AM
196	Focus in providing mental health and drug recovery services. I do not support giving free health services to everyone that claims to be low income, without a proper vetting process which is not being done right now.	9/12/2018 6:10 AM
197	Acceso a servicios de Lali y salud mental	9/11/2018 10:53 PM
198	Providing LGBTQ funding and services Ask LGBTQ info on forms (SOGI data) LGBTQ visibility and welcome LGBTQ health services Connection to LGBTQ community resources LGBTQ senior advocate LGBTQ veterans services	9/11/2018 6:45 PM
199	Access to assistance programs.	9/11/2018 5:11 PM
200	Use media (Napa neighbors) to publicize how (with real phone #s with real People on the other end) to contact these departments. Give talks at the library about these services.	9/11/2018 4:32 PM
201	access to behavioral and mental health services	9/11/2018 4:04 PM
202	good	9/11/2018 3:51 PM
203	I'm not sure	9/11/2018 3:28 PM
204	Thank you to Health and Human services, but they can do better. Cultural and LGBTQ training are necessary and need to happen way more often with in the department. Better you customer service skills. You deal with tough people, but not everyone is like that. We deserve to be listened to and understood. Increase support from our political candidates and elected city council/supervisors. Come to our events, be present, represent everyone you serve.	9/11/2018 1:58 PM
205	Expend the services of Ole Health (more doctors, easier access to specialists, shorter wait times)	9/11/2018 1:27 PM
206	There is a lack of qualified Early Childhood Development Teachers that are needed to work at childcare and preschool programs so parents can work and children can get ready for kindergarten. Provide funding to attract qualified individuals and for residence to go into this field.	9/11/2018 12:42 PM
207	Continue to provide increased access and availability for behavioral and mental health services	9/11/2018 12:09 PM
208	I would like to see our dedication to mental health services doubled.	9/11/2018 10:49 AM
209	Que todos podamos tener acceso a servicios medicos gratuitos o accesible a nuestro presupuesto	9/11/2018 10:05 AM

## Napa County Strategic Plan Survey of Community Members

210	Que el nivel de ingresos que solicitan para calificar en los programas sea el adecuado a las personas ya que en ocasiones piden un ingreso demasiado bajo y hay personas que no califican pero tampoco tienen la suficiente liquidez para adquirir los servicios de particulares.	9/11/2018 10:01 AM
211	Acceso a servicios conductuales y de salud mental (medi-cal, calworks, asistencia para conseguir empleo. CalFresh asistencia alimentaria servicios para veteranos.	9/11/2018 9:30 AM
212	todo lo anterior	9/11/2018 9:21 AM
213	RESEARCH AND PUT TEAMS TOGETHER TO IDENTIFY THE NEEDS FOR THESE SERVICES	9/11/2018 8:52 AM
214	More meetings in minority languages on all issues and minority housing dispersed thru all school districts.Mk	9/10/2018 4:16 PM
215	Listen to the needs of human service officials and fund their programs appropriately. Explore public-private partnerships and work with educational community and hospitals.	9/10/2018 4:07 PM
216	Increase taxes to pay for mental health issues. This would help with the homelessness. Keep public aware of any health issues that they could do something about themselves.	9/10/2018 3:37 PM
217	Mental Health services and facilities for youth, especially those in crisis, must be substantially increased.	9/10/2018 3:15 PM
218	Access to all	9/10/2018 1:53 PM
219	Access to medical coverage must be made easier.	9/10/2018 1:47 PM
220	Support all wellness programs, e.g. healthful eating, outdoor recreation.	9/10/2018 1:46 PM
221	MediCal requirements need to be adjusted to a higher \$ for clients to have in savings. HHS needs to adjust the amount of food stamps for elder people who have to go hungry because they have more medical costs for meds etc and not enough for food all month. Affordable and reliable caregivers needed for the influx of older adults needing assistance.	9/10/2018 1:35 PM
222	Easy access to services and information through various locations	9/10/2018 1:17 PM
223	Track seniors and at-risk groups to do preventive outreach.	9/10/2018 1:10 PM
224	Increase public mental health services.	9/10/2018 11:49 AM
225	Access to Caregivers & Family Services.	9/10/2018 11:46 AM
226	School programs around drug use, depression, resiliency, and services to meet those needs. Our community sorely lacks adequate mental health services.	9/10/2018 9:50 AM
227	More programs or day treatment services for mental health more therapists and psychiatrist and more financial help	9/10/2018 9:32 AM
228	The needy are one thing but cultivating dependence is another. You have to rethink the "punch bowl" approach to homelessness, low income housing, food stamps, etc.	9/9/2018 8:13 PM
229	None	9/9/2018 6:07 PM
230	The new system at the crisis center (Exodus) is doing a huge disservice to our community and scaring people away from getting help. Poorly managed and unethical. Should be run like it was before when it was county workers.	9/9/2018 5:26 PM
231	No answer	9/9/2018 4:58 PM
232	All of the above	9/9/2018 4:27 PM
233	Those on a limited budget need a place to walk to, especially the elderly. The closing of the Jefferson St. Safeway is a prime example of this town not having the moral fortitude to help those who need it most. It's time to lower the boom and boycott Safeway on Trancas. It is a lousy store for parking, service and the work "courtesy" is an unknown quantity.	9/9/2018 11:53 AM
234	All these services should be available from NON-PROFIT providers. Medical care for profit should be outlawed!!	9/9/2018 11:40 AM
235	Access to programs.	9/9/2018 11:19 AM
236	Mental help needs to begin in school and more access to it.	9/9/2018 10:07 AM
237	Advertise services using social media.	9/8/2018 8:07 AM
238	More access to affordable urgent cares.	9/7/2018 9:26 PM
239	Providing quality and easily accessible services for all ages with a focus on behavior and mental issues may provide the foundation needed for the other services to be successful	9/7/2018 6:20 PM
240	Same as above -- joint conversations throughout the county with representation from all stakeholders.	9/7/2018 3:31 PM

## Napa County Strategic Plan Survey of Community Members

241	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services)	9/7/2018 2:27 PM
242	Free preventative inoculations and T.B. tests-Free STD testing-Communicable DISEASE INTERVENTION READINESS	9/7/2018 12:43 PM
243	Wellness centers at every school and investing in hiring more counselors for each school to increase awareness around mental health for youth.	9/7/2018 10:01 AM
244	Contratar mayor personal(capacitado) para asistir a las familias en diferentes areas de salud.	9/7/2018 9:08 AM
245	Create awareness of the programs already in Napa for these types of services.	9/7/2018 9:01 AM
246	First, identify and remediate those human activities in the community that cause harm to human health. To prevent harm to human health reduces the need for public health services. Prevention should take priority over intervention.	9/6/2018 10:50 PM
247	Daycare/childcare programs for children with disabilities	9/6/2018 9:49 PM
248	People need all the help they can get when their times are tough. Money is always the issue, so where does the money come from? Taxes! Who pays the most tax? The middle class! It's time for those who can afford it most can the most tax i.e. tax the wealthy.	9/6/2018 4:32 PM
249	Increase access/availability to mental health case management for children and adults	9/6/2018 3:40 PM
250	Increase behavioral and mental health services	9/6/2018 3:30 PM
251	Clearer communication on the various support services currently in the Napa Valley.	9/6/2018 2:24 PM
252	Staff the agency with grater non Latino staff members. This is not a prejudice issue, but the opposite. Proven fact remains that a Latino bias exists among the staff at HHS.	9/6/2018 1:47 PM
253	Elevate importance of behavioral and mental health services	9/6/2018 11:48 AM
254	Acceso a programas de asistencia pública (es decir, Medi-Cal, CalWORKS (Asistencia para conseguir empleo), CalFresh (asistencia alimentaria), servicios para veteranos).	9/6/2018 11:07 AM
255	rapid assistance on how to navigate the different steps to obtain assistance	9/6/2018 10:13 AM
256	Absolutely! All health and human services are important. I have seen cases, however, whereas In-Home Support Services, for whatever reason, seem to fall short in their evaluations.	9/6/2018 9:41 AM
257	Provide mental health access for suicide prevention and reduced violence. Programs to better support homeless should be in place, but more enforcement is needed for those that do not accept help. The homeless centers are hubs for those that want to loiter and buy/sell/do drugs.	9/6/2018 8:45 AM
258	There needs to be more access to counseling services for youth.	9/6/2018 8:40 AM
259	None	9/6/2018 8:03 AM
260	coordination amongst health givers	9/6/2018 6:23 AM
261	more public announcements	9/5/2018 6:59 PM
262	None	9/5/2018 6:03 PM
263	Collaborate more with community organizations to co-locate services in the neighborhoods where the community receives services. Do more outreach to the community and be more integrated in the communities throughout the county.	9/5/2018 5:35 PM
264	We need to put a bigger emphasis on mental health. As a community, we need to support programs that can help prevent alcohol and drug addiction and suicide. This takes money and education. Government needs to get the word out about the seriousness of these problems and promote programs that reduce mental health issues.	9/5/2018 5:25 PM
265	Work with Kaiser Permanente to establish a care center in Napa.	9/5/2018 4:44 PM
266	HHS has a beautiful campus, but ensuring access to services is critical. Consider co-location with other entities and/ or identifying ways for people to access services using technology so that they do not have to travel to Napa Valley Corporate Drive	9/5/2018 4:36 PM
267	Help educate younger folks on the benefits that are available. A lot of them suffer and go hungry when they actually qualify for assistance. Beef up mental health services--there are a lot of people in crisis these days and we need more mental health services than ever.	9/5/2018 4:02 PM
268	Having more support to eliminate waiting list for over 6 months.	9/5/2018 2:12 PM
269	Access to Public Services, more Community Centers	9/5/2018 1:46 PM
270	Access to Public Health Services	9/5/2018 12:42 PM
271	access to behavior and mental health services without stigmas usually attached	9/5/2018 12:40 PM

## Napa County Strategic Plan Survey of Community Members

272	Bench-mark current state of target populations in all the above areas, and set goals and strategies and define roles of County, Cities and Fed govt, and NGO's, how they will coordinate.	9/5/2018 12:20 PM
273	Dedicar mas fondos para el area de salud mental. Mas servicios en Español para reducir la listas de espera. Servicios para niños y adultos. Mas acceso para personas sin aseguranza medica.	9/5/2018 11:39 AM
274	AAcceso a programas de asistencia pública (es decir, Medi-Cal, CalWORKS (Asistencia para conseguir empleo), CalFresh (asistencia alimentaria), servicios para veteranos) \ n	9/5/2018 11:37 AM
275	AAcceso a programas de asistencia pública (es decir, Medi-Cal, CalWORKS (Asistencia para conseguir empleo), CalFresh (asistencia alimentaria), servicios para veteranos) \ n	9/5/2018 10:57 AM
276	I think it is important to get our community educated about mental health. Now days we see that many people from our community need the help and many of us don't know how and what we can do to help.	9/5/2018 10:27 AM
277	Access to public health services.	9/5/2018 10:20 AM
278	Work with existing services (Napa Valley Community Foundation, Clinic Ole, etc) to develop Private/Public responses to each of these issues. Support the non-profit community with funding rather than create new services within the county (e.g., leverage gov't funding with exisitng programs rather than create new ones).	9/5/2018 9:14 AM
279	Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.)	9/5/2018 8:50 AM
280	The negative stigma needs to be removed, a lot of people especially in the Latino community don't seek help because it is looked down upon not only by their own community but by the society as a whole.	9/5/2018 8:43 AM
281	Stop youth football Harm prevention center, allowing information to be available Otherwise kids are sitting ducks, dare lies and our service industry is riddled with "cocaine" which when tested with reagents reveals 0 cocaine but cathinones and other designer drugs. This poison only thrives due to cognitive dissonance. There are also many individuals on prescription meds in town that are dangers to themselves and others, from the bar to the car, home and work Actual woman's health clinic with pro choice / science position. Religious culture in town makes many teen moms	9/5/2018 8:39 AM
282	Napa does a good job of identifying needs but often help is not available at locations easily reached by disadvantaged people.	9/5/2018 8:13 AM
283	Increase mental health services	9/4/2018 11:27 PM
284	Support policies that impact older adults that is the largest growing demographic in our County and monitor new AAA closely	9/4/2018 8:34 PM
285	There need to be more opportunities and programs for people with disabilities. They play a vital role in our community and can enrich everyone's lives if given the opportunity.	9/4/2018 7:50 PM
286	Veterans and caregivers	9/4/2018 6:33 PM
287	Increase surplus food delivery options. Consider increasing childcare options and reduced fees for disadvantaged parents.	9/4/2018 5:52 PM
288	Health and Human Services must be fully funded to provide services especially to the underserved, specifically the workforce in Napa County. These are not budget items to be skimped on.	9/4/2018 5:33 PM
289	Health and mental health is a priority to me.	9/4/2018 5:20 PM
290	With a fast-growing aging population, health services and access to food is very important, particularly for a population that is less mobile. Again, housing, particularly transitional for those with mental health issues should be available.	9/4/2018 5:19 PM
291	Homelessness is a huge issue. Focus on getting those with mental health issues off the streets and into supportive housing. The proposed Valle Verde / Gasser proposal is a vital piece in this.	9/4/2018 4:19 PM
292	Seek to contract with local-Napa based service providers that are doing a good job, meaning, they are achieving results with measureable outcomes. Priority should be given to in-county providers that are cost effective.	9/4/2018 4:14 PM
293	Everyone should have access to quality health care.	9/4/2018 3:00 PM
294	all of the above	9/4/2018 1:49 PM
295	Continue to support/fund mental health services related to the October 2017 Firestorm.	9/4/2018 1:25 PM
296	que sea mas accesible para poder calificar a medical , estampillas etc.	9/4/2018 12:00 PM
297	Hire more eligibility workers because cases have 3 month wait at the CSOA office.	9/4/2018 11:34 AM

## Napa County Strategic Plan Survey of Community Members

298	There are not many mental health professionals in this County accepting new patients, and there are few community-sponsored or non-profit mental health centers for lower income families. See HOPE Counseling Center in Sacramento and Roseville for great example of community-based counseling services.	9/4/2018 11:15 AM
299	Focus on Public Health Services, inclusive of investment in primary caregiving facilities and the provision of workforce housing opportunities to attract and retain quality healthcare professionals in Napa County.	9/4/2018 10:22 AM
300	Take care of the mentally ill drug-addicted homeless. Create a safe space for them and get them off the street	9/4/2018 10:12 AM
301	Access to behavioral and mental health services	9/4/2018 7:20 AM
302	Utilize the affordable vaccination services of the County by reminding the public that these services are available at very affordable rates. General public use would help subsidize the services.	9/3/2018 8:36 PM
303	Providing more specialized and comprehensive health services within Napa County would be great for residents - I've seen friends and family travel to Vallejo, San Francisco, Santa Clara, and Sacramento for treatment because that's where the providers are. This is a hardship for people with health issues. Facilitate development of medical campuses to more fully serve the community.	9/3/2018 7:56 PM
304	health services to help all needy with respect	9/3/2018 5:02 PM
305	Ensuring our low income and homeless families have access to the resources they need.	9/3/2018 3:41 PM
306	We need more IHSS workers, and the only way that may be resolved is to pay them what their worth. They are so underpaid and so needed.	9/3/2018 11:52 AM
307	Create a single services wide case management system that identifies the largest user of government, hospital and private non profits services and manages those cases to be more cost efficient.	9/3/2018 11:40 AM
308	Create more public awareness of what exists.	9/3/2018 9:47 AM
309	Access means ease (to and from appointments),affordability of all needs, mental, physical, emotional. We have some amazing, free availabilities and getting the word out is demanded, in at least 2 languages. Preventative services readily available, without judgement of race, econ status or need.	9/3/2018 6:54 AM
310	Access and awareness to above seems to be improving. Health can be improved with more carefully controlled use of agricultural applications.	9/3/2018 3:46 AM
311	Behavioral Health	9/2/2018 10:39 PM
312	More mental health support for teens and homeless that is not so hard to access	9/2/2018 7:55 PM
313	Track any successes that San Francisco is having over the next three years with their new programs. Get these homeless camps away from riparian areas that are being polluted with garbage/waste.	9/2/2018 2:17 PM
314	Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
315	Access very important	9/2/2018 1:17 PM
316	Partner with other surrounding counties instead of repeating services - more cost efficient	9/2/2018 11:50 AM
317	Affordable senior care for those that do not have extended families or sufficient funds. Example - senior helpers is \$28/ hour with a minimum of 3 hours. Care will force seniors to leave the community.	9/2/2018 11:09 AM
318	I see a large need for increased support around mental health. I work in an elementary school and see many students who need support, yet are put on a waiting list for up to a year to get the help they need. Early intervention for mental health supports could possibly decrease the need later in life.	9/2/2018 8:07 AM
319	Access to all of the above is vital, but funding depends on increasing the local tax base by growing the local economy. We can't just continue to maintain what we have using auction donations.	9/2/2018 4:48 AM
320	My impression is that Napa is doing well here. Access to healthcare through organizations like Clinic Ole is both widespread and effective. We have a long history of caring for veterans and the mentally ill. We should continue this good work, paying particular attention to the most unfortunate among us, providing them compassionate access to the services they need to put their lives back together.	9/1/2018 8:16 PM

## Napa County Strategic Plan Survey of Community Members

321	We should not help the homeless to stay homeless and not encourage in this county. Let them leave and go to San Francisco to get everything free...make them go get training and cleaned up to work if they want to stay in Napa County. Build a hospital here like Sutter Health to make healthcare easy and less expensive for businesses/wineries that are here and make it so Napa County saves money by having a deal with this new health system.	9/1/2018 4:28 PM
322	Need to have facility for police to take 5150's with follow up evaluation/treatment; fix caregiver website so can do search using person's name AND enforce with penalties if no license;	9/1/2018 4:00 PM
323	I once worked for Medi-Cal. If eligibility is similar there will continue to be persons in need but not quite eligible. I do not have a solution.	9/1/2018 4:00 PM
324	Mental health services	9/1/2018 3:32 PM
325	All of the above	9/1/2018 1:18 PM
326	There needs to be a focus on the ballooning homeless population, whether it's though housing options, mental health assistance or stricter enforcement. Access to food assistance is also important as the cost of living here is outrageous and adds to inability to afford healthy food.	9/1/2018 12:25 PM
327	Health & human services needs ongoing support; solid leadership from a person who is invested in our community; (glad Mr Himes is gone); priority to underserved populations and prevention services. CWS a high priority as children must be kept safe. CWS must be recognized as 1st responders and given support to ensure staff recruitment & retention and quality to families served by cws	9/1/2018 10:35 AM
328	Encourage more collaboration between nonprofit healthcare providers	9/1/2018 8:47 AM
329	Open another urgent care clinic.	9/1/2018 8:41 AM
330	Access to public health services	9/1/2018 8:41 AM
331	If Napa diversified away from tourism and vitaculture, plus limited the number home rentals one person could own and reduced homeowner taxes, you would have an influx of more professionals and there would be less need for these services as educated and invested professionals would lift the whole economy, not just increase the bulge in the pockets of the super wealthy. Limiting the ratio of rentals to owned home to being 20/80 by limiting the amount of rentals one person could own to only 2 rentals would correct a huge imbalance in Napa and restore neighborhoods and communities to vested families.	9/1/2018 8:31 AM
332	If possible make access to all the above easier.	9/1/2018 8:13 AM
333	I don't know if we have a problem here. If so, hire more professionals.	9/1/2018 7:40 AM
334	Better and proper funding to allow for more employees to assist clients in a timely manner.	9/1/2018 5:49 AM
335	provide a healthy alternative to the county's allocation of services ie, drug and alcohol programs	8/31/2018 10:48 PM
336	More services and access to them. People to help others to get the help they need	8/31/2018 9:28 PM
337	Same thing essential mental health services inaccessible in a human unfriendly environment way outside of town in a puzzle or maze of buildings not user friendly in the best of situations. Harsh n dangerous for folks in high risk mental states. Really poor planning horrific no foresight planning.	8/31/2018 8:19 PM
338	If the county provides a service, that service should be returned to the county in some form by the recipient.	8/31/2018 6:46 PM
339	More focus on danger of all alcohol. I will	8/31/2018 6:33 PM
340	Keep up the good work and keep improving upon all of the above.	8/31/2018 6:24 PM
341	Caregivers and family services need to be expanded, especially up-valley, where these services are limited for the elderly.	8/31/2018 5:47 PM
342	Need to invest more money into these programs and work with state legislature to improve access to mental health services and associated support	8/31/2018 5:43 PM
343	Open and support more health clinics, up and down the valley, for access to simple health support at an inexpensive cost. Provide in-home health services to elderly, to support living at home.	8/31/2018 5:19 PM
344	We've seen many mental-health related incidents this year that had far reaching consequences for the people who live in this valley. Clearly we're missing something, surveys or something need to be done to see where we're falling short.	8/31/2018 4:37 PM
345	Begin with mental health. Coordinate programs with the state. Perhaps a rehab on state property at NSH. Place an intermediary (or rehab), facility along the Soscol corridor (within the city of Napa but south of Third), near the Shelter.	8/31/2018 4:32 PM
346	Mental health services	8/31/2018 2:47 PM

## Napa County Strategic Plan Survey of Community Members

347	a percentage of housing to be given to homeless like houseing did. an area for tent city since will be around	8/31/2018 2:27 PM
348	Higher proportion of hotel taxes and other tourist fees spent on services for residents.	8/31/2018 2:21 PM
349	Easier access to the available resources.	8/31/2018 2:01 PM
350	Access to information of available services	8/31/2018 12:30 PM
351	Promote the how families can benefit from those programs.	8/31/2018 12:15 PM
352	The health and human services and programs provided by the county are intended to support the most vulnerable people in our community. These populations are almost always the most overlooked in terms of engagement. The county should actively engage the entire community to increase awareness of the services offered by the county and also specifically include people of color, people of low-socioeconomic status, and the LGBTQ community in planning and development of programs. Solutions that are designed WITH the community work far better than those that are designed FOR the community. The County should also take a systems approach to eliminating the conditions that cause health disparities and the high need for human services. This means understanding how policy decisions impact health and applying that lens to government work.	8/31/2018 11:56 AM
353	Move HHS to the Admin Building and create better proximity to clients. They are way too far away from the folks they need to serve.	8/31/2018 11:40 AM
354	All of these are essential services. Mental and Behavioral Health Services would benefit from improved access paths and coordination between services.	8/31/2018 11:40 AM
355	Access to Behavioral and Mental Health Services. Caregivers & Family Services	8/31/2018 11:32 AM
356	- To prioritize Social Determinants of Health and how HHS has and could continue to partake in order to make systemic changes that will help improve health and well-being of our whole community. -continue to support and encourage partnership and collaboration with Community Based Organizations in order to provide diverse access points fro all services mentioned aboved (programs, mental health, etc)	8/31/2018 11:25 AM
357	We need more Eligibility workers at the county. Applications for these programs take way too long to be processed leaving families in limbo without access to services.	8/31/2018 11:24 AM
358	Napa County needs to focus on ALL the health and human services Napa has to offer. Access to Assistance program, behavioral and mental health services, public health services, and access to caregivers and family services. Each individual access helps people from Napa, but together it will allow the county receive all the necessary help its people needs to continue living a healthy life.	8/31/2018 11:12 AM
359	More education on how to access and utilize these resources on a macro level.	8/31/2018 11:09 AM
360	Access to assistance Programs, Access to Behavioral and Mental Health Services , Access to Public Health Services, and Access to Caregivers & Family Services.	8/31/2018 11:05 AM
361	Access to governmental programs like MediCal etc	8/31/2018 10:58 AM
362	Evaluate and support programs to help with the root causes of poverty (eg. Napa Circles Initiative), Advocate for policies that lessen the "cliff effects" when benefits cease as clients see modest increases in income, etc. (One solution would be to advocate for proportional decreases in government benefits as a client's income rises through self-improvement.)	8/31/2018 9:24 AM
363	Public health services. Food banks and food services for those in need.	8/31/2018 8:55 AM
364	Mental Health Services!!!!	8/31/2018 7:50 AM
365	ignoring mental health issues is self defeating and a drag on LEO's	8/31/2018 6:19 AM
366	Job training, job placement. The more free stuff we hand out, the more homeless people we have. It is out of control. Everywhere I go there are help wanted signs, now hiring signs and there is that segment of the population that won't work. They are living on the Napa river banks, in the bushes, under the overpasses. Don't let Napa turn into San Francisco. Enough said!!!!	8/31/2018 1:16 AM
367	rapid response to mental health services.	8/30/2018 6:46 PM
368	I think we are doing pretty well in this area, with the possible exception of mental health services. Making more services available to the homeless population with drug and mental health issues is important.	8/30/2018 5:04 PM
369	Mental health services are the most important to avoid homelessness, drug addiction, and resulting crime.	8/30/2018 4:26 PM
370	HHS is fabulous...need more money for substance abuse programs and programs to help out mental health patients, especially that have a record.	8/30/2018 3:49 PM
371	Make sure those in the community understand what is available and all 'access' as defined above is necessary to help ensure a physically and mentally healthy community.	8/30/2018 2:41 PM

## Napa County Strategic Plan Survey of Community Members

372	Continue to support access to these services but no need to increase their size beyond the needs of those who already qualify	8/30/2018 2:33 PM
373	Mental Health outreach~ in a non threatening setting, even if it's just hosting relaxation clinics to manage PTSD from the fires. Families are struggling. Health education on processed foods and healthy, affordable alternatives. Nutrition is huge and can reduce healthcare costs. Use Compass in Sonoma, or maybe Synergy as guides.	8/30/2018 2:20 PM
374	Pursue funding for more programs, hire more health educators, look for grants to address more integration in our community. There are two napa's - one for locals and one for tourists and they are separated. Why can't we be combined?	8/30/2018 1:21 PM
375	no opinion	8/30/2018 12:50 PM
376	Support the use of Place based services to increase relationship and use with the diverse wider community and involvement	8/30/2018 12:49 PM
377	Make information available of all of the services to the public through direct mail. (especially to seniors not able to use the computer)	8/30/2018 12:12 PM
378	Our community needs better access to Behavioral and Mental Health services. Improvement in this area will help with all of the other issues that face those at greatest risk for using the system in other ways.	8/30/2018 12:03 PM
379	All of the above	8/30/2018 11:51 AM
380	Maintain a level of funding that allows these services to continue at current levels and expand where needed. These programs support the most vulnerable in Napa County.	8/30/2018 11:44 AM
381	Mental health services expanded	8/30/2018 11:19 AM
382	Not sure	8/30/2018 11:17 AM
383	Improve training of in-home care givers by offering training at Napa Valley College.	8/30/2018 10:46 AM
384	In addition to access to all services, attention to training caregivers to adequately meet the needs of those in their care, and responsible oversight of caregiving activities.	8/30/2018 10:34 AM
385	The anti-vaxxers in the area are terrifying - we need comprehensive vaccination education and a public health plan for outbreaks	8/30/2018 10:16 AM
386	The greater the economic vitality is for our valley, will increase the funds to keep programs like this alive (clinic ole, etc) BUT, this really needs to be driven from the top down when we get a president that understands public health is critical.	8/30/2018 9:45 AM
387	Build more affordable housing for seniors	8/30/2018 9:01 AM
388	Doing OK on this one	8/30/2018 8:32 AM
389	Doing OK	8/30/2018 7:05 AM
390	Those extra buildings at the Napa State Hospital must be retrofitted for homeless families. Say create a bunch of 1000 SF areas for homeless families in those vacant long old dormitory buildings. Doing anything with them is better then leaving them empty. It is an embarrassment that they are not being utilized for something constructive. Same with the vacant buildings at the Cal Vet Home.	8/30/2018 3:37 AM
391	The homeless need a year round shelter and a real food back ran by our city not a private church. It should be open EVERY DAY! Napa valley can afford to feed it's people!	8/29/2018 10:12 PM
392	All of the above	8/29/2018 10:08 PM
393	Mental Health Diseases need to be treat to reduce social program cost for jails, homelessness, and many other services. Can we somehow determine how to force medicate in a dignified and properly supervised manner to help those in need. Eliminated food insecurity in our bountiful county, thereby reducing those related cost to our society.	8/29/2018 9:47 PM
394	Review rules governing access to assistance programs and behavioral and mental health services to identify unintended barriers	8/29/2018 9:29 PM
395	More services available for working folks, those or that have kids that need mental health services.	8/29/2018 9:25 PM
396	Access to Caregivers & Family Services (i.e. In-Home Support Services, child welfare services, foster care, reunification and adoption, engagement or collaboration between diverse populations)	8/29/2018 9:08 PM
397	Limit time availability to government assistance..make them get off their butts and work like the rest of us.. if they are here illegally do not help them. Escort them out of town.	8/29/2018 8:41 PM
398	More communication within communities!	8/29/2018 6:55 PM
399	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM

## Napa County Strategic Plan Survey of Community Members

400	Mental Health should be a priority.	8/29/2018 6:20 PM
401	Reduce all the "free" assistance programs.	8/29/2018 6:14 PM
402	Mental health is a real risk for the community. Making more public the services available, continuing public outreach (ie, such as the Homeless fair at Fuller Park a year or so ago- it helps to make it public and more accessible). would like to see more of these.	8/29/2018 6:09 PM
403	Ofrecer servicios a horarios cuando la gente que trabaja pueda ir. Abrir oficinas los sabados o por lo menos un sabado por mes. Dar mas informacion sobre los servicios que se ofrecen a la comunidad.	8/29/2018 5:59 PM
404	"Alcohol and other drugs" is an unfortunate phrase that equates legal alcohol use with illegal drug use. Please don't use it. Address the issues raised by legalization of marijuana.	8/29/2018 5:16 PM
405	community outreach to make available programs more accessible	8/29/2018 5:04 PM
406	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
407	High cancer rates. Use of pesticides near homes -- establish a warning system. No housing that is not walkable to cut cars and emissions.	8/29/2018 4:03 PM
408	Ensure a healthy care system is feasible, such as promoting nursing program at the college etc	8/29/2018 3:58 PM
409	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/29/2018 3:56 PM
410	I don't have much experience with this area so cannot comment.	8/29/2018 3:54 PM
411	-Develop community vegetable gardens -Focus behavioral and mental health services on drug and alcohol -Provide more in-home services focused on children and elderly.	8/29/2018 3:44 PM
412	The guy who tried to jump off the Trancas bridge and then tried to harm/shoot police officers, shouldn't remain on the streets. Programs that beat this situation before they start. Families, education, housing.	8/29/2018 3:22 PM
413	Keep doing what you're doing, with increased outreach	8/29/2018 3:18 PM
414	The only thing I can think of now is to utilize somehow the thousands and thousands of baby-boomers who are retiring and can volunteer. What about volunteers?	8/29/2018 3:13 PM
415	all	8/29/2018 3:13 PM
416	Concentrate on helping families and youth. Prevention is better than reaction	8/29/2018 3:04 PM
417	Outreach, Outreach, Outreach. Plan more Community events and open houses to showcase the amenities the organization has to offer. Many of these targeted individuals would better navigate an open house rather than a cluttered website.	8/29/2018 2:59 PM
418	with an aging population we must have services upvalley for seniors related to health care, social activities and transportaton.	8/29/2018 2:56 PM
419	Help the homeless.	8/29/2018 1:09 PM
420	Expanding IHSS services, engagement or collaboration between diverse populations, access to more behavioral/mental health services.	8/29/2018 12:26 PM
421	Create a "compassion tax" for families who reside in Napa County and have over \$2M in assets that funds a subsidy for mid- to low- income families to use toward their health/mental health needs.	8/29/2018 12:22 PM
422	Really monitor and maintain such programs as done years,ago to avoid fraud or allowing those truly in need to get set aside. Really follow up on child protection issues.	8/29/2018 11:53 AM
423	reduced medical cost for all not just uninsured	8/29/2018 10:49 AM
424	Prioritize mental health and drug/alcohol addiction together	8/29/2018 10:45 AM
425	access to assistance programs should not be available to illegal immigrants, this would allow more funding for other important and much needed mental health programs, veteran programs and services for the elderly	8/29/2018 10:26 AM
426	Educate the public in many ways so they have the knowledge of what may be available and how to access it.	8/29/2018 10:19 AM
427	Access and help with assistance programs and food. Our community should not go hungry in a county this wealthy. There are many simple solutions to this problem and many difficult ones.	8/29/2018 10:15 AM
428	Provide more outreach in multiple languages and through various channels. Provide drop-in help centers in cities rather than force all residents to travel to S. Napa campus	8/29/2018 10:07 AM
429	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM

## Napa County Strategic Plan Survey of Community Members

430	The point at which local non-profit organizations and Health and Human Services overlap is an incredibly important opportunity for support. Napa County should do whatever it takes to enrich this link and relationship.	8/29/2018 9:18 AM
431	These areas are (in my opinion) already supported with a lot of county dollars. Particular attention should be given to the growing, aging population.	8/29/2018 8:52 AM
432	More outreach directed towards the Hispanic community and emphasis on help without fear of immigration troubles.	8/29/2018 8:46 AM
433	I think ALL of these things are critical.	8/29/2018 8:45 AM
434	probably a city issue versus county, but the homeless issue is out of control in old town napa and river - public defecation and general filth — ban the sale of single serve beer and malt liquor, mini liquor etc. — move services to remote areas, get them into medical treatment, housing or make less desirable to be here	8/29/2018 8:24 AM
435	Real public health care. Where is the county clinic? Why do we have a privately funded clinic for the poor? I know most of our resources go to wages and benefits with very few services provided. We have an over abundance of nonprofits doing the county's work.	8/29/2018 8:15 AM
436	I don't have enough experience in this area to fairly rate the services that Napa County provides, but access to Mental Health services is what will keep us out of the major headlines. Many of these tragic incidents that have affected the nation seem to revolve around individuals who have mental health issues.	8/29/2018 8:07 AM
437	Not a primary function of government.	8/29/2018 6:18 AM
438	Access to Behavioral and Mental Health Services	8/29/2018 5:37 AM
439	All of the above.	8/29/2018 5:19 AM
440	Not sure	8/29/2018 4:53 AM
441	Drop in health clinics	8/29/2018 3:06 AM
442	Nothing. Allow demand to drive supply of care providers - California has mandatory insurance now. The county should not spend tax money here.	8/28/2018 11:50 PM
443	Don't know anything about this except food bank services so have no opinion	8/28/2018 11:33 PM
444	Joe Cherry is doing a wonderful job he needs a larger staff and more of and outreach program perhaps more ombudsman.	8/28/2018 10:44 PM
445	This is a nationwide problem that can't be solved without wide-reaching national support. Local politicians & county officials should be advocating Medicare For All to improve health & human services within the county.	8/28/2018 10:33 PM
446	I don't know where to begin with this. Everything is important to help people deal with mental health issues. My daughter had to leave Napa county when she needed mental health assistance because there were no programs available here that dealt with eating disorders. You need to attract health care providers, but then, you need affordable housing to attract the kind of people (social workers, mental health workers) that we need. Back to being a rich white community and screwing the minorities and middle class here. Also, it's out of the county's realm, but we need our federal government to return to normal so we can start at the top to build a better (single payer?) medical delivery system.	8/28/2018 10:22 PM
447	All	8/28/2018 10:16 PM
448	access to appropriate services to all ages, genders and cultures	8/28/2018 10:06 PM
449	I think we do well in this area and there are many agency involved but there could be more outreach in the middle and high schools to treat the youth that abuse alcohol and drugs.	8/28/2018 9:52 PM
450	we need to continue to support these services	8/28/2018 9:26 PM
451	Have medi-cal be a more helpful service. They are extremely slow and not as knowledgeable as I feel they should. Even a kaiser employee in Vallejo told me , "Napa used to be on top of things, but they've gotten real slowly and difficult."	8/28/2018 9:21 PM
452	All of these are important	8/28/2018 9:19 PM
453	Free community workshops	8/28/2018 9:18 PM
454	free access to mental health and alc/drug rehab	8/28/2018 9:17 PM
455	Get the drug addicts off the streets. Mainly at the library and along the river trail so that everyone else can use these places without feeling unsafe.	8/28/2018 9:13 PM
456	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/28/2018 9:09 PM

## Napa County Strategic Plan Survey of Community Members

457	Ensure that Napa County's population is adequately protected in the event of an emergency and that children and seniors are offered many services.	8/28/2018 9:05 PM
458	Adequate funding of programs designed for caregivers and family services. Equally appropriate funding for mental health and homeless services.	8/28/2018 8:55 PM
459	access to public health	8/28/2018 8:46 PM
460	As above, very important. How are these services to be provided when all we hear about is cutting taxes on high income citizens.	8/28/2018 8:46 PM
461	Better connections to world-class health care, e.g. UCSF, Stanford; incentives for affordable health care options; and a social services program that respond to people with mental or behavioral issues in a sensitive, humane way, perhaps modeled on the police/fire/EMS response systems.	8/28/2018 8:46 PM
462	I think we have good programs now - continue doing what you are doing.	8/28/2018 8:32 PM
463	Health services to a wider group of people.	8/28/2018 8:27 PM
464	Free Transportation for public to access services south of Napa.	8/28/2018 8:17 PM
465	free health care in the county	8/28/2018 7:58 PM
466	People should not have to be completely impoverished before MediCal is available. This one I know too well, I was told to buy new car and quit my job and that just doesn't make sense. The WIC program is cumbersome and needs to be reworked. Mental health services are critical, no one needing help should be on a four month waiting list. Urgent care for mental health could save so many people and money.	8/28/2018 7:48 PM
467	We have to address the mental health issue. Lack of access to long term mental health is costing us tens of millions \$\$ in law enforcement, medical, court system resources. This needs to be a collaborative effort by Federal, State and local government agencies.	8/28/2018 7:29 PM
468	Single Payer Health Care needs to become a thing.	8/28/2018 7:21 PM
469	stop letting people that need help fall through the cracks	8/28/2018 7:06 PM
470	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
471	Have centralized care services in city if Napa and rotating thru north and south valley of county	8/28/2018 6:50 PM
472	More affordable access to mental health services for lower income people/families.	8/28/2018 6:46 PM
473	I think we do need more health services in the community. Maybe think of ways to reach people. Those whom may not have access to computer or phone. Mailers. Booklet of services. Free workshops or minimal fee workshops. Are health specialists in the high school? Or how about workshops at employers businesses for employees? We have a high rate of suicide in napa. Reaching out to low socioeconomic groups, people that speak different languages.	8/28/2018 6:43 PM
474	letting people know what is available to them	8/28/2018 6:42 PM
475	Access to public health services	8/28/2018 6:38 PM
476	Adequate budget for Health & Human Services	8/28/2018 6:03 PM
477	It's the case once again, that the affordability for health care has skyrocketed that low income families struggle and then become homeless and can't afford rent, food, decent healthcare because winery jobs pay very low compared to the high cost of living in the Napa Valley communities and everything is only becoming more expensive.	8/28/2018 6:00 PM
478	Assistance to Mental Health services	8/28/2018 5:57 PM
479	all of the above with support especially of Access to Public Health Services.	8/28/2018 5:52 PM
480	Get the homeless off the streets and protect seniors living alone and children in lower-income families -	8/28/2018 5:37 PM
481	The piece that is missing in this question is in regards to what projects HHSA can do that will address the big picture issues in our community; food insecurity, homelessness, mental health issues, substance abuse issues, general health and wellness, and insuring that services provided have an evidence base and that there are streamlined opportunities to share information and projects across divisions.	8/28/2018 5:37 PM
482	Make sure that there is handicap-accessible housing available to low-income individuals. We have a quadriplegic friend who had a terrible time finding affordable housing in Napa for himself and his mother.	8/28/2018 5:37 PM

## Napa County Strategic Plan Survey of Community Members

483	I really feel for people who are low-income in this county because there aren't concentrated services and there are no easy/fast ways to get around. I think the #1 way to solve this issue is a good light rail system up and down the entire Napa Valley which would link up to the Light Rail in Marin. Do we need a wine train? Not really - we do need light rail. The rails are already in place.	8/28/2018 5:18 PM
484	remain focused	8/28/2018 5:15 PM
485	Napa County has the resources to include and care for everyone. 'Care for' in a way that makes it possible for everyone to live a healthy, purposeful life. The key word is access.	8/28/2018 5:11 PM
486	One place where individuals can receive help to apply for any of the assistance programs that they might be eligible for.	8/28/2018 5:10 PM
487	All of the above are very important. It is also important to develop, for example, "health in all policies" as other jurisdictions throughout California have done. Additionally, it is critical that all HHS and partner services are delivered in a trauma-informed manner, so we are addressing root causes, promoting healing, and preventing further injury. We must also focus an equal portion of our resources on PREVENTION services as we do on INTERVENTION services.	8/28/2018 5:06 PM
488	Access to public health and mental health services	8/28/2018 5:03 PM
489	Napa has a surprising number of homeless, how can we help these people get the medical, mental, and financial help they need to find homes and work in our community? More outreach, more beds in shelters?	8/28/2018 5:02 PM
490	Managing the mental health issues and continue providing health services to the community	8/28/2018 4:59 PM
491	Increase hours spent in direct client contact, decrease bloated management/ quality control roles.	8/28/2018 4:58 PM
492	Expand HHS in Napa County.	8/28/2018 4:36 PM
493	Accessible mental health programs and programs that support older adults staying aging in place.	8/28/2018 4:32 PM
494	Current actions seem to work	8/28/2018 4:28 PM
495	It appears to me that Medi-Cal is working well. Behavioral Health is lacking in achieving positive results.	8/28/2018 4:26 PM
496	Education on disease prevention like daily exercise, rest and eat proper fresh food.	8/28/2018 4:26 PM
497	What role can Napa State Hospital play now in solving homeless issues? Some issues were created, remember many were "forced" to the streets by Reagan. The hospital has expertise, resources that could benefit community now...	8/28/2018 4:21 PM
498	#1 behavioral and mental health services	8/28/2018 4:20 PM
499	Make the services easily accessible and be sure residents know how to access them.	8/28/2018 4:17 PM
500	Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.)	8/28/2018 4:15 PM
501	I believe in outreach services IF the homeless, etc use and appreciate them. I do not believe in an endless open purse.	8/28/2018 4:14 PM
502	I honestly don't know much about this topic	8/28/2018 4:11 PM
503	Don't really know.	8/28/2018 4:09 PM
504	Our homeless problem needs to be a housing first model with access to behavioral and mental health services .	8/28/2018 4:06 PM
505	I would hope that access to medical care and health services will continue to be robust and meet the needs of the community living here as I think it does today. Although I'm very saddened to see the increase in homelessness due to drugs and mental illness, I do not believe that this problem is solved with more assistance programs. I believe that only encourages more homeless and troubled people to stay in Napa.	8/28/2018 4:06 PM
506	How can we expect to create access to any of these services if there isn't hope of creating facilities for them? Most of the land and resources here are being purchased by people who have no intention of living here or contributing to the economy.	8/28/2018 4:04 PM
507	Access to affordable health care should be a basic right!	8/28/2018 4:01 PM
508	Ok as is	8/28/2018 3:55 PM

## Napa County Strategic Plan Survey of Community Members

509	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services) Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services) Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.) Access to Caregivers & Family Services (i.e. In-Home Support Services, child welfare services, foster care, reunification and adoption, engagement or collaboration between diverse populations)	8/28/2018 3:53 PM
510	None	8/28/2018 3:53 PM
511	Better child care system. Affordable for low income families.	8/28/2018 3:50 PM
512	Keep funding these services.	8/28/2018 3:49 PM
513	Outreach to vulnerable populations with food & medical assistance with strategies to reach reluctant participants & poor families with children.	8/28/2018 3:47 PM
514	Public outreach and information campaigns	8/28/2018 3:40 PM
515	Get homeless people off of the streets, they scare away the tourists that bring income.	8/28/2018 3:39 PM
516	more effort to make sure people who are eligible for services are aware and feel safe in applying	8/28/2018 3:35 PM
517	More money for these programs or at least for the nonprofit partners the County relies on to support people in need	8/28/2018 3:34 PM
518	All of the above	8/28/2018 3:30 PM
519	Strengthen outreach to three most vulnerable populations, especially for behavioral and mental health needs.	8/28/2018 3:29 PM
520	Good luck; social service funding always first cut. Maybe, like with schools have winery sponsoring/involvement. ? Use of volunteers when possible?	8/28/2018 3:28 PM
521	Behavioral and Mental health services as the alternative is spending more money in jails and justice system.	8/28/2018 3:21 PM
522	Coordinate the various hospitals and their efforts in supporting the community	8/28/2018 3:20 PM
523	Continue funding as a priority	8/28/2018 3:06 PM
524	Do not let homeless reside on the streets and trails of Napa	8/28/2018 3:06 PM
525	No specific suggestions.	8/28/2018 3:04 PM
526	We need to take care of those in need. We need better health and nutrition education, and other better education at the school level.	8/28/2018 2:58 PM
527	Same as above	8/28/2018 2:53 PM
528	Increase home-sharing.	8/28/2018 2:50 PM
529	Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.)	8/28/2018 2:49 PM
530	I think through various programs supporting those that need it the most. Offering mental health programs for homeless and populations that need it such as those with a low income level. Ensure that emergency personnel are properly trained with mental health issues when policing the community. That agencies such as child welfare and foster care families avoid any missed hints that could prevent child abuse/neglect.	8/28/2018 2:44 PM
531	Continue to fund and support assistance programs.	8/28/2018 2:41 PM
532	Access to all for health care The mental health care provisions are woefully lacking	8/28/2018 2:40 PM
533	Make sure that all services are sensitive and welcoming to members of the LGBTQ in our community.	8/28/2018 2:38 PM
534	El condado ya ofrece todos esos servicios , que otra opinion quieren	8/28/2018 2:35 PM
535	Let the Police do their jobs.	8/28/2018 2:31 PM
536	Assist in age friendly initiatives to ensure our growing older adult population remain health longer. Ensure multiple points of entry to service system .	8/28/2018 2:31 PM
537	There are practically no services in Napa for individuals with Autism or other developmental issues. There are no psychologists that have experience and knowledge about Autism.	8/28/2018 2:27 PM
538	Mental health services for all, no cost, no waiting. Ongoing if need be. Not just a one time visit and then be done with it.	8/28/2018 2:24 PM

## Napa County Strategic Plan Survey of Community Members

539	Mental Health is very important along with access to health care for all in Napa County	8/28/2018 2:24 PM
540	Let's take care of the homeless people.	8/28/2018 2:22 PM
541	all of the above	8/28/2018 2:20 PM
542	Stop spending so much on H & H Services, focus on getting people jobs or cutting them off. Take care of old people and Vets, but make the young ones work or get out of the county.	8/28/2018 2:18 PM
543	made more visible to decrease sense of stigma	8/28/2018 2:14 PM
544	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services)	8/28/2018 2:10 PM
545	NO comment, no experience.	8/28/2018 2:09 PM
546	Consolidate services with non profits and provide more support for mental and behavioral health for administrative efficiencies to free up resources for treatment	8/28/2018 2:07 PM
547	All of these are critical. Early and effective care for physical and mental issues is more cost effective than caring for large numbers of people who are deeply dysfunctional and lack the skills and resources to cope. I think we have to do provide of the former now in order to need less of the latter down the road. Some very good resources are already in place and need to be consistently supported.	8/28/2018 2:04 PM
548	Access to mental health, access to assistance programs	8/28/2018 2:00 PM
549	Greater investment in addressing issues of racial/LGBTQ equity. Measurable plans to reach underserved populations and reduce disparities.	8/28/2018 2:00 PM
550	re open the Napa Sanitarium.	8/28/2018 1:58 PM
551	make it easier for clients to get to NCMH. Make the Access team more competent, so that the people that need to be seen and treated receive services immediately and are not turned away. Hire more therapists so that clients have more access to services	8/28/2018 1:56 PM
552	Re-establish the Health and Human Services on Old Sonoma Rd.	8/28/2018 1:51 PM
553	They should take this seriously as they are. There needs to be an emergency preparedness plan for these people too. More money for psychologists and case managers. More oversight in the care. More money for therapy. In the long run this will be beneficial. We need to be well prepared for medical disasters. Police and sheriff departments need to be well trained to help the mental patients, drug addicts.	8/28/2018 1:51 PM
554	Access to programs	8/28/2018 1:49 PM
555	All of the above	8/28/2018 1:48 PM
556	keep low cost health clinics working	8/28/2018 1:44 PM
557	Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services,	8/28/2018 1:39 PM
558	Provide unemployment assistance in conjunction with training from local businesses	8/28/2018 1:33 PM
559	Emphasis on Behavioral and Mental Health Services as well as access to Public Health Services	8/28/2018 1:30 PM
560	People abuse the services already offered. Offering more will only encourage further abuse of said offerings and complete and total lack of self sufficiency, Many of the funds for these overlapping programs could and should be utilized elsewhere.	8/28/2018 1:22 PM
561	Expand healthy (fresh, non-processed) food access/distribution	8/28/2018 1:21 PM
562	It is difficult to Access these programs. Assign a coordinator who can help people in need with all Social, Health, Welfare, Mental and Veteran's Services.	8/28/2018 1:21 PM
563	Access to assistance programs and behavioral and mental health services are the most important. The other two are less important in certain ways.	8/28/2018 1:21 PM
564	Focus on in-home support services for families before there is a crisis; boost addiction treatment.	8/28/2018 1:19 PM
565	More outreach to these fragile communities, more informational access to these resources	8/28/2018 1:19 PM
566	Increase social workers in foster care services	8/28/2018 1:18 PM
567	Public health prevention	8/28/2018 1:16 PM
568	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services) Mental health problems should not be criminalized.	8/28/2018 1:16 PM

## Napa County Strategic Plan Survey of Community Members

569	Access to Public Health Services (i.e. disease control and prevention, medical and health emergency response, public health nursing case management, home visiting services, Women Infant Children (WIC), and health education.)	8/28/2018 1:16 PM
570	government should encourage public/private alliances to provide market based solutions to healthcare issues. When money is spent closer to the end user it is spent more wisely. Continued funding of arm-length healthcare policy leads to bloated bureaucracy, higher expenses and lesser care.	8/28/2018 1:15 PM
571	This is tough. It's a complex issue...I don't know how to help. But I hate seeing people living under bridges. It's not a great quality of life for them or for the environment.	8/28/2018 1:10 PM
572	We need more mental health outreach for the homeless population.	8/28/2018 1:09 PM
573	AdDressed above	8/28/2018 1:05 PM
574	ENSURE PATHWAYS TO LOCAL & REGIONAL SERVICES FRICTIONLESS & QUICK	8/28/2018 1:04 PM
575	Need a significant upgrade to our behavioral health infrastructure with more intensive services in our community along with residential services for those in crisis. Cheaper and better for the individual to provide in-home services.	8/28/2018 1:03 PM
576	access to primary care	8/28/2018 1:00 PM
577	Don't just focus on entitlement programs and give-outs. Help people to help themselves and be productive to gain their self-worth and dignity.	8/28/2018 12:56 PM
578	More programs and aid for the aging population.	8/28/2018 12:54 PM
579	I have no expertise here.	8/28/2018 12:54 PM
580	This is so important. I admit I don't personally require these services, but if I did, I would like to know there was a quality website with contact information that explains services that are available and is useful and user friendly to those in need.	8/28/2018 12:54 PM
581	Do the coummunity a favor and help out the homeless who have addictions.	8/28/2018 12:53 PM
582	Social workers in the library and sherriff's office	8/28/2018 12:52 PM
583	We should have a hospital that is staffed with highly qualified doctors and nurses with cutting edge technology and techniques to support our community. We should also streamline the process of getting access to healthcare.	8/28/2018 12:52 PM
584	Be more accessible for those who cannot pay a private insuranse but don't qualify for medical	8/28/2018 12:51 PM
585	Universal health care	8/28/2018 12:50 PM
586	Addressing homelessness with a housing first approach.	8/28/2018 12:50 PM
587	all of the above	8/28/2018 12:49 PM
588	child care for farm workers public health access for migrant workers	8/28/2018 12:48 PM
589	Improve training for workers in various assistance programs; better mental health services	8/28/2018 12:48 PM
590	Not sure.	8/28/2018 12:47 PM
591	The major focus should be on increasing Mental Health Services. We live in America. We have the freedom to make our lives better by working hard. Make schools affordable. STOP THE HAND OUTS. It only makes people weak and dependent.	8/28/2018 12:47 PM
592	Mental Health Services should be available to all school aged kids, and kids having a hard time should be approached with services. A task force should be formed to eradicated Meth from Napa. Foster families should be supported, and ways to support them should be made more public.	8/28/2018 12:44 PM
593	More engagement with local health delivery systems such as the Queen and Kaiser to spotlight where deficits exist.	8/28/2018 12:40 PM
594	Access to Mental Health	8/28/2018 12:39 PM
595	In-Home Support Services, child welfare services, foster care, reunification and adoption	8/28/2018 12:37 PM
596	Provide better mental health care	8/28/2018 12:35 PM
597	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services)	8/28/2018 12:34 PM
598	Expand Clinic Olé to the entire valley, not just City of Napa.	8/28/2018 12:33 PM
599	Behavioral & Mental Health Services	8/28/2018 12:29 PM
600	Assistance Programs especially for seniors. Rides to dr. app'ts, etc.	8/28/2018 12:27 PM
601	Outreach to vulnerable communities in various languages	8/28/2018 12:27 PM

## Napa County Strategic Plan Survey of Community Members

602	Acceso a programas de asistencia pública	8/28/2018 12:27 PM
603	Mental health services are always in short supply. Efforts to improve this situation would be helpful.	8/28/2018 12:25 PM
604	I'm OK with government temporarily helping out its citizens.	8/28/2018 12:22 PM
605	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services) Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/28/2018 12:19 PM
606	partner with non-profits to take on care for low income	8/28/2018 12:18 PM
607	policies that promote access to universal health care for all. Strong environmental health policies and regulations	8/28/2018 12:18 PM
608	Access to Caregivers and Family Services - there is no emergency pediatric services available in the County - one has to rush to Oakland Children's Hospital.	8/28/2018 12:16 PM
609	Increase in mental health services	8/28/2018 12:15 PM
610	The growing number of people in dispare, overwhelm, and mental illness making the homeless population grow.	8/28/2018 12:08 PM
611	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/28/2018 11:55 AM
612	Access to public health	8/28/2018 11:47 AM
613	good help is hard to find. many counselors don't accept insurance or aren't taking new patients. I'm not sure how to fix it!	8/28/2018 11:39 AM
614	I am really note educated on these issues enough to make great recommendations. All health programs, especially those that address under-serviced communities needs to be a priority. It would be helpful to provide data that shares with the public what success looks like - and what programs work/don't work.	8/28/2018 11:09 AM
615	Ensure that all community members feel safe and able to receive services as needed irrespective of their social status or citizenship.	8/28/2018 11:06 AM
616	Caregivers for the elderly and ill.	8/28/2018 10:25 AM
617	The county should have a homeless/mental illness task force that will help those who need its services. If they decline the help, the homeless, drug addicts	8/28/2018 10:00 AM
618	We need to stop wasting money having meetings and building websites and bring information about services to people where they are. Outreach will make us more effective. When we are more effective, then we can have more meetings and studies and presentations and committees. We spend more energy running the business of providing services, than actually providing services.	8/28/2018 9:43 AM
619	Better access to public health care is important. St. Joseph's is not doing as much as it should be with all the donations and gifts it receives. Clinic Ole needs more help, the NVV can't be funding the majority of the health care programs and in return the vintners are the ones in the crosshairs of all new regulations.	8/28/2018 9:36 AM
620	I don't feel qualified to comment in this section.	8/28/2018 9:25 AM
621	I spent \$2000 to get two stitches in my finger because my only option was the ER at the Queen. This is unacceptable. I have heard that even the urgent care is unreasonable but I haven't experienced that yet. We're a small community but we still have similar urgent needs and it may not be reasonable to drive 45 minutes. I don't believe that Napa County is any further behind in terms of child and family wellness but it is a national issue and we must also try to be part of the solution.	8/28/2018 9:23 AM
622	No ideas here, do not have experience with this.	8/28/2018 8:47 AM
623	affordable health care for low income people	8/28/2018 8:27 AM
624	The federal government has already put in place requirements for individuals to have health care in place for themselves. This should be LOW priority for Napa.	8/28/2018 8:26 AM
625	Continue to support access to care in all areas.	8/28/2018 8:24 AM
626	all of the above	8/28/2018 8:15 AM
627	a strong social safety net	8/28/2018 8:14 AM
628	Mental health by telemedicine! Look into it	8/28/2018 8:03 AM
629	Access to public health	8/28/2018 7:46 AM

## Napa County Strategic Plan Survey of Community Members

630	The homeless who suffer from mental illness and or drug addiction deserve our assistance. Allow community to get involved in this effort.	8/28/2018 7:43 AM
631	Meetings in various cities about what services are available	8/28/2018 7:35 AM
632	More publicity for services could be beneficial	8/28/2018 7:32 AM
633	Have 800 #s people can call for access to information, offer free workshops and seminars for people to learn about what programs are available to them, mail out catalogs with names of organizations that are available to help them in their own community	8/28/2018 1:04 AM
634	More assistance to seniors, the Meals on Wheels program, to CANV. More support from various agencies and Vintners.	8/27/2018 11:15 PM
635	Access to behavioral and mental health services	8/27/2018 5:40 PM
636	We have good healthcare services.	8/27/2018 4:32 PM
637	House the homeless in conjunction with the City. Train police to support the homeless and poor rather than harass them over missing bike lights or dirty license plates. Police (Sheriffs) are a primary contact point for referral to HHS services but they mostly send people to jail or the DA insists on probation that is a huge waste of money and time.	8/27/2018 4:28 PM
638	Need far more mental health services	8/27/2018 4:12 PM
639	Behavioral health and mental health services are limited through the county. We have very little in terms of treatment options and very little in prevention	8/27/2018 4:02 PM
640	Increased education on substance abuse issues, suicide awareness education	8/27/2018 3:42 PM
641	More has to be done for the homeless in the area of public health services.	8/27/2018 3:20 PM
642	Access to Public Health Services	8/27/2018 2:59 PM
643	Engagement of community based partners for feedback on needs of the community, as well as input on budget process and legislative policy platform development throughout the year. BOS can advocate for additional resources and oppose cuts to federal, state and local legislation more easily if the legislative policy platform included positions on supporting children, families and individuals with regard to HHSA issues.	8/27/2018 2:50 PM
644	ensure funding does not affect the current services and find way to expand services.	8/27/2018 1:49 PM
645	Better "policing" of family disputes, abuse of children, open more community based health centers (non-profit?) like Clinic Ole' or other such clinics including mental health community based clinics.	8/27/2018 12:11 PM
646	Fund partnerships between HHS and the schools to provide mental health services to ALL school sites. Get the kids where they are.	8/27/2018 11:44 AM
647	make mental health easier to access. referrals are often made but patients cannot access therapy quickly enough to meet their needs. more bilingual therapists are needed in the county (many people are referred to providers out of county, due to insurance)	8/27/2018 11:28 AM
648	The definitions do not account for the need for additional services and better services. The counties focus should be on provided better quality services and adding additional services. If the current services were sufficient we wouldn't have the same major issues we have now.	8/27/2018 10:55 AM
649	Adequately fund these programs please so that there is improved access as well as enhanced/improved services.	8/27/2018 10:40 AM
650	Outreach and education to ensure that the populations in need of these services understand how to access them.	8/27/2018 10:37 AM
651	Mental Health Services in Napa are a joke. MUST improve.	8/27/2018 10:34 AM
652	Mental Health seems to be the most pressing issue now.	8/27/2018 10:08 AM
653	Outreach to families about assistance programs.	8/27/2018 10:08 AM
654	Continuing and greater support of the many CBOs that support the County's efforts to mitigate some of these issues through partnerships with local social service agencies.	8/27/2018 10:07 AM
655	have available therapists housing	8/27/2018 10:07 AM
656	Mental Health services first	8/27/2018 10:06 AM
657	Mental health issues and Child Welfare services should be the number 1 action taken place. We are failing families by not getting them the proper access needed for our fragile community.	8/27/2018 10:06 AM
658	Allocate resources and create jobs to facilitate public service.	8/27/2018 10:06 AM
659	Access to care and assurance of follow through!	8/27/2018 10:05 AM

## Napa County Strategic Plan Survey of Community Members

660	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/27/2018 10:04 AM
661	More services available, better staff who actually care about the community.	8/27/2018 10:04 AM
662	It is critical to help the mentally ill.	8/27/2018 9:52 AM
663	Health education. Small clinics 24hrs a day to keep the Emergency room free from sore throats and minor injuries.	8/27/2018 7:31 AM
664	Access to Public and Mental health Services	8/27/2018 6:49 AM
665	More spending on these	8/26/2018 10:04 PM
666	Mental Health	8/26/2018 9:59 PM
667	More support for community clinics to reduce wait times. Mental health resources (admittedly I do not know the county's current scope of offerings).	8/26/2018 9:23 PM
668	Prepare for growing aging population and ensure that immigrant residents have access to quality services.	8/26/2018 9:05 PM
669	Destigmatize mental illness and addiction. People are more likely to seek help if they feel accepted.	8/26/2018 8:30 PM
670	Mental health services are key to reducing the crime in Napa.	8/26/2018 8:06 PM
671	Improve information, to public, regarding available services and assistance programs.	8/26/2018 6:18 PM
672	Access to Behavioral and Mental Health Services	8/26/2018 4:55 PM
673	look at the number of opioid doses getting delivered to each pharmacy. just ask them. do the same thing for 40 oz cans of beer.	8/26/2018 4:21 PM
674	Strongly support organizations like Ole Health and Planned Parenthood.	8/26/2018 3:00 PM
675	Free vaccinations, free TB testing, free prenatal care for all.	8/26/2018 2:11 PM
676	Access to public health.	8/26/2018 1:50 PM
677	Support Medicare for all.	8/26/2018 12:04 PM
678	When the economy grows, and individuals earnings grow, socialist government figures out a way to take a bigger slice of higher disposable income, and creates more Health and Human services spending. When people have less disposable income, it creates more stress, and more people become at risk and in need of social services.	8/26/2018 11:20 AM
679	More mental health programs, especially for youth, including those who are obviously troubled.	8/26/2018 9:43 AM
680	Access is paramount. Getting the word out is the way to go.	8/26/2018 8:35 AM
681	I feel Napa does a pretty good job in these areas. Free assistance to the elderly will become more necessary as the population ages. In home care "could" be desirable and supported via Medicare with a family member who would need to earn a wage to allow them to help the elderly needy person.	8/26/2018 7:19 AM
682	Make it easier to do paperwork to obtain services.	8/26/2018 1:51 AM
683	Support vans into the community at farmers markets, flea markets ,events.	8/25/2018 10:55 PM
684	Access for all residents to attain necessary services.	8/25/2018 9:37 PM
685	Affordable healthcare for all children and improved access to medi-cal programs that they have in other counties, such as CHIP. more free mental health programs for youth - see Santa Clara county.	8/25/2018 9:06 PM
686	As I stated prior.90% of this is a waste of or money.	8/25/2018 8:58 PM
687	This is a statewide problem that a county probably cannot take on alone. Also, as a rule in home caregivers and support service workers do not make a particularly good wage which interferes with your housing/growth/economic interests. Trying to tap public/private cooperation linking hospitals and care providers with local foundation and charity groups might alleviate some of need that the county has to address.	8/25/2018 7:13 PM
688	Health education: cooking classes for kids	8/25/2018 6:54 PM
689	Universal health insurance	8/25/2018 6:00 PM
690	With the exception of the County Sheriff's office activities, I'm not at all clear what the County does vs. the cities in this general area. You should, of course, do what you can to serve vets and the most vulnerable members of the population -- especially the workers upon whom our agriculture depends so heavily.	8/25/2018 5:53 PM

## Napa County Strategic Plan Survey of Community Members

691	Access to public health services.	8/25/2018 4:19 PM
692	Have a centralized inter-agency to coordinate the separate programs and services of the county agencies for people with multiple behavioral, economic and health issues.	8/25/2018 3:40 PM
693	Good follow through make sure people are ok and there needs are met	8/25/2018 2:49 PM
694	Ensure all residents have health care coverage	8/25/2018 2:22 PM
695	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
696	Why they moved to the middle of nowhere is beyond me. Place based services need to be a priority. Set remote clinics through partnerships with schools and community nonprofits.	8/25/2018 2:10 PM
697	Homeless Outreach not just office hours.	8/25/2018 1:23 PM
698	-wine industry should find help for the populations it damages	8/25/2018 12:49 PM
699	Education of what's available	8/25/2018 11:19 AM
700	More funding for services.	8/25/2018 11:01 AM
701	Community access to services that lessen crime, pollution, trash, inappropriate behavior, police engagement, less transient / on the edge of safety folks-a safer community for our families and elders.	8/25/2018 10:50 AM
702	na	8/25/2018 9:47 AM
703	Funding for at risk communities	8/25/2018 9:38 AM
704	Establish housing that also provides access to medical:health services and employment placement	8/25/2018 9:07 AM
705	These services should be available to every resident. Fund them with current property taxes. Create a new tax on wineries to fund drug and alcoholic treatment services, as well as mental health.	8/25/2018 9:01 AM
706	Make people aware of available services. Better food bank access. More Real farmers markets	8/25/2018 8:45 AM
707	more mental health for napa residece first homeless	8/25/2018 8:39 AM
708	There are many unfilled good paying jobs in Napa County work to place the unemployed with job skills etc.	8/25/2018 8:10 AM
709	Yes, in theory. But the problem is how do citizens determine which programs are actually effective? Just having a program in place doesn't mean we have a solution in place.	8/25/2018 7:43 AM
710	Find a way to consolidate the many services offered in Napa. It seems every winery owner wants to create their own charitable foundation and it's hard for people to know what is available. It's also very inefficient.	8/25/2018 7:31 AM
711	Mental health services are a critical first step in improving the homeless situation. This must be in concert with state and federal programs.	8/25/2018 7:12 AM
712	Community needs more education, publish an easy to understand guide of Napa County Services with phone numbers and addresses. It took me about 10 years living in Napa to figure out the different services and the difference between County of Napa and City of Napa public agencies.	8/25/2018 6:26 AM
713	Homeless population plan because of Napa being a known safe place	8/25/2018 5:51 AM
714	Not only is access to each program important, but outreach to specific communities who could be assisted by each program to encourage them to apply for the programs they qualify for.	8/25/2018 1:15 AM
715	Of course, every county should provide Health and Human Services. That takes money allocated in the right way and superior planning.	8/24/2018 11:34 PM
716	Mayor promoción de éstos servicios para educar e informar al público	8/24/2018 10:48 PM
717	More attention to Home Support services for the elderly. More access to the programs that are helpful.	8/24/2018 10:28 PM
718	Consider more up-valley services. Almost all services are in South Napa now which makes access very difficult for lower income demographics.	8/24/2018 10:03 PM
719	Provide safety net for health services	8/24/2018 9:49 PM
720	Focus on Veterans and Children	8/24/2018 9:28 PM

## Napa County Strategic Plan Survey of Community Members

721	I believe everyone deserves these basic health and human services. Yet, I also believe there needs to be a better system of prioritising these needs for not only the individuals who are in the most grave need first, especially ones who do not have the financial resources to help themselves should always come first. As far as the complex needs of our underserved populations I think we need some very strong clear minded people with very solid boundaries that are GIFTED AT READING PEOPLE. I have found in volunteering and working with a large underserved population that there are some masterful manipulators (much like the corporate sectors actually, but an obvious different twist & dynamics) and to have some personally gifted and highly skilled individuals who can screen the more difficult cases or ones that stories seem to heartbreaking to believe (hence some of them are just masterful at story telling you untruths for many reasons, some possible from severe trauma and adaptive measures they used in their mind to survive). Maybe have some skilled military people do some trainings or hiring & recruiting individuals for such jobs within our city and county to weed out the one's who don't honestly need the services or really want the services, but are only desiring them to milk the system. I asked some homeless people who have been in the system for awhile, what % do you think really need it and are willing to show up and do the work necessary to help themselves, and what % are just lazy and using the system? Several people over a period of time said from being at the shelter, about 20 percent really deserve and want the help and around 80 percent choose not to do the work, but just want to milk our system, or some choose to live solely outside because they have given up or just really don't care to do anything different, or even want to be bothered. Let's first help the gravely ill who sincerely want the help first. Otherwise, we are just wasting more and more resources for people who want the help and are willing to show up to work on rebuilding their lives, taking personal responsibility to the best of their abilities.	8/24/2018 9:11 PM
722	The homeless situation is getting out of hand, they are encroaching into the residential areas	8/24/2018 9:09 PM
723	The more support the county gives to recipients of government services, the longer the county will be on the hook to provide them. Just don't be Joe Citizen in providing those services. Be like Marin County and don't offer them.	8/24/2018 8:43 PM
724	I personally believe the homelessness is a greater problem than it was even 2-3 years ago . There is too much tolerance and I have recently noticed that the homeless have taken over the creek on California Blvd near embassy suites . There does not seem to be a problem upvalley but even with the recent tourist robbery in downtown napa we need to be careful that our community maintains its safety and desirability	8/24/2018 8:38 PM
725	?	8/24/2018 8:33 PM
726	help the homeless	8/24/2018 8:29 PM
727	Access to Behavioral and Mental Health Services	8/24/2018 8:13 PM
728	Access to Behavioral and Mental Health Services	8/24/2018 7:57 PM
729	All of these things, except when they benefit illegal immigrants.	8/24/2018 7:57 PM
730	Examine what actions other counties have taken that are more successful, adapt and implement their best practices to improve outcomes here in the services listed above. We don't have to reinvent the wheel.	8/24/2018 7:39 PM
731	Single payer	8/24/2018 7:37 PM
732	Mental health services and food security—especially for familiesqjob opp	8/24/2018 7:28 PM
733	Nursing home inspection and easy access to home care	8/24/2018 7:26 PM
734	With an aging community... accessible health care, student nursing sponsorship, incentives for workers to learn and stay in Napa.	8/24/2018 6:49 PM
735	Behavior and mental health services more avaiable /accessible working in compunction with all of our schools	8/24/2018 6:40 PM
736	Adequate funding and supervision of spending to eliminate fraud and waste.	8/24/2018 6:35 PM
737	Nothing further.	8/24/2018 6:33 PM
738	Education	8/24/2018 6:32 PM
739	Access and programs are important, but some folks take advantage of it, there should be more oversight.	8/24/2018 6:24 PM
740	Access to mental health services	8/24/2018 6:22 PM
741	Making behavioral health more of a priority	8/24/2018 6:18 PM
742	As a common citizen, who does not use County services, it is hard to see what is being provided. Is it enough? I doubt it... the homeless population is growing. And it appears that more is needed. Parks - river access or not - all have homeless encampments.	8/24/2018 6:11 PM

## Napa County Strategic Plan Survey of Community Members

743	Educate the community on the availability of these programs and how to access. It would seem that many qualify for multiple programs, and to have one central/universal application for all instead of requiring applicants to apply in multiple places would be more efficient for programs and applicants.	8/24/2018 5:56 PM
744	Partner with Napa State Hospital for enhanced mental health care / substance abuse. Enhanced educational programs to address suicide prevention and bullying in schools.	8/24/2018 5:51 PM
745	The local area needs to be supported in this area to keep a balance of availability of services to everyone, not just those that use this as a bedroom community.	8/24/2018 5:26 PM
746	- make lyme disease part of the conversation in the County (follow Sonoma's example) - encourage business to invest in their employees (opening corporate childcare, supporting housing, support public/private partnerships instead of the same old programs that have been around for a long time)	8/24/2018 5:21 PM
747	Access to medical cannabis	8/24/2018 5:18 PM
748	All of the above.	8/24/2018 5:05 PM
749	Housing is health care.	8/24/2018 4:48 PM
750	more caregivers	8/24/2018 4:46 PM
751	Mental Health Services is not working as is	8/24/2018 4:45 PM
752	Family Services -- develop policies & means to support free pre/post - natal care to women in crisis pregnancies such as what Alpha Pregnancy Clinics is presently doing	8/24/2018 4:45 PM
753	Publication of the details of access to available programs. If those in need aren't aware of available assistance they can't avail themselves of assistance.	8/24/2018 4:29 PM
754	The importance of mental health services must be a priority based on recent fatalities and issues of safety	8/24/2018 4:22 PM
755	#2	8/24/2018 4:15 PM
756	Access to Public Health Services	8/24/2018 4:06 PM
757	Vocational training programs staffed by para-professionals who understand the barriers to returning to work with disabilities and gaps in work history.	8/24/2018 4:05 PM
758	Keep up the good work. Better funding and staffing for Behavioral and Mental Health Services. More services offered upvalley.	8/24/2018 4:01 PM
759	More public education on the services available as above. Dissemination of the above services by literature or internet information.	8/24/2018 4:01 PM
760	Stay at parity to state	8/24/2018 4:00 PM
761	This is a personal thing and there are to many people abusing these programs. Better control and spending less	8/24/2018 3:50 PM
762	When you pay low wages for our winery, agriculture and restaurant workers, you must support them with medical and mental health care for them and their families/children.	8/24/2018 3:48 PM
763	Better mental health access throughout the schools. Better child welfare service for all populations.	8/24/2018 3:48 PM
764	There appears to be significant services in the county to meet most special populations, with the exception of large homeless population. Too many encampments,(for a walk on our new trail by the river) too many citizen complaints, too many vulnerable and hurting people walking our streets. Many people feel unsafe and need homeless services and law enforcement to be more accountable regarding this population.	8/24/2018 3:42 PM
765	I feel foster homes should be visited on a regular basis and more training, have heard some horror stories and parents feel like their hands are tied and have no say in having child moved to a happy, caring home, when the child are a ward of the court.	8/24/2018 3:37 PM
766	These services must have a higher priority than they currently do. Napa should be a leader in innovative programs, not falling behind in these critical programs. County funds need to be allocated to supplement the restricted funding available to sustain these services.	8/24/2018 3:33 PM
767	Mental health	8/24/2018 3:29 PM
768	Make sure the "new direction" which replaces the Hope center is actually meeting the needs of the homeless.	8/24/2018 3:28 PM
769	Become especially scrutinous in giving to the less fortunate in our community so as to not encourage a population increase in dependent individuals who thrive on government subsidy.	8/24/2018 3:26 PM
770	Access to Behavioral and Mental Health Services (i.e. Alcohol and Other Drugs, suicide and substance use prevention, case management, counseling/therapy, and medication services)	8/24/2018 3:24 PM

## Napa County Strategic Plan Survey of Community Members

771	No Comment	8/24/2018 3:24 PM
772	All four listed here are important.	8/24/2018 3:06 PM
773	We need to look at AARP's livable cities initiative so we have an age friendly, intergenerational and dementia friendly community.	8/24/2018 3:05 PM
774	I don't think that there is enough community awareness of all that Health and Human Services do and provide to the community.	8/24/2018 2:58 PM
775	N/A	8/24/2018 2:55 PM
776	Farm worker housing needed	8/24/2018 2:53 PM
777	More responsiveness. More support for older adults and people with disabilities.	8/24/2018 2:45 PM
778	Reduce incarcerations to shift costs to support increased mental health services.	8/24/2018 2:44 PM
779	Address service-access barriers for residents by making services available on evenings and weekends. Streamline administration staff in all programs and track a customer-service scorecard for each program (evaluated by clients) online in real-time for transparency, quality and service measurement and improvement.	8/24/2018 2:43 PM
780	limit the amount of time resources are available, and mandate that courses to learn new trades or skills are being taken while within the assistance program. Drug and alcohol testing during the time services are received, we should not be enabling addiction.	8/24/2018 2:42 PM
781	Affordable services.	8/24/2018 2:37 PM
782	I think access to jobs and education would be better than hand outs.	8/24/2018 2:32 PM
783	All of the above	8/24/2018 2:31 PM
784	PREVENTION. Allocate more money to prevention, but think system level prevention. Not classes in schools. Housing, healthcare, building community, acceptance/inclusion efforts are all PREVENTION.	8/24/2018 2:31 PM
785	Make continuing education required for police officers in handling mentally ill persons and complaints. Hire social service staff to assist the mentally ill and. Require frequent inspections of nursing homes and hire staff to make wellness visits on residents of nursing homes. I have heard of cases of neglect and negligence. Require community service from all high school students every year as a condition for graduation.	8/24/2018 2:29 PM
786	Access to Food Bank, hours and location are poor	8/24/2018 2:28 PM
787	I don't know much about this particular field, but in the society that we live in today this must be a huge priority.	8/24/2018 2:25 PM
788	Doing a good job as far as I can see... Communications with all communities is always key.	8/24/2018 2:25 PM
789	Strip out the red tape and make it simpler for the people that need these services to get them.	8/24/2018 2:23 PM
790	Make people aware of what's available.	8/24/2018 2:20 PM
791	Mental health services need to be prioritized as people despair after loosing their jobs, their homes, their life savings, their retirement savings due to the massive changes in the economy. We now live in the information age, not the industrial age. As people despair, they are turning to drugs, becoming dependent, and in need of medical assistance and mental health services.	8/24/2018 2:19 PM
792	Drug treatment programs and mental health services obviously the most needed	8/24/2018 2:18 PM
793	Survey county population and citizens in lock up to discover what their needs are Provide services to those in jail or on probation	8/24/2018 2:15 PM
794	Access to health services & food	8/24/2018 2:12 PM
795	A good health care system and high quality safety net providers are an important part of a healthy, economically viable community.	8/24/2018 2:12 PM
796	Medical access for all is important	8/24/2018 2:11 PM
797	Private and public partnerships. There are already some excellent non profits doing great work and the county can work with these organizations and work together to provide many great services and more importantly be effective.	8/24/2018 2:11 PM
798	All of these are critically important.	8/24/2018 2:10 PM
799	Keep it going - I think Napa County has a good public and private-sector Health and Human Services section, but this area is always vulnerable to funding cuts.	8/24/2018 2:10 PM
800	Same as 12 above	8/24/2018 2:08 PM
801	All of the above	8/24/2018 2:08 PM

## Napa County Strategic Plan Survey of Community Members

802	Go after as much of the homeless funding from the state as possible and don't try to have one project solve homelessness.	8/24/2018 2:07 PM
803	Access to behavioral and mental health	8/24/2018 2:05 PM
804	Again because our County is small access to and availability of services is pretty good. It is up to the individuals to take some responsibility in taking advantage of services they may need.	8/24/2018 2:04 PM
805	Create easier access to mental health services for our youth. Create programs that educate about mental health and work to erase its stigma.	8/24/2018 2:03 PM
806	provide info about requests for services and % of those requests met. More information about programs and how they're functioning. Not in bureaucratic language or tables but in lay language. Look for successes in other counties that Napa might try.	8/24/2018 2:02 PM
807	Veterans Services, Caregivers/foster care resources, better hospital than the Queen	8/24/2018 2:01 PM
808	More access to assistance programs	8/24/2018 1:58 PM
809	If someone tries to jump off a bridge, put them in mental health intervention immediately so he doesn't try to shoot cops later.	8/24/2018 1:57 PM
810	Overall we are doing a good job here.	8/24/2018 1:57 PM
811	Access to assistance Programs (i.e. Medi-Cal, CalWORKS (Unemployment Assistance), CalFresh (Food Assistance), Veteran Services)	8/24/2018 1:56 PM
812	Define who is getting the most use, the citizens or the undocumented.	8/24/2018 1:53 PM
813	Fund these programs properly and expand the services.	8/24/2018 1:52 PM
814	Its so difficult to make health care affordable, I'm sorry I don't have suggestions. I do know that the local ambulance service charges ridiculous fees! \$2,187 for a 10 minute ride by American Medical Services.	8/24/2018 1:51 PM
815	Mental health creates a great many of our issues in Napa. I think it needs to be a priority. Cannot deal with alcohol or drug abuse or suicide if you don't deal with the mental health of an individual	8/24/2018 1:50 PM
816	Provide more assistance to homeless individuals. Seek and promote unique solutions to the high cost and scarcity of housing	8/24/2018 1:50 PM
817	Access to Caregivers & Family Services	8/24/2018 1:50 PM
818	We need to support productive members of the community.	8/24/2018 1:46 PM
819	Affordable housing, inclusive services with lowered barriers for people in need.	8/24/2018 1:45 PM
820	Based on the size of our county, we should be reducing the costs and size of this department overall. A total waste of our tax dollars. If you show up in our community, you should have to earn these services not expect them.	8/24/2018 1:43 PM
821	Ability to get services in more locations. HHSA is practically remote for most of the population, particularly those that struggle with no transportation and chaotic lives. Put the services in the agencies and venues where the people who need them ALREADY go.	8/24/2018 1:42 PM
822	Provide better access to Behavioral and Mental Health Services - curb the violent and obstructive mental health incidents that lead to closed roads and danger to public safety	8/24/2018 1:42 PM
823	senior services & low income housing must be increased	8/24/2018 1:40 PM
824	Care for the mental health. No benefits for illegal residents	8/24/2018 1:40 PM
825	mental health services	8/24/2018 1:39 PM
826	Mental health services. more of them. Keep the vaccine rates up.	8/24/2018 1:33 PM
827	Should be kept to a median humanitarian level but not become an attractant.	8/24/2018 1:25 PM
828	Mental Health needs to be more available to those in need.	8/24/2018 1:22 PM
829	Move mentally ill people out of the jails	8/24/2018 1:13 PM
830	Support programs like Ole Health	8/24/2018 1:09 PM
831	Make sure the hours are reasonable for working people. Ensure there is adequate transportation during hours that people can get to these services. have services be "one stop shopping"	8/24/2018 12:58 PM
832	get mental health back into city of napa. protect planned parenthood and integrate reproductive care back into public health.	8/24/2018 12:47 PM
833	N/A	8/24/2018 11:44 AM

**Q14 Social Services** What actions do you believe Napa County should take to support Social Services in our community? As a reminder, in the previous section we defined Social Services as: Job opportunities for youth and young adults Activities and services for children (0-15) Activities and services for transitional age youth (16-25) Activities and services for adults (26-62) Activities and services for older adults (62+) Activities and services for homeless individuals and families Activities and services for LGBTQ Activities and services for Racial Ethnic Minorities Activities where local residents can develop and enhance a sense of community Food accessibility and assistance (e.g. Food Banks, Farmer's Markets, Friday Free Market, etc.) Local libraries Access to the arts Veterans services

Answered: 828 Skipped: 1,327

#	RESPONSES	DATE
1	LGBTQI advocate to promote services	10/10/2018 9:08 AM
2	Training of service providers on LGBTQ issues and acceptance.	10/10/2018 8:58 AM
3	Libraries	10/9/2018 11:54 PM
4	support our local libraries, food accessibility, access to the arts, help for the homeless, help to our families	10/9/2018 10:54 PM
5	Mental health and social workers in the elementary schools please!! Working with entire families at the elementary school level!! It takes a village, and villages are born in elementary schools!! Also, thank you for making LGBTQ and minority populations a priority! Keep it going please!!	10/9/2018 9:56 PM
6	Continue to have events like bottle rock	10/9/2018 8:54 PM
7	Give the younger people a chance to start in the workforce and teach them how to survive on their own.	10/9/2018 8:29 PM
8	See above	10/9/2018 7:37 PM
9	Job opportunities is the biggest need for me. Low paying service jobs are not going to do it for retention of our college educated youth. We need them to return and help our community grow.	10/9/2018 7:13 PM
10	I have always provided my own entertainment. I think we have more pressing issues right now than trying to throw money into politically correct "providing entertainment for each group". Why not support block parties???? FREE AND COMMUNITY BUILDING - NOT DIVISIVE.	10/9/2018 6:52 PM
11	Transitional age group.	10/9/2018 6:19 PM
12	Already addressed in your questions	10/9/2018 6:03 PM
13	We should look at budget cuts in this section	10/9/2018 5:37 PM
14	Elected officials must assign themselves to meet regularly with the specific and other related groups identified above. The fastest growing sectors are seniors and low-income viti/wine and hospitality workers. Request the Napa Valley College Seniors planning group [Dr Bill Weddington, Chair] to provide specific input. Request NCHispanic Network, Hispanic Chamber, etc to provide specific input. Elected officials must move out from the circle of Valley/County power brokers into the worker groups and non-profit service providers. Ron Rhyno	10/9/2018 5:23 PM
15	All of these areas are important in their own right, and I think that Napa County in general, does a fair job providing these types of services. Would like to see library hours and servcies expanded, not contracted and perhaps some job training and placement services available for the poor and underemployed	10/9/2018 4:48 PM
16	Create more events for specific populations to create visibility and trust.	10/9/2018 4:32 PM

## Napa County Strategic Plan Survey of Community Members

17	Priorities: -Food accessibility -More substantive industries/jobs for ages 16-62 (diversify -Opinion: The more segregated activities and services offered by minorities serves only to amplify differences	10/9/2018 4:29 PM
18	education with reward for accomplishment, and consequences for those unwilling to become contributing members of society,	10/9/2018 4:14 PM
19	We should support private/public partnerships to provide vocational and technical training for high school students, including more internship and externship opportunities. Incentives could be offered for businesses to participate in apprenticeships with the school	10/9/2018 4:10 PM
20	Collaborate with nonprofit service providers on prevention and wellness efforts, and to address unmet needs, including leveraging funding to expand services.	10/9/2018 3:37 PM
21	Young people, pre teens, teens and transition age youth need a place of their own to congregate and share community. They have none. The city of Napa constantly excludes these places due to commercial/visitation and neighbor desires. The cities miss the opportunity to create a viable neighborhood with common goals for youth and young families. They lose their educated work force and vitality as a neighborhood.	10/9/2018 3:23 PM
22	There's too much division and labels demanding their own services. If diversity is the goal, why cater to the demanding decisive right to be different. Tolerate others as you yourself want to be accepted, or do you	10/9/2018 3:19 PM
23	The best run organization in the city county is the library. There is nothing for teenagers or young adults to do. The entire economy is built to attract tourists with money. There are fewer African Americans per capita than Vermont. The Asian population is also quite small. The issue is empowering the Hispanic community.	10/9/2018 3:11 PM
24	Activities and services for LGBTQ	10/9/2018 2:20 PM
25	Job opportunities for everyone.	10/9/2018 2:19 PM
26	See above	10/9/2018 1:57 PM
27	Provide children meaningful community service work.	10/9/2018 12:36 PM
28	On the job training programs, drug and detox centers for youth and adults, free access to culture for all ages, eradicate racism.	10/9/2018 6:24 AM
29	Look to successful strategies already in place. Yountville does a fine job and its success should be duplicated.	10/8/2018 5:19 PM
30	There should be a focus on supporting activities that build community and reduce isolation for all populations. This could include things like block parties and ways to get to know your neighbors, things that are inclusive and don't cost money. Downtown events are great, but we need activities that offer an opportunity to get to know one another across race, age and economic status.	10/8/2018 3:45 PM
31	Actividades y servicios para adultos (26-62) Actividades y servicios para mayores adultos (62 +)	10/8/2018 3:13 PM
32	Oportunidades de trabajo para jóvenes y adultos jóvenes	10/8/2018 2:54 PM
33	Oportunidades de trabajo para jóvenes y adultos jóvenes	10/8/2018 11:34 AM
34	REVITALIZE THE COUNTY FAIRGROUNDS FOR COMMUNITY GATHERINGS - LIKE WE USED TO DO WHEN WE HAD A COMMUNITY INSTEAD OF TOURIST CREEPS.	10/8/2018 11:16 AM
35	Job opportunities, development and enhancement of sense of community, opportunities for inclusion of all ages, sexual orientations, races, and employment status. Improving local libraries	10/8/2018 10:59 AM
36	Oportunidades de trabajo para jóvenes y adultos jóvenes.	10/8/2018 10:42 AM
37	There is no specific mention of legal services here, but the County must support/fund free services for low-income and marginalized people, including in court representation.	10/8/2018 9:50 AM
38	Collaborate with cities and community organizations to leverage resources to build and serve a vibrant community.	10/7/2018 7:14 PM
39	I think the promotion of service clubs would create a balance between activities, services and community improvement. For example a 20/30 club for every age group. Or perhaps dividing it by age is overly simple. Perhaps the creation of service clubs based on a specific interest, like the health of the river.	10/7/2018 4:07 PM
40	Encourage the Farm Bureau to reinstate Ag in the Classroom education. Create more free, year-round family and teen spaces (beyond pumpkin patch at Stanly Lane or ice skating, etc.).	10/6/2018 1:18 PM
41	lack of Spanish-language info in many cases; consider raising our minimum wage; support for costs of quality child care	10/6/2018 1:03 PM
42	Napa should not be a party planner, focus on activities that benefit all instead of select populations	10/5/2018 6:22 PM

## Napa County Strategic Plan Survey of Community Members

43	ob opportunities for youth and young adults Activities and services for children (0-15) Activities and services for transitional age youth (16-25) Activities and services for adults (26-62) Activities and services for older adults (62+)	10/5/2018 3:19 PM
44	Food and housing accessibility and assistance are constant needs in the county, and may be over-reliant on charity and non-taxpayer sources.	10/5/2018 11:50 AM
45	Keep young children active in body & community & education!Get them to college! Senior Citizens are trapped - how to give them activities to be involved?! About only option I see is church.	10/5/2018 11:00 AM
46	Lgbtq access and minority access to programs	10/5/2018 1:20 AM
47	Food access, as noted above. I believe job opportunities for young people is one of our most critical issues along with the need to respect and honor the diversity, including LGBTQ friends and neighbors, that makes our community strong and unique.	10/5/2018 12:44 AM
48	Monthly community calendar ( love me the library publishes(3 month)).	10/4/2018 5:00 PM
49	Job opportunities for youth and young adults. Veterans services.	10/4/2018 9:22 AM
50	Jobs for older adults.	10/4/2018 8:21 AM
51	actividades donde los residentes localespueden desarrollar y mejorar el sentido de comunidad	10/3/2018 6:33 PM
52	Oportunidades de trabajo para jovenes .	10/3/2018 6:22 PM
53	LGBTQ not a priority.	10/3/2018 5:46 PM
54	Diversify the job base, make partnerships with industry to develop activities. Develop lower-cost family-oriented housing so the private sector would see the market value of providing services and activities for all ages.	10/3/2018 4:33 PM
55	make children a priority	10/3/2018 11:33 AM
56	Most services and activities for youth is always a good thing. Keep them out of trouble!	10/3/2018 10:53 AM
57	Access (ie bus routes/more convenient times) for those who could benefit from food accessibility and assistance.	10/3/2018 7:56 AM
58	TAKE CARE OF OUR VETS AND ELDERLY AND MAKE THEM A PRIORITY	10/2/2018 9:18 PM
59	I love the libraries in Napa County and use mine all of the time. However, the one change that was made last year was to limit the catalog to Napa County only. This made the library's book selection very small. Previously, we could check-out books from Sonoma, Marin and Solano counties. This made our library system vital because there were a large selection of books available to check out.	10/2/2018 12:30 PM
60	Support libraries	10/2/2018 9:58 AM
61	This should rank as at least as important as energy directed to improving tourism.	10/2/2018 9:54 AM
62	Food; jobs for youth; continuum of services for all ages in conjunction with vibrant non-profits	10/1/2018 7:33 PM
63	Support partnerships with high schools and NVC for developing Internship programs, which help young people identify their passions, develop experience in those fields, consider education options, and secure paying jobs.	10/1/2018 12:35 PM
64	Homelessness is out of control, services must be provided to help these people with their, mental, addiction, and health problems. Some just need better job skills so that they don't have to live in a camper or mobile home. At risk youth and Veterans services are also needed.	9/30/2018 6:30 PM
65	CREATE JOBS FOR YOUTH AND YOUNG ADULTS!	9/30/2018 3:34 PM
66	LOW COST SHUTTLE SERVICES THROUGHOUT THE VALLEY	9/30/2018 10:51 AM
67	This is a strange idea that has worked for many years in other small towns to get neighbors talking to each other AND to clean out living spaces to prevent fires: TRASH AND TREASURES WEEKENDS ONCE OR TWICE A YEAR... Town is divided int serviceable areas for free trash pickups of every thing except large appliances, buiilding materials, dangerous substances. Pickups are rotated by specific dates for each area, with streets around schools picked up first, Anyone can take anything that is left on the mowing strip anywhere as long at the other trash is left neat. No one may take from anyone's front yard. It's amazing how much stuff is put out and how much gets taken. Neighbors compare notes on who had the best trash. People from all walks of life "pick" for treasures. Local firehouses love it. Just an idea.	9/28/2018 10:29 PM
68	We need public entities, private entities, gov programs and non-profits to come together because we do cover the spectrum we are often lacking awareness of program existence and how to access the service.	9/28/2018 1:27 PM
69	All services being provided should be culturally inclusive, and should meet the needs of every community group.	9/28/2018 12:01 PM
70	All covered	9/27/2018 6:25 PM

## Napa County Strategic Plan Survey of Community Members

71	YES! More actives for all the above mentioned groups.	9/27/2018 3:55 PM
72	There is not enough jobs for our youth.	9/27/2018 3:54 PM
73	All of the above.	9/27/2018 2:06 PM
74	Veteran services. County VSO needs to represent the entire county not just the city of napa and yountville	9/27/2018 1:50 PM
75	Offer programs for high school students that will help them prepare for the future. For instance, a program in southern CA will start to offer courses that are geared for students that might want to work for Metro Link after school high.	9/26/2018 10:06 PM
76	Napa is a family town and our kids need engaging learning activities we need a scientific center and imagination play rooms. Keep kids moving and learning.	9/26/2018 10:01 PM
77	More vocational training.	9/26/2018 3:08 PM
78	We need to go back to teaching our young people how to function in the real world, while they are in middle and high school. Ex. home economics, sewing, cooking, how to manage a budget acct, book keeping. basically how to manage life alone.	9/26/2018 1:08 PM
79	same as above. tax the grape industry.	9/26/2018 12:06 PM
80	Ensure locals have the right tools to succeed within Napa County. Do this by providing our youth the services they need to be healthy, and able to gain jobs when they are of age.	9/26/2018 11:01 AM
81	I do no believe that it is always necessary for each identifying group be funded for special events.	9/26/2018 10:46 AM
82	Napa needs more for children- both locals and tourists. Tourists also bring families. So many young people have to leave to find jobs/affordable housing. We need young people in order to keep Napa County viable. Declining school enrollments are one measure of that. Support programs that will enable young people to have a job that leads to careers that will enable them to stay.	9/25/2018 6:57 PM
83	Continue transit/shuttle access from downtown to the Napa County Health and Human Services offices in the Corporate Park.	9/25/2018 4:26 PM
84	Teens and tweens need activities that will keep them busy and away from drugs. Perhaps field trips with mentors from the community who can take them on excursions that keep them engaged and safe.	9/25/2018 3:57 PM
85	Job opportunities for youth and young adults	9/25/2018 3:51 PM
86	More children's activities. More funding for public pools and swim lessons for all ages.	9/25/2018 3:50 PM
87	All	9/25/2018 3:00 PM
88	I think that we have enough activities in Napa County except perhaps lgbt and a lot of private offerings too so I don't think this is a priority	9/25/2018 7:19 AM
89	What are the ethnic minorities and what is the ethnic majority in Napa? With those numbers redistribute services and employment practices.	9/24/2018 11:45 PM
90	na	9/24/2018 10:58 PM
91	Local libraries Access to the arts Veterans services	9/22/2018 9:10 PM
92	These are exactly the community members I just mentioned. We have taken steps to reach out to each of them, but there is so much more that could be done.	9/22/2018 5:08 PM
93	libraries good	9/22/2018 4:36 PM
94	Educate and inform community about the services through outreach on TV, print medium and social networks.	9/22/2018 4:00 PM
95	Include Calistoga in providing activities and services for all. Work with Calistoga to make effective use of the fairgrounds and other venues for arts, services, theater, events, film festival, etc.	9/22/2018 3:58 PM
96	\$\$ for parks and rec, library. business sponsorship of teen programs	9/22/2018 2:42 PM
97	Coordinate data and job services information in a single easy to access locations available on the web, and in persons. Promote and encourage engagement with the public and surrounding cities for job placement, services, and activities.	9/22/2018 11:58 AM
98	There needs to be night time entertainment in St. Helena. The sidewalks roll up at 8:00pm. Neither the tourists or locals have any place to go except home or to a hotel and to bed. Activities for all ages need to be establish in the evenings.	9/22/2018 9:50 AM
99	-food accessibility and assistance -Job opportunities	9/21/2018 10:41 AM
100	Engage the community about existing services and programs	9/21/2018 10:31 AM

## Napa County Strategic Plan Survey of Community Members

101	Perhaps a centralized homeless shelter, support for food bank	9/21/2018 8:11 AM
102	First, I'm offended that you consider "Libraries" and the "arts" to be "social services." They're about lifelong learning and quality of community life, etc MORE than a "social service." Prioritize access to a quality library for everyone as a quality of life service. Second, when I was growing up in Napa, we did not have homeless on the streets. We need policies that help the homeless and at the same time don't "honor" a person's "choice" to live on the streets. We need "zero homelessness" as a goal in Napa, even if it means sending newcomers away. Focus on local people.	9/21/2018 6:18 AM
103	We must address the homeless population - where to house, feed, etc. They are urinating on sidewalks downtown and at places of business. Also: activities and services for 0-5 aged children. The vacancy rate for child care in Napa County is awful. There are literally almost no options for families with limited resources to send their small children so the parent(s) can work or go back to school.	9/20/2018 9:32 PM
104	Jobs that actually pay a living wage, thank you.	9/20/2018 9:09 PM
105	The homeless.	9/20/2018 8:45 PM
106	Offer P/T jobs to our teens, free preschool for all children, have access to local and fresh affordable food.	9/20/2018 7:32 PM
107	libraries jobs and activities for 16 - 26 yo food access	9/20/2018 2:17 PM
108	All important	9/20/2018 2:15 PM
109	Insure that there is radical inclusion of all LGBTQI people in any county-sponsored/supported activities.	9/20/2018 12:01 PM
110	Encourage a cooperative multi-disciplinary centralize arts commission/position/office for all performing and visual art forms to help coordinate calendars, marketing and public relations, and promotion throughout the valley. The need to break isolation, division, and competition between the arts to showcase this resource as an integral valuable asset for napa residents and tourism.	9/20/2018 11:44 AM
111	A Job Start program for youth. How to get our youth interested in employment or learning their first skills in a workforce. Wage and age appropriate may mean less than minimum wage.	9/20/2018 9:20 AM
112	Assistance should be based on need, color or sexual preference or anything else should not matter	9/19/2018 11:14 PM
113	Ensure that Community Parks + Recreation Programs are well funded.	9/19/2018 11:12 PM
114	Support residents rather than tourists	9/19/2018 6:17 PM
115	food accessibility and affordable!	9/19/2018 2:59 PM
116	All of the above mentioned for Social Services	9/19/2018 1:10 PM
117	If we stop the breakneck speed of applications for wineries and vineyards, there is more time to support projects that build a healthy citizen base. Time for a Moratorium on wineries and event centers (illegal restaurants) in our Ag zoned lands	9/19/2018 11:29 AM
118	Napa County has done an extraordinary job proving opportunity for adult/tourist activities an entertainment but has forgotten about the youth living in the county. Creating safe, alcohol and drug free environments for youth should be a priority for the upcoming three years.	9/19/2018 11:19 AM
119	Don't just make it easier for businesses to open up, that doesn't create meaningful jobs, just more minimum wage positions for high school students and people without degrees. We need better jobs and businesses that pay more than minimum wage should be supported first.	9/18/2018 11:23 AM
120	Veterans services	9/18/2018 11:12 AM
121	Perhaps the County and Cities can work together to create opportunities for teens but I'm not sure how that would work.	9/18/2018 8:00 AM
122	Enable the libraries to change with the media as necessary without losing a place where people can go to find a peaceful and quiet environment. Many of these services are well served by municipalities and charitable organizations. Don't duplicate, collaborate!	9/17/2018 8:53 PM
123	activities and services for people of all ages	9/17/2018 5:13 PM
124	Expand the Parks & Rec mission, look for workers for semi-public spaces such as Skyline Park, Water District, Sanitation District. More access to Farmers market-type events over entire year.	9/17/2018 5:05 PM

## Napa County Strategic Plan Survey of Community Members

125	Services for adults, ethnic, LGBTQ, minorities is a social issue, I don't know that we can provide a service to heal all of that. Social Services that work need to be positive to make people support and also become a thriving self supportive move on service. That still has not been solved globally. Homeless in this town are the same people that have chosen to be there, either by mental illness of addictions. I don't know that a service can help all of the above. It will certainly take a few years of many meetings to put plans in place, maybe a few trial programs supported by non-profits in our communities.	9/17/2018 4:10 PM
126	all the above	9/17/2018 3:38 PM
127	More public spaces and meeting areas would be great.	9/17/2018 2:17 PM
128	Job programs for youth (age 12 to 18) should be instituted throughout the county.	9/17/2018 1:49 PM
129	Job opportunities for all ages	9/17/2018 1:48 PM
130	Activities and services for adults (26-62) •Activities and services for older adults (62+) •Activities and services for homeless individuals and families •Activities and services for LGBTQ •Activities and services for Racial Ethnic Minorities Local libraries Veterans services	9/17/2018 10:12 AM
131	perhaps the county could use the help of organizations who have successfully implemented programs and see which would better reach our communities.	9/16/2018 10:39 PM
132	Job opportunities AND TRAINING	9/16/2018 5:35 PM
133	Providing affordable housing and living wages for youth 18-24 will allow them to remain in the community.	9/16/2018 4:14 PM
134	The libraries are the best informal social place (where there is no fee) to mingle with other community members.	9/16/2018 12:36 PM
135	Adequate attention now being given to most of these	9/16/2018 9:20 AM
136	Services for the homeless	9/15/2018 7:32 PM
137	Support feeding programs to reduce food insecurity More effective services for transitional age youth and seniors Address child related trauma	9/15/2018 5:21 PM
138	All above	9/15/2018 1:49 PM
139	Focus on needs of local residents and not just tourists. Tourists pay for services, but they should not overshadow resident needs. They are driving up the costs for those of us that live here.	9/15/2018 12:29 PM
140	Job opportunities for young people are crucial. Provide quality activities and services designed reach all of the demographic groups that make up Napa County's communities. For example, Napa County's library system offers great free programs which should continue.	9/15/2018 12:24 PM
141	all	9/15/2018 12:03 PM
142	Turn elementary schools into community centers after hours and before school. There was a plan developed through the Youth Violence Prevention Strategic Plan back in 1994-95. Check with the Napa County Office of Ed. They facilitated the community meetings and overall process for the development of that plan.	9/15/2018 11:38 AM
143	Napa Valley College should step it up when it comes to serving the local community.	9/15/2018 11:32 AM
144	no suggestions	9/15/2018 11:30 AM
145	Continue to support food banks	9/15/2018 10:54 AM
146	Activities and services for children	9/15/2018 9:34 AM
147	Activities for 16-25 year olds	9/15/2018 8:13 AM
148	In this area, I believe the focus should be on the (16-25) age and the Veterans. I believe there are plenty of activities offered for the other age groups. The more activities we can offer to our young adults; the more they will want to settle here. Our veterans deserve any services and/or activities that we can offer. They have provided us with our security. We need to pay them back!	9/15/2018 8:06 AM
149	We need strong pre-school options and support for middle school and high schoolers	9/14/2018 10:21 PM
150	Activities where local residence can develop a sense of community.	9/14/2018 9:54 PM
151	Post high school education is critical for all youth. We should encourage those not attending 4 year institutions to enroll in our JC or in various craft apprenticeships. Another option is enlisting in the Armed Forces which offers training and benefits after discharges. Our youth are generally not prepared to fully function as adults when they leave high school.	9/14/2018 9:27 PM

## Napa County Strategic Plan Survey of Community Members

152	Did you put all these groups on here because they do not have the ability to integrate? Why should we have specialized areas? We are a tiny rural community (st. Helena) and whatever little things happen here are open to everyone. If we start trying to have "old people" parade or a "Philippino Night" out at Lyman Park, I will be disappointed. We are a mix. We enjoy mixing. Don't try to point out our differences.	9/14/2018 9:17 PM
153	Support activity centers and parks that include a variety of activities: bocce, tennis, gardens, and other forms of exercise and engagement. Expand the library in Napa--and make it safer to walk to and from the library (location next to the county jail is a problem for young women).	9/14/2018 8:33 PM
154	I actually think the homeless who do not get help or refuse help should be referred to the very local and accessible Napa State Hospital, as a lot of them tend to talk or yell in public.....clearly have mental health issues. After school programs should be given priority, as kids do not usually have a mom at home anymore. I do not feel that racial "minorities" or LGBTQ should necessarily have separate services as the general public. If people had any sense, they would realize these groups ARE the general public!	9/14/2018 8:23 PM
155	train youths 16-25 senior care veterans	9/14/2018 8:08 PM
156	Nothing	9/14/2018 7:51 PM
157	Less a priority	9/14/2018 7:37 PM
158	Encourage businesses to hire and train transitional age youth	9/14/2018 6:52 PM
159	Pienso que todo eso esta bien	9/14/2018 5:13 PM
160	Need jobs for teens and young adults and anything to wean young children from electronics and 'social media'	9/14/2018 3:34 PM
161	None apply to me, no idea here.	9/14/2018 2:51 PM
162	I'd like to see designated programs funded by local taxes to even out the have and have-not residence of the Valley.	9/14/2018 2:27 PM
163	food security for low income residence.	9/14/2018 1:21 PM
164	linking job opportunities and training to existing industries will be important.	9/14/2018 1:10 PM
165	Homeless family relocation and support	9/14/2018 1:09 PM
166	For me it's all about the library and helping people self-educate. There seems to be lots to do for adults. I wouldn't know about children.	9/14/2018 12:18 PM
167	Dedicate a larger percentage of the County budget to support and sustain these programs.	9/14/2018 11:24 AM
168	Leadership Napa Valley had great ideas on investing in the youth to make the more empowered, engaged and proactive to make their community a better place, and in the process, increase the chances that these youth will do well in school and aspire to dream and fulfill their dreams.	9/14/2018 11:17 AM
169	Job opportunities for youth and young adults, Activities and services for homeless individuals and families, Food accessibility and assistance (e.g. Food Banks, Farmer's Markets, Friday Free Market, etc.)	9/14/2018 10:46 AM
170	Create activites for people of all ages, give more county support to programs like VOICES and LGBTQ	9/14/2018 10:40 AM
171	It is my opinion that services should be offered to ALL individuals no matter their race, ethnicity, sexual preference. Catering to LGBTQ or Racial Ethnic Minorities through special programs continues the racial and sexual divide.	9/14/2018 10:22 AM
172	There really are no activities for transitional age youth, especially low-income. They need something to do as to feel they are contributing and being a part of the community.	9/13/2018 11:25 PM
173	Jobs, food, and veterans are priorities.	9/13/2018 7:37 PM
174	more programs and support for mentally ill and homeless so they are not denigrated by the public nor permitted to live in such a way that ends up polluting our waterways.	9/13/2018 4:52 PM
175	What about people getting to know their neighbors or buddying up with someone in a different neighborhood who needs help. Seems like the gov't can't help everyone... I wanted to be a volunteer through the library to help adult literacy, but was told I'd have to supply my Social Security Number. Given the rash of identity theft, I'm reluctant to give it out just to volunteer.	9/13/2018 4:40 PM
176	Actividades para los niños.	9/13/2018 4:20 PM
177	Actividades y servicios para jóvenes en edad de transición (16-25	9/13/2018 2:37 PM
178	See above	9/13/2018 1:33 PM
179	Our kids/grandkids have always complained about the lack of things to do for youth. More creative, inclusive, low cost/free healthy activities to get kids out, moving, and off their screens.	9/13/2018 12:35 PM

## Napa County Strategic Plan Survey of Community Members

180	While I thought all listed are important, I think the most important thing is maintaining what we have-- libraries, in particular-- and making all that more widely known, understood and accessible. Just do a better job with what we have.	9/13/2018 10:20 AM
181	Activities and services for older adults (62+) •Activities and services for homeless individuals and families Increase childcare for children ages (0-5).	9/13/2018 8:15 AM
182	Transitional age youth	9/13/2018 6:42 AM
183	A community liaison to LGBTQ residents	9/13/2018 6:09 AM
184	West side senior center	9/12/2018 9:26 PM
185	Napa does a great job at providing services for all those that need them and needs to continue to strongly support them.	9/12/2018 8:47 PM
186	Bus passes for the homeless, food and clothing are essential to become job and housing ready.	9/12/2018 4:47 PM
187	Recreational opportunities for kids and seniors. Support for the arts and community events.	9/12/2018 3:15 PM
188	More bilingual information.	9/12/2018 3:10 PM
189	I got nothing on this one except to really think about answers.	9/12/2018 1:49 PM
190	Youth job center. Continue Napa Inside Out.	9/12/2018 1:20 PM
191	Activities for children & youth and supporting inclusivity!	9/12/2018 12:20 PM
192	I think transitional youth are in the most need of activities and services along with the homeless. Food accessibility and assistance for homeless and low income are also very important. Local libraries are the enriching environment in every city/town that is open to all and should always remain a top priority.	9/12/2018 11:32 AM
193	job opportunities for youth and young adults	9/12/2018 9:41 AM
194	This might be a good area to find and support other local entities accomplishing this and partner with them.	9/12/2018 7:56 AM
195	Our children and youth have nothing to do in the county. Look at the example of our neighbors in Solano County and how many community pools, youth centers, etc, that they have.	9/12/2018 6:10 AM
196	Acceso de trabajo para jóvenes y adultos y personas mayores	9/11/2018 10:53 PM
197	LGBTQ events and advocacy Funding for LGBTQ senior supports Multi-county LGBTQ efforts	9/11/2018 6:45 PM
198	Activities for transitional youth	9/11/2018 5:11 PM
199	Same info services via media, especially food (how does a family get food assistance?) and veteran's services.	9/11/2018 4:32 PM
200	continued support and expansion of local libraries	9/11/2018 4:04 PM
201	happy	9/11/2018 3:51 PM
202	Improve access/transportation to existing programs	9/11/2018 3:28 PM
203	Access to the arts is a crucial part of any community's quality of life. Encouraging other in the community in building affordability into the Napa arts scene whenever and wherever possible.	9/11/2018 3:04 PM
204	Affordable vocational training for local jobs.	9/11/2018 2:37 PM
205	Thank you for all that there is now. These orgs/non-profits can work together more often. Cross-training on things related to LGBTQ and Immigration for example. Napa Police, Sheriff, City Council, Supervisors, etc. Where are you? join us at the trainings, help at our spaces.	9/11/2018 1:58 PM
206	Increase funding for arts, culture, and social service functions to local nonprofit partners. Invest in the County Cultural Plan! Improve infrastructure for maximizing resources and systems among nonprofits. Invest in coaching for social service groups in cultural competency, shared translation services, ethnic studies workshops, and LGBTQ issue awareness. Focus on activities for the 15-25 population and older seniors (75+).	9/11/2018 12:24 PM
207	Work on developing better connections/partnerships and programs between Napa County businesses and young people/young adults in regards to job opportunities. Mentorship programs, summer opportunities, internships, career day programs/overviews in the HS and Boy's/Girls clubs as a start.	9/11/2018 12:09 PM
208	We need more youth serving activities. It's exceptionally boring growing up here...	9/11/2018 10:49 AM
209	Para mi seria para todas las edades jovenes y adultos actividades y servicios para todo tipo de genero	9/11/2018 10:05 AM
210	Creación de programas donde cada uno de ellos puedan participar.	9/11/2018 10:01 AM

## Napa County Strategic Plan Survey of Community Members

211	Oportunidades de trabajo para jovenes y adultos. Actividades y servicios para ninos (0-15) Actividades y servicios para jovenes en edad de transicion (16-25) Actividades y servicios para adultos (26-62) Actividades y oportunidades para personas que se identifican como lesbianas, gays, bisexual	9/11/2018 9:30 AM
212	BUDGET FUNDING TO DEVELOP AND SUPPORT THESE PROGRAMS	9/11/2018 8:52 AM
213	Job opportunities for all ages	9/10/2018 11:02 PM
214	Make social service easily available to all the above	9/10/2018 4:16 PM
215	Be active in promoting and appreciating diversity in our community. Hold a weekend conference by which all county sport organizations, art groups, music oriented organization, recreation leaders and senior activity planners come together to put together a 5 year strategic plan to address all issues listed and address with a community oriented action plans to put programs in place for all age groups plus visitors and located in one document shared widely and through the Library. Continue to support the Library with dedicated funding and this would also apply to veteran services.	9/10/2018 4:07 PM
216	I think we do a pretty good job providing diverse activities across a range of groups and ages.	9/10/2018 4:02 PM
217	City of Napa bus schedule that takes youngsters to Kennedy park to go on guided nature walks at river or skateboard park, or "pick-up" youth softball games or tournaments for Ultimate Frisbee. Once a month ...reduced cost bus rides to swimming pool for those who are low-income individuals or families. Work out some cost savings through Uber.	9/10/2018 3:50 PM
218	Get or continue funding for child and adult education programs.	9/10/2018 3:37 PM
219	Substantially Fund local organizations who are doing work with and providing services to the LGBTQ+ community.	9/10/2018 3:15 PM
220	Activities where local residents can develop a sense of community; food accessibility (no one should be allowed to be food insecure in this county)	9/10/2018 1:53 PM
221	Adults need job opportunities and/or retraining when their job site disappears.	9/10/2018 1:47 PM
222	Job opportunities for all age groups.	9/10/2018 1:46 PM
223	Desperate need for youth activities. Rec activities too spread out. We deserve a centrally-located community center with rec facilities, pool, gym, meeting rooms, etc.	9/10/2018 1:36 PM
224	Food needs to be a priority. Food Banks up valley need to need to have better quality. Too much sugar and sodium in canned goods. Fresh fruit/vegetables, organic is important for those older folks that have health conditions. People should be able to go to food bank more than once a month without getting yelled at or made to feel shamed!	9/10/2018 1:35 PM
225	Recognize and identify the changing demographics of the area, reach out to the various groups through library programs or community forums, and engage with them to see what services/activities interest them	9/10/2018 1:17 PM
226	Link the needs of various groups. For instance, train seniors to be tutors for school age kids. Cross link anglo and Hispanics	9/10/2018 1:10 PM
227	Support libraries and the arts. Veterans services are federal responsibility, not state or county.	9/10/2018 1:00 PM
228	Job opportunities for youth and young adults.	9/10/2018 11:46 AM
229	Napa already offers many programs .	9/10/2018 9:50 AM
230	Make bi-weekly meetings or events or club houses for the different programs that should be non profit organizations	9/10/2018 9:32 AM
231	Competitive job offerings. Fair wages. Accountability for social dependence programs...cultivate responsibility of recipients to be self reliant.	9/9/2018 8:13 PM
232	None	9/9/2018 6:07 PM
233	no answer	9/9/2018 4:58 PM
234	Lower cost of activities and services so low income can benefit.	9/9/2018 4:27 PM
235	Children need places to place, an ice rink (not just at Christmas), roller rink. Young adults have their iPhones, pads, etc. Doubt they'd use what is offered as they are too wrapped up in tech. If we offer activities and services, ask for something in return. Help others in the same way you are being helped. A giveaway program only encourages more of the same. Welfare begets welfare.	9/9/2018 11:53 AM
236	Mostly available now, some fine tuning and updating will be required. Access for example.	9/9/2018 11:40 AM
237	Advertise using social media.	9/8/2018 8:07 AM
238	Partnering up with non-profits that serve the different demographics.	9/7/2018 3:31 PM

## Napa County Strategic Plan Survey of Community Members

239	Job opportunities for youth and young adults.	9/7/2018 2:27 PM
240	Homeless people from Napa willing to fully cooperate with conditional efforts to help them should be given highest priority because they are more likely to succeed. This will illustrate to those less cooperative the benefits they would obtain by accepting sensible pre-conditions required.	9/7/2018 12:43 PM
241	Napa Farmer's Market appears to be geared towards tourism and people of affluence. Prices are outrageous in comparison to Sonoma County Markets.	9/7/2018 11:23 AM
242	There need to be more recreational activities for youth in the community to get them engaged and socializing.	9/7/2018 10:01 AM
243	Crear diferentes medios de informacion para,que la comunidad este informada sobre las diferentes actividades.	9/7/2018 9:08 AM
244	Create more affordable programs that allow youth to engage with one another, learn, and explore, before or after school because lot of activities in Napa are for adults, tourism and/or have to do with the wine culture. There are also no activities for youth of 16-25 to be a part of collectively and there should be more accessible programs or events. There are services in Napa for LGBTQ and older adults, such as VOICES / Innovations but there should be more advertising for them.	9/7/2018 9:01 AM
245	Community center made just for Napa residents. Where all types of people can enter comfortably and without shame.	9/7/2018 8:17 AM
246	Napa County is over-selling tourism and tourist related businesses.	9/6/2018 10:50 PM
247	More diverse community events	9/6/2018 9:49 PM
248	Young people need hope. Hope of a future, of a job with a livable wage, hope to have a career and advance in that career. Why do people play the lottery knowing they will not hit the jackpot? HOPE! Even knowing the odds against them the lottery ticket gives them that glimmer of hope.	9/6/2018 4:32 PM
249	More community events to include diverse populations	9/6/2018 3:40 PM
250	Increasing opportunities for youth and young adults - especially from minority populations	9/6/2018 3:30 PM
251	Clearer communication on what social services support there is in the community. Most locals don't realize what is available to them.	9/6/2018 2:24 PM
252	A county agency that focuses on providing jobs for the youth and those who may not be considered the "cream of the crop" by entitled business owners, but have the desire and capability to work hard and be a productive member of the Napa community.	9/6/2018 1:47 PM
253	Seems to me most of those happen within cities, where most of the population lives.	9/6/2018 11:48 AM
254	Actividades y servicios para personas sin hogar individuos y familias	9/6/2018 11:07 AM
255	It would seem that the more the public openly supports any of these issues the more likely they would improve or at lease not be in danger of remission.	9/6/2018 9:41 AM
256	Increase job (18-25 years) and recreational (0-21 years) opportunities for younger people in the valley	9/6/2018 9:06 AM
257	Need to provide activities that are both local and visitor serving for all age groups.	9/6/2018 8:54 AM
258	Activities should be inclusive and not pander to one ethnicity/sexual preference/etc. Appropriate activities should be available to support various age groups but in general, the County should support activities that bring the community together.	9/6/2018 8:45 AM
259	There needs to be more activities for youth 0-15 and young adults as well.	9/6/2018 8:40 AM
260	Programs and events for parents to take and get their kids involved in.	9/6/2018 8:38 AM
261	None	9/6/2018 8:03 AM
262	low priority	9/6/2018 6:23 AM
263	keep libraries open	9/5/2018 6:59 PM
264	Youth programs	9/5/2018 6:03 PM
265	More integrated internship programs for local high school and Napa College students. SSU has a very good internship program.	9/5/2018 4:44 PM
266	Partner with groups/ organizations to see what is already available, take the lead to communicate what is available in our community; consider ways the organizations/ groups can expand in areas where there is a gap.	9/5/2018 4:36 PM
267	Napa naturally has a lot of cultural opportunities available, so I think it is not important for the country to focus on building community and support for underserved populations, like LGBTQ folks, racial/ethnic groups whose culture isn't reflected in the events that are naturally available in town, etc.	9/5/2018 4:02 PM

## Napa County Strategic Plan Survey of Community Members

268	Youth programs to engage 10-16yrs., parks for families.	9/5/2018 2:48 PM
269	Many school facilities and boys and girls club centers are rented out to top clubs that make a lot of money, since they can afford to pay to rent the space it keeps children from having a free activity to keep them out of trouble and from feeling like their community cares about them	9/5/2018 2:12 PM
270	Activities where local residents can develop and enhance a sense of community.	9/5/2018 1:46 PM
271	Activities and services for older adults	9/5/2018 12:42 PM
272	bring the latino community into the political sphere	9/5/2018 12:40 PM
273	Focus on 0-15 and 62 plus; facilitate sense of community by bringing diverse populations together: see "People's Suppers", for example.	9/5/2018 12:20 PM
274	Actividades donde los residentes locales pueden desarrollar y mejorar el sentido de comunidad\ n	9/5/2018 11:37 AM
275	Actividades y servicios para personas sin hogar individuos y familias \ n	9/5/2018 10:57 AM
276	Napa county should support all of the above they are all very important to our community.	9/5/2018 10:27 AM
277	Access to the arts. Food accessibility.	9/5/2018 10:20 AM
278	Leverage gov't funding with existing programs rather than create new ones. Look to partner with groups like Napa Valley Community Foundation to more fully understand the Non-profit programs already in place with the goal of coordinating services rather than creating duplicate services.	9/5/2018 9:14 AM
279	Activities and services for homeless individuals and families	9/5/2018 8:50 AM
280	As a youth I am very upset that Napa doesn't offer many options as activities for people that don't enjoy drinking. I understand Napa is known for its wine industry BUT we don't all enjoy it. Going to the movies and bowling shouldn't be our only options. Napa should have paint nights!	9/5/2018 8:43 AM
281	Community centers, youth work and life experience opportunities and food accessibility all sound great I know im being hopeful but a legit non religious hostel was available countless locals would avoid dark days An actual art venue is so needed, that's what we are missing most. Its like the art and music in town is pretending, its not developing for locals so it doesnt have to try	9/5/2018 8:39 AM
282	See above.	9/5/2018 8:13 AM
283	Access to the arts and libraries needs to be a priority	9/4/2018 11:27 PM
284	Older adults and LGBTQ have been identified as underserved. Support Livable community concept that supports all ages	9/4/2018 8:34 PM
285	We need to continue to promote diversity in any way possible. There is a huge divide between the have and have-nots and rich people who are way too comfortable living in their precious bubbles.	9/4/2018 7:50 PM
286	Senior care	9/4/2018 6:33 PM
287	Increase veteran services, in light of the pathway house closing down.	9/4/2018 5:52 PM
288	Again, without the social services needed by those who cannot afford to pay for them, Napa will lose the very people who provide most of the service in the county. And the people who do not need these social services will not want to live in a community without service providers.	9/4/2018 5:33 PM
289	I'm not certain that activities should be a priority for the county.	9/4/2018 5:20 PM
290	Many sectors are working independently on resources for these groups. Better collaboration among government agencies, private partners and community based organizations would improve these services.	9/4/2018 5:19 PM
291	Library open hours are hugely important for all members of our community, including opening on Sunday.	9/4/2018 4:19 PM
292	Partner with community based organizations as much as possible.	9/4/2018 4:14 PM
293	Support local libraries / Access to the arts	9/4/2018 1:49 PM
294	Evaluate and include the special needs community in this section. Year round Farmer's Market. Library open on Sunday.	9/4/2018 1:25 PM
295	The upper Napa Valley is an adult playground, not much for kids. Saint Helena could use a YMCA or similar facility that is accessible to a variety of incomes, interests, and schedules.	9/4/2018 12:18 PM
296	Que ofrezcan mas actividades gratuitas al aire libre .	9/4/2018 12:00 PM
297	More activities for young people and adults that are focused on community and locals and not tourists.	9/4/2018 11:15 AM
298	Make Napa more kid-friendly. Trampoline park, roller skating rink, ice skating. More activities for kids and for minorities	9/4/2018 10:12 AM

## Napa County Strategic Plan Survey of Community Members

299	I believe that the County does a good job of food distribution, daily meals and runs a great library system	9/3/2018 8:36 PM
300	Napa is a difficult place to be a teen. The common issue of small towns having few amenities is at play, and also the focus on drinking wine that permeates commercial districts - an activity you have to be 21 to partake in legally - excludes youth by default. Youth mostly want quiet, safe places to be with friends and events that are open to their age group. Napa lacks these simple amenities - this should be easy to correct. The Phoenix Theater in Petaluma is a great example of those principles making a big difference in a small town. Outdoor events are good, but an indoor venue for youth events would make a HUGE positive impact in young people's lives in Napa. Transportation for youth is also an issue; for low income youth, whose parents can't afford bus passes, let alone driver's ed lessons and a car, the only options are to walk or bike. This is a hardship and is unsafe for youth. Free public transportation (bus passes) for students would be a simple way to improve quality of life for Napa youth. It would also get people in the habit of riding the bus while they are young! Win-win!	9/3/2018 7:56 PM
301	more community meetings & fire safe councils teaching fire safety in every community. More citing of owners & banks for not clearing & cleaning their properties plus \$ set aside to clear if owners won't	9/3/2018 5:02 PM
302	Napa County needs a wider variety of activities for children and teens.	9/3/2018 3:41 PM
303	Be supportive of the many FREE events that take place throughout the Valley. An example of an event is the celebration of Mexican Independence Day at Grist Mill on September 15th. What a wonderful opportunity for all of us to learn more about our sisters and brothers.	9/3/2018 11:52 AM
304	Don't try to be a little for every body. Focus on the acute users of services and manage their cases individually for best of class results.	9/3/2018 11:40 AM
305	If you begin by supporting a growth plan that emphasizes mixed use growth and focus on approving housing that teachers, nurses, wine industry workers can afford much of the above will occur because you are allowing a diverse and vital community to develop.	9/3/2018 9:47 AM
306	more money from tourism dedicated to social services	9/3/2018 9:45 AM
307	Hone what we have, communicate and encourage, fund and lead it better. Children, youth and family health are pivotal to a thriving community. Fuller Park is safer and more family oriented (parties, free yoga, improved grounds and restrooms), Veterans Park is well used, library rocks it. Farmers market is great, but it's for the monied. All of the above needs regular infusions of energy and support, while actively promoting its availability and access.	9/3/2018 6:54 AM
308	New B&G Clubs are now in place. We need to approve and make available pre-schools for all as a next step. Programs like Cybermill worked well and should be reintroduced with public funding. Senior Citizen & Family centers also are doing a great job as facilitators now.	9/3/2018 3:46 AM
309	Youth services	9/2/2018 10:39 PM
310	I believe the activities for all ages are available, and even though there are mailings for all residents, many people are still not aware of the opportunities.	9/2/2018 7:55 PM
311	Education for the children/young adults in the county should include how to balance a checkbook, how to budget. Keep the conversation going about making state/fed mandates more flexible on all the testing required so real teaching can occur that keeps the kids engaged in learning. Research is pointing in the direction of "homework" being more effectively done as a group in class, not at home. Lets hear more about this and other advances in cutting edge educational effectiveness. For the homeless population, lets study and implement San Francisco's One System for tracking/coordinating services. It's working in other major cities.	9/2/2018 2:17 PM
312	Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
313	Youth and seniors need access to services. Focus more on resident needs than tourists needs.	9/2/2018 1:17 PM
314	Services are adequate - do not need more	9/2/2018 11:50 AM
315	More activities all around besides wine tasting - events, concerts are too expensive; this valley is boring and too expensive - there is too much emphasis to cater to the tourist	9/2/2018 11:09 AM
316	I don't know enough about the availability of these services and activities to comment.	9/2/2018 8:07 AM
317	focus on attracting and retaining small businesses into the county; offer tax incentives and tax relief programs to local businesses	9/2/2018 6:54 AM
318	Prioritize children between the ages of 1-15. Do not set up bureaucracies that Balkanize the community, rather use tools to identify segments of the community that are underserved and develop strategies from there. Look at opportunities neighborhood by neighborhood, we have the better mapping tools and will have a new census soon.	9/2/2018 4:48 AM

## Napa County Strategic Plan Survey of Community Members

319	This is another area where Napa does well. Napa is a playground for adults, and I loved growing up here. There are only a few things the County can do to help, and the most important thing is, I believe, to just enable this flourishing to continue. Certain regulations that guide development need to remain in place, but the regulatory burden that many businesses and nonprofits face in Napa should be reduced. I don't think the County should be in the business of organizing activities - the community does a great job of that on its own and will continue to. The County should, however, provide spaces where the community can gather (the parks we already have are great and a central square in downtown Napa where some County offices currently stand would be a fantastic addition) and encourage local participation in and access to events in Napa.	9/1/2018 8:16 PM
320	ACTIVITES AND SERVICES FOR THE HOMELESS, FOOD ACCESSIBILITY, AND VETERAN SERVICES RATE #1 FOR ME.	9/1/2018 7:16 PM
321	The youth should have more to do socially as the Adults have plenty to do in this valley but there is nothing for the tourist family visiting with children..not even a toy store. Plan for family activities here build an enclosed mini-mall with fun activities year round. Our youth, Veterans and Library are all important. Expand the library with more services as there are many workers that want to be hired to do more...train people in Napa County not just Hispanics...train the white person for free to learn Spanish..train the homeless...train the worker over 50...put your library to work- expand to other county buildings and build an educated work force that live here in Napa County. I can not afford to go back to college to get another degree or Master's degree and if I change my field of work, as so many do, it would nice to be able to get a certificate or training in that field that Napa County needs workers in.	9/1/2018 4:28 PM
322	Non profits already deal with much of this and at a lower cost than the county would	9/1/2018 4:00 PM
323	Shared housing is a good idea. Mortgage assistance for those properly vetted.	9/1/2018 4:00 PM
324	Food accessibility	9/1/2018 3:32 PM
325	All of the above	9/1/2018 1:18 PM
326	Community sports programs are so valuable as private sports programs are completely unaffordable for most people. Libraries are also valuable as they serve as a community resource for news, information and meeting space for studying. Library needs help wit the homeless and mentally ill that hang out there and use it as a day shelter, not using the actual library services, and disturb the other patrons.	9/1/2018 12:25 PM
327	Expanded capacity at shelter; return of homeless family shelter. Current services only serve most severe cases, resulting in multitudes of people who fall thru the cracks & become more severe over time- esp among mental health and homelessness	9/1/2018 10:35 AM
328	Local libraries. Activities for children	9/1/2018 8:41 AM
329	activities and services should be supported for all County residents.	9/1/2018 8:13 AM
330	Give us a community pool please. Give homeless a room like a motel room with kitchen as long as they participate in therapy or education. Find a grant for this.Give others an organized tent City with a bathroom.	9/1/2018 7:40 AM
331	Prioritize quality of life for families, especially with youth in mind. A community athletic complex would be fantastic. Assist in maintaining the vine and river trails.	9/1/2018 5:52 AM
332	Funding	9/1/2018 5:49 AM
333	stop reducing the HHSA's budget	8/31/2018 10:48 PM
334	Encourage volunteer services to community.	8/31/2018 10:26 PM
335	Any programs or activities that can get the homeless out of encampments along the river.Construct "tiny houses" developments and move the homeless from encampments	8/31/2018 9:37 PM
336	Help get homeless of the streets and provide more shelters and job opportunities for them.	8/31/2018 9:28 PM
337	Keep it accessible localised to neighborhoods.	8/31/2018 8:19 PM
338	Provide what is necessary but ask for a return. Similar to an educational loan.	8/31/2018 6:46 PM
339	More activities where are we meetingalcohol consumption is not allowed.	8/31/2018 6:33 PM
340	Focus on jobs, opportunities, and activities for the younger and under-represented populations, and the others will follow.	8/31/2018 6:24 PM
341	The county should continue current practices.	8/31/2018 5:47 PM
342	Engaging young persons, at risk persons, and disadvantaged folks in our community about job opportunities and how to get them is great! But Napa does seem to particularly suffer from a shortage of available (and diverse) jobs.	8/31/2018 5:43 PM
343	Community centers, and/or public schools, where elders and children interact on a regular and daily basis.	8/31/2018 5:19 PM

## Napa County Strategic Plan Survey of Community Members

344	It used to be that only locals complained about the lack of activities for teenagers and children here, but more and more I'm hearing from tourists that they're disappointed with the things they can do with their children here when they visit. I'm sure tourists and locals alike would enjoy some sort of interactive museum, like the exploratorium, or some sort of arcade where parents could send older children to safely enjoy themselves while they're at a tasting room downtown.	8/31/2018 4:37 PM
345	Form a partnership with NVC to teach trade skills (such as solar construction and maintenance), agriculture (other than wine_ man can not live on wine alone), and arboriculturist (many yard maintenance workers turn fruit producing plants into shrubs and do not recognize invasive or noxious weeds). Make food accessible by growing it in public right-of-way. Provide public transportation for all to be able to access public events, after work hours and on weekends.	8/31/2018 4:32 PM
346	Homeless solutions	8/31/2018 2:47 PM
347	Family fun and teen helpers events, exsample, in past had a kit makeing day from garbage bags, making costume with recycle items and a parade afterwards each quarter. Of hand only ones I can think of.	8/31/2018 2:27 PM
348	Higher proportion of hotel taxes and other tourist fees spent on residents.	8/31/2018 2:21 PM
349	Lots of activities for each group of folks	8/31/2018 2:01 PM
350	Jobs/activities for all	8/31/2018 12:30 PM
351	Create programs that promote activities directed to each age group.	8/31/2018 12:15 PM
352	One aspect of a healthy community is that residents feel a sense of inclusion. In order for all people to feel this, conditions must exist in which people are valued, understood, and feel safe. In order for the County to interact with the community in ways that promote this, County staff should understand things like bias and privilege. The County should ensure that all department staff receive training in race and cultural equity. Furthermore, County departments should be held accountable for being inclusive and responsive to the needs of all residents. The County should be very explicit about valuing and respecting all community members and actions should reflect those values.	8/31/2018 11:56 AM
353	There is not enough (any) money available for emergency food programs. Creating funding for increasing food security in the County. Use MSA to support efforts to improve the emergency food system.	8/31/2018 11:40 AM
354	As a parent, my personal desire would be to see more programs for youth and young adults but our county would benefit from more programs for all of its residents.	8/31/2018 11:40 AM
355	Food Accessibility and Assistance and Activities for homeless individuals and families	8/31/2018 11:32 AM
356	Job opportunities for youth and young adults, so they can the opportunity to thrive and become more independent and part of Napa county. More activities for children under the age of 15 and services for racial ethnic minorities. Food accessibility and assistance is extremely important so no families are left hungry.Services for our veterans are extremely important and needed in Napa County.	8/31/2018 11:12 AM
357	More events That bring the community together.Dissemination of information in schools.More meetings for parents to discuss any potential problems or concerns.	8/31/2018 11:09 AM
358	Job opportunities for youth and young adults,Activities and services for children (0-15), Activities and services for homeless individuals and families,Activities and services for LGBTQ, Veterans services and Activities and services for Racial Ethnic Minorities.	8/31/2018 11:05 AM
359	Job opportunities	8/31/2018 10:58 AM
360	Veterans services. There is plenty of work to be had , training would be the bridge.	8/31/2018 8:55 AM
361	Local libraries - activities for children 0-15	8/31/2018 7:50 AM
362	add life living skills to all education levels, being dysfunctional is only wrong if you stay that way	8/31/2018 6:19 AM
363	Absolutely agree with providing youngsters job opportunities. They need to learn at an early age that it pays to work. Apprenticeship programs where teens can learn a skill and earn money will keep them off the streets and boost their chances for further education. Yes it's fun to learn nice to earn.	8/31/2018 1:16 AM
364	Pre school for all children. This will help to bridge the gap between the non English and English speakers in public schools.	8/30/2018 4:26 PM
365	More job opportunities for youth and young adults. Our libraries are great. Helping our homeless would be great too.	8/30/2018 3:49 PM
366	Veterans services	8/30/2018 3:18 PM
367	Social Services are very limited in American Canyon. We need more resources.	8/30/2018 3:10 PM

## Napa County Strategic Plan Survey of Community Members

368	Unsure of actions needed to address all of the these important areas. Take care of most vulnerable first in all ways possible and create programs that act as a preventives to help lessen the needs for services in the end and aid people in living a healthy life.	8/30/2018 2:41 PM
369	Better Support for working age veterans. Activities for working families and other families that live & work here. We pay a lot to live here, make it so we can enjoy the weekends here, too.	8/30/2018 2:33 PM
370	Keep up the Friday Night programming, it creates a great community. I	8/30/2018 2:20 PM
371	More open spaces and parks, youth programs that cater to the wine and hospitality businesses, more youth centered events, bring back the farmer's market.	8/30/2018 1:21 PM
372	parks and events for communities, locals	8/30/2018 1:03 PM
373	no opinion	8/30/2018 12:50 PM
374	I don't know what activities are but having more events geared toward local that are low cost and accessible as well as welcoming to people of different racial/cultural backgrounds or disabled would be nice	8/30/2018 12:49 PM
375	Shrinking population of youth will not be able to sustain the aging population (systemic issue but amplified in Napa). Too expensive for young families to settle. Families choose Vacaville and Santa Rosa over us because the quality of schools.	8/30/2018 12:03 PM
376	All of the above	8/30/2018 11:51 AM
377	Same comment as above.	8/30/2018 11:44 AM
378	The young are the most important group to be concerned with.	8/30/2018 11:19 AM
379	I think there are may options available to youth in Napa Valley, but continuing to promote athletic and art programs including local Rec programs as well as private (Nimbus arts for example) is important. Foster job opportunities for youth and young adults through highschool and other ed opportunites with our local ag and hospitality industries. Lots of jobs available - just need connection between the those needing jobs and employers.	8/30/2018 11:17 AM
380	Activities where local residents can develop and enhance a sense of community is very important. some of the non-profits in Napa have been very successful at providing programs for the community like Napa Can Do's food bank program, and the river and waterways clean up in September and the local libraries provided great resources and programs for the locals,	8/30/2018 10:46 AM
381	The opportunity/programs to enhance and build a sense of community across generations and ethnicities	8/30/2018 10:34 AM
382	Fund inexpensive community events - public readings - public art. Support Harvest festivals, farmers markets and open meetings.	8/30/2018 10:16 AM
383	career worker placement program.	8/30/2018 9:45 AM
384	Build a community center for diverse populations - LGBTQ and people of color	8/30/2018 9:01 AM
385	We need at least one public pool that is exclusively for the community and not used by another school. It is appalling that Napa doesn't have a community swim center.	8/30/2018 8:52 AM
386	Do more events to enhance sense of community	8/30/2018 8:32 AM
387	Doing OK	8/30/2018 7:05 AM
388	Adult Protective Services must be given a broader mandate to investigate, cure and end all forms of elder abuse such as the corporate elder abuse referred to earlier. They were duly notified of that travesty listed for you above and did nothing constructive to end or aid in bringing an end to that abuse neither did Napa Fair Housing when alerted.	8/30/2018 3:37 AM
389	More adorable activities for all ages especially the youth. Roller rink, ice skating rink something fun!	8/29/2018 10:12 PM
390	Job opportunities for youth/young adults; access to the arts; libraries; activities that build community for underserved communities (lgbt, ethnic minorities)	8/29/2018 10:08 PM
391	Food accessibility and assistance is #1. We need to keep our small tight community feel, which will require continuing to develop & enhance the wonderful sense of caring community.	8/29/2018 9:47 PM
392	As an aging population, identify sustainable social and support programs for 65+ adults	8/29/2018 9:29 PM
393	Please open the library on Sundays again.	8/29/2018 9:25 PM
394	Activities and services for children (0-15) Local libraries	8/29/2018 9:08 PM
395	Stop all the tourism for more wine and hotels. Have kid businesses and things to do for children.	8/29/2018 8:41 PM
396	We need to attract business that each age group will be willing to go to and have a good safe environment. Give tax breaks or insensitives to these business.	8/29/2018 8:19 PM

## Napa County Strategic Plan Survey of Community Members

397	I think we're doing a good job now at this, but providing more affordable community activities such as harvest dinners as well as those for tourists.	8/29/2018 6:55 PM
398	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
399	Libraries should be a top priority as resource centers and community centers.	8/29/2018 6:20 PM
400	Reduce assistance to all the very vocal racial and LMNOPQ people. Use the money for seniors instead.	8/29/2018 6:14 PM
401	Diversity is my biggest concern. Why aren't there more black people in Napa? Asians? LGBTQ? Or are they simply hidden? Can we bring awareness to community events that encourage diversity? Such as a diversity "fair": come learn more about various cultures, activities, rituals, tools to relate to different cultures. I'm not talking about attending a Latino festival. I mean a fair/festival that really celebrates "diversity" and the opportunity to learn. as a business owner, how do I attract cultural diversity? as a neighbor, how do I support cultural diversity?	8/29/2018 6:09 PM
402	actividades por parte de Parks and Rec que son mas accesibles y no tan caras para toda la familia.	8/29/2018 5:59 PM
403	children and students need support. Adults who need help (addicts, mentally ill, unemployable, etc) should be helped. Seniors should be able to live with dignity, preferably in their own homes.	8/29/2018 5:16 PM
404	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
405	Day care programs for low-income people, both child and elderly. Employers should pay for transportation if a % of their people commute. Greater access to food.	8/29/2018 4:03 PM
406	Programs for all ages, with emphasis on youngest (14-18) and oldest (62+) populations. Charge partifcants, subsidize with corporate sponsors. Give sponsors publicity.	8/29/2018 3:58 PM
407	Activities and services for transitional age youth (16-25)	8/29/2018 3:56 PM
408	I like what the Napa rec department is doing so I would say continue and improve upon that. I don't see any reason to separate out activities for Racial Ethnic minorities or for LGBTQ since all the activities are for anyone that would like to participate.	8/29/2018 3:54 PM
409	-Provide job training focused on "transitional age youth" and "adults." This should be geared toward providing non-college bound transitionals with work skills and retraining adults.	8/29/2018 3:44 PM
410	Families, education, housing.	8/29/2018 3:22 PM
411	Increase financial support for the arts; maintain and grow library services; lift up the poor by spreading the wealth	8/29/2018 3:18 PM
412	Same thing....somehow organize and activate volunteers.	8/29/2018 3:13 PM
413	Build community, break down barriers, encourage participation by all. Community building events like music in Veterans park, Porch Band are great and should be duplicated for the county	8/29/2018 3:04 PM
414	Enhance open spaces. There should be a percentage of dedicated open space to any new project being built through the County.	8/29/2018 2:59 PM
415	Continue Senior Center.	8/29/2018 1:09 PM
416	Activities and services for homeless individuals and families •Activities and services for LGBTQ •Activities and services for Racial Ethnic Minorities •Activities where local residents can develop and enhance a sense of community •Food accessibility and assistance (e.g. Food Banks, Farmer's Markets, Friday Free Market, etc.)	8/29/2018 12:26 PM
417	Instead of having upper class art shows, plays et. Flooding the area, put time and money into places for families and teens etc to go...skate rinks, upgrade bowling alley, add one more...affordable movies and shows...kid friendly. Think what we used to have and people did...seems this,area is lost in all effort for tourists...and really not much for them...just high priced stores. Get real.	8/29/2018 11:53 AM
418	Continue the Parks and Rec programs. I love what my kids can do and all the parks we have in American Canyon.	8/29/2018 11:02 AM
419	less hotel	8/29/2018 10:49 AM
420	Opportunities for physical activities in groups like using online sign up/matching like tinder. Hiking playing sports dancing art etc. do it in different age groups.	8/29/2018 10:45 AM
421	Access to the arts	8/29/2018 10:37 AM

## Napa County Strategic Plan Survey of Community Members

422	there is no sense of community in Napa anymore, it is very divided, you have an entire population of people feeling like they no longer should be here, that they are being run out of the town they grew up in, a community that their parents and grandparents were a part of, but no longer is that true	8/29/2018 10:26 AM
423	The children are our future. Focus on them first.	8/29/2018 10:19 AM
424	Food Accessibility - please utilize the HHS emergency food survey to guide your decisions. Where do people go to learn about all of the assistance programs? How do they find out about transportation options, locations, times, prep facilities? There is not one place for people to get information and help.	8/29/2018 10:15 AM
425	Provide more outreach in multiple languages and through various channels. Provide drop-in help centers in cities rather than force all residents to travel to City of Napa and/or S. Napa campus	8/29/2018 10:07 AM
426	Education improvements	8/29/2018 9:53 AM
427	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
428	I think all of the services listed above are vital, and the way that these events are marketed and advertised (where and by whom) will be integral to their success. Napa County should identify their community partners and formally recognize liaisons in each of these demographics who can be a representative of and direct tie to their community.	8/29/2018 9:18 AM
429	There doesn't seem to be much effort to engage teenagers in activities. More attention to the 13-18 year age group is needed.	8/29/2018 8:52 AM
430	All of these are critical and deserve much attention.	8/29/2018 8:45 AM
431	Diversified active urban centers create career pathing opportunities	8/29/2018 8:24 AM
432	Create more activities and services for the 0-25 population.	8/29/2018 8:22 AM
433	Libraries, arts, kids, vets.	8/29/2018 8:15 AM
434	We need to continue providing more programs for children and teens. Make the Library the hub of all these activities... owner of all community programs. If we can pull our kids together through the library - it will increase their exposure to great books, activities and people (librarians). The libraries provide so many great resources and activities, but they are underutilized. If the major activities were tied together (tree lighting, 4th July, etc) then that could increase exposure. I would just like to see better integration between the libraries and parks/rec (especially the activities part of parks/rec)	8/29/2018 8:07 AM
435	Not A primary function of government.	8/29/2018 6:18 AM
436	Activities and services for older adults Job opportunities for youth and young adults	8/29/2018 5:37 AM
437	Job creation	8/29/2018 4:53 AM
438	Keep libraries vital; focus education on basic skills with a focus on accountability and get back to our heritage of a strong work ethic by encouraging after school work and integrating programs with business opportunities in the community	8/28/2018 11:50 PM
439	No opinion	8/28/2018 11:33 PM
440	Better and broader access to libraries in rural parts of the county. Diversify library collections.	8/28/2018 10:45 PM
441	Some homeless do not understand help and their understanding will not allow them to be helped. Food banks work better when they are turned over to the churches perhaps you can provide locations. Libraries need a marketing plan to suggest its "cool to volunteer " Community activities in local parks make a sense of community. Community white elephant sale with 10% of the everyone's profits are donated to the community for something needed.	8/28/2018 10:44 PM
442	Make a focused commitment to community outreach through advertising, local news sources & social media platforms, etc.	8/28/2018 10:33 PM
443	All of these are important. My private wish is for the library to return to being open on Sundays, but job opportunities for young people, if we hope to retain our population base, is vitally important.	8/28/2018 10:22 PM
444	Veterans	8/28/2018 10:16 PM
445	Job opportunities for all as well as activities that encourage healthy development for all; however, budgeting classes/training should be a priority to make sure people learn to live within their means	8/28/2018 10:06 PM
446	Communicate with organizations and schools to support building and retaining a local workforce.	8/28/2018 10:04 PM
447	I like the opportunities available for jobs for students in high school but usually its the youth who are high risk with an IEP. Napa County can expand to youth with average or high GPA as well to include jobs in accounting, hospitality, culinary, and elder care/ companions. Animal shelters need help too.	8/28/2018 9:52 PM

## Napa County Strategic Plan Survey of Community Members

448	libraries are very important. Activities not so much, people can figure out for themselves what they need to do, I don't think the Govt. needs to be involved	8/28/2018 9:26 PM
449	Find ways to link small children with the elderly.	8/28/2018 9:21 PM
450	Important, but so much as other areas	8/28/2018 9:19 PM
451	More activities for kids, I.e children's museum, roller skating rink, teen center.	8/28/2018 9:18 PM
452	Food accessibility and assistance along with activities that help to develop a sense of community. If people have a sense of pride in their community by being involved they are more committed	8/28/2018 9:17 PM
453	Job opportunities for youth and young adults	8/28/2018 9:09 PM
454	In order to allow the Napa community to thrive as a whole, there need to be more new jobs and job opportunities for the people that live here so they do not have to face arduous commutes out of County.	8/28/2018 9:05 PM
455	I would like to see more activities and services for Racial and Ethnic minorities, specifically African American families.	8/28/2018 8:55 PM
456	jobs for young adults	8/28/2018 8:46 PM
457	Equitable pre-school opportunities, and plenty of high quality aftercare (sports?!) programs at ALL schools.	8/28/2018 8:46 PM
458	As above	8/28/2018 8:46 PM
459	Support and expand on most used social services, building in more proactive/preventive services. Affordable high speed WiFi, and free regular WiFi in public places.	8/28/2018 8:46 PM
460	Jobs for teenage youth and activities for youth.	8/28/2018 8:32 PM
461	Keep up with activities for our youth. Make them easy for parents to attend with their children. Offer things that a wide variety of people would like.	8/28/2018 8:27 PM
462	Efforts to look into alternative resources to house or support families that are about to lose their housing. Current standards to help those in need are requiring that the person or family become homeless before services can be provided.	8/28/2018 8:17 PM
463	Activities for all ages. It's great to see local programs for arts music which bring the community together	8/28/2018 8:06 PM
464	make health care accesible and free for all the residents of the county affordable farmers markets	8/28/2018 7:58 PM
465	Idle hands are the devils work shop. There's nothing for the young adults to do. No one should go hungry, maybe a community garden where youth jobs/training could produce food and pride. Libraries that are open more hours that offer computers and internet. The OR coast does this well. Staff and volunteers to assist those visitors.	8/28/2018 7:48 PM
466	Pre-school programs and after school programs give our youth a head start in socializing and education. After school programs are a great way to give structure to kids w/o support at home. Suicide prevention and anti-bullying programs need to be implemented at elementary, middle and high schools.	8/28/2018 7:29 PM
467	Inclusivity and anything that promotes it	8/28/2018 7:21 PM
468	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
469	Activities based on kids engagement to stop gangs and crime	8/28/2018 6:50 PM
470	Family services to help with parenting/education	8/28/2018 6:46 PM
471	There are alot of jobs for youth but there needs to be more outreach for employers. Maybe reach out and post at the high schools to meet employers needs. Activities and services for children age 0-5 is pretty non existent. Childcare is hard to find for infants to 3. Not much activities for this group. There are really not much activities for age 16-25, except for those that are 21 and can drink. There is no nite life besides food and drinks. We need increased services homeless and getting them off the streets.	8/28/2018 6:43 PM
472	Again, first and foremost letting people know what is already available in terms of services.	8/28/2018 6:42 PM
473	Local libraries	8/28/2018 6:38 PM
474	Adequate budget for the Library & Veterans Services	8/28/2018 6:03 PM
475	I don't know what's available for social services/activities in our community or the offerings for youngsters to older adults since I work all weekends being in the wine hospitality industry.	8/28/2018 6:00 PM
476	Things for young people to do in Napa	8/28/2018 5:57 PM

## Napa County Strategic Plan Survey of Community Members

477	Services as volunteers should be the "activities" for our residents. How about providing opportunities for people to give back to their community instead of putting the onus on the government to solve everyone's issues ..for example if people want help they need to give something of their time to receive. We have lost our community effort in solving problems of the very place they live...teaching responsibility as a goal for those who can to provide for others who cannot for whatever limitations they may have.	8/28/2018 5:52 PM
478	Open up the library on Sundays!!!!	8/28/2018 5:37 PM
479	working with CBO's and members of the county, activities that are affordable and meaningful can be shared across the county. Many fun things occur now; does everyone know about them? Are they free and accessible? Leadership in this area is a county role; creating activities may not be.	8/28/2018 5:37 PM
480	All are important, but activities/jobs for transitional-age youth could really help the crime/joblessness/mental health issues we see.	8/28/2018 5:37 PM
481	There needs to be a sense of a downtown in both Napa and American Canyon - the biggest population centers in the County. Everything is spread out with sprawl and there is no sense of a local place unless you are wine tasting.	8/28/2018 5:18 PM
482	focus	8/28/2018 5:15 PM
483	See above: access to services that allow everyone to be successful and to contribute to the community.	8/28/2018 5:11 PM
484	If activities for any age group are opened to all then you would not need specific programs for minority or disadvantaged group. Develop programs by age group with funding to support a sliding scale for income levels regardless of whether they are homeless, LGBTQ or of a racial minority.	8/28/2018 5:10 PM
485	"Social services" also speaks to community building. Our communities are not well integrated and there is still a hesitance on the part of community leaders to admit that this is the case and needs to be a priority. Finding ways to garner additional community participation is essential. Public meetings in the evenings, an investment in professional interpreters, robust community outreach, transparent and open budget processes... all of these must be prioritized. The County could also create a childcare program for County employees that could serve as a model for employer sponsored childcare, a desperate need in our communities.	8/28/2018 5:06 PM
486	Activities for local residents	8/28/2018 5:03 PM
487	Making sure restaurants treat their employees well and with the legally required breaks is CRUCIAL to retaining working class and young adults in Napa. Continued vocal support of LGBTQ and minority communities, as well as veterans.	8/28/2018 5:02 PM
488	The Wineries provide an abundance of all types of art for the community. Job access for the youth and recently graduated is important.	8/28/2018 4:59 PM
489	Don't cut services.	8/28/2018 4:58 PM
490	An active local Institute of Aging or similar organization that provides home accessibility for low-income/seniors.	8/28/2018 4:50 PM
491	Providing these services is terrific but how many people know about their availability and have access to them? For example, it's very challenging if not impossible for a disabled person or senior, or someone without private transportation to avail themselves of the Food Bank.	8/28/2018 4:36 PM
492	More diversified jobs besides low paying service industry jobs.	8/28/2018 4:32 PM
493	Current actions seem to work	8/28/2018 4:28 PM
494	Job opportunities for all working class residents. Activities for transitional youth. Veterans services.	8/28/2018 4:26 PM
495	Education about taking responsibility.	8/28/2018 4:26 PM
496	Social services and education need to go hand in hand. Glad there are wellness centers at middle schools. Job opportunities should be a priority (again, must relate to affordable housing.)	8/28/2018 4:21 PM
497	Napa Library needs a dedicated room for Friends of the Library for book sales	8/28/2018 4:20 PM
498	Continued and added funding for the library to support the communities needs.	8/28/2018 4:20 PM
499	More local events like Porchfest.	8/28/2018 4:17 PM
500	Activities and services for children (0-15)	8/28/2018 4:15 PM
501	Answers are above. We lost industrial space that could have been better developed for new industries/technology for younger generation. Too much is given to monogamy culture and low paying jobs.	8/28/2018 4:14 PM
502	I think we have a pretty vibrant community with activities and events. Not sure if minority interests are being served	8/28/2018 4:11 PM

## Napa County Strategic Plan Survey of Community Members

503	Engage in Blue Zone conversations; support the vine trail, parks, community centers, boys & girls clubs, farmers' markets	8/28/2018 4:09 PM
504	We have fairly good social services around the county.	8/28/2018 4:06 PM
505	Again, we need citizens of Napa. If housing continues to sell to out-of-towners for a two week vacation twice a year, there won't be a sense of community.	8/28/2018 4:04 PM
506	Need to insure basic rights of shelter, food, clothing and health care are available to all. The menial jobs that sustain this community need to be compensated with wages that allow people to secure these rights and live with dignity!	8/28/2018 4:01 PM
507	Ok as is	8/28/2018 3:55 PM
508	All of the above	8/28/2018 3:53 PM
509	Veterans services	8/28/2018 3:53 PM
510	Napa probably faces the challenge of having low income families working in agriculture with high income people coming for lifestyle and pleasure. How to face those extremes is a challenge.	8/28/2018 3:50 PM
511	We love the services from parks and rec and the library and use them often. Perhaps local businesses could ve engaged to support county efforts, such as farm donations to a free market or a parks and rec program taking place at a private business like Rockzilla.	8/28/2018 3:49 PM
512	Expand Parks & Rec offerings for kids, especially non-sports activities. Develop strategic plan for weekly downtown river walk with attractions on downtown bridges to draw people across (to & from Oxbow, e.g.), something like Chef's Market used to be.	8/28/2018 3:47 PM
513	Do not spend extra monies on programs that have small turnout or represent a very small group.	8/28/2018 3:39 PM
514	library branch in north napa collaboration between county and city for activities for different ages	8/28/2018 3:35 PM
515	Countywide free public festivals programs that engage adults of all races, ethnicities, countries of origin; county-supported free arts days--county funds admission to arts places	8/28/2018 3:34 PM
516	All of the above plus help and attention for needs of immigrants.	8/28/2018 3:30 PM
517	We have a good start, I think, so just more	8/28/2018 3:29 PM
518	See above answer	8/28/2018 3:28 PM
519	A Major focus on the youth and the parents that are starting a family in Napa.	8/28/2018 3:21 PM
520	Continue funding as a priority	8/28/2018 3:06 PM
521	Work to make the two year college accessible to all and job training for a person to be able to improve their life.	8/28/2018 3:06 PM
522	No specific suggestions.	8/28/2018 3:04 PM
523	We do a pretty good job- don't get rid of all the festivals we have, nor stop requiring parks as new neighborhoods are built. Build a community swimming pool and possibly community gym.	8/28/2018 2:58 PM
524	Same as above	8/28/2018 2:53 PM
525	Activities and services for LGBTQ	8/28/2018 2:49 PM
526	Taking accountability for our undeserved residents, specifically homeless individuals and families and assisting them with programs as well as Napa County as a whole embracing the LGBTQ community and partnering with LGBTQ Connection in Napa to ensure the LGBTQ youth which are vulnerable, we must ensure they have access to support they might need. Assisting veterans with mental health services.	8/28/2018 2:44 PM
527	Food accessibility and assistance Activities for all levels The arts are the basic form of civilization Support public art similar to what Yountville is doing	8/28/2018 2:40 PM
528	As above, make sure that all services are sensitive and welcoming to members of the LGBTQ in our community.	8/28/2018 2:38 PM
529	Muestrenso donde esta la necesidad mayor y apoyen esos servicios, si pueden apoyarlos a todos mejor	8/28/2018 2:35 PM
530	There is plenty to do in Napa.	8/28/2018 2:31 PM
531	There should be an Exploritorium type of museum or activity center for kids especially from 0 to 20. The only fun thing to do is taste, tour, drink wine in Napa. No zoo, no extensive museums (just small ones). Need bigger libraries with more of everything. And can we help the homeless? It seems when a person is homeless, it is a desperate situation and that person should be a top priority. Do they have to hide and sleep in the street? If they are dangerous why are they on the street? I don't have the answer only compassion. Is there a high-level thinker and problem solver that can work on this?	8/28/2018 2:27 PM

## Napa County Strategic Plan Survey of Community Members

532	museums and recreational opportunities, including youth sports, free to local residents.	8/28/2018 2:24 PM
533	Strong Education efforts for K-12 grades, Paying job opportunities for youth and young adults, address the homeless needs	8/28/2018 2:24 PM
534	affordable child care.	8/28/2018 2:20 PM
535	all of the above	8/28/2018 2:20 PM
536	The local libraries are great. Kudos to those who run them! Napa needs to be much more focused on integrating the entire County -- right now we de facto segregation in housing between the white and Latino communities, and there is only limited contact between white and Latino communities. That needs to change. Napa needs to create a program that enables white Napans to become culturally literate with regard to our Latino neighbors. Napa should also provide legal support for non-citizens caught up in immigration issues, as the Cities of New York and San Francisco do.	8/28/2018 2:20 PM
537	Libraries are most important to me. I remember getting a library card when I was 6 years old, and it astounds me how many people don't utilize the library or use it as a baby-sitting service only.	8/28/2018 2:18 PM
538	You can provide all kinds of activities for kids, youth, adults and older adults, but it doesn't mean they will come. Have more community sponsored events, not paid for by the county. Farmers Markets that sell all organic product are too expensive for the mainstream, stop catering to the well off.	8/28/2018 2:18 PM
539	more \$ for more programs	8/28/2018 2:14 PM
540	Local libraries Veterans services Food accessibility and assistance (e.g. Food Banks, Farmer's Markets, Friday Free Market, etc.)	8/28/2018 2:10 PM
541	Our local street fairs, fireworks, celebrations actually used to bring out families. Now they all seem like Mexican gatherings: the food, the music, the attendees; so that's who attends.	8/28/2018 2:09 PM
542	Activities for age 0-25 is important and if they support early education and fitness all the better	8/28/2018 2:07 PM
543	Activities for children and transitional age youth, as well as job opportunities for the latter are critical. Perhaps some sort of local conservation core would be useful. Some positive, visible work that the community would applaud and would give kids a sense of connection and responsibility. Trail & park maintenance, cleanup, communication tasks-- things that would also build useful skills.	8/28/2018 2:04 PM
544	More affordable/free programming for children under 5.	8/28/2018 2:00 PM
545	Everything!	8/28/2018 2:00 PM
546	Greater investment in addressing issues of racial/LGBTQ equity. Measurable plans to reach underserved populations and reduce disparities.	8/28/2018 2:00 PM
547	Training programs for hospitality	8/28/2018 1:58 PM
548	revitalize the TAY program, put more efforts towards helping the homeless	8/28/2018 1:56 PM
549	Job fairs at junior high and high school's in the county. Activities organized by Parks and Rec.	8/28/2018 1:51 PM
550	Support educational programs at the libraries and staffing for these services to the community. Increase support for homeless families and protect the children.	8/28/2018 1:51 PM
551	Food	8/28/2018 1:49 PM
552	Food accessibility. Supportive services and housing for homeless.	8/28/2018 1:48 PM
553	not very important	8/28/2018 1:44 PM
554	Job opportunities for youth and young adults Local libraries Veterans services	8/28/2018 1:39 PM
555	Training from local businesses that lead to career opportunities	8/28/2018 1:33 PM
556	Top priorities should be access to the arts and improvement to local libraries.	8/28/2018 1:30 PM
557	Local libraries, the arts (in schools), and veterans services are overlooked and underfunded in our community and have been for a VERY long time. Beyond that, please refer to the answer to Question #13.	8/28/2018 1:22 PM
558	Skilled job training for teens and adults	8/28/2018 1:21 PM
559	See response above	8/28/2018 1:21 PM
560	Ensure that there are opportunities and things to do for youth, young adults and transitional age youth (although going up to 25 for transitional age "youth" is stupid - should be 18 or, maybe, 20). Fund libraries.	8/28/2018 1:21 PM
561	Job training in partnership with private sector and NVCCollege.	8/28/2018 1:19 PM

## Napa County Strategic Plan Survey of Community Members

562	More activities for younger children five and under, consider a playground for this age group and for children with disabilities that are confined to wheelchairs, modify the playground so they are able to do what other children do in their wheelchairs	8/28/2018 1:19 PM
563	Broaden Napa County's culture, keeping arts, libraries & local events open & continuous	8/28/2018 1:18 PM
564	Services for youth 0-15	8/28/2018 1:16 PM
565	Job opportunities for youth and young adults, Activities and services for Racial Ethnic Minorities	8/28/2018 1:16 PM
566	Activities where local residents can develop and enhance a sense of community; Local libraries; Food accessibility and assistance (e.g. Food Banks, Farmer's Markets, Friday Free Market, etc.)	8/28/2018 1:16 PM
567	Napa should encourage and develop its parks and arts venues and not focus on specific groups and 'diversity'. Only when people come together to share experiences are differences minimized. Opportunities should be open to all Napa residents and not pigeon-holed into dividing the population into groups.	8/28/2018 1:15 PM
568	Treat everyone the same, do not divide the community in to small groups and pick and choose beneficiaries	8/28/2018 1:12 PM
569	Can we encourage training programs in the schools, or as after school options that might give kids job skills? The same goes for the community college. We have people who need work, and we have businesses that need employees. How do we match them up?	8/28/2018 1:10 PM
570	Libraries are so important for our diverse population since many can't afford a computer or internet services. Longer hours for all libraries would make them more accessible.	8/28/2018 1:09 PM
571	Please pay attention to the residents more not the tourists !!!!! Don't even go downtown on the weekends - too many intoxicated and don't feel safe.	8/28/2018 1:07 PM
572	Addressed above	8/28/2018 1:05 PM
573	LEVERAGE EXISTING FACILITIES TO SUPPORT CHILDREN, SINGLE MOTHERS AND SENIORS; STREAMLINE AVAILABILITY OF FOOD-BANKS, READING & ACTIVITIES	8/28/2018 1:04 PM
574	More activities to provide a sense of community for the mix of people in the community. Provide monetary assistance for those who cannot afford many of the activities such as for children (young families) and the elderly as this is a very expensive place to live.	8/28/2018 1:03 PM
575	Jobs for young adults	8/28/2018 1:00 PM
576	We need to help the homeless and make sure there is transportation help for the elderly.	8/28/2018 12:54 PM
577	Get the kkk crap off the tile wall behind the hat building and start educating the nasty white racists in Napa that they need to change or leave. Napa does NOT stand for No African People Allowed!!!! It's nasty and disgusting.	8/28/2018 12:54 PM
578	We need to make job availability for Napans, especially for young people, abundant. This will allow families to stay together and not require them to move away from loved one's to be able to afford to live.	8/28/2018 12:54 PM
579	Strong focus on youth and elder (60+) activities. More outreach to seniors, maybe in the form of actively pursuing volunteer involvement.	8/28/2018 12:53 PM
580	Help raise awareness and offer resources for people.	8/28/2018 12:53 PM
581	Push NVC to have a more diverse course offering	8/28/2018 12:52 PM
582	There seem to be fewer adult programs. We're focusing on children and seniors, but as a result there isn't anything for young adults. That's the demo we want to work to keep here in Napa.	8/28/2018 12:52 PM
583	Offer more job opportunities/ volunteer work for tennagers	8/28/2018 12:51 PM
584	No comment	8/28/2018 12:50 PM
585	For school aged kids, a lot of services could be blended with attending school. And our library is outstanding!	8/28/2018 12:50 PM
586	all of the above	8/28/2018 12:49 PM
587	provide local jobs for people under age 20 that are not in the fields	8/28/2018 12:48 PM
588	Job opportunities and training for young adults; activities and services for seniors; veterans services	8/28/2018 12:48 PM
589	Continue funding as-is, adjusted for inflation.	8/28/2018 12:47 PM
590	JOBS, WE NEED JOBS!!! Various groups will come together on their own. WE NEED JOBS AND THE INFRASTRUCTURE NEEDS UPDATING. POTHOLES NEED TO BE FILLED, ETC	8/28/2018 12:47 PM

## Napa County Strategic Plan Survey of Community Members

591	Preschool and childcare should be available to all families. A community campaign to hire and train anyone looking for work to revitalize run down buildings would benefit everyone. Marketing should be increased to share how people can give to the Food Bank, and how people in need can be assisted by the Food Bank. The libraries are great!!	8/28/2018 12:44 PM
592	Activities and services for our aging population	8/28/2018 12:39 PM
593	Activities and services for transitional age youth (16-25)	8/28/2018 12:37 PM
594	Activities and services for children (0-15) Activities and services for older adults (62+) Local libraries	8/28/2018 12:34 PM
595	Activities where local residents can develop and enhance a sense of community: bring back Chef's Market, make Porch Fest much more accessible with expanded parking and free bussing to different locations and add food trucks and beverage vendors. Do more activities that are for the entire community - no age restrictions. Start asking the paper to talk about upcoming events with photos rather than simply reporting events after it's over.	8/28/2018 12:33 PM
596	Activities local residents develop sense of community	8/28/2018 12:29 PM
597	Libraries, education and the arts as well as food for all that need it.	8/28/2018 12:27 PM
598	financial support for after school activities, boys and girls club, senior center, library	8/28/2018 12:27 PM
599	Oportunidad de empleo para jóvenes y adultos	8/28/2018 12:27 PM
600	Ease laws that discourage the employment of minors. Encourage/enable minors to become a significant portion of the seasonal agricultural workforce LIKE THEY USED TO BE.	8/28/2018 12:25 PM
601	More park space, more library activities, more outdoor music (NOT BOTTLEROCK), more children 0 - 5 opportunities	8/28/2018 12:23 PM
602	Adding to the small library selection would be a nice resource. Activities that interest or encourage a wide ranges of ages.	8/28/2018 12:23 PM
603	I'd like to see fewer homeless on the streets.	8/28/2018 12:22 PM
604	Job opportunities for youth and young adults Activities and services for children (0-15) Activities and services for transitional age youth (16-25) Access to the arts	8/28/2018 12:19 PM
605	Change tactics for homeless care. Quit trying to solve a problem that has no solution	8/28/2018 12:18 PM
606	Support anti hunger programs. Access to food for all should be a priority	8/28/2018 12:18 PM
607	Job opportunities but most importantly affordable housing - cities do not help out - every city much prefers to build a hotel than affordable housing...where are the hotels going to find their employees? outside the county so that is not going to help traffic any time soon.	8/28/2018 12:16 PM
608	Napa needs more for kids to do, well, actually, more for everyone that isn't the 1% to do...	8/28/2018 12:15 PM
609	shrinking the gap between the wealthy and the lower middle class. Making things more affordable	8/28/2018 12:08 PM
610	Local libraries Veterans services services for homeless individuals and families	8/28/2018 11:55 AM
611	Veterans services	8/28/2018 11:47 AM
612	since scientopia and pb&j's have closed, there is a need for more childrens activities. the downtown events are fun, but how to spread the word when most people don't get the newspaper or listen to the radio	8/28/2018 11:39 AM
613	Our libraries are fantastic and we cannot let that change.	8/28/2018 11:10 AM
614	Jog opportunities for the young and young adults is really important. And, the minimum wage laws made employing youth on a large scale, much more challenging. I would also suggest that activities and perhaps job training programs for transitional youth should be a focus.	8/28/2018 11:09 AM
615	More community based events that allow encourage residents from all parts of our Valley to come together and appreciate one another. Programs that help bridge gaps not widen divides.	8/28/2018 11:06 AM
616	Access to the arts are important for the development of the brain and job opporunities for youth and young adults.	8/28/2018 10:25 AM
617	Services should be offered for veterans, and accessibility to food should be offered WEEKLY in every city (including perishable food). Services should be offered to homeless as well. I would not have any SPECIAL programs for different races, sexual orientations. Offer services to everyone and stop defining people by race and sexual orientation.	8/28/2018 10:00 AM
618	We need to support community college programs that support training local residents for jobs in the local community. We need job training and small businesses.	8/28/2018 9:43 AM
619	Job opportunities for youth and young adults are very important. The next generation needs to fall in love with agriculture and the wine industry again.	8/28/2018 9:36 AM

## Napa County Strategic Plan Survey of Community Members

620	Opportunities for youth must remain a primary focus. With the limited public access that exists here there is little chance for younger people to explore our wonderful valley. Instead they are sequestered indoors stuck to electronic recreation with little ability to truly play.	8/28/2018 9:25 AM
621	Activities for young children can assist parents in maintaining their jobs. I think the activities are there but not accessible to some; it would perhaps be helpful to reach out to dual income and lower income families to better understand why they may not be utilizing things such as the Boys & Girls Club or mentorship programs, and then work on fixing those connections.	8/28/2018 9:23 AM
622	More vocational job training, more arts programs, enhance and connect Napa Valley College perhaps.	8/28/2018 8:47 AM
623	focus on children and transitional youth	8/28/2018 8:27 AM
624	No suggestions	8/28/2018 8:24 AM
625	Job opportunities for youth and young adults. Food Accessibility, libraries, access to arts and Veterans Services	8/28/2018 8:15 AM
626	again a strong social safety net	8/28/2018 8:14 AM
627	What children? No one can afford to live here. I'm on school board-sad!	8/28/2018 8:03 AM
628	Job opportunities that will keep locals around. Too many that grew up in Napa leave because it is too expensive	8/28/2018 7:56 AM
629	Please focus efforts on youth under 20 while fostering a diverse community. Fully fund libraries and the arts.	8/28/2018 7:43 AM
630	Have more internships, and some that provide school credit.	8/28/2018 7:34 AM
631	Reach out more effectively to the hispanic community.	8/28/2018 7:28 AM
632	Boys/girls clubs, mentoring programs with local businesses for youth or older generations, more volunteer opportunities tied into local businesses, big brothers/big sisters, etc. community rec center with classes and programs any/all can participate or be involved. Dedicated senior center.	8/28/2018 1:04 AM
633	More mental health services to remove these homeless individuals off our streets.	8/27/2018 11:15 PM
634	job opportunities for youth and young adults	8/27/2018 5:40 PM
635	Adequate for now.	8/27/2018 4:32 PM
636	Allow our poor and homeless community members to get food and services downtown without harassment by law enforcement. Refer intoxicated people to treatment rather than the jail. Hire and promote people of color, pay for people who can speak more than one language.	8/27/2018 4:28 PM
637	Something that focuses on locals	8/27/2018 4:12 PM
638	Services for homeless Sense of community	8/27/2018 4:02 PM
639	working with local business for intern, part time and training opportunities for young adults and also adults entering/re-entering the work force	8/27/2018 3:42 PM
640	Keep our libraries open!	8/27/2018 2:59 PM
641	Define activities and services in this context? Will the activities and services be based on results of needs assessments? In order to properly identify what exists and what is needed, county needs to get feedback from a variety of stakeholders, including the nonprofit sector.	8/27/2018 2:50 PM
642	Napa continues to focus on the tourists and needs to pay attention to the people who live and work here.	8/27/2018 1:49 PM
643	Have a local Youth Employment Opportunity Program and work experience programs in the schools, expand the down town events such as the recent Blues/BBQ event that would include all diverse groups (see above) but put it in various county settings, develop a county farmers market, develop a county senior center, develop a county food bank center, give veterans discounts throughout the county, support the various Granges, local volunteer fire stations, and other such buildings to host the above suggested activities for the communities, are there any county art buildings?	8/27/2018 12:11 PM
644	Activities and services for disabled adults	8/27/2018 11:44 AM
645	providing more low cost activities for children and young adults	8/27/2018 11:28 AM
646	Social Services should be focused on services for the whole family, rather than the individual.	8/27/2018 10:55 AM
647	Adequately fund these programs please so that there is improved access as well as enhanced/improved services.	8/27/2018 10:40 AM

## Napa County Strategic Plan Survey of Community Members

648	Many of these groups are served by local non-profits and other community activities. Perhaps County could help spread the word on existing programs. Could County offer support to non-profits such as training for grant writing and help with accessing funds?	8/27/2018 10:37 AM
649	Open the main library on Sunday.	8/27/2018 10:28 AM
650	Libraries provide much of the information needed above.	8/27/2018 10:08 AM
651	Activities that help to connect people of racial ethnic minorities.	8/27/2018 10:08 AM
652	Greater focus on early childhood and young adult services and activities including education, employment, housing and physical/mental health well being.	8/27/2018 10:07 AM
653	Support for anyone raising children in Napa County first--prevention for many of these problems!	8/27/2018 10:06 AM
654	All of the above.	8/27/2018 10:06 AM
655	Openly discuss issues and make them a priority. More priority given to people and less to wealth production and management.	8/27/2018 10:06 AM
656	Activities for post partum mothers.	8/27/2018 10:05 AM
657	More services available to teens, either support services or activities to keep them busy.	8/27/2018 10:04 AM
658	Setting up activities should not be the government's role. Providing access to literature, art and vet services is where the focus should be.	8/27/2018 9:52 AM
659	Food kitchen in the area near the homeless camps and center in South Napa. Drug, mental and general health services.	8/27/2018 7:31 AM
660	After school activities for youth of all ages and FAMILY recreational activities for Napa County visitors.	8/27/2018 6:49 AM
661	Park district and library programs are great. Appreciate the partnerships between outside businesses and park district to offer classes and camps for school aged kids.	8/27/2018 6:19 AM
662	Create jobs	8/26/2018 10:04 PM
663	Without job opportunities for our youth, they will leave Napa and take their families with them.	8/26/2018 9:59 PM
664	Veterans and senior services to encourage healthy and supported living for people of all socio-economic levels. Housing options for veterans and seniors to affordably be able to continue to live in Napa County with dignity. Library support for multi-cultural programs, literacy, community hubs, differing ages, etc.	8/26/2018 9:23 PM
665	Support efforts (community events, amenities etc) that encourage residents to engage across differences and promote inclusive, connected communities.	8/26/2018 9:05 PM
666	Job opportunities for young professionals that pay more than \$15/hr is top priority. Especially those that can lead to a competitive and interesting career.	8/26/2018 8:30 PM
667	More celebrations around diversity and ethnic events	8/26/2018 8:06 PM
668	Encourage businesses to offer job-training programs for youth.	8/26/2018 6:18 PM
669	Activities and services for transitional age youth (16-25)	8/26/2018 4:55 PM
670	keep it simple. don't divide people. invite them.	8/26/2018 4:21 PM
671	Given that the bulk of the population resides in the cities I think it is extremely for the County to coordinate social service work of all kinds with the cities. Probably need to establish something like the transportation authority for social services.	8/26/2018 3:00 PM
672	Make housing for all a priority, eliminate homelessness. Offer housing, childcare, clothing, medical care, job skill counseling, job search all within same facility.	8/26/2018 2:11 PM
673	Job opportunities for youth and young adults	8/26/2018 1:50 PM
674	Support net neutrality.	8/26/2018 12:04 PM
675	Access to information remains important, support the libraries. The population is changing and diversifying, take care of all the people.	8/26/2018 11:42 AM
676	No activities for select groups. Increase activities to be inclusive, and actually support recreational activities and events that accommodate everyone	8/26/2018 11:20 AM
677	Young people are the future so we must have opportunity for them to stay in county. Community building through inclusivity. More local farmer's markets that are affordable like the one in Angwin.	8/26/2018 10:14 AM
678	Create opportunities for youth to get jobs and learn responsibility - where are the replacement jobs for the newspaper delivery routes of my childhood? Develop more arts programs - land a new museum that will draw interest.	8/26/2018 9:43 AM

## Napa County Strategic Plan Survey of Community Members

679	Jobs for all ages a priority. Activities for the young and mid teens is priceless. Pivotal time for socialization, pursuing interests and skills. If we don't provide it the gangs will.	8/26/2018 8:35 AM
680	Jobs for many ages could include things like sweeping sidewalks with a broom, not electric. Picking up trash, clearing paths of hiking trails, parks plant maintenance (beautification). I don't feel you need to specialize activities for the groups you have mentioned, that separates them. Better to be inclusive of all. Easter egg hunts for kids would be the exception, or like a safe variety of supervised Halloween gatherings. Libraries need to be open, and build an extra one with access to many more computers and short term classes to teach people to use them, not the college classes.	8/26/2018 7:19 AM
681	Create a team to address these services.	8/26/2018 1:51 AM
682	Support museums Support music programs for all.	8/25/2018 10:55 PM
683	Emphasis on quality of life for locals by focusing on them more than attracting tourists. Events and services for Napers	8/25/2018 9:37 PM
684	a nice year-round public swimming pool - see Fairfield. it is shameful that the city of Napa doesn't have one.	8/25/2018 9:06 PM
685	Again 90% of this is wasted taxes.	8/25/2018 8:58 PM
686	There are a lot of activities available in Napa, just look at the community calendar in the Napa Valley Marketplace magazine. I think the focus on community based activities like Porchfest, Movies at Veteran's Park, Music in the Park (St. Helena), Chef's market, etc allow the community to come together and to keep the smaller town feel of the valley. Please let's not aspire to become a large city (even though technically we are). I believe the library is a priority if you want to address access of lower income residents to information and services.	8/25/2018 7:13 PM
687	Vet services	8/25/2018 6:54 PM
688	Night markets are great for local business and will attract tourists	8/25/2018 6:00 PM
689	Again, with the exception of the library and veterans' services, I wasn't aware the County took much interest in any of these areas but rather left them to the cities. If that's not the case, you have a major perception problem on your hands.	8/25/2018 5:53 PM
690	Services for homeless.	8/25/2018 4:19 PM
691	More local. Less tourists.	8/25/2018 4:05 PM
692	Encourage cultural and community events in public venues; welcome all to attend.	8/25/2018 3:40 PM
693	Local libraries	8/25/2018 2:57 PM
694	Yep	8/25/2018 2:49 PM
695	No comment	8/25/2018 2:22 PM
696	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
697	Again, if you want to make Napa County a great place to live, then stop focusing on making it a great place to visit. It's already great to visit. As residents we are dismayed to see limited parks, no water parks, expensive and limited rec classes, and very few family friendly community activities.	8/25/2018 2:10 PM
698	Job and activity opportunities for locals.	8/25/2018 1:23 PM
699	Prioritize community care Wine industry should fund	8/25/2018 12:49 PM
700	Outreach about availability	8/25/2018 11:19 AM
701	More promotion of services for residents. Opportunities and activities for the youth.	8/25/2018 11:01 AM
702	unless our teens participate in an after school program or a pickup game of basketball there is nothing for them	8/25/2018 10:54 AM
703	Napa has very little to offer to younger folks, the school systems are so-so to bad, little to do - recreation-wise, not many jobs that afford younger folks to live here. And when it comes to the arts, we are limited	8/25/2018 10:50 AM
704	Veterans services	8/25/2018 9:47 AM
705	Funding for all of the above	8/25/2018 9:38 AM
706	Force wineries and local industries to intern local teens for employment opportunities. For each new winery approved, create a new park, activity center, recreational area, etc. Include the permit fees in the new winery's permit fees. Fund the construction with a new tax on all existing wineries, restaurants, hotels and other tourism called a Community in Balance tax.	8/25/2018 9:01 AM
707	Work more with the local people . Have more for the locals.	8/25/2018 9:00 AM
708	Expand recreational class offerings	8/25/2018 8:45 AM

## Napa County Strategic Plan Survey of Community Members

709	Increase funding for veteran services and outreach	8/25/2018 8:10 AM
710	Anything that could lower the social divide between the Anglo and Latin populations would be key. Look at Porchfest - a wild success, but where are the local Mexican bands?	8/25/2018 7:43 AM
711	It seems as though these are pretty well covered in Napa, but I don't know about the northern part of the county.	8/25/2018 7:31 AM
712	Libraries are the heart of any community. Support them, clean them up and somehow improve how they are shared between those with and without a home. The homeless population using library services is an important link to society but should not cause those with homes whose tax dollars support libraries to avoid these community critical services.	8/25/2018 7:12 AM
713	Napa County needs a children's museum which can be combined with a cultural center. This would be a place for local children and the children of tourists can visit and play.	8/25/2018 6:26 AM
714	Engage these groups with information	8/25/2018 5:51 AM
715	Varied activities for people of all ages with different backgrounds and interests from sports to music and beyond. I know other communities that have great adult athletic leagues, etc that I don't believe the Napa Valley has fully developed, although various industries have made their own leagues and groups to meet some of these needs.	8/25/2018 1:15 AM
716	Same as above.	8/24/2018 11:34 PM
717	Diversidad de actividades con la comunidad, por condados o áreas, para unir más a las colonias.	8/24/2018 10:48 PM
718	There are fewer places for our teens to meet and have fun. If they don't bowl or hike there is very few places to go and have fun that are inexpensive.	8/24/2018 10:28 PM
719	I think this is already done fairly well. Continue as is.	8/24/2018 10:03 PM
720	Keep libraries open, provide after school programs for children	8/24/2018 9:49 PM
721	Forget Identity Politic Programs. Focus on those who genuinely need help with the basics; i.e., Veterans, Children, Homeless	8/24/2018 9:28 PM
722	I hope Pathway Home can find a new location and continue its vital services.a	8/24/2018 9:19 PM
723	Pair different ages together, learning and helping together. I	8/24/2018 9:16 PM
724	Some similar thoughts as previously mentioned. I think we need more smaller villages of support, like the sweet loving humble Innovations Community Center (peer lead support) which is in a renovated small home with a home like environment complete with a nice size living room, eat in teaching kitchen, outdoor veggie and fruit gardens, bbq, table & chairs, picnic table, greenhouse, rotating art created in house, moderate size art & activity space inside and outside, conference rm, 2 offices, 3 bathrooms with sinks and toilets. Two extraordinary visionary women in the mental health field created On The Move which Innovations is part of. They saw what was lacking and needed and did an amazing job putting these small communities and villages of support together. Creating a real safe home and family of one's own choosing of like minded people who share some very important common goals, helping support each other in a peer lead way to not just survive, but to work toward thriving. Being in community like this is changing people's lives. Many who come say they never have felt so loved, by individuals at a peer lead level, really seeing, hearing, listening and understanding each other, creating a safe place to be oneself and find and access services there and in our community.	8/24/2018 9:11 PM
725	All of these some attention, but out and out welfare should banned, welfare has become a way of life, families have been on welfare decades.	8/24/2018 9:09 PM
726	Same answer as above.	8/24/2018 8:43 PM
727	?	8/24/2018 8:33 PM
728	help vets and the homeless	8/24/2018 8:29 PM
729	Affordable activities for people of all ages to participate in. Many activities are too expensive for the average family.	8/24/2018 8:27 PM
730	Activities where local residents can develop and enhance a sense of community, access to the arts	8/24/2018 8:13 PM
731	All needed, so long as they focus on legal residents.	8/24/2018 7:57 PM
732	Connect businesses & county agencies with schools (public and private) to develop jobs & activities in the first 8 points listed above.	8/24/2018 7:39 PM
733	Job opportunities and food security	8/24/2018 7:28 PM
734	We need a Napa like it was the first few days after the fire	8/24/2018 7:26 PM

## Napa County Strategic Plan Survey of Community Members

735	We have few homeless, 50- 60? The county has a good handle on them. No distinction should be made for any minority group over another. Napa has many opportunities in the arts...always fund the library!	8/24/2018 6:49 PM
736	More accessible recreation opportunities for kids at our local elementary school- parks and rev working in conjunction with after school enrichment programs would alleviate traffic issues with parents on the roads picking up kids and transporting them to after school activities.	8/24/2018 6:40 PM
737	We don't know enough about it to comment.	8/24/2018 6:35 PM
738	Nothing further.	8/24/2018 6:33 PM
739	Education	8/24/2018 6:32 PM
740	Veterans deserve any help we can provide.	8/24/2018 6:24 PM
741	Activities for seniors	8/24/2018 6:22 PM
742	Investing in the library and resources for our youth	8/24/2018 6:18 PM
743	Overall, in the County, it appears most public activities are tourism focused... where are the publicly-sponsored activities for those listed above? Are there any? If so, more PR needs to occur so people are aware of them!	8/24/2018 6:11 PM
744	Activities that are focused on locals not tourists, specifically children. We do not have a child friendly community. What works in other communities to bring them together?	8/24/2018 5:56 PM
745	No extra services for lgbtq, racial minorities, etc. The longer you treat them as "different" or deserving of "special" treatment the less likely they will "main-stream" in the general community.	8/24/2018 5:41 PM
746	Continue the good work inthe rec. dept, make sure there is always a place for the community to be together. i.e. Napa City nights is great! Free, family oriented, fun, safe.	8/24/2018 5:26 PM
747	Activities that bring generations together, especially seniors and young children. Engage retired educated individuals to lift our education system	8/24/2018 5:21 PM
748	Community and school gardens and cooking classes for all ages will aid in making people healthier.	8/24/2018 5:18 PM
749	Why should i pay for older people's activities or for children's activities?	8/24/2018 5:07 PM
750	All of that.	8/24/2018 5:05 PM
751	More activities like skating rink and climbing and jumping places and the chef's market that bring locals together rather than focusing on tourists Internships for high school and NVC college students Encourage stores that attract the youth and locals like record stores and affordable clothing stores More hours for the library	8/24/2018 4:59 PM
752	enhance the library	8/24/2018 4:46 PM
753	Activities where local residents can develop and enhance a sense of community along with more activities and services to keep the 16-25 age group here.	8/24/2018 4:45 PM
754	Eliminate the \$25,000 contract with Planned Parenthood that provides sex-ed in high school health classes. Identify an organization/program that does not have abortion as its \$bottom line	8/24/2018 4:45 PM
755	Activities for our youth that encourage them to get out and exercise in nature have been proven to improve the lives of the young. Food programs that address hungry children should be a top priority. Address the needs of the young (under 21 years of age) before wasting time and money on adults. The arts and literature are also essential, probably second in importance only to food availability when considering quality of life experience for the young.	8/24/2018 4:29 PM
756	Accessible engagement at all levels ie egagement of retired seniors with toddlers, longer hours at our libraries to include free transporting on local bus	8/24/2018 4:22 PM
757	The free outdoor concerts/performance are a good way to support the arts while also bringing the community together. Expanding awareness of volunteer opportunities (and creating new ones) could help provide activities/services while also bringing community together. Expand opportunities for the community to interact with/mentor at-risk youth. Consider asking local restaurants to add an optional amount besides the tip for Food Bank donations. It is a crime that we have some of the best and most expensive restaurants anywhere yet food insecurity for too many.	8/24/2018 4:18 PM
758	#1	8/24/2018 4:15 PM
759	Access to the arts	8/24/2018 4:06 PM
760	More creative, cross-generational activities and services. Pre-school for all. Senior services such as dental and eye care.	8/24/2018 4:01 PM
761	same as #13	8/24/2018 4:01 PM

## Napa County Strategic Plan Survey of Community Members

762	Stay st parity with state	8/24/2018 4:00 PM
763	We can't solve all problems, I think most people can take care of themselves. To much money is wasted in trying to solve these problems and it is mostly wasted.	8/24/2018 3:50 PM
764	Housing, jobs, activities, arts, information resources like libraries, especially for those who do not have computers.	8/24/2018 3:48 PM
765	Protect and nurture our libraries.	8/24/2018 3:48 PM
766	Homeless services are not working. Just walk around town. Needs to be stepped up!	8/24/2018 3:42 PM
767	I feel Napa has a lot of social services and activities in town which can be attended by all ages.	8/24/2018 3:37 PM
768	Jobs for adults	8/24/2018 3:29 PM
769	We need to focus on ages 13-26...there's nothing for teens/young adults to do! (tasting wine is not an activity)	8/24/2018 3:28 PM
770	Same as #13 above.	8/24/2018 3:26 PM
771	Veterans services Job opportunities for youth and young adults	8/24/2018 3:24 PM
772	working more with teenagers	8/24/2018 3:24 PM
773	Are there jobs that could be offered by the county to employ those needing income?	8/24/2018 3:06 PM
774	Many of these issues will be solved by a growing and more diverse base of businesses and affordable living.	8/24/2018 3:05 PM
775	We all want activities, of course. There are many things for children to do that are not known by the greater public. The county has a nice library system but it seems to be underutilized.	8/24/2018 2:58 PM
776	I can't list actions needed to be taken without knowing what's being done at this time.	8/24/2018 2:55 PM
777	Activities for children/teens, I.e., skating rinks	8/24/2018 2:46 PM
778	Continue upkeep on county parks and other outdoor areas to ensure clean, safe places for all people in the community to enjoy	8/24/2018 2:44 PM
779	Support/fund food security as a top priority and primary health improvement measure for the entire County. Create more opportunities for engagement/use of the Napa River by residents.	8/24/2018 2:43 PM
780	work with private sector to create more widely promoted mentorship programs.	8/24/2018 2:42 PM
781	The resolution is too long to put in this survey. But as a retired Psychiatric Professional I have the perfect solution.	8/24/2018 2:42 PM
782	Year around farmers markets.	8/24/2018 2:37 PM
783	We have a great Parks and Rec dept. I think they are doing a great job.	8/24/2018 2:32 PM
784	Napa has such potential to be a family-friendly community and a community that is inclusive and accepting. In order to be this, we need to feel represented in politics (LGBT person in power?), more funding for increasing book selection at libraries that include diverse characters, promote acceptance, etc. More activities for all families that are not focused on alcohol! Music and art in schools or more opportunities for music for young people!	8/24/2018 2:31 PM
785	real jobs for anyone recieving assistance	8/24/2018 2:28 PM
786	Veterans and Young Adults need to be at the top of this list.	8/24/2018 2:25 PM
787	Same response as to #14	8/24/2018 2:25 PM
788	I would focus on kids and making sure they all are educated and feel a part of the county. Most of these people are not in wine or tourism and the future is theirs.	8/24/2018 2:20 PM
789	We need to study the economy, to forecast where jobs will be created, and train people in preparation for those jobs of the future, how to help people gain the skills they will need for the future economy, and to find the jobs as they become available.	8/24/2018 2:19 PM
790	Outdoor and indoor recreational facilities activities for active adults (including elders). LGBTQ services/activities also almost entirely focused on youth.	8/24/2018 2:18 PM
791	Support existing activities that cater to locals and are also available to visitors; such as Porchfest, Friday music in the park Encourage citizens to create new activities such as those mentioned above Encourage sponsors of activities that cater to visitors; such as Wine Auction, NVFF, BottleRock, etc, to provide opportunities for local to participate in their activities	8/24/2018 2:15 PM
792	Food access and homes for the homeless	8/24/2018 2:12 PM
793	Napa County should work with the high schools and community colleges to ensure the availability of training for jobs that are and will be needed and to support financial literacy.	8/24/2018 2:12 PM

## Napa County Strategic Plan Survey of Community Members

794	Work with existing organizations that provide those services	8/24/2018 2:11 PM
795	Job opportunities & job skills preparation beyond high school. Services for children of struggling families. Food accessibility and assistance.	8/24/2018 2:10 PM
796	This area is also strong in Napa County - just keep doing it.	8/24/2018 2:10 PM
797	Same as 12	8/24/2018 2:08 PM
798	About half of the above	8/24/2018 2:08 PM
799	There are plenty of jobs for high school age kids, but not enough for when the kids graduate from college...not enough that pay well and where the millenials could afford to live.	8/24/2018 2:07 PM
800	Food accessibility and assistance	8/24/2018 2:05 PM
801	I think we offer too many social services in Napa County. We have more overlapping non profits in the private sector. Maybe the County would be better served by contracting with some of them rather than create another bureaucracy.	8/24/2018 2:04 PM
802	Increase arts funding. Work to get and keep those in the 16-25 engaged in the community so they do not leave. Make the process more inclusive of all our different residents.	8/24/2018 2:03 PM
803	Library doing a great job. Programs for youths are inadequate and inferior to other cities. Look at other cities' successes. Focus on people more than now, rather than money.	8/24/2018 2:02 PM
804	Investing in more youth programs and providing a broader spectrum of language and educational resources. Creating programs for Vets and creating diversity and inclusive community. Bringing the "family" oriented activities to promote local families not going outside Napa and to invite families into the tourism pocket.	8/24/2018 2:01 PM
805	All of the above	8/24/2018 1:58 PM
806	Get the homeless mental health and out of their 'camps'.	8/24/2018 1:57 PM
807	Improve support services for homeless. Improve & expand caregiver/elderly support services	8/24/2018 1:57 PM
808	Activities and services for homeless individuals and families Activities and services for LGBTQ Activities and services for Racial Ethnic Minorities	8/24/2018 1:56 PM
809	The county should make sure the resources (libraries, museums, venues, etc) asre well maintained and funded. It does not need to be an event planner	8/24/2018 1:52 PM
810	Jobs, activities and libraries for all ages.	8/24/2018 1:50 PM
811	Assure the availability of quality food to all Napa residents	8/24/2018 1:50 PM
812	Activities and services for children (0-15)	8/24/2018 1:50 PM
813	NA	8/24/2018 1:46 PM
814	Again, what you have listed here is not the responsibility of the county. Allow for folks to make their own decisions on what they need to do. If you separate out programs designated for a certain group, you will never ever get the buy in from the community. If folks (how ever they see themselves being called) act as an adult, show respect for one another, and don't expect preferential treatment, this community will come together faster than anyone could imaging. And in doing so, nobody will ever have to look at a person and think about race, creed, color, religion, etc.	8/24/2018 1:43 PM
815	Support the non-profits that already provide these services and supports. Consider funding them to expand in the areas that are identified as the most important. Given the current political climate, I would like to see the inclusion of unserved and underserved groups really overtly in the planning for these services and their contributions celebrated.	8/24/2018 1:42 PM
816	Job opportunities for teens and young adults	8/24/2018 1:42 PM
817	senior issues	8/24/2018 1:40 PM
818	Stress the importance of the traditional family structure	8/24/2018 1:40 PM
819	Stop worrying about ethnic minorities, if they don't speak English and learn to live in our society they can leave!	8/24/2018 1:40 PM
820	older adults	8/24/2018 1:39 PM
821	Keep parks clean and tidy. Activities are less important if where they're being done is a dump.	8/24/2018 1:33 PM
822	Should not be a priority.	8/24/2018 1:25 PM
823	I think Napa does a good job in this category. But More work opportunities for young people 14-24 can give this group more purpose and keep them out of trouble.	8/24/2018 1:22 PM
824	Better coordination among agencies providing these services	8/24/2018 1:13 PM

## Napa County Strategic Plan Survey of Community Members

825	Companies provide job opportunities; we need more workers!!	8/24/2018 1:09 PM
826	Job opportunities arise when there is workforce training. cities already offer a lot of activities and services. We need to maintain these. Food programs for lower income people needs to be maintained.	8/24/2018 12:58 PM
827	activities for children, desperately needed and not anywhere near what is offered in Sonoma and marin counties.	8/24/2018 12:47 PM
828	N/A	8/24/2018 11:44 AM

**Q15 Housing What actions do you believe Napa County should take to support Housing in our community? As a reminder, in the previous section we defined Housing as: Housing that is affordable for the workforce and/or low income Variety of housing options, including apartments, townhouses and condominiums Homelessness Policies and programs that support affordable and accessible housing**

Answered: 935 Skipped: 1,220

#	RESPONSES	DATE
1	Rent control	10/10/2018 9:08 AM
2	Training of housing management agencies on LGBTQ issues	10/10/2018 8:58 AM
3	Affordable and accessible housing preserving open spaces and animal habitats	10/9/2018 11:54 PM
4	Needless to address. Lack of rent control and escalating rents.	10/9/2018 11:47 PM
5	we need more housing that is affordable, particularly workforce housing. We need to require builders to include housing that is affordable when they build housing units as an integrative part of any housing development. We want affordable units , NOT just money that is donated into a housing fund as is currently happening.	10/9/2018 10:54 PM
6	Thank you for recognizing the need for affordable housing! Keep it going!!	10/9/2018 9:56 PM
7	Enable developers to have better opportunities to put in more housing inventory	10/9/2018 8:54 PM
8	Pay all workers a living wage. Stop approving "estate homes".	10/9/2018 7:37 PM
9	Housing isn't affordable for our workforce. We have massive traffic leaving the valley each night due to this and we loose those ideas and community individuals. I am not for rent control but since our son has tried to find something in the valley - I am leaning that way. Housing prices are way too high but the County doesn't control that. We do control the housing being built; not everything can be high end homes for weekenders. This used to be the bedroom community for Mare Island (before my time) but this could never happen now. I don't want just a rich community - I love the diversity. Our teachers, police etc must be able to afford a home or we fail as a community.	10/9/2018 7:13 PM
10	This is a difficult one. My children could not afford a house in Napa. MAKE JOBS!!!! STOP TAXING US TO DEATH!!!! Many productive people are leaving CA because they are punished for being productive. I have worked since I was 14 years old. Life was not handed to me. I paid my own way to 7 years of college because I didn't qualify for the "people of color" scholarships. But I had a dream and was willing to work for it. Stop making people weak. Give them opportunities to raise themselves up instead of making them a dependent liability.	10/9/2018 6:52 PM
11	Affordable housing.	10/9/2018 6:19 PM
12	Already addressed in your questions	10/9/2018 6:03 PM
13	Make permitting for multifamily MUCH easier. Have strong oversight over fire, planning and building inspectors. Much of the headache comes from dealing with departments like fire who overreach and make obscene demands of homeowners and commercial developers and builders.	10/9/2018 5:37 PM
14	If Planning is designing for the future, then lack of County affordable housing is the desired outcome. The County/Cities/Town have had to intend low income housing for the thousands of vine/wine/hospitality workers who cannot afford to live here. Right now it's been and is clear that the Valley/County housing is intended for a level of influence not met with workers wages/salaries. "Successful to the Successful" Ron Rhyno	10/9/2018 5:23 PM
15	The most important is to not make it so difficult for developers to provide this type of housing and consider more innovative ways to incorporate housing options as part of a revitalization of blighted areas	10/9/2018 4:48 PM
16	Create "dorm" room, economical style housing in Napa for younger people. They don't have as many possessions, so they don't need as much space. We need year-round homeless shelters, not just for winter. More infill of housing in neighborhoods. More townhomes (not condos- people like a small yard).	10/9/2018 4:40 PM
17	Invest in affordable housing or raise wages.	10/9/2018 4:32 PM

## Napa County Strategic Plan Survey of Community Members

18	Provide adequate protection against property devaluation of existing homeowners. Their contributions will diminish at a rate equal to or greater than their financial losses.	10/9/2018 4:29 PM
19	those needing employees should be more responsible for creating the housing, if you want a hotel build part of it to house those working there, and be afforded tax breaks for doing so	10/9/2018 4:14 PM
20	Dormant buildings should be taxed or in some way financially penalized. Or socially penalized. Businesses who donate vacant space to local nonprofit or volunteer organizations should receive recognition and benefit.	10/9/2018 4:10 PM
21	Work with state and federal elected representatives to bring additional resources for housing, and legislative solutions as needed.	10/9/2018 3:37 PM
22	Much much better enforcement of activities that remove housing from the market, ie.. short term rentals, etc.	10/9/2018 3:23 PM
23	I believe the major industry employers should fund this, not burden the taxpayers. If you seek transient labor, you need to provide for them or at least subsidize it.	10/9/2018 3:19 PM
24	Investigate options to discourage 2nd home/vacation home purchases, to make housing more affordable over time. Discourage Air BnB	10/9/2018 3:13 PM
25	Affordable housing is the single biggest issue. Publicly finance granny units and forgo the development fees. Give 50 acres of city/county land to Habitat for Humanity and let them build 200-300 units of their version of affordable owner-occupied housing. The affordable rental housing market is a fraud in Napa.	10/9/2018 3:11 PM
26	affordable housing	10/9/2018 2:21 PM
27	Housing that is affordable for the workforce	10/9/2018 2:20 PM
28	Require vineyards and wineries to provide on-site housing for workers	10/9/2018 2:19 PM
29	Build high rise apartment buildings near public transportation	10/9/2018 12:36 PM
30	Truly affordable housing for ALL.	10/9/2018 6:24 AM
31	More affordable housing be built and made available. More creative approach to housing and services for homeless.	10/8/2018 5:19 PM
32	We need low to very low income housing, including permanent supportive housing for people with chronic conditions, and quality supportive services. Housing is more than just having a house, it's access to child care, transportation, jobs, etc. We have to look at the full picture. Affordable child care is nearly as important as housing.	10/8/2018 3:45 PM
33	Pólizas y programas que promueven viviendas económicas y accesibles	10/8/2018 3:13 PM
34	Pólizas y programas que promueven viviendas económicas y accesibles	10/8/2018 2:54 PM
35	Pólizas y programas que promueven viviendas económicas y accesibles	10/8/2018 11:34 AM
36	STOP THE MAC MANSION UNOCCUPIED CANNERS INVADING - NO SECOND HOMES. PERIOD. LIVE IN IT OR LEAVE.	10/8/2018 11:16 AM
37	Affordable housing is the KEY need. That will take care of the other sections. Housing first policy for the homeless and creative approaches to providing that.	10/8/2018 10:59 AM
38	Pólizas y programas que promueven viviendas económicas y accesibles.	10/8/2018 10:42 AM
39	Policies and programs that support affordable and accessible housing: The County needs to support the Napa Fair Housing Program.	10/8/2018 9:50 AM
40	Work closely with cities to place high density housing in urban areas. Assure new funding (e.g. TOT increase) is available as an incentive to private developers to build housing that is affordable. Pilot a program to provide housing to County employees. Lead the way!	10/7/2018 7:14 PM
41	I'm not sure.	10/7/2018 4:07 PM
42	We need to support more affordable housing projects	10/6/2018 6:40 PM
43	Curb absentee owner syndrome! My neighborhood is overrun with owners who do not live locally. Not all renters are respectful neighbors. Promote owner-occupied residences or require permitting for rental properties so neighbors have some recourse.	10/6/2018 1:18 PM
44	concentration on in-fill; requirements for below-market-rate housing; encouragement of apartments, condos, townhouses; require new/expanded businesses which employ low-wage workers to provide some % of worker housing.	10/6/2018 1:03 PM
45	Coordinate housing and increase densities in the Cities	10/5/2018 6:22 PM
46	All the above	10/5/2018 3:19 PM
47	Addressing the shortage of affordable housing should be the number one priority.	10/5/2018 2:28 PM

## Napa County Strategic Plan Survey of Community Members

48	abrir mas oportunidades y hacer mas accesible la compra de viviendas.	10/5/2018 2:22 PM
49	Affordable and accessible housing for the workforce &/or low income.	10/5/2018 11:50 AM
50	Jesus said, "We will always have the poor." We have provided beautiful rooms for homeless near In-Shape. Many homeless still want their tents under a bridge.	10/5/2018 11:00 AM
51	I have no idea! More seriously, finding ways to make housing affordable is a daunting task. Building "affordable housing" is not particularly affordable. And we still have a NIMBY point-of-view that forestalls needed progress. We also have a "destination" mentality that reinforces the reputation of Napa as a place for those for whom affordability is not an issue. In other words, until we find a way to change minds we won't be able to change the way we go about finding, building or procuring a sufficient supply of affordable housing.	10/5/2018 12:44 AM
52	CCC type tract homes. With trees and parks on corner. Well policed, good school, community resource officers 7 days a week.	10/4/2018 5:00 PM
53	Housing that is affordable for the workforce and/or low income.	10/4/2018 9:22 AM
54	The cost of housing in Napa is out of reach for many who work here. People who work in Napa should be able to purchase homes, but developers cater to the wealthy. What can Napa do to change that situation?	10/4/2018 8:21 AM
55	controlar los aumentos de la renta	10/3/2018 6:33 PM
56	Vivienda economica y variedad de alojamiento.	10/3/2018 6:22 PM
57	No permits for vacation housing in neighborhoods. Limit it to Hotels.	10/3/2018 5:46 PM
58	Encourage development of smaller and multi-unit housing, increase allowed density in cities.	10/3/2018 4:33 PM
59	support affordable housing creation IN the cities... this will require collaboration. high density housing on the Sonoma road site is important!	10/3/2018 11:33 AM
60	Lets provide incentives for builders to build more quality affordable housing, plus ways for residence to have "skin in the game" of these developments.	10/3/2018 10:53 AM
61	Affordable housing must become a part of each city and county code and the current shortages must be considered.	10/3/2018 7:56 AM
62	ACCOUNTABILITY SO THAT ILLEGALS ARE NOT GETTING LOW INCOME HOUSING OVER VETS ELDERLY AND DISABLED AMERICANS	10/2/2018 9:18 PM
63	What's odd is that in American Canyon and Napa there are some projects to build multi-unit housing. However, our traffic is already horrific. There should also be more viable - (viable = light rail) public transportation added for each multi-housing unit. This is unsustainable.	10/2/2018 12:30 PM
64	Continue to help develop farm worker housing	10/2/2018 9:58 AM
65	Policy should continue to prioritize with CLARITY and COMMITMENT the need for this category to expand in direction and resources.	10/2/2018 9:54 AM
66	All absolutely necessary	10/1/2018 7:33 PM
67	Variety is critical.	10/1/2018 3:36 PM
68	I think we have ample space within the city to create affordable and/or low cost housing options. It may require some rezoning but that should not be an excuse for why these things are not being done. For instance, all along Soscol are areas where high density low cost housing could be built but instead it seems to be all zoned commercial. Why? Why not build housing and put a transit hub for local buses right there? I'm not an expert in how to address the problem of homelessness, but I think we should try to create opportunities for housing and services that are not in the downtown/Old town area. It seems to me that some of the services were centered there historically because that is where many of our churches were located and the people making most efforts to help the homeless have been the churches. Unfortunately, so many of us have had bad experiences with the homeless downtown that it makes it hard to get behind efforts to help them.	10/1/2018 2:41 PM
69	Developers need to pay higher fees to support a variety of housing. Especially homeless housing, and low income - most low income facilities in Napa County are far out of the reach of actual-low income people. The County and would-be profiteers need to get real about that. Then maybe the traffic would improve.	10/1/2018 12:35 PM
70	build more housing. go up higher. pay better wages so affordability improves. research the use of vacancy tax on second home to subsidize middle class housing	9/30/2018 10:50 PM
71	Accessible, affordable housing is needed through out the county not just in south county. A well planned slow growth approach is also needed as over crowding will soon happen in certain areas of the county.	9/30/2018 6:30 PM

## Napa County Strategic Plan Survey of Community Members

72	DON'T INVITE MORE HOMELESS BY BUILDING MORE SHELTERS. LOOK WHAT'S HAPPENED TO S.F. OTHER CITIES DUMP THEIR HOMELESS IN S.F. WITH ONE-WAY GREYHOUND TICKETS.	9/30/2018 3:34 PM
73	HAVE RENT CONTROL AND AVOID LOW INCOME HOUSING IN GHETTO LIKE ENVIRONMENTS.	9/30/2018 10:51 AM
74	I refer you to a program in Washington, DC, that works beautifully on a small scale and might work in a modified way in Napa: A family can apply to "Hope and a Home," on their own. If they are accepted, the family and each of its members must design and accept a contract on what they will do to get a home. The organization works regularly with the family to meet their contract and to learn the skills it needs to be good renters or homeowners and to develop a support group of friends and neighbors. The organization seeks out rentals and/or homes to rehab in cooperation with other agencies. They also work with neighbors in that vicinity to know that the organization is responsible should then new family cause problems. The family supplies sweat equity to fix up the place and continues meeting to practice their new skills and meets with neighbors before moving in. You can't put a marginal family into a neighborhood or apartment house successfully without insuring that they have the skills, the support group and an accountability system. It does work.	9/28/2018 10:29 PM
75	Creating multi-unit housing in partnership with private developers and non-profits, not as big of a fan of government owned housing but section 8 or similar resources are important	9/28/2018 1:27 PM
76	Making sure that the policies and requirements for affordable housing are reasonable to the communities being targeted and revised when changes in workforce/wages happen. (i.e. Often times people miss the guidelines for different housing programs/support by a small percentage and they are then left with no help at all because they do not qualify).	9/28/2018 12:01 PM
77	A tax on the sale of real property that would go directly to building affordable housing. Development credits to businesses that provide workforce housing.	9/27/2018 4:51 PM
78	Not affordable at all. I have family that use to live in Napa for almost 25 years, but they could not afford a home in Napa, so now they commute from Suisun and to get to work/home is at least an hour. Young people cannot afford an one room apartment.	9/27/2018 3:54 PM
79	All of the above.	9/27/2018 2:06 PM
80	Variety of housing	9/27/2018 1:50 PM
81	Require the new wineries to provide housing for farm workers and winery employees as part of future permits-no more pay to play Encourage the city to do the same--build housing no fee payment Consider allowing housing in the airport area in appropriate locations	9/27/2018 9:40 AM
82	Build more homes.	9/26/2018 10:06 PM
83	Best option is a variety of housing options. With today's architects we should have plenty of great options.	9/26/2018 10:01 PM
84	affordable housing in urban areas with housing type that matches neighborhood. i.e., multifamily housing/multifamily housing projects. NOT multifamily housing projects in single family neighborhoods.	9/26/2018 3:38 PM
85	Small houses for the homeless and working class.	9/26/2018 3:08 PM
86	All things listed above.	9/26/2018 1:08 PM
87	promote efficiency units and small houses on a lot. more than one nice small house house could fit on a lot. Instead of a 10,000 square foot or more house, allow an option for an owner to build, on parcels with space, water, etc., five 1500 sq ft houses, or some similar type policy that would reward an owner for curbing his/her appetites in favor of making modest homes for those who need them.	9/26/2018 12:06 PM
88	This alone should be the biggest priority. Affordable housing is no longer the same as low-income housing. The "middle-class" are fleeing Napa County, they need assistance to purchase single family dwellings. Napa County is becoming a a two class county, the wealthy, and the poor, no one in-between.	9/26/2018 11:01 AM
89	Housing as everyone knows is out of control due to cost of real estate. Jobs are not keeping up with cost of housing. Would projects that include sweat equity help. Santa Rosa area has had great success	9/26/2018 10:46 AM
90	Control homeowner taxes for their primary homes .	9/26/2018 8:58 AM
91	We need more sites and money for affordable housing. Low income housing as well, particularly for those who work in Napa and would like to live here.	9/25/2018 6:57 PM
92	Not sure of what actions to take, but the cost of living in Napa is driving people out of town. More housing with reasonable rents/costs is very much needed.	9/25/2018 5:10 PM
93	I'd like to see Napa embrace innovative ideas for homeless people/families, such as mini houses.	9/25/2018 4:47 PM

## Napa County Strategic Plan Survey of Community Members

94	I worry that future generations of Napa will not be able to afford to live in the town they grew up in. Perhaps something that will allow children to purchase family homes for market value with more affordable terms?	9/25/2018 3:57 PM
95	Housing that is affordable for the workforce and/or low income	9/25/2018 3:51 PM
96	Something is needed to get the homeless into shelters or some other housing solution. The beautiful river trail is an unsafe shanty town in more than one spot.	9/25/2018 3:50 PM
97	All	9/25/2018 3:00 PM
98	to long	9/25/2018 1:40 PM
99	Affordable housing and some way to control proliferation of second homes owned by wealthy people with no ties to the local community.	9/25/2018 9:12 AM
100	Housing is a huge issue. We need designated areas for apartments because the city planning in Napa sucks! Apartment keep getting built in neighborhoods as opposed to in better areas like the ones being built off Soscol Ave	9/25/2018 7:19 AM
101	Working people can't afford to live here. Period. Otherwise turn Napa into a theme park . You already have	9/25/2018 5:54 AM
102	Yurts! Bathrooms, toilets, showers, laundry facilities in separate buildings. Vehicles for take and return.	9/24/2018 11:45 PM
103	na	9/24/2018 10:58 PM
104	Rather than approving more luxury tourist hotels, the county needs to get serious about subsidizing or entering into partnerships with corps/orgs that want to build affordable housing of various kinds.	9/23/2018 8:14 PM
105	Homelessness Policies and programs that support affordable and accessible housing	9/22/2018 9:10 PM
106	I am seeing lots more new complexes going up and think that is a good thing. I think that is the right direction to go. If we could accommodate those people with readily available transportation to and from work maybe we could alleviate the traffic generated.	9/22/2018 5:08 PM
107	variety good	9/22/2018 4:36 PM
108	Make AFFORDABLE housing a priority!	9/22/2018 4:00 PM
109	Any development should have to provide low income housing for workers. People with empty homes part of the year should pay a tax that goes to fund low income housing. Low income housing is a priority.	9/22/2018 3:58 PM
110	increase % of low cost housing with each building permit	9/22/2018 2:42 PM
111	Promote in city development and reuse for low cost housing. Discourage urbanization in rural lands and sprawl. Establish resources towards long-range planning that is not just piecemeal and keeps with Napa County vision for rural ag world rebounded destination.	9/22/2018 11:58 AM
112	Housing should be the number one priority especially for Middle Class. If something isn't done that while provide housing that is affordable to the middle class the Valley will become a weekend community for the wealthy.	9/22/2018 9:50 AM
113	Wages must rise to the level of the cost of living in Napa County	9/22/2018 7:45 AM
114	actually affordable housing, as in you don't need to make six figures to be able to even rent an apt.	9/21/2018 2:57 PM
115	-variety of housing options	9/21/2018 10:41 AM
116	Encourage Affordable home ownership opportunities in cities	9/21/2018 10:31 AM
117	Develop homes/apts with families in mind with open play spaces and insure these developments are well cared for. and there should be adequate parking.	9/21/2018 8:11 AM
118	Support senior friendly design so people can age in place more easily. Example, no condos without bedroom/bath on entry floor. Elevators to second and higher stories.	9/21/2018 6:18 AM
119	Affordable housing too please.	9/20/2018 9:09 PM
120	High density, low income housing near public transportation hubs	9/20/2018 8:45 PM
121	Rent that is reasonable based on income.(Some of us live on minimum wage) We want to live included not excluded,	9/20/2018 7:32 PM
122	affordable	9/20/2018 2:17 PM
123	Any new businesses need to provide worker housing if they do not pay enough to live in Napa.	9/20/2018 2:15 PM
124	Build more housing that is actually affordable.	9/20/2018 12:01 PM

## Napa County Strategic Plan Survey of Community Members

125	Include the specific needs of the LGBTQ youth and seniors in all of these plans.	9/20/2018 11:44 AM
126	We need to grow, available land sits idle, traffic is a nightmare that sucks up hundreds of hours of family time and dollars in fuel etc. That is all before you calculate the environmental costs.	9/20/2018 9:20 AM
127	Everything can't continue to revolve around wineries and vineyards	9/19/2018 11:14 PM
128	Create a county housing program that makes home ownership accessible to teachers, school district staff, and county health and human service professionals over the long-term.	9/19/2018 11:12 PM
129	Maintain a good quality town without trying to develop it just for the sake of tourist dollars and TOT	9/19/2018 6:17 PM
130	housing that is affordable for the working poor/workforce/low income and middle income	9/19/2018 2:59 PM
131	All of the above Housing	9/19/2018 1:10 PM
132	Build small house communities for homelessness, train residents in jobs (community gardens, perhaps starting with the area across for Copia). Stop luring in more tourists and second homes and create real action groups to build community.	9/19/2018 11:29 AM
133	Napa County needs affordable housing for its workforce. Providing housing located in places convenient for the workforce (farm workers specifically) will be of great advantage for many people in the county. Location can make a huge difference to people commuting upvalley.	9/19/2018 11:19 AM
134	Need more affordable starter homes and financing with low interest rates for those with incomes less than \$60,000/year. Does the county have property that be developed for affordable housing. Must be restricted to low income people.	9/19/2018 4:00 AM
135	The housing program in place now doesn't really work - houses cost more than the program can support and the qualifications limit the program from being used at all (have 10 people even used it yet in so may years?).	9/18/2018 11:23 AM
136	Housing that is affordable	9/18/2018 11:12 AM
137	The CCRE recently held a workshop on the housing crisis. One solution that came out was creating a Housing Development non-profit (like San Diego) that specifically attacked the crisis; another discussion centered around decreased developer fees who chose to build condos and townhouses. It's disappointing to see a discussion of apartments whenever affordable housing comes up.	9/18/2018 8:00 AM
138	This is THE ISSUE right now. Find quick and effective ways to respond to the needs. Tiny homes, manufactured homes, Granny units, dorm like environments with common kitchens for young hospitality workers. So much opportunity here with a little imagination and common sense of purpose.	9/17/2018 8:53 PM
139	affordable housing	9/17/2018 5:13 PM
140	Codes that support mixed use / residential in urban and suburban neighborhoods	9/17/2018 5:05 PM
141	It is going to be difficult to build housing that is affordable thru government. It is difficult in neighborhoods, that do not want affordable housing in their neighborhoods, and Napa doesn't have a lot of land to build this. Enhancements to developers that are willing to come to Napa(difficult) The workforce needs to be paid more than minimum wage to live here, and low income services need to be able to have national or state funding and enhance the low income people to progress and move up and on. Otherwise we will always have the same families in low income housing. The Senior housing needs to be able to have more facilities and check incomes and maybe have some of the low rents if a person can garden and care for an area they work off some of the low rent. Self Sustainable trade work/live. There needs to be incentive programs not creating dependable people. The Housing programs we have now are great but they can only do what is available. The assisted down payment program thru the County is great and needs more funding, the State one has unrealistic income limits and house sale limits.	9/17/2018 4:10 PM
142	all the above	9/17/2018 3:38 PM
143	Zone areas around the old granges as high density housing to get folks closer to their work and work with municipalities to get quality high density housing up valley.	9/17/2018 3:30 PM
144	Perhaps taxing unoccupied units/summer houses to encourage more rental units to be put on the market and funds for lower income housing.	9/17/2018 2:17 PM
145	Discourage the ownership of 2nd or more, homes throughout the county with deed restrictions, and financial means.	9/17/2018 1:49 PM
146	affordable housing for workforce and low income workers	9/17/2018 1:48 PM
147	Housing that is affordable for the workforce and/or low income Variety of housing options, including apartments, townhouses and condominiums Policies and programs that support affordable and accessible housing	9/17/2018 10:12 AM
148	rent control. not all people earn more as time goes, help buying homes for first time buyers.	9/16/2018 10:39 PM

## Napa County Strategic Plan Survey of Community Members

149	The County needs to have a plan on how to address housing for workforce and low income. Any existing plan appears to be opportunistic vs strategic. Have observed news coverage that housing is a priority but have not heard or seen a plan to address it.	9/16/2018 5:35 PM
150	Shift the focus from the currently homeless to the soon to be homeless and keep them housed.	9/16/2018 4:14 PM
151	STOP re-zoning residential to mixed use or elite housing. It is my strong opinion that "we don't mean it" in Napa County when we say we promote affordable housing.	9/16/2018 12:36 PM
152	Require new hotels to build/set aside areas that employees can live in (dorm style).	9/16/2018 12:07 PM
153	Encourage mixed types of housing in residential developments	9/16/2018 9:20 AM
154	Tent camp for homeless where they can access needed services.	9/15/2018 10:07 PM
155	Work with AmCan and Vallejo for more affordable housing. There is limited space and availability in Napa	9/15/2018 7:32 PM
156	Enact rent control, get rid of the affordable housing "fund" that people pay into and just require new developments to offer and build affordable housing	9/15/2018 5:50 PM
157	Create more affordable housing for low income residents Think outside the box (housing coops, tiny homes, etc)	9/15/2018 5:21 PM
158	All	9/15/2018 1:49 PM
159	Find a legal way to require that affordable housing be a requirement of every project approved in city or county that county funds support.	9/15/2018 12:29 PM
160	Focus on housing developments that are "in-fill" - utilizing space already available within urban zones rather than expanding into open space. Ensure significant percentage of this development includes low-income and affordable housing options. Provide housing and shelter services for homeless populations which include programs to support mental health and workforce support to get them into more secure living circumstances.	9/15/2018 12:24 PM
161	all	9/15/2018 12:03 PM
162	No more in liu fees. Affordable housing must be inclusive and built, not ghettoized if built and fees that do not cover the cost of actually building the units	9/15/2018 11:38 AM
163	This is a nationwide issue. We need to be able to ,ake the act of designing, building a home, condo, apartments less expensive, using greener building materials and simplifying the entire process. Counties and cities fuel this fire by using numerous permitting fees as a profit center. The process of design-build needs to be streamlined and simplified. Land has become too expensive here and the best location for innovative housing could be AC, Mare Island.	9/15/2018 11:32 AM
164	Tiny house communities, build up, not out.	9/15/2018 11:30 AM
165	Support housing for workers	9/15/2018 10:54 AM
166	Homelessness	9/15/2018 9:34 AM
167	Housing options	9/15/2018 8:13 AM
168	I talked about this in my response to #12.	9/15/2018 8:06 AM
169	Faster and easier permits with credit for sustainable energy set-ups, etc. Need a good assessment of non-plantable land and potential use.....why not used for housing? owners waiting on higher values? Water use restrictions too high to surpass approval process? Maybe another reservoir somewhere -- federal funding of course. When you don't have water, you have to find it to grow. Build a place to store more. Yes, radical, but required. I live in Texas permanently -- a state with literally hundreds of man-made lakes for water retention.	9/15/2018 7:11 AM
170	We need a variety of options available not just multimillion dollar homes and 3,000/month rents. What are options available? What about tiny homes?	9/14/2018 10:21 PM
171	Affordable housing. And programs that support affordable housing.	9/14/2018 9:54 PM
172	As the county becomes a place of vacation and leisure with more weekend homes, we are losing the affordable homes of the past. We need to focus on affordable homes for those vital to our community, the mid range. We have programs to aid in the low income, but we need some innovative way to provide more middle income homes, always keeping in mind the finite resources available.	9/14/2018 9:27 PM
173	My kids can't move here. We've lived here for almost 30 years and our children grew up here -- but they cannot afford to live here. I have no idea what that will look like. I guess families like ours will move on out and let more multiple-home buyers pick up another house -- they can afford the prices and the enormous taxes, but mine cannot.	9/14/2018 9:17 PM
174	Require hotels to provide worker and subsidized housing on-site.	9/14/2018 8:33 PM

## Napa County Strategic Plan Survey of Community Members

175	I have no idea what the solution to this would be. MORE housing definitely adds to the congestion. I was shocked to find out that Hwy. 29 is ALWAYS congested from about 2:30 on, after having to move to American Canyon after the fires. You can keep building and building, but it is rapidly becoming like downtown San Francisco! No parking and congested streets, where you are constantly stuck behind a traffic light! If you expect to keep building, traffic MUST be addressed as a real problem. BTW, did you know that there are TWELVE lights in between Vallejo and Napa? Insane.	9/14/2018 8:23 PM
176	Affordable housing so workers do not have to drive so far.	9/14/2018 8:14 PM
177	Napa Co. - no homeless camps here variety of housing available across all economic lines	9/14/2018 8:08 PM
178	Remove discretionary decisions that planning commissions and city councils use to delay or stop allowed uses of properties. Process is too political.	9/14/2018 7:51 PM
179	Streamline permitting for affordable housing projects	9/14/2018 6:52 PM
180	Crear viviendas para trabajadores del campo y pedirles a los owners de wineries ayuden a crearlos y valor a a sus trabajadores	9/14/2018 5:13 PM
181	Most housing is out of financial reach of most work force in Napa	9/14/2018 3:34 PM
182	County seems to be taking active steps in affordable housing... keep it up!	9/14/2018 2:51 PM
183	Innovative BLU Homes, portable small houses, refer to 2018 Venice Biennale Architectural studies/submission ideas fir more public soace and more small suitable public housing by rethinking the model of what we need in a very pipulated wirkd.	9/14/2018 2:27 PM
184	low/moderate income housing and workforce housing should be a consideration in ANY development plan	9/14/2018 1:10 PM
185	A lot of talk and not much action for deficient affordable housing	9/14/2018 1:09 PM
186	This problem is a regional problem. I like the idea of affordable housing that helps people to buy a home but not profit upon the sale of the property.	9/14/2018 12:18 PM
187	Incentivize landowner and developers to build more affordadable housing units.	9/14/2018 11:24 AM
188	Personally, I'm most concerned about homeless need for housing. I'm encouraged by recent experiments with "Tiny Housing" or something similar.	9/14/2018 11:17 AM
189	Housing that is affordable for the workforce and/or low income Variety of housing options, including apartments, townhouses and condominiums Homelessness Policies and programs that support affordable and accessible housing	9/14/2018 10:46 AM
190	Create more low in come and affordable housing.	9/14/2018 10:40 AM
191	Encourage affordable housing. The prices are again out of control. Two of my children have moved out of state and commute to CA to work. They cannot find affordable housing here. Idaho has become a bedroom state to Californians.	9/14/2018 10:22 AM
192	Finding ways to have affordable living in Napa County for a healthy workforce (housing, wages, etc.)	9/14/2018 8:34 AM
193	Again, dropping "low income" housing on every available parcel, regardless of impact, needs overview and definition.	9/13/2018 7:59 PM
194	Provide a location for homeless to camp out, park vehicles and have access to care for hygienic needs (toilets, showers, laundry)laundry. Campgrounds with security!	9/13/2018 7:37 PM
195	Need to have affordable housing and low-income housing available to those who need it!	9/13/2018 5:23 PM
196	rent control. more affordable housing projects/incentives.	9/13/2018 4:52 PM
197	A community of tiny houses could be constructed.	9/13/2018 4:40 PM
198	Vivienda economica.	9/13/2018 4:20 PM
199	Vivienda económica para la fuente de trabajo y / o personas de bajos ingresos	9/13/2018 2:37 PM
200	Put an emphasis on housing for seniors. The silver tsunami is here and we need to address it!	9/13/2018 1:33 PM
201	Workers who make this great valley beautiful and productive should be able to achieve their own version of the American dream. We need affordable housing to rent and buy.	9/13/2018 12:35 PM
202	DONT HAVE TO RUIN NEIGHBORHOODS FOR IT WHAT DO YOU MEAN YOU ARE GOING TO REAPPROACH THE OAKS PROJECT AFTER IT WAS DOWNVOTED LAST ELECTION? THAT'S B.S.	9/13/2018 11:46 AM
203	streamlining process for creating more AFFORDABLE housing.	9/13/2018 10:20 AM
204	Housing that is affordable for the workforce and/or low income Variety of housing options, including apartments, townhouses and condominiums	9/13/2018 8:15 AM

## Napa County Strategic Plan Survey of Community Members

205	Focus on high density, affordable housing in already urban areas	9/13/2018 7:48 AM
206	Affordable housing	9/13/2018 6:42 AM
207	Affordable housing for the workforce is critical at the Veterans Home	9/13/2018 6:09 AM
208	Make the developers provide low income housing mixed in with their projects and not just allow them contribute to a fund that is always going to build low income housing that never happens.	9/12/2018 9:33 PM
209	Napa needs to support more housing for all its residents not more hotels.	9/12/2018 8:47 PM
210	I feel dense housing should be erected in commercial areas where serves are available and not in residential areas. Homelessness is incredibly challenging as there are issues with mental illness and substance abuse. Until we address those, we cannot change that.	9/12/2018 7:24 PM
211	Affordable housing and workforce housing Tiny homes	9/12/2018 5:31 PM
212	There is already a lot of lower level housing in surrounding areas, Napa should be kept as pristine as possible.	9/12/2018 5:13 PM
213	multi-uses in the City limits all open spaces should be for affordable housing only. We have enough tourist attractions Multi-use on farms-housing for farm workers needs to be allowed in the ag/watershed where the workers are actually working such as single room occupancy, shared rooms, tiny houses.	9/12/2018 4:47 PM
214	Focus on low income and homeless family support.	9/12/2018 3:15 PM
215	Work closely with Napa and Am Can to turn over county owned land located in cities for use as housing sites. Require developers to include housing for workers in tourism-aimed developments.	9/12/2018 3:10 PM
216	its all going to take dedicated funding and lots of community education. As well as demanding developers do their fair share.	9/12/2018 1:49 PM
217	Offer subsidies for people wishing to remodel to create low cost flats on their property, with rent control for three years.	9/12/2018 1:20 PM
218	Affordable housing	9/12/2018 12:20 PM
219	The county and cities/towns should work together on this issue. It does not stop at city lines and some places have more available land. One might consider forming a joint powers authority devoted to workforce housing. A step in the right direction is the TOT measure on the November ballot.	9/12/2018 11:32 AM
220	I believe strongly that development of housing downtown is necessary to a) encourage shopping in our own community and b) make downtown more vibrant. And how about some more multi-story parking down there?!! Yikes...	9/12/2018 10:01 AM
221	housing and homelessness opportunities	9/12/2018 9:41 AM
222	I think the county needs to establish criteria that encourage smaller homes on smaller parcels that should be met when negotiating with the Cities to assign ABAG's housing allocations. Even if this comes at an additional cost to the County.	9/12/2018 7:56 AM
223	Open more agricultural land to development, keep the character of the county around single family residences and duplex's. Stop trying to build apartments in the middle of existing, well established neighborhoods.	9/12/2018 6:10 AM
224	Viviendas economicas	9/11/2018 10:53 PM
225	Increase required percentage of affordable housing Workforce housing Housing discrimination (unrealistic property management pre-requisites and/or assisted living for LGBT elders have criteria that "weed out" LGBTQ applicants) LGBTQ youth & trans homelessness/risk of homelessness prevention Rent control for affordable rents Lessen restrictions to build affordable housing	9/11/2018 6:45 PM
226	Affordable housing	9/11/2018 5:11 PM
227	Stop building condos that cost more than 300,000. We don't need to enrich the rich already. We need affordable living!! It's not here. No apartments to rent. Low income housing buildings!!!	9/11/2018 4:32 PM
228	providing affordable housing, even if it requires higher density development	9/11/2018 4:04 PM
229	good	9/11/2018 3:51 PM
230	This is complicated, but Napa's workforce can't afford to live here. I don't know if it's increased requirements for affordable housing or something else, but the issue is pretty urgent	9/11/2018 3:28 PM
231	The County may want to look at incentivizing all Valley employers to take responsibility for providing at least some worker housing for their workforces.	9/11/2018 3:04 PM
232	Limit vacation rentals in existing housing stock. Require offsets of affordable housing for all lodging development.	9/11/2018 2:37 PM

## Napa County Strategic Plan Survey of Community Members

233	Tenant support/protection is needed, rent freeze and rent control needs to happen ASAP. End displacement.	9/11/2018 1:58 PM
234	Don't create low-income "housing projects" - it will contribute to higher crime and gang activity. Establish a sustainable minimum wage for the county and enforce it through employers' accountability.	9/11/2018 1:27 PM
235	Assist with keeping residents in their homes and help with home purchases instead of building and selling at high prices for out of towners.	9/11/2018 12:42 PM
236	Build unique projects that incorporate multiple target groups (workforce for hospitality/wine, students, seniors, artists) and encourage mixed-use in repurposed light industrial. Look at projects like ArtSpace Inc. and be visionary!	9/11/2018 12:24 PM
237	Promote programs that support affordable NEW building of housing- in particular more apartments. SEems like the housing that has come to Napa has primarily been focused on higher income single home development. At the same time this MUST be coordinated with greater attention at the county/federal level for transportation so as not to add to the traffic congestion	9/11/2018 12:09 PM
238	Prioritize low-income housing projects that are located in the city of Napa. Allow seasonal rentals for temporary labor.	9/11/2018 11:12 AM
239	Allow more housing to be built. Napa Pipe has been approved, but nothing has been done. Stop stonewalling and get the project moving.	9/11/2018 10:49 AM
240	Creo que deberían crear programas de viviendas para personas con ingresos medios ya que estas personas no pueden acceder a los programas de bajos ingresos pero tampoco tienen la liquidez para comprar una casa ya que los costos son muy altos.	9/11/2018 10:01 AM
241	Making housing affordable	9/10/2018 11:02 PM
242	Concentrate on faster housing placment	9/10/2018 4:16 PM
243	Continue to invest in housing projects, especially projects that will address the needs of homeless, low income and workforce entry citizens. A map should be created of s possible housing sites in the county and the cities. This could then be converted into different levels of development viability and type possible. Then the analysis of cost plus feasibility and total estimated of potential housing units that could be built over the next 10 years.	9/10/2018 4:07 PM
244	We did the right thing creating the ag preserve. Now we have to be creative to find ways to build housing for our workforce.	9/10/2018 4:02 PM
245	Anything that would help with homelessness would be great. Maybe a separate unit that just dealt with the homeless.	9/10/2018 3:37 PM
246	Make it easier to build housing. Push cities to build more units.	9/10/2018 3:28 PM
247	Employee housing next to jobs would be a good start, irrespective of whether those jobs are located in the county or cities. More housing near jobs reduces traffic congestion and increases economic vitality by making more employees available. These employees will then have more time to spend with their families and volunteer activities instead o being on the road.	9/10/2018 3:15 PM
248	Affordable housing	9/10/2018 1:53 PM
249	Require developers to include a percentage of affordable homes in their developments. Make the process for permits for "granny units" inexpensive, fast and streamlined.	9/10/2018 1:47 PM
250	Spend some of the "tourist" revenue on winery workforce housing. Would also decrease traffic.	9/10/2018 1:46 PM
251	Variety of housing projects that are not in one specific location. Housing should be built in small increments throughout all kinds of neighborhoods.	9/10/2018 1:35 PM
252	Creating policies and providing government incentives that would encourage builders/property owners/developers to invest in more affordable housing	9/10/2018 1:17 PM
253	Rent control in-fill with affordable housing	9/10/2018 1:10 PM
254	Mandate affordable housing. Enough of the million \$ + homes for more wealthy outsiders.	9/10/2018 1:00 PM
255	Spread affordable housing throughout communities - do not concentrate it in certain areas.	9/10/2018 11:49 AM
256	Housing that is affordable.	9/10/2018 11:46 AM
257	Affordable housing and/or higher wages definitely needed. Current situation has resulted in terrible traffic congestion twice a day.	9/10/2018 9:50 AM
258	More sliding scale housing for low income people	9/10/2018 9:32 AM
259	Affordable housing needs to be monitored. We have to reach a balance. Reality is some of us cannot afford to live in Napa...we must commute.	9/9/2018 8:13 PM

## Napa County Strategic Plan Survey of Community Members

260	Require low wage paying industries (wineries and hotels) to solve the problem of housing their employees. Rush hours traffic is ridiculous.	9/9/2018 6:07 PM
261	Loosen yesterday's rules & regulations re dwelling unit size, setbacks, heights and parking requirements. Also: the Fire Sprinkler ordinance, however well meaning, is gross overkill; better to improve rural electrical!	9/9/2018 4:58 PM
262	Lower housing costs all around - and property taxes	9/9/2018 4:27 PM
263	Acknowledge that we will never have enough housing for all of the winery and hospitality workers, currently numbering over 50,000. Therefore need to provide mass transport.	9/9/2018 11:59 AM
264	The more homelessness is catered to, the more you will have. Look at the mess in SF, San Jose and Oakland. Mentally ill are one thing, but just plain laziness and refusal to work is another.	9/9/2018 11:53 AM
265	Variety of housing options, including apartments, townhouses and condominiums letting permit process take less time.	9/9/2018 11:40 AM
266	Affordable senior housing is largely non existent and needs dramatic expansion. Profit motives for housing development should be outdated by civic need.	9/9/2018 11:40 AM
267	Rent control for affordable safe and secure housing	9/9/2018 11:31 AM
268	Affordable housing.	9/9/2018 11:19 AM
269	MAKE HOUSING HAPPEN. Take blighted areas and build affordable housing (eminent domain). Use Napa State Hospital space for homeless (if possible).	9/8/2018 8:07 AM
270	End homelessness. Find a permanent home for all of the homeless in our county.	9/7/2018 4:36 PM
271	Include much more affordable housing in city general plans and discuss out-of-the-box ideas in regard to homelessness.	9/7/2018 3:31 PM
272	Housing that is affordable for the workforce and /or low income	9/7/2018 2:27 PM
273	Allow the expansion of multi story market level apartment buildings so that those who are employed in Napa County can live here. This would create vacancy in existing cheaper housing for the working poor.	9/7/2018 12:43 PM
274	Variety of housing options for middle class. I understand there are a lot of opportunities for transitional and homeless and appreciate the support I have witnessed.	9/7/2018 11:23 AM
275	affordable housing	9/7/2018 11:06 AM
276	Build housing that is affordable for the working class and low-income families in Napa.	9/7/2018 10:01 AM
277	Mas oportunidades de trabajo, para que nuestra gente pueda tener acceso a un pago justo,y variedad de opciones de vivienda.	9/7/2018 9:08 AM
278	Educate of housing process for all. Create systems that allow people of different wages to still be able to live in the Napa county. The homeless situation should be addressed and connected with our town's organizations, whether that be mental health, food banks, and job seeking, or other potential factors that lead to complete homelessness if not addressed.	9/7/2018 9:01 AM
279	Why build hotels? Our residents need housing, no matter how uncomfortable neighbors feel about having black or Latino or homeless neighbors, we need to build affordable housing. Why create jobs when our own residents cannot afford to live in their own city?	9/7/2018 8:17 AM
280	Plan numerous developments to build affordable zero energy homes, no GHGs, throughout Napa County. Set the property tax rate for these homes 50% lower than an equivalent size conventional home. Make these homes available to workforce and low income people.	9/6/2018 10:50 PM
281	Forget the trickle down theory, it doesn't work. Stop approving high end housing believing there is some kind of domino effect. That providing high end housing starts this move up by each economic strata ultimately leading to folks in starter home moving up opening starter homes for renters. BS, doesn't work. Build low end housing, utilize infill projects, stop expanding the RUL line.	9/6/2018 4:32 PM
282	build more housing	9/6/2018 3:40 PM
283	Increase infill and multi-family affordable housing in urban areas	9/6/2018 3:30 PM
284	Continue to work to include affordable housing with any increase in residential or hotel inventory.	9/6/2018 2:24 PM
285	Napa should require, as Santa Clara County does, that for every new winery or hotel development, that builders or investors also provide a certain amount of affordable housing. While this may be in place, the amount required by developers should be increased and the types of development to include this need to be increased. The county itself should decrease the red tape, and start immediate construction of affordable housing for the low income at its own property, such as the vacant old HHS site.	9/6/2018 1:47 PM

## Napa County Strategic Plan Survey of Community Members

286	Keep it as a top priority. More housing that is affordable for locals. Continue excellent farmworker housing program and update needs assessment therein to determine what the future of it looks like.	9/6/2018 11:48 AM
287	Pólizas y programas que promueven viviendas económicas y accesibles.	9/6/2018 11:07 AM
288	Affordable housing is a big issue in Napa County. I see the cost of apartments are sometimes as much, if not more, than an individuals income. The greed of property owners is creating a bay area tragedy. True working class are shoved out of the area and must commute to find possible affordable housing.	9/6/2018 9:41 AM
289	Need to provide affordable workforce housing throughout the valley by working with cities.	9/6/2018 8:54 AM
290	The County should support affordable housing for the workforce. This is vital for the economic success of this community.	9/6/2018 8:45 AM
291	I don't believe the solution to housing is building apartments, town homes, and condominiums when they are going to be sold for close to 1 million dollars. This is pushing the markets up and locals are not able to afford. This is pushing the community out of Napa.	9/6/2018 8:40 AM
292	Housing in Napa is currently tough, but Agriculture is a huge part of Napa. I do not have a solution on how to balance both, but I would love to see more available and affordable housing (that isn't apartments or condos).	9/6/2018 8:38 AM
293	None	9/6/2018 8:03 AM
294	develop workforce housing options	9/6/2018 6:23 AM
295	provide more affordable housing	9/5/2018 6:59 PM
296	None	9/5/2018 6:03 PM
297	Make housing a priority and develop plans to address this very important issue. This can be developing new housing projects (homes, apts, etc.) for the low income individuals and for middle class families who are also struggling to afford to live here and are often a paycheck away from being homeless.	9/5/2018 5:35 PM
298	b) Housing – we need to provide workforce housing in our communities. We need to build up and infill, not out. The people that work in our communities should be able to live in our communities.	9/5/2018 5:25 PM
299	High density, smaller homes in the metropolitan areas. Eliminate the restrictions on parcels that have multiple dwellings and allow for any type of long-term rental, not just farm labor.	9/5/2018 4:44 PM
300	Napa has a 1% vacancy rate. Work with developers to build new housing units, ensuring a % is set aside for affordable housing; look at supporting developers with purchasing properties that could be remodeled; consider tax credits	9/5/2018 4:36 PM
301	More affordable housing. It's completely unacceptable that so much of the workforce has been pushed from the city of Napa to American Canyon or further.	9/5/2018 4:02 PM
302	mix of housing as developments are issued	9/5/2018 2:48 PM
303	Don't settle for lowering rents. Our community will benefit from having home owners. No one wants to pay for housing all of their lives, eventually people will look for a more economic and stable opportunity that leads them to moving out of Napa to purchase an affordable house.	9/5/2018 2:12 PM
304	Housing that is affordable for the workforce and/or low income. To buy and rent	9/5/2018 1:46 PM
305	Housing that is affordable	9/5/2018 12:42 PM
306	We will never support affordable housing because its just too expensive here.	9/5/2018 12:40 PM
307	Link new non housing development to provision of housing for workforce; help NGO's develop housing; link work force work locations, hours, transportation and home locations; promote in-fill and modular housing.	9/5/2018 12:20 PM
308	Construir viviendas accesibles para familias con ingresos bajos y medianos. Para renta o compra. Programas de apoyo para primeros compradores con ingresos medianos.	9/5/2018 11:39 AM
309	Pólizas y programas que promueven viviendas económicas y accesibles \ n	9/5/2018 11:37 AM
310	Vivienda económica para la fuente de trabajo y / o personas de bajos ingresos\ n	9/5/2018 10:57 AM
311	Mandates for any new rentals to accept section 8, provide low income tenants with sliding scale. Develop more small units for single parents.	9/5/2018 10:56 AM
312	Affordable Housing	9/5/2018 10:48 AM
313	Very important to have affordable housing for everyone not just low income community. The other thing is apartment complex to really take care of the apartments I've heard of low monthly rent housing but the place itself are dirty. Landlords take advantage of the living conditions of these people who pay less but the place is in poor condition. no one should be living in such conditions.	9/5/2018 10:27 AM

## Napa County Strategic Plan Survey of Community Members

314	Affordable Housing	9/5/2018 10:20 AM
315	There is no "single solution" the housing issue. Many groups are addressing it (private developers, city gov't, various non-profits). Educate yourself on all of the programs that are in place and being developed before doing anything (e.g., don't start with a solution). Start with information & data collection; then determine how the County can best support the efforts that are already in place and only develop new programs as a last resort.	9/5/2018 9:14 AM
316	Policies and programs that support affordable and accessible housing	9/5/2018 8:50 AM
317	Housing needs to be affordable in our own town, as a single youth rent is crazy expensive.	9/5/2018 8:43 AM
318	If you work in town you should be able to live in town, people buying their 2nd\3rd house can live in the hills or pay inflated costs, they arent contributing unless you count wine. Which again is outdated and negatively effecting us all apart from the isolated group of the drugs farmers and dealers	9/5/2018 8:39 AM
319	Hopefully new housing will be diverse in type and located in areas near schools, stores and services.	9/5/2018 8:13 AM
320	a coordinated countywide plan on how to develop adequate housing	9/5/2018 5:42 AM
321	Rent control for people over age 62	9/4/2018 11:27 PM
322	Change dialogue around affordable housing to housing that is affordable, educate about need for workforce housing for our local businesses. It is not sustainable to have workers commuting from out of the area.	9/4/2018 8:34 PM
323	We need more options for people to live here. It is impossible to afford a house even with a mid-level job and two income earners. This just means it will remain a community of wealthy people where poor people have to commute to work.	9/4/2018 7:50 PM
324	Housing for seniors	9/4/2018 6:33 PM
325	Concentrate all new housing within cities and towns.	9/4/2018 5:52 PM
326	Inclusionary zoning. Increase the TOT, adopt ordinances that call for 20% set-aside in residential buildings for affordable units either built on-site or off-site, and increase the in-lieu fee. It all goes back to needing a solid working class to create a healthy community.	9/4/2018 5:33 PM
327	I believe businesses especially hospitality ie., hotels, that typically employ low wage employees , needs to help alleviate the housing problem.	9/4/2018 5:20 PM
328	Build a variety of housing, both market rate and affordable in priority development areas. Provide transitional housing for homeless populations in conjunction with social services to keep these populations moving in the right direction.	9/4/2018 5:19 PM
329	Call together a 2x2 meeting that includes all cities and the County in a focused discussion on housing and next steps from the affordable housing task force. Too many recommendations are waiting for action.	9/4/2018 4:19 PM
330	Provide leadership by designating a county person to be responsible for affordable housing/homeless issues oversight and who coordinates and implements policy with local organizations and relevant county personnel.	9/4/2018 4:14 PM
331	We must ensure that development of any kind requires the developers, including new businesses, to provide a fair share of housing to accommodate future employees and growth related expansions. We must keep housing affordable for the people we expect to work here.	9/4/2018 3:00 PM
332	Rent Control.	9/4/2018 2:02 PM
333	Variety of housing options, programs that support affordable housing	9/4/2018 1:49 PM
334	Hold ALL cities within Napa County accountable for doing their part to align on workforce housing needs and not continue to let individual cities say 'not in my backyard'. Acknowledge that the tourism industry plays a role in the need for workforce housing too.	9/4/2018 1:25 PM
335	Allow zoning changes for medium and high density housing to go in... Within walkable distances from downtown and public transit.	9/4/2018 12:18 PM
336	Que haya una regulacion para las rentas y mas viviendas economicas	9/4/2018 12:00 PM
337	Allow the market to expand affordable housing through less regulation and lower construction costs	9/4/2018 11:59 AM
338	Build more affordable homes and place rent control policies.	9/4/2018 11:34 AM
339	Designate areas near urban centers for development and streamline process to help increase housing stock.	9/4/2018 11:15 AM

## Napa County Strategic Plan Survey of Community Members

340	Focus on providing deed-restricted workforce housing within the incorporated areas of the County, affording workers in agriculture, hospitality and professional services the ability to afford to live where they work.	9/4/2018 10:22 AM
341	Set limits on rental increases that price out seniors and families. More affordable inventory	9/4/2018 10:12 AM
342	Allow housing to be built multiple stories No more hotel approvals without approving or finding building of apartments that are fair market value( not luxury or sub sized)	9/4/2018 9:42 AM
343	Increase the amount of area that can be developed into homes to increase the supply. Allow for more infill.	9/4/2018 9:41 AM
344	Demand more subsidies from all developers for affordable units - support the county's needs or don't build.	9/3/2018 8:36 PM
345	Napa has pursued development policies which push low-income people to American Canyon or out-of-county, which in turn creates immense traffic burdens on every major highway serving the county. Napa desperately needs more low-income housing in every single city. The standard for affordability must be set according to actual wages in Napa County. Infill and redevelopment are options. Data on commuters should inform policy. Policy spurring employers to contribute toward improving housing options should be on the table.	9/3/2018 7:56 PM
346	Build more high density low income housing. Levy an extra tax on homeowners who do not live in the valley to help fund this.	9/3/2018 7:25 PM
347	do we really have to continue building until we look like Orange county?	9/3/2018 5:02 PM
348	Encouraging affordable housing so that Napa can continue to be a community for families and not only people with high incomes.	9/3/2018 3:41 PM
349	More affordable housing for seniors. And, when you build; build in town, not out in the boonies. Convenient shopping effects the health of seniors, which in turn effects the health of our community.	9/3/2018 11:52 AM
350	Stop talking about housing that is affordable and actually build some in every city, not just down valley. Force the cities to come to the table too.	9/3/2018 11:40 AM
351	Increased variety of housing options. Rent control.	9/3/2018 10:52 AM
352	Go mixed use. Stop approving hotels and resorts. Use existing hotel tax revenue to support mixed use green growth. Stop focusing on high end Macmansion development.	9/3/2018 9:47 AM
353	An enlightened, thoughtful, well off community needs housing for everyone. Look far and wide for successes, both in our county, state, country, planet. Housing community development in favor of developer desire for a quick investment. They need to include access to services, options for no car ease, healthy outdoor areas.	9/3/2018 6:54 AM
354	Affordable housing is increasing but should be stepped up to keep pace with tourist & agricultural growth.	9/3/2018 3:46 AM
355	Affordable housing	9/2/2018 10:39 PM
356	Housing for college grads that don't make enough to rent an apartment without two or three other people. These young people are well educated, mostly employed but in jobs that pay the same as people that may only have a high school diploma or maybe some Community College. Entry level jobs are low paying jobs and its difficult for our 20 somethings to live.	9/2/2018 7:55 PM
357	Find a successful model to follow for small & tiny homes, "granny units"	9/2/2018 2:17 PM
358	Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
359	Keep in incorporated areas. Increase density and affordability. If a developer wants a project that requires employees they must provide housing for their employees. No more buying their way out of this responsibility. Apartments yes, MC Mansions no!	9/2/2018 1:17 PM
360	Green building codes add to cost. Enact policies to make building less expensive	9/2/2018 11:50 AM
361	Variety of different housing; not just huge homes; such homes generate employee needs and generate traffic; the community needs opportunity to downsize or different levels to move up.	9/2/2018 11:09 AM
362	Perhaps we could build higher density affordable apartment complexes that build up instead of out, with a variety of sizes of units. Keeping them simple and varying the rent based on income might be an option.	9/2/2018 8:07 AM
363	streamline regulations, streamline the permitting process, create development opportunities; reasonable controls to ensure no overdevelopment	9/2/2018 6:54 AM

## Napa County Strategic Plan Survey of Community Members

364	Unfortunately, it may be that our best hope for increasing housing for working class people is the state stepping in and forcing us to build. If that happens we need to have a ready-to-go plan for where the housing will be built and the mix of housing types. City-County relationships need to improve. Whether that happens depends on the quality and skills of our elected officials.	9/2/2018 4:48 AM
365	Housing, along with traffic, are the most pressing issues that Napa County faces. As the two are related, it is important to tackle them together. I believe that we need more and more dense housing, concentrated in the city centers that already exist. Housing spread across the county makes little sense - we do not want to end up like Marin. Let's strive for compact, walkable towns, with good, quick transport connections between them and to the rest of the Bay Area. I also think it's important for people who work in Napa to be able to afford to live in Napa. Tackling the cost of living is important, therefore, and housing across the Bay Area is the primary cost everyone faces. We need more housing everywhere, including in Napa County. And the best way to get more affordable housing is to build more housing. Affordable housing programs are good up to a point, but let's not require so much that we don't get any new housing at all. And again, let's encourage development to occur near our downtown areas, where people can walk to many of the services they need.	9/1/2018 8:16 PM
366	The housing market is rising above the wage and income levels of average people. This growth shouldn't be level unregulated and uncontrolled in a manner that is unsustainable, where working people can't afford buying or even renting a place to live.	9/1/2018 7:52 PM
367	STOP THE SECOND HOME AND MCMANSION BUILDING. DOWNTOWN NAPA CONDOS ARE FOR WHO??? WE NEED AFFORDABLE HOUSING FOR THOSE WHO LIVE HERE OR COMMUTE HERE.	9/1/2018 7:16 PM
368	Large hotel projects (like Meritage) should be required to build and ideally manage housing villages for workers; preferably within walking distance of employment.	9/1/2018 6:48 PM
369	Build more affordable housing and restrict high end housing.	9/1/2018 4:59 PM
370	I here affordable housing mostly goes to the hispanics here? I think it should be available to a diverse group not just one ethnic group. I also here that the hispanic worker does not tell them of their under-the-counter jobs..the job that pays cash therefore their income is actually more than on paper and so people that really need the housing do not get it. I think proper vetting is needed. I think certain areas should have affordable housing throughout the county.	9/1/2018 4:28 PM
371	lease closed school sites and renovate for low income housing and homeless housing. keep in mind experience of Seattle - the more services, etc, served to attract a greater number of homeless. so that the generosity essentially backfired	9/1/2018 4:00 PM
372	You are on the right track by allowing small houses on a homeowner site.	9/1/2018 4:00 PM
373	Variety of options	9/1/2018 3:32 PM
374	All of the above	9/1/2018 1:18 PM
375	Require builders to include affordable housing stock. Eliminate or further restrict Air BnB type rentals. Homeless remediation needs more effort. The homeless situation is getting worse. They are starting fires under the Imola bridge and in the Alphabet neighborhood. They are hagnig out in front of grocery stores, yelling at and threatening people, defacating in public, leaving huge trash piles along the river bank. Tiny houses maybe?	9/1/2018 12:25 PM
376	We need more affordable housing at all levels- moderate income families and section 8. Families are fleeing the community. CWS families are not able to reunify within their community.	9/1/2018 10:35 AM
377	Encourage more farmworker housing for families in the county juristictions outside the cities	9/1/2018 8:47 AM
378	Housing for low income workers	9/1/2018 8:41 AM
379	The trouble with this issue is embedded in the question as "workforce". Why doesn't it say "families"? Therein lies the answer and solution. Napa needs to remember that a community is built on family units whether they be of a different race, religion or sexual orientation. This question is based on the needs of businesses only, not on the needs of Napa as a community. Once this is fixed many problems are solved. Napa needs to diversify away from tourism and vitaculture, plus limited the number of home rentals one person could own and reduced homeowner taxes, you would have an influx of more professionals and there would be less need for these services as educated and invested professionals would lift the whole economy, not just increase the bulge in the pockets of the super wealthy. Limiting the ratio of rentals to owned home to being 20/80 by limiting the amount of rentals one person could own to only 2 rentals would correct a huge imbalance in Napa and restore neighborhoods and communities to vested families. Then...you would have vested people not just a "workforce"	9/1/2018 8:31 AM
380	Homelessness is from drug, alcohol or mental health issues. Work on providing easy access to medical assisted treatment of addiction. Easy access and wide spread knowledge of it are key.	9/1/2018 8:13 AM
381	Hotels should pay or provide housing like other countries demand. Developers must build a larger percentage of low wage earner residences in their developments.	9/1/2018 7:40 AM

## Napa County Strategic Plan Survey of Community Members

382	Set aside areas, or build low/income restricted housing.	9/1/2018 5:49 AM
383	do something with Old Sonoma roady property that maximizes housing options	8/31/2018 10:48 PM
384	Authorize "tiny houses" developments to move the homeless from riverside encampments.	8/31/2018 9:37 PM
385	Need morr low income housing for the disabled, homeless and our veterens	8/31/2018 9:28 PM
386	Create housing the working class can afford to purchase primarily. Now driving around myriad of minimum wage job help wanted signs at restaurants, home depot, target etc. Side by side w.housing starting at \$800,000! Shows poor planning by ciyty mayors n planning departments. N lack of housing for field workers 9n part of Napa County aupervisors. Turned their backs d3cades,ago on federal guidelines CEQUA requirementa!! Unacceptable! Moratorium on hotels massive mansions wineries n dwforestation.	8/31/2018 8:19 PM
387	You can't afford to live here you do not. I don't think building low income housing is the answer.	8/31/2018 7:26 PM
388	Low income housing is always beneficial for the worker but the tax payer always come out short.	8/31/2018 6:46 PM
389	Stop short term rentals like air b&b. we have	8/31/2018 6:33 PM
390	Focus on creating a lot more affordable housing; make it easier to build in-fill structures wherever feasible; build quality within a budget; provide housing opportunities for the homeless, perhaps via tiny home villages <a href="https://www.curbed.com/maps/tiny-houses-for-the-homeless-villages">https://www.curbed.com/maps/tiny-houses-for-the-homeless-villages</a>	8/31/2018 6:24 PM
391	Affordable housing should always be encouraged.	8/31/2018 5:47 PM
392	Like any community, maintaining some options for low income housing is great. The true homeless situation is not driven by a lack of beds. We need to invest more money into mental health, probation, law enforcement homeless outreach, and substance abuse to really target that issue in our county.	8/31/2018 5:43 PM
393	Create a better, more frequently circulating system of public transportation up and down valley and in-between counties, to allow workers to get to jobs from new, higher density workforce housing. Build more workforce housing.	8/31/2018 5:19 PM
394	There needs to be some way to establish an income based rental program that is more widespread than to people who would qualify for section 8 housing. Waiting lists for these programs are long and obviously not cutting it. We need to cap the greed of property owners and perhaps put a limit on he number of properties a person can own in the city so they can't gouge people for rent.	8/31/2018 4:37 PM
395	Provide an alternative to the Shelter (particularly during spring, summer, fall), where people could camp or park their vehicles to sleep. The county could purchase property and provide hygiene facilities.	8/31/2018 4:32 PM
396	Affordable housing	8/31/2018 2:47 PM
397	see above, build little small sheds ? for homeless or other singles. provide elevators in senior homes or handicap this way can make 3 leaves and also prevent needing to go to assisted living or nursing homes when they cant live in two stories they have to walk up.	8/31/2018 2:27 PM
398	Limit McMansions, stop payoffs for permits that should not be issued, make everyone in the county follow the same laws, stop making exceptions for developers and big liquor.	8/31/2018 2:21 PM
399	More low income housing. More programs for the mentally ill homeless population.	8/31/2018 2:01 PM
400	Housing that is affordable for the working class families	8/31/2018 12:30 PM
401	We need more housing options that are affordable.	8/31/2018 12:15 PM
402	More affordable apartments are needed throughout the Valley. Build up not out.	8/31/2018 12:11 PM
403	Napa county should take steps to reduce the number of vacation and short-term rentals and work with cities to do the same. These are a major contributor to the lack of housing stock available to rent or own for County residents.	8/31/2018 11:56 AM
404	City of Napa's loan program for 2nd units should be a model for Napa County. Can you join together and create a large loan pool? The housing is all in the City, and homeowners in the unincorporated county are too far from public transit and services for the folks who need to rent an extra room or ADU. But keeping that workforce in the County benefits everyone. Combine the resources and share in the outcome County-wide.	8/31/2018 11:40 AM
405	We lack safe, affordable housing in this county. We also have few resources for our homeless or near homeless individuals and it is worse for families.	8/31/2018 11:40 AM
406	Homelessness	8/31/2018 11:32 AM

## Napa County Strategic Plan Survey of Community Members

407	-One action is to participate and seek support from the Napa County Housing Coalition. -help gather stories about the difficulty and experiences of those who struggle with finding housing that is affordable and help remove the stigma that it is not only low-income people but teachers, nurses, doctors, law enforcement and young people to afford to live in Napa.	8/31/2018 11:25 AM
408	Housing prices keep rising making it impossible for low wage earners to live in Napa County. We need more affordable housing. In addition, middle income earners are living poor due to the high rents. Rent control would be great.	8/31/2018 11:24 AM
409	Housing that is affordable for the workforce and/or low income, Policies and programs that support affordable and accessible housing, and homelessness.	8/31/2018 11:05 AM
410	Build more housing.	8/31/2018 10:51 AM
411	Encourage employers to contribute to housing solutions for their workforce. (Local existing examples: vineyard and wine industry helping with farm worker housing and Visit Napa Valley working with their members on TOT increase.	8/31/2018 9:24 AM
412	Enact policies that assist in driving development of affordable housing	8/31/2018 8:55 AM
413	affordable housing for workers	8/31/2018 7:50 AM
414	housing questions need to be answered and financed by those with expectations of needing employees and providing it for them locally	8/31/2018 6:19 AM
415	If someone can't afford to live in Napa they can get room mates. That's what we did. Nobody gave me a dime for housing. I saved, kept my spending under control and eventually bought a house. I worked 3 jobs at one point. They may have to commute to their job. I have been doing it for 35 years. Nobody owes us anything. You want to build cheap housing go for it. I don't want to subsidize anybody's housing.	8/31/2018 1:16 AM
416	Hold developers and business owners accountable to provide and/or contribute to affordable housing. The price of entry to develop a winery or hotel for example MUST include this dire issue.	8/30/2018 7:55 PM
417	reasonable housing for all income levels, working people and low income and housing and services for homeless.	8/30/2018 6:46 PM
418	As unpopular as it is.... rent control might be necessary.	8/30/2018 5:04 PM
419	We need to stop creating jobs when we don't have the housing. We should not pay for the affordable housing, the companies that create those jobs (hotels) should be made to create housing. Affordable housing will not help the low paid worker. Cities should find non profit agencies to help build pleasing housing for teachers, fire fighters, etc	8/30/2018 4:26 PM
420	Provide housing to every citizen, as a human right.	8/30/2018 4:19 PM
421	More affordable housing!	8/30/2018 3:49 PM
422	Policies and programs that support affordable and accessible housing	8/30/2018 3:18 PM
423	Require a higher percentage of new housing be affordable. Work with the cities to create housing that is within the reach of the work force.	8/30/2018 2:41 PM
424	Limit the number of people buying 2nd homes here so that people who work here can afford to buy a house where they already work. Don't build new housing and then let "tourists" buy them all. Stop building hotels and restaurants without forcing housing for their employees.	8/30/2018 2:33 PM
425	There needs to be some type of rent control or affordable housing. Our rent keeps going up and when we were forced to move we went from 1900 to 2200 because there isn't any family housing under 2K.	8/30/2018 2:20 PM
426	More housing for lower income, homeless shelter because we have a huge homeless population here, homeless work programs - why can't homeless people be trained to work harvest at the wineries?	8/30/2018 1:21 PM
427	middle income housing in addition to low income	8/30/2018 1:03 PM
428	the County is making it unaffordable for normal people to live and work in the valley.	8/30/2018 12:50 PM
429	High density housing that is affordable, rental assistance for the "middle class" programs like NYC did for those that make up to 80,000. Skilled and nonstigmatizing outreach and rehousing services for the homeless.	8/30/2018 12:49 PM
430	Extremely important issue. We should be building up the inner core (ie downtown, Jefferson, Solano and other arteries) with higher density, aesthetically pleasing townhouses and apartments. Street level commerce with housing on level 2 and 3. Like European towns that have an beautiful towns with maintenance of agriculture or open spaces. Feathering higher end houses at the outskirts of town. Community members in the corridors would be more likely be able to walk/bike to work. Continue to invest in the high yield housing the Homeless type work that Abode is managing.	8/30/2018 12:03 PM

## Napa County Strategic Plan Survey of Community Members

431	All of the above	8/30/2018 11:51 AM
432	Be more innovative on housing policy in order to make housing affordable for more people in the county. Jurisdictions surrounding Napa County are way ahead of us in this area.	8/30/2018 11:44 AM
433	Housing that is compatible with existing.. Not just density crammed into neighborhoods.	8/30/2018 11:19 AM
434	Promote affordable housing through financial incentives for property owners. Encourage urban density - smaller, denser construction.	8/30/2018 11:17 AM
435	mixed and affordable housing options	8/30/2018 10:54 AM
436	I am very concerned about affordable housing for the workforce and low income. I would like to see policies that support affordable housing in Napa County.	8/30/2018 10:46 AM
437	Affordable and accessible housing is essential	8/30/2018 10:34 AM
438	Provide MUCH MORE low-cost housing. Cap luxury development. Cap second home ownership.	8/30/2018 10:16 AM
439	This is a statewide issue...we just need to push through more low income projects and help get them going.	8/30/2018 9:45 AM
440	Need more affordable housing, in the cities	8/30/2018 8:32 AM
441	Stop building all types of housing	8/30/2018 7:05 AM
442	Incentivize senior mobile home owners in the parks to create encouragement to offer a room to a needy senior in their home and to accept Section 8 vouchers with a professional match service to accommodate the match and monitor the relationship for safety and compatibility.	8/30/2018 3:37 AM
443	More affordable housing and watch for price gouging.	8/29/2018 10:12 PM
444	Affordable housing; variety of housing options	8/29/2018 10:08 PM
445	There is a great need for SRO for homelessness, beyond just City of Napa. We need to make sure that when large projects & hotels are permitted that accompanying workforce housing is provided onsite for their lower income workers at an affordable rate. Work with the local jurisdictions to ensure that high density housing is created within city limits and not in county.	8/29/2018 9:47 PM
446	Redefine what "affordable" housing actually means and create alternative living opportunities via ADUs and the like.	8/29/2018 9:29 PM
447	Make those who would rather pay in-lieu fees actually build housing. Add a rental unit for every 5 hotel rooms you approve.	8/29/2018 9:25 PM
448	Variety of housing options, including apartments, townhouses and condominiums	8/29/2018 9:08 PM
449	Escort homeless not from Napa out to the border like we used to do. Do not provide anymore low income anything and people will quit living here and leave.	8/29/2018 8:41 PM
450	Stop raising property taxes. Add-ons are appalling. I can barely afford to live in my own tiny house.	8/29/2018 8:09 PM
451	Identify and facilitate the use of existing locations suitable for in-fill development of lower-income housing. Housing for the foundation workers who make the good life possible for everyone is critical.	8/29/2018 7:04 PM
452	Allow granny units, mobile homes or trailers out of city limits at affordable fees within reason.	8/29/2018 6:55 PM
453	Work with cities within the County to provide more housing.	8/29/2018 6:50 PM
454	The county needs to focus on tasks assigned to it by unged the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
455	County should explore Little Houses for Homeless and low income.	8/29/2018 6:20 PM
456	You made your bed years ago and now you have to sleep in it. Look at the No Growth policies of Napa versus the housing and business-friendly policies of Fairfield (and even Vallejo).	8/29/2018 6:14 PM
457	I do have concerns over all the new townhouses and condos being built: are these really for residents, or out of towners buying a second home? I am seeing a lot of my neighbors selling and people purchasing vacation homes. How do we protect the neighborhoods from becoming a Vacation Home destination? I don't have an answer. I also think multi-storied housing is a must; although I know there is a LOT of resistance to the idea. So, why not begin a public education series (newspaper articles? facebook blogs?) about how multi-story housing works, where it has been successfully integrated into small towns/neighborhoods. Before pushing forth the idea upon the community, why not educate/show them how it is working elsewhere? Slowly guide them toward your desired end: more housing for more people, which means more multi-storied housing units.	8/29/2018 6:09 PM
458	Control de alquiler para duenos de viviendas.	8/29/2018 5:59 PM

## Napa County Strategic Plan Survey of Community Members

459	Make it easier/cheaper for willing home owners to create ADUs and junior ADUs to increase the housing stock. Re homeless: give them a choice of job training/placement, or public housing (I'm guessing most would opt for job training/placement.)	8/29/2018 5:16 PM
460	Require enough affordable housing be built to accommodate all new hospitality builds. Require a percentage of new housing include low rent units	8/29/2018 5:04 PM
461	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
462	Expand downpayment assistance program; collaborate with cities/towns on projects and programs; expand farmworker housing to families	8/29/2018 4:03 PM
463	It is so bad that anything would be an improvement.	8/29/2018 4:03 PM
464	Napa Valley is a rural attraction. Ever expanding housing destroys the character you need to preserve. The only policy that makes sense is slow growth and controlled public transportation into and out of the Valley.	8/29/2018 3:58 PM
465	Housing that is affordable for the workforce and/or low income	8/29/2018 3:56 PM
466	I don't know how best to support this but I do know it is needed.	8/29/2018 3:54 PM
467	Encourage the construction of duplexes and other multifamily dwellings. But most important is to maintain Napa County's agriculture and open spaces. This creates a monumental supply/demand conundrum which unfortunately is a fact of life in Napa County. However we do not need more McMansions.	8/29/2018 3:44 PM
468	Napa Pipe.	8/29/2018 3:22 PM
469	The county and cities should own and manage housing units that are restricted to people living/working here, so that rents can be under market. Allowing market rate units to increase doesn't solve the problem because there will never be enough supply to drive prices down.	8/29/2018 3:18 PM
470	Can volunteers help here?	8/29/2018 3:13 PM
471	Policies and programs that support affordable and accessible housing	8/29/2018 3:13 PM
472	Concentrate on supporting families and children	8/29/2018 3:04 PM
473	Adjust the income cap for households higher. The current caps do not reflect purchasing power within the limits of Napa County already.	8/29/2018 2:59 PM
474	New housing projects should be required to include low income housing, not just add to a fund. Napa should not be lenient on transient/ homeless who are committing crimes.	8/29/2018 1:41 PM
475	Encourage low income housing.	8/29/2018 1:09 PM
476	Housing that is affordable is the highest priority and is cross cutting - as it impacts transportation, traffic congestion	8/29/2018 12:26 PM
477	Create a "compassion tax" for families who reside in Napa County and have over \$2M in assets that funds a subsidy for low wage earners to afford housing that meets their needs.	8/29/2018 12:22 PM
478	Stop building expensive homes all hunched together. Remember neighborhood with average homes for families if average income? They have been forgotten for overblown handouts being politically correct, but not necessarily right or just.. and the other side is building for high income. Again, get real.	8/29/2018 11:53 AM
479	There is not affordable housing for working single parents with a family of four. Paying \$2,000 a month is too high even on a good salary.	8/29/2018 11:02 AM
480	Better traffic flow for the eventual increase in population.	8/29/2018 11:02 AM
481	give housing discounts for those that work	8/29/2018 10:49 AM
482	Innovative housing in urban open land.	8/29/2018 10:45 AM
483	Affordable housing is a myth. Support transportation alternatives.	8/29/2018 10:37 AM
484	what happened to the homelessness grant money, something like millions of dollars? Haven't seen or heard anything about this in the paper? Creating more mid-level management and analyst positions within the county to sit around and write policies on homelessness isn't going to fix the problem.	8/29/2018 10:26 AM
485	Reduce fees to property owners so they can afford to charge lower rents.	8/29/2018 10:19 AM
486	Even "affordable" housing is not actually affordable. Rental rates are high and availability is low. According to some studies a person (or family) needs to make \$53.53 an hour, working full time, to afford living in Napa. That estimate was with a very low rental cost of \$1575 a month. With a Median Home Cost of \$645,800 . Making \$107,000 a year means a person can afford to buy a home costing about \$405,000. There are not many of those in Napa County.	8/29/2018 10:15 AM

## Napa County Strategic Plan Survey of Community Members

487	Provide housing opportunities on underutilized or surplus county land within cities. Provide additional assistance to those wishing to buy or rent.	8/29/2018 10:07 AM
488	Napa county received a \$10 million dollar grant yet no information has been shared on what has been implemented and what if anything has improved. Where is the \$\$\$ going and are we helping the individuals or just funding administration.	8/29/2018 10:01 AM
489	increase affordable housing numbers	8/29/2018 9:53 AM
490	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
491	Affordable housing should be one of the highest priorities for Napa right now. I have no creative solutions, but hear about this issue from neighbors and coworkers more than anything else. I personally know 3 people who had to move their families this year because they could no longer afford to live and pay rent here. There is no possibility for any of my peers to purchase a home here.	8/29/2018 9:18 AM
492	Affordable housing is definitely needed but better monitoring of the recipients is needed. The current programs are being taken advantage of by undeserving folks. More oversight is needed before just throwing more programs out there.	8/29/2018 8:52 AM
493	Affordable housing is a huge issue in our county.	8/29/2018 8:45 AM
494	I see this as our greatest failure in Napa. Most people in Hospitality or service can not afford to live here. People are also penalized for renting our rooms, or providing places on their property sometimes. Almost No affordable Housing here. I'm sick about this. Can't we be inventive??! Tiny housing alongside better public transit could change this.	8/29/2018 8:45 AM
495	Build apartments, condos, townhouses above and retail mixed use office and other commercial business. Creates active walkable environment at variety of price levels.	8/29/2018 8:24 AM
496	Build more affordable housing and allow for granny units in current houses.	8/29/2018 8:22 AM
497	It's a national problem, not just Napa. Affordable housing creates tenements and ghettos. Think of something else. Maybe better transportation services for workers.	8/29/2018 8:15 AM
498	No experience in this area, BUT if our major employers (wineries, hotel) have employment challenges (like Marin County), then we must do more re: workforce housing.	8/29/2018 8:07 AM
499	Policies that support affordable housing for everyone.	8/29/2018 8:03 AM
500	Not a primary function of government.	8/29/2018 6:18 AM
501	Policies and programs that support affordable and accessible housing	8/29/2018 5:37 AM
502	All important.	8/29/2018 5:19 AM
503	Affordable house for all not just low income. People in the middle are getting screwed.	8/29/2018 4:53 AM
504	Stop obsessing about "homeless" people. If they cannot afford to live in the area they should move. Been happening for hundreds, thousands of years.	8/29/2018 4:36 AM
505	Allow the market to drive housing. No policies should cost tax payers. Low income housing can be found and is readily available in neighboring counties.	8/28/2018 11:50 PM
506	No opinion	8/28/2018 11:33 PM
507	Housing needs to be affordable.	8/28/2018 10:45 PM
508	Easy permitting! This should be for updating homes as well as granny units. Houseboats off Cutters Warf. Homeless I wish I could think of what would help... I don't know! Subsidized homes rent to own. Napa housing Authority is wonderful and have great programs.	8/28/2018 10:44 PM
509	Support low income & rent-controlled housing projects in blighted or run down areas that need to be revitalized. Consider "outside the box" options like building "tiny house" communities that encourage eco-friendly development, etc.	8/28/2018 10:33 PM
510	What happened to Napa Pipe. That was supposed to provide a mix of housing options. Hopefully the Gasser project will help some, but we need a number of apartment buildings to go up, and maybe we need to think about building multi-story buildings to house lots of people more affordably. If families could afford to live here, then our school system would do better, with more funding.	8/28/2018 10:22 PM
511	Afforable	8/28/2018 10:16 PM
512	Housing should be available, however, housing for low income needs to be monitored better to not be taken advantage.	8/28/2018 10:06 PM
513	As mentioned, support and approve good projects. Take action to utilize sites such as the Old Sonoma Rd. campus for workforce housing.	8/28/2018 10:04 PM

## Napa County Strategic Plan Survey of Community Members

514	Definitely rent control. Too many long time Napaans have moved out of the area due to the high rents.	8/28/2018 9:52 PM
515	need to do something with homeless. They live at Kennedy park, it's a mess and is not right. Can I put up my travel trailer there? Seems that should be ok as they are allowed to camp wherever and nothing is done. Spoke to the park ranger and she punted back saying we need to attend city council meeting. Why do I need to spend 4 hours of my time to get the govt. to enforce laws that come from them. IE it says no overnight, how is this allowed. Joke that the park ranger, who should be the contact, punts it back and puts onus back on me. Where are the homeless defecating and urinating? Of course it's right where the "live", I can't believe the city govt is allowing this, how unsanitary!!	8/28/2018 9:26 PM
516	All of these are important	8/28/2018 9:19 PM
517	Require apartment owners to cap their rent	8/28/2018 9:18 PM
518	Absolutely need a variety of housing options that are AFFORDABLE!!!	8/28/2018 9:17 PM
519	workforce for our TEACHERS	8/28/2018 9:09 PM
520	Focus on finding and funding affordable housing for our farm workers and their families.	8/28/2018 9:05 PM
521	Be prudent in ensuring affordable housing for the workforce and low income families.	8/28/2018 8:55 PM
522	affordable housing for low wage workers	8/28/2018 8:46 PM
523	Buy, repair, and rent out abandoned houses (there are many in my Old Town neighborhood).	8/28/2018 8:46 PM
524	As above	8/28/2018 8:46 PM
525	Incentives for affordable housing, opprtunities for first-time home buyers, and comprehensive services to address homelessness.	8/28/2018 8:46 PM
526	We need more housing on the lower cost area - more townhomes too. Need homes under 500k and rentals under 2k.	8/28/2018 8:32 PM
527	I do not want to see services that draw homeless people into the valley.	8/28/2018 8:28 PM
528	No more apartments. More single family homes with yards.	8/28/2018 8:27 PM
529	Place restrictions on landlords from increasing rent that makes it impossible for families to afford the price increase.	8/28/2018 8:17 PM
530	Affordable housing is a challenge for low income, young and old with limited income.	8/28/2018 8:06 PM
531	more affordable housing for low income residents	8/28/2018 7:58 PM
532	This is a tricky spot. Be wary of the low income housing ie tax credit housing. Housing should fit the community and be monitored. I think creative use of housing funds such as partial rent vouchers might save money in long run. I don't know what to suggest for homeless other than not allowing low income housing to create homelessness as with Calistoga Senior Apartments.	8/28/2018 7:48 PM
533	Housing in a agricultural economy will never be able to be fully addressed. We are either aNapa or a San Jose. You can't have both. Homelessnessfor families that have no jobs are different than homelessness because of substance abuse or mental illness. Families that are jobless need temp. housing. Substance abuse/mental illness creates safety issues for the public. Collaboration with Napa State to house those people may be an option. They could then get counseling, medication to help.	8/28/2018 7:29 PM
534	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
535	Remove transients from Napa county	8/28/2018 6:50 PM
536	Housing development plans that are focused on middle & lower income families; regulation of short term vacation rentals to make more available long term housing.	8/28/2018 6:46 PM
537	Enough low-income housing to allow all people in different businesses to afford to live in Napa county	8/28/2018 6:42 PM
538	Housing that is affordable	8/28/2018 6:38 PM
539	Allow manufactured housing; building codes centered on safety issues but allowing for "bare bones" housing (tiny houses. etc)	8/28/2018 6:03 PM

## Napa County Strategic Plan Survey of Community Members

540	#1 Top Priority Please consider increased housing that is more affordable and increased building plans that may be more available for low-income wine industry/vineyard workers. I understand there's a new development being built in Napa as an affordable housing initiative that will be listed for sale between \$700k-\$850k. THIS IS NOT AFFORDABLE FOR MOST WINERY/VINEYARD CAREER PROFESSIONALS!! Most winery hospitality professionals in tasting rooms make between \$14-\$20 an hour. Do the math, most people can't even pay their monthly rent every month, how are they to afford a affordable housing option that is well over \$500k?!?! Please help our working community and make this a top priority with affordable housing options or programs!!!	8/28/2018 6:00 PM
541	Affordable housing and homeless issues	8/28/2018 5:57 PM
542	Affordable housing is essential to the prosperity of our community. Incentives to build affordable housing is the key via real estate tax reductions, accelerated permit processes etc.	8/28/2018 5:52 PM
543	quit giving out vacation rental permits -- to many second home owners - need more small apartment complexes walkable to public transportation	8/28/2018 5:37 PM
544	Support of affordable housing by programs such as Habitat for Humanity in which low-income people may use "sweat equity" to qualify for a home. By the time people save up enough to qualify for a mortgage they find that the price of housing has gone up so much that their original goal is no longer enough to get into a home of their own.	8/28/2018 5:37 PM
545	There is no affordable housing in the county. Also no public transportation that is viable. Which means - not buses. Buses should just be connectors to light rail - there needs to be a fast way for lower income workers to get to work from the East Bay where they are forced to live (because there is no affordable housing) so that they can actually get to work without clogging the roads.	8/28/2018 5:18 PM
546	focus	8/28/2018 5:15 PM
547	Get creative, folks! Find ways to ease the NIMBY mindset. Slow or stop the development that is causing the problem. Find ways to bring good-paying jobs into the community. Diversify the job base away from hospitality, where most of the jobs are at the low end of the pay scale.	8/28/2018 5:11 PM
548	Housing partnerships with philanthropic organizations. Keep the number of units small or manageable so they do not detract from the overall area in which they are placed.	8/28/2018 5:10 PM
549	Work very closely with cities to prioritize housing in the incorporated areas. Assess all County owned lands for potential housing. Develop a workforce housing program for County employees that can be used as a model throughout the County. Examine all new State housing legislation for ways to create zoning overlays, etc. to allow greater flexibility in addressing housing.	8/28/2018 5:06 PM
550	Affordable housing	8/28/2018 5:03 PM
551	It's not possible that everyone who works in Napa will be able to buy a home here, but we can at least assure there is available affordable housing and rents aren't being raised astronomically so these workers can at least live here. Supporting first time home buyers with forgiving loan structures.	8/28/2018 5:02 PM
552	Housing purchases are unaffordable for the young new homeowner just starting out. But access to different levels for renting should always be available	8/28/2018 4:59 PM
553	Support building lower and middle income housing while respecting the environment. Tear down empty buildings to create housing. Decrease the option for people to buy weekend homes here if that's a legal possibility.	8/28/2018 4:58 PM
554	Need affordable senior housing near medical facilities, shopping, bus stops...	8/28/2018 4:36 PM
555	Previously answered.	8/28/2018 4:32 PM
556	Limit home purchasing to full time residents. The lack of housing is the cause of the traffic problems in Napa and a significant portions of the homes in Napa are empty most of the time.	8/28/2018 4:29 PM
557	subsidized housing for low income workers to reduce financial strain and outrageous commutes.	8/28/2018 4:27 PM
558	Variety of housing options, including apartments, etc. I think housing for homeless populations continues to be a failure and does not get my support.	8/28/2018 4:26 PM
559	Affordable housing for everyone. Create a building program for young people to learn to build houses 800 sq ft as cheap as \$20,000. There is a program in east coast I have come across in PBS.	8/28/2018 4:26 PM
560	In-filling, taking leadership, creative financing. Need quick action, not more "studies." Creative use of extra county land. City and county need to work together.	8/28/2018 4:21 PM
561	More affordable housing for workers across the pay scale not just high end and low income.	8/28/2018 4:20 PM
562	Give incentives to developers who create a significant amount of truly affordable housing (not just one or two units out of 20).	8/28/2018 4:17 PM
563	Housing that is affordable for the workforce and/or low income	8/28/2018 4:15 PM

## Napa County Strategic Plan Survey of Community Members

564	Like it or not, the wine and tourism industries need to pay more and not dump workers on the community ala Walmart.	8/28/2018 4:14 PM
565	Improve if possible zoning for affordable/low income housing in municipal areas, such as provided by Bridge Homes	8/28/2018 4:09 PM
566	We need more affordable housing. No more developments of \$1M homes without including high density more affordable units too	8/28/2018 4:06 PM
567	Stop building hotels, start building apartments in the cities.	8/28/2018 4:06 PM
568	Reduce penalties to building. Only millionaires can currently afford to build in Napa. And these millionaires aren't committing to full time residencey. Labor prices aren't dropping; building materials are mostly fixed; the only difference you can make is to not impose \$80,000 cumulative permit fees on "workforce" citizens. We can't afford it. Developers can't afford to sell for "workforce" citizens either. None of us can afford your penalties.	8/28/2018 4:04 PM
569	Affordable housing in the community where people work is a basic right.	8/28/2018 4:01 PM
570	Rent regulation.	8/28/2018 3:56 PM
571	Support for low income housing within mixed income developments	8/28/2018 3:55 PM
572	Housing that is affordable for the workforce and/or low income Variety of housing options, including apartments, townhouses and condominiums Homelessness Policies and programs that support affordable and accessible housing	8/28/2018 3:53 PM
573	Variety of housing options, including apartments, townhouses and condominiums NO MORE HOTELS, MOTELS or RESORTS!	8/28/2018 3:53 PM
574	Definitely becoming difficult to afford for vineyard workers. I would try to have both affordable housing in some areas of Napa and let other areas to follow the natural trend of increase in values.	8/28/2018 3:50 PM
575	Develop quality multi family housing or offer housing subsidies to make it affordable for people who work here to live here.	8/28/2018 3:49 PM
576	Medium to high density apartments & condos with walking access to retail areas.	8/28/2018 3:47 PM
577	Create separate communities so that real estate values do not decline overall.	8/28/2018 3:39 PM
578	just do it	8/28/2018 3:35 PM
579	land areas like Old Sonoma Road property MUST be developed into housing that is affordable/workforce housing (whatever you want to call it); need more beds in homeless shelter, need more services for disabled homeless that need assistance as result of their disability (e.g., with eating or toiling) (these people currently cannot be served in our shelter); i'd like to see Supervisors that come out STRONG publicly in support of affordable housing	8/28/2018 3:34 PM
580	Cheap Rent	8/28/2018 3:33 PM
581	All of the above. NO MORE HOTELS AND VERY EXPENSIVE HOUSING	8/28/2018 3:30 PM
582	We need to hold developers' feet to the fire and insist on percentage of each project for truly affordable housing. Also, infill projects should be multistory and multifamily.	8/28/2018 3:29 PM
583	I don't know how we can have affordable housing with cost of homes in the valley. Ca land in desirable areas just too expensive and we don't want housing projects like in New York. Maybe look @ all the "wasted" housing with more and more Napa homes becoming 2nd homes, not lived in year long. Maybe a perk (tho no idea what) to homeowners that are selling their Bel Aire Home they bought for 40 grand for 5/600 grand to work it out they could sell to family. Probably impossible and in this expensive world no one wants to sell for less	8/28/2018 3:28 PM
584	First time home buyers and variety of options.	8/28/2018 3:21 PM
585	Affordable housing for the workers that now commute from outside the county	8/28/2018 3:20 PM
586	Provide a real path to affordable housing in Napa, including streamlining permitting for such housing.	8/28/2018 3:20 PM
587	?	8/28/2018 3:06 PM
588	Speed up all permitting and the funding for down payment help.	8/28/2018 3:06 PM
589	Prioritize finding solutions for increasing workforce housing.	8/28/2018 3:04 PM
590	Keep control over AirB&Bs in our neighborhoods. I have two on my block. They drive up rents and make the neighborhood less safe.	8/28/2018 3:03 PM
591	Already addressed.	8/28/2018 2:58 PM
592	Same as above	8/28/2018 2:53 PM
593	Housing that is affordable for the workforce and/or low income	8/28/2018 2:49 PM

## Napa County Strategic Plan Survey of Community Members

594	Affordable housing and homeownership assistance for locals. Creating more housing that is designate for low income.	8/28/2018 2:44 PM
595	More affordable housing that mixes people of different races/ethnic backgrounds.	8/28/2018 2:41 PM
596	Housing that is affordable for the workforce and/or low income Homelessness	8/28/2018 2:40 PM
597	The county needs to pursue every effort to make available housing that is affordable for the workforce and/or low income.	8/28/2018 2:38 PM
598	Necesitamos solucionar el problemas de la vivienda, la gente se esta yendo a vivir a otro lado	8/28/2018 2:35 PM
599	Napa's expensive, get over it. 30 years ago I wanted to live in Sausalito, I realized not being a high power lawyer or Doctor, that wasn't going to happen.	8/28/2018 2:31 PM
600	Mixed use developments in the valley. Work force housing upvalley so that Hwy. 29 isn't bottlenecked.	8/28/2018 2:31 PM
601	Balance the number of high, middle and low-cost housing so the population is equal. Same number of high, middle and low income families and people.	8/28/2018 2:27 PM
602	Large scale employers, i.e., vineyards, hotels, etc. be mandated to provide some employee housing, free or at workforce, labor affordability.	8/28/2018 2:24 PM
603	Addressing the Homelessness issue should be the highest priority	8/28/2018 2:24 PM
604	Housing for the workforce is one of the top two issues concerning keeping a proper labor force.	8/28/2018 2:20 PM
605	1. Allow construction of small second units in all areas of the County, including the MST. The benefit of the 2nd unit restriction in the MST is limited, and if permissible second units are truly kept small (800 sq ft?), the increased water use would be minimal. 2. Homeless individuals should be housed first, then treated. That's the only model that has worked well.	8/28/2018 2:20 PM
606	more affordable housing and apartments are desperately needed.	8/28/2018 2:18 PM
607	Affordable housing is very important, keeps workers in the community, cuts down traffic on the roads and hwy.	8/28/2018 2:18 PM
608	I don't know but some brainstorming would come up with possibilities	8/28/2018 2:14 PM
609	I don't believe it is always necessity that people live in close proximity to their work. All across the country, for a variety of reasons, people commute to their workplace. I do believe it would be helpful to develop effective mass transportation options which allow people to commute to their jobs.	8/28/2018 2:10 PM
610	Housing that is affordable for the workforce and/or low income Homelessness	8/28/2018 2:10 PM
611	It's beyond my pay grade to try to solve any part of this.	8/28/2018 2:09 PM
612	Stop allowing the cities to approve more hotels creating more jobs and no housing. Consolidate City and County government for a shared vision and efficiency.	8/28/2018 2:07 PM
613	The market pressures are intolerable in many places. Best to start by seeing what others have done that might show a way forward. Santa Fe seems to have a good mix of public and nonprofit partners in addressing their housing issues. <a href="https://www.homewise.org">https://www.homewise.org</a>	8/28/2018 2:04 PM
614	Make housing affordable to purchase through new building and stabilize the rental market through rent control	8/28/2018 2:00 PM
615	Affordable housing plans throughout the county.	8/28/2018 2:00 PM
616	For every expensive mansion you must build a low income house	8/28/2018 1:58 PM
617	more efforts towards affordable apartments- more section 8 apartments - even when people are awarded section 8 vouchers it is very difficult to find an apartment in Napa county that will accept it	8/28/2018 1:56 PM
618	Do something with Napa Pipe property	8/28/2018 1:52 PM
619	Put Napa State Hospital back in use. When the mentally ill had a place to go, Napa did not have a homeless issue. Buck UP Napa County Supervisors and take care of the run down county buildings and make good use of what you have in your own back yard.	8/28/2018 1:51 PM
620	It is sad that Napa County is so behind on this. Use other communities examples. Build small housing immediately. Housing could be built near the college, and some housing could be available to students.	8/28/2018 1:51 PM
621	Affordable housing that is clean and safe	8/28/2018 1:49 PM
622	Affordable and low income housing	8/28/2018 1:48 PM
623	let's make affordable housing happen more	8/28/2018 1:44 PM
624	Housing for the workforce is a must!	8/28/2018 1:40 PM

## Napa County Strategic Plan Survey of Community Members

625	Variety of housing options, including apartments, townhouses and condominiums	8/28/2018 1:39 PM
626	stand up to mandatory housing policies.... stop adding low wage job businesses	8/28/2018 1:34 PM
627	Affordable housing for the workforce. Increase supply of houses by relaxing norms to build houses, apartments and condos.	8/28/2018 1:31 PM
628	Eliminate or remove and relocate the homeless. Variety of housing options is important. Not that in favor of affordable housing.	8/28/2018 1:30 PM
629	Affordable housing	8/28/2018 1:27 PM
630	Have a consistent policy in county and cities.	8/28/2018 1:23 PM
631	Seriously expand permanent supportive housing inventory	8/28/2018 1:21 PM
632	Provide Safe and Secure quarters for people who need shelter on both a short term and long term basis.	8/28/2018 1:21 PM
633	Ensure a variety of housing be available.	8/28/2018 1:21 PM
634	Set target for affordable housing and enlist hotels as partners.	8/28/2018 1:19 PM
635	Encourage moderate cost higher density housing through common sense regulation. NIMBY is not acceptable	8/28/2018 1:19 PM
636	Increased low income housing vouchers to reflect the need in Napa County, work on developments that are affordable according to the income levels of laborers	8/28/2018 1:19 PM
637	require large developments to provide low income housing or force higher wages	8/28/2018 1:18 PM
638	Housing options	8/28/2018 1:16 PM
639	Housing that is affordable for the workforce and/or low income	8/28/2018 1:16 PM
640	Variety of housing options, including apartments, townhouses and condominiums	8/28/2018 1:16 PM
641	Development needs to be encourage in non-agricultural areas and not tied up in regulations, environmental impact studies and other red-tape. Business can be incentivized to make all levels of housing profitable which will increase supply at lower income levels. By offering carrots instead of restrictive 'sticks' government can work together with developers to find solutions that work for everyone.	8/28/2018 1:15 PM
642	I don't know the answer.	8/28/2018 1:10 PM
643	We desperately need more affordable housing for the workforce.	8/28/2018 1:09 PM
644	Create in fill, tiny homes, opportunities for homeless to find shelter. Get creative, other communities have examples...	8/28/2018 1:07 PM
645	Addressed above	8/28/2018 1:05 PM
646	ENCOURAGE CLUSTER AND NON TRADITIONAL HOUSING UNITS	8/28/2018 1:04 PM
647	Cut back on the housing for the wealthy and instead focus on more high density housing that is more affordable for the average worker. It would be so nice if our children could afford to live in Napa.	8/28/2018 1:03 PM
648	More workforce housing	8/28/2018 1:00 PM
649	Don't just build and build more housing to get more revenue. More housing done madly means more resources used and more traffic.	8/28/2018 12:56 PM
650	Affordable housing is helpful along with housing options.	8/28/2018 12:54 PM
651	Too many homeless people in Napa. If you can't get them jobs and apartments send them on their way. They create messes (at least the criminals, drug and alcohol folks).	8/28/2018 12:54 PM
652	We need an affordable housing boom. Housing that someone making an average wage can afford and still have enough left over for food, utilities, etc. Also a user-friendly program for home owners with rooms to rent for single people.	8/28/2018 12:54 PM
653	A stronger focus on affordable housing in the form of apartments and townhouses. Space is limited, so more condensed housing is needed.	8/28/2018 12:53 PM
654	offer those who work in the vineyards home because not all of those workers have their own home.	8/28/2018 12:53 PM
655	Build public housing, ban or tax second/third homes	8/28/2018 12:52 PM

## Napa County Strategic Plan Survey of Community Members

656	Housing that is affordable, not just for low income, but for middle America, too. Working professionals are trying to get into the housing market, but are being pushed out by wealthy retirees and transplants. There should be more assistance programs that aren't capped at \$470,000, because no house in Napa is under that.	8/28/2018 12:52 PM
657	Build more apartment complexes	8/28/2018 12:51 PM
658	Down pmt assistance for all people. Even middle class. Many people make too much to qualify for existing programs	8/28/2018 12:50 PM
659	We're facing such a disparity between the cost of housing and the poor wages. Maybe some form of rent control...? In my neighborhood, people are buying houses to use as weekend get-aways. With the shortage of housing, this really bugs me.	8/28/2018 12:50 PM
660	all of the above	8/28/2018 12:49 PM
661	critical- affordable housing for farm workers and for restaurant and hotel workers that is near their job	8/28/2018 12:48 PM
662	affordable housing; homelessness	8/28/2018 12:48 PM
663	Increase density limits for building. Adopt strict vacation rental policies.	8/28/2018 12:47 PM
664	The homeless problem can be solved only by increasing revenue to mental health programs. The group murders can only be solved by this method also. If we take the guns, they will use cars, fertilizer (Timothy McVeigh) or knives. FOCUS ON THE PROBLEM - MENTAL HEALTH!!!!!!	8/28/2018 12:47 PM
665	Affordable housing for all segments of the population	8/28/2018 12:46 PM
666	Rent control laws	8/28/2018 12:44 PM
667	We need more affordable housing in Napa. Many run down apartments could be remodeled, adding two more stories to them with additional units. Build up, not out into the Ag Preserve. What happened to the huge grant Napa received to treat and help each homeless person?	8/28/2018 12:44 PM
668	Encourage and investigate unique solutions to lack of housing-tiny houses, manufactured homes that could replace traditional housing.	8/28/2018 12:40 PM
669	Variety of housing options	8/28/2018 12:39 PM
670	Housing that is affordable for the workforce and/or low income, like the new project in Am Can!!!!!!	8/28/2018 12:37 PM
671	Build high rises downtown. Stop single family dwelling sprawl.	8/28/2018 12:35 PM
672	Variety of housing options, including apartments, townhouses and condominiums	8/28/2018 12:34 PM
673	Don't subsidize housing in high value areas, it devalues all the honest people who worked and saved to be able to afford Napa on their own. Create lots of housing in cheap areas and give those units to homeless people.	8/28/2018 12:33 PM
674	affordable housing for workforce	8/28/2018 12:29 PM
675	Options for affordable housing no matter what your age.	8/28/2018 12:27 PM
676	more infill housing. support multifamily use of large homes	8/28/2018 12:27 PM
677	Pólizas y programas que promueven viviendas económicas y accesibles	8/28/2018 12:27 PM
678	A typical hourly employee is making less than \$20/hour. Without multiple roommates, at least 30% of that income goes just to pay rent. Maybe buildings with very small studio options would help. Most people would be willing to sacrifice space to have an affordable apartment.	8/28/2018 12:23 PM
679	I know the priority is filling the need for low income housing, but we should also let the wealthy people build homes where they want as well.	8/28/2018 12:22 PM
680	Work with communities to create building projects that fit into the style of the surrounding homes so that the residents actually feel integrated in to the community, rather than living there temporarily.	8/28/2018 12:19 PM
681	The city and county have created the housing problems by catering to tourists, providing low income jobs	8/28/2018 12:18 PM
682	Mixed income housing developments. Allowing smaller units to be built so that single people can have affordable housing.	8/28/2018 12:16 PM
683	Support Housing by mandating cities to comply and support the State mandate - nobody wants to have affordable housing built in their back yard which is nonsense!	8/28/2018 12:16 PM
684	Homeless problem is out of control, more re-housing/shelter space needed. Cleanup of river area near Kennedy of all the tents, camps and trash	8/28/2018 12:15 PM

## Napa County Strategic Plan Survey of Community Members

685	All new hotels, large businesses should have to build low income for the working class apartments. Not for the welfare. But those that work the police, Medical staff secretaries, and restaurants workers, beauticians ect .	8/28/2018 12:08 PM
686	homelessness	8/28/2018 11:55 AM
687	Variety of housing options	8/28/2018 11:47 AM
688	I'd love to see more duplexes, condo units etc in addition to the apartments. Also, homeless population seems to be on the rise	8/28/2018 11:39 AM
689	While we certainly need more affordable housing we need to be careful not to let the county's population grow too much.	8/28/2018 11:10 AM
690	I think one of the biggest challenge to housing in Napa is related to policies and project processes that drive up the cost of the housing. That includes permitting fees, timeline for processing and the demands on housing projects related to the permitting process. If you can create policies that are conducive to building "affordable" that would be a huge benefit.	8/28/2018 11:09 AM
691	We need to concentrate growth in the established urban zones and look for new ways to expand affordable housing without impacting agricultural land. And housing requires transportation.	8/28/2018 11:06 AM
692	Affordable housing for the workforce. Without them we can not survive and keep our lifestyle.	8/28/2018 10:25 AM
693	Homeless need services 24/7	8/28/2018 10:00 AM
694	We would probably have fewer homeless people if we had more affordable housing. We need to create more housing density in our urban areas.	8/28/2018 9:43 AM
695	Fast track projects for housing and mandate creation of affordable housing for every multi unit building project.	8/28/2018 9:39 AM
696	Housing for the workforce is important. Cities complain about the traffic, yet do little to solve the issue. "Not in my back yard" can no longer be the acceptable response from people when somebody tries developing low income housing. A line needs to be drawn in the sand or nothing will change.	8/28/2018 9:36 AM
697	This is a huge issue. The elitism that has been drawn to the Napa Valley has edged out a more modest community. The loss of affordable housing has made families have to look outside the valley for places to live. If this does not change we will see the community age and we will not have the vitality that comes with young families.	8/28/2018 9:25 AM
698	This is so difficult; people will always try to take advantage of systems that must be in place for lower income families and it's tough to create effective policies that deter abuse but also target people who really need it. Focusing on affordable housing, though, must be a priority in Napa County.	8/28/2018 9:23 AM
699	not sure what actions can be taken, but there needs to be a cap on the amount someone can put their house on the market for. The average working class person in napa cannot afford to purchase a home in napa. That is WRONG!!!!!!!!!!!!!!!!!!!!!! Do something about it!	8/28/2018 8:52 AM
700	Ease regulation on development, ease property taxes, County should purchase and develop stagnant properties, along Coombs, re-develop property along Old Sonoma Rd. Build new housing, tiny home demonstration and community. Expand home loan program?	8/28/2018 8:47 AM
701	affordable housing - stop permitting mansions until enough affordable housing has been built	8/28/2018 8:27 AM
702	Reduction or removal of second homes owned by out of the area individuals who use them 30 weekends at most a year. Just as San Francisco requires a certain number of jobs be awarded to locals who live in the zip code, some sort of real estate sales regulations should be put into effect until more actual citizens who work here are able to live here.	8/28/2018 8:26 AM
703	New hotels need to provide housing for workers as they are built. Denser housing along traffic corridors. Napa Pipe should have been built as they envisioned it with apartments and flats.	8/28/2018 8:24 AM
704	affordable housing for workforce A variety of housing options Policies and programs that support affordable and accessible housing	8/28/2018 8:15 AM
705	Worker housing is very important for our Ag industry	8/28/2018 8:14 AM
706	Biggest problem. Napa will implode and already is. Where are the workers going to come from	8/28/2018 8:03 AM
707	Housing for ag workers and younger middle income workers. Anyone younger then the babyboomer generation has no incentive to live in Napa. Housing prices are rising faster then their income. The trend of living outside napa and working in napa is going strong.	8/28/2018 7:56 AM
708	Find ways for local workers in cellars and hospitality to afford housing or rentals up and down the valley. The traffic to Solano and Lake Counties is eroding our quality of life.	8/28/2018 7:43 AM

## Napa County Strategic Plan Survey of Community Members

709	Napa needs to address it's housing crisis and build denser urban centers where people can live affordably. Housing should be priced fairly to take into account the amount of money people actually get paid. Either wages or housing costs has to give and business owners need to be participating in these discussions rather than turning a blind eye on these issues.	8/28/2018 7:32 AM
710	Build/encourage more affordable housing.	8/28/2018 7:28 AM
711	Bring in other community leaders from across the country who have been successful and find out what works/doesn't work. Get residents and community involved working together to build and develop programs and housing that works for all.	8/28/2018 1:04 AM
712	Community housing for seasonal workers and teachers.	8/27/2018 11:15 PM
713	housing that is affordable	8/27/2018 5:40 PM
714	This is a huge issue with the traffic coming in and out of town because the average worker can't afford to live here.	8/27/2018 4:32 PM
715	House the homeless - Abode has made great strides but Brandon Gardner at the City Police department is not seen as a helpful resource by the homeless of Napa. Housing costs for workers are impossible - you can't live in Napa for less than \$100,000/year income; a studio costs over \$2,000/month, family units are closer to \$3,000/month. Force second home owners and rental property owners to fund our housing for residents and school funding (with lower average daily attendance resulting from more investment and rental properties, our schools' funding is dramatically reduced).	8/27/2018 4:28 PM
716	affordable housing for our workers	8/27/2018 4:12 PM
717	We need permanent supportive housing in this community Housing that is affordable for those who work here	8/27/2018 4:02 PM
718	I have no idea how - through legislation most likely? but limit sales of property to second home/investment property buyers. It is ridiculous that the people who support the infrastructure of this town cannot afford to live in it.	8/27/2018 3:42 PM
719	Build tiny houses for the homeless.	8/27/2018 3:20 PM
720	Build more housing	8/27/2018 2:59 PM
721	Work with the cities to identify and create ordinances that encourages building affordable, workforce housing, as opposed to building additional hotels and wineries. Creation of a fee schedule that encourages developers to build affordable housing, rather than one that puts a modest amount of money in a fund for someone else to build the housing. Designate certain locations as 'pre-approved' for affordable housing, so the permitting process is easier for developers to support this need.	8/27/2018 2:50 PM
722	Make affordable housing a focal point of building new housing. Don't make housing projects (ghettos) but include in all new building projects, 80% should be affordable housing built in Napa County (the city has quite a bit), Napa County Housing Authority needs to provide MORE housing for the permanent farm workers (if agriculture is going to be a county priority) and do not support ICE requests, expand homeless shelters into the rural areas with clear pathways to low cost housing (includes the needed health/drug support in the housing areas), build apartments/housing at volunteer fire stations so that the rural volunteer firefighter can afford to live in the area where the respond and not in the city.	8/27/2018 12:11 PM
723	Work proactively with NVUSD, which has land in cities, to build workforce housing. You bring the \$, NVUSD brings the land. Teachers get housing, freeing up stock for others.	8/27/2018 11:44 AM
724	we need rent control! families who have lived in the county for many years are being pushed out, and their children cannot afford to own a home where they've grown up. we also needs more affordable housing, as middle class families are often forgotten.	8/27/2018 11:28 AM
725	Quality housing that is affordable for all income levels should be the top priority for Napa County above all others. Creating rental assistance programs on a sliding scale for all income levels would help, or alternatively setting caps on rents so that people have a chance at staying in the community they grew up in. New housing should also be the top development priority over hotels, resorts and wineries. Without more housing families will continue to leave the county, losing money for our schools and community. The longer you wait to address the housing crisis, the worse the traffic congestion will get in Napa County due to the large pool of commuters.	8/27/2018 10:55 AM
726	Before approving more hotels, make sure that we have the affordable housing for the people who will work there. Any new development should include a required funding of affordable housing.	8/27/2018 10:40 AM
727	Work with the cities to provide a variety of housing. Housing that is approved, but not built (such as Napa Pipe) does no one any good.	8/27/2018 10:37 AM
728	Affordable housing	8/27/2018 10:34 AM
729	Work with cities and town to streamline housing approvals. We need more housing stock.	8/27/2018 10:28 AM

## Napa County Strategic Plan Survey of Community Members

730	Policies that support affordable housing would be most useful.	8/27/2018 10:08 AM
731	Rent control More housing options for low income community.	8/27/2018 10:08 AM
732	For people who work in Napa County, the ability to live in the community and become valuable members who contribute to the overall health of our community is a must.	8/27/2018 10:07 AM
733	Housing, housing, housing!!	8/27/2018 10:06 AM
734	Look into the income guidelines as many of the people fall into the "cracks" do to the income guidelines being too low or too high. Those in the middle are left without any help.	8/27/2018 10:05 AM
735	Job opportunities for youth and young adults	8/27/2018 10:04 AM
736	Low income housing is definitely needed. The waiting list on our current housing properties are ridiculously long. Families looking for a home are waiting years to get a call from NVCH	8/27/2018 10:04 AM
737	Government cannot solve the housing problem, but zoning for higher density and a variety of housing types is key.	8/27/2018 9:52 AM
738	Affordable housing with good access to timely public transportation.	8/27/2018 7:31 AM
739	Build affordable housing	8/26/2018 10:04 PM
740	Homelessness and mental health awareness go hand in hand.	8/26/2018 9:59 PM
741	Require living wages that meet some standard of being to afford housing in Napa Valley - two full time employed people should be able to afford a 1 bedroom apartment. Look to the employers to shoulder the costs when their employees cannot afford to pay rent (or cover medical needs) rather than the county subsidizing the employers' unwillingness to pay living wages.	8/26/2018 9:23 PM
742	Housing for all across the income spectrum. Stop giving into nimby and build housing options that support the workforce.	8/26/2018 9:05 PM
743	REDUCE THE PRICE OF RENT, HOLY CRAP YOU GUYS. Also making the first time home buyers program more accessible and financially feasible to young adults would be great.	8/26/2018 8:30 PM
744	Instead of approving hotel after hotel, approve some affordable housing for the people who work at the hotels before you drive them all out, making the roads worse for commuters, or not being able to staff the hotels because people aren't willing to drive the commute for a low paying job.	8/26/2018 8:27 PM
745	More variety around housing options	8/26/2018 8:06 PM
746	large hotel projects should be required to build employee housing. Require market-rate housing construction to include affordable units in their developments.	8/26/2018 6:18 PM
747	Variety of housing options, including apartments, townhouses and condominiums	8/26/2018 4:55 PM
748	Build more for lower and middle income households.	8/26/2018 3:44 PM
749	Relax regulation relative to second and third dwellings in the ag preserve.	8/26/2018 3:00 PM
750	Everyone deserves housing, eliminate homelessness.	8/26/2018 2:11 PM
751	Policies and programs that support affordable housing	8/26/2018 1:50 PM
752	Property tax incentives to build second units.	8/26/2018 12:04 PM
753	Build housing, not in-lieu of fees. We need a spectrum of housing for workers, for young singles, for our disabled population.	8/26/2018 11:42 AM
754	Housing is controlled by what the market bears, it's a commodity that grows and shrinks with the economy. A free government should not be subsidizing and creating housing that is paid for by taxing residents. If housing is needed due to a particular industry, the cost needs to be borne by that industry and built by them, on land held and owned by them, not the general public.	8/26/2018 11:20 AM
755	WATCH WHAT YOU WIH FOR.....	8/26/2018 11:08 AM
756	True affordable housing within city limits. Support long term extra room rentals in residential housing. Tax the super rich who profit from low wage work force.	8/26/2018 10:14 AM
757	In most of Napa's cities, condominiums, which are an ideal, entry and exit point for communities are missing - this should be a policy focus.	8/26/2018 9:43 AM

## Napa County Strategic Plan Survey of Community Members

758	While not wishing to attract homeless people I would support having a safe environment for all to sleep as any one of us would want. It could be a large building or many 500 sq.ft. tiny houses at the edge of town with transportation to town services, library, parks, whatever was deemed important. Possibility of a tiny home village would give low income, or homeless people a place with a bit of garden space where kids or adults could grow some vegetables. Staying there would be predicated keeping clean, maintained, w/ strong noise rules in respect to all who live there in the closely placed tiny house neighborhood, and property not damaged. Damage to property would result in expulsion. Possibility that is in existence in other poor areas of our country. I am sure you would have some good ideas on this.	8/26/2018 7:19 AM
759	Create more affordable housing build more places for homeless and low income.	8/26/2018 1:51 AM
760	Tiny house co housing projects Mega mansion condo conversions Cluster housing-village creation.	8/25/2018 10:55 PM
761	When planning condos, apts, etc. consider senior needs for single story, etc. This population, wanting to downsize should not have to leave Napa to find appropriate housing after yrs of supporting the community and ability to pay market price. Study innovative ideas of other communities. Maybe at Napa Pipe? or in small clusters.	8/25/2018 9:37 PM
762	more affordable single family home. cut back on second homes.	8/25/2018 9:06 PM
763	Napa Co. need have no policies regarding housing options.	8/25/2018 8:58 PM
764	Housing for people on section 8 that aren't seniors is a big issue. All apartment complexes should be required to provide a certain number of units for low income, disabled, section 8 people & they should be required to maintain those units forever not just for 3 or 5 years. As it is now after a few years they can give notice & discontinue accepting section 8,etc & then raise rents. I know someone who is developmentally disabled, works in napa, lives in section 8 apartment & has been told her section 8 is being dropped by new owners. She's been told the nearest housing the county can find for her is in Oakland. This is just so morally wrong.	8/25/2018 7:26 PM
765	Here's your big problem. High density housing is undesirable to pretty much everyone with secured housing, but for the people struggling they are less concerned with the quality of life or atmosphere in Napa---they just want housing. Additionally, it is almost impossible to regulate unscrupulous landlords. Something we discovered recently with the fires, when landlords found the weakest excuses to evict tenants in order to rent out at a much higher rate. This was county wide. Options would be deed restrictions on affordable units that would allow the recipient to build equity in a home but also allow the county to share in the profit when the home was sold (or be recycled into the county affordable housing program). Require that 80% of homes in the valley be owner occupied, or if that is too restricted then rented out---to limit the number of vacant second homes in the area. Institute a fee or assessment on vacant second homes that could help fund additional affordable housing programs.	8/25/2018 7:13 PM
766	Affordable housing	8/25/2018 6:54 PM
767	Stop building houses until traffic and water supply issues are resolved	8/25/2018 6:00 PM
768	Again, due to the urban growth boundaries, the County seems to me to have little opportunity to impact housing programs except to lend support to efforts of the cities within the County.	8/25/2018 5:53 PM
769	Housing that is affordable.	8/25/2018 4:19 PM
770	Somehow, enhanced priority of affordable housing should be given to Napa County families seeking to purchase a residence. Not to buyers interested in acquiring rental property.	8/25/2018 3:40 PM
771	Affordable housing. Variety of housing.	8/25/2018 2:57 PM
772	Yep	8/25/2018 2:49 PM
773	Ensure that a variety of housing is available for all income levels	8/25/2018 2:22 PM
774	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
775	New housing should include apartment or condo options that are intended for residents (not second homes for tourists). Development policies should include funds to improved local roads, build parks, etc.	8/25/2018 2:10 PM
776	Homelessness	8/25/2018 1:23 PM
777	Simple: Wineries MUST pay to care for and house the workforce they attract	8/25/2018 12:49 PM
778	Provide more affordable housing options	8/25/2018 11:31 AM
779	Balance implications of added housing development with traffic congestion. Adding housing will actually increase trip generation, not reduce it. These are separate issues.	8/25/2018 11:19 AM
780	get rid of system requiring pay in for affordable housing and require new developments to build it and offer it	8/25/2018 11:17 AM
781	Restrict new housing to affordable housing only.	8/25/2018 11:01 AM

## Napa County Strategic Plan Survey of Community Members

782	In American Canyon I don't see homeless - do we not have them or am I not looking in the right places? We are a small (in terms of sq mi) community and every last inch of open space is now being developed adding to an already disastrous traffic congestion problem caused by city managers - not the citizens	8/25/2018 10:54 AM
783	Affordable Housing, tiny houses, houses with green space-not too dense.	8/25/2018 10:50 AM
784	Affordable housing is a bad joke. Lots of talk and accumulating of funds, while the problem worsens. But one key is to make transportation affordable (both to users and communities) so people can commute from more affordable places without overwhelming environment and personal finances.	8/25/2018 10:15 AM
785	Policies and programs that support affordable and accessible housing	8/25/2018 9:47 AM
786	I think its horrible that the regular worker such as a teacher or public safety employee cannot have affordable housing. Also, something needs to be done to support our lower wage earners such as our farm laborers and housekeeping staff. But of course, the way to increase housing is to not punish the developers with budensome regulations and expensive permits, as you are only preventing them from wanting to build.	8/25/2018 9:25 AM
787	Support affordable housing county wide and integrated rather than isolated	8/25/2018 9:07 AM
788	Create major benefits for those who build affordable housing, waived fees, lowered taxes, etc. Require existing hotels to supplement a portion of housing cost for employees. New hotels should be limited to a new 20% build ratio that includes new housing, ex: new build hotel with 100 rooms must additionally build a 20 unit housing complex as well as supplementing the housing cost of their own employees	8/25/2018 9:01 AM
789	Have more homeless shelters.	8/25/2018 9:00 AM
790	Promote accessory dwelling transition and help costs	8/25/2018 8:45 AM
791	raise the amount of quafy for housing its not keeping up with ecomenty	8/25/2018 8:39 AM
792	Eliminate red tape and identify funding for farmworker housing. Require projects to build housing not money in a fund.	8/25/2018 8:10 AM
793	I don't know.	8/25/2018 7:31 AM
794	The "shortage" of housing problem needs to be looked at from a variety of considerations. These include sufficient wages for the local workforce, including the hospitality industry as a critical partner in the solution, the increasing inventory of second and third homes removing housing stock from the market and a serious effort to diversify the business and economic base of our county. The continued focus on wine and tourism at the expense of economic diversification is a classic "too many eggs in one basket" approach that may prove to be our downfall.	8/25/2018 7:12 AM
795	Lower the definition of affordable housing. I attended a City Council meeting about Napa Pipe and the affordable housing was about 500K for a house. That's still an outrageous amount for a working class family! I'm not sure how to fix the homeless problem but definitely is a problem downtown.	8/25/2018 6:26 AM
796	Its very expensive to live here but finding a way for housing especially for the hospitality industry is crucial	8/25/2018 5:51 AM
797	Housing that is affordable is important, as is making sure that people know their options for financing and assistance programs. Supporting our vulnerable populations is also very important to ensure that everyone is properly cared for.	8/25/2018 1:15 AM
798	Rent control in Napa County could help. And put in place policies that support the construction of affordable, environmental housing by giving tax incentives.	8/24/2018 11:34 PM
799	Regularización de las rentas, cuando los afectados por los incendios necesitan más ayuda, es irónico que suban los precios por las aseguradoras. Afectando a todos los que necesitan vivienda cercanos a su trabajo y más a los que fueron afectados por los incendios.	8/24/2018 10:48 PM
800	Need to improve the housing Section 8 program that has a 5 year waiting list and is not even taking new applicants.	8/24/2018 10:28 PM
801	Definitely NOT rent-control. Consider having businesses with a certain threshold income to subsidize housing for workers.	8/24/2018 10:03 PM
802	Provide affordable housing for local workers	8/24/2018 9:49 PM
803	Deal with the Homeless. Provide very basic shelter & food and require all be off the streets after 9 PM. People can work their way up to small, apt. style housing by cooperating with drug testing, rehab., job placement, etc. or else stay in the basic dorm housing.	8/24/2018 9:28 PM
804	Affordable housing projects are needed.impr	8/24/2018 9:19 PM
805	Build more affordable housing and less expensive housing.	8/24/2018 9:16 PM

## Napa County Strategic Plan Survey of Community Members

806	I have no idea what to do here. But I think we need some form of rent control.	8/24/2018 9:09 PM
807	Traffic needs to fixed. The highway can't support traffic now. More housing will make it worse. Am can is a bottleneck.	8/24/2018 8:48 PM
808	Housing that is affordable to buy for Napa residents, which is not available at present to buy.	8/24/2018 8:46 PM
809	Same answer as above.	8/24/2018 8:43 PM
810	We are seriously reaching an affordability issue for young families to live and own here . The county needs to support not only affordable rental housing but affordable home ownership . The county's proximity program needs more funding	8/24/2018 8:38 PM
811	Set RENT CONTROL.	8/24/2018 8:33 PM
812	help the homeless and make housing affordable for all	8/24/2018 8:29 PM
813	Increase housing opportunities to enable the average family to live in Napa. Many families are moving away because of the housing costs.	8/24/2018 8:27 PM
814	Variety of housing options, including apartments, townhouses and condominiums that is affordable, also clean up the homeless situations	8/24/2018 8:13 PM
815	We don't need more home. We need better infrastructure.	8/24/2018 8:08 PM
816	ENFORCE CODES TO REDUCE BLIGHT (JUNK, INOPERABLE CARS, ETC	8/24/2018 7:57 PM
817	The policies you have been focusing on, such as building additional housing on existing housing properties and building extreme in-fill housing in existing housing areas to the great detriment of current residents should not be happening. it makes life miserable for those of us who have lived in Napa for many years.	8/24/2018 7:57 PM
818	Continue to develop & implement Housing First; provide more information about it to the public. Somehow, make it worthwhile to businesses (esp. tourist- & wine-oriented!) to invest in affordable housing. Gasser Foundation is doing it; what can be done to get other organizations to follow suit?	8/24/2018 7:39 PM
819	Affordable housing	8/24/2018 7:37 PM
820	Policies that support affordable and accessible housing	8/24/2018 7:28 PM
821	To have affordable housing is to lower fees to build. Napa is a desirable place to live, old people have no place to move so won't sell, low inventory = hi prices!	8/24/2018 6:49 PM
822	Do not allow additional hotels/restaurants and tourist serving business without funding a share of work force housing. Same goes for wineries like Sattui's huge work force with no requirement for housing of employees.	8/24/2018 6:35 PM
823	Nothing further.	8/24/2018 6:33 PM
824	Education	8/24/2018 6:32 PM
825	Affordable housing for our children, Napa folks, not transplants!	8/24/2018 6:24 PM
826	Affordable workforce housing	8/24/2018 6:22 PM
827	Stop building and fix the properties that already exist	8/24/2018 6:18 PM
828	Easy - no more new permits unless a significant housing stock is built at same time. Dollars into a "housing account" do nothing for the common housekeeper hired at the newest hotel...	8/24/2018 6:11 PM
829	Housing is tricky. I know that I would not like to see an increase in really dense housing and come from a NIMBY point of view, but also am aware that my own adult child will probably never afford to live in the community he was raised in. I believe in new rental developments having a set aside of below market rate units, and would like to see new housing developments set aside units for low income buyers (this may be in place but I am unaware of it). I think many need support to navigate our competitive rental market. We should also work toward solving the problem of our Section 8 housing vouchers not being utilized in our own county, instead being taken out of county as the recipients of the vouchers cannot secure housing locally.	8/24/2018 5:56 PM
830	Possibly more condos,duplexes. Less 3 story houses,condos as these are difficult or impossible for elderly or disabled.	8/24/2018 5:51 PM
831	Less free housing for the homeless. Just look at San Francisco. It's fine for those truly in transition in supporting themselves. But for the druggies and mentally ill it is a huge waste of resources.	8/24/2018 5:41 PM
832	Those who grow up here, and work here should be able to afford to live here too.	8/24/2018 5:26 PM
833	Provide housing "scholarships" for good teachers, nurses and workers that the County needs but fails to attract.	8/24/2018 5:21 PM
834	Housing First is a way of helping the homeless that is succeeding in other communities	8/24/2018 5:18 PM
835	Insist any builders include low-income units The current definition of "low-cost" is set way too high	8/24/2018 5:08 PM

## Napa County Strategic Plan Survey of Community Members

836	You absolutely must create a lot of affordable housing in Napa! Raising salaries is not the solutions or having non gov actors doing cosmetic farm workers housing. It is your responsibility and you've done a horrible job so far.	8/24/2018 5:07 PM
837	Affordable housing is good, but building apartments in a city with limited services is very close minded.	8/24/2018 5:05 PM
838	Survey public land for building opportunities Reduce the number of exemptions from inclusionary zoning laws Set aside a percentage of new housing for people who need affordable housing Encourage granny units Have employers be part of the solution. Look at Napa Valley College for some housing for students and teachers	8/24/2018 4:59 PM
839	all of the above.	8/24/2018 4:48 PM
840	better deal with homelessness	8/24/2018 4:46 PM
841	Variety of housing options.....	8/24/2018 4:45 PM
842	Look into state and federal grants and assistance that will help first time homebuyers. Prioritize those with children	8/24/2018 4:45 PM
843	No changes to zoning in the County. No residential development in the county other than the types that are allowed under current zoning. The county should be able to work with the cities to place residential development within the existing city limits. No expansion of the RUL boundaries.	8/24/2018 4:29 PM
844	Affordable housing is a mandate to ensure community families will exist for our growing families and growing senior sector	8/24/2018 4:22 PM
845	Look at rundown industrial areas close to downtown, Jackson St for example, as potential for denser housing with affordable apartments or condos. We don't need or want any more hotels. Look into a tiny home community for the homeless; I believe this has had success elsewhere? Think hard about the Expo property, it creates a jam for people coming in for events while it is in a prime location for mixed use including housing. Could the Expo be in south Napa, by Syar or such? It is truly not the highest and best use of that land. Simplify the building permit process, it is incredibly onerous for individual homeowners. Our fire rebuild permit request for a simple 600 square foot in-law unit (that could become an ADU) is taking months, with the last round coming back with six pages of comments!	8/24/2018 4:18 PM
846	#3	8/24/2018 4:15 PM
847	Encourage "granny" units. Encourage higher density development in incorporated areas.	8/24/2018 4:15 PM
848	Homelessness	8/24/2018 4:06 PM
849	Homeless housing without restrictions on drug use. Alternative housing like micro-homes.	8/24/2018 4:05 PM
850	A large, sustainable funding stream to preserve and build workforce and senior housing countywide. A method to land bank, expecially upvalley.	8/24/2018 4:01 PM
851	Provide affordable housing with regulations to maintain the integrity of the housing project.	8/24/2018 4:01 PM
852	Force affordable housing on nimbys	8/24/2018 4:00 PM
853	We have only some much land that is available for housing so this to me is not easily solveable.	8/24/2018 3:50 PM
854	This is the GIANT problem. The industries in our county will suffer if workers cannot afford to live here. Housing costs are out of hand. Our county's industries and housing for workers are an ecosystem -- destroy one thing (housing) and the entire ecosystem collapses.	8/24/2018 3:48 PM
855	I'd like to see the County partner the Wine Auction to give some of the money raised each year to affordable housing projects.	8/24/2018 3:48 PM
856	Yes, we need affordable housing but let's get real-this is a very high end real estate market and it's not going to change. If we restrict development, we will limit the need for more service workers and also limit the need for increased housing. Let's help the community members we have now and do what we can to limit the big scale projects that require more workers.	8/24/2018 3:42 PM
857	The main action is get on it and stop the talking, do something now or we will be seeing more and more people leaving the area!	8/24/2018 3:37 PM
858	Homeless	8/24/2018 3:29 PM
859	Require every new resort/winery application to include housing for its employees; re-purpose unused county properties for low-income housing	8/24/2018 3:28 PM
860	Be especially careful in penalizing the productive forces of community development by obstructing their endeavors in order to favor unfortunates.	8/24/2018 3:26 PM
861	Policies and programs that support affordable and accessible housing	8/24/2018 3:24 PM
862	Have more money put up by companies that want to expand or start new services	8/24/2018 3:24 PM

## Napa County Strategic Plan Survey of Community Members

863	Balance needed - too much focus on one issue, (ie workforce house, homelessness, etc) will skew the future and throw off balance needed across all housing needs.	8/24/2018 3:18 PM
864	As much as I hate to say this, no/slow growth keeps home prices inflated and makes home ownership harder to achieve in this community.	8/24/2018 3:10 PM
865	"Sweat equity" housing for those who are willing to work to build their own homes, such as some neighborhoods in Calistoga.	8/24/2018 3:06 PM
866	Reevaluate higher density housing in rural areas. Develop micro villages in rural areas hey	8/24/2018 3:06 PM
867	Need to address the rental market; rent hikes and amount of housing stock currently in rental programs that aren't licensed for short-term rentals.	8/24/2018 3:05 PM
868	Affordability and more workforce housing is needed.	8/24/2018 2:58 PM
869	Developments such as Vino Bello @ Meritage could have been required to make a percentage of those units affordable for even their OWN workforce. Same with Vista Collina!	8/24/2018 2:55 PM
870	Farm worker housing	8/24/2018 2:53 PM
871	Affordable housing is not affordable to those where the wages aren't given	8/24/2018 2:46 PM
872	Be very careful regarding too much density in projects (example is housing project behind Napa's Ranch Market on Wine Country). Ensure infrastructure needs are addressed prior to building more housing units.	8/24/2018 2:45 PM
873	Allow for similar options as the city has allowed for multiple dwellings on properties; Offer incentives to those who rent to offer and maintain affordable rental properties	8/24/2018 2:44 PM
874	Be bold with housing vision, looking at how the current 20-30 generation seeks home sharing over homeownership and cease continuing to invest in "old" housing types that will soon be irrelevant to key workforce demographic.	8/24/2018 2:43 PM
875	Use incentives for new urban commercial projects to incorporate a realistic amount of housing for workforce	8/24/2018 2:42 PM
876	put a cap on rent.	8/24/2018 2:42 PM
877	Less hotels and more housing.	8/24/2018 2:37 PM
878	Homes that younger families can afford- More young families to sustain Napa in the long run. Pretty soon no young families will be able to live here, yet we will need them to work here. You can't expect an owner of a home to charge low rent if their mortgage is high.	8/24/2018 2:32 PM
879	We need a plan that includes various infrastructure improvements to transportation that would accommodate a population increase created by more housing. These efforts should be coordinated with CALTRANS.	8/24/2018 2:31 PM
880	I don't know the answer to this, but the rent situation is COMPLETELY out of control	8/24/2018 2:31 PM
881	Creat more senior housing with walkability to grocery stores, pharmacies and transportation. Downtown need a grocery store to replace Safeway and a nearby pharmacy.	8/24/2018 2:29 PM
882	Provide low income housing with serious rules for residents about upkeep	8/24/2018 2:28 PM
883	I believe we are at the point were we need to start supporting the Idea of sustainable mixed use development. Our zoning is what it is, and you can not erase the lot lines that were put in place 50 years ago. I believe we need to make housing opportunities for locals a huge priority in this community. Obviously you cannot discriminate between a local and a workers that comes in from Vacaville. That said, when a majority of the 90's generation are still living at home and or commuting into Napa.... That's a problem.	8/24/2018 2:25 PM
884	A little creative thinking here would be great. Mixed communities - kids to seniors, wealthy to low income, Hispanic, Black, Asian and white populations, shops, services, restaurants, parks (including neighborhood plazas or centers), shared produce & flower gardens, and housing all mixed together is the ideal.	8/24/2018 2:25 PM
885	Quit selling out to the developers. House your people.	8/24/2018 2:23 PM
886	This is beyond my skill set but it seems we need to encourage reasonably priced rentals before we open another hotel	8/24/2018 2:20 PM
887	We need to emphasize higher density housing options to ensure more affordable options - apartments, multi-story buildings that increase housing units on the amount of land available, housing grouped together with shared outdoor facilities, temp housing options for homeless people to help them get back into the system...	8/24/2018 2:19 PM
888	End the ridiculous fees associated with the construction of ADUs.	8/24/2018 2:18 PM
889	Encourage infill Create a transit hub with high density housing	8/24/2018 2:15 PM

## Napa County Strategic Plan Survey of Community Members

890	All of the above	8/24/2018 2:12 PM
891	I believe that affordable housing should be Napa County's number one priority, along with the creation of good paying jobs. Napa should work with nonprofits like Habitat for Humanity to restore and maintain existing housing in our populated areas, like City of Napa and Calistoga and make homes available to low and middle income people. Napa County should not rely solely on new developments with portions of dedicate low income housing that drain people and resources away from out towns and cities.	8/24/2018 2:12 PM
892	Develop a comprehensive affordable and workforce housing element between cities and county.	8/24/2018 2:11 PM
893	private and public partnerships I believe will be mandatory to solve this issue. The government is filled with too much bureaucracy, which will lead to extremely costly solutions. The county should look to partner with developers to help solve our housing issues.	8/24/2018 2:11 PM
894	Higher density housing in city limits. Build up into the airspace with higher rise buildings.	8/24/2018 2:10 PM
895	I honestly think homelessness is unacceptable. Safe, comfortable and affordable housing options for even the lowest-income residents has to be developed. This also needs to allow families t stay together and homeless people to keep their pets. Many homeless are disabled veterans, people with mental illness who would have been taken care of in the State Hospital in the old days. It would take action at the state and national level to address that reality, however, and that isn't happening.	8/24/2018 2:10 PM
896	Same ss 12	8/24/2018 2:08 PM
897	Do not need more apartments, townhouses and condos. Traffic is already horrible and we don't have enough water for those already here.	8/24/2018 2:08 PM
898	what is affordable housing? with all the rules and regulations, there is no such thing as affordable housing. we simply need more houses regardless the price	8/24/2018 2:08 PM
899	Elected officials have to do what they know is best and disregard the NIMBY's. Have developments with a mix of affordable and market rate. Don't keep separating everyone.	8/24/2018 2:07 PM
900	Homelessness	8/24/2018 2:05 PM
901	ReZone areas not presently zoned for housing, maybe out by the airport. Expand areas eligible for farm worker housing even if it encroaches into the ag preserve. There is room to expand the existing housing up valley on the same property for instance. Allocate dollars to the cities for them to expand their housing opportunities.	8/24/2018 2:04 PM
902	MORE work force housing.	8/24/2018 2:03 PM
903	Community meetings where county staff might listen and discuss rather than bringing an already chosen plan to foist on residents.	8/24/2018 2:02 PM
904	Homelessness	8/24/2018 2:01 PM
905	More affordable housing	8/24/2018 1:58 PM
906	"silent second" down payment support for public employees and first responders, affordable housing within new developments.	8/24/2018 1:57 PM
907	Make affordable housing the number one priority in this county. Stop further development until we can provide affordable/reasonable housing to support required workers.	8/24/2018 1:57 PM
908	Housing that is affordable for the workforce and/or low income	8/24/2018 1:56 PM
909	No guarantee they will stay if you build. Convert the closed schools to save millions of taxpayer funds.	8/24/2018 1:53 PM
910	This is utter bullshit the lack of affordable housing. The county has not in any meaningful way addressed this and as far as I can see has no plan. This is just shameful. The roads are packed wiht people who work in the crappy service level jobs (see minimum wage above) and have to drive to Napa because no one can afford to live here.	8/24/2018 1:52 PM
911	Allow tiny homes, cottage home units or loft dwellings above garages. More creative infill options.	8/24/2018 1:51 PM
912	Variety of housing options for housing that is affordable for all of Napa's workforce.	8/24/2018 1:50 PM
913	Actively seek new, unique and creative solutions to developing housing in underutilized areas of the county	8/24/2018 1:50 PM
914	Variety of housing options, including apartments, townhouses and condominiums	8/24/2018 1:50 PM
915	Putting in government subsidized housing does not help the people in the community. It drags down the home values and rental values.	8/24/2018 1:46 PM
916	controlled and well regulated development	8/24/2018 1:45 PM
917	Affordable housing which addresses workforce needs as well as extremely low income persons.	8/24/2018 1:45 PM

## Napa County Strategic Plan Survey of Community Members

918	While I agree that we do need to do something for affordable housing, it is not the governments job to be in the real estate business. The government can help by reducing the costs and timing of getting these projects off the ground. Again, a proper planning commission.	8/24/2018 1:43 PM
919	I have no idea how to fix this, I hope you do. I do think that getting under this helps to fix a lot of other concerns we are facing.	8/24/2018 1:42 PM
920	Transitional and immediate housing, especially for working families and the homeless.	8/24/2018 1:42 PM
921	low income housing	8/24/2018 1:40 PM
922	Get rid of the homeless camps and don't build any more housing until the roads are fixed to support the additional residents	8/24/2018 1:40 PM
923	workforce housing	8/24/2018 1:39 PM
924	Add new school taxes to homes not currently contributing due to Prop 13. We need to make room for families.	8/24/2018 1:37 PM
925	affordable house. we need more of it.	8/24/2018 1:33 PM
926	Force hotels and resorts to build housing for staff;;don't just b=depend on fees and TOT from visitors. Ditto perhaps for new large growers and wineries.	8/24/2018 1:32 PM
927	Develop industries which pay decent wages. The wine and hospitality industries pay the lowest wages of any others. Housing needs would be solved if we did that. In order to alleviate the current housing crisis we would have to build approximately 10,000 affordable housing units to make an impact on low paid commuters.	8/24/2018 1:25 PM
928	Napa needs more housing not more regulations of housing. Also affordable housing come with more supply. Taxing the people trying to create more housing is counter to the objective of a broader housing supply.	8/24/2018 1:22 PM
929	Continue fees to support affordable housing; maximize funding with state resources	8/24/2018 1:13 PM
930	Subsidize micro apartments?	8/24/2018 1:09 PM
931	Some version of rent control so that families can live safely and securely without fear of losing their housing as market demands increase and landlords take advantage of getting higher rents	8/24/2018 1:07 PM
932	We need workforce housing closer to places of employment and ensure that day to day shopping needs, schools, are located in those areas to cut down on traffic and enhance the quality of families' lives	8/24/2018 12:58 PM
933	Stand up to NIMBY's and vote yes on projects or show up at City Council to support housing projects.	8/24/2018 12:49 PM
934	you've made napa unaffordable. accept that and stop forcing multiple units into crowded neighborhoods.	8/24/2018 12:47 PM
935	N/A	8/24/2018 11:44 AM

**Q16 Natural Resources and Environmental Sustainability** What actions do you believe Napa County should take to support Natural Resources and Environmental Sustainability in our community? As a reminder, in the previous section we defined Natural Resources and Environmental Sustainability as: Air quality Impacts of development on water quality Quality and quantity of ground water Quantity and quality of water in our streams and reservoirs Quality and quantity of drinking water Preservation of open spaces and native animal habitats Growth and development in dedicated urban areas Renewable energy systems and energy efficiencies Maintenance of county parks and lakes Response to climate change Municipal water supply and watershed protection Green business and building standards Resilience plans and policies for government and communities Garbage recycling, and composting services

Answered: 847 Skipped: 1,308

#	RESPONSES	DATE
1	Water quality	10/10/2018 9:08 AM
2	Water, both drinking and watershed	10/9/2018 11:54 PM
3	Water quality is primary. Save our watersheds. Stop the over-utilization of our water supply which means that we need to stop approving so many wineries. We all love our wineries but we are talking about balance in Napa Valley. We need a balance where we preserve our water supply and forests and restrict so many wineries and hotels.	10/9/2018 10:54 PM
4	Look for solutions without mindless mandates... just because.	10/9/2018 9:53 PM
5	Control growth in the county to prevent sprawl Solar farms where ground water doesn't support wineries	10/9/2018 8:54 PM
6	Tax breaks or rebates for being green	10/9/2018 8:29 PM
7	Educate yourselves, educate the public. Enforce environmental laws.	10/9/2018 7:37 PM
8	Environmental needs are paramount. We need to recognize our vulnerability and shore up our solar proposals for homes, fire resistant planting and building requirements.	10/9/2018 7:13 PM
9	PROTECT US THE MAIN JOB OF GOVERNMENT IS TO PROTECT OUR CLEAN WATER AND AIR AND SUPPORT OUR INFRASTRUCTURE. THAT SHOULD BE THE MAIN FOCUS OF THE GOVERNMENT.	10/9/2018 6:52 PM
10	Develop a common sense plan for commercial Solar and clean water	10/9/2018 6:35 PM
11	Preservation of open spaces.	10/9/2018 6:19 PM
12	Ditto	10/9/2018 6:03 PM
13	I think we're good here and probably over regulated as it stands now.	10/9/2018 5:37 PM
14	Agri - of the field - historically to the present denotes food crops. Viti -of the vine- in particular wine grape viticulture is for a luxury alcoholic beverage. Wine, is not a food that nutritionally sustains anyone. WE HAD BUT DO NOT NOW HAVE AGRICULTURE. We have Viticulture for an alcoholic beverage. The Science from the 80's to the current UN report contradict and decry elected County officials policies and accelerating support for planned development in the woodland watersheds - causing loss of habitat, species loss, water degradation, and carbon sequestration -- our local contributions to global environmental degradation for future generations. Ron Rhyno	10/9/2018 5:23 PM

## Napa County Strategic Plan Survey of Community Members

15	Consider that while Napa County's mantra is that Ag is the best use of undeveloped lands in Napa County, it does not mean carte blanche to the winery and vineyard owners who are using up our natural resources beyond levels of sustainability. There is such a thing as too many wineries, too many vineyards. Protect what we have now for the future and consider that if this industry implodes, Napa County has nothing left to fall back on because all of its eggs are in one basket. We must preserve open space, animal habitat, oak woodlands, hillside watersheds if we are to preserve our quality of life which includes the air we breathe. Revisit the General Plan and recognize that wineries are not restaurants or event centers, and vineyards must be sustainable nor do we need to plunder 10,000 more acres of hillsides to give every rich newcomer a chance to plant a vineyard where it doesn't belong in nature.	10/9/2018 4:48 PM
16	We have spent enough time on this in the last many years. It should not need to be the priority for the next 3 years. Leave what is working as it is and focus on some other pressing issues.	10/9/2018 4:40 PM
17	Educate community on effects of not properly disposing garbage.	10/9/2018 4:32 PM
18	Watershed, water, drinking water	10/9/2018 4:29 PM
19	letting the grape growers/winery owners/ destination purveyors, make the rules for themselves, doesn't appear to be the solution, making more laws and not enforcing the ones we have is an open invitation for scofflaws to pay the fines as apposed to doing the right thing, tighten up enforcement of laws and regulations already on the books	10/9/2018 4:14 PM
20	1. Limit production of Wineries (including Custom Crush) using Municipal Water Sources to level the playing field with sustainable wineries using GroundWater. Designate Napa Valley Municipal Water and Napa Valley Groundwater for Napa Valley Winery production of Napa Valley Grapes only. 2. Sustainable Wineries do not use Trucked in Water nor use Hold and Hall for Winery Wastewater . All wineries in the unincorporated County should be Sustainable.	10/9/2018 3:23 PM
21	Been seeing UCD autos lately. Engage the universities around us to educate and train environmental students and use monitoring our valley as an apprenticeship.	10/9/2018 3:19 PM
22	Adopt a leadership position on climate, with a renewed effort to make Napa a model jurisdiction in fighting climate change.	10/9/2018 3:13 PM
23	Enforce the current codes with wineries to improve water quality. The primary driver of water issues is winery non compliance. Make fines very painful and include closing the winery as part of the penalty. Enable workers to help enforce codes by posting youtube videos of what is non compliance and allow anonymous complaints. Put a per visitor tax on each winery and put the money towards code enforcement or worker housing.	10/9/2018 3:11 PM
24	Renewable energy systems and energy efficiencies	10/9/2018 2:20 PM
25	Make sure renewable energy such as solar comports with agriculture, e.g. Palm Drive is an inappropriate site.	10/9/2018 2:19 PM
26	Renewable energy and preservation of the limited open spaces in Napa should be priorities.	10/9/2018 1:57 PM
27	Napa County should withdraw from the Bay Area Air Quality Managment District. Our air quality issues often differ in type and timing from the metropolitan Bay Area. Wood burning, both for heat and for fuel reduction for wildfire prevention, should be permitted in rural parts of the county, especially in the higher elevations.	10/9/2018 1:03 PM
28	Prevent destruction of forests and loss of climate and ecological services	10/9/2018 12:36 PM
29	Code enforcement of commercial development. Conservation of water, viewshed, and land. Improved/stricter gangstandards	10/9/2018 6:24 AM
30	Recycling and composting such as being done in Napa, be adapted county wise.	10/8/2018 5:19 PM
31	Calidad del aire	10/8/2018 3:13 PM
32	Sistemas de energía renovable y eficiencias energéticas	10/8/2018 2:54 PM
33	Sistemas de energía renovable y eficiencias energéticas	10/8/2018 11:34 AM
34	STOP DESTROYING THE HILLSIDES - THEY ARE KEY TO ALL LIFE IN THIS VALLEY - PRESERVE AND PROTECT THEM AND YOU PRESERVE AND PROTECT ALL LIFE BELOW. CAN'T YOU FIGURE THIS OUT? IF YOU CAN'T, WHY ARE MY TAX DOLLARS GOING IN YOUR POCKET? HMMMM?	10/8/2018 11:16 AM
35	Nothing is more important that protecting our air quality, watershed, open space, and habitats.	10/8/2018 10:59 AM
36	Calidad del aire.	10/8/2018 10:42 AM
37	All of the above are priorities.	10/8/2018 9:50 AM

## Napa County Strategic Plan Survey of Community Members

38	A robust Climate Action Plan that mandates activities that reduce pollutants and our reliance on fossil fuels. Collaborate with cities to create a regional plan. We must also take a serious look at the definition of "agriculture." Agriculture is NOT marketing and this should be CLEARLY defined as accessory to agriculture. The change that was made in 2008 to the GP has been disastrous and should be corrected.	10/7/2018 7:14 PM
39	Protect our hillside forests.	10/6/2018 6:40 PM
40	I feel we do a pretty good job in this area, but parks/outdoor recreation spaces could be improved. Urban farms would help a lot.	10/6/2018 1:18 PM
41	Complete a REAL climate action plan which ends clear-cutting of forests and woodlands;	10/6/2018 1:03 PM
42	Review the data and focus on areas with demonstrated issues or where more data is required	10/5/2018 6:22 PM
43	Air quality Quality and quantity of drinking water Response to climate change	10/5/2018 3:19 PM
44	regular el abastecimiento de agua, prohir el uso de pesticidas agresivos para la salud.	10/5/2018 2:22 PM
45	Open space and preservation of the ag watershed as true agriculture. Sorry, but altering the actual definition of agriculture to include wineries, sales, events, etc. etc. does not truly modify what ag actually is. "Agriculture is the cultivation of land and breeding of animals and plants...and other products to sustain and enhance life."	10/5/2018 11:50 AM
46	Napians needs healthy air, water, soil, living standards to thrive. Industry must be accountable to our county.	10/5/2018 11:00 AM
47	While well-intended our Climate Action Plan falls FAR SHORT of the actions we must take to achieve environmental sustainability. Because most people either relate climate change to weather, do not comprehend our serious state of affairs, tend to deny science, fail to study the enormity of climate change or are just too busy trying to get by from day-to-day, we are in one h - - of a mess! Absent a concerted, well-orchestrated, comprehensive environmental sustainability plan that involved public and private enterprise and a systems approach to problem identification, analysis and scientifically valid short and long term interventions, we will not achieve stability. All of the items listed above are linked with one another and cannot be addressed as discreet concerns. Maybe we'll get it right one day soon ... at least that is my hope.	10/5/2018 12:44 AM
48	The waterfront was thoughtfully planned. Keep the town folk in mind as developers privatize our town.	10/4/2018 5:00 PM
49	Impacts of development on water quality. Preservation of open spaces and native animal habitats.	10/4/2018 9:22 AM
50	All of the above, but especially climate change.	10/4/2018 8:21 AM
51	No need for extra development. Open vacation houses to families.	10/3/2018 5:46 PM
52	Further limit development of vineyards and wineries in remote hillside locations. Work to pass a sales tax measure for open space, similar to Sonoma County or the Napa initiative that failed several years ago.	10/3/2018 4:33 PM
53	drastically limit hillside vineyards and eliminate the development on vineyards in remote and steep locations.	10/3/2018 11:33 AM
54	Air, Water, Garbage. All three must continue to be managed effectively. I think Napa County does a pretty effective job so far.	10/3/2018 10:53 AM
55	STAY WITH THE NEW NORM IN CONSERVATION SUSTAINABILITY AND RENEWABLE energy	10/2/2018 9:18 PM
56	Stop the spraying of pesticides. Limit the use of pesticide run-off into our streams and groundwater. Build light rail public transportation so that there are less cars on the road.	10/2/2018 12:30 PM
57	Support county as they implement the Sustainable Ground Water Management Act. (SGMA) Carefully consider groundwater usage for development of new vineyards (previously un-planted).	10/2/2018 9:58 AM
58	Climate change which also covers Green, recycling, etc. and preservation of open space Water and air essential	10/1/2018 7:33 PM
59	We have to do a better job of managing our agricultural impact AND explaining what we are doing to the residents. The increasing animosity between the two groups is not helpful and disinformation (as happened during the Measure C campaign) is not helpful. Yes, we are all dependent on the wine business and the related tourism business for our financial strength generally. That does not mean we need to defer to agricultural needs when they conflict with the needs of the average citizen.	10/1/2018 2:41 PM
60	Tax and fee breaks for businesses who increase recycling, reduce pollutants/pesticides, and protect water sources.	10/1/2018 12:35 PM
61	limit cultivation practices to reduce dirty air caused by vineyard activities. require VOC capturing systems for wineries to reduce release of ethanol and other green house gases into the air	9/30/2018 10:50 PM

## Napa County Strategic Plan Survey of Community Members

62	Water quality is paramount, slow growth to preserve water resources.	9/30/2018 6:30 PM
63	Air quality seems more appropriately placed with the "traffic" section, but since it is here, I will comment here, as well. The number of cars in the valley is creating a health hazard due to the exhaust (which is worse in cars stopped in traffic and idling) creating smog and poor air quality. This seems to be in the wrong place in the survey, but should be in the "traffic" section. Since it is here, my comments about improving air quality are here. Focus on widening the roads to decrease the stopped and idling cars, and also on creating public transit for tourists and locals to encourage leaving cars behind. I.e. commuter train, buses, etc. Stopped traffic also increases the stress levels of the drivers and passengers. This increases mental and physical health issues, that then increase the cost of medical treatment for these issues. Traffic congestion, and providing alternatives, i.e. commuter trains, commuter buses or public tourism shuttles up valley, is an essential need that should be part of the general plan for the next 3 years. Protecting watersheds is essential and should also be part of the plan. If trees close to the streams/creeks and watersheds are allowed to be removed, they will lose the shade needed to keep the waters cool and slow evaporation of the water. Warm water and low water levels will lead to increased algae growth. This will kill fish and other wildlife living in the water, which will impact the organisms higher on the food chain. The agriculture industry forgets the basic science of needing trees for shade, which is why they need to be protected in and around watersheds, creeks and streams. People won't visit Napa if the creeks, streams, and rivers are diseased and dead (think of the red tide in the ocean and the masses of dead fish that washed up on the beaches. The "red tide" is an algae bloom that kills the sea life.)	9/30/2018 6:26 PM
64	SUPPORT ALL ABOVE PROGRAMS.	9/30/2018 3:34 PM
65	BAN CANCER CAUSING PESTICIDES AND CRACK DOWN ON MONO CULTURE IN FARMING	9/30/2018 10:51 AM
66	Hold the line in not permitting any new activity, business, development or expansion to adversely affect the environment. It's the old domino theory. Example: Once you raised the height limit to 3 stories, then there was pressure for 5 stories. Now, there's talk of 6 stories. Keep going and you won't be able to set any limits on height. and you won't have a lovely small town and a lovely semi-rural county. The moral of the story: "Never let a camel get his nose under your tent." Why? Because the rest of him will soon follow. It's already happened all over the country. Napa is different. Napa and Napa County can remain unique.	9/28/2018 10:29 PM
67	Adhere to best practices for improving and maintaining these areas	9/28/2018 1:27 PM
68	There needs to be an action plan responding to climate change that includes all communities. Providing honest and inclusive support in the native language of the residents regarding Natural Resources and Environmental Sustainability. Protection of the environment and native land.	9/28/2018 12:01 PM
69	We must create laws to create renewable energy goals. Stop deforestation stop vineyard growth. We have enough! Napa could become a leader in creating clean biodynamic agriculture. Help the earth!	9/27/2018 3:55 PM
70	All of the above	9/27/2018 2:06 PM
71	Water preservation, and safe water	9/27/2018 1:50 PM
72	Create incentives to permit compliance by streamlining permit process More even handed enforcement Establish fees for parkland acquisition and maintenance Establish project specific requirements rather than one size fits all	9/27/2018 9:40 AM
73	Enforced laws and regulations and hotlines for the community to call when they want something checked	9/26/2018 10:01 PM
74	all of the above	9/26/2018 3:38 PM
75	Keeping our river healthy.	9/26/2018 3:08 PM
76	We need to teach people how to manage during a disaster, and how to be come and stay green, with less waste.	9/26/2018 1:08 PM
77	require low water landscapes, provide incentives for solar PV and thermal, install public access EVC, prevent the conversion of landscapes to vineyards where water is in question (don't take the vineyards consultants word for water availability), continue the chipping programs. When a home with a lawn using municipal water is sold, require that the lawn size be a maximum number of square feet, unless the lawn is the very low water need type of grass. limit the amount of water that can be used to irrigate grapes. require vineyards and wineries to be green businesses. Require wineries to recycle their water on site.	9/26/2018 12:06 PM
78	Don't drop the ball on clean water.	9/25/2018 9:13 PM
79	Overall, Napa is probably doing better than most. Balancing business needs and environmental sustainability can be tricky. Wineries can do more to conserve and should be held accountable when they are not in compliance.	9/25/2018 6:57 PM

## Napa County Strategic Plan Survey of Community Members

80	People need to be better educated on what can and cannot be recycled and composted. I hate hearing that huge amounts of recycling must be thrown in the garbage because it got food on it. Our earth can't take it. We also need to focus on ending our use of single-use plastics county-wide, starting in food services, but also including bringing in grocery stores that sell everything in bulk. I can't believe how much packaging has to be thrown away with every meal and snack. We also need to focus on ways we can offer more forms of renewable energy.	9/25/2018 5:10 PM
81	I love Napa's recycle program. I think it's amazing, given that there is little or nothing available in some other communities.	9/25/2018 4:47 PM
82	Ensure pesticides are eliminated from our drinking water.	9/25/2018 3:57 PM
83	Preservation of open spaces and native animal habitats	9/25/2018 3:51 PM
84	We have a beautiful county. Please make sure it can be enjoyed by everyone. Park facilities are rundown.	9/25/2018 3:50 PM
85	All	9/25/2018 3:00 PM
86	Protect our streams and rivers from agricultural and industrial development that might negatively affect them!	9/25/2018 9:12 AM
87	We have to preserve open spaces parks and water	9/25/2018 7:19 AM
88	Be reasonable	9/25/2018 5:54 AM
89	The prerequisite for all the above is the absence of any green house gas emissions.	9/24/2018 11:45 PM
90	na	9/24/2018 10:58 PM
91	Ground water use by vineyards is a big deal; we cannot continue adding irrigated vineyards in an era of climate change. The increased incidence of wildfire requires serious reevaluation of building codes and zoning--including caution toward the construction of new wineries on extremely narrow and dead end roads in rural areas. The last thing we need is an emergency evacuation of 200 intoxicated visitors ahead of a wildfire on Howell Mountain.	9/23/2018 8:14 PM
92	All the above. That is you	9/22/2018 9:10 PM
93	I believe our no. 1 priority must be the health of our environment, otherwise we will not be healthy.	9/22/2018 5:08 PM
94	all above good	9/22/2018 4:36 PM
95	Promote green construction, no more helicopters for personal transportation. Encourage recycling and composting with neighborhood competition for prizes or recognition. Protect our water.	9/22/2018 4:00 PM
96	Enforce existing laws (e.g., air polluted by vehicles without legal exhaust systems, wineries dumping into river, clearcutting and tree removal for vineyard) Prioritize parks, open spaces (what county parks?) Make response to climate change number one.	9/22/2018 3:58 PM
97	all of the above	9/22/2018 2:42 PM
98	Ensure that sufficient resources are available in the long term for any revised or new change of use projects that protects existing uses and projected uses. Discourage projects and plans that does not consider reuse of water and stormwater	9/22/2018 11:58 AM
99	All of the above needs to be done. Measure C would have been a good start to making the above topics a start to sustaining the quality of life for Valley residents. The emphasis on wineries need to be stopped or at least reduced to a sustainable number.	9/22/2018 9:50 AM
100	Make agriculture/watershed two separate zonings and stop development in watersheds.	9/22/2018 7:45 AM
101	The CAP action plan is out of date and must address the IPCC updates	9/21/2018 9:47 PM
102	-Preservation of open space -quantity and quality of water	9/21/2018 10:41 AM
103	Continue supporting Parks and open space	9/21/2018 10:31 AM
104	Limit development of wetlands, vineyard development on hillsides.	9/21/2018 8:11 AM
105	Ground water is the highest priority	9/21/2018 6:18 AM
106	Holy fuck!! Protect watersheds and wild areas. Wineries need bees!!!!!!! We all need natural areas, intrinsically and extrinsically.	9/20/2018 9:09 PM
107	Stop deforestation. Hands down. We have enough vineyards. No more.	9/20/2018 8:45 PM
108	We need safe drinking water for all and lower prices too.	9/20/2018 7:32 PM
109	All the above. Clean and healthy actions improve local natural resources	9/20/2018 2:17 PM

## Napa County Strategic Plan Survey of Community Members

110	All are important The most important and simplest step we can take that will directly affect eight of the above categories is to prevent further deforestation. Every tree that is cut adds to our carbon footprint. And the vineyard in its place degrades the water supply. I am grateful for present garbage recycling program.	9/20/2018 2:15 PM
111	If there are state / federal agencies to handle water / air quality let them do it. Not the county.	9/19/2018 11:14 PM
112	(1) Protect agricultural land from development, including preventing: deforestation, pollution of rivers and creeks, and building of new wineries and hotels. (2) Prohibit development in municipal reservoir watersheds. (3) Re-write the current Climate Action Plan to include Short Lived Climate Pollutants instead of streamlining CEQA (4) Look for ways that the county can encourage wineries to collaborate with one another in beginning to provide eco-friendly shuttle service to customers and take responsibility for lessening CO2 emissions in Napa County and improving air quality. (5) Encourage growers to use agricultural management practices that are low-risk (less toxic and less likely to drift) to neighbors and to inform neighbors of pesticide applications by e-mail in advance of applications. (6) Figure out ways to help fund anaerobic digesters for Calistoga and St. Helena waste water treatment plants. (7) Fund a biomass gasification plant for up valley urban wood waste. (8) Require monitoring of wells (including in hillside watersheds) to better understand water availability before approving any additional developments.	9/19/2018 11:12 PM
113	Napa is grossly lacking in parks and open spaces that are public. It is a beautiful area that is available mostly to those who own expensive properties	9/19/2018 6:17 PM
114	DO NOT use pesticides and keep the water clean	9/19/2018 2:59 PM
115	All of the above are critical to Napa Counties Natural Resources and Environmental Sustainability	9/19/2018 1:10 PM
116	Adopt a strong CAP. stop development in our Ag Watershed Open Space lands. Stop deforestation, at all costs. Insist on monitoring water. Put more money into open space. This is, perhaps, the most important category of all, and we are acting as if industries'interests are of more importance. Very frightening.	9/19/2018 11:29 AM
117	I believe that water is the most essential natural resource we have and need in the county. There's already enough protected areas from development.	9/19/2018 11:19 AM
118	Complete the Vine Trail to Vallejo and Calistoga!	9/18/2018 11:23 AM
119	Renewable energy systems	9/18/2018 11:12 AM
120	Work w/ Cal Trans to get an HOV lane installed on 29	9/18/2018 8:00 AM
121	Protect the watershed and ground water. Don't allow developments that have to truck water in. Not a sustainable or environmentally friendly practice. Just dumb.	9/17/2018 8:53 PM
122	climate change response water and air quality renewable energy winery growth restrictions	9/17/2018 5:13 PM
123	more bike-friendly policy, advocacy, city workers incentives	9/17/2018 5:05 PM
124	There is already too much government in half of the above. The Air quality control is headed by over paid individuals that are crazy and penalizing citizens. Global warming is real, are the resources we have keeping up with the changes. The drinking water we are told is great, and everybody still is buying bottled water? Green businesses and building standards are great but bump up the cost to build already escalated.. we have to find out what is economical and what is functional. I think we need to look at Calistoga and the Four Season development and watch how they handled their water supply and how the Resort will impact what the citizens in Calistoga will pay based upon the development around the area.	9/17/2018 4:10 PM
125	all the above	9/17/2018 3:38 PM
126	Work with State to induce PG&E to allow property linking so that energy credits earned on one site can be applied to multiple, single owner sites. Allow less frequent and shorter duration testing of diesel back up pumps for winery emergency fire suppression systems. Currently this requires a full day per year, (26 hours). It would be good to know if the same safety concerns could be met with 13 hours per year.	9/17/2018 3:30 PM
127	More public areas.	9/17/2018 2:17 PM
128	Stringent new approvals of a very limited number of additional wineries. We have reached the saturation point. Every winery requires additional truck trips, staffing and compete for the same dollars out of a pie which isn't growing.	9/17/2018 1:49 PM
129	Air & water quality, renewable energy systems	9/17/2018 1:48 PM
130	Air quality,Quality and quantity of ground water, Quantity and quality of water in our streams and reservoirs •Quality and quantity of drinking water •Preservation of open spaces and native animal habitats Renewable energy systems and energy efficiencies •Maintenance of county parks and lakes Municipal water supply and watershed protection Garbage recycling, and composting services	9/17/2018 10:12 AM

## Napa County Strategic Plan Survey of Community Members

131	We need to take care of the environment. Period. Napa County takes care of vintners, grape growers and wineries but it is a singular focus and doesn't priority care of the earth.	9/16/2018 5:35 PM
132	Participate in regional, state level and national initiatives toward better (1) land and forest management to reduce severity of wildfires and (2) address behavioral health access so arson-prone individuals may be treated and helped.	9/16/2018 12:36 PM
133	Place a moratorium on development in the watersheds and hills. Stop allowing clear cutting of trees to plant vineyards and the draining of aquifers.	9/16/2018 12:07 PM
134	Give priority to availability of clean drinking water	9/16/2018 9:20 AM
135	More solar power.	9/16/2018 1:35 AM
136	Ground water use regulation	9/15/2018 10:07 PM
137	No more new developments.	9/15/2018 5:50 PM
138	Take care of the environment. Prepare to mitigate global warming impacts. Reduce negative effects of monoculture based on wine industry and tourism	9/15/2018 5:21 PM
139	Allanove	9/15/2018 1:49 PM
140	Pass a sales tax measure to fund open space acquisition and easement. Limit vineyard development in key watersheds. Increase riparian buffer zones. Protect oak woodland and other wildlife habitat.	9/15/2018 12:48 PM
141	Stop approving every winery and vineyard expansion that comes before you. The flouting of CEQA cumulative impacts is rampant. We are drowning in cumulative impacts of traffic, wildlife habitat destruction, watershed devastation and air quality problems. Enough is enough.	9/15/2018 12:29 PM
142	Put regulations in place to place a cap on oak woodland deforestation, county-wide. Establish and support an open space district through county-wide sales tax, which protects high priority lands throughout the county (see Sonoma County's Ag + Open Space as model). Partner with local organizations such as Napa Resource Conservation District and Friends of the Napa River to ensure that community wide outreach is provided--connect vintners and agriculture business to the work of Napa RCD and other sustainable agriculture programs. Provide incentives for local businesses and ag to adopt sustainable practices. Focus on "in-fill" development versus developing into open space lands. Prioritize multi-benefit land projects which mitigate flooding, drought symptoms, reduce fuel load, conserve water, improve water quality, and create safer healthier communities. Example: napa river flood control project which has created a beautiful place to gather and have events, as well as native habitat, flood protection, and groundwater recharge.	9/15/2018 12:24 PM
143	all	9/15/2018 12:03 PM
144	Maske preservation and health of the land the number 1 goal not the preservation and health of the wine industry. That will follow if you do the first. Mitchell Klug, vineyard manager at Mondavie once said" Why would we not take care of the earth, the very terroir we speak of that makes our wine special?".....maybe his words should guide us and not necessarily the ones coming from the industry recently....	9/15/2018 11:38 AM
145	Incentivise open space, tree farming. Right now, the wine industry does not share this responsibility equally with homeowners, hospitals, schools, retail, other businesses, local government. A long term plan needs to include all the stakeholders.	9/15/2018 11:32 AM
146	end agriculture expansion	9/15/2018 11:30 AM
147	Protect the water supplies. Protect the hillsides from excessive development and protect old growth trees.	9/15/2018 10:54 AM
148	Garbage recycling and composting services Impacts of development on ground water	9/15/2018 9:34 AM
149	Water quality	9/15/2018 8:13 AM
150	I am VERY concerned about our ground water. I see well after well being drilled for either the vineyards or these massive multi-million dollar estates. I believe they think that their is an endless supply of underground water, but how do we know? I get the agriculture use because they are the backbone of our economy, but the multi-million dollar mansions should be well advised about planting native plants and water-wise gardens.	9/15/2018 8:06 AM
151	Water quality and quantity should be a priority. Use of chemical pesticides should be minimized. Innovation in recycling and composting advertised and promoted	9/14/2018 10:21 PM
152	Restrict hillside development of any type	9/14/2018 9:58 PM
153	Water supply and air quality.	9/14/2018 9:54 PM

## Napa County Strategic Plan Survey of Community Members

154	As the county becomes more congested, it is imperative we conserve and protect our resources. Water is precious, air will be a concern as wild fires will become more prevalent and commuting becomes the norm. Open space will become valuable as urban uses encroach. Recycling will become more difficult and composting and reuse should be considered as ways to reduce the landfill needs.	9/14/2018 9:27 PM
155	Make another main artery of traffic outside of Main Street. The slow-downs are crazy. Educate everyone to recycle and not pollute. Don't allow vineyard chemicals within a certain distance of our neighborhoods. Mandate that chemical spraying must be announced a day ahead of time so that I don't leave my window open during the night and get all that horrible air in my house!!!	9/14/2018 9:17 PM
156	Enhance the ag zone by limiting marketing and non-ag uses. We're choking on tourism. Do this now.	9/14/2018 8:33 PM
157	We would actually like to have solar and/or wind power on top of Mt. Veeder, but do not know how to go about it. I have no idea how you protect water supplies, other than to stop all the spraying of vineyards, which nobody wants to do. There's probably quite a bit of water that comes off the mountains and is wasted into the ocean! County roads and tree and brush removal is DISMAL. They will cut tiny twigs instead of cutting the entire tree. Google an aerial shot of Mt. Veeder Road or Lokoya Road. You cannot even see the road. It's all trees.	9/14/2018 8:23 PM
158	Build more water resources such as more dams.	9/14/2018 8:14 PM
159	water quality - all aspects preserve open space recycle & compost	9/14/2018 8:08 PM
160	Nothing.	9/14/2018 7:51 PM
161	Create & implement a climate action plan	9/14/2018 6:52 PM
162	Multar a la gente que tira basuras donde no se debe	9/14/2018 5:13 PM
163	Emphasis on development, housing and commercial has out paced environmental needs	9/14/2018 3:34 PM
164	Actions? Maintenance and health of ground water is critical, as is the health of all of our water. Invest in renewable energy systems in the effort to impact climate change. Promote Green Business activities and engagement	9/14/2018 2:51 PM
165	More motivational drive on NV as an essential community FORCE with each household being capable of being a contributor to change of attitude. Maybe a public reward/bonus system acknowledging each participant's level of ethical endorsement toward going green on all levels...a matter of Community PRIDE.	9/14/2018 2:27 PM
166	Continue to work on improving the health of the Napa River. Climate action plan should be completed.	9/14/2018 1:10 PM
167	Better control of water resources by not allowing more hotels that impact this valuable commodity	9/14/2018 1:09 PM
168	I am amazed at the lack of efforts and interest in fighting climate change except for the garbage and recycling department, I love the parks.	9/14/2018 12:18 PM
169	Put a moratorium on vineyard growth for 5 years or longer. Get a grip on what actually is sustainable before you keep issuing more and more permits to destroy our flora and fauna. If you allow our watershed to be destroyed this beautiful place will all die.	9/14/2018 10:22 AM
170	Maintain healthy setbacks along all waterways for filtration (cleaner water), plants (trees remove carbons and provides cleaner air), and habitat (for a diversity of animal species).	9/13/2018 7:37 PM
171	prioritize use of LID in development of buildings and roads. develop climate action plan and fund programs to cut carbon emissions and incentivize carbon sequestration actions. restrict development of existing natural areas in a strategic way to limit further habitat damage - create new zoning to make some important habitat areas off limits to further development. allocate more funding for large and small scale restoration projects. fund sustainability coordinator position. fund vegetation management position.	9/13/2018 4:52 PM
172	Every household with a backyard should be composting. People who choose to irrigate their lawns of grass should pay extra for every unit of water (versus a unit of water used elsewhere). Best response to climate change is two-fold 1) eat 100% plant-based foods 2) try growing your own foods or buying as much as possible from a farmer's market (which typically has minimal packaging). Animal ag is the largest contributor to climate change, but very few acknowledge that.	9/13/2018 4:40 PM
173	Sistemas de energia renovable y eficiencias energéticas.	9/13/2018 4:20 PM
174	Calidad del aire	9/13/2018 2:37 PM
175	Stop giving in to big money. Don't allow clear cutting of trees. Diversify crops. Employ clean energy.	9/13/2018 12:35 PM
176	MORE BIKE ROUTES, MORE PARKS, PLAZAS, WALKING PATHS, STOP CHARGING MORE FOR WATER AND THEN GIVING IT AWAY- GET AN ONLINE WATER BILLING SYSTEM FOR GOODNESS SAKES, GEEZ.	9/13/2018 11:46 AM

## Napa County Strategic Plan Survey of Community Members

177	Clean water... I don't know what the county is doing in this regard, but it whatever it is, it's important to have/maintain/protect water. I am familiar with the parks system. LOVE what the county is doing to maintain and enhance Moore Creek Park, in particular.	9/13/2018 10:20 AM
178	Renewable and sustainable energy sources for all County facilities. All County Buildings should run from Solar Power, compost, recycle, and having Hybrid and electric vehicle charging stations.	9/13/2018 8:15 AM
179	Strong enforcement of county regulations and laws regarding the environment. Make financial penalties large enough to discourage infractions. Create other penalties, such as loss of operations permit/no permit issued to those who violate. Use tax revenue to fund an independent task force that can monitor the various environmental aspects, create rules and regulations, and penalize infractions.	9/13/2018 7:48 AM
180	Drinking water	9/13/2018 6:42 AM
181	Concern with the high cancer rate in Napa	9/12/2018 9:33 PM
182	Global warming's a fact and all people should do what they can to slow it down.	9/12/2018 8:47 PM
183	Stop selling our water stop allowing winerys to log our forest	9/12/2018 5:31 PM
184	Most of these are very important. People come here and live here because it's beautiful, lets not kill the golden goose!	9/12/2018 5:13 PM
185	Stream gauges on all streams at the headwaters to the confluence to monitor flows. Water holders must report extractions to the State Water Resource Control Board to make sure no illegal diversions are occurring and if they are the Water Board needs to let the county know a project is over extracting water. Napa County planners know nothing about the Clean Water Act. They need to get educated advocate for clean and flowing streams. The Conservation Regulations need to be amended to: 1.) have stream setbacks (150feet) on all Class I, II and III, streams to protect water quality. When ever a vineyard is re-developing they must provide the setback and restore the riparian area with natural vegetation. Stop trucking water to project as it is unsustainable and contributes to a larger carbon footprint. Also, it is illegal to truck was as it is unreasonable and wasteful unless a health reason can be proven. Protect the public's right to fish, swim and recreate.	9/12/2018 4:47 PM
186	Focus on community services, water quality and agricultural support. Importance of parks, hiking and kayaking opportunities. Maintain publicly accessible open space for low impact recreation.	9/12/2018 3:15 PM
187	Prohibit development in municipal reservoir watersheds. Look for ways to help fund anaerobic digesters for Calistoga and St. Helena waste water treatment plants. Fund biomass gasification plant for upvalley urban wood waste. Redo Calimate Action Plan to focus on reducing Short Lived Climate Pollutants instead of streamlining CEQA. County needs to monitor all wells, including those in hillside watersheds to get a better idea of water availability before approving any additional developments.	9/12/2018 3:10 PM
188	Ensure water & system to support growth & affordable housing. Focus on alternative modes of transportation & use of parks - get outside & be healthy campaign.	9/12/2018 12:20 PM
189	We need more teeth in our climate action plan. Too many suggestions, not enough goals with enforcement penalties. It is also imperative that we move quickly to protect our watershed, water supply, streams and reservoirs. I think we have study the issue long enough, it is now time to act before it is too late.	9/12/2018 11:32 AM
190	water quality, tree management, preservation of open spaces, responses to climate change	9/12/2018 9:41 AM
191	Napa County demonstrated significant leadership on a national level with the Flood Control Project. Continuation of this through creating more groundwater infiltration would be logical. The County could identify the best areas in the County Suitablefor groundwater recharge and determine how best to accomplish this. Given the dependence on agriculture, and ag's primary dependence wells, it seems a long term plan is required.	9/12/2018 7:56 AM
192	Invest in the creation of more county parks with areas for hiking and outdoor activities.	9/12/2018 6:10 AM
193	Respuesta al cambio climático	9/11/2018 10:53 PM
194	groundwater management	9/11/2018 6:45 PM
195	Response to climate change	9/11/2018 5:11 PM
196	Work on all avenues for supporting recycling. Stop plastic use. Outlaw water bottles. Make sure Napa water is safe and always will be. We do t need more hi end restaurants! Encourage mom and pop stores. We f	9/11/2018 4:32 PM
197	maintaining a viable agricultural industry with sufficient, but not overbearing regulation	9/11/2018 4:04 PM
198	good	9/11/2018 3:51 PM
199	Continue to enforce protection of waterways and limit development of sensitive habitat.	9/11/2018 3:28 PM

## Napa County Strategic Plan Survey of Community Members

200	It's important to work with the State on new land management policies that involve dead tree removal in rural areas as well as other forestry measures to minimize fire danger.	9/11/2018 3:04 PM
201	Promote organic agriculture. Exemplify environmental stewardship. Require organically managed vegetative buffers at property lines, drainage corridors. Require organic agricultural practices within floodplains. Prohibit use of plastics in single use packaging.	9/11/2018 2:37 PM
202	Learn from our indigenous/natives folks. They have over 500 years of experience with their land.	9/11/2018 1:58 PM
203	Don't allow wineries or other agricultural or industrial enterprises to remove trees and pollute ground water. Enforce strict environmental protection laws.	9/11/2018 1:27 PM
204	In light of the fires last fall, Napa needs to take a good look at their current policies in terms of clearing and maintaining lands, parks, oversight of homeless (fires) as well as what responsibility land owners, businesses and residents have in maintaining clean healthy environment.	9/11/2018 12:09 PM
205	Produce an independent, all encompassing study that looks at the watershed as a whole and impacts vineyard and winery development have on the watershed. Cannot take action without good science. Provide incentives for new projects seeking to use renewable energy technologies. Consider adopting "green" building standards specifically developed for vineyard and winery projects that are geared towards water issues.	9/11/2018 11:12 AM
206	Our land zoning is strong, we should support the zoning we have and move on.	9/11/2018 10:49 AM
207	Implementar reglas para proteger el ambiente e incentivar a los negocios y/o particulares que decidan seguir normas ecologicas.	9/11/2018 10:01 AM
208	Preservation of open space and habitats	9/10/2018 11:02 PM
209	Continue to grow in current mode,	9/10/2018 4:16 PM
210	It must be a priority tied to all future plans. Sustainable activities must be a part of all building, planting, and future development.	9/10/2018 4:07 PM
211	Everything in the environment is related. Great care needs to be taken--immediately--to preserve what remaining environmental pluses we have in our county--looking far into the future for current policy ramifications. PROTECT ALL THREE WATERSHEDS AND PRECIOUS GROUNDWATER. Educate the public! Be aggressive about reservoir protection. WATER IS LIFE. Water is an economic issue as well. Trees and water must be protected as the basis for environmental quality. Pesticides in our water supply should be on this list.	9/10/2018 4:02 PM
212	New housing or commercial development ought to install water retention basins to help recharge our ground water which helps slow the surface water and reduces downstream soil erosion. I am in favor of new or revitalized parking lots with catch basins that catch motor oil and filter out toxins. Living gardens on rooftops to grow community food. Install roof rainwater catchments with large water storage tanks for new or revitalized urban areas. Continue with xeriscape or low water using insectary plants ...continue with Cash for Grass program.	9/10/2018 3:50 PM
213	Continue with all recycling programs and encourage those who do not recycle to start. Maybe an incentive like one month free garbage collection??	9/10/2018 3:37 PM
214	We are doing great with the open spaces, parks and water.	9/10/2018 3:28 PM
215	Restrict or reduce development on our hillsides until we study our watersheds and obtain more data on how development is affecting our watershed and domestic water supply.	9/10/2018 3:15 PM
216	Do it all...nothing is more important than the air we breathe and the water we use	9/10/2018 1:53 PM
217	Preserve water quality; restrict any further destruction of watershed areas.	9/10/2018 1:46 PM
218	Air and water quality is very important to protect. More education around recycling of garbage and composting	9/10/2018 1:35 PM
219	Focus on environmental sustainability at the same times as development so that you're addressing issues ahead instead of as an aftermath	9/10/2018 1:17 PM
220	Stop the rapacious destruction of watershed woodlands. No new wineries and visitor centers away from valley.	9/10/2018 1:10 PM
221	You could do a better job promoting sustainability and green living. Climate change is our biggest challenge.	9/10/2018 1:00 PM
222	Money talks, and in Napa the wineries seem to call the shots. Our environment is not being protected enough from local agribusiness.	9/10/2018 12:27 PM
223	Protect our watershed and preserve open spaces. I don't believe tourists want to see only hillside vineyards and wineries and certainly most lo cals don't want this. The undeveloped swaths of vineyards/buildings are decreasing. You see building structures popping up everywhere in the ag areas.	9/10/2018 11:49 AM
224	Quality and quantity of drinking water.	9/10/2018 11:46 AM

## Napa County Strategic Plan Survey of Community Members

225	Need good stewardship of water given the droughts.	9/10/2018 9:50 AM
226	This leads the government to charge fees for basic water, air, etc. Need honesty in terms of meeting needs without MORE expense and fees.	9/9/2018 8:13 PM
227	Keep up what you are doing.	9/9/2018 6:07 PM
228	Keep agriculture as is, greatly reduce number of new wineries and enlargement of same. Keep riparian habitat protected and free of individual desecration.	9/9/2018 4:58 PM
229	Acknowledge that the municipalities will need to use surface and ground water as the State water project will not be sufficient due to loss of snow pack. Coordinate the building of municipal wells.	9/9/2018 11:59 AM
230	Recycling is terrific and it works. With the sorry result on Measure C how can watershed be even discussed. The wineries killed that one.	9/9/2018 11:53 AM
231	Actually pretty good focus on these issues and sustainability. constant vigilance necessary against abuse for profit.	9/9/2018 11:40 AM
232	Growth and development in dedicated urban spaces.	9/9/2018 11:19 AM
233	Get another measure better written than C up for voting.	9/8/2018 8:07 AM
234	Pesticides should not be allowed to be dropped by planes at 5 am.	9/7/2018 9:26 PM
235	work more closely with the land trust to create true public parks and open spaces.	9/7/2018 4:36 PM
236	Work together!!!	9/7/2018 3:31 PM
237	Quantity and quality of water in our streams and reservoirs	9/7/2018 2:27 PM
238	Preserve all existing parks and expand the availability of parks throughout the County. Allow buildings to be taller in the dedicated urban areas.	9/7/2018 12:43 PM
239	Response to climate change and green business standards.	9/7/2018 11:23 AM
240	Involve youth in creating projects around improving air quality.	9/7/2018 10:01 AM
241	lo mas importante es educar a la comunidad, sobre la importancia de cuidar el medio ambiente , y destinar fondos para el monitoreo de calidad de estas areas.	9/7/2018 9:08 AM
242	Garbage recycling and composting services should provide more awareness of how to properly dispose of our used waste for homes, parks, and other public areas. Habitats for native animal habitats should be restricted for new business or other uses.	9/7/2018 9:01 AM
243	Do not approve or permit any project that will incrementally increase GHGs, traffic congestion, energy use, or result in a decrease in air and/or water quality.	9/6/2018 10:50 PM
244	Limit the number of vehicles traveling in the valley. Some kind of bus system to move tourists around the wineries leaving their personal cars in the garage.	9/6/2018 4:32 PM
245	More recycling bins	9/6/2018 3:40 PM
246	Protect undeveloped land from development; emphasize green building and sustainability practices; protect and our water supplies and increase water conservation.	9/6/2018 3:30 PM
247	All of this is a priority, since we are a community that survives on the natural beauty and agriculture industry of the Napa Valley.	9/6/2018 2:24 PM
248	With climate change as a major consideration, the county should be more green focused, having a sustainable enterprise officer, and focus on becoming more platinum LEED certified, requiring developers to do the same.	9/6/2018 1:47 PM
249	We need to evaluate and research the current status of our natural resources and then identify where there are issues and what are causing them. We should re-evaluate our current regulations and see if/where they are coming up short before we propose new regs. If new regulations are needed, they should be fact based and open for comment by the professional and scientific communities.	9/6/2018 1:31 PM
250	All extremely important. Work more closely with the stewards of the Napa Green program to ensure all vineyards, wineries and other businesses enroll and achieve certification	9/6/2018 11:48 AM
251	Calidad del aire.	9/6/2018 11:07 AM
252	All of these issues mentioned are vastly important. Air quality and water quality is a major issue and should always be addressed.	9/6/2018 9:41 AM
253	We can't move the needle on climate change and the Ag Preserve already has decreased emission compared to other Bay Area counties. Need to focus on actions with other more tangible cobenefits that will make a difference to our quality of life.	9/6/2018 8:54 AM

## Napa County Strategic Plan Survey of Community Members

254	More effort should be made as stewards of the land to ensure natural resources are protected and that impacts on the environment are mitigated. The County has done a better job of creating parks and, along with the Land Trust, more open space that adds to the quality of life and improves recreational opportunities for all.	9/6/2018 8:45 AM
255	Vineyards need to better protect their workers when spraying pesticides. This is a huge risk and responsibility. There needs to be more accountability in this area.	9/6/2018 8:40 AM
256	We should always do what we can to protect the environment, without making it too burdensome on people that development or improvements to property is only for wealthy people.	9/6/2018 8:38 AM
257	Protection for water and air quality. Clean safe parks. All the markets to dictate all other areas	9/6/2018 8:03 AM
258	sufficient regulation exists. Not a priority	9/6/2018 6:23 AM
259	The climate of the earth will change as it has always done for 4.2 billion years. Napa County need not get involved with programs to mitigate these changes.	9/5/2018 9:30 PM
260	no comment	9/5/2018 6:59 PM
261	Less regulation	9/5/2018 6:03 PM
262	City of American Canyon needs to find a sustainable and long term water source to ensure the viability of the city.	9/5/2018 5:35 PM
263	c) Conduct verifiable water studies to ensure the long-term viability of water. Use real science to make informed decisions about the quality and quantity of our water.	9/5/2018 5:25 PM
264	Use sales tax to preserve/maintain open spaces and animal habitat.	9/5/2018 4:44 PM
265	NO MORE VINEYARDS ON THE HILLSIDES. Seriously. Expect protests and agitation if this continues.	9/5/2018 4:02 PM
266	We must view our county in a holistic manner, bringing together the municipalities and our county to look at the cumulative effects of development decisions. We need to make sure that wineries honor their use permits, and that those planting vineyards do likewise. Enforcement is crucial.	9/5/2018 3:59 PM
267	Chemicals used to keep agriculture from plagues cause a negative impact in all of the population.	9/5/2018 2:12 PM
268	More education about recycling and places to dispose electronics, bulbs and bateries	9/5/2018 1:46 PM
269	Response to climate change	9/5/2018 12:42 PM
270	Pass legislation that further enhances watershed protections and stream corridor set backs, especially on our class 3 streams	9/5/2018 12:40 PM
271	Plan to reduce traffic/commuting/congestion; have all govts be "green".	9/5/2018 12:20 PM
272	Servicios de reciclaje de basura y comportase \ n	9/5/2018 11:37 AM
273	Calidad y cantidad de terreno y agua \ n	9/5/2018 10:57 AM
274	Stop all roundup use in the county to safeguard our groundwater.	9/5/2018 10:56 AM
275	Educating our community of the importance of all of the above and how we can all work as community to teach and educate others.	9/5/2018 10:27 AM
276	Support minimal impact on the earth through sustainable farming, recycling, renewable energy, public transportation, etc.	9/5/2018 10:20 AM
277	no comments on this	9/5/2018 9:14 AM
278	Air quality	9/5/2018 8:50 AM
279	Our parks should be well taken care of. Residents need to learn how to dispose their garbage, and recycling correctly.	9/5/2018 8:43 AM
280	Everything, lets restore the valley before its too late	9/5/2018 8:39 AM
281	We have too many wineries and businesses (including tourism) that use a large amount of resources that all of us need.	9/5/2018 8:13 AM
282	Open spaces. Corporate park is killing our wetlands. So are the gasser projects. Where are the animals going to live?	9/4/2018 11:27 PM
283	Air and water quality related to agriculture should be a focus	9/4/2018 8:34 PM
284	We need to stop irresponsible vineyard development and penalize people who break these rules. We need to protect our water sources.	9/4/2018 7:50 PM
285	Air quality water quality open spaces and recycling	9/4/2018 6:33 PM

## Napa County Strategic Plan Survey of Community Members

286	Encourage more sustainable vineyard development. Properties with Erosion control plans are better stewards of the land than un-managed, or residential uses in terms of sediment and erosion control. Design a fast track program where development of vineyards can support conservation (conservation easements) of other lands on the same property. Push back on the state water resources control board and the regional board on some of the poor regulations that were adopted as part of the WDR. As written several of the policies adopted by the board will have greater ecological impacts than the current land-use. Rewrite the climate action plan, and reduce the burden on farmers. One acre of agricultural land produces 58 times less greenhouse gasses than urban uses. preserve agricultural lands, as it's our best asset in the fight against climate change.	9/4/2018 5:52 PM
287	Sustainability is key: if we lose our award-winning wine industry, we'll lose the generous grants that fund so many of our social services and not-for-profits; if we don't protect our natural resources, we'll lose our residents.	9/4/2018 5:33 PM
288	Unquestionably the county needs to take top priority on protect the current and future health of the environment.	9/4/2018 5:20 PM
289	Consider the impacts that standard, non-sustainable farming practices have on the environment- require more sustainable practices for those who farm here. Consider the serious impacts transportation has on the environment and support efforts to reduce single occupancy vehicle travel such as transit, bicycle and pedestrian infrastructure, carpooling/vanpooling etc.	9/4/2018 5:19 PM
290	Bringing together diverse groups (such as the Friends of the Napa River, Farm Bureau, etc) and individuals to work on the issues contained in Measure C. It needs to include science and it needs to include the use of appropriately trained facilitators to lead the work. Many of the issues outlined above can be addressed either directly or indirectly through this process. Creation of a process that is sustainable for other issues would be huge.	9/4/2018 4:19 PM
291	Support pro-environmental and green polices that protect natural resources.	9/4/2018 4:14 PM
292	Funding and supporting the parks and open space district is a critical element of our quality of life.	9/4/2018 3:00 PM
293	Air quality and quality drinking water are the most important considerations for me	9/4/2018 1:49 PM
294	Awareness of and alignment on existing rules and regulations that already exist and use that awareness to identify gaps that actually need to be filled. Also include the October Firestorm impact on the environment in this assessment.	9/4/2018 1:25 PM
295	Most policies already in place. The County Ag Commissioner already handles this for vineyards. More lands should have prescribed burns for "positive fires" to prevent "negative fires."	9/4/2018 12:18 PM
296	Cuidar y respetar la habitat natural de los animales	9/4/2018 12:00 PM
297	1) For new development projects, create standard buffers from all mapped waters of the US (Sonoma County enforces 25' to 50' buffers) that do not meet Napa County definition of a stream. County Code 18.108.025 provides sliding setback distances based on slopes, but only applies to certain streams. Enforcing a consistent buffer to smaller ephemeral drainages and wetlands would standardize projects across County. 2) Sponsor a watershed-wide study on water quality issues and create policy based on the findings - many claims that agriculture are problematic are not based on science. 3) Building permits and other Planning permits should be subject to the same scrutiny as Erosion Control Plans for vineyards. Currently new vineyards are subject to intense scrutiny of hydrologic and sedimentation impacts, but individual residential areas (and surrounding landscape, which can encompass large areas) do not have to follow the same methodology or analysis.	9/4/2018 11:15 AM
298	In partnership with the Cities, maintain the focus of development within the incorporated areas of the County. Enhance protections for agricultural open space and native animal habitats in partnership with the Land Trust of Napa County and funding the Parks & Open Space District.	9/4/2018 10:22 AM
299	Make solar panels a priority for condos and townhouses	9/4/2018 10:12 AM
300	No new winery approvals in existing open spaces or hillsides Distinguishing between true family wineries and corporations that are buying out family wineries and using their names	9/4/2018 9:42 AM
301	Measure C going down to defeat was a set-back for the water issues in the County. The issues needs to be revisited with the voters.	9/3/2018 8:36 PM
302	Napa should establish a comprehensive, high resolution surface water monitoring and modeling program and improve staffing for science positions within the County. The City of Napa is on-track, and the County should follow their lead. Existing regulations are poorly enforced, resulting in a criminal-friendly atmosphere. Coordinated ag-related code enforcement efforts need to be established and funded to protect our common resources. Napa residents would benefit greatly from the expansion of the Open Space District. Even though Napa has hundreds of thousands of acres of stunning wild landscapes, very few are accessible to residents. Acquisitions serving recreational and conservation objectives should be prioritized, especially within walking or biking distance of cities. Find a way to fund the OSD - put a sales tax initiative back on the ballot ASAP!	9/3/2018 7:56 PM

## Napa County Strategic Plan Survey of Community Members

303	Think long term. Allowing more winery expansions and building and vineyard development will not maintain our quality and quantity of water. More wineries just creates more competition which drives the wineries to want more people to come to their wineries, which means more events, etc. This policy is not sustainable. Stop allowing more winery events. We need more diversification of agriculture. Protect watershed. Do not allow billboards for advertising. (note the one at Trancas and the Silverado Trail, for Sterling) Do not allow flags to fly that alert drivers that a winery entrance is there. (very tacky) For air quality, do not allow agricultural burning.	9/3/2018 7:25 PM
304	limit vineyard growth that pushes housing needs and uses up water, destroys forests that people are here for, locals & tourists	9/3/2018 5:02 PM
305	Doing all that we can to fight climate change and protect our resources not only helps our community but maintains our appeal for tourism.	9/3/2018 3:41 PM
306	Protect clean water for future generations. Provide alternative energy incentives/training/programs to promote adoption.	9/3/2018 2:17 PM
307	Educate residents and increase recycling options. Increase green building and business standards, and teach the community that these are inanced for their own safety and health. Educate residents about the sources and protections for our water.	9/3/2018 2:04 PM
308	Create a better balance between business use and protecting our natural resources.	9/3/2018 12:39 PM
309	You're doing an amazing job with Bothe Park in St. Helena. Keep up the good work. More people need to be made aware of N.V. Recycling and Waste education programs.	9/3/2018 11:52 AM
310	This does not seem to be in need of much additional focus	9/3/2018 11:40 AM
311	Protect our existing water shed by severely inforcing exiting rules. If someone breaks the law not only fine them but make them take out whatever they put in and replant what they took out. Deep pockets don't care. A fine is just a cost of doing business to them.	9/3/2018 9:47 AM
312	stronger enforcement of poachers	9/3/2018 9:45 AM
313	Maintain waterways and safety, encourage renewables, judiciously safeguard ground water, drinking water (regulate toxins, encourage recycling and non car commuting), tree growth, fire prevention(so hard to breathe in smoke), clear headed, visionary leadership.	9/3/2018 6:54 AM
314	All above are on the right track. Sustainable & organic ag is at an all time high but there is more room to grow.	9/3/2018 3:46 AM
315	All aspects of water quality	9/2/2018 10:39 PM
316	Parks are important resources and my family uses our Lake Park area daily. We appreciate the park, but worry about the maintenance at times with uneven pavement on the trails, and dead limbs falling around the park itself.	9/2/2018 7:55 PM
317	Continued well monitoring. No solar farms in the ag preserve/AWOS. Educating the public, in collaborations with NVGG & Farm Bureau, in the safeguards/regulatory structure ALREADY IN PLACE that safeguards our environment.	9/2/2018 2:17 PM
318	Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
319	Support all of the above. Prioritize the health of our environment.	9/2/2018 1:17 PM
320	stop burning wines	9/2/2018 11:50 AM
321	Extensive outreach through educational classes to teach the community on how to implement existing regulations before adding more regulations.	9/2/2018 11:09 AM
322	I am not sure.	9/2/2018 8:07 AM
323	tba	9/2/2018 6:54 AM
324	State Water Board seems to do a good job setting the broad goals on water quality, we need to continue to develop understanding and relationships at appropriate staff level to implement at local level under Con Regs.	9/2/2018 4:48 AM

## Napa County Strategic Plan Survey of Community Members

325	Napa is beautiful, and everyone who lives here wants this natural beauty to be preserved and protected. Which it is! And getting better all the time. Just look at the Napa River - in my lifetime it's never been as nice or as full of marine and bird life as it is right now. This improvement was achieved through cooperation and coordination amongst all of the various stakeholders in Napa, and is clearly the path forward. Napa can become even more beautiful and sustainable (the biggest opportunity now may be in how we shape and manage the flammable landscape that covers our hillsides) but we must move forward together. Measure C was unnecessarily and depressingly divisive - given more patience and better communication, I believe the agricultural community could have been united behind a watershed proposal, not united against it. (Historically, they have been the biggest and most effective advocates for environmental sustainability.) So, yes, let's continue to move forward, but let's also take a moment to acknowledge and appreciate how much we've already done, and by all means, move forward together. With regards to one specific piece of this puzzle - has anyone investigated the potential of harnessing the geothermal energy in Calistoga? It seems to me that combined with solar installations (of which Napa already has many) the County could become 100% renewable in its energy mix and lead the world towards a carbon-free future. This seems like a project a large majority of residents would back.	9/1/2018 8:16 PM
326	I THINK ALL OF THE ABOVE IS IMPORTANT, BUT I AM NOT KNOWLEDGEABLE ON ANY OF THESE SUBJECTS.	9/1/2018 7:16 PM
327	Protect our watershed and reduce cutting of trees. Reduce car traffic.	9/1/2018 4:59 PM
328	We should set-up rain catching systems on a large scale and state-of-the-art water treatment plants..the county should help the small towns and cities improve their systems. I think the Sheriffs department should increase patrols and catch the Mexican Mafia from putting in huge growing fields of pot in the hills around Napa County polluting our streams with harmful chemicals.I think transparency should be in the paper that this is going on and why isn't Napa County telling residents of this problem here???	9/1/2018 4:28 PM
329	Need to ensure sufficient water storage; air was declared 'clean' back in the 1980's and has only gotten better, so is non issue; prepare response for issues arising from climate cooling as shown by actual science.; clean and maintain forests; come up with plan for disposal of worn out toxic solar panels, vehicle lithium batteries etc.	9/1/2018 4:00 PM
330	Maintain oversight of building permits, winery permits and punish not approve in retro.	9/1/2018 4:00 PM
331	Air, water, ground water, renewable energy, planning for climate change	9/1/2018 3:32 PM
332	All of the above	9/1/2018 1:18 PM
333	All of the above should be a priority. Increased solar energy. Stricter pesticide standards	9/1/2018 12:25 PM
334	The donations made by any group to Napas' non profits does NOT give them the right to dictate public policy.	9/1/2018 10:42 AM
335	Forward thinking policies on sustaining our watershed and limiting pollution are vital. Agriculture is our life blood- but big agribusiness gets too much attention - profit cannot be st the expense of sustainability & healthy environment	9/1/2018 10:35 AM
336	Continue to encourage agriculture in rural areas	9/1/2018 8:47 AM
337	Napa is doing a great job in the area of composting, solar power etc.. I sing its praises often . Solar power placed over parking lots...brilliant! Composting...bravo!! Please keep up the good work in these areas. Water quality remains an enormous concern due to pesticide drain off.	9/1/2018 8:31 AM
338	The air we breathe and the water we drink need to be cherished as without them we are no more.	9/1/2018 8:13 AM
339	Improve our water PLEASE! Keep housing in the city. Tree ordinance to expand no tree harvesting zones! Restrict plastic take-home packaging from restaurants. Outlaw plastic straws. All new buildings have to have solar.Create wildlife corridors.	9/1/2018 7:40 AM
340	Protect our water supply, please.	9/1/2018 5:52 AM
341	Lake Berryessa should be a TOP priority. The potential for economic growth is unreal. Tap into those resources, rebuild what was taken away. Concessions, hookups for capers, etc.	9/1/2018 5:49 AM
342	put teeth in the Climate Action Plan	8/31/2018 10:48 PM
343	All under #16 are important	8/31/2018 9:48 PM
344	Restrict new or increased visitations to winery event centers to restrain the growth of auto traffic.	8/31/2018 9:37 PM
345	More work on water shed and more to preserve our natural habitats	8/31/2018 9:28 PM
346	Repair riparian corridor from Am Canyon to Calistoga whole Napa River n watersheds!! Moratorium on deforestation+	8/31/2018 8:19 PM
347	Don't be over regulatory and let the larger land owners be the conservators.	8/31/2018 6:46 PM

## Napa County Strategic Plan Survey of Community Members

348	Having a lot of trouble filling out the survey... Glitchy	8/31/2018 6:33 PM
349	All of these are tied together and its not possible or wise to focus on one without the others; all are part of the "environment" - make all a priority - this is not necessarily an obvious thing to see or measure but a healthy environment helps to create a vibrant, prosperous economy and community. Without a healthy environment, all else fails, eventually.	8/31/2018 6:24 PM
350	Parks and open space need to be held as highly important resources.	8/31/2018 5:47 PM
351	Limit further development would go a long way in almost all of these areas.	8/31/2018 5:43 PM
352	More public transit, faster and comfortable, to get more cars off the road, to protect the air quality. Do everything to protect water.	8/31/2018 5:19 PM
353	Keep up the good work here.	8/31/2018 4:37 PM
354	Educate the public (RCD has facilitated nature programs at the library. Extend these programs to different areas of our county such as parks/schools within walking distance).	8/31/2018 4:32 PM
355	Open space	8/31/2018 2:47 PM
356	I am not sure comunity days of activitys would be a help to learn about. Present issues to kids 6 grade on for ideas	8/31/2018 2:27 PM
357	Much bigger commitment by the county to renewable and sustainable fuel and energy sources.	8/31/2018 2:21 PM
358	Protect the natural resources while also allowing human life to happen	8/31/2018 12:30 PM
359	Stop selling so much water to SoCal	8/31/2018 12:11 PM
360	The County should prioritize completion of the flood project in order to protect homes and businesses. The project should take sea level rise estimates into consideration.	8/31/2018 11:56 AM
361	Install more electric vehicle charging stations to support EV's as part of tourism and sustainability for local residents.	8/31/2018 11:40 AM
362	Environmental sustainability should be a factor in all of the actions that Napa undertakes.	8/31/2018 11:40 AM
363	Growth and development in Urban areas	8/31/2018 11:32 AM
364	Air quality, impacts of development on water quality, quality and quantity of ground water. quality and quantity of drinking water, response to climate change, resilience plans and policies for government and communities, garbage recycling, and compost services.	8/31/2018 11:05 AM
365	Response to climate change	8/31/2018 10:58 AM
366	Resilient planning for floods, climate change.	8/31/2018 10:51 AM
367	We need community embraced policies for planning that help preserve and protect the agricultural legacy of the Napa Valley. It is vital we come together as a community to answer the questions of "how much is enough?" and "how do we slow growth and development in the wine industry (a product of our great success) while not "killing the goose that is laying the golden eggs?".	8/31/2018 9:24 AM
368	Planned Growth and development in urban areas	8/31/2018 8:55 AM
369	preservation of open space and water quality	8/31/2018 7:50 AM
370	big corporations sometimes seem like the enemy, they don't seem to concern themselves with our health if it costs them their bottom line, enforce existing codes and quit coddling the big boys/girls	8/31/2018 6:19 AM
371	Paddle a kayak on the Napa river and look at all the garbage in the water. The banks are cluttered with crap. I know, I have pulled tons out of the river. Get real and start paying attention. Start cleaning up the streets and start removing the homeless from the banks of the river and you might, just might start making a dent in cleaning up the river. Go for a paddle ..you'll see	8/31/2018 1:16 AM
372	preservation of open spaces. this is why people want to live here.	8/30/2018 6:46 PM
373	Education is needed, starting at the elementary school level.	8/30/2018 5:04 PM
374	All having to do with our water supply and quality is important.	8/30/2018 4:26 PM
375	1) Pass Measure C protections in the Board of Supervisors. 2) Supervisors should not be bending laws around new wineries to deforest our valley. 3) Supervisors that vote to allow a park like Skyline to have part of it given to industry should be immediately removed from office and sent places with extremely high pollution levels, permanently.	8/30/2018 4:19 PM
376	More recycling. Preservation of open spaces too. Don't want Napa to get too big.	8/30/2018 3:49 PM
377	Quality and quantity of drinking water	8/30/2018 3:18 PM

## Napa County Strategic Plan Survey of Community Members

378	Enact policy to protect AG watershed, oak woodlands and coniferous forests, from ag and commercial development - in turn, protecting watersheds that feed our reservoirs, the quantity/quality of the water reaching (and thus, viability of) our streams and rivers, protecting wildlife, plant species, and open spaces and helping to thwart climate change. Limit groundwater extraction to sustain basins throughout the County taking into account the new climate order. Raise green standards of what the County encourages/requires in construction and business. Acquire/protect more open space which will be needed as the cities become more dense. Find new sources for recycling output or invested in new methods for cleaner output. Promote/provide incentives for energy conservation and renewables.	8/30/2018 2:41 PM
379	Use the money that we pay into the General Fund for maintenance, etc. for the actual maintenance. Stop using surplus for things like the New Napa San building and then raising my sewer charge to pay for the maintenance that should have already been happening.	8/30/2018 2:33 PM
380	Renewable energy for all government buildings and schools. It will save money over time and our planet as well. Water must be secured against pesticide runoff and we need to limit big agriculture and 1% wineries.	8/30/2018 2:20 PM
381	Address the pesticides in our air and water from the vineyards!	8/30/2018 1:21 PM
382	water quality reasonable wine industry growth, not no growth support organics	8/30/2018 1:03 PM
383	The Draconian policies and codes of the county are not backed up by any scientific facts or reasonable thought. They are killing Napa	8/30/2018 12:50 PM
384	Turn the stewardship back over to local indigenous Americans, they seemed to know what they were doing for 60,000 years.	8/30/2018 12:49 PM
385	Respond to climate change Community resilience plan	8/30/2018 11:51 AM
386	Look at how the County can be a model in this area.	8/30/2018 11:44 AM
387	If a proposal calls for significant potential water or resource degradation it should be not approved, stop pretending that "mitigation" solves the problem.	8/30/2018 11:19 AM
388	I have high concerns for water quality and quantity. The ground water level has decreased so much for local residents with wells. Quantity of water in California has and will always be a difficult issue. I wish children in school were taught more about water and water politics in our state. I additionally have concerns about garbage and recycling. We hear so much about how our recycling in the US is not really working with us having dirty plastics...	8/30/2018 10:46 AM
389	Attention to the quality of drinking water	8/30/2018 10:34 AM
390	We need more resources to defending nature. Research, presentations, community outreach.	8/30/2018 10:16 AM
391	Ban the use of nasty herbicides....roundup. Maybe look at how much people are irrigating their vineyards.	8/30/2018 9:45 AM
392	Require new building to use renewable energy sources and require old buildings to do so remodeling	8/30/2018 9:01 AM
393	Water pollution with pesticides should be a top concern.	8/30/2018 8:52 AM
394	Farmers in Napa are already amongst the most responsible, and most regulated, in the world. Our environment is good shape. We do not need more regulations.	8/30/2018 8:32 AM
395	Build more water storage areas	8/30/2018 7:05 AM
396	Stop the development. Encourage walk paths and bike paths off roadways all over the county for recreation and healthy living.	8/30/2018 3:37 AM
397	STOP THE USE OF ROUNDUP IN ALL SCHOOLS AND PARKS! Stop the vineyard development clear cutting our oaks! Also the current plastic bag ban is a joke!	8/29/2018 10:12 PM
398	Water in streams/reservoirs; drinking water; park maintenance; open space.	8/29/2018 10:08 PM
399	Without preservation of open spaces which provide the natural beauty that draws some many visitors, our revenues will decline dramatically. There are three basic necessities for life, water, air and food. We must protect those and ensure high quality with sufficient supplies to ensure sustainability. We need to reduce the amount of single occupancy vehicles (SOVs), I wish I was smart enough to tell you how :-). Large events must be required to use mass transit or buses to reduce SOVs, including the "Ubers"	8/29/2018 9:47 PM
400	Continue to provide fiscal support to grassroot groups working to promote preservation of open spaces and habitats.	8/29/2018 9:29 PM
401	Protect our drinking water. Protect and improve our parks.	8/29/2018 9:25 PM
402	Renewable energy systems and energy efficiencies	8/29/2018 9:08 PM

## Napa County Strategic Plan Survey of Community Members

403	Yes let's keep what we do have left great and maintain safety.. something is wrong in napa when we have the highest rate of childhood and infant cancer	8/29/2018 8:41 PM
404	All of these are the most important thing. Stop using plastics and generating so much garbage and litter and destroying habitat.	8/29/2018 8:09 PM
405	Stop approving hillside wineries, vineyards and deforestation, and focus instead on overseeing compliance of existing businesses, including rewarding those who comply and who go the extra mile to increase use of green standards ...	8/29/2018 7:04 PM
406	Just have everyone do their jobs and enforce the laws and rules already on the books.	8/29/2018 6:55 PM
407	The County already has more than enough regulation in this area.	8/29/2018 6:50 PM
408	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
409	Eliminate AG burning. Reduce pesticide and ridiculously high Sulphur use, move to more sustainability.	8/29/2018 6:20 PM
410	Stop trying to make even more oppressive policies than the state. California's policies re water, air, and environmental issues are sufficient.	8/29/2018 6:14 PM
411	Water quality is really important to me. I talk about Napa's finest (our water) and why we don't need to drink bottled water. I've toured the water facility for Napa and was very impressed by what I saw. Again, is there is way to educate people publicly about the safeguards and protections the county takes in protecting water supply? I think that was a misunderstanding of Proposition C, and river setbacks, etc. I voted no, by the way. I trust the county to do the right thing. So, again, public exposure to what is being done is really important. Not in big installments, but rather small installments of processes and procedures in place over the course of the year. Small ads in the paper: why you can trust Napa's fine water quality? Imagine, 12 small ads/advertisements, each one detailing one safeguard/procedure, putting a face with each stage of water protection. Show the public what is being done and by whom.	8/29/2018 6:09 PM
412	polizas locales que protegen al medio ambiente y la agua en nuestra comunidad.	8/29/2018 5:59 PM
413	Protect the Ag Preserve from non-ag development. Encourage "green" practices by creating incentives rather than regulations.	8/29/2018 5:16 PM
414	Ban glyphosates. Require any business using pesticides to inform all neighbors when pesticides will be used.	8/29/2018 5:04 PM
415	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
416	Prevent rich winery owners from just digging deeper wells than anyone else. Force dry farming to preserve water. Prevent hotels from using so much water while local people must haul water to save themselves. Maintain the watershed and trees, the last bastion against drastic climate impacts.	8/29/2018 4:03 PM
417	Water is better here than most places in CA. Recycling and composting is important but getting more expensive.	8/29/2018 3:58 PM
418	Impacts of development on water quality	8/29/2018 3:56 PM
419	These are very important topics but again I don't know how best to support it except to keep on top of the regulations that are already in place and have harsher penalties for those people that don't follow the regulations.	8/29/2018 3:54 PM
420	-All warehouses and box stores should be required to have solar panels on their roofs. There is no need to cover up more open space with panels. This is true for Napa College and other schools as well. -There should be energy efficiency programs similar to those that have dealt with water shortages where high efficiency toilets were installed to replace old, wasteful ones. This could in the for of assistance in replacing old, inefficient appliances and HVAC. -Open space must be preserved or Napa County is doomed.	8/29/2018 3:44 PM
421	Benefits for vineyards and wineries that farm organically.	8/29/2018 3:22 PM
422	Do all that can be done to reduce carbon emissions. There's nothing wrong with the water supply.	8/29/2018 3:18 PM
423	Can volunteers help....even get kids involved?	8/29/2018 3:13 PM
424	RenewaMunicipal water supply and watershed protectionble energy systems and energy efficiencies	8/29/2018 3:13 PM
425	Ground water management is key. Do we really need another hotel complex like the Four Seasons outside of Calistoga? I think not	8/29/2018 3:04 PM
426	Discourage burning. Continue water quality actions.	8/29/2018 1:09 PM

## Napa County Strategic Plan Survey of Community Members

427	Growth and development in dedicated urban areas--the County, cities and towns need to incorporate health elements into their general plan. •Renewable energy systems and energy efficiencies •Resilience plans and policies for government and communities--due to disasters Maintenance of county parks and lakes	8/29/2018 12:26 PM
428	Use common sense...number one. Keep more open space...inundated with vineyards which negatively impacts wildlife...and life. Quit playing to money and start thinking of the majority of residents.	8/29/2018 11:53 AM
429	Offer volunteer opportunities for clean up and restoration. Publicize.	8/29/2018 10:45 AM
430	Stay away from ground water regulation.	8/29/2018 10:37 AM
431	these things are important but that doesn't mean imposing new taxes or higher tax rates, use the money you already have wisely-look to cut in other areas to free up funds for important things	8/29/2018 10:26 AM
432	Napa is doing a good job on water quality and protection. They should work harder to improve the communication about existing programs and regulations. Napa needs to improve public transportation to improve our environment.	8/29/2018 10:15 AM
433	Create no build (no vineyards or winery) buffer zones around our reservoirs. Increase signage to alert locals and tourists when traveling thru our watersheds	8/29/2018 10:07 AM
434	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
435	We know that during a disaster our most vulnerable populations are the most drastically affected. We need to make better preparations to support homeless and immigrant populations during natural disasters.	8/29/2018 9:18 AM
436	Air and water should be high priorities, don't you think? Seems like a no brainer.	8/29/2018 8:52 AM
437	Stronger regulations and more alternatives to vineyards from burning old vines	8/29/2018 8:46 AM
438	I am concerned with vineyard development and the use of water.	8/29/2018 8:45 AM
439	Protect the Ag Preserve, water and natural beauty	8/29/2018 8:24 AM
440	Stop allowing new vineyards in the hillsides and look to other crops outside of wine grapes.	8/29/2018 8:22 AM
441	Stop forgiving every winery for over-building by giving them a small fine and a slap on the wrist. They must obey the rules.	8/29/2018 8:17 AM
442	Keep our water sources clean. Stop building on hillsides. Support sanitation. Maintain parks.	8/29/2018 8:15 AM
443	I am concerned about our water supply. Do we have enough as the threat of major droughts become larger with each passing year.	8/29/2018 8:07 AM
444	Water quality & use. Keep an eye on heavy water users, i.e, vineyards & marijuana growers. Combined, they will suck out every bit of water in this valley.	8/29/2018 8:03 AM
445	Important	8/29/2018 6:18 AM
446	Impacts of development on water quality	8/29/2018 5:37 AM
447	All important	8/29/2018 5:19 AM
448	Not sure	8/29/2018 4:53 AM
449	Enforce existing laws and cease allowing proliferation of illegal clear cutting; implement a master plan that includes intelligent forest management with planned timber harvest as per a valid fire safety plan - not clear cutting for the wealthy outsiders.	8/28/2018 11:50 PM
450	No opinion	8/28/2018 11:33 PM
451	Balance development and keeping wild spaces wild.	8/28/2018 10:45 PM
452	Napa does a much better job in this category than anywhere I have lived before.	8/28/2018 10:44 PM
453	Encourage community involvement in activities like "Earth Day" celebrations, monthly recycling events, etc. & encourage eco-friendly businesses to come into town that will work with the county to educate residents and support environmental concerns.	8/28/2018 10:33 PM
454	All of these are important topics. Recycling has to be a priority if China has stopped taking our waste. We have reduced our waste significantly with the three streams, and maybe we need another stream. If people are given the options (waste carts), they'll use them with the right instructions. Open spaces, parks, water quality, air quality are all related, and really again, this goes back to our federal government getting a real EPA again to lead the nation. Of course, governmental plans for emergencies like earthquakes and fire are important as well.	8/28/2018 10:22 PM
455	Clean air, water. Recycling	8/28/2018 10:16 PM
456	We need to make sure that we have clean water and air to be able to support our health	8/28/2018 10:06 PM

## Napa County Strategic Plan Survey of Community Members

457	There are regional, state, and federal agencies involved with protecting our air and water. BAAQMD, Regional Water Quality Control Board, etc. Napa County should focus on improving the permitting process and better enforcement of the existing local regulations.	8/28/2018 10:04 PM
458	we live in a beautiful place, we need to keep open spaces open. Need to make sure we are taking care of our resources, ie water. Garbage is an issue, no one wants our recycle. Need to figure something out before no recycle is accepted by anyone else.	8/28/2018 9:26 PM
459	Renew the policies Trump is destroying across the nation	8/28/2018 9:19 PM
460	Water is THE most important resource we have and its quality and amount must be protected	8/28/2018 9:17 PM
461	Municipal water supply and watershed protectio	8/28/2018 9:09 PM
462	Napa County is already doing an incredible job supporting Natural Resources and Environmental Sustainability, and is considered an exemplary County all across the County in these areas. Napa County should support the Napa Green initiative, and avoid increasing regulation in this area.	8/28/2018 9:05 PM
463	I believe the county should take action to ensure we protect our environment , specifically air quality which is being compromised by increased traffic.	8/28/2018 8:55 PM
464	waterquality	8/28/2018 8:46 PM
465	Educate school students and community members about compost and recycling. For example, it's unclear whether soft plastics get recycled. Make some infographic bilingual posters.	8/28/2018 8:46 PM
466	As above. All of these issues are extremely important. Development of the hills does not help. I feel somewhat smug in telling you that a solar (PV) array was recently installed on the roof. More renewable energy! Business interests ( especially from out of state or county) have little interest in protecting watershed or habitat for wildlife we ostensibly share with non human birds and animals.	8/28/2018 8:46 PM
467	Retain and restore existing open spaces; protect water quality and find more ways to reuse the water we have; support more non-motorized trails; minimize light pollution; and provide incentives for businesses and home owners who conserve natural resources, create natural habitats or install green infrastructure	8/28/2018 8:46 PM
468	Development of dedicated urban areas with commercial and homes.	8/28/2018 8:32 PM
469	Water supply! Build more storage! Ensure that agriculture is using only what they are entitled to and they have the right to do so.	8/28/2018 8:27 PM
470	Available to clean Water will continue to be a challenge so we need to act to conserve fresh water and push waste water recycle & treatment programs.	8/28/2018 8:06 PM
471	stop the expanding the single housing projects	8/28/2018 7:58 PM
472	Flint Michigan, let's not do that. Water quality needs to be a priority in all aspects. We can't build on every piece of land. Wildlife and rainfall need space, ie NO on the housing tract proposal in Calistoga. Nice parks create inexpensive enjoyment for all populations. Accept that we are experiencing climate change and go forward, stop denying it exists. There's a goldmine at the dump, create recycling program that provides jobs, and low cost household items and small income for pickers life me. Healdsburg dump has it figured out. Encourage recycling at all levels of waste production. Composting safety needs to be addressed	8/28/2018 7:48 PM
473	Napa government needs to be adamant about good scientific environmental protection. We have to make our wine industry that has gone from family owned(had a vested interest in the land) to corporate owned(do whatever to make the most money). We are at a crossroads.	8/28/2018 7:29 PM
474	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
475	Focus on water storage and update infrastructure.	8/28/2018 6:50 PM
476	More open spaces, more promotion of them to the public.	8/28/2018 6:46 PM
477	Continue to work at getting people out of their cars to improve the air quality.	8/28/2018 6:42 PM
478	Impacts of development on water quality	8/28/2018 6:38 PM
479	Code encouragement of green building	8/28/2018 6:03 PM
480	I think Napa should always be concerned with our water quantity and quality of water for our community with the drought a continuous struggle. We need to really work on a green, sustainable agricultural practices for our community with stricter garbage recycling, composting solar powered energy programs. Our climate is ever-changing and we need to be able to change with it before it's too late to take care of our planet.	8/28/2018 6:00 PM
481	County parks improved	8/28/2018 5:57 PM

## Napa County Strategic Plan Survey of Community Members

482	Napa County does an excellent job in this arena currently re permits etc. The only missing component is widely accessible education for all residents as to what they can do as individuals to move forward to protect our watershed/ environment through facts and science stats as to the state of our environment and where we need to improve and how we get to this goal. Direction is key.	8/28/2018 5:52 PM
483	quit allowing wineries a fine after they've completed work without permits - make them tear it down!!!!!!	8/28/2018 5:37 PM
484	Support for water cachement for irrigation, grey water usage and a better balance between the interests of the wine industry and what the county land can support. We support a monoculture and have lost the diversity of farming that was once here. This does not seem smart; just lucrative.	8/28/2018 5:37 PM
485	Living out in the County I despair whenever it is a cold winter day and I can smell the wood smoke caused by neighbors burning wood from their land to heat their homes. These are people who can afford alternative heat sources. The particulate matter from wood fires is dangerous to the health of all in our Napa Valley.	8/28/2018 5:37 PM
486	We need to stop with the pesticides, stop aerial spraying and take extreme measures to protect the ground water quality. There are way too many provisions given to these large corporate vineyards and too little attention to water and air quality. Also there needs to be a provision to have all county vehicles run on clean/green energy. Solar, electric, etc... Also - throw out PG&E and open up competition to green energy companies.	8/28/2018 5:18 PM
487	This stuff is not negotiable folks. If we want to have any kind of quality of life for those who come after us, we cannot compromise, on pesticide use, vehicular traffic, water use and quality. We need a clear path to solving these problems, and soon. And we need to be firm in our commitment to these goals, so that the plan does not get pecked to death.	8/28/2018 5:11 PM
488	A robust response to climate change is critical. Developing a meaningful City-County Climate Action Plan that requires both current and future residential and commercial development to reduce the use of fossil fuels, etc. is paramount. In the meantime, a "no excuses" philosophy of compliance must be implemented.	8/28/2018 5:06 PM
489	Watershed protection and response to climate change	8/28/2018 5:03 PM
490	Protect the water at all costs...it's only going to get worse. We need stricter environmental regulations for wineries and vineyards.	8/28/2018 5:02 PM
491	Do sound research and not let the environmentalist run with false information.	8/28/2018 4:59 PM
492	No on C won but with a lot of misinformation and pressure from corporate wineries. Start working with the locals. Protect and fund open spaces. Stop giving corporations the power. Say no to Verizon's small cell towers. Make and enforce oak tree protections.	8/28/2018 4:58 PM
493	More dedicated open spaces. Tougher penalties for offending polluters of the river.	8/28/2018 4:50 PM
494	Single stream recycling programs. Banning Styrofoam carry out containers and cups.	8/28/2018 4:32 PM
495	Protect our air, water, watershed areas, native populations of animals, and open spaces!!!	8/28/2018 4:28 PM
496	Important issues: Air quality (which could be improved in Hwy. 29 between Trancas St. and Salvador Ave.); quality water for drinking; response to climate change.	8/28/2018 4:26 PM
497	all the above.	8/28/2018 4:26 PM
498	The wine industry (now too many multi-national corporations, not family vineyards) don't care about environment here. You need to say no to them and enforce regs. Protect our water, air. Fight for more open space, save trees. Look around at the hillsides! Stand up for future generations.	8/28/2018 4:21 PM
499	Find a way to improve water quality	8/28/2018 4:20 PM
500	Building standards must meet the needs of the environment. Making sure there is compliance.	8/28/2018 4:20 PM
501	Make it financially inconvenient to pollute air and water or use a great deal of energy. Give incentives to creative solutions.	8/28/2018 4:17 PM
502	Quality and quantity of drinking water	8/28/2018 4:15 PM
503	Stricter controls over grape spraying toxic chemicals and noise machines. In France a few weeks ago, I saw ingenious netting being used and not gun noises to control birds.	8/28/2018 4:14 PM
504	Support fish friendly farming, green business, recycling; fund public parks and recreation; protect watersheds; minimize development in hills and in ag preserve	8/28/2018 4:09 PM
505	The county should purchase Skyline park and manage it.	8/28/2018 4:06 PM
506	Napa county already has the most stringent of rules and regulations regarding watershed. Air quality can only be improved with less trucks and cars coming into the county. I think that is an unrealistic expectation. No number of solar panels will fix this problem, only less people solve the problem.	8/28/2018 4:06 PM

## Napa County Strategic Plan Survey of Community Members

507	Recognition of the role people play in the destruction of our environment needs to be emphasized and taught as well as the strategies for lifestyle changes we all can make to slow the destruction.	8/28/2018 4:01 PM
508	Water conservation and fire safety	8/28/2018 3:55 PM
509	All of the above	8/28/2018 3:53 PM
510	Quality and quantity of water (not just drinking but streams and reservoirs too)	8/28/2018 3:53 PM
511	More bike paths	8/28/2018 3:50 PM
512	Better communication on rules regarding waste. Affordable options to trade pomace or wood chips for compost. Promotion of renewable energy in the vineyards (irrigation, etc)	8/28/2018 3:50 PM
513	No agricultural burning.	8/28/2018 3:50 PM
514	Keep protections in place.	8/28/2018 3:49 PM
515	Water quantity is #1 concern. Protect our groundwater & reservoirs from overuse.	8/28/2018 3:47 PM
516	Always remove garbage and keep water clean without over regulation.	8/28/2018 3:39 PM
517	measure c: officials said they could do better. prove it! stop clearing out wildlife areas to build more giant mini-mansions. work with local conservation groups to educate public about urban wildlife	8/28/2018 3:35 PM
518	Watersheds need to be protected. Period.	8/28/2018 3:34 PM
519	Enforce high standards. No more special breaks for outside investors and winery owners!	8/28/2018 3:30 PM
520	Well C lost all because of money spent on campaign by "big business" and the climate in our country does not seem pro environment so not sure how u can achieve this. The city council/county sups would have to be elected official that care about environment and vote for it and these issues NOT put on ballot where money and flooding mailboxes w literature decides the outcome. Many voters today do not have the time to truly read and understand and interpret these measures.	8/28/2018 3:28 PM
521	Protecting agriculture and open spaces from construction of buildings, houses, etc.	8/28/2018 3:23 PM
522	WATER WATER WATER	8/28/2018 3:21 PM
523	Support and encourage renewable energy sources and conservation	8/28/2018 3:20 PM
524	Fact-based decision making is the key.	8/28/2018 3:20 PM
525	proactive code compliance	8/28/2018 3:06 PM
526	Improve the Congress Valley system and Millican Dam. Improve it and the height.	8/28/2018 3:06 PM
527	No specific suggestions.	8/28/2018 3:04 PM
528	Create and encorve strict laws around pesticide use. Continue working on renewable energy sources. Discourage use of plastic, styrofoam and other non recyclable products at the store level.	8/28/2018 2:58 PM
529	Same as above	8/28/2018 2:53 PM
530	Need to re-calibrate ag businesses to be ag businesses. Not dinning rooms for rich people who buy wine	8/28/2018 2:51 PM
531	Air quality	8/28/2018 2:49 PM
532	Water is a huge issue here, both with amount available and cleanliness - more lawn removal; support green businesses and homes. Protect the land and water sources.	8/28/2018 2:41 PM
533	Work hand in hand with NVV, NVG, Farm Bureau to aggressively protect our watershed and water usage policies. This work should be done with the ever more salient issue of ongoing droughts and increasing climate temperatures	8/28/2018 2:40 PM
534	All the bullet points are of great importance, but personally, we're most concerned about preserving open space and parks.	8/28/2018 2:38 PM
535	Make county greener in every way. Ban round up. Offer alternative solutions to pesticides and herbicides. Ban round up	8/28/2018 2:37 PM
536	Mantenimiento de parques del condado y lagos y actividades apra gente que no toa ni fuma y para los ninos y jovenes	8/28/2018 2:35 PM
537	Last week, the supervisors were discussing banning gas water heaters... really!! We all want safe drinking water and quality parks and lakes.	8/28/2018 2:31 PM
538	Napa has to course correct frivolous water use to support wineries. Our water tables are tapped. Have to restrict irrigation. Follow the EU guidelines. Would be wonderful to see orchards and trees. Eliminate pesticides. I won't use Napa compost because I don't trust that it is organic.	8/28/2018 2:31 PM
539	Moratorium on new large scale hotels.	8/28/2018 2:24 PM

## Napa County Strategic Plan Survey of Community Members

540	Support open space via Cap and Trade policy or recognize landowners for keeping their land as open spaces. Track ground water levels throughout the county, use green business programs to help make changes in this area	8/28/2018 2:24 PM
541	Water, water, water	8/28/2018 2:20 PM
542	Napa County as a whole is doing a poor job of protecting its natural environment. Tourism/winery interests consistently dominate decision-making. This affects EVERY aspect of the natural environment and sustainability. Napa County should: 1. Prohibit any further removal of mature oaks except for life-safety considerations 2. Prohibit any development in sensitive habitat, including oak woodlands, except for life-safety issues 3. Do much more extensive monitoring of groundwater recharge to understand where our groundwater really comes from, and how it recharges. 4. Prohibit any vineyard/winery development on the hillsides of the Napa Valley until it has been conclusively established what is sustainable 5. Define "sustainable levels of groundwater" as adequate water even in drought periods, such as the five-year drought we just had. The State's test of an "extreme dry year" is inadequate, as we will increasingly be seeing multiple extremely dry years in a row. Planning has to catch up to the realities of climate change. 6. Enforce environmental conditions of permits and mitigation measures adopted under CEQA. At the present time, they are just window-dressing. 7. Greatly improve the knowledge of environmental planning staff. 8. Address the full magnitude of cumulative impacts associated with continued tourism and winery/vineyard development. There has been a consistent failure to do so, and the County has significant legal exposure due to the pervasive inadequacy of its CEQA work. Had the County been doing its job, traffic, noise, groundwater, surface water, and habitat impacts could not have progressed to the level that they have. 9. Take real action on climate change, including prohibiting further deforestation for the sake of more wineries or vineyards. 10. Set aside enough money and actually do what is necessary to acquire the Skyline Park property from DGS. There are only 12 years or so left on the lease. It's urgently time to do something! 11. To the degree possible, prevent the use of surface water from small creeks and streams. recognizing that these are not County permits, the County could nonetheless do inspections looking for illegal diversions, and create a rapid response team to work with CDFW to stop those diversions. Basically, Napa County government needs to overhaul its perspective on environmental protection as a "nice to have" to recognizing that a healthy, beautiful environment is foundational to everything that makes tourism in this Valley thrive.	8/28/2018 2:20 PM
543	The State already has too many air quality and Climate change regulations, don't add more at the county level. Safe drinking water is very important. Green business standards are not necessary. Garbage recycling is already a state standard.	8/28/2018 2:18 PM
544	Pull aspects of failed Measure C, stricter monitoring of what is already in place yet disregarded	8/28/2018 2:14 PM
545	Air quality Quantity and quality of water in our streams and reservoirs	8/28/2018 2:10 PM
546	Look at the fires we have just suffered. Then tell us we have enough water; where was it during the drought that dried out our trees and landscapes?	8/28/2018 2:09 PM
547	Support green businesses and provide incentives for business to achieve green certification. Options for freecycle or trash disposal day. Leave out for free for a day and anything left gets picked up regardless of size.	8/28/2018 2:07 PM
548	This should be our main priority, as climate change is going to affect everything else here. Without a healthy natural environment, our water supply is going to lose both quantity and quality. A lot of our tourism is contingent on the beauty of the landscape as well. We need long-range plans for healthy ecosystems, protecting our forests and streams, and adapting new strategies as the weather changes. There are plenty of local groups with good, workable approaches and foresight. Real working committees with input from all stakeholders are critical. An external mediation team might be useful in the beginning, since the tempers have gotten so frayed in the recent past. The uproar over Measure C was avoidable. It happened because the county was patronizing and not willing to actually listen and protect our shared resources. I hope that this is honestly changing.	8/28/2018 2:04 PM
549	Aggressive environmental sustainability plan that is coordinated with the cities.	8/28/2018 2:00 PM
550	Stop the dump fires at Crane Flat	8/28/2018 1:58 PM
551	Education the greater populous on current rules and regulations and on the strict permitting process currently in place.	8/28/2018 1:57 PM
552	take better care of city parks and open spaces	8/28/2018 1:56 PM
553	Enough money has been paid by consumers in the county in garbage rates. DO not add more ideas that cost homeowners more money. Keep in mind, Bay Area Air Quality is not necessarily the valley's air quality. No funds need to be spent on education of air, water or how to be green and conserve. If folks don't have a grasp on it now, no amount of money spent trying to get them on board will do any good.	8/28/2018 1:51 PM

## Napa County Strategic Plan Survey of Community Members

554	There is no such thing as sustainability. Stop using that word. We must be honest and promote responsible development and business practices that aim toward sustainability. We cannot be sustainable. Have a public sight where water quality measurements are accessible. Commit to protecting the watershed and river. Acknowledge CLIMATE Change and that we are moving into climate mayhem. Be prepared for continued disasters which will impact all of our planning and goals. Protect the forests and wildlife habitat which means contiguous forests. Communicate. Communicate. Communicate. Have more community forums. Encourage community involvement more than you do. Have contests for healthy green planning that the county can develop.	8/28/2018 1:51 PM
555	Garbage, recycling	8/28/2018 1:49 PM
556	Water quality and preservation of natural habitats	8/28/2018 1:48 PM
557	more treated wastewater for irrigation	8/28/2018 1:44 PM
558	Air and water quality are a top priority. Our kids won't even recognize this place if we fail at this.....	8/28/2018 1:40 PM
559	Air quality Impacts of development on water quality Quality and quantity of ground water Quantity and quality of water in our streams and reservoirs Quality and quantity of drinking water Municipal water supply and watershed protection	8/28/2018 1:39 PM
560	put a priority on maintaining existing parks and lakes before seeking to add more	8/28/2018 1:34 PM
561	Increase bicycle paths	8/28/2018 1:33 PM
562	Water quantity and quality	8/28/2018 1:31 PM
563	While the preservation of open spaces is vital, you're confusing that with climate change and green business. Enough already!	8/28/2018 1:27 PM
564	Improve & Maintain accessibility to nature on public transportation, foot and bike. Permit access to open space owned by businesses.	8/28/2018 1:23 PM
565	Commuter rail service reinstated upvalley would assist with both traffic congestion and air quality...an option consistently overlooked by our county.	8/28/2018 1:22 PM
566	Limit growth; preserve open spaces	8/28/2018 1:21 PM
567	Napa must maintain the open agriculture and watershed areas for it to be desirable in the future.	8/28/2018 1:21 PM
568	Just about everything you are listing is already regulated/controlled at both the state and federal level. So why recreate the wheel? Also, there is ABSOLUTELY NOTHING that you can do at the county level that will have any measurable impact on climate change, so why waste time and money just so that you can feel good and self-righteous.	8/28/2018 1:21 PM
569	Focus on monitoring and providing scientific data on key indicators.	8/28/2018 1:19 PM
570	Common sense regulation not influenced by money	8/28/2018 1:19 PM
571	The quality of what we eat, drink, breath and dispose of should be improved	8/28/2018 1:19 PM
572	Keep ground water safe & don't deplete it	8/28/2018 1:18 PM
573	Improve drinking water quality, reduce run off into drinking water, monitor ag run off	8/28/2018 1:16 PM
574	Preservation of open spaces and native animal habitats, Quantity and quality of water in our streams and reservoirs	8/28/2018 1:16 PM
575	Air quality, Quality and quantity of drinking water, Maintenance of county parks and lakes	8/28/2018 1:16 PM
576	These are all the things that keep Napa as a top tier destination. Preservation of the air and water is a common-sense priority for all. Parks and public spaces also are part of what makes Napa a great place to live and visit. We should focus on being good stewards of the land but not put too much emphasis on dubious science like climate change. Wise, thoughtful management of resources will take care of itself.	8/28/2018 1:15 PM
577	We need a campaign to advertise our successes with the watershed in Napa. The Napa River has come a long way in its rehabilitation, and we should all take ownership of that. The more people "own" the river and watershed, the better they will defend and care for it.	8/28/2018 1:10 PM
578	Our recycling service here is confusing and could be more clear. A sticker on cans could help explain what can and can't be recycled (in English and Spanish).	8/28/2018 1:09 PM
579	Participate and engage in other local, state and fed programs both regulatory and grant programs.	8/28/2018 1:07 PM
580	Already addressed	8/28/2018 1:05 PM
581	We have more than enough wineries and the wineries we do have should be required to be more eco friendly with much less impact on water consumption and use of pesticides. Spend on acquiring more open space and protecting our rivers, streams and ground water for the health of our valley.	8/28/2018 1:03 PM

## Napa County Strategic Plan Survey of Community Members

582	enforce current environmental regulations	8/28/2018 1:00 PM
583	Reduce, Reuse, Recycle - just keep getting these done better and easier and with tangible and visual benefits to the city so more people will actively take part	8/28/2018 12:56 PM
584	We must protect our natural resources especially our water and air.	8/28/2018 12:54 PM
585	Building standards are too expensive right now. Keep the rural RURAL- protect the Ag and stop short term rentals, weddings and commercial uses of ag lands.	8/28/2018 12:54 PM
586	Stay up to date with all these things. Invest in infrastructure and constantly make changes to stay current with new developments and opportunities.	8/28/2018 12:54 PM
587	Usage of renewable energy wherever and whenever possible. Public education, public empowerment through events and small scale involvement. Like the distribution of compost bins that was done several years ago, but also by encouraging things like line drying of laundry, grey water usage to irrigate, etc.	8/28/2018 12:53 PM
588	Take it out to the community to show what is what we can benefit from doing certain things.	8/28/2018 12:53 PM
589	We need to move towards organic agriculture and green energy. A focus on our environment and clean drinking water is an investment in our community and in our health. Maintenance of parks and lakes also supports the locals and their enjoyment outside. Also, our air quality has been awful. I know most of it is from wildfires, but we should do all we can on our end to maintain healthy air quality.	8/28/2018 12:52 PM
590	Have more control in what amount of water is given to hotels, wineries, businesses in general	8/28/2018 12:51 PM
591	Stop adding hotels and new vineyards. And a new measure c	8/28/2018 12:50 PM
592	I firmly believe that the environment comes first. What good is it to have a thriving business community and not be able to breathe the air or drink the water. Each business should be forced to plan how to deal with the use of our shared environment from H2O to garbage. The reduction of non-recyclables and the use of compostable materials needs to be promoted.	8/28/2018 12:50 PM
593	all of the above	8/28/2018 12:49 PM
594	WATER-- everything related to water, biggest danger to the region is lack of water for everything we do	8/28/2018 12:48 PM
595	water and air quality; response to climate change; green business and building standards; resilience plans	8/28/2018 12:48 PM
596	Hold property owners accountable for maintaining septic systems in rural areas.	8/28/2018 12:47 PM
597	Availability of clean air and clean water are the most important of these. We can not live without the two of those.	8/28/2018 12:47 PM
598	It is important to protect the environment however the county has to balance agricultural needs with human needs. it currently feels like the county prioritizes business and wine based tourism over the daily lives of county residents	8/28/2018 12:46 PM
599	We have excellent measures in place and they need to be enforced more consistently.	8/28/2018 12:46 PM
600	Air quality needs to be addressed, mainly by traffic congestion prevention and fire prevention. Forest Management needs to decrease the fire risk. All city buildings and new house construction should have solar power. Our compost system is amazing - state of the art! County Parks should be better maintained. Quantity and Quality of water should be assessed and studied before policy to manage it is changed.	8/28/2018 12:44 PM
601	Focus on ideas and solutions that were obviously important to the community in reference to Measure C.	8/28/2018 12:40 PM
602	Air and water quality	8/28/2018 12:39 PM
603	Air quality and Impacts of development on water quality	8/28/2018 12:37 PM
604	Take care of existing parks	8/28/2018 12:35 PM
605	Gain more access to Land Trust properties, they should not be for 1%	8/28/2018 12:35 PM
606	Quality and quantity of ground water	8/28/2018 12:34 PM
607	With all the fires, the County should aggressively look at effective ways to clean the air and waterways.	8/28/2018 12:33 PM
608	resilience plans and policies	8/28/2018 12:29 PM
609	Water Quality!!!!	8/28/2018 12:27 PM
610	Enforce environmental laws that preserve our waterways and remaining oak woodlands	8/28/2018 12:27 PM
611	Sistemas de energía renovable	8/28/2018 12:27 PM

## Napa County Strategic Plan Survey of Community Members

612	STOP vineyard expansion and massive well-drilling and pumping.	8/28/2018 12:25 PM
613	Incentives for volunteering	8/28/2018 12:23 PM
614	I think all of this is fine in our county. I do want to make sure we have plenty of clean drinking water.	8/28/2018 12:22 PM
615	I am not sure.	8/28/2018 12:19 PM
616	Slow down winery growth and expansion until ground water levels are safe for an extended period of time	8/28/2018 12:18 PM
617	Support policies that limit pesticide use in Napa. Maintain RUL. Support practices that preserve limited resources (water, energy, etc). Land preservation.	8/28/2018 12:18 PM
618	Quality and quantity of water and air quality - via energy efficient methods: Green business and building standards tax credits or encouragement of some sort so good practices are rewarded and spread. We all win long term if they do spread but it is costlier right now to be efficiently green...make it easier to see the benefit long term for all.	8/28/2018 12:16 PM
619	Water use and regulation is paramount. The people need a say, not the wineries/special interests. Need more cycling access in parks	8/28/2018 12:15 PM
620	plan for the future needs of our water supply, no more trees taken out for vineyards we need them for air and shade and wild life, we have so many vineyards and they are taking over our countryside with so many becoming low income plan a program to help them afford to live in this area. We are accommodating the wealthy but not those that were born and raised here.	8/28/2018 12:08 PM
621	Maintenance of county parks and lakes	8/28/2018 11:55 AM
622	napa usually has great air quality, lets fight to keep it that way! water is next with everything else bunched together	8/28/2018 11:39 AM
623	Let's put an end to agricultural burning, except when absolutely necessary.	8/28/2018 11:10 AM
624	Environmental sustainability should be a priority for all of us. There are way to create a more sustainable environment in Napa that would require collaboration with various industries. I can speak to agriculture and their efforts. Working with agriculture to develop incentives (not dis-incentives) to design and implement projects that achieve agreed upon priority goals is critical to achieving meaningful environmental protection.	8/28/2018 11:09 AM
625	Encourage water conservation all up and down the Valley, as well as green building and thoughtful urban growth to protect our ag lands and open spaces.	8/28/2018 11:06 AM
626	We need to respond to climate change and wildfires. Assistance for fire insurance.	8/28/2018 10:25 AM
627	We need to look into the environmental implications of paving over the terminal parts of the watershed, rather than focusing exclusively on vineyard water use. We need to understand how our water supply can sustain additional development in terms of housing and hotels. Ag is important, and we need to look at sustainable resource management. But as we pave over our towns to create more shopping centers and hotels, that also impacts runoff, water cleanliness and availability. Personally, I would like more rights to harvest my own rain water for garden irrigation and home use. I wouldn't mind a tax break to create a home gray water system as well. Finally, I think Napa Sanitation is doing a great job trying to manage our waste in light of China no longer accepting recycling, but I think we could adopt tighter standards around single use containers, etc.	8/28/2018 9:43 AM
628	Air and water quality are fine. The focus should be on growth and development in urban areas for low income housing.	8/28/2018 9:36 AM
629	County planners must stop making exceptions for every applicant. Ag Watershed forests must be managed for fire mitigation and preservation concurrently. The Napa River restoration must remain a priority.	8/28/2018 9:25 AM
630	I think that the county should require self monitoring of wells and that flow meters should be required. How can we know how we're depleting ground water if we don't look at this? I am on a well and am planning on installing one for my own personal reference. This information could be quite valuable.	8/28/2018 9:23 AM
631	require all new construction (homes, businesses, wineries, etc) to meet LEED gold standard or above. Provide financial assistance to builders/homeowners to make that possible.	8/28/2018 8:52 AM
632	More restoration of park lands to native habitats, use prescribed burning in winter months to manage vegetation for fire safety in the summer and decreased invasive species.	8/28/2018 8:47 AM
633	access to clean safe drinkable water. analysis should be included with water bill	8/28/2018 8:27 AM
634	The state of California is doing a very good job of being oppressive in all of the aforementioned areas, let the state work out its agenda and focus on something else Napa.	8/28/2018 8:26 AM

## Napa County Strategic Plan Survey of Community Members

635	Strong environmental rules in forested and watershed areas particularly Less vineyard and winery development in watershed and hillsides.	8/28/2018 8:24 AM
636	Quality and quantity of water in all places. Preserve Open Spaces Renewable energy systems and efficiencies to respond to climate change	8/28/2018 8:15 AM
637	This is a choice topic and a tough one for many people. continue education on Global Warming that is the most important topic	8/28/2018 8:14 AM
638	Present WDO is a farce. It doesn't protect green spaces. Family farms do! If you have big money you can do WHATEVER you want!	8/28/2018 8:03 AM
639	Air and water quality are fundamental to a vibrant and healthy community. Please limit growth to dedicated urban areas.	8/28/2018 7:43 AM
640	Control pesticide amounts and help manage pest outbreaks cohesively	8/28/2018 7:36 AM
641	Better policing of wineries	8/28/2018 7:35 AM
642	Oak woodlands need to be protected and we need to stop clear cutting land and terracing to build vineyards and wineries. Let's face it. Napa is saturated with wineries and maybe it's time people started building elsewhere.	8/28/2018 7:32 AM
643	Zero tolerance for blatant code violation.	8/28/2018 7:28 AM
644	Roll out stricter enforcement of environmental policies protecting air, water, environment to local businesses-eg. all need to meet minimum environmental quality standards by xxx date.	8/28/2018 1:04 AM
645	Solar panels required on all new hotels, large buildings, schools. Recapture water from fire hydrant pressure releases to use on our parks and in our recycling efforts	8/27/2018 11:15 PM
646	air quality	8/27/2018 5:40 PM
647	The Board of Supervisors failed to provide leadership on Measure C or an alternative because they did not want to upset their donors. Take a stand for the safety and health of our community, your neighbors and kids - stop the water pollution, expand the regulation of ag chemical use and tree removal.	8/27/2018 4:28 PM
648	not sure	8/27/2018 4:12 PM
649	I would say drinking water quality, recycling, renewable energy sources and composting, as well as strict enforcement of pesticide use are my primary concerns as a resident. Programs, personnel, education and code creation, adherence and enforcement.	8/27/2018 3:42 PM
650	Development of creative ways/policies to build housing in dedicated urban areas.	8/27/2018 2:50 PM
651	Start planning for a Smart Train such as the ioe from Santa Rosa to San Rafael. Do a study to see where commuters are going to and coming from and then build a Smart Train to provide the transport with numerous stops in the county for travelers. Have all new county and resident buildings have solar panels and back up batteries, implement aspects of failed Measure C that would protect streams and watersheds, make county building department require all green building policies, require garbage pick up improve recycling so that more products could be recycled (we are being told that too many non-recyclable items are in the recycle bin), have wineries pay into a special fund to be used only for emergencies so that more of the normal tax money could be used for everyday issues.	8/27/2018 12:11 PM
652	Message water quality, smart development, air quality Messaging greenhouse gas, climate change makes the issue too big; people feel their actions don't matter.	8/27/2018 11:44 AM
653	providing incentives for green businesses; investing in renewable energy.	8/27/2018 11:28 AM
654	Napa County should simply follow all best practices for maintaining good air quality, good water quality, preservation, renewable energy and waste services. This information already exists and should be very easy to make actionable with the appropriate resource allocations.	8/27/2018 10:55 AM
655	This is an area that Napa County has focused on extensively for the past several decades. Napa County has done a lot in these areas. Understand all the positive results before adding more regulations and restrictions to the books.	8/27/2018 10:37 AM
656	Continue to study the potential impacts to municipal watersheds from all development (ag and residential)	8/27/2018 10:28 AM
657	Keep the water clean.	8/27/2018 10:08 AM
658	Need a better balance between agriculture and development, especially in terms of housing availability.	8/27/2018 10:07 AM
659	All of the Above	8/27/2018 10:06 AM
660	Growth and development in dedicated urban areas	8/27/2018 10:04 AM

## Napa County Strategic Plan Survey of Community Members

661	Napa protects our water quality and quantity and they should continue existing programs, new regs are not the answer. The enormous amount of money being spent on a CAP that is not req'd and will be litigated is criminal. That money could have been spent on programs that will in fact reduce emissions versus an EIR, in-fighting and litigation.	8/27/2018 9:52 AM
662	Increase funding for the Napa Open District	8/27/2018 9:05 AM
663	There is a cancer cluster in Napa, investigate and reveal the pesticides and when they are used so residents can choose to leave. Check the water supply to evaluate leaching into the watershed.	8/27/2018 7:31 AM
664	More trees— we should not sacrifice any more trees to vineyards. BOS should have passed oak protection. Wineries defeated measure c	8/26/2018 10:04 PM
665	Municipal water supply and watershed protections are two different things - "watershed protections" are often pushed for the financial and political benefits of certain groups under the guise of environmental protections. Water quantity is of concern - a study evaluating specifically how tree removal in Napa County impacts aquifers may be of significant value (does less trees mean less of the Marine layer is captured and brought back to the ground in traditional spots).	8/26/2018 9:23 PM
666	More proactive action to address climate change including restraints on ag and wine industry.	8/26/2018 9:05 PM
667	I am extremely disturbed that Measure C did not pass. Protecting our valley from outside investors over developing the land is crucial.	8/26/2018 8:30 PM
668	continued ensuring the land is protected for future generations.	8/26/2018 8:06 PM
669	limit housing and vineyards in our watershed. improve composting services for up valley residents.	8/26/2018 6:18 PM
670	Renewable energy systems and energy efficiencies	8/26/2018 4:55 PM
671	there are a lot of grumpy people in this county. with ownership and occupation comes duty. nudge them along, relentlessly.	8/26/2018 4:21 PM
672	Protect the watersheds and ground water. Get more households to use solar energy.	8/26/2018 3:44 PM
673	Get real accurate third party scientifically valid data as to the status of our water and lakes and watersheds before taking any action. we don't want to spend time and money on problems that don't exist.	8/26/2018 3:00 PM
674	#1 municipal water supply, ground water/rivers/streams.. #2 air quality	8/26/2018 2:11 PM
675	Growth and development in urban areas	8/26/2018 1:50 PM
676	Lower the cost of municipal water so users can afford point-of-use drinking water filtration systems to take contaminants out that municipal filtration cannot.	8/26/2018 12:04 PM
677	Protect the water, while at the same time allowing commerce and activity to occur. Regulate against our worst impulses.	8/26/2018 11:42 AM
678	This is the catagory Napa county should be most concerned with, is our long term sustainability. We have finite space and resources and need to put a halt to and protect what those are moving forward.	8/26/2018 11:20 AM
679	DON'T IMPORT SOMEELLES TRASH FOR THE MONEY	8/26/2018 11:08 AM
680	greater support to the Napa County Regional Parks and Open Space District - they are doing a great job and can do better with more funding! A Moratorium on hillside vineyard conversions until we have a wide scale multi input plan to balance industry with environment. We are smack dab in the middle of the richest Bio Diverse region in the U.S. - Save it! Agriculture must transition away from harmful and carcinogenic pesticides and HERBICIDES (round up) and move toward organic methods. Alternative energies and away from fossil fuels (tractors that run on propane, solar energy?)	8/26/2018 10:14 AM
681	I'm all about water as without it we are all dead. WE must make sure we have ample water by securing additional supplies and not being dependent upon the State's whims and must ensure that our water, whether, groundwater, streams, lakes, rivers, water held in storage tanks, etc. is of the highest quality.	8/26/2018 9:43 AM

## Napa County Strategic Plan Survey of Community Members

682	Ground water. Complaint here. The water company in Calistoga was pumping gazillions of gallons of our water during the drought that contributed to so many of us in the countryside having to spend \$25,000 on new deeper wells, which caused many to have to take out loans to afford it. I know it is legal, if you have the money you can dig deeper and deplete the water of all who have shallower wells. Plus the water regulations put on households didn't include the mega user of the water they were pumping to sell out of the area. So we all paid dearly for them to have a profit driven business. This feels wrong in so many ways. Plus County of Napa ends up selling the water useage we owned that was for Napa share of water when we could have used it. Building standards. I feel you should not impose more standards, but suggestions one can take or not. Driving up prices by extra rules does not help anyone. "Water supplies" is disengenious when the county is allowing a company to take as much as they are capability of taking. It is sort of like smiling and nodding for all of us to think we are doing something. Yes, allow the natural watershed, and using cement on roads that water drains through to the land instead of thinking rivers can handle it all. Green trees and shrub areas not covered in cement and asphalt allow for ground absorption which is how nature handles too much rain.	8/26/2018 7:19 AM
683	Brainstorm ways to encourage more ways to save and protect our environment. Monitoring recycling maybe levy fines for what is thrown in garbage not recycled.	8/26/2018 1:51 AM
684	Streamline and assist forest fuel reduction and healthy agriculture - silviculture coexistence. Reward clean stream efforts. Eliminate alternative energy barriers.	8/25/2018 10:55 PM
685	High priority - once its gone, its gone. We owe this to our future generations	8/25/2018 9:37 PM
686	allow more chains and growth in dedicated areas. more family restaurants. NO more hotels!!!	8/25/2018 9:06 PM
687	Napa Co. should get out of the citizens lives.	8/25/2018 8:58 PM
688	Vineyard water use, pesticide spraying, & watershed destruction will have huge impacts on our future water supplies. Some conscientious vineyard managers do things organically & it works. Let's push for more compliance from wine industry practices.	8/25/2018 7:26 PM
689	Quality, quantity, and availability of drinking water and ground water is extremely important and that need is clearly seen in the different situations of the main cities in the valley. The city of napa has done an excellent job of securing our water supply and hopefully will work further to secure the ground water supplies in the Carneros and Tulocay areas. Calistoga is working hard on providing water storage supply that will ease their demands, and St. Helena continues to authorize giant luxury hotels, wineries, and vineyards without any secure water supply for their residents. I think any actions of response to climate change are premature as there are no definitive criteria for what that change will be. Addressing the garbage, recycling, transportation, housing issues currently present will all provide some impact to our carbon footprint which in turn would address climate change. That's where efforts should be focused.	8/25/2018 7:13 PM
690	Encourage non toxic pest solutions and transitions od lawns to gardens	8/25/2018 6:54 PM
691	Stop building more housing unless there is plan to solve traffic congestion issue and water supply issue	8/25/2018 6:00 PM
692	In the wake of devastating fires, #1 is planning and preparing for handling emergencies, including communications that are not solely reliant on the internet (and internet speeds!). On a day-to-day basis, we expect the County to vigorously defend our air and water quality, and do its utmost to prepare for, forestall where possible, and forewarn when necessary citizens of earthquakes and other looming disasters -- including those related to climate change.	8/25/2018 5:53 PM
693	Air and water quality.	8/25/2018 4:19 PM
694	Another recycling location closer to Napa. It is a HELL Drive from Napa to AmCan. Better and more convenient E Waste locations in Napa.	8/25/2018 4:05 PM
695	Increase recreational access in unincorporated areas. Keep strict limits on commercial and private development in watershed areas.	8/25/2018 3:40 PM
696	Maintenance of parks and lakes	8/25/2018 2:57 PM
697	Don't need any more vineyards!	8/25/2018 2:49 PM
698	Maintain a diverse environment not just vineyards.	8/25/2018 2:22 PM
699	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
700	This will be very interesting as marijuana may soon be grown here. Tighter sanctions and policies for vineyard spraying would be great. It would help most of the runoff and air (and health) issues locally.	8/25/2018 2:10 PM
701	Go solar and waste reduction.	8/25/2018 1:23 PM

## Napa County Strategic Plan Survey of Community Members

702	-Care for environment is the TOP priority -NO more small vanity vineyards and ridge line destruction with McMansions -Strict oak tree protection that is actually enforced -actually adhere to existing watershed study results and stop playing games with "lack of science" claims that are nonsense -acknowledge All the existing science of climate change, water issues. -Stop being lobbied and manipulated by wine industry and Farm Bureau	8/25/2018 12:49 PM
703	Provide solar panel incentives to homeowners	8/25/2018 11:31 AM
704	Stop ignoring the very stringent regulations already in effect. Measure C led people to believe there weren't any.	8/25/2018 11:19 AM
705	ban plastic bags, straws (why have grocery stores gone back to using plastic, just because they're thick and reusable doesn't mean they're not still ending up in landfills and the oceans!)	8/25/2018 11:17 AM
706	Restrict new development. Develop and enforce standards that promote and preserve natural resources. Monetary punishment for violators. More oversight.	8/25/2018 11:01 AM
707	put up locally run air quality monitors	8/25/2018 10:53 AM
708	All of these things are important, our environment and the protection of the habitat for animals, water, food, air, green space is a TOP priority.	8/25/2018 10:50 AM
709	Natural environment must be every community's highest long-term priority. Degradation of natural resources is the sure road to poverty.	8/25/2018 10:15 AM
710	all of the above	8/25/2018 9:47 AM
711	Please stop the rhetoric about climate change. Humans have only been on this planet for a couple of hundred years. Climate is always changing, its a natural occurrence. This BS that you are pushing is simply to control humans and get money out of them. Stop already.	8/25/2018 9:25 AM
712	Clear and consolidated regulations for development, agriculture as industry. Expand Napa green business and sustainable Napa programs. Expand recycled water use. Allow reuse of grey water and encourage rainwater capture. Convert roadside runoff to rain garden swales.	8/25/2018 9:07 AM
713	Drastically reform the regulations on vineyards as well as residents to eliminate the use of any harmful chemicals. Make wineries pay for county wide water and contamination testing	8/25/2018 9:01 AM
714	Make recycling easier. It's so confusing now it's hard to get the right stuff in the right bin.	8/25/2018 9:00 AM
715	Local parks and lakes are in dire need of assistance. Lake Berryessa is a ghost town and the residents are suffering up there. Additionally, with the growing tourism, the county should be very mindful of our environmental response and should enforce more green initiatives.	8/25/2018 8:48 AM
716	Better access to public transportation	8/25/2018 8:45 AM
717	Remove Napa County from BAAQMD Base all regulation on fact and science Study watersheds and effect of agriculture on watersheds. Build Biomass plant to eliminate ag and forestry biomass while creating electricity	8/25/2018 8:10 AM
718	I think it's time the county stopped giving so much support to monoculture (grapes). What made Napa special now threatens to destroy it as a good place to live.	8/25/2018 7:43 AM
719	Stop agricultural burning. Promote chipping. We love the chipping program. No vineyards in the watershed. Without the watershed, this county would start to look like the wasteland of the central valley. The visitors come for the beauty of the tree-covered hillsides surrounding the grapes in the valleys.	8/25/2018 7:31 AM
720	Without clean air and water, without preservation of natural resources, without open green spaces, without respect for our planet we die. The good news there is humans are not an endangered species.	8/25/2018 7:12 AM
721	Limit growth.	8/25/2018 6:26 AM
722	Good vision of the future to not overwhelm the areas resources	8/25/2018 5:51 AM
723	Our community and the primary industry is built on the environment, so we do need to look at the environment first in many decisions, however also need to balance other considerations ranging from housing to tourism, traffic and beyond.	8/25/2018 1:15 AM
724	You have created a list of important elements that go into sustaining a healthy environment. But if policies are not enforced and the largest top polluters in the Valley are allowed to continue to pollute at the same and ever increasing rates that they are today, our environment will continue to be further degraded.	8/24/2018 11:34 PM
725	Inspección de las áreas y mantenimiento de las mismas, como si fueran un negocio, donde deberían de revisar su higiene y calidad de las áreas públicas y naturales (caso de el aumento de mosquitos y moscas por descuido de las zonas con agua en el área)	8/24/2018 10:48 PM
726	Our county water is not very drinkable a lot of the time. For a County/region that brags about world class wines, we don't have world class water.	8/24/2018 10:28 PM

## Napa County Strategic Plan Survey of Community Members

727	Moratorium on clearing for vineyards and/or development--especially on hillsides and sensitive watershed areas. Incentivize organic farming and solar use.	8/24/2018 10:03 PM
728	Enforce environmental regulations consistently and fairly restrict development, support renewable energy through subsidized residential solar and wind installations	8/24/2018 9:49 PM
729	Improve recycling and more green energy.Nixle has been	8/24/2018 9:19 PM
730	Create / share plan for world rise in water level 10-20 ft; higher costs for the multi-billion businesses that would help support more of these Svcs for lower income residents	8/24/2018 9:16 PM
731	This area seems to be functioning alright.	8/24/2018 9:09 PM
732	You in the county are unconcerned with the environment, so why even ask? If you were concerned, stop approving projects that are decimating the watershed and drawing down local groundwater reserves. And quit telling us it's not happening because it is.	8/24/2018 8:43 PM
733	All of the above are hugely important	8/24/2018 8:38 PM
734	stop approving new vineyards	8/24/2018 8:33 PM
735	Air quality and traffic	8/24/2018 8:29 PM
736	Renewable energy, and preserve the quality of our ground water and streams.	8/24/2018 8:13 PM
737	We need all these things.	8/24/2018 7:57 PM
738	County & city governments should work more closely with Napa Climate Now!, Sierra Club and other organizations to improve environmental conditions wherever possible. Also, do some diplomacy with ABAG to adjust their expectations about Napa County's population density. Provide county residents with experiential training programs about their part in improving our environment through what they do in their own homes, yards, and public areas.	8/24/2018 7:39 PM
739	Clean water	8/24/2018 7:37 PM
740	Water quality and maintenance of parks mental	8/24/2018 7:28 PM
741	Air and water quality are a priority	8/24/2018 7:26 PM
742	Maintain water supply, get our lake water back. Solar incentives, keep up the recycling services, need public bathrooms downtown for all the visitors!	8/24/2018 6:49 PM
743	The Supes need to pull their heads out of the sand and realize the depletion of ground water and the need to eliminate the destruction of our watersheds. Their support of No On C was deplorable, but after all they are financed by the same people who are tearing out our woodlands and using up the water.	8/24/2018 6:35 PM
744	Nothing further.	8/24/2018 6:33 PM
745	Education	8/24/2018 6:32 PM
746	Napa is beautiful, with the sprawl, we are losing the vision of Napa.	8/24/2018 6:24 PM
747	Response to climates change	8/24/2018 6:22 PM
748	Protect the watershed!!! Also, bring better garbage services to homes near the lake.	8/24/2018 6:18 PM
749	Much of the impact on the infrastructures above could be decreased with less growth... again, another new hotel has impact on water, air, climate, garbage, etc....	8/24/2018 6:11 PM
750	Develop more small parks in and around Napa towns. Give our companion dogs freedom to use parks.	8/24/2018 5:58 PM
751	I feel like we are more often than not doing a good job in this area. No suggestions	8/24/2018 5:56 PM
752	The Measure C debacle says it all. There is a very angry electorate out there. A lot of politicians,grape growers,farm bureau lost a lot of trust. I for one will never take at face value what agriculture supports at the ballot box.	8/24/2018 5:51 PM
753	Go into partnership with private industry with incentives to solve those problems.	8/24/2018 5:41 PM
754	Solar needs to be incorporated like it has with school district. Water is most important for a healthy community.	8/24/2018 5:26 PM
755	Provide bathrooms and garbage cans everywhere to keep poop and trash out of the river. Homeless camps need a place to put trash or it all ends up in our clean up day piles.	8/24/2018 5:18 PM
756	No building ANYTHING that isn't self-sustainable water-wise.... Stop building- there won't be enough water in the foreseeable future for people who already live here	8/24/2018 5:08 PM
757	Decisions must be based on rationality and on science, not emotions. Case in point was the Oak and watershed initiative, all emotion and little science. Don't throw some parts of the public under the bus like the owners of hillside properties under the above initiative.	8/24/2018 5:07 PM

## Napa County Strategic Plan Survey of Community Members

758	Promote electric vehicles and energy efficiency in the private and public sector Plants more trees Monitor air quality Climate change action plan with teeth Education of the public and enforcement of laws that promote the quality and quantity of water	8/24/2018 4:59 PM
759	all	8/24/2018 4:48 PM
760	water is most important	8/24/2018 4:46 PM
761	Municipal water supply.....	8/24/2018 4:45 PM
762	watershed preservation should be high priority. Solve that problem without forcing us to go the ballot again because you refuse to do so	8/24/2018 4:45 PM
763	See above	8/24/2018 4:29 PM
764	All of the above are important concerns but without water we are in serious trouble and all other concerns will pale in comparison. My pet peeve is why anyone in the county is allowed to install whole-house reverse osmosis water treatment equipment. Most of the water that enters these systems is used for backflushing and cannot be put to other uses. Very wasteful and unnecessary. These systems should not be allowed, only the wealthy can afford to have them installed and maintained and they are supremely wasteful.	8/24/2018 4:29 PM
765	Napa continues to skirt the problems of our environment be it air, water, trees ;use of lethal pesticides in the wine industry; expansion of tourist service activities at wineries which affect our transportation issues	8/24/2018 4:22 PM
766	I think our current regulations regarding stream setbacks and open space protection are sufficient but we must be sure to protect the Ag Preserve. Water is a big issue, can restaurants and hotels, which use a lot of it, do a better job of conserving?	8/24/2018 4:18 PM
767	All	8/24/2018 4:15 PM
768	Agricultural development has ruined the Napa River. Restore the Napa River and the fishery.	8/24/2018 4:15 PM
769	Quantity and quality of water in our streams and reservoirs	8/24/2018 4:06 PM
770	Add flouride to the water supply.	8/24/2018 4:05 PM
771	Curtail new hillside vineyards and all new winery development. Better code enforcement for use of pesticides, etc. Support Land Trust and environmental groups. Do not let the wine and hospitality industries dictate our future.	8/24/2018 4:01 PM
772	Better infrastructure to maintain the water quality which is a specific problem in American Canyon.	8/24/2018 4:01 PM
773	Focus on recycling	8/24/2018 4:00 PM
774	Better forest management, fire breaks, etc. The last fire was in 81 and nothing was done with the open spaces to stall or slow down fires. To much worshipping trees that are mostly damaged now or dead.	8/24/2018 3:50 PM
775	Water is key. Preserving open spaces is key. Preservation of agriculture and refusing overblown projects is key. Renewable energy is the way of the future, and better for air quality and costs overall.	8/24/2018 3:48 PM
776	All matters concerning water. If we do not attend to these, this valley will soon become unlivable - not to mention un-farmable.	8/24/2018 3:48 PM
777	If one was to look at the current administration of this county, one could question as to whether anything is being done to support the Natural Resources and Environmental Sustainability of our community. A HUGE winery/factory was approved up a two lane, dead end, dangerous, and decaying country road-Mountain Peak-instead of being placed in an industrial area. Thousands of trees are to be removed and neighbor's water quality threatened-Circle Oaks/ Hall Ranch-approved. Significant number of winery violations are approved after the fact, with little or no consequences for violators. BOS did not challenge any of the misleading statements made regarding Measure C. Lack of county follow through with regulatory compliance with environmental issues-check out Bremer Family Winery.	8/24/2018 3:42 PM
778	More incentives for households to be water savers, you want green lawns-- pay for it!	8/24/2018 3:37 PM
779	Recycle	8/24/2018 3:29 PM
780	Limit vineyard development--we are beyond our watershed's ability to sustain our population and agriculture now!	8/24/2018 3:28 PM
781	Take action to clear the county of brush that is an aid to destructive fires; enforce laws that prevent the misuse of creeks and streams that feed our water supply.	8/24/2018 3:26 PM
782	Quality and quantity of drinking water Renewable energy systems and energy efficiencies	8/24/2018 3:24 PM
783	Enough already concentrate on your major problems and let the state and feds handle these problems	8/24/2018 3:24 PM

## Napa County Strategic Plan Survey of Community Members

784	Good investment in public space has been incurring but need to make sure no to create infrastructure that will burden future resources with ongoing maintenance when times might be lean. Too much policy and infrastructure will cost to maintain in the future.	8/24/2018 3:18 PM
785	All listed above.	8/24/2018 3:06 PM
786	Encourage the wine industry to work to improve what it has rather than to continue growing and asking for more	8/24/2018 3:06 PM
787	Since moving to Napa, we have seen these items in a very positive light.	8/24/2018 3:05 PM
788	Draft legislation for the watershed before another poorly written measure is created by Vision 2050. Continue the water protections and system upgrades. Complete the purchase of Skyline Park.	8/24/2018 2:58 PM
789	Water is #1 and always will be for life and ag!	8/24/2018 2:55 PM
790	Too much hillside development, stop!	8/24/2018 2:53 PM
791	Protect watershed and limit clearing for more vineyards.	8/24/2018 2:45 PM
792	Be a public voice on issues that affect the environment; maintain reasonable local EPA type protections to ensure we don't backslide into unsafe levels of water and air quality	8/24/2018 2:44 PM
793	Invest in electric charging stations, vehicle-sharing programs and infrastructure supporting continuous-driving autonomous vehicles. Do not prioritize another garage over any housing development. In other words, plan as if no one will need to own their own car in 15 years.	8/24/2018 2:43 PM
794	Study the current Con Regs, annual ground water reports, baseline data reports, hire independent third parties, to see where gaps are or which Con Regs are having the strongest impact	8/24/2018 2:42 PM
795	STOP RUINING THE VALLEY WITH THE EXCESSIVE GROWTH OF "FRUITED WEEDS" AKA VINEYARDS. YOU ARE STRANGULATING OUR VALLEY! THE MORE VINEYARDS AND HOUSING DEVELOPEMENTS GOING INTO OUR VALLEY ENDANGERS OUR WILDLIFE, WATERSHEDS, AND WATER SUPPLIES. AND STOP SELLING OUR WATER TO OTHER COUNTIES!!!	8/24/2018 2:42 PM
796	No new wineries. Stronger policing of winery violations...air, ground, water.	8/24/2018 2:37 PM
797	I've heard lots of concerns about our drinking water and pesticides from the vineyards. More restrictions, better measurement, or providing vouchers for filtration in our homes.	8/24/2018 2:31 PM
798	Provide more recycled water for agriculture so the vineyards don't deplete the ground water or reservoir water. Limit the number of hotels coming in. They create a bigger drain on local services and resources than they provide in jobs.	8/24/2018 2:29 PM
799	Continue Napa's water backup plan	8/24/2018 2:28 PM
800	When Europe is banning Glyphosate.... We should be doing the same... Especially when the entire valley is being sprayed. And the old mines from up North on Mt. St. Helena are contaminated with mercury.	8/24/2018 2:25 PM
801	Need food composting and plastic recycling services (incl plastic bags)!! Keep going in the health-oriented direction. Incentivize sustainable energy, protect natural habitats, etc. Incentivize drought-tolerant plantings and provide education about this.	8/24/2018 2:25 PM
802	YOu had your chance with Measure C and you blew it. Is it so complicated?	8/24/2018 2:20 PM
803	Encourage new development to implement state of the art water saving technologies. Incentivize use of water catchment systems and other water saving technologies.	8/24/2018 2:20 PM
804	Make green energy options even more accessible and affordable. Install more solar grids on roof tops. Encourage wineries to install solar panels on part of their acreage, with wind-mills in between... Find ways to recycle all plastics, or set up alternatives to make them less commonly used - like the "Green-to-go" program in Durham ( <a href="https://durhamgreentogo.com">https://durhamgreentogo.com</a> ), ban plastic straws in favor of paper straws, banning use of styrofoam products or finding ways to re-use them, or re-cycle them...	8/24/2018 2:19 PM
805	Put the ideas of Measure C into effect Require new development to incorporate forward thinking planning for issues of energy, waste, recycling, transportation develop public-private transit options for workers and visitors	8/24/2018 2:15 PM
806	All of the above	8/24/2018 2:12 PM
807	Napa County should not be afraid to enforce its existing environmental rules and rules relating to development and growth.	8/24/2018 2:12 PM
808	Educate the community on the many environmental initiatives already in place by the grape growing and wine making industry	8/24/2018 2:11 PM

## Napa County Strategic Plan Survey of Community Members

809	California and the Bay Area already have the strictest environmental standards in the world. No need to add further regulations. Help our local citizens and businesses satisfy current local and state wide regulations. Dont pile on!	8/24/2018 2:11 PM
810	All of the above should be a top priority. Once mistakes are made with the environment they can't be undone.	8/24/2018 2:10 PM
811	Stop allowing forests and woodlands to be clear cut for any purpose, including agriculture. Encourage parking lot and rooftop solar, but do not allow agricultural land to be used as a "solar farm." Calling it a farm does not make it agricultural.	8/24/2018 2:10 PM
812	Same as 12	8/24/2018 2:08 PM
813	No more growth and development in ANY urban area.	8/24/2018 2:08 PM
814	I like what the Parks and Open Space department is doing and the Vine Trail is wonderful. We all have to do our part for climate change.	8/24/2018 2:07 PM
815	Response to climate change	8/24/2018 2:05 PM
816	Nothing specific. The County does a stellar job on most of these things and I don't think they can do anything that isn't going to be over burdensome and hardly impactful on climate change.	8/24/2018 2:04 PM
817	Agriculture and Environmental protections are not adversaries. County need to bridge that cavern.	8/24/2018 2:03 PM
818	Stop permits for new vineyards, wineries, event centers for now. Enforce violations for offenses already made. Do not forgive violations already made. County govt gives individuals a hard time but not wine and hospitality industry. BOS appears as a clan to be pro those businesses and not listening to people.	8/24/2018 2:02 PM
819	Response to Climate Change, renewal energy, water and air quality and green business growth	8/24/2018 2:01 PM
820	preserve open space	8/24/2018 1:58 PM
821	Prune fire fuels along county roads. Property owners are already doing a lot, but I have to literally pull my mirrors in on county roads so that branches don't hit my car.	8/24/2018 1:57 PM
822	Support affordable energy alternatives.	8/24/2018 1:57 PM
823	Air quality Impacts of development on water quality	8/24/2018 1:56 PM
824	It is inconceivable that we are having this conversation. Clean water, air, sustainability, recycling are essential to maintaining an environment we can live in. The fact that you would even put this out there this way shows your lack of commitment. Banning the use of pesticides, increasing the setbacks from strams rviers and lakes, banning diversion of streams and rivers for private use should all be implemented now. No county employee who get a car allowance should be allowed to have anything other than a hybrid or zero emissions vehicle, stop subsidizing polluters. Coordinate with other counties and transportation agencies to make mass transit an actually usable option for people.	8/24/2018 1:52 PM
825	Not happy about all the chemicals in the air due to the wine industry-they get too much leeway. BAN Roundup!!! And other toxic chemicals that go into our ground and water.	8/24/2018 1:51 PM
826	Quality water and renewable energy	8/24/2018 1:50 PM
827	Protect water sources without undue and overly complicated burdens being placed on individuals and business	8/24/2018 1:50 PM
828	Growth and development in dedicated urban areas	8/24/2018 1:50 PM
829	Preserving Napa's character by preventing growth of land development.	8/24/2018 1:49 PM
830	Water availability is #1 in priority.Ensuring clean,safe,affordable water to our permanents residents is a must....	8/24/2018 1:47 PM
831	NA	8/24/2018 1:46 PM
832	get behind as much green industry as is possible.	8/24/2018 1:45 PM
833	We have so many regulations today, we don't even know what rules to follow. We have the best air quality in the world. We do more than any other country combined. Enough already.	8/24/2018 1:43 PM
834	Preserve water resources and availability/quality of local groundwater	8/24/2018 1:42 PM
835	no more downtown motels	8/24/2018 1:40 PM
836	Help fund solar power for residents willing to have panels on their property	8/24/2018 1:40 PM
837	air quality	8/24/2018 1:39 PM
838	Honestly, I think this county does a splendid job already.	8/24/2018 1:37 PM

## Napa County Strategic Plan Survey of Community Members

839	WATER. AG use is crazy. Grapes need water, but so will be well. Take charge and meter AG use of ground water in CA. Do more to encourage use of grey water.	8/24/2018 1:33 PM
840	Protect forests from agricultural development. Promote dry farming (as vineyards used to be). Promote energy efficient buildings. Reduce traffic.	8/24/2018 1:25 PM
841	We need to have a sustainable plan for our water, air, and overall environment.	8/24/2018 1:22 PM
842	Purchase Skyline Park from the State; bolster groundwater management practices; encourage sustainable agricultural practices; support water quality regulations at regional and state level	8/24/2018 1:13 PM
843	The regulations in place now are good and accomplish these goals.	8/24/2018 1:09 PM
844	See above. Continue to implement water conservation methods and maintain and support local, county and state parks.	8/24/2018 12:58 PM
845	Recognize what the wine industry is already doing for all of these items.	8/24/2018 12:49 PM
846	you should have supported measure c. implement everything in it. save the wildlife, open spaces, and trees.	8/24/2018 12:47 PM
847	N/A	8/24/2018 11:44 AM

**Q17 Public Safety** What actions do you believe Napa County should take to support Public Safety in our community? As a reminder, in the previous section we defined Public Safety as: Crime and gang prevention programs Rehabilitative services for people in the justice system to support successful re-entry to our communities Behavioral and mental health services Fire and emergency medical services Emergency notifications (e.g. Nixle) Emergency response preparation Community policing Correction and rehabilitation facilities

Answered: 768 Skipped: 1,387

#	RESPONSES	DATE
1	LGBTQI Protections	10/10/2018 9:08 AM
2	Training of first responders on LGBTQ issues.	10/10/2018 8:58 AM
3	Rehabilitation	10/9/2018 11:54 PM
4	Fire, emergency medical services and Nixle are primary given the drought and terrible fires of the last couple of years. Mental health is another primary concern given the number of people who become a public safety issue when their mental illness goes out of control.	10/9/2018 10:54 PM
5	Love our public safety system, proud of their heroic efforts.	10/9/2018 9:56 PM
6	Continue to prevent gang activity and criminal acts	10/9/2018 8:54 PM
7	More school programs, start as young as possible.	10/9/2018 8:09 PM
8	Again programs for behavioral and mental health services would only help us to integrate individuals. During the fires we did not have access to At&t for some time. We need to require redundancy in systems.	10/9/2018 7:13 PM
9	FUND INPATIENT MENTAL HEALTH FACILITIES. KEEP THE KILLERS OFF THE STREETS!! Make people want to support each other and the community. STOP DIVIDING IS WITH TJE POLITICALLY CORRECT " WE HAVE TO DO SOMETHING FOR EACH SEPERATE GROUP" WE ARE AMERIVANS AND CALIFORNIANS. OUR FOUNDING FATHERS WOULD BE HORRIFOED AT HOW WEAK WE ARE MAKING PEOPLE WITH THESE PROGRAMS.	10/9/2018 6:52 PM
10	Crime and gang prevention.	10/9/2018 6:19 PM
11	Ditto	10/9/2018 6:03 PM
12	We're good here	10/9/2018 5:37 PM
13	Already commented on that.	10/9/2018 5:25 PM
14	Make data and demographics transparent for above elements.	10/9/2018 5:23 PM
15	Napa County generally does a good job with its public safety, however, last October's wildfires blew holes in the concept that we were truly prepared for a catastrophic emergency. Napa County is on the right track to respond to the various deficiencies that were highlighted, including improving communication which is the most important thing next to saving lives during an emergency. Communication can be the difference between life and death itself and must be a priority. Nixle is a great start, but more needs to be done.	10/9/2018 4:48 PM
16	Emergency response has been good since the fires and will only get better. The ball is already rolling- focus on new issues.	10/9/2018 4:40 PM
17	More mental health investment as opposed to having people go through the justice system and not receive the restorative just they might need.	10/9/2018 4:32 PM
18	Community policing, crime and gang prevention, fire and emergency medical services	10/9/2018 4:29 PM
19	recognize the hero's of our town that are NOT fire/police, they have WAY to much hero worship already, joe and suzy public does WAY more on average for our community then any cop or fireman	10/9/2018 4:14 PM
20	Please recognize and help fund CERT. Our limited emergency responders are going to be overwhelmed (again) when the next disaster hits!	10/9/2018 4:10 PM

## Napa County Strategic Plan Survey of Community Members

21	Hire a bilingual public information officer for the county so more resources can be put into spanish communications. Establish regular processes/channels for cities and the county to work more collaboratively.	10/9/2018 3:37 PM
22	Publicize the successes of your current programs, especially at the BOS meetings. Just as you introduce new hires to the county, report on new re-entry hires from the criminal Justice system.	10/9/2018 3:23 PM
23	I'm conflicted about law breakers and gangs. I almost think current policy is too lenient, costing way too much. The community as a whole needs funds for the safety of all, not just a problematic bunch.	10/9/2018 3:19 PM
24	Emergency notification, Get ready for the next fire and earthquake, Crime in Napa is not a primary issue.	10/9/2018 3:11 PM
25	crime and gang issues	10/9/2018 2:21 PM
26	Rehabilitative services for people in the justice system to support successful re-entry to our communities	10/9/2018 2:20 PM
27	De-stigmatize minor offenses and incentivize employers to hire convicts on release	10/9/2018 2:19 PM
28	I'm most concerned about rehabilitative/behavioral services and fire/emergency Svcs	10/9/2018 1:57 PM
29	Improve notification systems, not only in emergencies, but also in more common situations. We need to be notified when a road is unexpectedly closed AND when it is re-opened. We should be told about unusual law-enforcement activity. The Sonoma County Sheriff's Office does a good job at this. I added them to my Nixle notification during the fires last fall because the Nunns Fire was approaching me from the Sonoma County direction. I've been impressed by all the information Sonoma County puts out about roads, emergencies, law enforcement activity. It has the added benefit of providing insight into the range of activities the officers deal with on a daily basis. Napa County Sheriff's Office should take a lesson from Sonoma in this regard.	10/9/2018 1:03 PM
30	Trading of rural residents in wildfire prevention and safety	10/9/2018 12:36 PM
31	Mas alumbrado en las calles estan muy oscuras	10/9/2018 9:58 AM
32	Crime & Gang prevention, improved emergency response & and messaging thereof, access to mental health services. Code enforcement of stop lights and stop signs.	10/9/2018 6:24 AM
33	I believe we are sadly lacking in mental health services for large parts of our population.	10/8/2018 5:19 PM
34	Child abuse, domestic violence and sexual abuse programs should be a priority. The long lasting affects of these crimes are related to mental health, substance use, criminal behavior and a repeated cycle of violence and trauma. It costs millions of dollars to the county for criminal justice, health services, mental health services etc. There should be more emphasis on prevention. The lack of Psychiatry, and waiting lists for therapy and drug and alcohol treatment are dangerous.	10/8/2018 3:45 PM
35	Programas de crimen y prevención de pandillas	10/8/2018 3:13 PM
36	Policía comunitaria	10/8/2018 2:54 PM
37	Policía comunitaria	10/8/2018 11:34 AM
38	Emergency response is critical, as we have all seen. Creative and positive approaches to people in the criminal justice system	10/8/2018 10:59 AM
39	Programas de crimen y prevención de pandillas.	10/8/2018 10:42 AM
40	Crime...prevention programs The Sheriff and D.A.'s office need to be proactive, working with city police when necessary, in investigating possible harassment/ hate crimes.	10/8/2018 9:50 AM
41	Infuse equity in all systems. Train public safety officers to recognize and remediate racial and ethnic bias (YES, it happens here!) Hire trained, culturally and linguistically appropriate professionals to assure viable communication with all residents. Prioritize trauma informed, prevention services to reduce the need for expensive mental health interventions.	10/7/2018 7:14 PM
42	I think it is important to focus on mental health, not just for those in crisis, but for teens who are experiencing tremendous stress from social media overload.	10/7/2018 4:07 PM
43	Reinstate mobile mental health crisis units.	10/6/2018 1:03 PM
44	*Crime and gang prevention programs *Rehabilitative services for people in the justice system to support successful re-entry to our communities. *Behavioral and mental health service	10/5/2018 3:19 PM
45	incrementar el sueldo a los policias para tener mas personal de seguridad y asi aumentar la seguridad de la ciudad.	10/5/2018 2:22 PM
46	Fire planning, emergency response, and notification are clearly key for the county.	10/5/2018 11:50 AM

## Napa County Strategic Plan Survey of Community Members

47	Gangs in Napa? Can police pressure them to leave? Keep police presence in gang territory, rather than riding around in tourist area!! Criminals needing rehab? Have judges keep the naughty ones in jail til they get rehabilitation in there.	10/5/2018 11:00 AM
48	Make sure the police works for everyone	10/5/2018 1:20 AM
49	Rehab services are the most essential if we are to be a responsive and responsible society.	10/5/2018 12:44 AM
50	Stuck on stupid behaviors should be privately nipped. Teach . Teach when possible. Investigate when chronic and start nipping.	10/4/2018 5:00 PM
51	Crime and gang prevention programs. Behavioral and mental health services.	10/4/2018 9:22 AM
52	All of the above except for community policing. Not sure how much is necessary.	10/4/2018 8:21 AM
53	Respuesta al cambio del clima.	10/3/2018 6:22 PM
54	Mental health is the key. Also, fully replace the old downtown jail.	10/3/2018 4:33 PM
55	doing a great job... a focus on early childhood development is a great long range approach to these issues.	10/3/2018 11:33 AM
56	Crime and Emergency services always important, and again I think NC does a good job now.	10/3/2018 10:53 AM
57	Make sure gangs are controlled and mentally challenged people are monitored and accounted for	10/2/2018 9:18 PM
58	Conduct Urban Shield exercises	10/2/2018 3:37 PM
59	We obviously need better emergency notifications for disasters like the firestorm.	10/2/2018 12:30 PM
60	gangs, mental health, emergency response including fire, flood, and earthquakes.	10/2/2018 9:58 AM
61	Continued support with personnel and financial resources for available activities and places for ALL ages to enjoy!	10/2/2018 9:54 AM
62	Rehab services for re-entry (or we waste our money) Emergency services	10/1/2018 7:33 PM
63	I'm not super informed about these issues, so have nothing intelligent to add here.	10/1/2018 2:41 PM
64	First, hire culturally representative police officers for whom is being policed. Create simple and accessible processes for accessing crisis, counseling, supported housing. Place that access where homeless people actually are, like in shelters near downtown.	10/1/2018 12:35 PM
65	At risk programs for youth, better mental health sevices , addiction rehab for those that need it	9/30/2018 6:30 PM
66	BUILD SIDEWALKS SO KIDS CAN WALK SAFELY TO SCHOOL. LIGHT UP DANGEROUS PED CROSSINGS LIKE DEL MAR @ HWY 29!	9/30/2018 3:34 PM
67	MORE EDUCATION ABOUT BEING RESPECTFUL OF OTHER PEOPLES RIGHT TO ENJOY PEACE AND QUIET! SCHOOLS SHOULD ALSO TECH CIVILITY AND GOOD MANNERS.	9/30/2018 10:51 AM
68	These are all important areas. I vote for prevention: Places, jobs, internships and activities for youth;, parental training and involvement in all levels of a child's education; preschools in neighborhoods; daycare centers for the elderly; day centers for the homeless. Good luck in raising the money.	9/28/2018 10:29 PM
69	Officers who patrol on foot, bicycle and vehicle. The same officers should, when possible, live in the part of the community they patrol so they can be deeply embedded into the fabric, hopefully reducing fear of police and seeing them as participants in everyday life not only in motor vehicle stops, 911 calls or enforcement check.	9/28/2018 1:27 PM
70	Ensuring that no specific community is targeted when it comes to community policing. Create an environment where every person feels safe regardless of their legal status in this country (i.e. working on being a sanctuary county for this community not just in saying but also actions).	9/28/2018 12:01 PM
71	Programs for youth that create mindfulness. Teach meditation in schools. Create volunteer programs with our youth to help elderly. Have troubled kids work in Urban gardens. Sell the food and create programs from the proceeds.	9/27/2018 3:55 PM
72	Fire and emergency medical services, emergency notifications, emergency response preparation	9/27/2018 2:06 PM
73	Emergency notification, mental healt and community policing	9/27/2018 1:50 PM
74	Most infractions are from a population that won't be leaving our town so it would be in everyone's best interest to have an amazing system in place to better these people	9/26/2018 10:01 PM
75	all of the above	9/26/2018 3:38 PM
76	Cheaper ambulance rides depending on sliding scale.	9/26/2018 3:08 PM
77	I have no answer on how to help people like each other, that is basically what is needed here, how to get along.	9/26/2018 1:08 PM

## Napa County Strategic Plan Survey of Community Members

78	We constantly hear sirens no matter where you are in the city. This could be due to growth or stress on the population due to crowded conditions?	9/26/2018 10:46 AM
79	Rehousing of the the homeless on Franklin street . Maybe a larger center not at that tight intersection ? Have services available to assist onsite where they wait for meals to help guide them or direct them to appropriate services	9/26/2018 8:58 AM
80	A lot has been learned in disaster response. There are always improvements. It is also easy to deprioritize prevention when there have not been big gang incidents, but that is something that keeps it from becoming a huge problem.	9/25/2018 6:57 PM
81	We need to ensure our core services are properly funded.	9/25/2018 3:57 PM
82	Crime and gang prevention programs	9/25/2018 3:51 PM
83	All	9/25/2018 3:00 PM
84	Control gangs!	9/25/2018 9:12 AM
85	I think that all services are working well right now and we have a lot of private assistance	9/25/2018 7:19 AM
86	Police paired with social services are great! Keep it up. I've seen the good results.	9/24/2018 11:45 PM
87	na	9/24/2018 10:58 PM
88	Rehabilitative services for people in the justice system to support successful re-entry to our communities	9/22/2018 9:10 PM
89	I think that having a clean, healthy place to work, to play, to learn, to share with family and friends, to be involved in stimulating and beneficial activities will go a long way with promoting a safer and more respectful community.	9/22/2018 5:08 PM
90	community policing good	9/22/2018 4:36 PM
91	More and meaningful activities for kids, fees for sports activities are too high. The city could subsidize some of these costs for low income families. Team activities bring diverse kids together to reduce the "other " and encourage skills and communication. The recent change to Napa High'S mascot revealed the hidden racism that still exist in our community. High Schools can offer training for emergency preparedness, public saafety ,etc.	9/22/2018 4:00 PM
92	Train police to work with and support all people;emphasize prevention, rehab, mental health vs. punitive.	9/22/2018 3:58 PM
93	all of the above	9/22/2018 2:42 PM
94	More police presence to discourage crime. Napa County and the surrounding cities should coordinate on efforts to reduce gangs, drugs, crime and vagrancy and promote service outreach to encourage users and homeless to get surrport that they need.	9/22/2018 11:58 AM
95	The main focus here should be place on behavioral and mental health and fire and medical services.	9/22/2018 9:50 AM
96	-behavioral and mental services -emergency notification -crime and gang prevention	9/21/2018 10:41 AM
97	Community based policing	9/21/2018 10:31 AM
98	Our bus system is greatly supported by those with behavioral and mental health issues and is a great asset for them.... within the city of Napa.	9/21/2018 8:11 AM
99	Mental health services	9/21/2018 6:18 AM
100	Keep us safe, within reason.	9/20/2018 9:09 PM
101	Be sure that immigrants understand that you won't turn them in to ICE if they use police services	9/20/2018 8:45 PM
102	Keep our kids busy and safe, give certain offenders a second chance.	9/20/2018 7:32 PM
103	I know of instances of police officers citing an innocent Latino but overlooking a violation of a white person. That needs to change.	9/20/2018 2:15 PM
104	Develop more programs for young adults, especially those at risk, to learn sports and or jobs skills to help them find good paying jobs.	9/20/2018 11:44 AM
105	The increased affluence of residents will draw a dark side to our happy homes, highways and streets. Funding law enforcement is critical.	9/20/2018 9:20 AM
106	This needs to be a top priority	9/19/2018 11:14 PM

## Napa County Strategic Plan Survey of Community Members

107	(1) Protect residential areas from Close Proximity Small Cell Microwave Radiating Antennas by requiring that all 5G technology be limited to commercial/industrial areas, away from schools, public meeting places and residential neighborhoods. (2) Look for ways that the county can encourage wineries to collaborate with one another in beginning to provide eco-friendly shuttle service to customers and take responsibility for lessening CO2 emissions in Napa County and improving air quality. (3) Require growers to use agricultural management practices that are low-risk (less toxic and less likely to drift) to neighbors and to inform neighbors of pesticide applications by e-mail in advance of applications. (4) Ban rural residential development in areas of extreme fire danger.	9/19/2018 11:12 PM
108	Reduce medical emergency response to either AMR or Fire Dept...we don't need or want to pay for both. Spend that money on police enforcement and response to all the citizens.	9/19/2018 6:17 PM
109	Fire and emergency services-- include mental and medical services and housing if evacuated	9/19/2018 2:59 PM
110	All of the above Public Safety components are very important to the health and vitality of our county	9/19/2018 1:10 PM
111	Increase moneis for mental health services, which would include job training (and work) for those in our justice system.	9/19/2018 11:29 AM
112	Napa County needs gang prevention programs for youth and rehabilitative services for people in the justice system to re-entry the community.	9/19/2018 11:19 AM
113	The midnight basketball league started in Washington D.C. and I believe is being done in Oakland helps keep at risk young adults focused and off the street.	9/19/2018 4:00 AM
114	Too many cops and aggressive prosecutors.	9/18/2018 11:23 AM
115	Crime and gang prevention	9/18/2018 11:12 AM
116	I think that the county does an outstanding job with public safety	9/18/2018 8:00 AM
117	emergency response prep	9/17/2018 5:13 PM
118	I believe we have a very challenged mental health support system in Napa. I am not sure that we have a growing crime problem? The emergency system I think has been proven to be pretty good from the earthquake to the fires. The fire we had would have never been handled differently because the rapid movement. The fire departments did an excellent job. I believe we should look at CalFire as being a 12 month service, but, I do not think we have any say in the service time. Rehab services in our jals and successful re-entry I didn't think we have that many inmates. The old State Hospital came to our community behind closed doors. I don't believe there are a lot of local Napa inmates house there?. I do not know. I know that the Rehab program the "Family" is gone and probably should be back. I believe that our social medical service Clinic Ole does an excellent job, I don't know who pays for this facility. Who ever runs this is awesome and we should take some notes.	9/17/2018 4:10 PM
119	all the above	9/17/2018 3:38 PM
120	There is a major problem with people speeding down very narrow residential streets day and night in the Westwood neighborhood. Kids play on these streets and there are reckless drivers speeding at least 40mph down what are essentially one lane roads. Also, can something be done about all the Cameros and other muscle cars revving their engines so loudly downtown and in residential neighborhoods? I can't tell you how many times I've been jerked awake by people revving their engines at 2-3am.	9/17/2018 2:17 PM
121	Vet the seasonal labor force for legal status. Remove those who are not here legally. Provide options for youth to stay busy and involved and mitigate the attraction of gangs and acts of boredom	9/17/2018 1:49 PM
122	mental health services, fire and medical services, emergency notifications, emergency response preparation	9/17/2018 1:48 PM
123	Fire and emergency medical services Emergency notifications (e.g. Nixle) •Emergency response preparation Crime and gang prevention programs Behavioral and mental health services Rehabilitative services for people in the justice system to support successful re-entry to our communities	9/17/2018 10:12 AM
124	Believe Napa County is pretty safe, not a priority for next 3 years.	9/16/2018 5:35 PM
125	Continue to be forward thinking and progressive in this area.	9/16/2018 4:14 PM
126	Nixle is great. Be sure people know a better/local number to call (vs. 911) in an emergency close to their home. Promote preventative behavioral and mental health service access (my son says peer counseling in high school does not work because a 15-year old is not going to confide in a same-age non-professional stranger).	9/16/2018 12:36 PM
127	Man all county fire stations with minimum full-time public safety employees and use volunteers as backups.	9/16/2018 12:07 PM

## Napa County Strategic Plan Survey of Community Members

128	Doing something to reduce noise from ungodly loud motorcycles, cars and leaf blowers	9/16/2018 9:20 AM
129	Sustain and/or increase behavioral health services.	9/15/2018 5:21 PM
130	All of above	9/15/2018 1:49 PM
131	We appear to have lower crime compared to surrounding areas. We might be doing something right. Fund mental health. Restrict gun use. Stop focusing on locking people up and building bigger jails. Focus instead on crime prevention.	9/15/2018 12:29 PM
132	Focus resources on preventative programs that are researched and use current best-practices: workforce training, education opportunities, high quality outreach	9/15/2018 12:24 PM
133	all	9/15/2018 12:03 PM
134	enforce traffic laws be more visible have all who come into contact with the public have real, not cursory, training in mental health	9/15/2018 11:38 AM
135	Local governments should have the ability to require mobile phone services to work together-open access for all users-during an emergency. Case in point-last October, those of us with AT&T were handicapped when it came to timely info, relying on radio and Verizon users.	9/15/2018 11:32 AM
136	no suggestions	9/15/2018 11:30 AM
137	Fire and medical services	9/15/2018 9:34 AM
138	Fire and emergency medical services	9/15/2018 8:13 AM
139	Promote the police, fire and medical responders contributions to community	9/14/2018 10:21 PM
140	Fire and medical services.	9/14/2018 9:54 PM
141	Since the 1970's change in policy at the State Hospital there has risen a need for out patient care and control of medications. I believe many people currently homeless are in need of psych care and meds. I don't have an answer for that, but it needs a lot of thought. Crime and gang prevention programs are necessary, but work opportunities would help. Busy people are not likely to get into trouble. Our fire and EMS in the cities and county are doing a great job, however the lack of affordable housing in St. Helena has required the city to hire a couple of full time fire fighters to augment the volunteer program that has served the city from the beginning.	9/14/2018 9:27 PM
142	I would like to commend the upper Napa Valley in their public safety. I know we are run on somewhat of a volunteer basis for our fire department -- but they are great, and we appreciate them. Our police force is nice and adequate. I have not had to use the correction facilities so I cannot appropriately address that.	9/14/2018 9:17 PM
143	Don't know.	9/14/2018 8:33 PM
144	Kind of amusing that I got chastised by the Fire Chief when I said they did not notify us of the fire coming over the mountain from the Sonoma side. (Another county that had dismal notification.) He said "all you had to do was go on Nixle". Not only did I NOT know what Nixle was, but we had NO electric service, NO cell phone service, and NO land line service for three days before we burned to the ground. Gang prevention should also be a priority. Nobody wants to deal with the Nortenos and Sorrenos in Napa.	9/14/2018 8:23 PM
145	get rid of gangs mental health	9/14/2018 8:08 PM
146	Nothing.	9/14/2018 7:51 PM
147	Educate a nuestros jóvenes	9/14/2018 5:13 PM
148	no idea	9/14/2018 2:51 PM
149	A little more 'tough love' enforcement with alternative options to jail. Public program to dignify service to community as alternative to punishment by shame or prison time.	9/14/2018 2:27 PM
150	Rehab an important factor for correctional facilities. We lag behind neighboring counties.	9/14/2018 1:09 PM
151	I am pleased by the number of police officers I see out and about. Hopefully I will never need their direct assistance. I like the idea of rehabilitation for successful reentry, but don't see how that works at the county level.	9/14/2018 12:18 PM
152	Emergency preparedness needs to be multi-county and have regional strategies.	9/14/2018 11:24 AM
153	As mentioned earlier in the survey, I believe that fire prevention (or preventing a wildfire reaching your house) should include an official inspection of every house in high-risk fire areas, and a GRADE being given with a list of ways to address the noted poor practices to get their house READY. Programs that are not measured/inspected don't drive real action that could save homes and lives.	9/14/2018 11:17 AM
154	All a life time of constant need. Resources should always be a priority.	9/14/2018 10:22 AM

## Napa County Strategic Plan Survey of Community Members

155	More emergency response personal, better re-entry programs for those after incarceration or drug and alcohol rehab.	9/13/2018 7:37 PM
156	Everyone should take a self-defense program and take minimum security measures at home. As well as setup emergency procedures for evacuation, sheltering in place. If we had to evacuate for a fire, does anyone know the seniors who need help to leave, and don't have family nearby to help?	9/13/2018 4:40 PM
157	Programa de crimen y prevención de pandillas.	9/13/2018 4:20 PM
158	Servicios de rehabilitación para personas en el sistema de justicia para apoyar el reingreso exitoso a nuestra comunidad	9/13/2018 2:37 PM
159	Make sure families' basic needs are met, assure children of quality education. Give youth activities, so gangs are not the only way of 'belonging.'	9/13/2018 12:35 PM
160	FUND FIRE DEPTS! HAPPY TO VOLUNTEER! MORE FIRES ARE THE FUTURE SO LETS DO EVERYTHING TO BOLSTER THAT	9/13/2018 11:46 AM
161	giving support to behavior and mental health services will eliminate homeless people.	9/13/2018 10:24 AM
162	Improving emergency alert system. Nixle works fine for me, but I imagine it doesn't work well for everyone. I would hope that there was a lot to learn from last year's fires.... and that would inform what changes the county makes.	9/13/2018 10:20 AM
163	Rehabilitative services for people in the justice system to support successful re-entry to our communities Increased Community Policing to include law enforcement of color.	9/13/2018 8:15 AM
164	Crime prevention Faster response times Officers that care or least act like they do	9/13/2018 6:42 AM
165	Have police officers use body cameras and be aware of the mentally ill.	9/12/2018 9:33 PM
166	Police and fire services expanded	9/12/2018 9:26 PM
167	Napa is doing a good job with its emergency services. And should continue to look for ways to continue the job.	9/12/2018 8:47 PM
168	I don't know what the budget is for mental health/substance abuse issues but that underlies the overall problem. More money? It has to be well spent and compliance/followup is crucial.	9/12/2018 7:24 PM
169	More Racially Diverse Public Safety personnel	9/12/2018 7:14 PM
170	Need our own inmate fire services, community policing, inmate ROP PROGRAMING	9/12/2018 5:31 PM
171	Feed nutritious food to the homeless.	9/12/2018 4:47 PM
172	Focus on community safety and protection. Safety of downtown and business areas and safe walkability of communities.	9/12/2018 3:15 PM
173	Work with our state electeds to reorganize CalFire so that fire crews are being effectively managed and deployed. CalFire (management) is a disgrace. Limit development in rural areas and require that it be fire safe.	9/12/2018 3:10 PM
174	Ensure emergency notification & overall community communication plans in place.	9/12/2018 12:20 PM
175	With the devastation of last year's fire so fresh in our minds, emergency response preparedness and notification services like NIXLE are at the top of the list. We need the county to encourage and support neighborhood groups to make plans to protect their individual properties and devote more staff to make sure homeowners are complying.	9/12/2018 11:32 AM
176	Zero tolerance for gangs. Zero.	9/12/2018 10:01 AM
177	emergency response preparation	9/12/2018 9:41 AM
178	Does the county have partnerships with the public to find places and opportunities for individuals re-entering the community? I would think the county would have a full time individual marketing these individuals to all community organizations to reach potential employers. Then they should meet with the employers to see what type of traits they need. Then tailor the rehabilitative services to identify and grow them.	9/12/2018 7:56 AM
179	In the past two years there have been several very visible gang related crimes and suicide attempts. Invest in a stronger police response to the gangs, invest in youth facilities and activities and mental health services for everyone that needs it.	9/12/2018 6:10 AM
180	Preparación para responder emergencias	9/11/2018 10:53 PM
181	Required LGBTQ training for first responders	9/11/2018 6:45 PM
182	Gang prevention programs	9/11/2018 5:11 PM

## Napa County Strategic Plan Survey of Community Members

183	We don't really have much crime in Napa. Emergency services need to have "fire drills". Mental health services should be easy to find, and available. Having walk in clinics would be a help. Bust people for drinking on the streets, publicize AA meetings and sites	9/11/2018 4:32 PM
184	gang prevention programs	9/11/2018 4:04 PM
185	good	9/11/2018 3:51 PM
186	Not sure	9/11/2018 3:28 PM
187	Emergency response preparation has to be front of mind after the fires of the past 13 months.	9/11/2018 3:04 PM
188	Stop criminalizing our people of color, stop criminalizing immigrants. Use proper translation, be accesible 24 hours in multiple languages.	9/11/2018 1:58 PM
189	Napa Police Dept. could use additional officers - there aren't enough patrol cars in certain areas.	9/11/2018 1:27 PM
190	CContinue to develop and publicize the Nixle alert system. Work with the community and neighborhoods on active internal policing/alerts on issues. Community access to safety training in event of emergencies. Better monitoring of homeless particularly in public areas like bicycle paths and Kennedy Park where it can be intimidating to walk at times.	9/11/2018 12:09 PM
191	For Nixle notifications, create standard language requirements for notifications to streamline messages and improve ease of reading. Review standards for when a Nixle notice is appropriate.	9/11/2018 11:12 AM
192	I'm less concerned about crime and more concerned about being ready for the next disaster.	9/11/2018 10:49 AM
193	Crear mas programas para la prevencion de pandillas e implementarlos en las comunidades mas susceptibles a ello. Tener mas policia comunitaria que pueda estar checando el vecindario durante toda la noche, sobre todo las areas que estan mas alejadas de la ciudad porque en ocasiones es donde aprovechan a cometer delitos.	9/11/2018 10:01 AM
194	More community involvement and support	9/10/2018 4:16 PM
195	Being transparent, no profiling, better warning systems and safety exits and visibility of law enforcement. Focus on prevention and public awareness with tracking of how many citizens follow up on advice.	9/10/2018 4:07 PM
196	I have served on a jury that involved gang crime. Definitely keeping special agents on the task force is vital. Continue teaching our young high school students Don't Drink & Drive. Likely a new program against soft drugs such as not taking recreational marijuana will have to be introduced. Creating effective policy and tests (performed by police and sheriff) for those who use marijuana or prescription drugs on the job whether county employed or not.	9/10/2018 3:50 PM
197	Finding jobs is one thing, but jobs for the recently incarcerated won't pay for any type of home/living which is currently available in Napa.	9/10/2018 3:37 PM
198	As a volunteer fireman, make it easier to bring people in. Regulations that result in more training and not more people or safer people	9/10/2018 3:28 PM
199	All public safety officers must be trained in how to address folks with mental issues. Shooting folks with mental issues, rather than first trying to deescalate a situation, is a moral imperative. Our Nixle system must also be substantially improved to work during emergencies when electric lines are down or shut off.	9/10/2018 3:15 PM
200	Rehabilitative services for all	9/10/2018 1:53 PM
201	Build the 100 year flood wall. Utilize old fashioned emergency communication techniques, like the siren and battery-operated radios. These old technologies were more reliable in earthquake, fire and power outage.	9/10/2018 1:47 PM
202	Should be building a jail in partnership with other counties which have excess room. The small, very expensive "re-entry" facility is a mistake.	9/10/2018 1:46 PM
203	Mental Health Services are very important. The system needs to be more efficient. There needs to be quality mental health therapists and not just quantity. There needs to be psychologists on staff. There needs to therapists in schools for long term case management	9/10/2018 1:35 PM
204	Build on current programs and services for improvement	9/10/2018 1:17 PM
205	help households develop emergency plans. Offer supplies.	9/10/2018 1:10 PM
206	Crime is not nearly as great a problem as protecting our environment.	9/10/2018 1:00 PM
207	Increase rehabilitative services.	9/10/2018 11:49 AM
208	Behavioral and mental health services.	9/10/2018 11:46 AM
209	More behavioral health services in schools and communities.	9/10/2018 9:50 AM
210	More funded busyness of the mental health system	9/10/2018 9:32 AM

## Napa County Strategic Plan Survey of Community Members

211	Our police force have done a great job of gang control. Just keep it up. Make sure they have the tools they need. Rehabilitation is good for community health.	9/9/2018 8:13 PM
212	Maintain current operations.	9/9/2018 6:07 PM
213	no answer	9/9/2018 4:58 PM
214	Nixle is a great service, if you are tech savvy. Fire and emergency seems to be working. Would be good to know the rate of gang recidivism in Napa.	9/9/2018 11:53 AM
215	Better coordination of these programs to reduce conflicting and duplicative services at cost.	9/9/2018 11:40 AM
216	Behavioural and mental health services.	9/9/2018 11:19 AM
217	Increase taxes to pay for programs and services for services.	9/8/2018 8:07 AM
218	successful re-entry in the community.	9/7/2018 9:26 PM
219	Adequate financial resources in each of these areas.	9/7/2018 3:31 PM
220	Rehabilitative services for people in the justice system to support successful re-entry to our communities.	9/7/2018 2:27 PM
221	Focus on major crime issues. Stop using Fines and police fees as a revenue source-Stop the saturation patrols aimed at building statistical justification for increased police presence. Stop overcharging for minor Penal Code Violations. Our D.A. is not automatically getting rid of Marijuana related records but instead trying to make this practice a revenue source unlike neighboring counties who view this expungement as a service to unjustly punished citizens.	9/7/2018 12:43 PM
222	Not sure. As I understand it, people of whom are in corrections and law enforcement are having major moral issues.	9/7/2018 11:23 AM
223	Increase access to emergency preparedness education and information to underserved communities in Napa by providing resources in different languages and contexts.	9/7/2018 10:01 AM
224	Proveer un salario justo para el personal de seguridad publica, publica, incrementar el numero vigilanncia policial en diferentes areas, lo cual area una ciudad segura,y habra prevencion de crimenes y crecimiento de pandillas ,ahora las personas han dejado de visitar parques y centro de recreacin por la inseguridad que existe y la falta de vigilancia.	9/7/2018 9:08 AM
225	Accessible training courses and/or awareness via social media for these types of services.	9/7/2018 9:01 AM
226	Have actual Spanish speakers translating Nixle. It is dangerous and ridiculous to expect Spanish individuals to understand a computer translated emergency. And even more ridiculous is putting a burden on young Bilingual speakers to translate for parents. Get someone that can do the translations, or else the emergency system of Nixle is excluding and discriminating against Spanish speakers, Latinos, etc.	9/7/2018 8:17 AM
227	Public Safety is adequately funded in Napa County. The efficiency of services must be improved.	9/6/2018 10:50 PM
228	Provide a combination of Hope (to keep people within the law), Medical care/counseling (instead of criminalizing addition),	9/6/2018 4:32 PM
229	integrated mental health services	9/6/2018 3:40 PM
230	Increase mental health services for homeless and migrant individuals	9/6/2018 3:30 PM
231	Public safety should always be the number 1 priority in any community, thus including all of these programs.	9/6/2018 2:24 PM
232	While Napa does well in this, they need to increase focus on community policing.	9/6/2018 1:47 PM
233	Continue to refine our disaster preparedness and communication/community outreach.	9/6/2018 11:48 AM
234	Programas de crimen y prevención de pandillas.	9/6/2018 11:07 AM
235	Mental health services need to be improved to some degree as do rehabilitation in the justice system. I see very little use of social rehab. in the criminal justice system. An individual goes to jail, and is released with few re-entry skills. I have seen individuals offered drug re-hab. and the 23 years I worked as a Substance Abuse Counselor I did see considerable success with this but certainly it could use improvement.	9/6/2018 9:41 AM
236	More community policing is needed downtown among those doing and selling drugs, crime and gang prevention and behavioral/mental health services are also important. Emergency response has emerged as one of the biggest priorities in Napa and throughout the State.	9/6/2018 8:45 AM
237	There needs to be more community policing in certain areas in the community. Also needs to improve the rehabilitative services for people in the justice system when they re-enter the community. Job opportunities available with support with housing.	9/6/2018 8:40 AM
238	The bike path between Lincoln and Trancas in the City of Napa seems to be a draw for sketchy characters and people selling drugs.	9/6/2018 8:38 AM

## Napa County Strategic Plan Survey of Community Members

239	Support a responsive Public Safety force	9/6/2018 8:03 AM
240	sufficient regulation exists. Not a priority.	9/6/2018 6:23 AM
241	more public announcements on phones	9/5/2018 6:59 PM
242	None	9/5/2018 6:03 PM
243	Continue to support the mission of Napa Fire Wise.	9/5/2018 4:44 PM
244	Community policing and a focus on rehabilitation and prevention as opposed to incarceration. And fix the emergence notification systems, what happened during the fires was unacceptable, but I'm sure you understand that at this point.	9/5/2018 4:02 PM
245	We will face another major fire in 3-5yrs. We need to do better than we did.	9/5/2018 2:48 PM
246	Emergency response should be bilingual at all times.	9/5/2018 2:12 PM
247	Good translations and information by Nixle	9/5/2018 1:46 PM
248	Rehabilitative services for people in the justice system	9/5/2018 12:42 PM
249	emergency response prep and forest management	9/5/2018 12:40 PM
250	What are the threats and their risks/impacts, to prioritize resources?	9/5/2018 12:20 PM
251	Tener traductores para las notificaciones de emergencia. Alguien que domine perfectamente el idioma.	9/5/2018 11:39 AM
252	Servicios de reciclaje de basura y comportase \ n	9/5/2018 11:37 AM
253	Notificaciones de emergencia (por ejemplo, Nixle) \	9/5/2018 10:57 AM
254	Educating the community about all of the above. continue using nixle i find it very useful especially during the fires. Sharing information in Spanish many times its just in english and we should get our spanish speaking community involved to learn about the public safety.	9/5/2018 10:27 AM
255	Continue to support our public safety officers.	9/5/2018 10:20 AM
256	No comments on this	9/5/2018 9:14 AM
257	Community policing	9/5/2018 8:50 AM
258	All Nixle alerts need to be sent out in English and Spanish b/c currently only the "really" important ones and ONLY sometimes get sent out in both languages.	9/5/2018 8:43 AM
259	Nixle should not be covering fire issues unless verified by fire personnel. Last year they inspired panic many times in geyserville with simply wrong warnings, the fire dept literally told us to ignore them	9/5/2018 8:39 AM
260	Activities that engage people in healthy relationships. More inter generational opportunities. More law enforcement officers.	9/5/2018 8:13 AM
261	Responsive mental health services	9/4/2018 11:27 PM
262	Behavioral and mental health services should be primary focus as it addresses a number of these systems.	9/4/2018 8:34 PM
263	Fire in unincorporated	9/4/2018 6:33 PM
264	Increase community policing practices. Consider outsourcing Jail services. Increase fire and emergency medical services, as our population is aging rapidly, these services will become increasingly important.	9/4/2018 5:52 PM
265	Keep our not-for-profits well-funded to provide the safety net that keeps residents out of crime and invest heavily in emergency preparedness... especially in a reverse-911 system.	9/4/2018 5:33 PM
266	Behavior and mental health services are directly related to much of the service needed to reduce the need for other services.	9/4/2018 5:20 PM
267	Napa is relatively safe with low crime. There are never enough public safety officers to cover what is needed. Find ways to employ more staff in all sectors-perhaps providing housing or access to more affordable housing will attract officers to the area	9/4/2018 5:19 PM
268	Nixle alerts, fire and emergency medical services, and emergency response preparation	9/4/2018 1:49 PM
269	Streamline process for gaining more volunteer firefighters and their access to certifications and qualifications.	9/4/2018 12:18 PM
270	mas vigilancia en las escuelas	9/4/2018 12:00 PM
271	County mental health could improved by providing individual therapy.	9/4/2018 11:34 AM
272	Additional public funding and support for community mental health services.	9/4/2018 11:15 AM

## Napa County Strategic Plan Survey of Community Members

273	Heighten efforts to control and eliminate gang violence in Napa County. Heighten funding for proactive fire prevention in the incorporated areas of the County.	9/4/2018 10:22 AM
274	More mental health services in Napa. Stop using police officers as counselors and hire mental health professionals in the department to work with highway jumpers, homeless, etc	9/4/2018 10:12 AM
275	Continue the community education programs i.e. Sheriff's Academy, whereby citizens can learn and become involved in respecting and helping their law enforcement do their job.	9/3/2018 8:36 PM
276	Provide meaningful career development opportunities for at-risk youth. Mentoring programs would be great! Lessons learned in recent natural disasters including fire, earthquake, and drought should be captured and leveraged before they are forgotten. All of these are sure to happen again. A formal stakeholder process to gather residents' input would be invaluable to planning efforts.	9/3/2018 7:56 PM
277	More aggressive mental health programs, faster Nixle in rural areas, rural policing	9/3/2018 5:02 PM
278	Innovate approaches to policing that focus on prevention and rehabilitation.	9/3/2018 3:41 PM
279	Support robust k-12 education with programs to help at-risk youth.	9/3/2018 2:17 PM
280	Law enforcement needs to be more community-based - officers need to get to know the people they are working with.	9/3/2018 12:39 PM
281	Behavioral and mental health services go hand in hand with so many other services we've discussed. You can't have good mental health without food, housing and recreation.	9/3/2018 11:52 AM
282	spend more time with people before they get arrested rather than building bigger jails.	9/3/2018 11:40 AM
283	More work in the schools with programs done in cooperation with our very good Sheriff.	9/3/2018 9:47 AM
284	I like the uptick in engagement that I'm seeing, and the responsiveness of enforcement. More is need for the most vulnerable, the underserved, the youth. Diversity (race, religion, gender preference), community engagement and building continue-at the schools (the college on down) community centers (senior, youth, parks..). Have you volunteered today?	9/3/2018 6:54 AM
285	Huge strides in some of above have been made with the earthquake & fires but bore specific areas where glitches seem to occur should receive focus.	9/3/2018 3:46 AM
286	All of above	9/2/2018 10:39 PM
287	More gang prevention awareness at the middle and high school level is vital. More opportunities that appeal to the Hispanic youth that provide camaraderie and a sense of belonging is important.	9/2/2018 7:55 PM
288	Businesses that have workers receiving public services because they don't pay a living wage should reimburse the county.	9/2/2018 2:05 PM
289	Rehabilitation approach is critical. Re entry programs important	9/2/2018 1:17 PM
290	Encourage neighborhood watch group	9/2/2018 11:50 AM
291	Emergency response preparation & emergency notifications broken down by neighborhood; affordable access of behavioral & mental services to middle income families.	9/2/2018 11:09 AM
292	I believe we need a support-other than the crisis center, where people can get access to mental health support when they need it. Perhaps a clinic type of space (like the small medical clinics popping up) where someone could be taken for a non emergency, but receive immediate care and support for an issue that needs professional support to help to resolve. Again, I am thinking about my young students/families who need care and are put on year long wait lists.	9/2/2018 8:07 AM
293	deportation of illegal immigrant felons, cooperate and collaborate with federal agencies	9/2/2018 6:54 AM
294	I think we have done a good job keeping our community safe and have learned a lot from the recent earthquake and fires. Need to stress individual family and business preparedness.	9/2/2018 4:48 AM
295	Napa feels quite safe. Keep on keeping on!	9/1/2018 8:16 PM
296	REHAB FOR THOSE IN THE JUSTICE SYSTEM MAY (NOTE MAY) HELP THOSE WHO WANT TO CHANGE. BEHAVIORAL AND MENTAL HEALTH SERVICES WOULD ALSO BE IMPORTANT.	9/1/2018 7:16 PM
297	We're pretty safe in Napa.	9/1/2018 4:59 PM
298	Don't encourage the homeless to stay homeless. Napa County should engage in Nextdoor and more community policing by driving through and make neighborhoods their route. I think better communication for Community emergency (such as fires) a Nixle notification should be sent to all Neighborhood Watch people from the officer they are connected to for that neighborhood. I agree with crime and gang prevention programs in our school districts and bring back "Driver's Education" in the school district so our children can be better drivers than their parents.	9/1/2018 4:28 PM

## Napa County Strategic Plan Survey of Community Members

299	need more complete crime reports in local paper; Co needs to up support and funding of CERTS; stop duplicate nixle notifications - way too many identical from too many agencies - redundancy and waste	9/1/2018 4:00 PM
300	All of the above are essential to a healthy community.	9/1/2018 4:00 PM
301	Behavioral and mental health services	9/1/2018 3:32 PM
302	All of the above	9/1/2018 1:18 PM
303	A recent encounter with a local police officer informed me that criminals are being arrested , but not jailed. As a result, there are criminals wo have been arrested 30 plus times for burglary and are free to roam.	9/1/2018 12:25 PM
304	We must have a safe jail and services to support people in recovery; behavioral health and job training. Transition services are needed	9/1/2018 10:35 AM
305	Support more neighborhood watch programs	9/1/2018 8:41 AM
306	Community policing and support for NPD Crime and gang prevention	9/1/2018 8:41 AM
307	Nixle is great. Thank you. Gang prevention also seems to be working. Napa was tested greatly with the earthquake and recent fires. I think it did very well given the ferocity of the natural disasters and appreciate the reflection and improvements made following.	9/1/2018 8:31 AM
308	Programs to prevent Recidivism need emphasis.	9/1/2018 8:13 AM
309	Digitalize map of all fire hydrants.Police speeders on Silverado.Keep gang policing in place.	9/1/2018 7:40 AM
310	Actual consequences for those convicted.	9/1/2018 5:49 AM
311	not a big deal, we waste resources on crime - it isn't a problem in Napa	8/31/2018 10:48 PM
312	Encourage residents to be aware of dangers to safety in the communities and report same to responsible authorities.	8/31/2018 10:26 PM
313	Community policing and shutting down the homeless riverside encampments.	8/31/2018 9:37 PM
314	Create jobs rehabilitation n education of workforce living wages.	8/31/2018 8:19 PM
315	Be less forgiving to illegals who have come to this country and are disrespectful about how we got to where we are today.	8/31/2018 6:46 PM
316	Lowering the speed limit on rural roads especially the limits that were raised recently. I	8/31/2018 6:33 PM
317	All are a part of a healthy community; I can't imagine removing any of these from the list	8/31/2018 6:24 PM
318	Emergency notification remains a concern, as evidenced by the 2017 fire response.	8/31/2018 5:47 PM
319	More funding for law enforcement, including probation and the Napa district attorney's office. Also, lobbying the the state legislature for changes to help these agencies do their work.	8/31/2018 5:43 PM
320	NPD are superstars.	8/31/2018 4:37 PM
321	ER preparation could include such things as how to obtain or cleanse water, how to communicate without cell phones, and perhaps a "tag" system (bicycle pony express?), for neighbors to check on neighbors and communicate with different neighborhoods.	8/31/2018 4:32 PM
322	New jail	8/31/2018 2:47 PM
323	very imporatin but at time can not think of ideas, easier to get and know about. jails should be like like crimes service such as drug affencder not with beaters	8/31/2018 2:27 PM
324	Some sensitivity and awareness training - particularly for the Sheriff's dept.	8/31/2018 2:21 PM
325	Safety first	8/31/2018 12:30 PM
326	During the October 2017 wildfires, it appeared that the County was not prepared to provide information to monolingual Spanish speakers. The County should work to ensure that accurate information is available in appropriate languages at all times, and especially during emergencies.	8/31/2018 11:56 AM
327	Help homeowners understand the kind of insurance they really need, based on what fire-impacted homeowners learned from the most recent disaster.	8/31/2018 11:40 AM
328	Again, as a parent I worry about crime and gangs. I also feel that incarceration is unlikely to improve those issues; we need rehabilitative programs or even better, programs that provide accessible and useful support before we get to the level of crime or gangs.	8/31/2018 11:40 AM
329	Crime and gang prevention programs	8/31/2018 11:32 AM

## Napa County Strategic Plan Survey of Community Members

330	-To Ensure all of Nixle message are in english and in spanish. I fin spanish that is not only translated from the english version but also culturrally comptenent and reflective of the population's needs. -The County's Next PIO to be bilingual/bicultural. -That the county, cities and schools are working together.	8/31/2018 11:25 AM
331	Crime and gang prevention programs along with behavioral and mental health services should be a top priority.	8/31/2018 11:24 AM
332	Crime and gang prevention programs, community policing, rehabilitation services, emergency response preparation.	8/31/2018 11:05 AM
333	Rehabilitation programs	8/31/2018 10:58 AM
334	Continue community policing and ensure we continue dialog between law enforcement and our Latino and other ethnic communities.	8/31/2018 9:24 AM
335	emergency response preparation emergency notification	8/31/2018 8:55 AM
336	behavioral and mental health services!!! fire and emergency services	8/31/2018 7:50 AM
337	another item to add to all age/school levels, emotional coping skills education, zero tolerance for bullying	8/31/2018 6:19 AM
338	Public safety? How about nailing people who text and drive with massive fines. This situation has become extremely dangerous and today's population are addicted to cell phones. Listen to KCBS traffic reports. There are hundreds and hundreds of accidents each month. It was NEVER like this before. I am far more concerned for my safety as it relates to texting and driving than any gang activity. You see it also. You know.	8/31/2018 1:16 AM
339	Mental health and homeless services.	8/30/2018 6:46 PM
340	Zero tolerance on the gang development. Education at elementary level. Mental health services more available.	8/30/2018 5:04 PM
341	Mental health services is most important and community policing	8/30/2018 4:26 PM
342	Community policing, give every single officer deescalation training.	8/30/2018 4:19 PM
343	All aspects of Public Safety need to be addressed and more employees assigned to the specific areas above.	8/30/2018 3:49 PM
344	Community policing, Crime and gang prevention programs	8/30/2018 3:18 PM
345	unsure but all are important	8/30/2018 2:41 PM
346	Maintain current services	8/30/2018 2:33 PM
347	Create a bridge for re-entry, both through education and training as well as job placement.	8/30/2018 2:20 PM
348	More programs to address homelessness so that we don't have so many people who are homeless downtown, rehab services for people in the justice system so they can contribute to the Napa economy.	8/30/2018 1:21 PM
349	fire preparedness	8/30/2018 1:03 PM
350	Diversity emergency responder hiring along race, gender, sexual orientation, faith/spirituality to increase community trust and relationship. Training specific to law enforcement on Fair and Impartial policing like NYC is doing. Stop using Google translate for Nixle, stronger investment in EFFECTIVE wrap around services between corrections, mental health, substance abuse, and educational systems	8/30/2018 12:49 PM
351	Prevention and compassionate wrap around re-entry programs.	8/30/2018 11:51 AM
352	Community policing solves a lot of problems before they get larger.	8/30/2018 11:19 AM
353	My concerns stem from the homelessness population and behavioral and mental health services. Many of these wayward folks have real mental issues that seem to ignored.	8/30/2018 10:46 AM
354	While all the above are important, I would stress behavioral and mental health services, and rehabilitative services for people in the justice system to support successful re-entry into our communities.	8/30/2018 10:34 AM
355	Nixle can be better - there are tech tools and communication plans that could be implemented	8/30/2018 10:16 AM
356	Community policing	8/30/2018 8:32 AM
357	Doing OK	8/30/2018 7:05 AM
358	Offer more services to high school and junior high school age youth to	8/30/2018 3:37 AM

## Napa County Strategic Plan Survey of Community Members

359	Emergency preparedness because it was a holy mess when the fire hit! No communication and at risk people being put in danger because staff can't make educated calls on a situational basis. Also zero response from government to neighborhood communities who can help and organize our own areas.	8/29/2018 10:12 PM
360	Fire and emergency; mental health services	8/29/2018 10:08 PM
361	Behavioral and mental health services especially for the homeless need to be greatly expanded. We need to make sure that we are preventing future high cost with senseable services in the present. If only we could print money!	8/29/2018 9:47 PM
362	Emphasize community policing via emphasizing such in law enforcement academy training.	8/29/2018 9:29 PM
363	More spanish speaking cops.	8/29/2018 9:25 PM
364	Crime and gang prevention programs	8/29/2018 9:08 PM
365	Do not lock them up in Napa.. make them go back to where they came from	8/29/2018 8:41 PM
366	Ensure we have enough Sherrif and police officers and firefighters and paramedics for our population, taking into account the amount of tourist that come and go. Do this by using standards from each of the given public safety divisions.	8/29/2018 8:19 PM
367	Police the police. Recruit intelligent, educated, diverse backgrounds (women, gay, minorities, older) for police, not angry hotheads who have a beef against society.	8/29/2018 8:09 PM
368	Public safety is well-managed, and we're very grateful for it. Continued and improving emergency preparedness is clearly needed given recent events.	8/29/2018 7:04 PM
369	Improve emergency notification, use convicts to help cut grass along county roads, support the upvalley volunteer fire departments.	8/29/2018 6:55 PM
370	I feel that the County is doing a good job in this area.	8/29/2018 6:50 PM
371	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
372	Police Excessive use of force and hiring of suitable candidates needs examination. Yes to community policing. Increased Mental Health services.	8/29/2018 6:20 PM
373	Stronger enforcement against gangs.	8/29/2018 6:14 PM
374	I am sure there is gang activity, but is far outside of my range. I trust the county to be dealing with this issue appropriately. I love Nixle, and I think Napa has done a great job through emergencies (thank you!). A better jail facility- absolutely. would love to see it leave downtown Napa, but understand that may not be a reasonable action at this time.	8/29/2018 6:09 PM
375	policia comunitaria. Mas fondos para prevencion de estos temas (clases para padres de como criar a sus hijos, clases para parejas, etc.)	8/29/2018 5:59 PM
376	There needs to be more police officers on the street patrolling.	8/29/2018 5:27 PM
377	Help rehabbed felons find jobs w/a living wage, perhaps by partnering with local businesses. Rethink size of new jail in light of new CA law eliminating bail.	8/29/2018 5:16 PM
378	Focus funding on rehabilitation	8/29/2018 5:04 PM
379	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
380	Initiate mental health facilities in every community, available to all. Pay the firefighters. Hold climate change resilience classes for local people.	8/29/2018 4:03 PM
381	Focus on gangs before we become Vallejo. Stopping gangs is hard, but reversing the process is harder.	8/29/2018 3:58 PM
382	Crime and gang prevention programs	8/29/2018 3:56 PM
383	We like the Nixle alerts and they helped greatly during the fires in 2017. However recently we started receiving the alerts in spanish even though we are registered just for English.	8/29/2018 3:54 PM
384	-We've had our share of emergencies and have learned from each one. It will never be perfect but we have to keep trying. Emergency response preparation is important, but steps need to be taken to prevent the devastation experienced last fall. We have to start working to prevent fires and more easily contain them when they occur.. Controlled burns? Forest thinning? Creating and maintaining fire breaks? Zoning to restrict construction in high risk areas? Power lines put under ground? These are the costs of living with global warming and an increasing population.	8/29/2018 3:44 PM
385	Rely on the visual of emergency vehicles at night and silence the sirens as best as possible from 11p-4a. Children need sleep and so do their parents.	8/29/2018 3:22 PM

## Napa County Strategic Plan Survey of Community Members

386	Emergency notifications and mental health services are the top priorities here - fire and police are more than well funded, and crime is nearly non-existent.	8/29/2018 3:18 PM
387	Volunteers....even involve kids and young people to create a more creative and conscious involvement.	8/29/2018 3:13 PM
388	Emergency response preparation	8/29/2018 3:13 PM
389	Community policing is important and has a big payback IMO	8/29/2018 3:04 PM
390	From bars to community service programs are both rehabilitating and cost savers. I believe better sentencing and opportunities for inmates and parolees should be considered through community service programs in and around the County.	8/29/2018 2:59 PM
391	What is happening.	8/29/2018 1:09 PM
392	Behavioral and mental health services--this is worsening and we need more access for mild to moderate mental illness, as well as more drug treatment services. Fire and emergency medical services--we will see more wildfires Emergency response preparation--we need our residents ready individually for preparedness and not just relying on the government. Sometimes common sense goes out the door during emergencies. Rehabilitative services for people in the justice system to support successful re-entry to our communities	8/29/2018 12:26 PM
393	Insure we have enough well trained emergency personnel and insure they co Continue to meet standards. Keep numbers up, and availability high.enforce the law...when leadership ignores the law, all ends up failing.	8/29/2018 11:53 AM
394	Train first responders about mental health.	8/29/2018 10:45 AM
395	Crime and gang prevention programs. Nixle is not working.	8/29/2018 10:37 AM
396	Nixle is just insane, maybe if it just alerted folks to actual emergency situations and bike races all day long.....show support for our local police and fire departments, they do a darn hard job and get no respect- compassion starts at home	8/29/2018 10:26 AM
397	Feet on the street. Looking, talking, helping.	8/29/2018 10:19 AM
398	You seem to do a pretty good job in this area. Keep up the community policing.	8/29/2018 10:15 AM
399	Improve emergency notification or fire, earthquake, or other disasters. Use multiple techniques/approaches.	8/29/2018 10:07 AM
400	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
401	Create more programs to engage youth may help. As well, better policing of neighborhoods and downtown by actually walking among folks not just driving by.	8/29/2018 8:52 AM
402	Mental health services that do not require insurance	8/29/2018 8:46 AM
403	Community policing with the sheriff's dept would be nice.	8/29/2018 8:45 AM
404	All of the above. Get us a simple wildfire warning system. Nixie didn't work.	8/29/2018 8:15 AM
405	Crime & gang prevention and emergency responses should be a priority	8/29/2018 8:03 AM
406	Important	8/29/2018 6:18 AM
407	Community policing	8/29/2018 5:37 AM
408	Police could benefit from being more engaged with the community. I.E. respond times are slow and there has been no visible interaction between Napa Police and the community outside of arrest/incarceration	8/29/2018 4:53 AM
409	More arrests of bums, homeless campers, etc.	8/29/2018 4:36 AM
410	Eliminate entitlement ethos of hate and disenfranchisement in the schools and in local politics to decrease crime.	8/28/2018 11:50 PM
411	No opinion	8/28/2018 11:33 PM
412	A system of sirens (like tornado sirens) in rural areas to inform residents of evacuations. Nixle doesn't work in areas where cell phone reception is limited.	8/28/2018 10:45 PM
413	This is an ongoing problem. Keep up the great work.	8/28/2018 10:44 PM
414	Support more events that let residents interact with police and emergency responders. Encourage community participation and rehabilitation through education.	8/28/2018 10:33 PM
415	Behavioral and mental health services are extremely important in the world today, as we see young people committing suicide, or attacking people like at the Veterans Home earlier this year. Society is in crisis, and we need more correction and rehab facilities so people have safe places to recover.	8/28/2018 10:22 PM

## Napa County Strategic Plan Survey of Community Members

416	Fire, emergency, nixle	8/28/2018 10:16 PM
417	Programs that maintain active youth in a positive way, and violence decreases automatically	8/28/2018 10:06 PM
418	More enforcement on rural roads, especially for illegal dumping, littering, abandoned vehicles, reckless driving, etc. Improve Nixle by only notifying of emergencies. Bicycle events should not be included as an alert.	8/28/2018 10:04 PM
419	put offenders in jail. Hit and run is a misdemeanor now, how is that possible? Once again so much is put back on the people vs the police where it belongs	8/28/2018 9:26 PM
420	All of these are important	8/28/2018 9:19 PM
421	More programs like Teens Connect. More peer teen facilitators/leadership to make change	8/28/2018 9:18 PM
422	ALL of these are vital for Napa to be a safe and vibrant community	8/28/2018 9:17 PM
423	Community policing, stop policing via speeding tickets, get out of your cars and do the hard polcing work	8/28/2018 9:09 PM
424	Nixle communications during County emergencies like wildfires should improve. Otherwise, the County is doing a great job on public safety.	8/28/2018 9:05 PM
425	Crime and gang prevention programs are essential in Napa County and action should be taken to fund appropriately. Due to an increase in the homeless population, action should be taken to fund mental health and related support services.	8/28/2018 8:55 PM
426	emergency response preparation	8/28/2018 8:46 PM
427	As above. Where's the money coming from?	8/28/2018 8:46 PM
428	More outreach and education to target audiences; build more partnerships with local business, NGOS, community groups, religious organizations, etc. that can help be part of the solutions.	8/28/2018 8:46 PM
429	Emergency response prep and training for citizens.	8/28/2018 8:32 PM
430	Emergency Notification programs/apps on people's phones, and ensure you have adequate staff to post the notifications in a timely manner.	8/28/2018 8:27 PM
431	Mental health needs to be as easily accessible as a gun. I love Nixle. Everyone needs to be more prepared for disaster. I'm not sure how to do it, but I have seen year after year that people aren't ready. I'm not up to date on jail and rehabilitation	8/28/2018 7:48 PM
432	Countywide gang taskforce to put the pressure on gangs. Fire agencies should be able to function at an emergency as one department. Policies, tactics, communications should be standardized. Community emergency notification systems should be state of the art and have some redundancy. Law enforcement should also be able to function as one unit because of standardized policies, tactics and communication systems Cell towers and governmental communication facilities and infrastructure should be hardened to be able to withstand natural disasters and terrorism.	8/28/2018 7:29 PM
433	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
434	See response in section 13	8/28/2018 6:50 PM
435	Responsiveness & action for drug & gang related activities.	8/28/2018 6:46 PM
436	I believe the county is in good shape with this.	8/28/2018 6:42 PM
437	Emeergency response preparation	8/28/2018 6:38 PM
438	Adequate funding	8/28/2018 6:03 PM
439	I feel our emergency response or community preparation for natural disasters could have a greater focus being that we have had to deal with a lot of recent wildfires in Northern California. We need to be better prepared for the future as a community. I really appreciate nixle as a community wide emergency notification system. I wished I would've known about it during the October 2017 fires.	8/28/2018 6:00 PM
440	Emphasis on rehabilitative services for people in justice system	8/28/2018 5:57 PM
441	Napa County is already doing a great job in this sector..once again it is about educating our community as to what is available and how they can assist.	8/28/2018 5:52 PM
442	emergency notifications in time of disasters - people on Atlas Road were not notified - as well as some other areas - put up horns or something similar	8/28/2018 5:37 PM
443	Volunteer fire departments are a vital part of California counties, including Napa. Support that ensures the viability of this local resource is important. That support, both from CalFire and County Fire, is lacking. One wonders if there is an intention to eliminate volunteer fire departments, and if so, why?	8/28/2018 5:37 PM

## Napa County Strategic Plan Survey of Community Members

444	I believe re-habilitation programs and re-entry programs are vital. People within correctional facilities do not need lots of gym equipment to make themselves physically stronger but reasons to exercise their minds and learn new skills so they can succeed on the "outside." Need to do something about giving those who have paid their debt to society to go straight, not be further punished by higher auto insurance premiums. They need cars or good public transportation to get to jobs so they can become self-supporting, responsible citizens. Years ago when I worked in an insurance office a customer was turned down because he had a record. "Assigned risk" is VERY pricey, yet the man was really trying to turn over a new leaf, needing to support himself honestly. He felt very discouraged at his chances because of discriminatory housing/insurance/job policies. Yes, employers and businesses need to have people who will be honest citizens but sometimes people need a hand up to get over these hurdles.	8/28/2018 5:37 PM
445	Last year's firestorm should have been a wake-up call to how ineffective emergency notification systems and coordination was. The fact that there was an opt-in only system for people to get out-of-date information was appalling. There needs to be more up-to-date info and emergency services need to use SMS texts and Twitter to keep everyone informed.	8/28/2018 5:18 PM
446	Prevent crime rather than fight it. Community policing, prevention programs of all sorts, rehab programs. And emergency response and services is a high priority, as the October 2017 fires proved.	8/28/2018 5:11 PM
447	I think education and job training in the justice system should be a must for those without a GED and who really can be rehabilitated.	8/28/2018 5:10 PM
448	Mental health services and emergency response programming that is culturally and linguistically competent is critical to the safety of all residents.	8/28/2018 5:06 PM
449	Behavioral and mental health services	8/28/2018 5:03 PM
450	Gang issues should be a priority.	8/28/2018 4:59 PM
451	Use juvenile hall extra resources to help kids at risk of getting onto probation. Give Toni McIntosh from youth diversion 3 helpers so this program can expand and continue past her work. Give mental health more power and flexibility to help. No, I don't work for the county.	8/28/2018 4:58 PM
452	Transitional housing for homeless and/or mentally ill.	8/28/2018 4:50 PM
453	Hire more police and firefighters	8/28/2018 4:36 PM
454	Neighborhood watch meetings for those who reside in the County ie: lady streets in Napa. Also, more neighborhood patrols in those county areas by Sheriff Department.	8/28/2018 4:32 PM
455	Be tough on gang related crimes. Increase police force and have them continue to reach out to the community. Nixle has been great.	8/28/2018 4:28 PM
456	Fire and emergency medical services; Nixle.	8/28/2018 4:26 PM
457	Emergency response preparation and notification.	8/28/2018 4:26 PM
458	Clear we need to deal with gang issues, drug problems here (especially at high schools). Yes, need for mental health services and police trained in mental health issues. Good to see former police chief and sheriff visible in community, setting tone, involved in community. Need more public information on crime stats, prevention etc.	8/28/2018 4:21 PM
459	Rehabilitation for gang members with job opportunities and a chance to change.	8/28/2018 4:20 PM
460	Be sure we have emergency responders who value all groups equally.	8/28/2018 4:17 PM
461	Fire and emergency medical services	8/28/2018 4:15 PM
462	I am thankful for the emergency services in place though I think we are neglecting causes of civil unrest ie loud noise, dog barking, etc.	8/28/2018 4:14 PM
463	Support policies and plans that have proven effective	8/28/2018 4:09 PM
464	I think the county does a good job with this now	8/28/2018 4:06 PM
465	Desperate people commit desperate acts, and safety could be much enhanced if people had their basic rights met and could live with dignity.	8/28/2018 4:01 PM
466	All of the above	8/28/2018 3:53 PM
467	behavioral & mental health services	8/28/2018 3:53 PM
468	Community policing & outreach; community-based emergency response plans for disasters (e.g. fire, earthquake)	8/28/2018 3:47 PM
469	Do not over police, but continue to keep the peace, whilst communicating with the public.	8/28/2018 3:39 PM
470	keep up the good work	8/28/2018 3:35 PM

## Napa County Strategic Plan Survey of Community Members

471	We don't have an excessive crime problem in this county. Don't. Resources should be spent on prevention and rehabilitation. Emergency preparedness and community strategies for safety. I'd love to see police/fire consolidated among municipalities and county so one government entity manages these things.	8/28/2018 3:34 PM
472	All of the above	8/28/2018 3:30 PM
473	Boosting mental health services will lessen the burden on other programs that pick up after people have been in crisis, so I'd start there.	8/28/2018 3:29 PM
474	We seem to be doing fairly well w allocating police to walk, bike public events so a visible community presence.	8/28/2018 3:28 PM
475	Continue to improve services for mental health and not policing our way out of it.	8/28/2018 3:21 PM
476	Wild fires are becoming an annual problem that needs to be addressed	8/28/2018 3:20 PM
477	support through funding	8/28/2018 3:06 PM
478	Improve community wide wifi even when there is an event such a fire or earth quake,	8/28/2018 3:06 PM
479	Begin planning for ways to provide expanded emergency services in anticipation of increased demand as a result of climate change.	8/28/2018 3:04 PM
480	Not sure.	8/28/2018 2:58 PM
481	Same as above	8/28/2018 2:53 PM
482	Behavioral and mental health services Fire and emergency medical services	8/28/2018 2:49 PM
483	Ensuring that our emergency personnel are well trained with mental health issues and how to respond in emergencies with those that suffer from mental health issues. Training police to use alternate options in disarming or deescalating emergency situations without excessive force. Cultural Diversity training for police and emergency personnel.	8/28/2018 2:44 PM
484	Emergency notifications (e.g. Nixle) Behavioral and mental health services Fire and emergency medical services Crime and gang prevention programs	8/28/2018 2:40 PM
485	The county should prioritize the improvement of behavioral and mental health services.	8/28/2018 2:38 PM
486	Notificaciones de emergencia , y escuchar mas a la comunidad y sus necesidades	8/28/2018 2:35 PM
487	Let the Police do their jobs!!	8/28/2018 2:31 PM
488	Make it a priority to hire Hispanic public safety officers. Nike is overused. Recruit and mentor Hispanic kids to become part of safety officers. Too white- too stereotypical and too fearful of people of color.	8/28/2018 2:31 PM
489	maximum gun control for all. Implement on-going and regular buy-back days for people to turn in their guns and ammo.	8/28/2018 2:24 PM
490	Communicate County disaster plans to community	8/28/2018 2:24 PM
491	all of the above	8/28/2018 2:20 PM
492	I appreciate the increased communications through Nixle. 1. Develop backup plans for emergency communications, and extensive emergency response plans. 2. Train local residents in the elements of the emergency response plans, so they know what to expect. 3. Be much more proactive about reintegrating formerly incarcerated individuals into the community and into jobs	8/28/2018 2:20 PM
493	Gang prevention - either they get out of the county or lock them up. Don't build new jail, let them stay in a crappy facility, then maybe they won't want to come back.	8/28/2018 2:18 PM
494	Education	8/28/2018 2:14 PM
495	Fire and emergency medical services Emergency response preparation Behavioral and mental health services	8/28/2018 2:10 PM
496	Citizens should feel they can call for help from the police. Instead, you tell the neighbors to work it out yourselves, or document, document, document.	8/28/2018 2:09 PM
497	It is very important to coordinate emergency services with non profits and have a continuity plan for emergencies that can be activated quickly and seamlessly. We have learned a lot of lessons lets adjust and implement procedures to improve for the next flood/fire/earthquake	8/28/2018 2:07 PM
498	Communication was terrible during the fires. If cell towers are lost, we need alternate means and a central clearing house for current, constant information. Most of us wound up relying on facebook or nextdoor feeds from people who were on the ground in the various fire areas, or related to those who were. The local ham radio operators are trying to set up portable relays for the next crisis. The Register was usually hours and sometimes an entire day behind events. They might up their game some, too. The county website needs a prominent page for this sort of emergency as well.	8/28/2018 2:04 PM

## Napa County Strategic Plan Survey of Community Members

499	Simultaneous, multi-lingual plans, services & first responders.	8/28/2018 2:00 PM
500	Elimate the St Helena police force and make them county police force	8/28/2018 1:58 PM
501	Support police and fire, keep the bad apples off the street or out of Napa County	8/28/2018 1:57 PM
502	have more training for police officers so that they understand and are sensitive to mental health issues. More therapeutic services in school to help at risk youth	8/28/2018 1:56 PM
503	I would say a better Emergency system for when there is a fire in the community, however... after living through it, just asking for an emergency system to alert the community to get out would be good place to start. Oh and having water sources protected so there will be water available to put out fires.	8/28/2018 1:51 PM
504	More emergency preparedness drills and offering to the community to participate. Make it easy for them to participate and be well informed.	8/28/2018 1:51 PM
505	Crime and gang prevention, brighter streets at night, emergency response prep	8/28/2018 1:49 PM
506	Behavioral and mental health, restorative justice.	8/28/2018 1:48 PM
507	wildfire prevention	8/28/2018 1:44 PM
508	Crime and gang prevention programs Emergency notifications (e.g. Nixle) Community policing Emergency response preparation	8/28/2018 1:39 PM
509	Crime and gang prevention in our schools	8/28/2018 1:33 PM
510	I dependence from CAL FIRE and the establishment of the Napa County Fire Department that provides a higher level of Fire and EMS services with the mission being to the county of Napa and then the state.	8/28/2018 1:31 PM
511	Emphasize diversion programs for non-violent offenders and rehabilitation/skill-acquisition programs for all	8/28/2018 1:21 PM
512	Gang activity must be controlled in all areas of Napa. Diversion programs should be increased for young adults as an alternative to detention.	8/28/2018 1:21 PM
513	Again, all of these things are important at some level. We treat our crazy people terribly in this country. Real programs to help them would be useful. Fire and emergency medical are very important, as is policing. Hire qualified people, pay them decently, treat them well. Don't waste money on programs unless you have real statistics, assessed by outside personnel, that the program actually works and statistically makes a difference.	8/28/2018 1:21 PM
514	Turn our jails into schools. Punishment alone makes no difference.	8/28/2018 1:19 PM
515	Increase the support staff in these areas	8/28/2018 1:19 PM
516	Continue strong public safety services	8/28/2018 1:18 PM
517	Behavioral and mental health services	8/28/2018 1:16 PM
518	Crime and gang prevention programs; Community policing; Emergency notifications (e.g. Nixle); Fire and emergency medical services	8/28/2018 1:16 PM
519	It would be nice to see more attention on community policing than the constant presence of police and troopers on the highway. They must have higher priorities that to wait to catch speeders. More street level enforcement and less harassment for the sake of generating revenue. Fire and emergency services are a huge priority as is improved emergency communication. Better forest management can pre-empt large out of control fires such as last years.	8/28/2018 1:15 PM
520	Our police and fire departments here in Napa are doing a really good job and seem really involved in the community. We need more mental health services, though.	8/28/2018 1:09 PM
521	Very disappointed in lack of response to noise violations, often told to "work it out". We do, and nothing improves. Napa PD is not well thought of by many long term locals.	8/28/2018 1:07 PM
522	Already Addressed	8/28/2018 1:05 PM
523	Better and more behavioral/mental health services and rehab for those in our justice system will greatly benefit our community at large. No monetary bail is a great move with the alternative to evaluate for flight risk and safety of each individual.	8/28/2018 1:03 PM
524	Get to know the people who live in the community; offer more emergency response preparation and first -aid training workshops	8/28/2018 12:56 PM
525	Mental health should be a priority along with emergency preparation.	8/28/2018 12:54 PM
526	Gangs have got to go. Meth too.	8/28/2018 12:54 PM

## Napa County Strategic Plan Survey of Community Members

527	Napa law enforcement truly is great. Continue the positive policing for our community. Maintain programs that support our citizens and guests in a safe and respectful way. Carry this into rehabilitation services and gang prevention. Keep building a sense of belonging.	8/28/2018 12:54 PM
528	Put more crosswalk lights and redo crosswalks.	8/28/2018 12:53 PM
529	Disarm police officers	8/28/2018 12:52 PM
530	Crime and gang prevention, plus DUI prevention. Mental health services should always be a priority. We have people try to commit suicide quite often here. And we've seen that emergency medical and response preparation is going to be more important as climate change lengthens our fire season and exacerbates our droughts.	8/28/2018 12:52 PM
531	Offer free programs for those with mental health needs	8/28/2018 12:51 PM
532	Stop gangs.	8/28/2018 12:50 PM
533	I believe that improving the social support through rehab, mental health and job training would reduce the need for a lot public safety increases.	8/28/2018 12:50 PM
534	all of the above	8/28/2018 12:49 PM
535	emergency response and also gang prevention	8/28/2018 12:48 PM
536	rehab services; behavioral and mental health services; fire and emergency medical services	8/28/2018 12:48 PM
537	Continue funding as-is adjusted for inflation.	8/28/2018 12:47 PM
538	Again, mental health services.	8/28/2018 12:47 PM
539	Behavioral and mental health services should be increased and Meth availability should be decreased to prevent people from reaching a dangerous state of mind. Fire departments should receive as much support as they need.	8/28/2018 12:44 PM
540	More neighborhood and community policing.	8/28/2018 12:40 PM
541	Behavioral and mental health services	8/28/2018 12:39 PM
542	Behavioral and mental health services and Emergency response preparation	8/28/2018 12:37 PM
543	Provide option for first time offenders to undergo mental health and learning disability testing to see if as a society we can help them before incarcerating them. Make it a choice, get help or jail	8/28/2018 12:35 PM
544	Community policing	8/28/2018 12:34 PM
545	Many more DUI traps on weekends on both big roadways and the alternative routes.	8/28/2018 12:33 PM
546	emergency response preparation behavioral and mental health services	8/28/2018 12:29 PM
547	Nixle and emergency alerts such as alarms, sirens for emergency.	8/28/2018 12:27 PM
548	Make the police a positive presence at public events. Upgrade Nixle. find ways to provide emergency notifications when cell phones are silenced.	8/28/2018 12:27 PM
549	Programas de crimen y prevención de pandillas	8/28/2018 12:27 PM
550	Focus on gangs, theft, robbery, violent crimes.	8/28/2018 12:25 PM
551	Online maps that can show fires in real time or updated frequently would be very helpful in emergency situations	8/28/2018 12:23 PM
552	The fires proved we need better communication.	8/28/2018 12:22 PM
553	As per my comment above, the intersection of College and White Cottage Rd in Angwin is very dangerous. A neighbor's dog was struck in a hit and run while neighborhood children were feet away. There is a daycare and Howell Mountain Elementary School in close proximity. Having a sheriff up for an hour every few months has not done anything to mitigate the huge numbers of drivers who speed through the three way stop daily. Please do something before the next victim is a child.	8/28/2018 12:20 PM
554	Increase funding for police, police education, and therapy services.	8/28/2018 12:19 PM
555	Crack down on the gangs forcefully	8/28/2018 12:18 PM
556	Better funding for Fire Services in the unincorporated parts of the county	8/28/2018 12:18 PM
557	Services to Rehabilitate - the earlier (in age) intervention the better results for successful re entry and less recidivism. Work hand in hand with Community Volunteer advocates that provide education/behavioral and mental counselling.	8/28/2018 12:16 PM
558	More mental health and behavioral services	8/28/2018 12:15 PM
559	Community safety and community comroddery togetherness no matter of ones financial status. Together we can build a great community.	8/28/2018 12:08 PM

## Napa County Strategic Plan Survey of Community Members

560	Crime and gang prevention programs Behavioral and mental health services	8/28/2018 11:55 AM
561	Fire and emergency medical services	8/28/2018 11:47 AM
562	we live in a relatively safe community, keep it that way	8/28/2018 11:39 AM
563	I don't have enough information to provide meaningful input. However, re-entry into the community for rehabilitation is the right thing to do. Also, mental health is an issue that the nation struggles with - and working to improve services in that arena is critical as well.	8/28/2018 11:09 AM
564	More interaction in a meaningful and non-threatening way between law enforcement and the general public. Improved support for our first responders through enforcement and monitoring of things like brush clearance and emergency planning.	8/28/2018 11:06 AM
565	Continue emergency notifications.	8/28/2018 10:25 AM
566	Crime is starting to trickle in more frequently from surrounding urban areas. A focus should be placed on strengthening our police force and safety of the community.	8/28/2018 9:36 AM
567	Public Safety is interrelated to every other topic in this survey. Opportunities for educational and work programs for youth and people leaving the justice system are essential.	8/28/2018 9:25 AM
568	I think as a nation, more everyday interaction between communities and law enforcement is critical. There is camaraderie and accountability when there is less fear.	8/28/2018 9:23 AM
569	Create healthy viable job opportunities and training programs for offenders? Expand Hartle Ct. housing program.	8/28/2018 8:47 AM
570	rehab services	8/28/2018 8:27 AM
571	Emergency response and notifications should be priority and an actual plan for future disaster preparedness.	8/28/2018 8:26 AM
572	Don't know	8/28/2018 8:24 AM
573	Crime prevention programs, Behavioral and mental health services Emergency Response Preparation	8/28/2018 8:15 AM
574	a strong social safety net	8/28/2018 8:14 AM
575	When 60% of housing and land is 2 nd or 3rd homes or corporate who is going to be volunteer fire or school board member huh?	8/28/2018 8:03 AM
576	Following the fires of 2017 it is clear the county needs an improved emergency communication system with clearly identifiable evacuation centers. Nixle does not help if there is no cellular reception!	8/28/2018 7:43 AM
577	Community notification	8/28/2018 7:36 AM
578	invest in the public safety infrastructure on all levels and invest in consultants to help implement and integrate the new technology we currently have, but cant get past the political side.	8/28/2018 7:34 AM
579	Improved notifications system for disasters.	8/28/2018 7:32 AM
580	Get social emotional learning programs into the schools curriculums now-for all grades! All the program content is free to download here: <a href="https://www.jesselewischooselove.org/">https://www.jesselewischooselove.org/</a>	8/28/2018 1:04 AM
581	Move a small substation out of the Yountville Fire Station for AMR emergency services. Quicker response time for accidents up valley.	8/27/2018 11:15 PM
582	behavioral and mental health services	8/27/2018 5:40 PM
583	1. Stop criminalizing homelessness - at the lead of the Napa District Attorney, law enforcement have targeted community members who are easy to harass and jail while allowing crime among those with resources simply because they're harder to investigate and prosecute. 2. The jail is a disgrace for staff and the jailed. Pay for better systems since the community wouldn't fund a whole new jail. Jail FEWER PEOPLE - the courts see the jail space as unlimited so people without drivers licenses spend months there while violent criminals are getting out early. 3. De-escalation training for law enforcement officers who don't seem to get the message, certain officers cause most of the trouble and distrust in the community so train or terminate them. 4. The new fire station on Browns Valley Rd is nice, thanks. * Work with the Courts to reduce criminal penalties and fines like San Francisco. * Work to reduce criminalization of homelessness and mental health - the District Attorney talks about this to the public but doesn't act on it by dismissing charges or rewarding participation in services.	8/27/2018 4:28 PM
584	focus resources on the reentry program	8/27/2018 4:12 PM
585	Rehab services for people in justice system, mental and behavioral health services	8/27/2018 4:02 PM
586	I actually think that Napa is pretty amazing at these things.	8/27/2018 3:42 PM

## Napa County Strategic Plan Survey of Community Members

587	Work with Public information Committee of the NVCOAD to develop emergency notification messages in multiple languages that are timely and culturally appropriate. Mental health services for low and mid level needs are inadequate. Work with prevention based organizations to identify upstream approaches to managing mental health issues before they become high risk/need.	8/27/2018 2:50 PM
588	Increase patrolling in the rural areas to cut down on theft and speeding, add more 25mph zones in rural areas where fire stations are located, find a better system for communication during emergencies (Nixle by itself was not efficient during the October 2017 fires), have storage containers in specific locations where extra food/equipment/medical supplies could be stored (next earthquake?), provide a paid, rotating "volunteer coverage" program for the county volunteer fire stations to make sure some one is "home" to provide quick emergency response in their rural communities, increase gang prevention units in the sheriff's department, look at any of the following programs for re-entry into our communities are being incarcerated: Timelist Group – A variety of great services are offered in northern and southern California. California Reentry Program – General help with reentry CRCN – General reentry information and resources California Reentry Institute – Pre and Post Release Program for inmates serving in the California Department of Corrections. Volunteers of America – Community based reentry programs Center Force – Centerforce specializes in providing health and family supportive services to incarcerated men and women. Prison Fellowship – Resources for ex-felon reentry Alameda County Reentry – Resource Directory I Recover – Substance abuse and addiction help A Brighter Day – Free housing, new start program Families Forward – Irvine, CA – They have housing programs, food assistance and also help with jobs. Roots Clinic – Oakland, CA – Helps ex-offenders with chronic health issues. Clean 360 – Help with employment and employment skills. Train Napa County hand crews like those in Cal Fire as part of rehab and giving back to the county.	8/27/2018 12:11 PM
589	Focus a lot on our young people, and on drugs.	8/27/2018 11:44 AM
590	we need more mental health services. often patients are not seen until there is a "problem", rather than receiving preventative mental health care.	8/27/2018 11:28 AM
591	Community police officers should be receive better community sensitivity training to address current issues regarding police and different ethnic communities. Also, nixle alerts need to be immediately AND CORRECTLY translated into Spanish and Filipino/Tagalog.	8/27/2018 10:55 AM
592	We are fortunate in Napa County to have a very strong Sheriff's Dept and City Police. Continue the good community engagement.	8/27/2018 10:37 AM
593	Allow landowners more flexibility in managing their properties to minimize fire danger. Hire more firefighters.	8/27/2018 10:28 AM
594	More police outreach.	8/27/2018 10:08 AM
595	Make rehabilitation programs more accessible.	8/27/2018 10:08 AM
596	Top priority is behavioural and mental health services followed by rehabilitation for those re-entering our community.	8/27/2018 10:07 AM
597	Community Police Support in all neighborhoods	8/27/2018 10:06 AM
598	Mental Health services	8/27/2018 10:06 AM
599	Behavioral and mental health services	8/27/2018 10:04 AM
600	More emergency training for people.	8/27/2018 8:59 AM
601	Improve Nixle and Police/Sheriff/Fire services	8/27/2018 6:49 AM
602	Appreciate when officials respond to next door postings, especially when nextdoor goes off the rails and an "adult" needs to explain the situation and stop the crazy.	8/27/2018 6:19 AM
603	Focus on rehabilitation and not incarceration	8/26/2018 10:04 PM
604	Fire and emergency services support, including coordination and communication. Mass communication for Napans during emergencies - many of us only could receive news of Sonoma County's situation (via radio) during the October 2017 fires.	8/26/2018 9:23 PM
605	Prioritize crime prevention	8/26/2018 9:05 PM
606	It's a proven fact that treating people like humans instead of like freaks, sickos, or criminals is more helpful. I think more resources to aid those with addiction and mental health concerns would make a huge difference.	8/26/2018 8:30 PM
607	More resources for our police and fire departments.	8/26/2018 8:06 PM
608	develop a restorative justice model for our criminal justice system	8/26/2018 6:18 PM
609	Fire and emergency medical services	8/26/2018 4:55 PM
610	what kills communities is allowing the underclass to get hateful towards authority	8/26/2018 4:21 PM
611	Build an emergency notification system other than just Nixle.	8/26/2018 3:44 PM

## Napa County Strategic Plan Survey of Community Members

612	Continue the rehabilitation activities currently in progress.	8/26/2018 3:00 PM
613	Make sure everyone can communicate and get accurate information during emergencies like the 2014 fire!!!!	8/26/2018 2:11 PM
614	Rehabilitation services	8/26/2018 1:50 PM
615	Support more robust diversion programs to keep mild offenders out of jail. Do not support ICE activities.	8/26/2018 12:04 PM
616	Identify and implement more robust communications in emergency scenarios. Make sure you communicate to all parts of the community (e.g. language, location).	8/26/2018 11:42 AM
617	Bring back programs like DARE, into elementary schools to help create socially minded contributing individuals, instead of trying to rehabilitate after the fact, try helping to develop young people that are not in need of rehabilitation. Also do away with the ridiculous amounts of over time and retirements paid to city/County employees. This is NOT sustainable. Create a policy that restricts overtime and mandates new hire if needed to serve the public needs. No firefighter, police or electrician should be making \$245,000.00 dollars a year, in their 4th year of employment, with \$50,000.00 of it is OT, and a benefit package of \$75,000.00. That is too much compensation, just for only one individual and not commensurate for the length of employment.	8/26/2018 11:20 AM
618	NEED TO START ENFORCING THE EXSISTING LAWS	8/26/2018 11:08 AM
619	Fires are looking to be a serious on going problem. Ramp up fire protection and response. Consider SELECTIVE thinning of forests county wide to mitigate danger of crown fires. Improvement of Nixle	8/26/2018 10:14 AM
620	Enhance community policing by bringing back the foot patrol by officers in pairs. Put Police officers as school resource officers at every school and close all "open campuses."	8/26/2018 9:43 AM
621	If we give kids/teens many choices of hobbies to do in groups with no cost, they will use them instead of joining gangs. They will be developing life skills. Contemporary group projects like raising garden crops from seed, learning pottery/ceramics, painting, making objects from junk, creative writing, dancing, many thought provoking inventive projects, home making skills, home personal money management skills, science minded projects. these things are absent these days in school. If offered after school hours, would give kids interesting options that I think they would respond to. That enjoyable part plus homework would keep kids away from the need of gangs. Napa should ask the people that work in each area of your listed bullets would give the best advise as they are boots on the ground and see where the difficiencies are, if any.	8/26/2018 7:19 AM
622	Hire enough people to cover these create more jobs.	8/26/2018 1:51 AM
623	Radio was my friend. Make sure it's supported for emergency use. Nixie hardened for emergency use when cell towers become useless.	8/25/2018 10:55 PM
624	Restorative justice and prevention, education, social services, employment, mentoring. Lock em up, is not the soluton.	8/25/2018 9:37 PM
625	more inpatient mental health programs.	8/25/2018 9:06 PM
626	Public safety=police & fire only.	8/25/2018 8:58 PM
627	Crime and gang prevention programs have been proven effective over and over, yet we continue to defund them when the budget gets tight. This goes hand in hand with community policing. There are a good number of behavioral and mental health services in Napa (compared to other bay area counties). Fire and EMS are adequate, Police need to staff up a bit. Nixle alerts are excellent. I feel like we saw how well put together our public safety is during the fires. Room for improvement? Sure, but we do this pretty well. Neighborhood crime watch and improved police staffing would help with the petty crimes that are occurring, as well as addressing illicit drug use, production, and distribution.	8/25/2018 7:13 PM
628	More Policing	8/25/2018 6:00 PM
629	I count fire and medical emergency preparedness among the County's top tasks along with policing in the unincorporated areas. I would think cities would be better able to handle crime prevention and rehabilitation services than the County but that joint efforts would be ideal.	8/25/2018 5:53 PM
630	Emergency response preparation.	8/25/2018 4:19 PM
631	More police in trouble areas. Target gangs and drug addicts with criminal history.	8/25/2018 4:05 PM
632	Emergency notification and service is top priority.	8/25/2018 3:40 PM
633	Crime and gang prevention. Community policing.	8/25/2018 2:57 PM
634	Yep	8/25/2018 2:49 PM
635	All of the above	8/25/2018 2:22 PM
636	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM

## Napa County Strategic Plan Survey of Community Members

637	They are doing great with what they are given. More service planning in anticipation of the next disaster.	8/25/2018 2:10 PM
638	Mental Health and Emergency preparedness	8/25/2018 1:23 PM
639	-admit publicly to deficiencies (see Sonoma county for guidance) -improve communication structures	8/25/2018 12:49 PM
640	Good job on this.	8/25/2018 11:19 AM
641	Quit wasting money on "rehabilitative" services that few succeed at. Provide more mental health services. Drug and gang prevention.	8/25/2018 11:01 AM
642	We need more community policing and getting transients, loitering, aggressive/unsafe type activity off our streets and out of our neighborhoods bordering downtown.	8/25/2018 10:50 AM
643	yes	8/25/2018 9:47 AM
644	Community policing is vital to crime prevention. Also need to help those with addiction which leads to crime. Rehabilitation for justice system offenders is key too, as we must find a way to incorporate these folks back into society.	8/25/2018 9:25 AM
645	Improve Nixel and other new beneficial community accessible tools	8/25/2018 9:01 AM
646	Get more police and better equipment.	8/25/2018 9:00 AM
647	Behavioral health incidents are on the rise. Please assist by providing more treatment options and care facilities.	8/25/2018 8:48 AM
648	Nixle is great. Dump DARE program. It doesnt work. The studies prove it. Expand services for foster care and support	8/25/2018 8:45 AM
649	Evaluate Napa County contract with Cal Fire and the ballooning cost with little to no increase in additional staffed fire engines. Look into Napa County fire department	8/25/2018 8:10 AM
650	As we are prone to fire and earthquake, we need good emergency services.	8/25/2018 7:43 AM
651	We need to get the jail out of downtown Napa.	8/25/2018 7:31 AM
652	Do not confuse my support for rehabilitative services as a vote to grow the prison system. You can do one without the other. Mental health services are critical. Fire and medical emergency services are a fiscal disaster. There is no need for both public and private entities to respond to each medical call. Why does AMR and Napa services have to both respond to each call? My guess is it is rooted in the fireman's union requirements.	8/25/2018 7:12 AM
653	Again, Community needs more education, publish an easy to understand guide of Napa County Services with phone numbers and addresses. After earthquake in 2014 and fire in 2017, Napa County should have community education materials and a community drill with published emergency plans. For example with earthquake, people need to do this with step by step guide... For fire, people need to do this... For flood, people need to do this... Also improving cell phone service would have been helpful during the fires. Good thing I had a landline at my work that did not require power in downtown Napa.	8/25/2018 6:26 AM
654	Stay the course	8/25/2018 5:51 AM
655	Community policing has the potential to help many of the issues I believe, but also supporting neighborhoods and people within the neighborhoods through programs that help educate them and take back where they live in a positive way.	8/25/2018 1:15 AM
656	What with all the fires that have happened of late we have seen the strengths the weakness of Napa County's public safety record. We all saw that emergency notifications have to be improved.	8/24/2018 11:34 PM
657	Patrullaje constante	8/24/2018 10:48 PM
658	Adventist Health in Clearlake has a great holistic program to rehab prior inmates from the justice system. Recidivism down 90%. Take a look at their model.	8/24/2018 10:03 PM
659	Support rehabilitative services for people leaving the jail and prison systems. Fund emergency services.	8/24/2018 9:49 PM
660	Crack down on crime. Stiffer sentencing. Less parole. More police officers.	8/24/2018 9:28 PM
661	Nixle has been a good addition which I didn't even know about until the evacuations last year. Neighborhoods need something like it.	8/24/2018 9:19 PM
662	Crime here is not under control.	8/24/2018 9:09 PM
663	n/a	8/24/2018 8:43 PM
664	See my comments on homelessness	8/24/2018 8:38 PM
665	?	8/24/2018 8:33 PM

## Napa County Strategic Plan Survey of Community Members

666	better relationships between police and people	8/24/2018 8:29 PM
667	We need better emergency notifications because of the year-around danger of fires.	8/24/2018 8:27 PM
668	Crime and gang prevention, tougher punishments for gang related crimes, longer sentencing	8/24/2018 8:13 PM
669	Police should do more preventative work instead of dui check points	8/24/2018 8:08 PM
670	Crime and gang prevention programs, Emergency notifications (e.g. Nixle), Community policing	8/24/2018 7:57 PM
671	Provide interesting, interactive activities (public presentations) involving county & city law enforcement workers to show how they work together & how residents can make best use of their services.	8/24/2018 7:39 PM
672	More police in the community	8/24/2018 7:37 PM
673	Mental health services and community policing	8/24/2018 7:28 PM
674	Prepare those who are incarcerated are able to reintegrate into society i.e. counseling, job training, interviews	8/24/2018 7:26 PM
675	I believe our police do a great job, keep the communication open...the community likes to be involved and help solve problems when they know about them, Nixel is ok, many things were corrected after the fires for emergency response...?	8/24/2018 6:49 PM
676	Supporting our law enforcement	8/24/2018 6:40 PM
677	Emergency response inadequate.	8/24/2018 6:33 PM
678	Education	8/24/2018 6:32 PM
679	Good that the jail is being moved out of down town. Many of the homeless need help with mental issues, some is just a way of life, and some take advantage.	8/24/2018 6:24 PM
680	Gang prevention	8/24/2018 6:22 PM
681	Focus on fire, emergency, policing... strengthen those departments, train, hire qualified and experienced...	8/24/2018 6:11 PM
682	I think Nixle has been a great means of communication to the community. Perhaps increasing the access. Is there any data on who is using or populations that are under utilizing that should be educated or marketed to?	8/24/2018 5:56 PM
683	The gang problem needs to be addressed by a multi- jurisdiction task force that includes the District Attorney and courts. EMS appears to be good.	8/24/2018 5:51 PM
684	Give all folks a place to do some type of work, something they can be successful at, volunteer, community service, goal base successes.	8/24/2018 5:26 PM
685	Less on the correction facilities and more on early-prevention. Create mentoring opportunities for youth, make preschool universal	8/24/2018 5:21 PM
686	Police do not show up when expected, called. Police do not care one bit about stolen items and don't even write down what you are saying is lost (so how can they return it) and never take fingerprints or try to find video cameras.	8/24/2018 5:18 PM
687	CAL-Fire to work with neighborhoods to help minimize fire risk An additional way to notify residents when electricity/phones go down	8/24/2018 5:08 PM
688	better interaction with police	8/24/2018 4:46 PM
689	Behavioral and mental health services and emergency notifications	8/24/2018 4:45 PM
690	Budget to expand community policing and Police Volunteer programs. Very successful recently in Richmond, CA	8/24/2018 4:45 PM
691	Nixle is a start, educate the public so that they know that it is available and how to get hooked up. Gang prevention should start with the very young, give them options very early, activity programs, access to the arts including music, sculpture, crafts etc.	8/24/2018 4:29 PM
692	Public service employees work for the citizens of Napa and should reminded of that, police need diversity training . Have you ever seen a police on officer actually smile or say hello, why dont they engage within our communities, actually walk around in as part of a community	8/24/2018 4:22 PM
693	Most of us have our heads in the sand a bit, thinking gangs are not an issue here. They are. Connecting at-risk youth to the larger community seems promising. Bring back an old-fashioned fire siren in addition to Nixle. I don't sleep with my phone nearby, many don't. We were just lucky I was up late on Oct. 8.	8/24/2018 4:18 PM
694	Fire & emergency	8/24/2018 4:15 PM
695	Provide county-wide, free wifi service and updates during emergency events.	8/24/2018 4:15 PM

## Napa County Strategic Plan Survey of Community Members

696	Fire and emergency medical services	8/24/2018 4:06 PM
697	Behavioral and Mental Health services: identify and intervene for challenges earlier in our youth, train all public facing personnel in appropriate procedures, rehabilitation of convicts. Keep up the good work with emergency preparedness started after the 2017 fires.	8/24/2018 4:01 PM
698	Visible partnership of the Fire and Police force to the community, ie reaching out to the neighborhoods.	8/24/2018 4:01 PM
699	Continue to prioritize police	8/24/2018 4:00 PM
700	Tougher policing	8/24/2018 3:50 PM
701	Our lower-wage populations are underserved. Gang prevention should be approached through schools and community and law enforcement guidance. Nixle is extremely impt with all the fires.	8/24/2018 3:48 PM
702	We need better emergency response preparation. The word has to go out to all of the communities to be prepared.	8/24/2018 3:48 PM
703	In view of the fires that overwhelmed our community last October, I believe the county needs to significantly step up our emergency fire services, and install a more efficient notification system, Nixle works some of the time but a siren/evacuation alerts, fire cameras, predesignated emergency exits, depowering power lines during high wind events, and more signage informing motorists of high fire danger, and education for fire prevention.	8/24/2018 3:42 PM
704	as a community I feel Napa is safe, there is that one person who creeps around at night looking for a car to break into, more neighbor watches would be nice.	8/24/2018 3:37 PM
705	More police officers!!	8/24/2018 3:29 PM
706	Reabilitation	8/24/2018 3:29 PM
707	This is one area in which I think Napa County is excellent. The communication during the big October fire was timely, accurate and complete.	8/24/2018 3:28 PM
708	Provide facility for and assistance to the mentally deficient beyond what exists today.	8/24/2018 3:26 PM
709	Crime and gang prevention programs •Rehabilitative services for people in the justice system to support successful re-entry to our communities •Behavioral and mental health services	8/24/2018 3:24 PM
710	All of the above	8/24/2018 3:24 PM
711	Build relations between police/sherriff in various town with the residents.	8/24/2018 3:06 PM
712	Communications need to improve, though they have gotten much better since the October fires. Crime prevention seems to be a hot button at the moment with petty crimes increasing. Community awareness/watch programs need to be strengthened.	8/24/2018 2:58 PM
713	N/A	8/24/2018 2:55 PM
714	Fire prevention and suppression	8/24/2018 2:53 PM
715	More police will be needed in light of population increase and tourism.	8/24/2018 2:45 PM
716	Increase mental health supports that have proven results in helping people live more healthy lives	8/24/2018 2:44 PM
717	Significantly expand resources available to Napa OES for preparedness, prevention and recovery activities.	8/24/2018 2:43 PM
718	have more meet and greets with Police and sherrifs where they mentor in the class for several weeks, so that kids really get hands on experience of a day in the life of Officer John.	8/24/2018 2:42 PM
719	HIRE MORE COPS!	8/24/2018 2:42 PM
720	Increase police force. Resume police department reserves and pay them.	8/24/2018 2:37 PM
721	Crime seems to be on the increase. Not sure what can be done about this....more neighborhood watches? No tolerance for criminals?	8/24/2018 2:32 PM
722	NIXLE notfications MUST be made in both Spanish and English and you must pay for an actual interpreter for Spanish speaking community	8/24/2018 2:31 PM
723	Program to get problem people out of Napa	8/24/2018 2:28 PM
724	Harsher penalties for these gang members. Maybe the harsh punishment will trickle down and make kids think twice before joining a gang. Also, clean up the graffiti in the parks and on the signs.	8/24/2018 2:25 PM
725	Doing a good job as far as I can see. It would be nice to see cops mingling with the community more. The community "night out" featured recently was great.	8/24/2018 2:25 PM

## Napa County Strategic Plan Survey of Community Members

726	The key to reducing crime and gangs is to create jobs and offer educational opportunities for the jobs of the future. NVUSD needs to bring back apprenticeship programs for students who want to be mechanics, plumbers, carpenters, auto services, culinary services, and more - not all students MUST go to college. All must have the options to choose, but when shop classes we reduced, many kids, especially young men, were let with fewer options, not more options.	8/24/2018 2:19 PM
727	Survey the people who go through our criminal system - what services do they need to get out of jail and stay out of jail Keep putting law enforcement personnel out on foot and on bikes; let them be visible and able to interact with citizens continue the police interaction with the homeless population	8/24/2018 2:15 PM
728	All of the above	8/24/2018 2:12 PM
729	Rehabilitative services, as well as behavioral health services are key to people in the justice system and those at risk of entering that system. Clearly, with the increased threat of fire and the constant threat of earthquake, fire and emergency services need to be a major focus.	8/24/2018 2:12 PM
730	Manage forests to mitigate catastrophic fires in the future	8/24/2018 2:11 PM
731	Napa county is a very safe place. Continue the current efforts	8/24/2018 2:11 PM
732	All of the above.	8/24/2018 2:10 PM
733	I feel that our community is pretty safe, so kudos for that. I am always in favor of rehabilitation rather than punishment. I like "outside the box" programs like horse therapy, in-jail educational opportunities (high school diploma, ESL, and community college courses, etc.) Emergency response preparation is very important to me. The CERT program should be expanded, especially outreach, to encourage more people to take the course. A prepared community is a resilient one that is less dependent upon outside assistance. As part of being a member of NapaCART (Community Animal Response Team) I subscribe to Nixle. I think it is good (although if more people subscribed, maybe it could be customized. I want to know about serious problems, but I don't need to know every time there is a running or biking race.)	8/24/2018 2:10 PM
734	Same as 12	8/24/2018 2:08 PM
735	All good	8/24/2018 2:08 PM
736	Try to find a way for the police to get along with youth. There are some bullies on the Napa Police force.	8/24/2018 2:07 PM
737	Behavioral and mental health	8/24/2018 2:05 PM
738	We need fire safety and road repair to be a priority at Lake Berryessa	8/24/2018 2:04 PM
739	I think the priority in this area should be the health and safety of the entire population first and foremost. Fire and police services should be fully funded before considering any other services or programs. Obviously we are mandated by the state to provide certain services.	8/24/2018 2:04 PM
740	Continue to invest in youth programs that keep young people out of the system. Keep working on make our emergency procedures stronger.	8/24/2018 2:03 PM
741	More emergency response preparation workshops. More info about what goes in in jail and rehab programs.M	8/24/2018 2:02 PM
742	Fire and emergency should always be priority as well as notifications and preparedness	8/24/2018 2:01 PM
743	Would like to see Napa County become the toughest county on crime in the state. We would like to once again feel safe in our homes and our towns like we used to!	8/24/2018 2:00 PM
744	Anyone with a DUI should have to spend the night in jail - no same-night release on bail. Pass ordinance banning door-to-door sales (like St. Helena does. Clean homeless camps away from Vine Trail.	8/24/2018 1:57 PM
745	Support more school crossing guards.	8/24/2018 1:57 PM
746	Behavioral and mental health services	8/24/2018 1:56 PM
747	We dont need a new jail. That is totally about cosmetics.	8/24/2018 1:52 PM
748	Police and fire dept do a marvelous job around here and they are appreciated. No guns in schools, or open carry! Ban as much as possible before theres another incident.	8/24/2018 1:51 PM
749	Fix the mental health issues and this will go down. Then deal with crime and gangs.	8/24/2018 1:50 PM
750	Rehabilitative services for people in the justice system to support successful re-entry to our communities	8/24/2018 1:50 PM
751	Expand Community Emergency Response initiatives	8/24/2018 1:49 PM
752	Education: get our PD/FD out into the community as we used to do encourages relationships and discourages illegal activity...	8/24/2018 1:47 PM

## Napa County Strategic Plan Survey of Community Members

753	We need to keep violence off the street, and violent people behind bars.	8/24/2018 1:46 PM
754	We need to take a zero tolerance position on gangs. Move them out of our area. Locking them up here isn't going fix their problems. The whole idea of recidivism doesn't work. You can sell that to someone else. A major cycle has to be broken and that is family. Until we fix the families, the individuals issues won't ever be fixed. We need additional mental health. This is the one area that not only government needs to step in, but every citizen too. It is the one medical issue that never goes away, so costs never go away. We need to bridge that so we can really help the folks who need it, and mostly our veterans. When a vet is discharged, they are now the problem of the community where they go to live.	8/24/2018 1:43 PM
755	Reduce the increasing theft in residential areas, as well as car break-in in commercial areas	8/24/2018 1:42 PM
756	o	8/24/2018 1:40 PM
757	Support the police.	8/24/2018 1:40 PM
758	Support ICE in getting rid of illegals, elect judges with a spine to lock up criminals for longer than an average vacation and ensure sufficient funding for law enforcement and fire/ambulance services	8/24/2018 1:40 PM
759	Nixle	8/24/2018 1:39 PM
760	We are very buttoned up here in the category, just keep it going.	8/24/2018 1:37 PM
761	more and better nixle type things.	8/24/2018 1:33 PM
762	A health DIVERSIFIED economy which pays good wages will reduce crime and the need for many of the above services. Develop emergency response services who know what to do when a crisis occurs.	8/24/2018 1:25 PM
763	We need to support the police and not vilify them.	8/24/2018 1:22 PM
764	Move mentally ill out of jails	8/24/2018 1:13 PM
765	I would remove the jail from Downtown Napa and use that space for workforce housing be it townhomes or apartments and restrict it to local people and have a portion be integrated into entire project so as to blend in	8/24/2018 12:58 PM
766	Bring back the DARE program for all schools.	8/24/2018 12:49 PM
767	do not continue to build public housing. do not put former inmates back into the community. put mental health into the town again.	8/24/2018 12:47 PM
768	N/A	8/24/2018 11:44 AM

**Q18 Transportation** What actions do you believe Napa County should take to support Transportation in our community? As a reminder, in the previous section we defined Transportation as: Maintenance of county streets and roads Public transportation within the county Public transportation to/from other counties Traffic congestion Alternatives to driving alone, including ridesharing and carpooling Bicycling and bike lanes

Answered: 898 Skipped: 1,257

#	RESPONSES	DATE
1	Public transportation for seniors	10/10/2018 9:08 AM
2	More bike trails	10/10/2018 8:58 AM
3	Traffic congestion	10/9/2018 11:54 PM
4	We need more public transportation within Napa and connecting to other counties.	10/9/2018 10:54 PM
5	Keep it going!	10/9/2018 9:56 PM
6	Rail corridors	10/9/2018 9:53 PM
7	Spend money on our roads instead on more bike lanes and traffic lights	10/9/2018 8:29 PM
8	Walk-a-bility. Work with cities and Cal Trans to provide safe crossings of our highways (American Canyon, Industrial Park/Soscol Ferry Road, north of Redwood/Trancas). Insist that wineries (NSH, QVH, etc), provide suitable transportation for workers and guests/visitors.	10/9/2018 7:37 PM
9	Our road repairs are just poor. The repair must go down to bedrock not just the surface- it doesn't last. Having just returned from LA our traffic is wonderful.	10/9/2018 7:13 PM
10	THIS IS WHY GOVERNMENT IS IN PLACE. MAINTAIN OUR INFRASTRUCTURE. Get the excess traffic off the road. Build overpasses at 29 and HWY 12 to Sonoma, Soscol Ferry Road, Jamison Canyon Road and North Kelly Road. Offer more (and more comfortable) public transit.options - maybe an electric.rail service like BART? GET THE TRAFFIC OFF THE STREETS!!!	10/9/2018 6:52 PM
11	Improve roads and provide some affordable housing.	10/9/2018 6:29 PM
12	Traffic congestion. It's horrible.	10/9/2018 6:19 PM
13	Ditto	10/9/2018 6:03 PM
14	Make sure tourists can easily move throughout the valley to keep money flowing from outside our area and into Napa Valley.	10/9/2018 5:37 PM
15	Tourism will not diminish. Nor to and from work transportation. See Diane Shepp's 2016 supervisors campaign recommendations for easing congestion. Ron Rhyno	10/9/2018 5:23 PM
16	Our streets and roads are in horrible condition in much of the county and particularly in my neighborhood which has basically been ignored when it comes to street maintenance for the past 30+ years that I've lived in Napa County. Transportation issues need to be repaired from the ground up, starting with the streets, and then moving toward more effective methods to arrange for public transportation, both in and out of county. Traffic congestion is largely due to the success of the local wine industry and if the wine industry is required to prove its sustainability, the out of control growth of new wineries and vineyards and their expansions will slow, and traffic congestion will at least not get any worse.	10/9/2018 4:48 PM
17	More taxes on hotels for tourists to pay for road work!! Parking meters on Napa street spots. Free in upper levels of garages, and meters on the bottom levels. It will encourage people to park and then walk in towns.	10/9/2018 4:40 PM
18	Maintenance of streets and roads. Traffic control to relieve congestion.	10/9/2018 4:29 PM
19	put the money where those who don't drive are rewarded above those who couldn't be bothered to put our environment in front of their selfish desires	10/9/2018 4:14 PM
20	We need a fix for AmCyn traffic. 29 is terrible. We need BART to come from Vallo to Napa!	10/9/2018 4:10 PM

## Napa County Strategic Plan Survey of Community Members

21	mass transit options/rail options - connected to rest of the Bay Area	10/9/2018 3:37 PM
22	If Commercial Businesses in the unincorporated area want to provide business opportunities normally placed in the Cities/Towns, than they need to take on the zoning and HHS responsibilities normally provided by the Cities.	10/9/2018 3:23 PM
23	After knowing peak traffic days, reduced fares on those days as a pilot program to encourage citizens to ride the bus. Roads are in pretty bad shape, must do better.	10/9/2018 3:19 PM
24	Affordable rapid transit is desperately needed to help commuters in and out of the valley, and to the Bay Area. This is a top concern. Increased bicycle lanes and bicycle safety is also a priority for those who can bicycle. Improved walkability opportunities (repair sidewalks, mixed zoning, monitor rent increases that are driving neighborhood businesses out in favor of tourist-aimed businesses)	10/9/2018 3:13 PM
25	Complete the bike trail from the Valejo fair to Calistoga and it will take will take a couple of thousand cars off the road. The 29 interchange is the issue. Partner with the new wine train owners put in a light rail as far up the valley as possible. Put a countywide \$.20/gallon gas tax to fund it. Try driving from St Helena to Yountville between 3 pm and 6 pm any day of the week. You can ride a bicycle faster. Put in some Tesla supercharger stations in the valley to attract Tesla owners (no pollution and they buy wine).	10/9/2018 3:11 PM
26	traffic congestion	10/9/2018 2:21 PM
27	Bicycling and bike lanes	10/9/2018 2:20 PM
28	Get people out of their cars - light rail, bus lanes on Hwy 29	10/9/2018 2:19 PM
29	Stop developing new housing areas without mitigating the impact on Hwy 29--people are starting to avoid Napa because it usually now takes over 45 minutes to enter or leave the area during rush hour.	10/9/2018 1:57 PM
30	Rural roads are very vulnerable to weather-related damage and warrant higher priority than they have been getting.	10/9/2018 1:03 PM
31	Increase safe bicycle infrastructure. Stop project approvals that increase traffic.	10/9/2018 12:36 PM
32	Regular improvements of streets& roads, address traffic throughout the valley, transportation for seniors and low income	10/9/2018 6:24 AM
33	Congestion is the biggest issue to me at this time.	10/8/2018 5:19 PM
34	Traffic congestion and lack of housing are creating an exodus of good workers and long term community members. There has to be some incentive to keep our workforce and allow people to stay in the community.	10/8/2018 3:45 PM
35	Mantenimiento de las calles y caminos del condado	10/8/2018 3:13 PM
36	Mantenimiento de las calles y caminos del condado	10/8/2018 2:54 PM
37	Mantenimiento de las calles y caminos del condado	10/8/2018 11:34 AM
38	STOP THE STUPID AND DANGEROUS BICYCLES EVERYWHERE. WHEN THE WHITE BIKE LANE MARKER GOES DOWN THE SIDE OF THE HILL, NO BIKES ALLOWED. DANGEROUS TO ALL. STOP BUILDING HOTELS AND STOP WINERY PARTIES - THAT WILL STOP A LOT OF CARS RIGHT AWAY. ARE YOU STUPID? YOU GET PAID TO FIGURE THIS OUT.	10/8/2018 11:16 AM
39	Traffic is becoming a nightmare. In order for public transportation to be a viable alternative, it must be fast, frequent, affordable and serve the key places people need to go.	10/8/2018 10:59 AM
40	Congestión del tráfico.	10/8/2018 10:42 AM
41	All important.	10/8/2018 9:50 AM
42	HOUSING, HOUSING, HOUSING	10/7/2018 7:14 PM
43	I'm not sure.	10/7/2018 4:07 PM
44	Let's make sure the Vine Trail crossing of Highway 29 in the vicinity of Bothe State Park does not result in a terrible outcome--as proposed they seem like they will cause accidents and add to our traffic problem.	10/6/2018 6:40 PM
45	Align public transportation routes with grocery stores and emergency food providers. Fix the 5-way intersection at Silverado Trail and Coombsville Rd. Add commuting options (rideshare/carpool). Figure out traffic solutions for the unsafe school drop off/pick ups.	10/6/2018 1:18 PM
46	Moratorium on building hotels and increases in winery visitation; stop subsidizing tourism advertising	10/6/2018 1:03 PM
47	*Maintenance of county streets and roads *Traffic congestion	10/5/2018 3:19 PM
48	carril de bicicleta segura.	10/5/2018 2:22 PM

## Napa County Strategic Plan Survey of Community Members

49	Traffic congestion.	10/5/2018 11:50 AM
50	Encourage carpooling, walking and bike lanes. Advertise, endorse and set examples!	10/5/2018 11:00 AM
51	Once again, we are faced with entrenched attitudes as much as absence of needed services. For example, I decry "single occupancy" vehicles, but most of my driving involves me alone behind the wheel. We have pretty good public transportation, but the buses are often almost empty. "Traffic congestion" in Napa is a concern mostly for those who never venture beyond the boundaries of our fair community to experience "true" congestion (from one who has commuted for work to the Oakland/SF area for years). I am pleased to see more people biking and using bike lanes and trails. We need to explore the possibility of ZIP cars, electric or hybrid of course. Busing for employees is a good idea in concept but fails in reality for regulatory, practical and perceptual reasons. However, one of the biggest traffic problems is actually an affordable housing and jobs problem. (Systems thinking, once again.)	10/5/2018 12:44 AM
52	Yes.	10/4/2018 5:00 PM
53	Maintenance of county streets and roads. Traffic congestion.	10/4/2018 9:22 AM
54	Some streets in Napa are as bad as in developing countries.	10/4/2018 8:21 AM
55	Congestion del trafico.	10/3/2018 6:22 PM
56	Support multi-unit housing development to allow workers to live near their homes, lowering commute time and distance. Anything else is going to be ineffective in curbing traffic.	10/3/2018 4:33 PM
57	something must be done about highway 29 through American canyon... another lane wider?	10/3/2018 11:33 AM
58	Maintenance of county streets and roads needs huge improvement if you ask me. Roads are too narrow and not maintained.	10/3/2018 10:53 AM
59	Ride sharing more intercounty buses ferry expansion to Cuttings Wharf Innovative ways to lower traffic congestion	10/2/2018 9:18 PM
60	fix our roads; it's embarrassing	10/2/2018 3:37 PM
61	Build light rail. This could go through the middle of hwy 29. Through American Canyon or across to Marin or Sonoma. Also HWy 37 is awful. This needs to be addressed because many people work in Marin who live here.	10/2/2018 12:30 PM
62	Take a hard look at the traffic nightmare created in the south county (American Canyon) by allowing development for years without addressing the Hwy 29 traffic impact. A terrible job was done in that regard.	10/2/2018 9:58 AM
63	Public transportation options in and out	10/1/2018 7:33 PM
64	As I said in response to the housing question, I think there are ample locations within the city (think Soscol Ave.) for high density low cost housing that should be combined with a transit hub to allow our low wage neighbors to live in the city and commute without a car. Rezone for goodness sake!!	10/1/2018 2:41 PM
65	Offer incentives to businesses who have employees who access public transportation and/or carpool. Expand routes to and from south county.	10/1/2018 12:35 PM
66	more and more frequent public transportation within the valley.	9/30/2018 10:50 PM
67	Traffic congestion in south county needs to be addressed ,better public transportation, trains, light rail or other options in addition to buses should be explored.	9/30/2018 6:30 PM
68	The number of cars in the valley is creating a heath hazard due to the exhaust (which is worse in cars stopped in traffic and idling) creating smog and poor air quality. This seems to be in the wrong place in the survey, but should be in the "traffic" section. Since it is hear, my comments about improving air quality are here. Focus on widening the roads to decrease the stopped and idling cars, and also on creating public transit for tourists and locals to encourage leaving cars behind. I.e. commuter train, buses, etc. Stopped traffic also increases the stress levels of the drivers and passengers. This increases mental and physical health issues, that then increase the cost of medical treatment for these issues. Traffic congestion, and providing alternatives, i.e. commuter trains, commuter buses or public tourism shuttles up valley, is an essential need that should be part of the general plan for the next 3 years.	9/30/2018 6:26 PM
69	BUILD A SECONDARY 4-LANE ROAD FROM AMCAN TO NAPA NOW! TRAFFIC CONGESTION GROWS WORSE EVERY DAY! SLAP IMPACT USE FEES ON HOTELS AND LARGE WINERIES TO PAY FOR A NEW ROAD! THE COUNTY HAS IGNORED THE PROBLEM LONG ENOUGH AND ONLY SPENDS \$\$ WHERE THE TOURISTS ARE! GUESS WHERE 80% OF THE COUNTY'S WORKFORCE COMES FROM?? OUTSIDE NAPA COUNTY!	9/30/2018 3:34 PM
70	STOP RUNNING FULL SIZED BUSSES UPVALLEY THAT ARE MOSTLY EMPTY. SMALLER SHUTTLES. MORE ELECTRIC BUSSES. EDUCATE DRIVERS ABOUT POLLUTING THE AIR WE BREATHE! HAVE THEM TURN OFF ENGINES WHEN IDLING BUSSES!	9/30/2018 10:51 AM

## Napa County Strategic Plan Survey of Community Members

71	Anything that helps commuters leave their cars; senior centers, churches and retirement communities encouraged to provide more van or bus activities such as regular visits to SF, Vacaville, etc.; AND ESPECIALLY ADDING REGULAR COMMUTER AND WINE TOUR TRAINS TO THE WINE TRAIN ALL THE WAY TO AND FROM CALISTOGA! That would reduce the number of commuter cars on the roads and help the rest of us visit the rest of the county more often. Also, a regularly scheduled bus service to Fairfield, Vacaville, Vallejo and Sonoma would help seniors and others, even if it was only once a week by reservation.	9/28/2018 10:29 PM
72	Maintenance for sure, extended bus to less accessible areas, manage costs, include private Uber as options as well as handicap vans - also something similar to an airport van or coordinated carpool to allow groups of people to travel from one place to another without the stops of buses. This type of coordination would need to come from the private employers where many people may live in one part of town and travel to another for shift-work (wineries)	9/28/2018 1:27 PM
73	Working along side with health initiatives to provide safer and healthier alternatives in transportation.	9/28/2018 12:01 PM
74	Covered	9/27/2018 6:25 PM
75	Better busing services farther routes throughout the valley	9/27/2018 3:55 PM
76	Our street are in a horrible condition, but I think it will be better if you do the work at night to ease our traffic.	9/27/2018 3:54 PM
77	Traffic congestion	9/27/2018 2:06 PM
78	Traffic and road maintenance	9/27/2018 1:50 PM
79	More affordable housing will help with traffic congestion Encourage staggered work hours for government and other large employers	9/27/2018 9:40 AM
80	Please do not create more bike lanes. This would create more congestion.	9/26/2018 10:06 PM
81	More bike lanes with safety paint or lights and shuttles	9/26/2018 10:01 PM
82	all the above	9/26/2018 3:38 PM
83	Sidewalks around schools!!!!	9/26/2018 3:08 PM
84	Traffic is a big issue here in Napa. It continues to increase. We need to look at what other cities are doing across the country.	9/26/2018 1:08 PM
85	any new development should be promote walking or biking. all existing neighborhoods should be analyzed for what would make them more walk-able. PROMOTE CORNER STORES. REZONE TO PROMOTE NEIGHBORHOOD BUSINESSES so people can walk/bike to them.	9/26/2018 12:06 PM
86	Very concerned about future of traffic congestion . The larger hotels /expo/ housing developers ect... need to contribute in a major way to widening or studying the impact on traffic expected by the increase of rooms ect...	9/26/2018 8:58 AM
87	Steps have been taken to improve things for bicyclists. Public transportation is underutilized. Roads definitely need maintenance.	9/25/2018 6:57 PM
88	Again, not sure how to go about it, but traffic here is getting worse and worse. The tourism is great for our economy, but it's also causing locals to dislike going out to get milk at the store or dinner on the weekend. The roads are bad and getting worse. Imola, east of Soscol, is horrendous. There needs to be more policing of bicyclists who ride on the sidewalk, in crosswalks, and on the wrong side of the road, as well.	9/25/2018 5:10 PM
89	We need better public transportation, including exploring options that work in other communities. I think the vine trail is wonderful. We must have a solution to the traffic through American Canyon.	9/25/2018 4:47 PM
90	Continue transit/shuttle access from downtown to the Napa County Health and Human Services offices in the Corporate Park.	9/25/2018 4:26 PM
91	Many roads need to be better maintained.	9/25/2018 3:57 PM
92	Traffic congestion	9/25/2018 3:51 PM
93	All	9/25/2018 3:00 PM
94	Improve road maintenance.	9/25/2018 9:12 AM
95	Improve our roads and offer ride share options.	9/25/2018 7:19 AM
96	TrAffic is the worst and won't geg better. Our roads our a joke. Where is all our big tax money going?	9/25/2018 5:54 AM
97	We need new ideas for transportation. The bus system is too cumbersome. We need something that moves nimbyly that can have flexible pick and drop off as a public vehicle, preferably battery run.	9/24/2018 11:45 PM

## Napa County Strategic Plan Survey of Community Members

98	Build light rail, build it places where it will be useful. Add bus routes that will connect and deliver people to jobs, you don't need to build it on the existing tracks, you can build it down the middle of highway 29. Widen 37 and build it over to connect with SMART, Amtrak California Capitol Corridor, and Vallejo Ferry.	9/24/2018 10:58 PM
99	Broader access to VineGo. Discount bus passes for low-income residents.	9/24/2018 1:03 PM
100	There are too many solo drivers--myself included--and too many tourists on our two north/south roads. I never encountered stop and go traffic on Silverado Trail until the last few years, and it's maddening. Adding more tourists and knowing that many workers are being forced to commute to their jobs in the county from homes in Solano and Sonoma counties means this is only going to get worse.	9/23/2018 8:14 PM
101	Maintenance of county streets and roads	9/22/2018 9:10 PM
102	Traffic is getting terrible, and probably will require some innovative planning and lots of money.	9/22/2018 5:08 PM
103	more bikes & road maintence open old howell mt. road	9/22/2018 4:36 PM
104	Improve local streets, too many are in bad shape. Example: the corner of Jefferson and Wells Fargo bank in this heavily traveled area.	9/22/2018 4:00 PM
105	Subsidize public transport. Stop approving huge developments without housing for employees, who then have to commute.	9/22/2018 3:58 PM
106	re-consider Napa Pipe. Such a mistake.	9/22/2018 2:42 PM
107	Traffic congestion is a major problem between surrounding cities and through the County region. Encourage working with state, federal, and other local agencies on coordinated plans to reduce traffic, promote live-work units in inner cities and near jobs,	9/22/2018 11:58 AM
108	The roads need to be maintained and bicycle lane should only be put on roads that make it safe to ride. Some of the bicycle lanes are unsafe.	9/22/2018 9:50 AM
109	-traffic congestion -bicycling and bike lanes -public transportation	9/21/2018 10:41 AM
110	Work with cities and Caltrans to upgrade regional roads, including parallel roads	9/21/2018 10:31 AM
111	Napa city streets are deplorable. It is evident resurfacing simply patching over or overlaying areas creating crowned streets that are temporary, and creat issues with traffic, safety as well as excessive wear and tear on our autos)as opposed to repaving(removal of existing pavement and replaced by new product). Napa is looking for a 'cheap' fix that in the long run ends up costing us, the tax payers more money because the 'fixes' are only temporary... the streets in old town need complete resurfacing such as the repaving that has recently been completed on HWY 29... traffic congestion is a big issue and needs constant inspection and regulating to insure traffic is allowed to flow. Entrance into downtown Napa off of HWY 29 is a nightmare - A roundabout would be of great assistance in keeping the flow of traffic moving..and perhaps would make the entrance for the tourists you are hoping to draw easier, less complicated and appealing.	9/21/2018 8:11 AM
112	Senior specific transportation	9/21/2018 6:18 AM
113	We need a better way to get back and forth to San Francisco. Bart?	9/20/2018 9:32 PM
114	It takes too long to get a bus anywhere	9/20/2018 8:45 PM
115	Longer hours of operation for bus routes and protection from the weather for all bus stops.	9/20/2018 7:32 PM
116	Improve public transportation throughout the land.	9/20/2018 2:17 PM
117	Perhaps it would help to have more frequent service from vans instead of the large buses. It would be great to have bicycle paths/lanes throughout town that are safely isolated from traffic-- more than just stripes on the road where cars can veer off.	9/20/2018 2:15 PM
118	Smooth the flow of traffic into Napa with 3 effective overpasses.	9/20/2018 9:20 AM
119	Transportation for tourists would lessen traffic and keep drunks off the road	9/19/2018 11:14 PM
120	(1) Look for ways that the county can encourage wineries to collaborate with one another in beginning to provide eco-friendly shuttle service to customers and take responsibility for lessening CO2 emissions in Napa County and improving air quality.	9/19/2018 11:12 PM
121	If the hospitality industry weren't so big, our transportation problems would be lessened...both from an out of county worker commute and tourists.	9/19/2018 6:17 PM
122	make the entire city more walkable. decrease congestion	9/19/2018 2:59 PM
123	We have to get cars off the roads!! Having three or more pleasure trains running up and down the valley is not doing enough	9/19/2018 1:10 PM
124	More bike lanes. Train between Napa and Vallejo. Required living wage of those working in the industries.	9/19/2018 11:29 AM

## Napa County Strategic Plan Survey of Community Members

125	Complete the Vine trail to Vallejo and Calistoga! Push the easements ASAP!	9/18/2018 11:23 AM
126	Maintenance of county roads and streets	9/18/2018 11:12 AM
127	Use the rails in place for more than a fancy, mobile restaurant.	9/17/2018 8:53 PM
128	alleviate traffic congestion	9/17/2018 5:13 PM
129	More bike lanes, bike advocacy, support for walking & access to local business & services	9/17/2018 5:05 PM
130	Our roads are HORRIBLE! Traffic congestion getting out of Napa and North to South is terrible. Also depends on State and Federal funding. Ride sharing to where? We have great buses nobody is on them. Why are we going to spend anymore money on buses? Maybe the funds we spend on buses should be vans and it works like an Uber service.	9/17/2018 4:10 PM
131	all the above	9/17/2018 3:38 PM
132	Support effort to create line and loop system the wine train tracks and much smaller shuttle vehicles. It's just heart-breaking to see those big empty buses on our county roads. Rail connections to BART, SMART and the Vallejo Ferry would be terrific. Commercial flights in and out of the airport would save a ton of Bay Area road hours, even if it might increase Napa's car trips. Re-route 29 around American Canyon for better egress out of south valley.	9/17/2018 3:30 PM
133	The buses are not reliable and there are too few of them. The parking situation all over Napa is pretty bad. There seems to be this notion that everyone will be carpooling to work or around town- no one does, no one wants to, no one is willing, there is no incentive to change. More bike lanes would be great! and not just one bike trail going through the town, there need to be bike lanes that will get you down Trancas, for example, otherwise you have to try to ride with traffic and it becomes extremely dangerous with the poor road conditions and aggressive drivers. Police also need to follow up and actually investigate when cyclists are hit by cars. As of now, I know two people who were hit while biking and there was no attempt to find the hit and run driver, even though the driver was pointed out. This really scares people away from cycling when they know they won't be protected from antisocial drivers.	9/17/2018 2:17 PM
134	Keep up the implementation of traffic circles!!! And removal of lights. Traffic circles work! Convert signals to blinking yellows at low volume hours.	9/17/2018 1:49 PM
135	Improve maintenance of streets and roads, public transportation within the county and work on solutions for traffic congestion	9/17/2018 1:48 PM
136	Continuing efforts must be made to mitigate horrendous traffic issues. Driving up and down the Napa Valley on 29 and Silverado Trail worsens every year, and it probably means we need two lanes each way.	9/17/2018 10:30 AM
137	Maintenance of county streets and roads •Public transportation within the county •Public transportation to/from other counties	9/17/2018 10:12 AM
138	Another priority to focus on in next 3 years.	9/16/2018 5:35 PM
139	Partner with VINE so school children may take the public bus to school instead of SO MANY private vehicles. Do not build any more public schools off of public transportation paths. Provide locked containers for bikes everywhere (VINE depots have these). Employers could provide more dramatic financial incentives to avoid one person in car going to work.	9/16/2018 12:36 PM
140	Maintenance of road should be top priority	9/16/2018 9:20 AM
141	Rebuild the intersection of 37 and 121 to eliminate the Eastbound congestion (vallejo bound traffic blocking Napa bound traffic)	9/16/2018 1:35 AM
142	Get the Vine trail completed	9/15/2018 7:32 PM
143	We desperately need new and safer bike lanes. Paint lanes green, paint additional line to enforce 3 feet distance. Remove parking on streets where there is no bike lane downtown and replace with parking!	9/15/2018 5:50 PM
144	Increase public transportation options available throughout county.	9/15/2018 5:21 PM
145	Any way to help congestion!	9/15/2018 1:49 PM
146	Encourage businesses that pay a living wage so people don't have to commute out of the county for work. Build more affordable housing along transit corridors so people don't have to live outside the community and commute in. Stop letting the developers call the shots.	9/15/2018 12:29 PM
147	More connected bike lanes and bike paths throughout neighborhoods, bicycling programs in schools that connect youth and families to affordable bikes and teach them how to ride safely. Increase and improve options for public transportation between counties and within Napa county: more frequent bus lines, small electric buses running regularly throughout towns -- which do not have huge carrying capacity but are very frequently running, keeping the streets free of large noisy buses but still allowing people to travel through town easily and reliably.	9/15/2018 12:24 PM

## Napa County Strategic Plan Survey of Community Members

148	all	9/15/2018 12:03 PM
149	street conditions do not match the wealth of income the county enjoys	9/15/2018 11:38 AM
150	Bold and innovative long term planning required. Study other regions. Carpooling is not a 25 year solution. This is THE key issue to long term success We need to dream big and think about how we can use Hwy 29 and Silverado Trail the most efficiently, shares cars, a small light rail, bike path, all in the same space. Go to Berlin and check it out.	9/15/2018 11:32 AM
151	city streets need repair, provide affordable housing for service workers to minimize their transportation costs and reduce traffic	9/15/2018 11:30 AM
152	Maintain streets and improve sidewalks	9/15/2018 10:54 AM
153	Traffic congestion	9/15/2018 8:13 AM
154	My road (Soda Canyon) is horrible!!! It was bad before the fires, but it's way worse now. I am so happy to see Caltrans finally paving the highway, but the patchy work of the county crew on Silverado Trail is ridiculous!! Neither of these main roads has had a decent update forever. I personally have let the county know about my road because we have bicyclists ride up it all the time, and there is no shoulder left for them due to erosion. The cars are forced to cross the center line to give the bikes there 3' buffer. It's ridiculous. My mom lives on Money Road in Oakville. They were promised a new pave job after the flood control trucks were done. Nothing happened. My uncle (who is 87) has to go by cold patch to fill the potholes in front of his house. Really?! We pay a lot of taxes. It would be nice to get new pavement every once in a while.	9/15/2018 8:06 AM
155	I would love to see more accessible and complete bike lane access. This should be a priority. Electric cart usage within smaller towns / cities like St. Helena, Calistoga and Yountville would be great. Why is it not encouraged? No-emission, quiet, smaller, easier to park, etc. Other small towns do this!	9/15/2018 7:11 AM
156	The lack of roadway infrastructure for our community is making impossible to go from one part of town to the other. Special events on our roadways every weekend is frustrating. Put in paths that handle these events.	9/15/2018 6:56 AM
157	Dedicated bike path from Vallejo to Calistoga!!	9/14/2018 10:21 PM
158	Street maintenance	9/14/2018 9:58 PM
159	Basic maintenance of county roads.	9/14/2018 9:54 PM
160	First and foremost, the streets and roads need to be maintained. Poor roads cost the public in car repairs and tires as well as contribute to accidents. Although we can attribute much of the traffic congestion to the lack of housing, the building boom of wineries and hospitality business generate a lot by contractors and construction equipment. Add in the visitors and the roads are taking a beating and were not designed for the amount of vehicles. The county should encourage the "choke points" to be eliminated through the use of "roundabouts" and/or interchanges. American Canyon needs to be bypassed, the Jameson Canyon/29 intersection needs an interchange, the 121/29 intersections at the southern crossing and at the 12/29 intersection need to be addressed. The issues with the stoplights north of Trancas/Redwood Road on 29 need to be resolved. It is obvious we do not have an answer for inter-county transport as it is not used as it should. Encouraging ride sharing helps, but the fact is that people are used to being able to go when and where they want and education may be the only economic answer.	9/14/2018 9:27 PM
161	Bike lanes!! Off the main roads!! It's so dangerous around here for biking.	9/14/2018 9:17 PM
162	Again, finish the VINE trail all the way from Calistoga to the Vallejo Ferry. Connect to SMART in Sonoma. Enhance links to Solano and the East Bay.	9/14/2018 8:33 PM
163	We have been waiting for our Mt. Veeder Road to be fixed for decades, literally. Now, the one-lane section that they said would be fixed by 2018 is NOT fixed, and weeds are growing in the mountain of gravel that they piled into the lane heading toward town. We have 100 foot drops along there with NO guard rails. Carpooling does NOT work. Don't waste your time. Bicycles DO NOT belong on Mt. Veeder Road, period. The road is too skinny and blind curves all along it. Maintenance up there is dismal. I RARELY see the busses going along Napa streets! Have no idea what their schedule is.	9/14/2018 8:23 PM
164	the roads are in horrible shape especially Zinfandel. Resurfacing 29 will be great when it is done.	9/14/2018 8:14 PM
165	street/road maintenance bike lanes and paths	9/14/2018 8:08 PM
166	Work with Cal-trans to creatively address traffic issues (timing of traffic lights on 29 are horrible). Make Hwy 29 north-bound traffic only. Silverado Trail south bound traffic only.	9/14/2018 7:51 PM
167	Expand public transportation with train service from Calistoga to American Canyon	9/14/2018 6:52 PM
168	Aducarnos para usar menos el carro crear más caminos seguros para bicicletas	9/14/2018 5:13 PM
169	Traffic congestion both locals and tourists have ruined our streets	9/14/2018 3:34 PM

## Napa County Strategic Plan Survey of Community Members

170	no idea	9/14/2018 2:51 PM
171	Higher Tourist tax or usage gas tax. They will still come!	9/14/2018 2:27 PM
172	Repair of neglected public streets	9/14/2018 1:21 PM
173	The expansion of or rerouting opportunities on Hgy 29 on south portion in AmCan	9/14/2018 1:09 PM
174	Yes, to bike AND walking trails to keep people healthy and safe as they walk.	9/14/2018 12:18 PM
175	Add or widen roads in highly congested areas.	9/14/2018 11:24 AM
176	At this point in time the only way you are going to be able to cut back on traffic is to cut back on continual development of wineries and winetasting rooms. Stop Stop Stop To much of a good thing can ruin it for everyone.	9/14/2018 10:22 AM
177	No further expansion/approvals of facilities involving large events up valley.	9/14/2018 8:34 AM
178	Make buses run constantly so they are effective to use to get around to work and errands.	9/13/2018 11:25 PM
179	County and City roads are in dismal condition. Should be a major priority, ahead of jails, city halls, winery expansions- local population deserves much better.	9/13/2018 7:59 PM
180	Electric commuter vans (cosponsored by cities, county, Q VH, NSH, and wineries); walkability (neighborhoods where pedestrians have greater rights than automobiles), and bike/pedestrian bridges over highways.	9/13/2018 7:37 PM
181	fund more public transportation opportunities - for tourists and locals. create more connections to SF and SMART	9/13/2018 4:52 PM
182	Promote jobs that can be done remotely, and provide the technology infrastructure needed. More bicycling would be great (also healthy), maybe some incentive for bicyclists. More stores to have secure bicycle parking with overhead camera to deter bicycle thefts (which is why some people won't ride their bikes).	9/13/2018 4:40 PM
183	Mantenimiento de las calles y caminos del condado.	9/13/2018 4:20 PM
184	Mantenimiento de las calles y caminos del condado	9/13/2018 2:37 PM
185	Encourage use of youth/elder bus passes; make buses safe to ride. Maybe build overpasses to alleviate increasing burden on Hwys 29, 121.	9/13/2018 12:35 PM
186	open new roads and add bicycling and bike lanes.	9/13/2018 10:24 AM
187	While I'd love to see more alternative transportation (biking, walking) streets, cars and traffic are the current reality and need to be addressed....	9/13/2018 10:20 AM
188	Alternatives to driving alone, including ridesharing and carpooling	9/13/2018 8:15 AM
189	Encourage non-car and public transportation with incentives funded by tax dollars. Pay people to carpool, pay people to ride the bus, pay people to bike to work.	9/13/2018 7:48 AM
190	Street maintenance	9/13/2018 6:42 AM
191	Streets and roads are nearly at a "third world" state	9/13/2018 6:09 AM
192	Cut back on approving wineries and hotels	9/12/2018 9:33 PM
193	Bus transportation to San Francisco	9/12/2018 9:26 PM
194	Traffic in Napa seems to be getting worse. It seems that the reason may be a combination of tourism and employees coming into Napa to work.	9/12/2018 8:47 PM
195	Let's start fixing our roads - not just the ones driven on by tourists. Find a way to conveniently/cheaply move people up/down Valley to take them off of the roads. As Dario Sattui has done in the past, PAY your work force for carpooling/taking public transportation.	9/12/2018 7:24 PM
196	Rail	9/12/2018 5:31 PM
197	Bike lane for the length of the valley!	9/12/2018 5:13 PM
198	Provide all homeless people bus passes if they are seeking services.	9/12/2018 4:47 PM
199	Support of walking, hiking and biking. Focus on control of tourism related traffic and parking.	9/12/2018 3:15 PM
200	Work internally on county employee commuting to test out ride sharing/ electric vehicle fleet/ work from home options to reduce Vehicle Miles Traveled. Require new projects to reduce Vehicle Miles Traveled.	9/12/2018 3:10 PM
201	Alternatives to driving...and ensure safe roads for bikes and cars	9/12/2018 12:20 PM
202	Join with surrounding counties to try to increase public transportation.	9/12/2018 11:32 AM

## Napa County Strategic Plan Survey of Community Members

203	My road is particularly rough (Milton). In fact, it's become a punchline a few times. Please follow through with promises to re-pave.	9/12/2018 10:01 AM
204	maintenance of county streets and roads	9/12/2018 9:41 AM
205	The County should lead by example. They should encourage carpooling. Perhaps reserve the available lots for 2 person carpools, and support 2 hour parking around county facilities. I think the only way to improve the situation is to make the cost of using a car higher to offset the convenience. Additionally perhaps the County could coordinate with other governmental organization like Vacaville, Fairfield, City of Napa to fund park and ride lots near residential areas that goes directly to government centers.	9/12/2018 7:56 AM
206	Focus on the intersection of Highway 29 with Soscol. It's the most congested area of the county. The county will never be public transport friendly because industry and agriculture are so spread out, and our work force lives in so many scattered areas. Stop wasting money on public transport.	9/12/2018 6:10 AM
207	Mantenimiento de calles y carriles ,congestión de tráfico "urge"	9/11/2018 10:53 PM
208	Better timed lights	9/11/2018 9:38 PM
209	Safety issues with Bay Area public transportation	9/11/2018 6:45 PM
210	Traffic congestion	9/11/2018 5:11 PM
211	The busses with bike racks are a help. Better bike lanes (in Canada they have a cement barrier between the car and the bike lanes). Decrease auto taxes for reliable car-pooling.	9/11/2018 4:32 PM
212	public transportation within the county for both tourists and locals	9/11/2018 4:04 PM
213	happy	9/11/2018 3:51 PM
214	Another challenging topic. Could use of the wine-train corridor be expanded? Seems like a great way to move labor up to north valley.	9/11/2018 3:28 PM
215	Public transportation to and from other counties is going to be increasingly important to get workers who don't live here to their jobs.	9/11/2018 3:04 PM
216	Develop exclusive bicycle and pedestrian friendly routes free of autos and provide ample bicycle parking.	9/11/2018 2:37 PM
217	Free bicycling classes for our youth/young peoples, free driving classes, increase this topic in cultural events/spaces.	9/11/2018 1:58 PM
218	Fix the potholes! Provide alternative public transportation for tourists who come to Napa for wine tasting, so they don't drink and drive.	9/11/2018 1:27 PM
219	Create pedestrian and public transit only systems. Increase use of rail or other shared transportation. Use technology.	9/11/2018 12:24 PM
220	Take action in better coordination of transportation improvement efforts between Napa County and Sonoma County as well as Federal to enhance and relieve congestion along major thoroughways (Hwy 29, Hwys 121/12. Roundabouts, HOV lane incentives etcetera and thinking longer term about getting BART closer access to Napa and Alameda County!	9/11/2018 12:09 PM
221	Improve bicycle lanes and other safety measures to encourage more bikes. Consider light rail development. Enforce traffic laws better on Silverado Trail. There are frequently dangerous drivers on the road during commuting hours that speed excessively, illegally pass, etc. and are overall extremely aggressive drivers.	9/11/2018 11:12 AM
222	Stop studying the problem and start implementing projects to fix it. Stop saying its too expensive and get it done.	9/11/2018 10:49 AM
223	Incorporar mas unidades al servicio publico para que puedan pasar con mayor frecuencia asi como crear nuevas rutas que te lleven de un condado a otro.	9/11/2018 10:01 AM
224	DEVELOP A TEAM FROM PBES, PUBLIC WORKS AND OTHER DEPARTMENTS TO RESEARCH WHAT OTHER CUMMUNITIES HAVE BEEN SUCCESSFUL IN REDUCING TRAFFIC CONGESTION, REQUIRE DEVELOPERS TO IMPROVE WALKABLE AREAS IN ALL FUTURE DEVELOPMENT.	9/11/2018 8:52 AM
225	Maintenance of county roads, streets and sidewalks	9/10/2018 11:02 PM
226	Maintenance of streets and roads, and traffic congestion. Eliminate bike lanes	9/10/2018 4:16 PM
227	The rail system that cuts from American canyon to st Helena must be explored for improved use to get cars off of roadways. Bike lanes and improved pedestrian paths, especially in big centers such as Bel Aire. Transportation is about convenience and ease of access to bus and rail must be explored plus dedicated bus lanes through town and to ferry, Amtrak and Calistoga. Use roundabouts at major road intersections.	9/10/2018 4:07 PM

## Napa County Strategic Plan Survey of Community Members

228	For big events like the Bottle Rock transporting folks via large commercial bus kept less cars off Soscol Avenue. This is an idea that may need to be delivered in a systematic approach for tourists to our upper valley. Those who are non-locals will have to pay perhaps through an additional toll cost similar to the East Bay from Danville to Dublin. A thought anyway. It is too dangerous to bicycle to work too much fast moving cars and I only live 1-1/2 mile to work. I would like to see semi-trucks and delivery trucks only in the "wee" hours of the morning or very late at night. The exception would be deliveries to residences i.e. furniture or building supplies.	9/10/2018 3:50 PM
229	More bike lanes would be great.	9/10/2018 3:37 PM
230	Explain what the County can do to help those with many employees find a way to reduce vehicles.	9/10/2018 3:28 PM
231	Work with (incentivize) large employers, schools etc to come up with work schedules that help reduce traffic congestion at peak hours.	9/10/2018 3:15 PM
232	Fix the long lights that lead to bad behavior and congestion...don't do another study	9/10/2018 1:53 PM
233	Increase road maintenance. Expand safer bike lanes. The current bike lanes on busy streets (Jefferson) are not safe to use.	9/10/2018 1:46 PM
234	Bike trail could be so much better. School crossing lack safety measures, i.e. no guard or cross walk for Silverado Middle School.	9/10/2018 1:36 PM
235	Transportation issues are always an issue Up Valley in Calistoga. The community brings this up regularly. There needs to be a bus route to get to Santa Rosa. Many people cannot get to the hospital, Dr. Kaiser, shop, school. These are basic needs that community should have. The Calistoga Shuttle is another ongoing problem with the lack of caring for the local community and more catering to tourist is conversation that is always brought up. They should also have bilingual staff to take calls when a spanish speaker calls. They do not ride the shuttle because they are ignored.	9/10/2018 1:35 PM
236	Enable bus/rail movement to adjacent counties. (I was about to catch a bus to Sonoma and found the route was discontinued)	9/10/2018 1:10 PM
237	Lobby to fix the 37 bottleneck coming from SF and Marin back to Napa.	9/10/2018 1:00 PM
238	Public transportation, public transportation. The congested roadways are destroying the quality o life here. If I came here as a tourist, I would be appalled at the congestion and stopped traffic.	9/10/2018 11:49 AM
239	Maintenance of county streets and roads.	9/10/2018 11:46 AM
240	Support Vine Trail	9/10/2018 9:50 AM
241	Make more lanes on highway 29	9/10/2018 9:32 AM
242	rural roads are a disgrace and congestion is terrible. Need an overpass at Soscol and 29 and more lanes. Need overpass at HWY 12 intersection south versus a light that slows southbound traffic.	9/9/2018 8:13 PM
243	Eliminate all VINE routes except those that engender enough riders to make them approach paying for self..eg to Vallejo ferry and up and down Hy 29. The rest seem to be very expensive private transport for those who ride. Most buses are carrying 3 to 5 people. Would be cheaper to provide on demand transport.	9/9/2018 6:07 PM
244	Install roundabouts	9/9/2018 5:32 PM
245	actively pursue self-driving shuttles and anything reasonable to lessen traffic. Get American Canyon on the same page as north of them!!!!	9/9/2018 4:58 PM
246	Dedicated bus lanes to bring workers into County. Rail to Vallejo Ferry, Fairfield and Marin.	9/9/2018 11:59 AM
247	Know the maintenance is ongoing and improving. Would be nice to have transportation to other counties but there is a need to find if it would be actually use. Traffic is getting worse and all the tourists don't help. It appears, however, that the more wineries we have, the more workers we need (over 500 at last count) and they don't live here...it's getting so the average person can't afford to either. That's why the smart ones are moving out of state. They want to hang onto what they have.	9/9/2018 11:53 AM
248	If there was better transportation into Napa fewer people would have to drive helping with traffic congestion and also the housing storage here	9/9/2018 11:40 AM
249	Winery hospitality staff moving in and out of the valley is a tough logistic problem. rewards for carpooling might help. many can't afford to live here.	9/9/2018 11:40 AM
250	Maintenance of county streets and roads.	9/9/2018 11:19 AM
251	THANK YOU FOR HIGHWAY 29 REPAVING! Make the Wine Train a commuter train (ha, good luck). Expand bus system to include more stops in SE Napa industrial park (near Napa Airport).	9/8/2018 8:07 AM
252	The vine trail is great. Please support walkable cities and the trail.	9/7/2018 4:36 PM
253	Where to start....? The traffic situation is only going to get worse.	9/7/2018 3:31 PM

## Napa County Strategic Plan Survey of Community Members

254	Maintenance of county streets and roads.	9/7/2018 2:27 PM
255	Public transportation needs to be redesigned with some vehicles not adhering to a set route or schedule as occurs when the dealership gives you a ride home while they fix your car.	9/7/2018 12:43 PM
256	Improve and maintain roads in underserved neighborhoods.	9/7/2018 10:01 AM
257	Proporcionar mantenimiento a las calles y dar mayor informacion de como funcionan las rutas de transporte.	9/7/2018 9:08 AM
258	There are a lot of areas in town where sidewalks aren't existent. This leads to parents picking up youth from school instead of allowing their youth to walk, causing more traffic then there needs to be.	9/7/2018 9:01 AM
259	I am a graduate student that travels to San Francisco three days out of the week by taking bart. I can only use the Vine once because my classes finish around 10PM. But by that time there are no vines going to El Cerrito del Norte. I would gradly appriciate if you continue to run the 29 with late hours.	9/7/2018 8:17 AM
260	Use of zero emission vehicles must be made mandatory for all governmental and tourist related vehicles.	9/6/2018 10:50 PM
261	Work with the vintners, tour operators, and other stake holders to promote bus transportation for wine tasting/events in the valley.	9/6/2018 4:32 PM
262	more public transportation options	9/6/2018 3:40 PM
263	Increase and give priority to mass transit; develop train service from Vallejo/Fairfield to Napa and beyond	9/6/2018 3:30 PM
264	Focusing on alternatives to driving alone, by communicating viable options for those both in the city and county.	9/6/2018 2:24 PM
265	The VINE is extremely limited. Its customer base are the marginilized that cannot afford to drive or own a vehicle. Many of these people work late. To have transportation shut down at 630 pm and on Sunday is not realistic to the public it serves. The 10 and 11 route also end around 8-930. Local routes should extend until 9 pm and 10 and 11 until 11 pm daily, Sunday excepted. Local routes should run on Sunday. A route to Santa Rosa should not be completely cut but have reduced times if necessary.	9/6/2018 1:47 PM
266	We know where the problems are upvalley: Skellenger Lane and Silverado Trail; Mondavi winery and 29; stupid stoplight on 29 in Yountville. Those are pinch points. Quit talking and take action to fix!	9/6/2018 11:48 AM
267	Mantenimiento de las calles y caminos del condado.	9/6/2018 11:07 AM
268	THE MAINTENANCE OF OUR ROADS IS TERRIBLE. IT IS EMBARRASSING THAT OUR COUNTY HAS SO MANY VISITORS AND YET MANY OF OUR NEIGHBORHOOD ROADS ARE IN TERRIBLE CONDITION. TROWER AVE. BETWEEN JEFFERSON AND 29 IS AWFUL. THE CITY CLAIMS TO BE REPAVING ROADS EVERY YEAR AND THEN THEY COME DIG THEM UP FOR A NEW PROJECT. NOT GREAT PLANNING.	9/6/2018 10:10 AM
269	Public transportation is slow. I suspect it has to do with financial issues.	9/6/2018 9:41 AM
270	Why is county moving towards reducing VMT when there are no alternative means of transportation readily available. Need to implement traffic mitigation fee program that is action item of General Plan	9/6/2018 8:54 AM
271	Traffic congestion in and to the County is a major problem. The County needs an efficient way to get people (visitors and employees) through American Canyon. The proposed plan for multiple traffic routes seems like a bad one. Devlin Rd is already so congested. A freeway is needed to move people quickly.	9/6/2018 8:45 AM
272	Napa needs to improve their public transportation for the working individual.	9/6/2018 8:40 AM
273	More bike friendly roads and streets throughout the city of Napa would be really great!	9/6/2018 8:38 AM
274	Fix the roads . leave the rest to economic need	9/6/2018 8:03 AM
275	Development alternative modes of transportation	9/6/2018 6:23 AM
276	increase bike and public transportation between counties	9/5/2018 6:59 PM
277	Maintain roads better.	9/5/2018 6:03 PM
278	Widen highway 29 and other corridors alongside to alleviate the traffic going towards and coming from American Canyon. Roads need to be fixed as well!	9/5/2018 5:35 PM

## Napa County Strategic Plan Survey of Community Members

279	a) Traffic – need to find solutions to mitigate traffic. If we don't, visitors will stop coming here and that will hurt us all. Just staggering the working hours of wineries would take commuters off the road at peak hours. Encourage wineries, especially the large producers to move bottling to south county or out of county. Most of the wine that is sold in Napa County is consolidated and shipped from near the airport. It just makes sense that the wine is bottled there as well. This would take a lot of big trucks off the two-lane roads upvalley.	9/5/2018 5:25 PM
280	Provide heavily subsidized public transportation and levy an additional tax on county residents that own vehicles.	9/5/2018 4:44 PM
281	Long term, we must have faster public transport to/from the rest of the bay area, (not buses) though that's not a 3 year project. Transportation within the country is okay.	9/5/2018 4:02 PM
282	I think we should look at alternative to driving alone. We should also look at traffic circles, versus all of the traffic signals we have. We need to encourage bicycling and carpooling.	9/5/2018 3:59 PM
283	Ridership on the Vine is very low. Are maps and scheduled communicated? Seems like we can hustle people from city to city, then within a city.	9/5/2018 2:48 PM
284	Maintenance of county streets and roads	9/5/2018 1:46 PM
285	Traffic Congestion	9/5/2018 12:42 PM
286	fewer stop lights/signs and more roundabouts. Get the winery work force to stagger their work times	9/5/2018 12:40 PM
287	encourage, Incentivize staggered work force hours; how do we measure current state, what are goals, requires business and public cooperation to design plan.	9/5/2018 12:20 PM
288	Reparar las calles de la ciudad y freeways. Mas rutas de bus. Servicio en fin de semana. Incluir rutas a San Francisco ya que hay personas que no manejan y tienen que acudir a citas del medico o a la universidad.	9/5/2018 11:39 AM
289	Transporte público hacia / desde otro condados	9/5/2018 11:37 AM
290	Mantenimiento de las calles y caminos del condado \ n	9/5/2018 10:57 AM
291	Bike trails	9/5/2018 10:48 AM
292	public transportation is important especially when it's from another county.	9/5/2018 10:27 AM
293	Invest in our infrastructure and support public transportation in and out of the county to places like airports, major cities, etc.	9/5/2018 10:20 AM
294	Addressing the housing issue is likely one of the most effective means of addressing the traffic issue. Having stated that, addressing the Am Can bottleneck has to happen sooner or later. It will not be easy or cheap.	9/5/2018 9:14 AM
295	Maintenance of county streets and roads	9/5/2018 8:50 AM
296	Traffic in Napa is only getting worse, I don't know what can be done about this. Personally I don't know how many people use public transportation to avoid driving but I don't think that should be the solution.	9/5/2018 8:43 AM
297	Its ridiculous theres a bus to the casino but not santa Rosa Toursits on bikes belong in the past. Why not have sober locals pulling riskshaws? Local taxis vs tourists exploiting DUI loopholes No bikes allowed on roads without bike lanes	9/5/2018 8:39 AM
298	Make it easier to find and use public transportation.	9/5/2018 8:13 AM
299	Public transportation out of area since we have a lot of commuters out of area. Dealing with American Canyon traffic specifically.	9/4/2018 8:34 PM
300	Maintenance of roads	9/4/2018 6:33 PM
301	Increase maintenance. Don't widen roads, work on commute time management policies. Push back on state policies that hinder farmworkers from carpooling. Start a campaign to reduce cellphone use in cars. Consider roundabouts for trouble intersections, reduce stoplights and work with caltrans to prioritize commute timing for lights. Work with the Wine train to reduce trip traffic at road crossings during peak traffic times.	9/4/2018 5:52 PM
302	Utilize our rail-lines... work with the wine train folks to provide transportation for workers throughout the county.	9/4/2018 5:33 PM
303	This is a tough one. I see the Vine busses all over riding around empty. I don't know the answer to that. Road maintenance is the cry of every local. We need serious help.	9/4/2018 5:20 PM

## Napa County Strategic Plan Survey of Community Members

304	Napa County needs to support better public transit by encouraging programs that discourage single occupancy vehicles. There is too much free parking here which encourages driving. The roads are now being improved with Measure T funding, but congestion will continue to increase if everyone continues to drive alone. More, better bicycle and pedestrian infrastructure would help encourage short trips by these modes instead of driving. Require participation of ALL schools in the multiple districts to participate in Safe Routes to School programs that encourage walking and biking for students. Congestion in/around schools is terrible as is the obesity epidemic because children are being driven to school instead of walking.	9/4/2018 5:19 PM
305	Traffic, is out of control on Highway 29 and Silverado Trail.	9/4/2018 5:11 PM
306	Let's get more effective on housing more folks who work here but live elsewhere. That will help the traffic issue a little. Let's get the vine trail further along such that it is truly usable for getting to and from work. On our roads, develop a ten and twenty year plan for upgrades such that all of us can see where annual efforts are proposed much like the City of Napa's 'ten miles a year' program.	9/4/2018 4:19 PM
307	Napa should be known as a biking community with support given not only to bike trails, but also safe routes to the trails, schools and shopping.	9/4/2018 3:00 PM
308	Maintenance of county streets and roads	9/4/2018 1:49 PM
309	Two lanes each way all the way to Saint Helena on Hwy 29. Another bridge over Napa river on Pope Street, a connection from NVC campus in Saint Helena to Dowdell and Mills lane to allow cars to avoid Saint Helena traffic. Perhaps even connect Paseo Grande to Fulton Lane. Full on green bike lanes should be on every major route.	9/4/2018 12:18 PM
310	mas transporte publico que abarque las orillas de la ciudad.	9/4/2018 12:00 PM
311	Traffic is terrible in the main streets in town. It takes 30min to get across town.	9/4/2018 11:34 AM
312	Public transportation (train or light rail?) to get up- and down-valley for commuters. Many people don't use the bus system because the buses have to sit in the same traffic they do and it is no faster.	9/4/2018 11:15 AM
313	Maintain county streets and roads to a level commensurate with Napa County's world class reputation for its agricultural lands and resultant wines.	9/4/2018 10:22 AM
314	Fix broken roads and massive potholes. Synchronize stop lights on Soscol Ave.	9/4/2018 10:12 AM
315	More emphasis on public transportation Availability of public transportation evenings and weekends	9/4/2018 9:42 AM
316	Discontinue the use of large empty buses and have a fleet of smaller buses that run more routes. I never see more than 3 people on a large bus in the city.	9/3/2018 8:36 PM
317	Provide free bus passes for student-age youth. Provide more bike lanes, bike boulevards, and bike-related events to promote this awesome transportation option.	9/3/2018 7:56 PM
318	Give incentives for ride sharing and use of public transportation. make public transportation more available, ie, more routes, more times. providing affordable housing will cut down on commute traffic into valley.	9/3/2018 7:25 PM
319	isn't it doing fine?	9/3/2018 5:02 PM
320	Continuing to encourage alternative forms of transportation to single rider cars.	9/3/2018 3:41 PM
321	Increase public transportation to allow the work force to get in and out of Napa with less congestion. We need prompt and comfortable buses and we could use the train tracks! Encourage/reward wineries to promote packages that involve public transportation.	9/3/2018 2:04 PM
322	Get smarter about where you are building and what you are building!!	9/3/2018 12:39 PM
323	Design bus transportation so that it is senior friendly. In other words, they can do their shopping with the greatest of ease, especially their grocery shopping. Laurel Manor (senior affordable shopping) has a bus stop in front of their community. Where does it take residents? It takes them to the Factory Outlet stores where they can't afford to shop and they would look ridiculous in the clothes selections that are offered there. From there, it takes them to the terminal where they have to make a transfer in order to do their grocery shopping. Too often, we tuck seniors away in remote areas of our community. Let's bring them out in the open. HOW ABOUT GROCERY SHOPPING NEAR THE SENIOR CENTER.	9/3/2018 11:52 AM
324	Synchronize lights on 29. remove lights/stop signs and install roundabouts upvalley. Complete the Vine Trail. proactively recruit autonomous vehicle opportunities.	9/3/2018 11:40 AM
325	More viable public transportation. Improve traffic flow by adding lanes on Highway 29, create overpasses, traffic circles. More bike lanes and improved bicycle safety.	9/3/2018 10:52 AM
326	Fix road, go mixed use south of Napa to decrease traffic	9/3/2018 9:47 AM

## Napa County Strategic Plan Survey of Community Members

327	Safe bike and walking areas reduce congestion. The public transportation make it very hard to commute to work, so slow.	9/3/2018 6:54 AM
328	A need to examine all options available, make recommendations and proceed with implementation. This is a big problem increasingly out of control. All potential sources of funding should be on the table!	9/3/2018 3:46 AM
329	Reduce congestion	9/2/2018 10:39 PM
330	More access to alternative transportation would be helpful for older residents who are no longer able to drive. Low cost alternatives. Move Bottlerock to Kennedy Park area or by the Airport so the community isn't so impacted. Our family usually hides the weekend of bottle rock!	9/2/2018 7:55 PM
331	Explore a plan to buy back the rail line with federal grants to get tourists the valley floor wineries. Research/network to see how well the Marin-Sonoma light rail is working. Explore having the wineries to do busing from the hotels.	9/2/2018 2:17 PM
332	build a rail line from American Canyon to Napa - build streetcars	9/2/2018 2:05 PM
333	Address the terrible traffic problems. No more projects requiring in commutes and out commutes.	9/2/2018 1:17 PM
334	Limit number of big city buses and use smaller buses or shuttles	9/2/2018 11:50 AM
335	Maintenance of local streets - not just the downtown or Highway 29. Transportation for residents & visitors - shuttle service using our unique road system; continuous loop system with drop off and transfer areas; use of smaller bus vehicles.	9/2/2018 11:09 AM
336	We need to widen the roads heading in and out of Napa or create new paths to the main highways. We need to increase the options to get in and out of town (ie more frequent busses to major transportation hubs (BART, ferry)	9/2/2018 8:07 AM
337	strategically placed public parking coupled with public transit to/ from same; tap into major hotels to obtain financial collaboration	9/2/2018 6:54 AM
338	Devlin Road extension needs to be built already. Can we build another bridge at southern crossing and make the entire stretch from 12/121/26 to 128 a toll road?	9/2/2018 4:48 AM
339	Transportation is the biggest challenge facing Napa, eclipsing even housing in my view. There have been a few positive developments, such as the widening of Jameson Canyon and the Vine Trail, but much more needs to be done. I believe the biggest opportunity lies in rail. A speedy (1 hour) connection between the city of Napa and the new Transbay Terminal in San Francisco would be an absolute boon. A quick connection to SFO should also be highly encouraged. This will help both tourism and locals, as well as traffic on the roads. Ridesharing, especially around public transport drop-off points, should be highly encouraged. It is even more flexible than buses, and a much nicer experience. Hopefully, it will become more and more affordable, too. If the wine train tracks could also accommodate a commuter train serving the cities of Yountville, St. Helena, and Calistoga, that would be doubly fantastic (and create some goodwill for the Wine Train.) A ferry link from downtown Napa to at least Vallejo would be quite useful, as well, with the ultimate goal of a water connection to the San Francisco Ferry Building and SFO. And let's not forget our roads! The current maintenance work on Highway 29 and the Silverado Trail, in particular, is good to see, and every effort should be made to increase the throughput of these two main thoroughfares. Low hanging fruit would be timing lights to alleviate the slowdown from Trower to Oak Knoll that resulted for some reason from the extension of the Vine Trail (which is otherwise a great addition to the valley.) Once you pass through one light, the others should be timed so you make it through all of them - look to Pine, Bush, Franklin, and Gough streets in San Francisco, as well as The Great Highway, for inspiration. A similar approach could be taken along Soscol in Napa and 29 through American Canyon and St. Helena. Requiring more money and time, but of undeniable value, would be large interchanges on Highway 29 at Jameson Canyon and Soscol to address those choke points. And though it is not really in Napa County, we should support the proposed elevation and widening of 37 from Vallejo to Sears Point.	9/1/2018 8:16 PM
340	Building projects continue while traffic congestion hasn't been adequately addressed. We'll never get ahead of our traffic issues if we continue to build and build without adequately addressing the traffic. Continuing to build and produce jobs that will create more traffic shouldn't come before implementing current traffic solutions - these traffic solutions should include considerations of traffic projections in the future, not just current traffic issues.	9/1/2018 7:52 PM
341	WE NEED TO CURTAIL OUR BUILDING AND CAUSING MORE TRAFFIC. WHAT DO YOU THINK IS GOING TO HAPPEN WHEN THE DEVELOPMENT IS BUILDING SOUTH OF THE CITY? YOU KNOW KEITH REGAL'S GREAT IDEA. COUNTY DIDN'T LISTEN WHEN WE SPOKE AGAINST THE CARNEROS HOTEL AS THERE WOULD BE NO WATER. NOW, NAPA CITY HAS TO PROVIDE THE WATER. THANKS A LOT. WHILE I CONSERVE, THE CITY PROVIDES WATER TO A DEVELOPMENT THAT NEVER SHOULD HAVE BEEN ALLOWED.	9/1/2018 7:16 PM
342	Make active transportation a priority. Increase public transit. Reduce industries, like hospitality, that don't pay enough for workers to live nearby.	9/1/2018 4:59 PM

## Napa County Strategic Plan Survey of Community Members

343	The vine bus on demand app is great but there is not any well-marked bus stops in the rural county...we need covered lighted bus waiting areas through the valley from Calistoga to Napa. I want to take the commuter wine train down the valley to Napa and not drive to Napa every day. Bus winery workers up valley. Lighting is not good on Hwy 29 too dark and hard to drive in winter months. Zinfandel lane a major cut-through too dark and you don't know its coming up to Hwy 29 to easy to run the stop sign because its so dark..very unsafe!!	9/1/2018 4:28 PM
344	simple - maintain the existing roads - stop spending on bike lanes until can demonstrate responsibility to maintain. Stop wasteful spending via proposed traffic circles, etc which will not reduce the travel times nor number of accidents (vs lowering hi impact) fix timing of street lights. Stop spending money on 'fixes' that, at best, just shifts location of where traffic will bottleneck	9/1/2018 4:00 PM
345	I personally am affected by crumbling asphalt at the 5way intersection of Coombsville, 3rd, Silverado Tr. Please confer with the State Hwy officials to do something. Additional traffic will be generated when the apartments off Coombsville will only worsen the already rough drive.	9/1/2018 4:00 PM
346	Public transportation within communities	9/1/2018 3:32 PM
347	All of the above	9/1/2018 1:18 PM
348	We need to figure out the traffic mess on hwy 29- it is ridiculous that it takes 40 min to 1 hour to get to Am canyon. We are not a little town anymore- get over it and build a better highway	9/1/2018 10:35 AM
349	Encourage and assist in building more affordable workforce housing throughout the county	9/1/2018 8:47 AM
350	Create shuttle service up valley. Improve bus schedule to promote use by people working up valley	9/1/2018 8:41 AM
351	The vine trail is awesome and such an asset. Other than that biking in Napa is scary. Can Imola road be fixed? Sidewalks and crossing lane is needed. Can Napa communicate with county/state over this? It's a problem.	9/1/2018 8:31 AM
352	Traffic congestion during commute hours is beyond disgusting. Since I do a reverse commute, it amazes me that there can be a solid line of vehicles from I 80 than across the Butler Bridge all the way to the Sonoma turnoff on 29. I never leave Napa toward FF and American Canyon during these hours. This limits my opportunity to see Kaiser specialists.	9/1/2018 8:13 AM
353	Hotels must provide shuttles for tourism. No more hotels. Parking structures for all apartment developments since there are typically 3 cars per apartment. Our streets can't handle it. Widen our main arteries.	9/1/2018 7:40 AM
354	Traffic congestion - widening Hwy 29	9/1/2018 6:50 AM
355	Fix the pot holes all over town, as well as the short lights.	9/1/2018 5:49 AM
356	bus lines don't connect regionally in an effective way. we need to be able to get veterans to appointments regionally on public transit	8/31/2018 10:48 PM
357	Encourage drivers to be aware of and practice "courtesy of the road."	8/31/2018 10:26 PM
358	All under #18 are important	8/31/2018 9:48 PM
359	Limit traffic congestion by limiting new or increased visitation rights in winery event centers.	8/31/2018 9:37 PM
360	Transportation is pretty good here	8/31/2018 9:28 PM
361	More bike lanes, mass transit. Reactivate commuter train Am Canyon to Calustoga. Again th ed poor foresight that turned railway to tourist only Disney land no thought to resources spared w.commuter lines.	8/31/2018 8:19 PM
362	The streets are getting better. A lot of work left to be done though. Especially in Old Town.	8/31/2018 7:26 PM
363	Before we do any more for bicycles, I suggest they pay a license fee like cars and ATVs to use what is provided them.	8/31/2018 6:46 PM
364	Safer roads for biking and walking	8/31/2018 6:33 PM
365	Please put much more efforts into public transit as well as other alternatives; traffic has become horrendous with no end in sight, and threatens the quality of life here. More bike lanes, complete the vine trail, etc. Look into utilizing the wine train's tracks for commuter cars. It would be amazing to have BART here (pie in the sky but who knows)	8/31/2018 6:24 PM
366	Traffic congestion has become a major problem. Continued effort needs to be made to improve that.	8/31/2018 5:47 PM
367	Less development would mean less traffic. American canyon, and getting in and out of the county from the south is a nightmare.	8/31/2018 5:43 PM
368	Create a better, more frequently circulating system of public transportation up and down valley and in-between counties, and make it attractive and comfortable, to allow workers to get to jobs from new, higher density workforce housing, and protect the air quality.	8/31/2018 5:19 PM

## Napa County Strategic Plan Survey of Community Members

369	Public transportation that bus needs to go back to Sonoma there's a lot of people that ride that specially in the morning and in the evenings	8/31/2018 4:43 PM
370	We all know traffic sucks, maybe we can look into something like a small scale bart here that connects the Vallejo and up valley areas to Napa.	8/31/2018 4:37 PM
371	Do not destroy neighborhoods that already have a high walkability by turning them into automobile shortcuts. Pedestrians should have a higher priority than automobiles.	8/31/2018 4:32 PM
372	Traffic congestion	8/31/2018 2:47 PM
373	Incentive programs for carpooling and transport. Stop pretending the %\$\$\$#(& Wine Train is a form of transport.	8/31/2018 2:21 PM
374	The County could look at ways to incentivize ridesharing or employer-sponsored transportation.	8/31/2018 11:56 AM
375	Change of leadership at NVTa. Support green vehicles and ride-sharing programs. Our bus system doesn't seem to get anyone who is low-income and in need of public transit to any of the places they need to go without 2 or 3 transfers. We don't need a system that helps well-off folks commute out of County. We need to get older adults from their mobile home park to food bank or senior center in one ride, homeless shelter guests from Hartle Court to The Table/Salvation Army and Food Pantries, etc.	8/31/2018 11:40 AM
376	Our current level of road maintenance is surprising given our reliance on tourism. When I first moved here I was surprised it wasn't more of a priority. I was also disappointed in the lack of bike lanes or bike lanes that started, then stopped and then started again.	8/31/2018 11:40 AM
377	Maintenance of county streets and roads	8/31/2018 11:32 AM
378	-I would take public transportation if it ran more often - ride my bike if there were sufficient bike lanes - my neighborhood doesn't sidewalks and it is very difficult for my mother who uses a cane to take walks for when my family visits with their babies to use the stroller.	8/31/2018 11:25 AM
379	It takes 30 minutes to get out of Napa on a good day. Something needs to be done about this!	8/31/2018 11:24 AM
380	Reliable bus transportation, more schedule times, and more services. Public transportation with in more counties are really important and needed.	8/31/2018 11:12 AM
381	Maintenance of county streets and roads, public transportation, public transportation to/ from other countries.	8/31/2018 11:05 AM
382	Traffic congestion between napa and solano county	8/31/2018 10:58 AM
383	Build more housing so that people don't have to commute from outside the valley in order to work here. We have enough jobs, we need to house those workers in Napa.	8/31/2018 10:51 AM
384	Utilize light rail; encourage electric vehicles; explore reasons for low public bus usage and figure out ways to increase ridership.	8/31/2018 9:24 AM
385	Improve accessibility and streamline public transportation beyond the traditional.	8/31/2018 8:55 AM
386	public transportation	8/31/2018 7:50 AM
387	as a daily errand bicyclist I am grateful for the train trail, and all the additions to make it easier to for us to continue	8/31/2018 6:19 AM
388	Silverado Trail is packed during the commute but I have never seen a bus on the trail. Why not expand bus service on Hwy 29 and the trail? Run more buses between American Canyon and Napa. Who knows maybe people won't ride them.	8/31/2018 1:16 AM
389	fix the stop lights-time them correctly (know it that it's a city problem, work with city to fix the lights, is contributing to traffic congestion).	8/30/2018 6:46 PM
390	Whatever it takes to get cars off the roads, or more roads for the cars.	8/30/2018 5:04 PM
391	traffic congestion is the worst. Look into what other communities have done. I cannot find an answer other than limiting growth and creating more desirable public transportation	8/30/2018 4:26 PM
392	Widen highway 29 to 4 lanes each way.	8/30/2018 4:19 PM
393	Traffic congestion! Major problem in Napa/American Canyon. More lanes built and/or more transit.	8/30/2018 3:49 PM
394	Maintenance of county streets and roads	8/30/2018 3:18 PM
395	Need more effort to open bike lanes, it's very unsafe to ride a bike as it is.	8/30/2018 3:10 PM
396	Without additional housing for our commuting workforce, we need to find ways to encourage/ financially incentivize out-of-county commuters to use public transportation, carpooling etc. to relieve traffic congestion... would aid in the County's efforts to achieve climate change goals. This could also apply to within county commuting.	8/30/2018 2:41 PM

## Napa County Strategic Plan Survey of Community Members

397	The Vine trail is the best thing that has been built in a long time. Finish it through downtown. Create ways for government employees to get to/from work downtown that are practical. ie. Taking a bus doesn't work if you have a kid to drop off/pick up at school	8/30/2018 2:33 PM
398	The streets and roads need to be fixed.	8/30/2018 2:20 PM
399	More and safer and cleaner bike lanes!	8/30/2018 1:21 PM
400	train through the valley for commuters and social hours	8/30/2018 1:03 PM
401	Greater access to public transportation between counties to reduce congestion, diversify economic base away from relying on tourism and vineyards.	8/30/2018 12:49 PM
402	Active transportation infrastructure	8/30/2018 11:51 AM
403	If a proposal significantly increases traffic and congestion it should be denied unless it can be fully offset by other methods.	8/30/2018 11:19 AM
404	Maintain roads - take over the Wine train and turn track into a bike access trail.	8/30/2018 11:17 AM
405	Maintenance of city and county roads is a high priority. It seems utilities and developers are always digging up roads that have be paved in the last two years to remove the deadly potholes... I also wonder about the continual driving of parents across town to get their child into a different school that the neighborhood school. Our bike lane and the Vine trail have done a good job with moving bikes throughout the county. Still have trouble with rogue bike riders without helmets or following rules of the road. Traffic congestion getting into and out of Napa has become a problem. My son and grand children now get up early (in Union City) on a Sunday and drive up to see us. them they leave to go back and get out of Napa by 2:00pm to avoid traffic in Napa County.	8/30/2018 10:46 AM
406	Traffic congestion has become difficult to navigate, and leads to road rage and increased accidents. Public transportation to other counties, as many senior residents have difficulties accessing (for example) Kaiser in Vallejo or elsewhere due to lack of transportation.	8/30/2018 10:34 AM
407	We need better public transportation. Thanks to Uber/Lyft there are fewer drunk tourists on the roads, but there are still too many.	8/30/2018 10:16 AM
408	Imminent Domain. Napa County NEEDS to make traffic a priority. There is no reason for example that all of highway 29 gets stopped at a traffic light at wine country avenue and salvadore--really?? Figure it out, make the silverado trail two lanes in some areas. Same as highway 29. We have to make some big changes or people will leave and we will not grow. American Canyon should not be allowed to build one more warehouse without working on the traffic problem. When our next really major disaster hits the valley will be trapped...traffic should be a major priority.	8/30/2018 9:45 AM
409	There should absolutely be a bus between Napa and Sonoma counties. Access to bus routes from county neighborhoods is poor.	8/30/2018 8:52 AM
410	Need to address traffic with better mass transport up and down 29 and the Trail	8/30/2018 8:32 AM
411	Fix the main streets around napa like Jefferson st between Trancas and Salvador. Many streets around napa need to be repaved.	8/30/2018 7:05 AM
412	Re-instate the trolley-cars throughout the county. Create a lift up to St. Helena Hospital from the valley floor for seniors and site-seers to avoid the difficult driving terrain.	8/30/2018 3:37 AM
413	Roads are trashed fix them! The wine industry trucks tear them up tax the winerys that truck grapes and water all over for usage and fix it!	8/29/2018 10:12 PM
414	All of the above - PLEASE!	8/29/2018 10:08 PM
415	If traffic congestion continues to worsen, then the wine & hospitality industries will decline dramatically. Increasing non-auto travel is needed. Studies have shown that the "Uber" effect has caused an additional 8,000 cars daily in San Francisco. The same licensing should be required of all transportation companies, taxis, Uber, Lyft, etc. to ensure public safety	8/29/2018 9:47 PM
416	Continue to provide affordable & accessible public transportation and subsidy programs for people in need.	8/29/2018 9:29 PM
417	Bicycling lanes!! Fix sidewalks, downtown 1st/2nd streets have been way reduced in width, and the tourists cycling there are in danger.	8/29/2018 9:25 PM
418	Maintenance of county streets and roads	8/29/2018 9:08 PM
419	Omg. Fix our streets.. napa is NOT a place to ride bikes on streets . seriously we encourage drinking and driving and bicycling..come on..	8/29/2018 8:41 PM
420	Napa County needs a viable transportation system for winery workers who commute up the valley. Jitney system, train, carpool system.	8/29/2018 8:09 PM
421	Aggressively plan for worker housing throughout the Valley - eliminating long commutes is critical to improving transportation across the board. Diversify businesses with in the Valley - over-dependence on tourism just adds to the traffic problems.	8/29/2018 7:04 PM

## Napa County Strategic Plan Survey of Community Members

422	The city of Napa downtown needs more parking.	8/29/2018 7:03 PM
423	Add bus service to Santa Rosa!!!	8/29/2018 6:55 PM
424	Continue to support any Caltrans project along SR 29, Start an annual repaving schedule similar to the city of Napa. Support the Vine Trail project.	8/29/2018 6:50 PM
425	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible acccountable agency.	8/29/2018 6:43 PM
426	Running huge buses with no one of few people is obscene. Perhpas reduce bus size of move to More Van Go type services. Maintain economic of county roads high priority.	8/29/2018 6:20 PM
427	Either increase the ridership or eliminate the buses that run empty. Stop taking needed road space for under-utilized bike lanes. Stop with the boondoggle of a walking/biking trail that completely screws up traffic flow. eg. the trail along Highway 29 at Trower.	8/29/2018 6:14 PM
428	Talk to people who use public transportation (I don't; I ride my bike). Get them to talk about their routes, how they successfully use the system, giving others a plan of action to use the system. Sometimes transportation (busses) can be overwhelming of how to get from point A to B. Maybe better advertise the Transit Planner on the website: I am at point A and want to get to point B; tell me how to do it. I don't think most people even know that exists.	8/29/2018 6:09 PM
429	carriles para caminar o usar bicicleta.	8/29/2018 5:59 PM
430	Areas on Trancas especially near Highway 29 are terrible. Big Ranch Road has become a freeway, people speeding way too fast.	8/29/2018 5:27 PM
431	Budget adequately for maintaining streets & roads. Work w/CalTrans on coordinating traffic lights to reduce congestion. Encourage car pooling (with recognition?) Reduce number of bicycle races/events on public roads, or restrict them to early am hours. Discourage cyclists from using roads without bike lanes or shoulders (e.g., in the Ag Watershed)	8/29/2018 5:16 PM
432	More bike lanes and trails. The Vine Trail is awesome! Make more bike lanes available on roads connecting to existing bike paths	8/29/2018 5:04 PM
433	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
434	Protected bike lanes so more use bikes. Bring back rail service throughout county.	8/29/2018 4:03 PM
435	Bike culture and efficient public transportation are key	8/29/2018 3:58 PM
436	Bicycling and bike lanes	8/29/2018 3:56 PM
437	Provide more public transportation.	8/29/2018 3:54 PM
438	-Many roads in Napa County still suck. Please fix them. -In reality, bicycles and bike lanes are recreational, not a commuter alternative.	8/29/2018 3:44 PM
439	New paving on roads needs to go completely across the entire street. If you only pave the area where cars drive, then the bike lanes stay tattered and get worse. If you want more bikes on the road you can't expect they will enjoy riding over potholes and avoiding cracks. Also, if we are paying for street cleaners to run up and down our streets between 6a-8a, most cars are still on the street at that time because people haven't left for work yet. So the street sweepers spend about 60% or more of their time in the middle of the street, not in the gutters because all the cars are there. Perhaps we start to have street cleaning happen in the middle of the day or setup signage that forbids parking in areas during certain times. Otherwise, the city/county is paying for the middle of the streets to be swept.	8/29/2018 3:22 PM
440	Maintain roads and create incentives to reduce single occupancy cars - encourage use of train tracks to cut down truck trips upvalley.	8/29/2018 3:18 PM
441	Can volunteers help?	8/29/2018 3:13 PM
442	Maintenance of county streets and roads	8/29/2018 3:13 PM
443	Bike lanes have been great, how do we get a workable mass transit system that takes folks out of cars ( both workers and tourists)	8/29/2018 3:04 PM
444	Traffic safety. Add passing and turn lanes to hwy 29 and Silverado trail. Coordinate road work between the city, county and Caltrains, so projects to minimize congestion and detours. Better signage for tourists.	8/29/2018 1:41 PM
445	I don't know.	8/29/2018 1:09 PM
446	•Public transportation to/from other counties •Traffic congestion Alternatives to driving alone, including ridesharing and carpooling •Bicycling and bike lanes and increasing walkability within the cities--increasing active transportation decreases obesity and health issues that arise from obesity (i.e. cancer, heart disease, stroke)	8/29/2018 12:26 PM

## Napa County Strategic Plan Survey of Community Members

447	Fund and market viable commuter options from Solano and Sonoma counties to areas with large low-wage earning populations within Napa County (downtown Napa, wineries, corporate parks, etc.), and provide bicycle parking at each stop with security cameras. Ensure bicycle paths are abundant and well-maintained.	8/29/2018 12:22 PM
448	Realuze a cup only holds a cup. Stop building since it is obvious resources, roads etc cannot meet the need. Work on roads and alternative methods and routes for residents ...one cannot even cross Napa in a timely manner during the day.	8/29/2018 11:53 AM
449	Sidewalks in American Canyon and traffic congestion on 29 through American Canyon.	8/29/2018 11:02 AM
450	improve traffic control down highway	8/29/2018 10:49 AM
451	Public transportation to/from other counties	8/29/2018 10:37 AM
452	highway 29 definitely needs to be re-worked, you can't have stoplights on a heavily traveled, major highway, which is what 29 is now	8/29/2018 10:26 AM
453	Napa needs to improve public transportation to lower greenhouse gas emissions. There is no rail to get into the county. The buses have poor schedules and routs (don't go where people need to go), high cost, and sit in the same traffic as everyone else. Many communities have bus only lanes in the shoulder during rush hour. The routs and connections to other counties need to improve in order to get people out of their cars and onto public transit. Many people would happily sit and read a book or listen to a pod cast instead of sit behind the wheel all the way from Vacaville. Look at the ferry. Biking from the South of the county is very dangerous with large gaps in safe paths. Cyclists should not die because they are forced to ride on highway 29.	8/29/2018 10:15 AM
454	Continue to look for ways to reduce cars on our roadways. This could be expanded use of train right-of-ways, public/private partnerships, ride-sharing, etc.	8/29/2018 10:07 AM
455	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
456	Given the transition of downtown Hope Center services to the South Napa Shelter and the closing of the shuttle to HHSA, frequent and punctual public transportation within our county should be an incredibly high priority.	8/29/2018 9:18 AM
457	I can't believe I can't get on a nice bus to Sonoma. I can't believe that I can't get a bus home after 9 or 10 pm. Therefore: more options for not driving especially as more and more tourists flow into Napa Co.	8/29/2018 9:13 AM
458	Completion of the bike trail should be a priority. If people could safely ride without having to be on a "highway" (like 221 for instance) more could ride to work.	8/29/2018 8:52 AM
459	Compensation to winery's who provide shuttles to workers between different vineyard locations during a work day	8/29/2018 8:46 AM
460	Traffic congestion is bad and is a daily frustration for me who commutes up and down the valley every day.	8/29/2018 8:45 AM
461	Look at ways to group people together to share rides.	8/29/2018 8:22 AM
462	Fixing our current roads should be a priority.	8/29/2018 8:15 AM
463	My largest concern in Napa County is the traffic and congestion from American Canyon through South Napa (hwy 29). Between the two lanes and the big rigs, the situation is dire for morning (to Napa) and evening (from Napa) commutes. We must do something immediately.	8/29/2018 8:07 AM
464	Maintain our roads and do something about the horrible traffic congestion in the Valley	8/29/2018 8:03 AM
465	Important	8/29/2018 6:18 AM
466	Maintenance of county streets and roads	8/29/2018 5:37 AM
467	Control American Canyon and get more help from the County	8/29/2018 5:19 AM
468	Streets can no longer handle the amount of traffic and the public transportation system is not sufficient. I.E. busses should run later to accommodate people working later at night	8/29/2018 4:53 AM
469	Reduce public transportation, which nobody making more than \$10 an hour can afford to use. (Which is why even \$10 an hour people find ways to buy cars.)	8/29/2018 4:36 AM
470	Shuttle Service between Calistoga and St. Helena	8/29/2018 3:06 AM
471	Maintenance of streets most important	8/28/2018 11:33 PM
472	Creation of bike lanes in rural areas. Guard rails along rural roads.	8/28/2018 10:45 PM
473	Maintenance of streets and roads need help.	8/28/2018 10:44 PM
474	Make updated, affordable train & ferry transportation operations a priority. There's too much focus on roads. We need to learn from our neighbors in Europe & Asia who do most of their traveling through waterways and rail systems.	8/28/2018 10:33 PM

## Napa County Strategic Plan Survey of Community Members

475	County streets and roads are really important, but traffic congestion is a bigger problem because (AGAIN!) of not having affordable housing in the county. The drive from Napa down to American Canyon to get on I-80 south is so painful. When Walmart went in, it ruined the drive with all the extra stop lights. If an elevated road could be built to go over the existing highway, it would be SO great!	8/28/2018 10:22 PM
476	Maintainence.	8/28/2018 10:16 PM
477	Better public transportation. Every 15-20 min per route as opposed to an hour to encourage usage of the public system	8/28/2018 10:06 PM
478	Roads are in very poor condition throughout county. Better maintenance is needed, and some serious encouragement of major employers in the county to adopt shuttles, ridesharing programs, etc. The traffic upvalley is not sustainable. More workforce housing needs to be built within the towns of Calistoga and St Helena.	8/28/2018 10:04 PM
479	streets are a mess we have public transport, no one wants to use it	8/28/2018 9:26 PM
480	All of these are important	8/28/2018 9:19 PM
481	Increase low cost and efficient public transportation	8/28/2018 9:17 PM
482	SNART to Marin bring that train here	8/28/2018 9:09 PM
483	Napa County should work with stakeholders in determining and finding ways to reduce the primary causes of traffic in Napa County - government employees, schools, and out of County commuters.	8/28/2018 9:05 PM
484	Action should be taken to prioritize improvements to Hwy 29 at the three critical junctions (Hwy 12; Old Soscal Road; Hwy 121). Also funding for roadway improvements should be prioritized accordingly.	8/28/2018 8:55 PM
485	fix the roads; reduce traffic congestion	8/28/2018 8:46 PM
486	Use the wine train for a twice-a-night transport from upvalley.	8/28/2018 8:46 PM
487	I am hesitant to ask the county to resurface our extremely deteriorated county road as I know recent fires have emptied coffers.	8/28/2018 8:46 PM
488	Please advocate for county's share of CA gas taxes to repair roads. Find new ways to effectively and more frequently connect with other Bay Area public transit networks and offer incentives for users. Explore rail options beyond Wine Train.	8/28/2018 8:46 PM
489	Traffic congestion on 29 through American Canyon needs attention.	8/28/2018 8:32 PM
490	Road widening in some places. Keep the roads maintained. No one likes roads that get tore up by trucks, but they are the best way to get around. Focus on the most travelled roadways and keep them up.	8/28/2018 8:27 PM
491	Encourage more public transportaion usage to reduce congestion up and down rt29 and silverado trail.	8/28/2018 8:06 PM
492	make it more affordable and better	8/28/2018 7:58 PM
493	Find more efficient ways to maintain roads and streets. Public transportation to other counties is critical. The traffic is insane I don't have an answer.	8/28/2018 7:48 PM
494	It doesn't appear the bus system provides the traffic relief for the amount of money it costs and the wear and tear on the streets. Traffic signal synchronization on city streets as well as Hwy 29 are horrible. Ca trans, county and cities need to address this issue together. Landscaping on Hwy 29 from Butler Bridge to Salvador is an embarrassment to visitors. Cal Trans, City and County need to have a collaborative plan to address this.	8/28/2018 7:29 PM
495	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
496	Focus on hwy 29. Invest in additional two lanes in a vertical structure. North bound lanes are on ground level and south bound lanes are built over the top of north bound lanes.	8/28/2018 6:50 PM
497	Safer bike lanes for school children & families	8/28/2018 6:46 PM
498	Encouraging people to get out of their cars by providing easy, inexpensive and expansive ways for people to use public transportation	8/28/2018 6:42 PM
499	Maintenance of county streets and roads	8/28/2018 6:38 PM
500	I think the traffic is only getting worse in the Napa Valley with most people having a long commute to work and affordable housing options limited in the Napa community. Most people drive over 45-60minutes just to get to their place of employment. That's so absurd. We should all be able to live in our community that we work and it be affordable. We could think more about better initiatives for public transportation programs whether it's ride-sharing or winery buses to select Napa AVA's to the wineries to transport employees efficiently.	8/28/2018 6:00 PM

## Napa County Strategic Plan Survey of Community Members

501	I have addressed this issue in another section.	8/28/2018 5:52 PM
502	traffic congestion can be due to too many tourists!!! No more hotels!!!! And fix the main arteries thru-out the town	8/28/2018 5:37 PM
503	Working with the state to help resolve the traffic issues to and from American Canyon; shunting traffic around congested areas such as Soscol	8/28/2018 5:37 PM
504	Provide transportation for elderly who can no longer drive such as is provided to people who qualify within the City of Napa. Those of us with transportation needs in the County of Napa are either very underserved or uninformed about options open to us, short of moving into town.	8/28/2018 5:37 PM
505	Public transportation within the county. From Napa to Sonoma to San Francisco's. A commuter bus that makes mult trip to Sfo including the airport.	8/28/2018 5:22 PM
506	Light rail. Invest in light rail. Let's get rid of the wine train and replace it with a light rail public transportation system that goes up the entire valley and ends up at Vallejo and goes across to Marin to hook up with their light rail. Stop further housing development until we have adequate (non-bus) public transportation in place. Fix HWY 37 - make it a causeway. Time the lights in American Canyon.	8/28/2018 5:18 PM
507	The roads are a mess because we have too much traffic on them! If we had more walkable neighborhoods and towns, and if we got a grip on tourism, our roads would be better, our air cleaner, and our health more vigorous. Yosemite limits the number of cars in the valley; let's consider doing the same--with residents having priority, please.	8/28/2018 5:11 PM
508	Smaller buses with more frequent stops along major routes such as to venues like the Lincoln Theater in the evening so I do not have to drive it from south Napa. Or along Jefferson that run closer to stores so I do not have to catch multiple buses to get to Trader Joes.	8/28/2018 5:10 PM
509	REAL public transportation alternatives.	8/28/2018 5:06 PM
510	Traffic congestion and intra county public transportation	8/28/2018 5:03 PM
511	For the love of all that is holy, PUT LIGHT RAIL BETWEEN NAPA AND THE VALLEJO FERRY. 29 is a MESS at rush hour and it's only going to get worse.	8/28/2018 5:02 PM
512	Ugh. public transportation is barely used in the upper valley region. Buses drive by and they are empty. it should be focused in the urban areas for sure..	8/28/2018 4:59 PM
513	Fix the roads, have more suitable housing here so people don't have to commute as far.	8/28/2018 4:58 PM
514	Incentivize public transportation to hotels/resorts through discounting transient occupancy tax for those using public transportation into the valley.	8/28/2018 4:50 PM
515	Create more public transportation access; educate people about public transportation and make it more attractive to use. The traffic congestion will only worsen, especially with the opening of the new Calistoga resorts. Traffic congestion in Napa County is abysmal; no one thinks about infrastructure in this community. I've lived here since 1994 and nothing has been done to improve the situation. It's not going away, continuing to not address the problem won't solve it. Better look at lite rail on Hwy 29 from South American Canyon to Calistoga.	8/28/2018 4:36 PM
516	Busses are still empty and the routes don't seem to work for older adults who might benefit most.	8/28/2018 4:32 PM
517	Make biking and walking safer.	8/28/2018 4:28 PM
518	Street maintenance; in-county public transportation; bike lanes.	8/28/2018 4:26 PM
519	New public transits within county and from other counties.	8/28/2018 4:26 PM
520	Stop building hotels! Low wages, too much traffic. Tourism may line pockets, but too much hurts quality of life. What happened to Wine Train for commuters? Need regional public transportation improvements.	8/28/2018 4:21 PM
521	More lanes and less traffic lights needed for hwy 29	8/28/2018 4:20 PM
522	Better public transportation with a core line that runs until 3 am to transport people who have been drinking. Hit the hot spot bars and offer free rides to get drunk drivers off the road.	8/28/2018 4:20 PM
523	Getting housing that service industry workers can afford, so that they don't need to commute to Napa.	8/28/2018 4:17 PM
524	Traffic congestion	8/28/2018 4:15 PM
525	Fast train service to Vallejo Ferry, etc. The rails are there, totally unutilized. What a shame a slow wine train usurps public good when we could have both...fast trains to lower housing areas like Vallejo and Fairfield. And a slower wine train during certain hours.	8/28/2018 4:14 PM
526	Endorse roundabouts to ease traffic on Hwy 29 and Silverado Trail; maintain roads	8/28/2018 4:09 PM

## Napa County Strategic Plan Survey of Community Members

527	Traffic congestion will be solved with more workforce housing. We need more bike lanes, especially ones that are not in the streets.	8/28/2018 4:06 PM
528	Maintaining our failing roads should remain a priority. Traffic congestion is us(people who live and work in the community). Every winery/business you open in Ag Preserve is 50-100 new cars and people added to an already over used system. Widening the roads/creating new roads is a terrible option as it takes away from agricultural land actually growing things. Again, growing great grapes is what made Napa a success, refocus remaining ag lands on that and we can continue the success. Bike lanes are used mostly by tourists. Please limit the number of biking, running and other marathon events that increase traffic and limit citizen's and local businesses' access to roads and bike lanes.	8/28/2018 4:06 PM
529	The bus system in Napa is laughable. How has it not improved efficiency in 10 years? What if the bus had "express" lines which drove up the valley without stopping every 4 minutes? The vine turns a 40 minute drive up valley into a 90 minute drive.	8/28/2018 4:04 PM
530	Traffic congestion an increasing nightmare and exiting this valley along Highway 29 or State Route 12 any time after mid- afternoon can easily add an hour to a commute. How about signal light at intersection of 12/116, added lane over Southern Crossing and through Am Can??	8/28/2018 4:01 PM
531	All of the above	8/28/2018 3:53 PM
532	Traffic congestion	8/28/2018 3:53 PM
533	More bike paths.	8/28/2018 3:50 PM
534	I would create a public transportation system from Fairfield to Napa. A Metro to cover Vallejo-Calistoga for people who work along Hwy 29 or Silverado Trail would be great..	8/28/2018 3:50 PM
535	Much more frequent bus service, especially between county cities and the bay area and to BART.	8/28/2018 3:50 PM
536	Create viable commuter options for going up valley and connecting to BART.	8/28/2018 3:49 PM
537	Traffic circles or interchanges at traffic choke points. Coordinate with Sonoma County to build continuous 4-lane freeway from US-101 to CA-29.	8/28/2018 3:47 PM
538	Remove programs that have little usage. Promote bus/carpool for out of county employees.	8/28/2018 3:39 PM
539	install sidewalks on all residential streets better bike lanes -- example, in Salt Lake City street parking is to the outside of the bike lane which provides better protection	8/28/2018 3:35 PM
540	let's get more public transit so our county highways are less congested. let's incentivize people/workers to use the public transit--how about light rail please.	8/28/2018 3:34 PM
541	Reduce size of buses and have improve schedule times and places.	8/28/2018 3:30 PM
542	Anything that gets people out of their cars & one person per car situations works for me.	8/28/2018 3:29 PM
543	Not sure w cost of rapid mass transit in rural town where bus stop distances and transit times very inconvenient.	8/28/2018 3:28 PM
544	Consistent (on time) and clean buses, more bike paths	8/28/2018 3:23 PM
545	Streets and roads need to be better paved. Once that is done, then we can work on other things. Obviously, traffic congestion is an issue. Companies should look at hiring within Napa before going outside of Napa for employers.	8/28/2018 3:21 PM
546	We need alternatives to cars and the Vine Trail completion would be great. How about a computer rails for production employees at wineries.	8/28/2018 3:20 PM
547	support through funding	8/28/2018 3:06 PM
548	Work with the wine train to promote commuter service.	8/28/2018 3:06 PM
549	Participate in planning and fund studies for construction of a new Hwy. 37 corridor.	8/28/2018 3:04 PM
550	We need frequent, fast bus service up and down the valley.	8/28/2018 3:03 PM
551	Not sure.	8/28/2018 2:58 PM
552	Maintenance of county streets and roads	8/28/2018 2:54 PM
553	Same as above	8/28/2018 2:53 PM
554	figure how to get working people up and down the valley, it is not tourism clogging the highways it is winery workers, we need them, we need them to be able to get to and from work easier.	8/28/2018 2:51 PM
555	Congestion on major roads is the main problem.	8/28/2018 2:50 PM
556	Traffic congestion	8/28/2018 2:49 PM

## Napa County Strategic Plan Survey of Community Members

557	Maintaining local streets and roads by prioritizing which roads need to maintained. Traffic congestion needs to be addressed in American Canyon/Silverado Trail/Highway 29. I believe conducting studies on how to improve these areas is key.	8/28/2018 2:44 PM
558	More funding for the VINE commuter bus to allow more people to live here and work in the east bay and SFO.	8/28/2018 2:41 PM
559	Public transportation to/from other counties Traffic congestion Alternatives to driving alone, including ridesharing and carpooling	8/28/2018 2:40 PM
560	Improve the maintenance of streets and roads as well as expand and improve public transportation.	8/28/2018 2:38 PM
561	Expand BART to Napa	8/28/2018 2:37 PM
562	Congestión del tráfico, algunas de las otras se haran al tratar de mejorar el trafico	8/28/2018 2:35 PM
563	Roads are in terrible shape, please fix the pot holes. Need more bike paths and dedicated bike lanes	8/28/2018 2:31 PM
564	Bike lanes- safe ones that connect high schools and college . No reason we couldn't be like Denmark- our terrain and climate allow for it.	8/28/2018 2:31 PM
565	A lot more busses and any other public transportation. It's hard to get around without a car.	8/28/2018 2:27 PM
566	increased and widespread maintenance of city and county streets and roads so that bicycle riders can be ride safely without being thrown by holes and ridges along the roads.	8/28/2018 2:24 PM
567	Need community supported light rail going from Vallejo ferry to St Helena in conjunction with bus service up valley and down valley, this will take cars off the highway and address the whole community needs	8/28/2018 2:24 PM
568	Traffic is a major issue especially at starting and stopping times. The towns need to have more housing for workers so there is less need for commuting.	8/28/2018 2:20 PM
569	1. Fix Imola Road between Soscol and the City line. It's a disgrace. 2. Provide extensive bus or shuttle service to tourism industry employee who live outside of the county, and to tourists. it's cheaper than building new roads, which is the only other alternative. 3. Improve traffic flow through all the lights in American Canyon. What a mess! 4. Prevent further traffic congestion by prohibiting further tourism-related development, including wineries, hotels, and vineyards. Focus on other industries/diversification instead. Most local residents avoid going out or doing anything on weekends that involves having to be near Highway 29 on weekends. Pretty soon we'll avoid Silverado Trail as well, and businesses will lose their local base of support.	8/28/2018 2:20 PM
570	Bike lanes are a waste of resources and money.	8/28/2018 2:18 PM
571	Maintain the streets and roads, cut the salaries of the directors and managers, hire more workers that actually do the work.	8/28/2018 2:18 PM
572	Support and education re: public transport and these other options	8/28/2018 2:14 PM
573	Napa lags behind other counties in the creation of public transportation and other alternatives to everyone driving separately in their cars. We need better and more bus lines that can actually be used to get around town in a timely fashion and the creation of bike walk/paths so that people can safely bike around town.	8/28/2018 2:13 PM
574	They city should be willing to invest in walkability. It solves a myriad of problems.	8/28/2018 2:10 PM
575	Maintenance of county streets and roads Public transportation within the county Traffic congestion	8/28/2018 2:10 PM
576	Streets and roads are an embarrassment. Traffic congestion gets worse each year; then you say build more tasting rooms, bring in box stores, widen the roads that bring more traffic. Is there any reasoning being used?	8/28/2018 2:09 PM
577	The Yountville / 29 light should not allow left turns during rush hour and when on should cycle based upon need with a strong priority to 29 and a long wait to the East.	8/28/2018 2:07 PM
578	Repave the crumbling streets and fix and upgrade sidewalks that are not safe or accessible.	8/28/2018 2:00 PM
579	Invest in public and non-vehicle transportation so that it is as accessible as having one's own car.	8/28/2018 2:00 PM
580	bike lanes. Rails to trails. Eliminate the wine train.	8/28/2018 1:58 PM
581	County roads are terrible and there needs to be a redistribution of funds to better maintain our roads.	8/28/2018 1:57 PM
582	address Highway 29 from Napa to American Canyon. We need another lane in both directions because at times the commute can take up to one hour	8/28/2018 1:56 PM
583	Repair neighborhood streets	8/28/2018 1:54 PM

## Napa County Strategic Plan Survey of Community Members

584	Fix traffic congestion Stop right hand turns from Skellinger Lane onto Silverado trail after 2pm Park and ride and a roundabout at Trancas & Silverado Trail	8/28/2018 1:52 PM
585	Fix pot holes and sidewalks Remind those on Bikes that they also share the road, double up side by side bikers are a danger too.	8/28/2018 1:51 PM
586	Build a fleet of electric cars for all county staff. Encourage the Cities to do the same. Create incentives for car pooling and ride shares.	8/28/2018 1:51 PM
587	Better public transport	8/28/2018 1:49 PM
588	Public transportation within and across counties	8/28/2018 1:48 PM
589	bike lanes	8/28/2018 1:44 PM
590	Congestion is unbearable. We need ridesharing options, public transport. Anything to lighten the load.	8/28/2018 1:40 PM
591	Maintenance of county streets and roads Public transportation within the county Traffic congestion	8/28/2018 1:39 PM
592	Increase the amount of bicycle lanes	8/28/2018 1:33 PM
593	Reduce traffic congestion and increase public transportation options both within/outside county. Increase frequency of feeder buses to nearest BART/ Ferry buildings so that more people are encouraged to take these alternatives.	8/28/2018 1:31 PM
594	Have a consistent policies and programs in county AND municipalities.	8/28/2018 1:23 PM
595	See answer to Question #16. Further, proper policing and citing of bicyclists who consistently break the traffic laws would make traversing our valley a lot safer for everyone!	8/28/2018 1:22 PM
596	Look at adapting the "Wine Train" right-of-way for public transportation, supplemented with east-west jitneys at major cross-roads	8/28/2018 1:21 PM
597	Our Roads are in such bad shape that it has become a topic of discussion with visitors to the Valley. Safe Bicycling lanes should be increased and brightly identified. Traffic congestion continues to get worse by the week yet little is done to mitigate it other than to discuss long term plans. With one road in and one road out of Napa it's easy to see what the problem is.	8/28/2018 1:21 PM
598	Maintain the streets. That's the most important thing. All the rest is window dressing.	8/28/2018 1:21 PM
599	All County employees should be required to take public transport to work one day, then assess the results.	8/28/2018 1:19 PM
600	Encourage county wide bike paths	8/28/2018 1:19 PM
601	Traffic congestion is the major concern	8/28/2018 1:19 PM
602	We need BART. It's really that simple of a concept.	8/28/2018 1:18 PM
603	Reduce traffic congestion/promotes alt means of transportation, improve air quality	8/28/2018 1:16 PM
604	Stop building and building ( American Canyon) without planning for traffic.	8/28/2018 1:16 PM
605	Maintenance of county streets and roads Public transportation within the county Public transportation to/from other counties Traffic congestion Alternatives to driving alone, including ridesharing and carpooling Bicycling and bike lanes	8/28/2018 1:16 PM
606	Rural areas are always going to be serviced by cars. Pretending that people will cycle and use public transportation upvalley is a fallacy. The new improvements to the roads are barely keeping up with traffic but there really isn't a reasonable alternative given the distances and varying schedules. Uber/Lyft helps a lot as do educational efforts to encourage limos/vans among tourists. There isn't really much that can be done about the commuters and trucks who use Napa roads to commute to Sonoma and Marin from Vallejo, Fairfield and further. More affordable housing in Napa could help but would hardly be noticeable.	8/28/2018 1:15 PM
607	Traffic is decreasing tourism and will have a profound economic impact	8/28/2018 1:12 PM
608	I think we need to figure out how to make public transportation attractive. European subways, busses, and trolleys are pleasant. How do we do that here? The Vine Trail is a great development in our area!	8/28/2018 1:10 PM
609	More public transportation between counties could help the traffic problems.	8/28/2018 1:09 PM
610	It's harrowing to ride a bike here. Please improve education and awareness. Once new hotels are planned, the traffic impacts generally are dismissed.	8/28/2018 1:07 PM
611	I have addressed all of these in the previous questionS	8/28/2018 1:05 PM
612	Thank you as the roads have been improving and thanks for the bike lanes. The more that happens the better. Congestion getting in and out of Napa can be horrendous at times as well as driving up valley. Need more alternatives and improved roads.	8/28/2018 1:03 PM

## Napa County Strategic Plan Survey of Community Members

613	Use "Wine Train" tracks to move visitors up and down the valley.	8/28/2018 1:00 PM
614	Improve County Roads Explore schemes to improve traffic flow on Hwy 29	8/28/2018 1:00 PM
615	The roads are terrible and need to be repaired correctly the first time. Pot holes are patched haphazardly and fall apart again.	8/28/2018 12:57 PM
616	establish more parking spaces for carpoolers, throughout the valley bike path through valley, not on roads	8/28/2018 12:56 PM
617	Reduce car usage within the city; consider electric vehicle shuttles (maybe even driver-less some day) between key places in the city	8/28/2018 12:56 PM
618	Smaller buses -- so wasteful now to see large vehicles with no one in them! More bike paths on streets like Jefferson.	8/28/2018 12:54 PM
619	Some sort of transportation for those who can't or don't drive to get to medical appts or do shopping.	8/28/2018 12:54 PM
620	Take care of the roads for God's sake.	8/28/2018 12:54 PM
621	Traffic-remove the light at 29/Soscol. Whatever it takes to get that done effectively so traffic can flow into/out of town, needs to be our top priority. This will massively improve the quality of daily life for tens of thousands of residents. Fix the potholes and care more about the safety and aesthetics of our roads.	8/28/2018 12:54 PM
622	Improvement of the surface of city and county streets, including bike lanes.	8/28/2018 12:53 PM
623	Minimize the amount of road maintenance.	8/28/2018 12:53 PM
624	Expropriate the Wine Train and connect it up with SMART, the Capitol Corridor, and BART. Complete Vine Trail.	8/28/2018 12:52 PM
625	Bicycling and bike lanes and frequent, quality public transportation to get into SF, and also around Napa. Traffic congestion is becoming a problem. It would be great to be able to get to the airports or into downtown SF without having to drive.	8/28/2018 12:52 PM
626	Definitely more effective traffic lights system	8/28/2018 12:51 PM
627	More public transportation in whole county	8/28/2018 12:50 PM
628	Do anything to get people out of cars and sync the traffic lights on downtown Jefferson St. to move traffic through instead of trapping cars at every light. All that idling is such a waste of fuel and smells too.	8/28/2018 12:50 PM
629	all of the above	8/28/2018 12:49 PM
630	we need less cars on the road-- need more public transportation-- turn the wine train into a commuter rail service !	8/28/2018 12:48 PM
631	road maintenance; public transportation without and between counties	8/28/2018 12:48 PM
632	Continue funding as-is adjusted for inflation.	8/28/2018 12:47 PM
633	MORE AND MORE COMFORTABLE PUBLIC TRANSIT	8/28/2018 12:47 PM
634	Optimize current transportation infrastructure. Example: let the train from Napa to St Helena be used for commuters and tourists	8/28/2018 12:46 PM
635	More public transport	8/28/2018 12:44 PM
636	Employers should explore a park and ride system and bus employees to work. Pull outs on County roads would encourage safe passing, avoiding cars crossing the double yellow line. The Wine Train should be less expensive and should have more stops to encourage tourists to take it wine tasting rather than driving.	8/28/2018 12:44 PM
637	Improve communication between American Canyon and Napa leadership to avoid increasing traffic-infrastructure should be a priority before building. Green striping for bike lanes.	8/28/2018 12:40 PM
638	alternatives to driving	8/28/2018 12:39 PM
639	All of these: Maintenance of county streets and roads Public transportation within the county Public transportation to/from other counties Traffic congestion Alternatives to driving alone, including ridesharing and carpooling Bicycling and bike lanes	8/28/2018 12:37 PM
640	Better maintain roads. Develop other options for commuters.	8/28/2018 12:36 PM
641	Take care of roads we have	8/28/2018 12:35 PM
642	Build affordable high rises in Yountville, st helena and calistoga so people dont have to commute from vacaville and beyond	8/28/2018 12:35 PM
643	Traffic congestion	8/28/2018 12:34 PM

## Napa County Strategic Plan Survey of Community Members

644	Improve access to Lyft and Uber since cabbies have always hated to come here. Clean tourist buses from East Bay and SF to reduce car traffic. Clean buses with USB powered seats to BART station during commuting hours that do not have homeless, teenagers or children onboard.	8/28/2018 12:33 PM
645	Create party buses from neighborhoods to the high schools and middle schools to remove all those kids and parents from the roads.	8/28/2018 12:31 PM
646	public transportation to/from other counties maintenance of county streets	8/28/2018 12:29 PM
647	Ride sharing parking options especially for those driving up and down the trail. Perhaps a bus for winery workers on the trail or at lease parking to meet and share rides.	8/28/2018 12:27 PM
648	Widen Hwy29. Provide more affordable housing where people work	8/28/2018 12:27 PM
649	Mantenimiento de calles y caminos	8/28/2018 12:27 PM
650	Many roads need a lot of maintenance especially before winter rains. Streets without curbs and proper drainage cause more potholes that need to be continuously filled.	8/28/2018 12:23 PM
651	Honestly, I think the traffic is the worst thing about living here.	8/28/2018 12:22 PM
652	See above.	8/28/2018 12:20 PM
653	Open the wine train tracks to commuter trains that serve the Napa valley.	8/28/2018 12:19 PM
654	Monitors local public transport use, and eliminate or modify as needed. Quit running empty buses	8/28/2018 12:18 PM
655	Consider traffic impacts of development and require real remediation. Address Hwy 29 congestion	8/28/2018 12:18 PM
656	Reliable Public transportation within the county would be helpful. We could then interconnect with other counties.	8/28/2018 12:16 PM
657	Embrace cycling and alternatives to cars...	8/28/2018 12:15 PM
658	Our roads and streets are a mess. We need to repair them all. We need transportation like the community bus to go up to the hospital as well as around in town for the \$1 fee so when your ill you can get to tests. Like St. Helena Hospital. Same issue for residents that dont drive in Calistoga.	8/28/2018 12:08 PM
659	Maintenance of county streets and roads Traffic congestion	8/28/2018 11:55 AM
660	Maintenance of county roads	8/28/2018 11:47 AM
661	i find the repaving in the trail to be bumpy, unattractive, poorly scheduled, and very repetitive. lets build a better road. traffic is tough but here is my solution: - budget to build 3 usable lanes all the way from napa to st helena - option a - hwy 29 has 2 lanes northbound 1 lane southbound and the trail has 1 lane northbound with 2 southbound - option b - use the above on weekends, and use adjustable traffic lanes to have 2 northbound lanes in the am on both roads, and 2 southbound lanes in the pm on both roads	8/28/2018 11:39 AM
662	Let's get the Vine Trail completed!	8/28/2018 11:10 AM
663	Maintenance of roads is important to the entire population in Napa. Public transportation - that is actually used in mass and addresses the congestion issue is difficult to envision given population densities in the County. Ridesharing and carpooling is a great idea - and provides not only "congestion" relief, but also air quality. Providing companies with incentives to ride share, modified work schedules to work 4 ten hour days, or something similar is worth considering. Also, bike lanes and bicycling may be an option worth thinking through - depending upon path locations.	8/28/2018 11:09 AM
664	ANYTHING. We have the bare minimum of public transportation available in a place where a car is required to go anywhere. Yes to bike lanes that are truly protected as well as better service up and down the Valley so people can really get around.	8/28/2018 11:06 AM
665	We need to maintain our streets and roads.	8/28/2018 10:25 AM
666	Our public transit is so under-utilized that I cannot see more public transit as the option, save one exception. Napa should have a truly express VINE to get from Napa to the ferry. I rode it once and it took over 75 minutes. There should be 3 stops, 1 in Yountville and 2 in Napa, AND they need to be timed to coincide with ferry departures and arrivals!!!!!! The system is not used because the system makes no sense. More and more people are coming to/from the city. The ferry parking lots are at capacity. If people had a reliable public option, I suspect it would be used. The current situation is nonsensical.	8/28/2018 9:43 AM
667	There is very little public transportation that is convenient. It would be great to see a commuter train instead of the wine train to help with local traffic upvalley.	8/28/2018 9:36 AM
668	Reconfigure Highway 29 for north bound traffic and the Silverado Trail for south bound traffic.	8/28/2018 9:25 AM
669	We will never be a walkable community, outside of the immediate downtown areas. But bicycle transportation is an option and focusing on that could be beneficial. Continuing to promote public transportation and studying people's travel routes to Best cater to their needs could be helpful.	8/28/2018 9:23 AM

## Napa County Strategic Plan Survey of Community Members

670	Connected light rail system like SMART. Fix intersections at Hwy 12 and I-80, at 12 and 29. Work with American Canyon to come up with creative alternatives. Bicycle safety is a concern. Pavement quality of streets is worse than most other towns and communities I have lived/visited.	8/28/2018 8:47 AM
671	better safer traffic flow in american canyon	8/28/2018 8:27 AM
672	No answer. This is a huge issue	8/28/2018 8:24 AM
673	maintain streets and roads All things to work with traffic congestion.	8/28/2018 8:15 AM
674	I don't know how to lessen the amount of traffic in the valley that is a tough call	8/28/2018 8:14 AM
675	Our roads are the worst and NEVER will be better. Live somewhere else is only choice	8/28/2018 8:03 AM
676	Reducing traffic congestion should be a top priority. If tourism is slowed by traffic, expect it to go away.	8/28/2018 7:43 AM
677	More options that don't take so much time	8/28/2018 7:36 AM
678	Stop ok'ing every winery permit. Do better job of how new wineries will impact traffic through out the valley	8/28/2018 7:35 AM
679	More public transport of any kind	8/28/2018 7:32 AM
680	Aggressively limit traffic increases.	8/28/2018 7:28 AM
681	More dedicated bike paths, green buses and trams to/from wineries and throughout the valley (hop on/hop off system)	8/28/2018 1:04 AM
682	Support development of a local commuter train from Marin/Sonoma County along highway 37, that ties into the wine train to bring workers and visitors to Napa.	8/28/2018 12:31 AM
683	More patrols on Browns Valley, Trower, Imola, Linda Vista, Wine County, Dry Creek, Salvador, Lincoln. Especially during commute hours.	8/27/2018 11:15 PM
684	traffic congestion	8/27/2018 5:40 PM
685	1. Expand the Vine Trail north so we're not on dangerous Silverado Trail. 2. Expand the Vine Trail south so we can get to Vallejo for the Ferry Terminal and Carquinez Bridge. 3. Research Ferry service to connect to the greater Bay Area - reduces congestion and more. 4. Work with wineries and property owners to allow easements or access through their spaces to expand bike trails and access to our neighboring cities (like Sonoma which is a dangerous route now but could go through just a couple properties to make a world wide destination ride). 5. The limitations on access out of Napa County by public transit are absurd, create access beyond the County to other systems (BART, Ferries, SMART, etc).	8/27/2018 4:28 PM
686	fix the roads	8/27/2018 4:12 PM
687	Public transportation continues to be an identified need in the community.	8/27/2018 4:02 PM
688	Provide all necessary assistance and encouragement to responsible agencies to correct traffic bottlenecks throughout the county. Traffic conditions are unacceptable.	8/27/2018 3:51 PM
689	Highway 29 does not seem feasible for the current population or the tourism growth that the county desires but I have not ready answer for that.	8/27/2018 3:42 PM
690	Local commuter train/light rail service throughout Napa Valley.	8/27/2018 3:20 PM
691	See Smart Train in previous comments. Continue bike lanes and separate trails through the county for transportation, use more local tax money to repair the rural roads.	8/27/2018 12:11 PM
692	People here just don't ride the bus. Make it easy to carpool, ride bike, walk.	8/27/2018 11:44 AM
693	roads need to be repaired in many residential neighborhoods.	8/27/2018 11:28 AM
694	More resources should be dedicated to maintenance of streets and roads and those should be addressed based on the use of those roads - meaning the more a road is used the higher priority it should be on getting repaved. Traffic congestion should be addressed through addressing the housing crisis BEFORE any major traffic congestion projects are pursued.	8/27/2018 10:55 AM
695	Public transportation is not a good model for most of Napa County. Be prepared to embrace the future of driverless cars and see if this may change the congestion in a positive manner. How can we utilize services like Lyft and Uber more effectively? Focus on reducing the number of vehicles on the road, not the number of people who want to or need to go from place to place.	8/27/2018 10:37 AM
696	Roundabouts work. Complete the Vine Trail.	8/27/2018 10:28 AM
697	Traffic is a mess.	8/27/2018 10:08 AM
698	Prioritize maintenance of roads and streets.	8/27/2018 10:08 AM

## Napa County Strategic Plan Survey of Community Members

699	Traffic congestion in and out of the County only stands to get worse. If more people who worked in Napa could afford to live here, that could help alleviate some of the additional vehicle traffic into and out of the County.	8/27/2018 10:07 AM
700	All of the above	8/27/2018 10:06 AM
701	Public transportation within the county	8/27/2018 10:04 AM
702	Road maintenance is critical. Traffic congestion should be addressed through creative solutions and technology. We are not going to stop people from coming to Napa by limiting visitation to wineries! The people are here.	8/27/2018 9:52 AM
703	Proceed with improvements to the 29/121 and 29/Carneros Highway intersections. Also, roundabout at Schelville (116/121). To reduce traffic congestion.	8/27/2018 9:05 AM
704	Roads and streets in many areas are like navigating an obstacle course, (West Imola Avenue)	8/27/2018 7:31 AM
705	Traffic along 29 in American canyon is a problem, a flyover at Jameson canyon would help so much. And the traffic circles at 29 and first will also help so much. Changing the one way flow of first will make downtown easier for tourists and locals.	8/27/2018 6:19 AM
706	Better bus service	8/26/2018 10:04 PM
707	Again, the traffic on Hwy 29 heading south is ridiculous. Soscol and Hwy 29 and Hwy 12 and 29 need addressing...soon!	8/26/2018 9:59 PM
708	Marked bike lanes. Maintenance of access and egress avenues for all areas of county, especially rural / remote.	8/26/2018 9:23 PM
709	Advance transportation efforts that increase mobility for older adults and low wage workforce	8/26/2018 9:05 PM
710	FIX THE POTHOLE SERIOUSLY OH MY GOD!!!!!! The roads are terrible here!!!!	8/26/2018 8:30 PM
711	The road condition in the city and county is terrible. The roads are tore up all over and I never see them being repaved. Not to mention the terrible traffic to get in and out of Napa, let alone drive around town. Fix the housing problem, and the commuter traffic problem won't be as big.	8/26/2018 8:27 PM
712	Maintain the roads to ease traffic congestion.	8/26/2018 8:06 PM
713	fix and maintain our roads	8/26/2018 6:18 PM
714	Public transportation to/from other counties	8/26/2018 4:55 PM
715	get ahead of it in your engineering	8/26/2018 4:21 PM
716	Put more dollars into road maintenance. Get tourists off the roads.	8/26/2018 3:44 PM
717	Hire a nationally recognized traffic planning consultant to use the extensive data we already have to develop a traffic improvement plan for the Napa Valley. This must be done in conjunction with the cities.	8/26/2018 3:00 PM
718	Focus on reducing and eliminating our dependence on cars, not building roads and parking lots with more capacity!	8/26/2018 2:11 PM
719	Public transportation to/from other counties	8/26/2018 1:50 PM
720	Develop a rail system that runs from Napa to Calistoga.	8/26/2018 12:04 PM
721	You've better manged public buses of late, keep doing that. Regarding bicycles, they deserve a space, they also should be held accountable to the vehicle code. That applies to new forms of transportation (Segway, scooters, rent-a-bike, motorized bikes, motorized skateboards, etc.	8/26/2018 11:42 AM
722	Hire individuals that actually understand traffic flow would be a good start. Traffic in Napa is ridiculous. Who approves 1000 dwellings within a square mile of each other where everyone is trying to enter and exit during morning and evening rush hour within 100 yards (First St. Freeway Drive area), and then requires NO IMPROVEMENT to road ways and traffic. Morning traffic is backed up past Carolyn Parr Nature Museum. The people that approved all this development should lose their jobs. This is HORRIBLE planning, and proof they shouldn't have the position of "Planning," as they have no concept.	8/26/2018 11:20 AM
723	MAINTAIN CURRENT ROADS, KEEP OVERLOAD TRASH TRUCKS OFF THE ROADS	8/26/2018 11:08 AM
724	Many county and city roads are in bad shape. Many repairs done are surficial, and require foundational work instead. Support safe bicycle lanes, away from traffic if possible. Bike to work days. Rails to Trails (re: wine train to bike lane).	8/26/2018 10:14 AM

## Napa County Strategic Plan Survey of Community Members

725	Maintaining local streets, which are a disaster, and building safe bicycle routes are important, but the single biggest issue facing the County, at present, is State Route 29 and the traffic problems in American Canyon/South County. Without a resolution to this issue the entire County will suffer as tourism tax revenues will decrease as people just won't come. This will impact hotels, restaurants, wineries, jobs and more. We must all work together and with CalTrans to craft a forward looking solution that caters to the needs of all, with a special focus on those living & working in American Canyon/South County, who are most impacted by this traffic disaster.	8/26/2018 9:43 AM
726	Stop building more large housing developments. The community can't support them. Require the city and all private businesses to provide their own parking.	8/26/2018 8:35 AM
727	We can use better road repair.	8/26/2018 7:19 AM
728	Fix roads more bus routes and stops.	8/26/2018 1:51 AM
729	Support vine trail Van, bus, train micro transit options for workers and tourists Tie winery hospitality approvals to transit use.	8/25/2018 10:55 PM
730	Affordable housing and local employment.	8/25/2018 9:37 PM
731	improved bike lanes - better trail through the city	8/25/2018 9:06 PM
732	Napa Co. should take no actions to support transportation. Transportation should be privatized.	8/25/2018 8:58 PM
733	No more hotels, shopping centers, etc until something is done about Napa County traffic. I used to drive from central Vallejo to QVMC in 20 mins, now it can take over an hour just to get to American Canyon. Maybe a rail transit service between here & there would alleviate some of the congestion. It's awful.	8/25/2018 7:26 PM
734	I see a clear improvement over the past 5 years in the roads with the neighborhood paving projects. Traffic congestion gets worse and worse. Not improved by adding lights to the intersections on Solano Ave (in fact, I think this has worsened the traffic and increased the potential for accidents). Agree with continued public/private partnerships to build things like the vine trail, making downtown walkable. Would like to see the traffic on the trail and 29 addressed. Possibly staggering the hours of the wineries along these roads would help so that they aren't all opening and closing at the same time (especially the 5 pm closing, really makes the trail come to a stop). Also, addressing the number and function of tour bus, charter rides, hired transportation vehicles. As a rideshare method they are great, but many of these vehicles grossly slow traffic by driving well below (sometimes 30 mph) posted speed limits even when there is no back up. I find Wine Country and Black Tie tours to be especially guilty of this. In town, I would say the same situation applies to the schools. School traffic is atrocious, and it spills over into the adjacent neighborhoods. While reminders go out every year to drive safely, it seems that the pick up/drop off drivers are the worst offenders (yep, parents). Additionally, many of our schools are near high trafficked roads and there seems to be no supervision of the students as they negotiate the roadways. This is especially scary around the middle schools, although Napa High could use some oversight as well.	8/25/2018 7:13 PM
735	BART service at least once a day on weekends Could encourage tourism from bay area	8/25/2018 6:54 PM
736	Public transportation including from other counties	8/25/2018 6:00 PM
737	Traffic congestion is the #1 stressor for people living and working in or visiting the Valley. The sheer numbers of individual vehicles using our two north-south roads have overwhelmed the carrying capacity of those roads. And commute traffic taking a "shortcut" from the misery of Hwy 37 by diverting through Sonoma and Napa to get to I80 from Marin has pushed east west connectors well past the breaking point. When you cannot leave the Valley between the hours of 2 and 6:30 to 7 p.m. ANY day of the week or weekend without taking hours to go what would normally take 20 minutes, you have major traffic problems that need to be addressed BEFORE ANYTHING ELSE is even considered. That's where you are. I don't know how you solve it. But if you don't, it will hobble everything else you try to do.	8/25/2018 5:53 PM
738	Bicycling and bike lanes.	8/25/2018 4:19 PM
739	Wine train pumps out smoke all day back and forth. AWFUL! Need battery operated train and busses. More bussing for vineyard workers.	8/25/2018 4:05 PM
740	Get those roundabouts installed. Make Napa as bike accessible as possible, especially in retail areas.	8/25/2018 3:40 PM
741	Maintenance of roads. Traffic congestion.	8/25/2018 2:57 PM
742	Yep	8/25/2018 2:49 PM
743	Light rail service. Improved access to San Francisco	8/25/2018 2:22 PM
744	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM

## Napa County Strategic Plan Survey of Community Members

745	The biggest issue is the traffic. Napa is too expensive to live for many lower paying jobs. So you have only a few options. Get public assistance (Section 8 housing has a huge wait list), double/triple up in a house, or commute in to Napa Co. daily. The commute from Vallejo through AC is more than half an hour. The commute from Fairfield area is bottleneck at grape crusher. The commute from Sonoma is insanely backed up. So if we want to have a tourism based workforce here, we need to change something. It's a simple math equation. Change the wage so they can work and live here, change the housing so they can afford to live here on existing wages, or change the accessibility of Napa by improving commute issues.	8/25/2018 2:10 PM
746	Road maintenance	8/25/2018 1:23 PM
747	-stop allowing trains that don't move people from points and allow them to get off. Ridiculous! - use train system to transport workers and tourists -continue VINE system and educate locals to walk, bike and use public transit -promote kids walking to school not being driven daily -stop allowing more wineries and events that cause all this traffic - we are maxed out and in the verge of destroying what we have	8/25/2018 12:49 PM
748	More smaller, electric vans to transport folks	8/25/2018 11:31 AM
749	Staggered work hours. Ours is a traffic congestion problem, not an actual traffic problem.	8/25/2018 11:19 AM
750	we desperately need more, proper, and safer bike lanes! flashing pedestrian crosswalks across busy streets and near schools. prioritize bike lanes over street parking (downtown napa is atrocious and dangerous to try and bike through!) require businesses to have bike racks! better signage, directions, and mini maps for vine trail access, not just random arrows pointing in a general direction. implement laws requiring red no parking zones at crosswalks and intersections used by school children regardless of resident street parking desires	8/25/2018 11:17 AM
751	Better public transportation to and from cities within the county, including the Pope Valley and Berryessa communities. Enforce traffic laws on bicyclists.	8/25/2018 11:01 AM
752	the traffic congestion on Hwy 29 is awful. Commuters are getting off the highway and trying to navigate the wonky roads of the residential areas - this makes our communities off the highway unsafe by adding additional traffic. Please Please Please do something about the traffic gridlock in American Canyon]	8/25/2018 10:54 AM
753	Less TRAFFIC, safer bicycling, low-cost/quick access to SF is KEY to our future.	8/25/2018 10:50 AM
754	We are still playing according to the failed transportation philosophy of twentieth century (the Age of Automobile). Our primary transportation goal should be to create an efficient multi-modal system so for most people the private car is not their first practical or economic choice. Cheaper (for environment and for individuals) transportation regionally will decrease the housing affordability problem, and that means massive use of public transit (a cultural change as well as government policy).	8/25/2018 10:15 AM
755	Traffic congestion	8/25/2018 9:47 AM
756	I love the vine trail and feel if we can continue to connect our community with these safe riding lanes, we make it favorable to consider riding our bikes to work and stores.	8/25/2018 9:25 AM
757	Expand bike and ped apportunities.	8/25/2018 9:07 AM
758	Fix the roads with winery and hotel property taxes. All new commercial development should include fees for roadway expansion, widening, improvements. Develop more public transportation, buses, light rail, etc.	8/25/2018 9:01 AM
759	Street maintenance!	8/25/2018 8:45 AM
760	Maintaining, building and expanding county roads should be highest priority. Prioritize replacement of under rated bridges and culverts	8/25/2018 8:10 AM
761	Traffic in and out of the valley is our number one problem and the badly needed new housing in south Napa will make the traffic problem even worse. We need some creative thinking about these problems.	8/25/2018 7:43 AM
762	Our roads are in bad condition. With the never ending Jameson Canyon project, commuters have found Wooden Valley Road, and now this quiet country road has become a major highway during commute hours (3-6). The road needs paved and marked turn-outs - too many people pass over the double yellow. The guard rails are still down after the Atlas fire. Commuter transportation from Solano County could help.	8/25/2018 7:31 AM
763	City and county roads are poorly maintained. Many full sized Vine buses ply the streets with few if any passengers. County supervisors attempted to use the Vine system and reported it as a failure. Traffic congestion is at an all-time high and will continue to get worse unless wages can support local workers to become local residents. You have your hands full here!	8/25/2018 7:12 AM
764	Finish the Vine Trail near downtown Napa so that people can bike without having to be in the streets with cars. Better timing of lights on Hwy 29 going into and back from American Canyon.	8/25/2018 6:26 AM

## Napa County Strategic Plan Survey of Community Members

765	Perhaps driverless transportation	8/25/2018 5:51 AM
766	Road and highway maintenance is important to both residents and tourism, so that is first and foremost in my mind. Helping to alleviate traffic congestion especially getting into/going out of Napa (hwy 12/37, etc) and the area between Yountville to St Helena are the two biggest that come to mind. Completing longer sections of the Napa Vine Trail are also important, both south of Kennedy Park and north of Yountville especially. If it were possible to get to/from South Napa to St Helena I think more people would choose to explore or commute on bike.	8/25/2018 1:15 AM
767	There are some big problems with road maintenance throughout the county. Little patches here and there without really preparing the road base properly when redoing the whole surface and the asphalt looks like it has lots of voids, etc. in it that makes for our roads not holding up the way they should. There needs to be more quality control so taxpayer money is used wisely. There are fine and hardworking people working throughout our agencies, but the powers that be are going to make it so hard to make public transportation work in this valley, sadly.	8/24/2018 11:34 PM
768	Mejores alternativas para promover el transporte público y evitar tanto individualismo que a la vez causan mayor contaminación y congestión automovilístico	8/24/2018 10:48 PM
769	For a real blunder at the Salvador/Solano crosswalk. It is an intersection impacted from 7 entry lanes and then impacted by bikers and the "walking trail". Who would want to walk along here and inhale all the exhaust from cars not even 20 feet away. Not too healthy.	8/24/2018 10:28 PM
770	Traffic north of Yountville is terrible...both on 29 and the trail. Maybe some type of reward for using a commuter bus or some other innovative method would work to get people out of their cars. The Vine Trail is the best thing to happen in NV in a long time. A commuter train would be great too. Maybe some type of partnership with the Wine Train?	8/24/2018 10:13 PM
771	Public transit is not widely available and quite cumbersome. It must be streamlined (so it doesn't take 7 hrs to get from Sonoma to Napa for example). And, it needs to be more widely available in up-valley and from other counties if we want to reduce traffic.	8/24/2018 10:03 PM
772	Maintain the roads, subsidize public transport, support bike lanes	8/24/2018 9:49 PM
773	Pave the streets and roads!!!!	8/24/2018 9:40 PM
774	Roads are in BAD shape. Public transportation to other counties would be great, as well as within Napa.	8/24/2018 9:19 PM
775	The county should promote more electric vehicle use by developing more EV charging stations. ALL public parking should be required to allocate a % of space for recharging. Blocking chargers with non EV's should be cause for a citation. The cities and county should be aware of hardship to EV's when access is denied due to event parking. (ie: Napa's Pearl St. lot which is blocked off for events like Bottlerock and car shows.)	8/24/2018 9:12 PM
776	All of the above need to be addressed	8/24/2018 9:09 PM
777	Can transportation be provided from Napa County rural areas as well? Many seniors live in the rural areas of Napa, i.e. Napa Lake Berryessa residents.	8/24/2018 8:46 PM
778	Bicycling and bike lanes have added extra vehicle idling time at every Napa city intersection that involves the Vine Trail. Many times I sit waiting to turn onto Hwy 29 from Trower and there isn't a soul in sight. Why did you do this?	8/24/2018 8:43 PM
779	FIX 29 in AC...offer the free trolley from AC to Napa.	8/24/2018 8:33 PM
780	traffic and traffic congestion	8/24/2018 8:29 PM
781	Our streets are not equipped to deal with the increasing amount of traffic. Driving around Napa is a nightmare and streets should be redesigned to accommodate the traffic.	8/24/2018 8:27 PM
782	Repair our roads, better traffic control. some of our traffic lights are set too slow,	8/24/2018 8:13 PM
783	Need better roads. More lanes between Vallejo and napa. Pave side streets.	8/24/2018 8:08 PM
784	Maintenance of county streets and roads is most important, so long as it is not encouraging further growth.	8/24/2018 7:57 PM
785	Improve public communication about scheduling of street & road repairs. Make information more resident-friendly, less bureaucratic-sounding; make it easier to find. Do something about bicyclists who don't even think about staying in the bike lane! Their mistaken sense of entitlement is a threat to them and vehicle drivers!	8/24/2018 7:39 PM
786	Maintaining roads	8/24/2018 7:37 PM
787	Effective public transportation within county. Smaller busses?	8/24/2018 7:28 PM
788	Our roads are a disgrace	8/24/2018 7:26 PM
789	Maybe more schools could offer bus services to help with the traffic congestion while creating jobs	8/24/2018 6:51 PM

## Napa County Strategic Plan Survey of Community Members

790	Train to/from the ferry/bus service in Vallejo. Spending less \$\$\$ on fulltime Gov. Employees benefits, and hire full time road crews that aren't Napa's employees. Need more bus transport for high school. No more bike lanes.	8/24/2018 6:49 PM
791	this public bus service for Napa County is a joke. HUGE buses up and down the valley and inside city of Napa, and zero to 5-6 riders on these buses. Deplorable spending of taxpayers' money.	8/24/2018 6:35 PM
792	Look at Napa traffic signals on highway 29.	8/24/2018 6:33 PM
793	There are 40' buses driving all over that have one or two people in it, study the routes and adjust the buses accordingly. We don't need them in the neighborhoods when a smaller vehicle would do. The buses tear up the roads as well as use too much fuel.	8/24/2018 6:24 PM
794	Road maintenance	8/24/2018 6:22 PM
795	Smaller buses? I always note that public buses are empty... are the routes planned poorly, or are the buses too big? Traffic in and out of County is MAJOR concern... focus on it!! Work with Cal Trans!!! Are the lights poorly timed? What can be done for improved flow?	8/24/2018 6:11 PM
796	Make more and safer bicycle lanes. Build more dedicated bicycle paths off roads. Extend public transportation to north Santa Rosa, 101, SMART train and the Schulz airport from Calistoga.	8/24/2018 5:58 PM
797	Other than traffic to get out of Napa, I think we are probably ok on transportation. It is sad to see our buses operating with so few riders.	8/24/2018 5:56 PM
798	To many busses that are empty or only 1 or 2 passengers. They create traffic impediments. Tourist shuttles from hotels could have more impact on traffic. Bike lanes are expensive but they have a positive impact on quality of life for residents and tourists.	8/24/2018 5:51 PM
799	Safe places to use bikes and walk. Moving traffic in and out of our valley on weekends.	8/24/2018 5:26 PM
800	Enable people in Napa to walk, build sidewalks, install the proper street signaling	8/24/2018 5:21 PM
801	An easy bus to BART and a plan to connect BART to Napa like was the plan originally.	8/24/2018 5:18 PM
802	Wine train/buses to make trips to other counties	8/24/2018 5:08 PM
803	Build more roads. There should be a third lane on both 29 and the Silverado trail. The third lane could alternate directions depending on time of day which determines the traffic load.	8/24/2018 5:07 PM
804	Enlarge and improve public transportation within the county and to and from other counties. Plan for pedestrian, bicycle friendly neighborhoods and community. All new developments must plan for transportation and parking issues	8/24/2018 4:59 PM
805	Traffic congestion, Alternatives to driving alone, including ridesharing and carpooling, Public transportation within the county	8/24/2018 4:48 PM
806	ro ad maintenance and better planning for all the new construction to deal with traffic	8/24/2018 4:46 PM
807	Public transportation to/from other counties and maintenance of county streets and roads	8/24/2018 4:45 PM
808	Traffic congestion must be solved on a regional basis [duh!] Take the lead in the Bay Area org. that works this.	8/24/2018 4:45 PM
809	First work on public transportation that is clean, pleasant, reliable and inexpensive. We need to make it a priority to move people around within the county and to get people here from other counties so that they can work here and live in more affordable areas. Look to Europe, trains and busses are clean and on time and because of that they are heavily used. If you think that you can figure out how to provide affordable housing for everyone who wants to live here you are wasting your time. If everyone who wanted to live here was accommodated then no one would want to live here because it would be so crowded and unpleasant. Public transit should be wi-fi connected too.	8/24/2018 4:29 PM
810	The geographical realities of Napa County and City create dilemmas between cycles and autos, the lure of outside tourist sight seeing along the wine lanes to/ from napa is a nightmare and a safety hazzard. What to visit wineries, use a tourist bus, van service, limit winery parking forcing alternative choices.	8/24/2018 4:22 PM
811	It's hard to understand how 10 miles of road a year is going to get us out of this literal hole. The rural county roads in particular are last on everybody's list and in terrible shape. Can that "zamboni-like" machine that does it all at once (I think it did Freeway Drive?) come back again? It would be great to have express buses direct to the Vallejo Ferry, if they exist I don't know about them. Let's get those traffic circles going at the 5-way stop at 3rd St. And a commuter use of the Wine Train tracks to avoid some up- and down-valley traffic has been discussed before, where did that lead?	8/24/2018 4:18 PM
812	Maintenance	8/24/2018 4:15 PM
813	I rarely see the county busses with more than a measley few passengers. Use smaller buses.	8/24/2018 4:15 PM
814	Traffic congestion Maintenance of county streets and roads	8/24/2018 4:06 PM

## Napa County Strategic Plan Survey of Community Members

815	Complete the bike trail. Encourage BART to come to Vallejo.	8/24/2018 4:05 PM
816	Increased shared transportation during peak commuter hours coming up valley to major work locations (hospital, large wineries, main shopping areas) to decrease traffic on 29 and the Trail.	8/24/2018 4:01 PM
817	All of the above are important but we must do something about traffic congestion in Highway 29 which is being addressed without progress thru the years.	8/24/2018 4:01 PM
818	Fix roads over new bike trails	8/24/2018 4:00 PM
819	To many empty buses, waste of money	8/24/2018 3:50 PM
820	Traffic congestion is key with tourism clogging highways. If you want workers, you have to have public transportation. Bicycling (the Vine Trail) wonderful, but it's probably not a viable option for work commuting.	8/24/2018 3:48 PM
821	I'd love to see better public transportation to and from cities and towns here in Napa and between counties.	8/24/2018 3:48 PM
822	As long as we have a large portion of workers living in other communities, we will have traffic congestion unless we do something to decrease the number of people in cars on the roads. Ridesharing, carpooling, employer supported ride shares and slowing down development, so less people are needed to commute.	8/24/2018 3:42 PM
823	it would be nice to get on a bus from Napa and be able to get to SF-Santa Rosa- SF airport/Sac	8/24/2018 3:37 PM
824	Streets	8/24/2018 3:29 PM
825	More aggressively market bus tours/shuttles to the wineries, keeping tourists off our two main commute routes--Silverado Trail & Highway 29	8/24/2018 3:28 PM
826	Provide easy channels for public inclusion in finding glitches in our roads and in suggesting actions to alleviate congestion and other problems.	8/24/2018 3:26 PM
827	Traffic congestion Bicycling and bike lanes installing traffic signs/signals on heavily travelled short cut streets like linda vista	8/24/2018 3:24 PM
828	Traffic, the bike lanes are not used by the majority of the population but they do create hazards on narrow mountain roads	8/24/2018 3:24 PM
829	traffic congestion is a big issue, but it really is being driving by the businesses being pursed in the valley as the cost of the quality of life for those who live here	8/24/2018 3:18 PM
830	Too many autos. Need expressways	8/24/2018 3:10 PM
831	Alternatives to driving alone in unincorporated areas of county, particularly for seniors.	8/24/2018 3:06 PM
832	Embrace autonomous car and public transportation options	8/24/2018 3:06 PM
833	This is very important. I don't see the traffic issues that locals complain about. It is an easy community to travel in. I think bicycle traffic needs to be moved from major thoroughfares but it shouldn't be a major priority. It would be nice if we could keep them off of the sidewalks as we've almost been hit walking numerous times.	8/24/2018 3:05 PM
834	Our public transportation options are dismal - almost as dismal as the condition of our roads. Speaking of roads, why is construction always simultaneous on both of the main county thoroughfares every year?	8/24/2018 2:58 PM
835	Same as above regarding hwy choke points (221/29 and 29/12).	8/24/2018 2:55 PM
836	Limit further development to reduce traffic congestion growth	8/24/2018 2:53 PM
837	Widen Hwy 29 from Southern Crossing south. Install interchanges instead of lights for Hwy 29 at Salvador, Wine Country, both sides of Southern Crossing, Jamison Canyon.	8/24/2018 2:45 PM
838	Change the leadership of NVTA.	8/24/2018 2:43 PM
839	MUST get more people into car pooling, ridesharing, paint all bike lanes green for safety- like other major cities host a contest for each most alternative transportaion to work or school day...Cash prize...kick off that it is fun and rewarding	8/24/2018 2:42 PM
840	FIX OUR ROADS!	8/24/2018 2:42 PM
841	Make safety the priority when repairing sidewalks and city streets. Stop decorating everything and just fix the broke streets. Art should come after repairs.	8/24/2018 2:37 PM
842	Our roads are embarrassing. More sidewalks. More bike trails. Connect Browns Valley area to downtown with a bike trail.	8/24/2018 2:31 PM
843	More small buses or vans with more routes rather than large half filled or near empty busses. Have only clean energy busses.	8/24/2018 2:29 PM
844	Continue repaving program	8/24/2018 2:28 PM

## Napa County Strategic Plan Survey of Community Members

845	Our roads are horrible.... Granted HW 29 is being done and the City has a strategic plan per neighborhood per year. HW 29 needs some sort of relief. I think a commuter car for the Wine Train would be an amazing opportunity. Maybe if the county somehow gave the wine train (a private business) some sort of incentive to make this happen.	8/24/2018 2:25 PM
846	Bike lanes and bike racks are super important. Would love to see incentives for carpooling, too.	8/24/2018 2:25 PM
847	My son takes the bus. I hear horror stories. I should be tempted to take the bus into work. I'm not.	8/24/2018 2:20 PM
848	The traffic is getting unbearable. Funds allocated to Napa County from Regional Measure 3 are not enough and just a band-aid. In any case, when do we see these funds? How can we generate additional funds to improve the 29 corridor?	8/24/2018 2:20 PM
849	BART needs to be extended from Richmond to Vacaville, and a North Bay branch needs to be added to Napa, Sonoma, Santa Rosa, Marin... The new train from Santa Rosa to Southern Marin is a big plus, but we need the rail systems to electrify and extend to the North Bay communities as well. One should be able to take BART or a train from Napa to SFO airport, to San José, to Sacramento, and everything in between. We need to find ways to increase public transit that takes people and vehicles off the roads, while not adding other vehicles to already congested roads. Use the rails more and more effectively.	8/24/2018 2:19 PM
850	Can't get anywhere West (to Sonoma County or Novato) from here. No connection to SMART train. Ridiculously long/uncomfortable bus ride to get to BART or ferry. People commute west or south for better-paying jobs but there's no way to get either way efficiently. People commute from east and south to get to jobs in Napa because they aren't paid enough to live here. Pressure the wineries and hospitality to increase pay as a condition of permit approvals.	8/24/2018 2:18 PM
851	Bike lanes are needed for locals and visitors alike transit links/systems are needed for workers and visitors create a transit hub in south county - transportation links to all points with high density housing, with retail and entertainment	8/24/2018 2:15 PM
852	Public transportation, bicycling and bike lanes	8/24/2018 2:12 PM
853	Transportation that is an alternative to cars should be a key focus of Napa County.	8/24/2018 2:12 PM
854	Work force housing will be instrumental in mitigating traffic issues.	8/24/2018 2:11 PM
855	Oh boy. This is a big one. First, the county needs to tackle source shifting in the wine industry. It is becoming a huge problem with thousands of tons of grapes grown outside of the valley are trucked in to take advantage of pre WDO use permits. These decisions are being made by suits in board rooms in other parts of the world with no regard for whats happening on the ground. We also need the county to invest in public and private partnerships to help move along innovations that will help solve our traffic issues. We need a paradigm shift when thinking about traffic.	8/24/2018 2:11 PM
856	Public transportation should be more efficient in town. Smaller buses with more routes on the weekends.	8/24/2018 2:10 PM
857	I don't know why exactly, but traffic has become much worse in the past few years - to the point that I think twice before going anywhere. I would like to see more public transportation opportunities, particularly between here and neighboring communities. I feel so badly for the people who have to commute from Solano County every day. Even widening the Jameson Canyon road has not helped all that much. A light rail line would be ideal, or at least more busses and vanpools.	8/24/2018 2:10 PM
858	Same as 12	8/24/2018 2:08 PM
859	Traffic congestion needs to be addressed NOW	8/24/2018 2:08 PM
860	maintain the roads we have and stop all the bike events - that will help with congestion.	8/24/2018 2:08 PM
861	I would love to say more public transit, but it is hard in a rural situation. Better timing of stop lights. Find ways to stagger closing times to help traffic on 29 and the Trail.	8/24/2018 2:07 PM
862	TRAFFIC CONGESTION!	8/24/2018 2:05 PM
863	Roundabouts are demonstrated to work all over Europe as an effective way to keep traffic moving. With so many months of inclement weather cycling seems to be more of a means of exercise and entertainment not a practical solution to traffic mitigation. Have found Uber and Lyft to be very useful and convenient. I would discourage any regulation that inhibits their services. Obviously road maintenance should be a priority.	8/24/2018 2:04 PM
864	Increase re-paving of bad roads. Consider bypasses to route 29.	8/24/2018 2:02 PM
865	The traffic just within the parking lots or residential areas is overwhelming. Constant construction also creates heavy congestion	8/24/2018 2:01 PM
866	Work on traffic congestion between Napa and Vallejo	8/24/2018 1:58 PM
867	safer bike lanes that are on streets	8/24/2018 1:57 PM

## Napa County Strategic Plan Survey of Community Members

868	Expand Hwy 29 through the marsh to 2 lanes each way.	8/24/2018 1:57 PM
869	Improve and expand street and road maintenance and supervise/oversee efficient management of those contracts	8/24/2018 1:57 PM
870	Maintenance of county streets and roads	8/24/2018 1:56 PM
871	Too many empty buses running around Napa.	8/24/2018 1:53 PM
872	Here is an example: Both Solano County and Napa run buses to the El Cerrito Bart station. Solano runs them many times a day, Napa only a few. The Napa buses have to go through Solano County to get there. Rather than each agency running buses why not have the Napa buses act as a feeder to the Solano buses. That would allow more Napa buses to run to south county and make use of the Solano infrastructure. Also, no cul de sacs should be allowed to be planned in any new housing. In places where they are already the county and city should declare eminent domain and take the land to open paths between those isolated pockets. The police should be directed to start enforcing the vehicle laws. The county should fund for the Sheriff's department a traffic enforcement division,	8/24/2018 1:52 PM
873	Must have more and safe bike lanes. Please support this! St Helena is terribly congested by tourists and the small town can't do much about it by themselves. Incentivize using the Vine. Encourage wineries, other business to incentivize bus ridership and carpools.	8/24/2018 1:51 PM
874	Need better bike transit across highway 29. Stop trying to destroy neighborhoods with things like the Linda Vista Bridge.	8/24/2018 1:50 PM
875	traffic congestion, way to access BART or SMART trains, maintenance of streets. Method to keep the weekend wine tasters from having to drive before they sober up. Maybe areas where they can pick up hop on hop off transportation to wineries and then bus/tram back to parking.	8/24/2018 1:50 PM
876	Seek efficiencies to improve traffic flow....be creative! Promote more walking paths near high volume roadways	8/24/2018 1:50 PM
877	Bicycling and bike lanes	8/24/2018 1:50 PM
878	research transportation alternatives for tourists	8/24/2018 1:49 PM
879	I reside in Calistoga and traffic here on 128 is a mess. Instead of stop signs at the 2 major intersections: Lincoln/128 and Petrified Forest/128, install stop lights, for example.	8/24/2018 1:47 PM
880	Roads and sidewalks need to be repaved.	8/24/2018 1:46 PM
881	controlled and well regulated development considering the impact on resources, not just revenue that will be generated for government	8/24/2018 1:45 PM
882	We have too many empty buses driving around now. The routes are too slow and the bus stops are not inviting. In fact, most are out in the open air. No protection from the elements. Start with small vans and fill them up first, then go to the next size mini bus and fill them up, and so on. Grants for buses are just more tax dollars that we pay for. It is not free. We pay way too many taxes now and wanting to increase. Stop the waste. We do not need an \$85MM bus depot for empty buses.	8/24/2018 1:43 PM
883	Provide effective (frequent trips, multiple options) transportation for commuters, reducing the traffic in town for residents and tourists.	8/24/2018 1:42 PM
884	safer bike lanes	8/24/2018 1:40 PM
885	don't even think about light rail or we will have another disaster like the SMART train	8/24/2018 1:40 PM
886	TRAFFIC TRAFFIC TRAFFIC!!!! Highway 29 is ridiculous and needs to be corrected before building any more houses	8/24/2018 1:40 PM
887	traffic congestions	8/24/2018 1:39 PM
888	Rt 37. Skellenger and Silverado. Rt 29 btw Salvador and Imola. Rt. 12, etc. Need to study the obvious ones.	8/24/2018 1:37 PM
889	light rail?	8/24/2018 1:33 PM
890	Get serious about rail service including to Calistoga once again	8/24/2018 1:32 PM
891	Reduce traffic by reducing development. Higher wage paying jobs reduce the need for transporting low wage earners from other counties.	8/24/2018 1:25 PM
892	Better roads with better transportation exchanges (in and out of the county) is very important.	8/24/2018 1:22 PM
893	Encourage alternatives to one driver=one car.	8/24/2018 1:13 PM
894	We have to solve the Hwy 29 traffic problem	8/24/2018 1:09 PM
895	Maintain development of bike trails	8/24/2018 12:58 PM

## Napa County Strategic Plan Survey of Community Members

896	Traffic is really only bad when school is in session. Work with schools to provide carpooling options, using technology could help.	8/24/2018 12:49 PM
897	fix the streets. create free water taxis for travelling on the river. charge tourists a toll for entering napa and use to repair streets not build more housing.	8/24/2018 12:47 PM
898	N/A	8/24/2018 11:44 AM

**Q19 Government Effectiveness** What actions do you believe Napa County should take to support Government Effectiveness in our community? As a reminder, in the previous section we defined Government Effectiveness as: Responsiveness of government officials and staff Transparency in government processes Efforts to communicate with the public through multiple channels Efforts to communicate with the public through multiple languages Efforts to educate the public about relevant issues and available resources Availability of information about county programs and services Quality of the county's website Easy access to public records Fiscal responsibly, oversight and accountability Policy development and legislative advocacy Code enforcement County and cities working together to solve problems Inclusiveness of minority and underrepresented populations

Answered: 706 Skipped: 1,449

#	RESPONSES	DATE
1	LGBTQ advocate to educate government agencies	10/10/2018 9:08 AM
2	LGBTQ advocate	10/10/2018 8:58 AM
3	Inclusiveness	10/9/2018 11:54 PM
4	Public officials need to be in communication with our citizens. They need to listen to residents' concerns and respond. The county and cities need to work with each other more.	10/9/2018 10:54 PM
5	Keep it up! Especially the communicating through multiple channels, and languages. Please try with all your might to involve our minority populations in your desicion making process!! Education education education!!	10/9/2018 9:56 PM
6	Cut staff...	10/9/2018 9:53 PM
7	I worked with the government on the development of a new winery near us; met with winery, county government etc. Very disappointed that the neighborhood concerns were just never taken and neighbors were never contacted with massive changes to the plans we agreed with. This was a slap in our faces and really soured us on our government. The county seems to agree with wineries but we also our your base. There fore communication should increase when changes are taking place- process of communication needs to be revisited. Our emails were available but use a consistent reporting of all building plans for our valley. Post questions on nixle etc	10/9/2018 7:13 PM
8	FORGET OTHER LANGUAGES. I THOUGHT I LIVED IN AN AMERICA. SUPPORT UNITY IN BEING AN AMERICIAN.LETS EMBRAVE ONE ANOTHER AND HELP ONE ANOTHER LEARN THE NATIVE LANGUAGE. WE ARE AMERICIANS. Also, we should require schools to require multiple.languages as they do in Europe. Their language is their language - but most can speak several other languages. Again, I must.put forward the idea of block parties or other community activities that are not focused at specific groups but to the Napa community at large. WE ARE ONLY AS STONG AS OUR BONDS TO ONE ANOTHER. DON'T MAKE US WEAK!!!!	10/9/2018 6:52 PM
9	Fiscal responsibility, oversite and accountability.	10/9/2018 6:19 PM
10	Smaller government makes better use of tax payers money. Permit department is making residential rebuilding more difficult than other other fire impacted counties. Please help and don't make catastrophe worse.	10/9/2018 5:25 PM
11	**No longer a gentle-persons regime of creating policy and dependence on planning and administration; County/Cities/Town elected officials must create learning organizations for Sustainability into the 22nd Century and beyond, including their own learning; otherwise.... *DIVERSIFY the economic sector to avoid the current and future results of our economic monoculture. *Acknowledge the now VICULTURE Preserve. *STOP development into woodlands watersheds *Diversify all commissions and committees with the experience and knowledge of minority women and men. Ron Rhyno	10/9/2018 5:23 PM

## Napa County Strategic Plan Survey of Community Members

12	<p>Walt Ranch is an example of a government process that went out of control on every level. If the County government officials responsible for reviewing this project had followed the rules applicable to this project (County Code, CEQA, etc.), this project would not have been approved and the small community that I live in would not have had to spend over a \$125,000 in legal fees trying to protect is only water source and its water and sewer infrastructure. It is shameful that local planning officials and their employees' sloppy work and failure to adhere to the principles of law when reviewing the project, allowed this behemoth to be approved. Many other projects are approved because one or two neighbors nearby do not have the resources to even begin to stand up against out of control proliferation and expansion of the wine industry in this County. On the subject of ease of access to County Records, that also needs to improve. Officials should meet with their constituents and answer their questions. If the questions can't be readily answered, the official needs to get the answer and stand behind it. I have experienced many recent examples (during the Walt Ranch case), where I and others were stone-walled, lied to, and delayed in obtaining pertinent information. This is never okay and should not be condoned. The County and City of Napa, in particular, also need to work together much better. Their inefficiencies have led to ineffectiveness, at a high cost to the taxpayer and quality of life of many Napers. For example, the deal reached between City of Napa and the County of Napa regarding Milliken Reservoir and the risks posed to this pristine water supply by the Walt Ranch was handled terribly. The City of Napa's Water Manager was chastised and her recommendations ignored in favor of expediency to reach a last minute private board room "deal" that was completely lacking in transparency and allowed the County to remove the City of Napa's objections to this project. Milliken Reservoir will no longer be the last safe &amp; pristine water source in Napa County, once grapes are planted at Walt Ranch. Another shameful episode of business as usual in Napa County. This must change. Code Enforcement has many issues and rather than being punitive, I would like to see them be flexible in working through how/why the violation happened, but firm enough to achieve a proper result, in a case by case basis. Individuals with code violation problems cannot afford both fines and fixes, but corporate interests (such as the wine industry) treat it as a cost of doing business and will continue to do so as long as they can get away with doing whatever they want.</p>	10/9/2018 4:48 PM
13	Provide correctly translated information	10/9/2018 4:32 PM
14	Responsiveness of government officials and staff. Fiscal responsibility, oversight and accountability.	10/9/2018 4:29 PM
15	code enforcement is an underserved segment, their should be enough HR to stay current with abuses and enough power to steer compliance in the right direction	10/9/2018 4:14 PM
16	Allow for legitimate public input into the County budget process - publicize timeline and opportunities for input before the budget has been finalized or it's too late to make changes.	10/9/2018 3:37 PM
17	<p>1. BOS and Other Minutes should include, at a minimum, the names and affiliations of speakers. Public Comment should recognize the speakers by name, and subject, but (per action minutes) not the discussion. This also Applies to Department Head Reports. Ask the speaker which subject they wish to discuss and indicate that the Video is the recording device, not the minutes. This transparency suggestion allows greater access to the recordings and meetings via a Search Function in the Agenda &amp; Minutes. 2. The meeting recordings should be available in an MP4 format to allow downloading at NO Charge. If interested parties want more information, give them the means to do it, at no expense to County Administration time or expense. Currently, Napa County Charges \$11 for disc of one meeting and must be picked up at the Admin Building, an unnecessary burden. Napa City does not Charge, and has the MP4 format available for free download. St Helena charges \$50 for a disc and has no MP4 format available 3. The ability to follow a subject or topic as it progresses through the Napa County Administration. Current search functions and labeling for transparency are lously, to put it mildly. 4. Better Transparency of the success of Criminal Justice System in Napa County</p>	10/9/2018 3:23 PM
18	Thoughts here are as "The Whole Community" not catering to special or verbal groups. I'm in the invisible white senior group and it's hard to watch the tail wag the dog year after year. "Service for All"	10/9/2018 3:19 PM
19	Other than the library. The city and county governments are completely controlled and operated by the owners of the wineries. There is no transparency, the appearance of corruption is overt (Who owns the Air b&b permits?). If the Fed conducted an AZCam in Napa a lot of folks in government would go to jail.	10/9/2018 3:11 PM
20	county and city working together	10/9/2018 2:21 PM
21	Inclusiveness of minority and underrepresented populations	10/9/2018 2:20 PM
22	The county website has a wealth of information that many people are unaware of. We could benefit from better publicity about what's available on the website. I'd also like to see a more frequent and informative social media presence by Napa County agencies --OES, NCSO, Public Works, Planning.	10/9/2018 1:03 PM
23	Conflict of interest ordinance	10/9/2018 12:36 PM
24	Code enforcement, transparency, inclusion of community, bi-lingual messaging and education...	10/9/2018 6:24 AM

## Napa County Strategic Plan Survey of Community Members

25	Keep up the good work. This survey is an important part of being effective in government.	10/8/2018 5:19 PM
26	The County and Cities need to work together. The livable wage issue was an example where the County could have taken a lead, and the cities would most likely have followed. The County could have been a stronger voice regarding immigration and deportation.	10/8/2018 3:45 PM
27	Esfuerzos para comunicarse con el público a través de múltiples idiomas	10/8/2018 3:13 PM
28	Fácil acceso registros públicos	10/8/2018 2:54 PM
29	Fácil acceso registros públicos	10/8/2018 11:34 AM
30	THE PODIUM BELONGS TO THE PEOPLE. NOT TO GOVERNMENT. WE PAID FOR IT AND WE SPEAK AS LONG AS WE HAVE SOMETHING TO SAY. YOU HAVE BEEN SELECTED TO LISTEN AND DO SOMETHING - IF YOU CANNOT, YOU GO AWAY. BUT THE PEOPLE OWN THE PODIUM - TAKE YOUR TIMER AND STIFLE IT....IF YOU LISTENED TO US, WE WOULDN'T BE IN THIS MESS. DID YOU LISTEN AT NAPA HI? NO, YOU TRIED STUPID APAC TO WEAR US OUT. THEN YOU DID THIS SAME "CONSULTANT-PAID" STRATEGIC PLANNING BS ABOUT A YEAR AGO - REMEMBER? COMMUNITY MEETINGS? "WE WANT TO HEAR YOU BS", WHITEBOARDS, ALL THAT CRAP. WHAT DID YOU DO WITH THAT? PAID THE CONSULTANT'S MORE OF OUR TAX MONEY. DIDN'T LIKE OUR ANSWERS SO WE HAVE TO DO IT AGAIN? HOW MANY TIMES? DO YOU REALLY THINK THE PEOPLE OUT HERE ARE AS STUPID AS YOU APPEAR TO BE? THAT SEEMS TO BE THE CORE OF ALL OUR PROBLEMS. STUPID LEADERS WHO DO NOT LEAD, BUT FOLLOW \$\$\$\$ INSTEAD. VIVA LOUIS AND MARIE!	10/8/2018 11:16 AM
31	If local government staff an electeds are responsive to the public, everything else will fall into place	10/8/2018 10:59 AM
32	Esfuerzos para comunicarse con el público a través de múltiples idiomas.	10/8/2018 10:42 AM
33	Code Enforcement	10/8/2018 9:50 AM
34	A clear vision for Napa County that is progressive rather than restrictive and risk averse. The County does not "play to win" it "plays not to lose." We need a transparent process, including a transparent budget process that is inclusive of all residents and stakeholders. (Take a page from the NVUSD process.) Partner with community to communicate, government does not do this well, so use your community partners!	10/7/2018 7:14 PM
35	I'm not sure	10/7/2018 4:07 PM
36	Improve all of thee above.	10/6/2018 1:18 PM
37	*Availability of information about county programs and services	10/5/2018 3:19 PM
38	Bilingual capabilities should be enhanced.	10/5/2018 11:50 AM
39	Enducate! People are on computers more and need access & encouragement to visit Napa records, policies, etc	10/5/2018 11:00 AM
40	County and city ... and regions ... working together is essential to avoid redundancy, streamline policies and protocols, respond more efficiently and effectively to problems and achieve desired outcomes.	10/5/2018 12:44 AM
41	If Me and Mine make your town a nicer place : don't tell me what I can keep in my driveway. IE. my 1987 20 foot working RV Winnebago in excellent condition: full wax and locally maintained by our town mechanics: Spent \$9,000 over 5 years. No longer. I sold it. City rules said I had to store it off site. Hindered my get up and go!	10/4/2018 5:00 PM
42	Transparency in government processes. Fiscal responsibility, oversight and accountability. County and cities working together to solve problems.	10/4/2018 9:22 AM
43	All of the above.	10/4/2018 8:21 AM
44	Esfuerzo para comunicarse con el publico en diferentes idiomas	10/3/2018 6:22 PM
45	Transparency in election candidates. Do not limit to existing government council as it stands right now. More candidate options are necessary for healthy elections.	10/3/2018 5:46 PM
46	More robust and transparent code enforcement would be helpful. Holding gross violators to account more strongly would also help.	10/3/2018 4:33 PM
47	transparency is key.	10/3/2018 11:33 AM
48	Don't over regulate!	10/3/2018 10:53 AM
49	ACCOUNTABILITY and interactive correspondence by supervisors with all county agencies. Flush out county workers who don't work to the standard demanded of their position. Abolish the union in favor of being hired and employed on merit	10/2/2018 9:18 PM

## Napa County Strategic Plan Survey of Community Members

50	I've seen the county be so prohibitive to businesses which are trying to open in unincorporated areas. Please be more business friendly and not so prohibitive for businesses which are trying to have alcohol, music and food. We need more nightlife in this county!	10/2/2018 12:30 PM
51	The Napa Records office website is terrible. Try to get an APN map or property ownership information. Most other counties have this data readily available on-line without cost (just do a search). Napa has the data, but John Tuter made the decision to restrict access unless you pay to do the search. Look at other counties sites! With one of the richest county tax bases per resident in the state, a citizen must pay to search ownership and get an APN map????	10/2/2018 9:58 AM
52	Policy development Fiscal responsibility County and cities working together Inclusiveness	10/1/2018 7:33 PM
53	I think the city does a pretty good job trying to communicate with people. The problem is that many people would rather grouse than take advantage of the opportunities they have to educate themselves. I imagine our city council members have day jobs so can't be out talking to people all the time but the more the better, I think.	10/1/2018 2:41 PM
54	Get a communications consultant. Do a MUCH better job of engaging the community at all levels/languages.	10/1/2018 12:35 PM
55	Access to public records, inclusiveness ,communication and transparency of all county agencies are key. Code enforcement must be standardized throughout the county and be fair to all residents, no matter who they are within the community .	9/30/2018 6:30 PM
56	The local government (including the Mayor) seem biased towards only the increase in tourism. Local issues should be the focus of the general plan the next 3 years, then a return to promoting tourism can be a priority. The local issues that should be a priority: *affordable housing for ALL residents (avoiding reverse discrimination by not helping low income whites is also necessary.) and not just apartments/condos. Do you want to raise your family in an apartment? Traditional houses need to also be part of the affordable housing plan. *repairing the roads, including widening the tourism corridors *increasing job opportunities by protecting small businesses (i.e. rent control,) and bringing industries other than wine related, i.e. technology companies	9/30/2018 6:26 PM
57	BUILDING A NEW 4-LANE ROAD FROM AMCAN TO NAPA NOW. THE TRAFFIC CONGESTION WORSENS EVERY DAY. TAX HOTELS AND LARGE WINERIES TO PAY FOR THE ROAD NOW!	9/30/2018 3:34 PM
58	DONT JUST LISTEN TO SPECIAL INTEREST GROUPS OR MERCHANTS OR BUSINESS PEOPLE.	9/30/2018 10:51 AM
59	Newcomers invited to informational meetings on city and county government systems, policies and issues.	9/28/2018 10:29 PM
60	I am new to the county so I have less experience with this locally but it would seem there is a disconnect between government availability, the "Napa lifestyle" and those who are in poverty	9/28/2018 1:27 PM
61	Be inclusive to all communities and provide information in a source that is accessible to everyone.	9/28/2018 12:01 PM
62	Covered	9/27/2018 6:25 PM
63	Transparency and collaboration	9/27/2018 1:50 PM
64	Establish timelines for responding to oral and written inquires Insist on accountability from department heads and supervisors Improve service before requesting fee increases Establish specific requirements for applications Encourage city and county to consolidate services where possible (building inspection for example); consider a single location for both city and county government Access to public records is very difficult. Waiting times are excessive at times and information is incomplete	9/27/2018 9:40 AM
65	More community access and social media outreach	9/26/2018 10:01 PM
66	all the above	9/26/2018 3:38 PM
67	Keeping our neighborhoods free from graffiti.	9/26/2018 3:08 PM
68	Transparency in government is a big thing here. We need to have government officials DO THIER JOBS and be transparent about how they are doing them. To much is going on behind closed doors, and nothing is getting done.	9/26/2018 1:08 PM
69	try to look at individual cases and make rational decisions - the "rules" often do not make sense in unusual cases.	9/26/2018 12:06 PM
70	Every time I have had contact with a city employee it has been very good. They are professional, persona le and kind. Kudos. I think they have they have what it takes to figure things out if they are inc,luded in the discussions.	9/26/2018 10:46 AM
71	Better communication in advance is always a good thing. Citizens also need to make an effort. I have not had much need to access public records. Making everything available online, website, via email, social media, and possibly even robo calls when really needed.	9/25/2018 6:57 PM

## Napa County Strategic Plan Survey of Community Members

72	I am very proud of the way our community works together to provide...it needs to continue to be a priority.	9/25/2018 3:57 PM
73	Transparency in government processes	9/25/2018 3:51 PM
74	All	9/25/2018 3:00 PM
75	Enforce existing laws and restrictions.	9/25/2018 9:12 AM
76	Fiscal oversight and responsibility is the most important	9/25/2018 7:19 AM
77	Who are your donors?	9/25/2018 5:54 AM
78	Education, education, education, there is never too much. It has to be easy to access in both English and Spanish.	9/24/2018 11:45 PM
79	na	9/24/2018 10:58 PM
80	all of the above	9/22/2018 9:10 PM
81	I wish we had a way to get Napa news daily, maybe a noon news on the Vine or on the county website or somewhere. The newspaper is old news. I love Nixle, but you can not clutter that up with nonessential info I appreciate you putting out this survey. Good idea	9/22/2018 5:08 PM
82	??	9/22/2018 4:36 PM
83	This area seems to have used the Neighborhood App to inform and invite folks to participate more in govt and community activities. This has been effective .	9/22/2018 4:00 PM
84	More upvalley meetings and forums for brainstorming with supervisors and staff. Transparency to show we are truly represented, with communication made public in all media. Make budget understandable.	9/22/2018 3:58 PM
85	small daily posting of issues and info in newspapers and radio and computer	9/22/2018 2:42 PM
86	More coordination with surrounding cities and other counties. Sharing data and resources, and program to reduce duplication of efforts and save money, time and resources	9/22/2018 11:58 AM
87	A greater effort needs to be made to educate the public about relevant issues and all issues need to be done with transparency.	9/22/2018 9:50 AM
88	-fiscal responsibility and accountability	9/21/2018 10:41 AM
89	More outreach.	9/21/2018 10:31 AM
90	County website needs simplification.. and public needs an available person to speak with to direct them for support. the current site is cumbersome ... new sites should be user tested not just developed from the inside of the city/county.	9/21/2018 8:11 AM
91	Transparency, and include native Napaans when hiring	9/21/2018 6:18 AM
92	Govt should be transparent and accountable	9/20/2018 9:09 PM
93	Spanish language	9/20/2018 8:45 PM
94	Have information available in various languages.	9/20/2018 7:32 PM
95	There is a severe lack of trust in county officials. --First we need an apology from Pedrosa and Ramos for the lies they tried to put over on the public in the recent voter information guide. --Extremely important: the BOS and other county officials need to stop basing their decisions on the wishes of the corporate wine industry. --The talk of needing more scientific evidence to make decisions is ridiculous when there has been plenty sound evidence but it does not sit well with corporate aspirations of the wine industry --Whoever did the study showing that our groundwater is stable did not talk with the people whose wells are still dry in east Napa and other areas. And apparently they ignored the Carneros Inn whose developers assured there would be enough water on site and now, after trucking in water, they resorted to buying water from Napa City --Code enforcement is huge. Why are so many blatant violations by vineyard developers and wineries being ignored with no remediation or penalties?	9/20/2018 2:15 PM
96	Building code enforcement is critical, too many people are buying property that is noncompliant the day they move in.	9/20/2018 9:20 AM
97	Take action to get money out of politics.	9/19/2018 11:12 PM
98	The BOS is grossly underqualified for the jobs they have and are beholden to the wine industry, with a complete lack of transparency...witness the firing of the Ag Commissioner for no stated reason, except they wanted a fresh outlook. And then they hired someone who had worked here!!! How fresh is that?	9/19/2018 6:17 PM
99	inclusiveness of minority and under-represented populations	9/19/2018 2:59 PM

## Napa County Strategic Plan Survey of Community Members

100	Responsiveness, Transparency, Communication, Education, oversight, accountability, Inclusiveness for all	9/19/2018 1:10 PM
101	The website is better. thank you! Campaign donation limits with donors listed on County website. More Code enforcement officers. Until we can do rigorous code enforcement, we should not be permitting anything. sTop texting and e-mailing of Commissioners and supervisors during Planning Commission and BOS meetings. More regular open district meetings about citizen concerns. More citizen based committees.	9/19/2018 11:29 AM
102	Both government officials and staff should be held accountable for all decisions and methods used to improved the services provided to the community, policy placement and enforcement.	9/19/2018 11:19 AM
103	Fiscal responsibility	9/18/2018 11:12 AM
104	I have only had good experiences whenever I've dealt with county staff.	9/18/2018 8:00 AM
105	Develop a sense of urgency about whatever is determined to be the priorities from above.	9/17/2018 8:53 PM
106	joint efforts between cities and county eliminate "we've always done it this way" mindset of the BOS	9/17/2018 5:13 PM
107	Fiscal accountability an County and City working together is key! I think the website and all the information on meetings and notices are sufficient. We just need to find a way to get people involved in the community and work together collectively. Code enforcement is a joke.	9/17/2018 4:10 PM
108	don't know	9/17/2018 3:38 PM
109	Too many conversations in this valley have a lot of good intention and very little data. Everything you can do to bring data to bear on decisions and move data to the foreground with County communication would be great. Overall, my experience with the county, day to day and in crises like the financial melt down, the earthquake and last year's fires have all been superlative!! Nice work!!	9/17/2018 3:30 PM
110	There needs to be more transparency in how the city makes some of its decisions. For instance, why, if there are rules in place requiring developers to create parking or contribute to a fund for parking structures, are they excused or exempt from doing so? Why, if Gordon Heuther is a member of the city board, is his artwork featured prominently around the city and at Bottle Rock?	9/17/2018 2:17 PM
111	Responsiveness of government officials and staff, transparency, and code enforcement	9/17/2018 1:48 PM
112	Transparency in government processes •Efforts to communicate with the public through multiple channels Efforts to educate the public about relevant issues and available resources •Availability of information about county programs and services Fiscal responsibly, oversight and accountability •Policy development and legislative advocacy County and cities working together to solve problems •Inclusiveness of minority and underrepresented populations Code enforcement	9/17/2018 10:12 AM
113	Transparency, transparency, transparency.	9/16/2018 5:35 PM
114	Responsible, professional performance reviews so each public employee is doing an excellent job with tax dollars.	9/16/2018 12:36 PM
115	Code enforcement needs to be fully staffed. Wineries especially get away with all kinds of permit violations for years because no one ever checks on them. Violators need more severe punishment because they will only comply when it hits them in their wallet. Napa County's unwritten policy is to bring wineries into compliance, not to punish them. Hence, the root of all permit violations--why worry when you won't get into trouble. And finance campaign reform is needed because so much money is given to public officials from the wine industry. Supervisors always say they're not influenced by the donors, but yet, they always vote "yes" on winery projects.	9/16/2018 12:07 PM
116	Easier way to search a topic on county web site	9/16/2018 9:20 AM
117	Code enforcement	9/15/2018 7:32 PM
118	More communication around what the county does and why it makes a difference. Hard data on impacts of county services.	9/15/2018 5:21 PM
119	All of above	9/15/2018 1:49 PM
120	There's too much acceptance of the status quo..."aren't we lucky to live here" attitude. Yes we are, but we must look after all the people living here who are struggling to survive, living in multiple family households just to meet the rent. There is a hidden layer of people here who are barely getting by, despite the glitzy hotels and magazines. We need to care for everyone, not just tourists.	9/15/2018 12:29 PM
121	Establish outreach plans that include communicating with all of Napa County's demographics using creative partnerships: work through local non-profits that serve diverse groups like the elderly, non-english speakers, migrant families, etc.	9/15/2018 12:24 PM
122	all	9/15/2018 12:03 PM

## Napa County Strategic Plan Survey of Community Members

123	Actually have a true enforcement staff, actually fully enforce, get away from that it is easier to ask forgiveness than permission, remember that the applicant is not your only customer, the voters are that and your boss	9/15/2018 11:38 AM
124	Customer service needs to be improved. Professional, knowledgeable with courtesy.	9/15/2018 11:32 AM
125	no suggestions	9/15/2018 11:30 AM
126	Responsiveness	9/15/2018 8:13 AM
127	I will speak about Alfredo Pedroza. His response time and attention to the needs of our community after the wildfire has provided peace of mind to my family. We don't bother him with the little stuff, but when we do reach out, he is right there offering assistance. He's amazing! Also, I believe that overall the county does a great job of communicating with the public.	9/15/2018 8:06 AM
128	Communication/website	9/14/2018 10:21 PM
129	Communication and transparency.	9/14/2018 9:54 PM
130	Communication through several media is important. Most government employees are responsible and responsive. We as a community have asked our representatives to correct all our faults as humans with legislation which has complicated our lives immensely. What was simple 50 years ago has become a nightmare of rules, regulations, directives and cost. What should be the respect of others has been legislated and codified to the point where the costs are impacting our standard of living. We need to consider collaborative actions between the cities and county with respect to policies and services. Our county is small and we have a lot of redundancy. We need to eliminate excesses.	9/14/2018 9:27 PM
131	Good job over all. No comment.	9/14/2018 9:17 PM
132	Don't know.	9/14/2018 8:33 PM
133	The only time I see too much paper in my mailbox is during an election. Other than that, I don't hear much.	9/14/2018 8:23 PM
134	govn't transparency Spanish and English in all govt. paperwork govn't fiscal responsibility	9/14/2018 8:08 PM
135	Nothing	9/14/2018 7:51 PM
136	No tengo comentarios	9/14/2018 5:13 PM
137	Better and immediate communication and solutions in times of emergency.	9/14/2018 2:51 PM
138	Ethical peptalks, written codes for behavior, reward by public acknowledgement of good behavioral track records?	9/14/2018 2:27 PM
139	The separation of powers between city and county provides no continuum advantage for residents.	9/14/2018 1:09 PM
140	The city services seem to be effective.	9/14/2018 12:18 PM
141	The strategic planning process should be longer, slower and more inclusive to give everyone an opportunity to understand the issues and have their perspective and voice represented.	9/14/2018 11:24 AM
142	Actually listen to the public when you have an open meeting. Most of the time the powers that be have an agenda already planned and the invited public input is just a shame. You are good at setting us up and doing exactly what you want to begin with.	9/14/2018 10:22 AM
143	Concern that the large concentration of voters in South County will make the urban/suburban issues a priority instead of agriculture. Need to address this distribution of power in a more equitable way.	9/14/2018 8:34 AM
144	City and county are notorious for soliciting "public input" on all major projects, barely attempting to conceal that a judgement has already been made. Why bother?	9/13/2018 7:59 PM
145	Let the people decide what is relevant to their life (some information is not accessible to all community members). Public bulletin boards (~20% do not have access to computers, many do not purchase local papers, some do not read, write or understand English), those in apartments do not have available information that comes with community utility bills).	9/13/2018 7:37 PM
146	Inclusion of minority and underrepresented populations is important. Would like to see city leaders train more for communications during emergency times. Example: The conference call by City of American Canyon during the big wildfire last year was very poorly done (the leader of the call did not know how to mute it, so mostly those on the call heard people eating dinner) Would also like to see those trained for emergency response be the ones communicating to us about updates (not county Supervisors)	9/13/2018 4:40 PM
147	Condado y ciudades trabando juntas para resolver problemas.	9/13/2018 4:20 PM
148	no se	9/13/2018 2:37 PM

## Napa County Strategic Plan Survey of Community Members

149	This county has established many commissions and committees which call upon voluntary involvement by our citizens. People who have provided hundreds and likely thousands of hours of their time to improve the quality of life here. County staff should be cognizant of this and the value provided and utilize the expertise of these community members when making critical decisions for our county.	9/13/2018 1:33 PM
150	Listen to the Grand Jury! It's a disgrace to disregard their concerns and findings.	9/13/2018 12:35 PM
151	THERE IS PLENTY OF ACCESS TO PUBLIC RECORDS PAHLEESE. STOP THE DRAMA. STOP THE POLICE STATE. LEAVE US ALONE WITH TOP HEAVY COUNTY GOVERNMENT- RIDICULOUS-WE DON'T NEED SEVERAL LANGUAGES EITHER-BEST JOBS I NEED TO BE BILINGUAL NOW? REALLY? HOW UNFAIR IS THAT?? TOURISM AND LOW INCOME JOBS- I WANT TO LEAVE! SOUNDS AWFUL! NICE TO VISIT, PERIOD! THAT LEADS TO THE SOCIAL PROBLEMS OF LOCALS! DEAD-END, LEFT BEHIND, UNAFFORDABLE PLACE WITH A GREEDY 1% AND COUNTY EMPLOYEE LIST CALLING ALL THE SHOTS HERE- A GOOD OLD BOYS NETWORK WITH SUCKERS SERVING THEM WITH THE DRAW OF AFFORDABLE HOUSING FOR MAID AND WAITRESS JOBS. YUCK.	9/13/2018 11:46 AM
152	All ideas to improve communication are worthy.... But one of the things that drives me nuts is reading about how a winery is not in compliance with its permit, but the county does nothing. It helps to destroy confidence in government.... If we are going to have regulations, laws, they need to be enforced.	9/13/2018 10:20 AM
153	* Fiscal responsibility, oversight and accountability * Inclusiveness of minority and underrepresented populations	9/13/2018 8:15 AM
154	The government must reflect a balanced approach to protecting the wellbeing of residents with creating economic growth. Often the two are at odds. Lately, resident wellbeing has taken a back seat to the allure of economic growth. The valley is already extremely developed and already is an exceptional economic engine. It is time to focus on improving quality of life for residents and protecting what is left of the environment which makes the valley so beautiful.	9/13/2018 7:48 AM
155	Transparency	9/13/2018 6:42 AM
156	code enforcement of the wineries use permits restrictions.	9/12/2018 9:33 PM
157	Napa tries to be inclusive, but there are times when it has failed. Napa needs to continue to work towards inclusiveness.	9/12/2018 8:47 PM
158	I would appreciate it if our officials reminded themselves that they are Napa residents and their actions affect all of their friends//neighbors and that those changes will eventually affect them when they are no longer in office. Look at the big picture and not the almighty dollar.	9/12/2018 7:24 PM
159	Need more transparency	9/12/2018 5:31 PM
160	Transparency and open communication on all projects. No tax payer waste of money like what happened on Measure A by using this tax to build a pipeline from the North Bay Aqueduct pipeline to the Mt. Washington water tower with Measure A money. The Grand Jury told the County to return the funds but they didn't.	9/12/2018 4:47 PM
161	Greater government efficiency, effectiveness and transparency. Focus on community development - code enforcement is the antithesis of this, it promotes power of neighborhood bullies.	9/12/2018 3:15 PM
162	If only we could take the money out of politics.	9/12/2018 3:10 PM
163	Budget transparency	9/12/2018 12:20 PM
164	Emphasize the importance to government staff and officials the importance of responding to problems/request in a timely manner. I think the county website could use improvement in helping the citizens find information that they are seeking.	9/12/2018 11:32 AM
165	education of the public, fiscal responsibility	9/12/2018 9:41 AM
166	My opinion is that baby boomers decided to put order to codes and regulations for implementation. However as they leave the reasoning for why things came to be is disappearing with them. We are left with people who simply check boxes. That is fine for most things. However every department has to have an individual responsible for addressing things that have anomalies who can effectively triage the inquiry. That individual should have a title that reflects that role and an authority that provides the staff completing the work the cover they need to adjust priorities or make determinations. These people are the key for effectively working with the public. Some departments have elements in place. While some jurisdictions have an ombudsmen who is outside of the department, I think it might be prudent to assign this as an extra role for midlevel department staff. It could be a good role for leadership development as well.	9/12/2018 7:56 AM
167	Esfuerzos para educar al público comunicación y la comunidad representada históricamente dominorias	9/11/2018 10:53 PM

## Napa County Strategic Plan Survey of Community Members

168	stop keeping LGBTQ "don't ask don't tell", increase visibility and communication and data collection LGBTQ advocate/community liaison LGBTQ public visibility and acknowledgment by local government and electeds	9/11/2018 6:45 PM
169	Have community discussions, encourage diversity of opinions. Offer free classes to increase the exchange of opinions. We need to talk to one another!	9/11/2018 4:32 PM
170	Transparency in government processes to assure that no special interest groups are being favored by government policies	9/11/2018 4:04 PM
171	good	9/11/2018 3:51 PM
172	You've got to fix the website. I deal with PBES and there's outdated info/attachments, missing, hard to find, etc	9/11/2018 3:28 PM
173	Make the county website easier to navigate!	9/11/2018 3:04 PM
174	Napa County Sheriff's Office and Napa County, California - Government, communication is unacceptable. The lack of accurate information causes stress. This is preventable. Pay folks to do this, full time. Inaccurate translation from Nixle continues to happen even after concerns were expressed during multiple supervisors/sheriff meetings. The Sheriff's group does not actively participating in community events nor town hall meetings. Why do they attend if they don't want to pay attention. Napa government and representatives can do so much better. You have lived here long enough/or you represent folks - to know that a large % of Napa county's population is primarily Spanish speaking. This is not new, so stop making excuses.	9/11/2018 1:58 PM
175	Community engagement and public meetings should be scheduled for weekends and/or later in the evenings on weekdays, so people who work outside of Napa have enough time to get back from work to participate.	9/11/2018 1:27 PM
176	The Napa County Board of Supervisors has to stop saying no to change. We've been talking about traffic and affordable housing for at least a decade and nothing has been done to actually fix the problems. The people are going to start doing the job of government with more ballot proposition if the Board doesn't buck up and actually make the decisions that we put them there to make.	9/11/2018 10:49 AM
177	Que la informacion acerca de los proyectos y el gasto publico esten al alcance de la comunidad. Tambien creo que es importante que los servidores publicos hablen otro idioma o que se cuente con un traductor porque hay demasiadas personas que no saben el idioma inglés.	9/11/2018 10:01 AM
178	IMPROVE OUTREACH TO THE COMMUNITY	9/11/2018 8:52 AM
179	Code enforcement	9/10/2018 11:02 PM
180	Promote more involvement with community	9/10/2018 4:16 PM
181	Increase hiring of minorities in public service in all positions, especially in law enforcement. Human services and DA's office. The county admin should also promote diversity in the admin office and senior officials. The county is heading toward a non majority county in a few years and the staffing should reflect this change. The county should also enforce the regulations they impose and not allow those who do the violation and then say 'ah, shucks, I did not realize I broke the law. Please do not punish me but I will pay a light fine.' These day's should be over.	9/10/2018 4:07 PM
182	There is little transparency and a feeling that government just is not responsive to current community needs. It will be interesting to see how we can change this.	9/10/2018 4:02 PM
183	Fiscal responsibility has to be foremost. Saddened to see the old downtown post office will ultimately receive a new face-life but paying the bills is important for this generation and in the future generations.	9/10/2018 3:50 PM
184	Help the fire victims get through some of the red tape when it comes to rebuilding their homes.	9/10/2018 3:37 PM
185	Try harder at communication. Correct those that say something totally false about how bad Napa is, by explaining what the County is really doing.	9/10/2018 3:28 PM
186	All of the above	9/10/2018 1:53 PM
187	Transparency above all. Looks like the wine industry has undue influence on all government decisions. Also, why does Visit Napa Valley get tax dollars to increase tourist traffic? And why does their CEO get such a large salary?	9/10/2018 1:46 PM
188	Communication through multiple channels is very important, especially for emergency services Government officials/staff should be more responsive to communities needs, questions, issues!	9/10/2018 1:35 PM
189	Disclosure of all contributions, cash and kind, to public officials. Disclose all memberships and affiliations. Require recusal from all conflict of interest situations.	9/10/2018 1:10 PM
190	Maximum openness and transparency with maximum online availability of information is essential.	9/10/2018 1:00 PM

## Napa County Strategic Plan Survey of Community Members

191	Transparency. Why do county supervisors value wineries and their owners over the quality of life for locals? As more and more hotels and wineries are built, where do the workers live? Economic disaster will occur when a majority of workers can't live here. They will find jobs elsewhere.	9/10/2018 11:49 AM
192	Code enforcement	9/10/2018 11:46 AM
193	The assessors office DOES not care about citizens. The new board replacing the board of equalization is slow to cop on...taking total advice from council so not representing citizens.	9/9/2018 8:13 PM
194	It is flne now.	9/9/2018 6:07 PM
195	no ansmwer	9/9/2018 4:58 PM
196	Campaign finance reform: limits on corporate gifts. Term limits for Supervisors.	9/9/2018 11:59 AM
197	If it is meant that illegals can vote, use our hospitals without insurance, have the privileges we legals pay more, forget it. Live in this country, speak the language and get on the road to citizenship.	9/9/2018 11:53 AM
198	Program and service info will need to keep up to speed with media improvements. so far so good but will be a ongoing challenge	9/9/2018 11:40 AM
199	Code enforcement.	9/9/2018 11:19 AM
200	Generally speaking, I think our government officials and staff are responsive, and do a good job.	9/8/2018 8:07 AM
201	Working together county wide. Sharing resources when possible.	9/7/2018 3:31 PM
202	Efforts to educate the public about relevant issues and available resources	9/7/2018 2:27 PM
203	Police need to be trained to not view citizens as the enemy.	9/7/2018 12:43 PM
204	Create workshops and town hall meetings for the underserved and underrepresented communities in Napa.	9/7/2018 10:01 AM
205	Implementation, personnel representation, and comprehensible rephrasing of all there is to offer, via high schools. It is a great eye opener for youth who will be transitioning out into the "real word."	9/7/2018 9:01 AM
206	Promote internship opportunities.	9/7/2018 8:17 AM
207	Administrative corruption due to ex parte communication exists in Napa County government.	9/6/2018 10:50 PM
208	Publicize the positive side of government work/policies to combat the popular belief that "government can't do anything well" which is totally false. Many studies have shown that. For example corporations point the finger at government regulations for the loss of jobs, it's the corporate officials who decide to lay off workers and/or move jobs overseas.	9/6/2018 4:32 PM
209	more communication with diverse populations	9/6/2018 3:40 PM
210	Increase outreach to minority populations	9/6/2018 3:30 PM
211	Government effectiveness is a priority for the success of the community. Streamlining processes and procedures, and employing the most qualified personal to execute this is essential.	9/6/2018 2:24 PM
212	The county could increase its response to citizens of concern. Every concern should receive a response. An Inspector General type of position should audit these responses and suggest increased response policies to improve efficiency. While the county may feel they meet this goal, they do not, and have great room for improvement.	9/6/2018 1:47 PM
213	County does a good job here. A fair method of code enforcement would be good for the industry and community.	9/6/2018 11:48 AM
214	Transparencia en los procesos gubernamentales.	9/6/2018 11:07 AM
215	increase the availability of easy ways to find programs, services	9/6/2018 10:13 AM
216	Most of this could use improvement.	9/6/2018 9:41 AM
217	County and cities need to work together. City is approving hotel after hotel and promoting tourism while County is telling wineries that they can't have increased visitation so in effect opposing more tourism.....	9/6/2018 8:54 AM
218	Enforce the existing laws equally, regardless of status and money. There seems to be some elitism in how laws are enforced.	9/6/2018 8:45 AM
219	Make permitting easier and improve government access and communication	9/6/2018 8:03 AM
220	County and Cities working together is a high priority	9/6/2018 6:23 AM
221	create an onibusman to resolve issues in plan checks	9/5/2018 6:59 PM
222	None	9/5/2018 6:03 PM

## Napa County Strategic Plan Survey of Community Members

223	1. Adjust thresholds for the Use Permit Modification process. The current planning department process is broken and is nearly impossible and unsustainable for businesses to comply with the strict rules and regulations. 2. The relationship between planning department staff and applicants has become adversarial. Government should be helping businesses find ways to comply with rules and regulations and to encourage growth and prosperity. There seems to be an anti-winery, anti-vineyard element at the staff level where applicants are forced to reduce the size of projects and are burdened with more and more regulations. The costs of compliance and length of time to completion on permitting is absurd. Only the very rich and the very large corporations can play the game. The little guy has no chance. 3. The County talks about compliance and that is important. We need to obey the rules. But many of the rules are wrong and unfair. Why can one winery see 500 people a day, and another is only allowed 10? The whole visitation capacity policy is wrong and unfair. Visitation should be based on infrastructure capacity, such as water, waste water, fire and life safety and road capacity. Why are businesses limited to the number of employees? It makes no sense. I don't know of any other industry that is as regulated as the wine industry. We are regulated by how much wine we can make, how many customers we can have, the # of events, # of employees, hours of operation, gallons of water use, gallons of effluent, types of products we can sell in our tasting rooms and on and on. Our current model is unsustainable; something needs to change.	9/5/2018 5:25 PM
224	The PBES is a maze of inefficiency. Streamline the entire process starting with an account manager for every project. Ludicrous that multiple departments must be engaged with separately.	9/5/2018 4:44 PM
225	No major comments.	9/5/2018 4:02 PM
226	Our Board of Supervisors needs to listen to all of its constituents, not just to the wine industry. The needs of all citizens need to be respected and a balance struck.	9/5/2018 3:59 PM
227	Make all community members feel welcome and that we all have the same interest in helping our community grow.	9/5/2018 2:12 PM
228	Efforts to communicate with the public through multiple languages	9/5/2018 1:46 PM
229	Transparency in government processes	9/5/2018 12:42 PM
230	How about the BOS representing the citizens and not just the needs of the wine industry. After Measure C, the BOS has zero credibility and an apology from the members of the BOS that lied to the citizens	9/5/2018 12:40 PM
231	Unclear what county is resp for and what cities are resp for; focus on civic education including schools.	9/5/2018 12:20 PM
232	Traducir informacion.	9/5/2018 11:39 AM
233	Esfuerzos para comunicarse con el público a través de múltiples idiomas\ n	9/5/2018 11:37 AM
234	Disponibilidad de información sobre programas y servicios del condado \ n	9/5/2018 10:57 AM
235	Communicating with the community about imporant general information.	9/5/2018 10:27 AM
236	Transparency and accountability is key.	9/5/2018 10:20 AM
237	Keep mover forward. This is a core function of government, so you must keep moving on this.	9/5/2018 9:14 AM
238	Responsiveness of government officials and staff	9/5/2018 8:50 AM
239	There needs to be transparency in ALL that is done.	9/5/2018 8:43 AM
240	All of the above. I hope more education and consulting is used vs personal opinions from friends	9/5/2018 8:39 AM
241	Continue your good efforts.	9/5/2018 8:13 AM
242	Counties and cities working together. Greater transparency involving stakeholders. AAA process was a perfect example of lack of stakeholder involvement, lack of information, and lack of transparency that will affect the community for years to come.	9/4/2018 8:34 PM
243	We need to look at Trump and do everything in the opposite way. He is a crook. We need to be transparent.	9/4/2018 7:50 PM
244	Back off on code enforcement, they are idiots	9/4/2018 6:33 PM
245	Make track 2 vineyard permits "over the counter". rely heavily on already licensed civil engineers for technical expertise. Increase fee for appeals, send more "projects" to the zoning administrator as minor modifications are zoning issues, not public hearing issues such as new projects.	9/4/2018 5:52 PM
246	Impose term limits on elected officials. Too many of our electeds have become career politicians. And definitely change the Assessor to an appointed position, not an elected position.	9/4/2018 5:33 PM
247	Still fresh in our minds are the Oct fires. I think communication needs huge improvements. Messages went out and not updated. No written household publication available to turn to since power and cell service was down. A serious information piece updated with our current conditions. We rely on technology until we couldn't. It created chaos.	9/4/2018 5:20 PM

## Napa County Strategic Plan Survey of Community Members

248	Government would/could be a lot more effective if there was collaboration across sectors. Coordination among local government entities could improve many processes. Each entity works within their own silo rather than coordinating and collaborating. We all want the same things for the most part, don't we?	9/4/2018 5:19 PM
249	I am delighted that the county has hired more code enforcement officers; i hope that their efforts will lead to more compliance.	9/4/2018 4:19 PM
250	Efforts to communicate with the public through multiple channels and languages	9/4/2018 1:49 PM
251	The vocal minority, such as Measure C proponents, get way too much attention. The County needs to put them in their place.	9/4/2018 12:18 PM
252	mejor comunicacion con la comunidad	9/4/2018 12:00 PM
253	The community does not have good understanding of the existing environmental regulations in place in this County. A comprehensive effort to publicize the existing regulations would go a long way to minimizing public conflict over legal vineyard projects.	9/4/2018 11:15 AM
254	Heighten collaboration between County and Cities to develop a long term strategic growth plan, focusing on workforce housing, congestion, and quality of life for the citizenry	9/4/2018 10:22 AM
255	Overhaul and retrain police department to prevent excessive force and shootings of people of color. Hold officers accountable for racial bias	9/4/2018 10:12 AM
256	I have seen an improvement in communicating through the media - the Register is awesome in its coverage.	9/3/2018 8:36 PM
257	Napa County governance is often at odds with itself. Career employees who are specialists in their fields seek to thoughtfully develop policy and steward shared resources, while elected officials, who have limited expertise, dismiss valid concerns of career employees and residents in favor of development options that offer quick cash turnarounds and are supported by wealthy backers (who may also back their campaigns). This is disheartening to residents and the outcomes have direct negative consequences on residents' quality of life. To achieve a more liveable Napa County, elected county officials must meaningfully incorporate input from credible sources in their decision-making process.	9/3/2018 7:56 PM
258	I would assume the county knows how to go about doing the above. set up committees of county and city staff, including residents to solve problems. Hire Spanish speaking (ideally, Latino)personnel so they can communicate with latino population to help get them involved.	9/3/2018 7:25 PM
259	Work with cities/counties/state to create infrastructure solutions that works for people who live, work, and visit Napa.	9/3/2018 2:17 PM
260	Insist that electeds listen to residents, not just business interests.	9/3/2018 2:04 PM
261	Seniors are made aware of resources, but too often they are left out of relevant issues because they are living off of SS and a small pension. They can't afford to buy a newspaper and many can't afford to own a computer. They have a lot of experiences under their belts, experiences that make their ideas and opinions worth listening to. Take relevant issues to the Senior Center Programs where the auditorium would be packed and you may be surprised at the responses you receive from those attending your presentations. ASK A SENIOR, they've had years upon years to think about some of the problems you're going through, while many in the younger generation are still trying to make a buck to support their families, they don't have the time or the experience.	9/3/2018 11:52 AM
262	County and City of Napa should combine administrative efforts. Don't build the new City of Napa government complex under its current plan	9/3/2018 11:40 AM
263	Engage the public more frequently.	9/3/2018 9:47 AM
264	Share what's available (radio, website, print, schools), ask the community and make it easy for them to respond. Community oriented leadership that see the county and it's citizens as a whole working together towards a healthy environment to raise families.	9/3/2018 6:54 AM
265	Every Govt Agency should be held accountable to the highest standards...	9/3/2018 3:46 AM
266	Enforce Ag codes, especially winery variances	9/2/2018 10:39 PM
267	I think the local government is doing well in most of these areas. Maybe better awareness of the county programs and services would be helpful. Outreach through the Women's March gathering was really good. more opportunities for citizens to meet face-to-face with local groups is important.	9/2/2018 7:55 PM
268	no comment	9/2/2018 2:05 PM
269	The wine industry control over elected is not healthy and must be addressed. It is blatant corruption of our democratic process and has undermined the trust in local government	9/2/2018 1:17 PM
270	more effective and accountable County employees	9/2/2018 11:50 AM

## Napa County Strategic Plan Survey of Community Members

271	Stop Board member favoritism to specific constituencies; they need to work more with other communities to solve community issues as a whole.	9/2/2018 11:09 AM
272	I don't know enough about the challenges in this area.	9/2/2018 8:07 AM
273	already doing a great job with resources available. Add more resources.	9/2/2018 6:54 AM
274	Focus on basic purposes of government (hopefully reflected in the general plan); do the everyday tasks well and look to develop relationships between people and groups, listen to people, resist those who insist on polarizing the issues. Social media as a tool for improving government responsiveness, communication, transparency, etc., isn't looking all that great right now.	9/2/2018 4:48 AM
275	Yes, this is all very important. If we are to solve problems together, government needs to both work, and be seen to be working. The controversial measures on the ballot this May were both about things that Napa regulates quite well (water and heliports.) Though we were in part victims of wider circumstance and discontent with issues not limited to Napa, I believe that if there was more and better education and communication from the County, these issues wouldn't have proved quite so divisive. Supervisor Ryan Gregory's email updates from the Board of Supervisors are a great example of effective outreach, and the responsiveness and communication from our elected officials during the fires last year was nothing short of fantastic. Nixle has proved a useful and effective tool, as well. More like that!	9/1/2018 8:16 PM
276	HOW ABOUT NAPA CITY AND COUNTY WORKING TOGETHER? WOULD THAT BE SO HARD?	9/1/2018 7:16 PM
277	I think the county and cities could work together more often to solve issues! I think the Board of Supervisors should hold town hall meetings throughout the year ..once a month for each District to check on their areas issues and progress and be in touch with the citizens.	9/1/2018 4:28 PM
278	Overall staff is responsive and helpful. County officials need to be more consistent in handling of issues which arise - either hold to the regulations for all, or for none. Stop letting 'payoffs' resolve violations by the vineyard planters - who repeatedly violate the various regulations. Never having to pull up wrongly planted vineyards on too steep hillsides or to replant trees where they had ripped out lots of trees without permits.	9/1/2018 4:00 PM
279	no comment	9/1/2018 4:00 PM
280	Transparency, inclusiveness, education	9/1/2018 3:32 PM
281	All of the above	9/1/2018 1:18 PM
282	Inclusion of all people is vital. The tourist industry has taken over and wineries and hotels are out of control and have too much interest. Napa is starting to look like Disneyland	9/1/2018 10:35 AM
283	Napa has made great efforts in the area of communications and inclusiveness. Good job! So much so these are none issues. Efforts should be put elsewhere.	9/1/2018 8:31 AM
284	code enforcement is key. no use having laws/codes unless they are enforced.	9/1/2018 8:13 AM
285	Code enforcement please. No more variances.	9/1/2018 7:40 AM
286	Code inforcement needs to be expanded. The entire community could benefit from rubbish on front porches, broken down cars and overgrown lawns/properties being addressed.	9/1/2018 5:49 AM
287	the Supervisors are individuals with no leadership skills and only want to stand out as being solicitous of the public's good will. I don't see anything they do to promote the well being of the county with the exception of Belia's leadership during the fires last October	8/31/2018 10:48 PM
288	In all communication encourage county residents to practice the Golden Rule, "Do unto others as you would have them do unto you."	8/31/2018 10:26 PM
289	All under #19 are important	8/31/2018 9:48 PM
290	Code enforcement. Without it, the rest is futile.	8/31/2018 9:37 PM
291	More communication with whats going on in our community and what locals can do to help	8/31/2018 9:28 PM
292	A shame that citizens have to beg for reresentation from folks who's job it is to serve them	8/31/2018 8:19 PM
293	Be ready to really listen to their constituents needs.	8/31/2018 6:46 PM
294	Go after government officials with conflict of interest.	8/31/2018 6:33 PM
295	Keep up the good work. Focus more on serving the local community and less on approving new winery projects and expansions.	8/31/2018 6:24 PM
296	No changes to current efforts.	8/31/2018 5:47 PM
297	Expanded communication via social media seems to be helpful and far reaching, but doesn't often reach our senior population	8/31/2018 5:43 PM
298	You do you.	8/31/2018 4:37 PM

## Napa County Strategic Plan Survey of Community Members

299	Neighborhoods should have public bulletin boards (one side "official", one side neighborhood use), not all of the public have computerized technology. The governing bodies should stop making private deals/plans behind the scenes.	8/31/2018 4:32 PM
300	Ability to work with surrounding cities	8/31/2018 2:47 PM
301	It is imperative that the County and the individual jurisdictions within Napa County work together to implement policies that support the health of the community. This necessitates inclusion of underrepresented populations and understanding that the entire community benefits when those who are worst off do better.	8/31/2018 11:56 AM
302	Do a better job of telling the story of what staff at the County really do. We hear too much about what the Supervisors do, and not enough about the people who do the work every day to keep the County running. The government does a lot of good work in the community, and we'd like to hear more about what our tax dollars really go toward, and how that help changes or saves lives - and the people who serve their community and DON'T post it on social media daily.	8/31/2018 11:40 AM
303	Communication is the most important aspect. A good website can be a very useful communication device. City and County collaborations are also an excellent way to make the best use of resources.	8/31/2018 11:40 AM
304	Transparency in government processes	8/31/2018 11:32 AM
305	Inclusiveness of minority and underrepresented populations, Availability of information about county programs and services, Efforts to communicate with the public through multiple channels	8/31/2018 11:09 AM
306	responsiveness of government officials staff, Efforts to communicate with the public through multiple languages, Inclusiveness of minority and underrepresented populations, Transparency in government processes	8/31/2018 11:05 AM
307	Communicate and work together to solve issues.	8/31/2018 8:55 AM
308	Fiscal responsibility	8/31/2018 7:50 AM
309	enforce the codes we have and quit coddling those who think they are above the law, or were born into wealthy wine families and think they deserve special dispensation, larger fines and damages that are actually enforced, will send the correct message to others thinking of becoming scofflaws cause the fines are just a cost of doing business	8/31/2018 6:19 AM
310	Seriously, you have figured this out by now.	8/31/2018 1:16 AM
311	these questions might have been better placed after each section.	8/30/2018 7:55 PM
312	the government officials are not genuine, have nothing to say--give platitudes and excuses when they should be giving explanations and showing real leadership.	8/30/2018 6:46 PM
313	Listening to all the stakeholders in a community, not just the businesses.	8/30/2018 4:26 PM
314	Remove most City Council Members and Supervisors.	8/30/2018 4:19 PM
315	Make more efforts to communicate with the public through channels/FaceBook, etc. The fire was a great example of needing more communication.	8/30/2018 3:49 PM
316	Fiscal responsibility, oversight and accountability... Transparency in government processes... County and cities working together to solve problems	8/30/2018 3:18 PM
317	Responsiveness and transparency are most critical - the public should be given the same access	8/30/2018 2:41 PM
318	Take a look at those government employees that are always in the news for things. Is there a reason? Is there something the County should be doing differently?	8/30/2018 2:33 PM
319	The perception is that government is not effective. You should work on streamlining processes and policies so that more things can get done and the governing bodies can address issues faster.	8/30/2018 1:21 PM
320	transparency	8/30/2018 1:03 PM
321	The government has no right to control peoples land in the manner they look to. Its unconstitutional and un-american	8/30/2018 12:50 PM
322	Be truly transparent, focusing on equity helps identify who is being left out of discussion/ involvement so they can be included	8/30/2018 12:49 PM
323	The county and city not working together well is really completely unacceptable. Egos and turf battles only hurt our county and the entire community suffers.	8/30/2018 12:03 PM
324	Transparency and accountability for elected officials. Built in system of public feedback that is more responsive-meetings during work times do not count!	8/30/2018 11:51 AM
325	Individuals should be reminded that they work for all the citizens, and not emphasize "obvious preferences" for the powerful interests who propose projects before them!	8/30/2018 11:19 AM

## Napa County Strategic Plan Survey of Community Members

326	Work with the community toward success. Don't focus on enforcement. More communication is always better.	8/30/2018 11:17 AM
327	I'm not sure	8/30/2018 10:34 AM
328	Better inclusiveness of our minority and underrepresented populations through targeted outreach and publicizing the input.	8/30/2018 10:16 AM
329	Faster turn around for permits	8/30/2018 8:32 AM
330	Doing OK	8/30/2018 7:05 AM
331	Have more customer service. I go to the county offices and nobody is greeting anybody arriving. There is no coffee or a warm hello. This is got to be added to the mix.	8/30/2018 3:37 AM
332	I think the government officials need to listen to the community as a whole instead of the most wealthy community members.	8/29/2018 10:12 PM
333	Communication in multiple channels; transparency	8/29/2018 10:08 PM
334	Transparency, communications, fiscal responsibly, oversight, accountability, and responsiveness are the priorities. The County and cities must work together to solve problems. We are very fortunate to have such high caliber employees and public servants (which may be the most important of all).	8/29/2018 9:47 PM
335	strengthen cooperative efforts among county and cities in NV to address common problems with growth.	8/29/2018 9:29 PM
336	Fiscal responsibly, oversight and accountability	8/29/2018 9:08 PM
337	Learn to speak english	8/29/2018 8:41 PM
338	Get out of the pockets of the developers, corporations and rich guys who are overrunning the Valley. And if you're not in their pockets (as I believe is mostly the case) change the behaviors that cause citizens to believe you are...put citizens/constituents first.	8/29/2018 7:04 PM
339	It is disheartening to read, time and time again, that the Common Councils, Boards of Supervisors, and other groups of city/county leaders postpone decisions constantly. They should not be allowed to do so.	8/29/2018 7:03 PM
340	Sell the fairgrounds to the city of Calistoga at a reasonable cost, then it could provide all sorts of programs for underserved to go see and enjoy!	8/29/2018 6:55 PM
341	The county needs to focus on tasks assigned to it by ugned the state law. Where City or State is assigned the task, the county needs to support the responsible accountable agency.	8/29/2018 6:43 PM
342	Code enforcement is STILL a Joke. It is lots of carrots and few sticks. Very few are held to account...most are plea deals and there is no continuing oversight of abusers.	8/29/2018 6:20 PM
343	Reduce the red tape. Welcome new businesses. Streamline and provide assistance in navigation all the governmental missmash.	8/29/2018 6:14 PM
344	I am not one for streamlined permits. That scares me. I don't care how quickly we want things done. I want them done properly. Streamlining often leads to permissive behavior, and greater problems. Napa is pretty good about access to records (ie, looking up permits, etc.). I'm happy with that. Inclusivity of minorities is a real priority: although I love that we have a black chief of police and a black man running the Napa Chamber of Commerce. No, I am not black. I am white.	8/29/2018 6:09 PM
345	relacionarse mas con las necesidades de la comunidad. Desarrollar una relacion con la comunidad durante el ano, no solo para publicidad o porque le beneficia a la junta de supervisores.	8/29/2018 5:59 PM
346	Create a good search function on the county website - most civilians don't speak the language of county regs/departments and can't find what they're looking for. Use commonly understood terminology, please.	8/29/2018 5:16 PM
347	Napa needs to look at and work on all of these needs together because they are related. Sustainability needs to become the focus of all we do going forward.	8/29/2018 5:03 PM
348	Code enforcement for even the wealthy. Prevention of so many wine industry people on political boards and commissions. Public disclosure of all industry political donations. Enforcement of General Plans for cities -- St. Helena has been derelict for 18 years!	8/29/2018 4:03 PM
349	Communicate	8/29/2018 3:58 PM
350	Transparency in government processes	8/29/2018 3:56 PM
351	-Keeping the cities and county working together is the most important thing.	8/29/2018 3:44 PM
352	Fiscal responsibly, oversight and accountability.	8/29/2018 3:22 PM

## Napa County Strategic Plan Survey of Community Members

353	The County is already functioning well and is transparent. I would like to see a focus on consolidation of services with cities across the board to cut the cost of government.	8/29/2018 3:18 PM
354	Can volunteers help somehow?	8/29/2018 3:13 PM
355	Efforts to educate the public about relevant issues and available resources	8/29/2018 3:13 PM
356	Continued work on web accessibility of County records	8/29/2018 3:04 PM
357	Hire Character, train later. The feedback I have gotten from persons trying to apply for the County/City of Napa are being denied due to all the aptitude tests. These tests are a fraction of the potential that should be reviewed prior to selecting a viable candidate for government positions.	8/29/2018 2:59 PM
358	Include notices like this in garbage mailers, next door notifications. If planning was done ahead, this could have been included with tax notices, or election materials.	8/29/2018 1:41 PM
359	Code enforcement.	8/29/2018 1:09 PM
360	Transparency in government processes •Efforts to communicate with the public through multiple channels •Efforts to communicate with the public through multiple languages County and cities working together to solve problems •Inclusiveness of minority and underrepresented populations	8/29/2018 12:26 PM
361	Government officials need to enforce,laws, use common sense, not bend to politically correct ideas that forget the rights and needs of the majority. If they ignore law, promote breaking any law of this country...hold them accountable like any other criminal. Have integrity...a forgotten art.	8/29/2018 11:53 AM
362	have restrictions on how many time you can hold an office lots of people getting paid without doing much work	8/29/2018 10:49 AM
363	Streamlining permits, regulation and compliance. Develop and rating system, and survey anybody doing business with county. What would the county admin grade look like ? Satisfaction of customer ?	8/29/2018 10:37 AM
364	transparency and fiscal responsibility (accountability) should be top priority in government, ALWAYS! what is this GARE program, really? many hours of wasted county time spent, how much does that cost? maybe that could free up some funds for important Mental Health services/crime and gang prevention/youth activities, sometimes government gets TOP heavy, new analyst positions to attend GARE meetings?	8/29/2018 10:26 AM
365	The county needs to improve communication with the public. People get mad about things that the county is already working on. Departments need to start communicating as well. They all seem very isolated and don't know what others are doing.	8/29/2018 10:15 AM
366	Transparency is an issue. Put BOS campaign contributor info on county's website. Prevent BOS and Committee members from using cell phones during meetings. Provide on-line scheduling to allow public to set up meetings with their elected.	8/29/2018 10:07 AM
367	I think it is ridiculous at the amount of time and money that the county has spent on mutual learning sessions. It was a 12 hours of mandatory training which took employees away from work. Now it is being implemented another 12 hours of training for G.A.R.E. How can we justify government employee's salaries going to something that is not fiscally responsible. Where is the accountability to government dollars?	8/29/2018 10:01 AM
368	Study and learn from successful plans around the world to see what could work here.	8/29/2018 9:43 AM
369	Advertising through the website (or even offering this survey via email) gaurantees that you will only hear from people who feel comfortable or that they have a right to engage with local government. Napa County needs to create formalized liaisons from marginalized populations to improve communication and trust between citizens and local government.	8/29/2018 9:18 AM
370	How about streamlining county services and cutting the fat from county operations? It would be well worth it to have an outside organization look at county efficiencies or lack there of.	8/29/2018 8:52 AM
371	Transparency is important to me. I think encouragement and fostering public involvement is important.	8/29/2018 8:45 AM
372	The board needs to start making the hard decisions and not allow issues to go the initiative. The are elected to do a job and if the want to defer or pass, then they should step aside and allow new people to run and govern.	8/29/2018 8:22 AM
373	Stop dividing us into special interest groups and work to create a sense of community. Maybe tax second homes. We are losing our community to empty houses renting on air bnb for tourists.	8/29/2018 8:15 AM
374	Transparence & fiscal responsibility should be your TOP priority. Many think there is corruption & cronyism in our local government (i.e. with all this recent increase in hotel development)	8/29/2018 8:03 AM
375	Self evident	8/29/2018 6:18 AM
376	Code enforcement	8/29/2018 5:37 AM
377	Enforce laws on the books for land management and vineyard & winery development	8/28/2018 11:50 PM

## Napa County Strategic Plan Survey of Community Members

378	Seems fine to me. I don't have any special needs or much interaction with city departments so don't have opinion	8/28/2018 11:33 PM
379	We want to be deverce. So to live in harmony code enforcement is very important. Different cultures don't understand all the rules, code enforcement help us make a beautiful community and new culture.	8/28/2018 10:44 PM
380	The County needs to adopt a science-backed process and approach toward long-range planning. Otherwise the Vision 2050 folks and their splinter groups will continue to sow divisiveness throughout the county and continue to pass on bad data/info while confusing the public. The County has been way to slow to respond to this, and it's a liability that effects us all.	8/28/2018 10:37 PM
381	All of the above and most importantly listen and respond to local as well as national concerns. Napa is a wealthy county that can & should be a leader in community development and government effectiveness.	8/28/2018 10:33 PM
382	I don't feel qualified to prioritize all these points, but I will say that during the fires last year, communication was amazing by county officials through KVON and Nixel alerts. We lived for two weeks with the radio on, and felt much more at ease with all the information that was passed on.	8/28/2018 10:22 PM
383	Follow laws. Open records. Code enforcement.	8/28/2018 10:16 PM
384	efforts to be transparent and engage the community	8/28/2018 10:06 PM
385	The top two items above are most important.	8/28/2018 10:04 PM
386	not impressed with current govt. examples: homeless, traffic congestion, building a new city hall, we didn't vote on that. i don't feel they are representing people who live here. Visit Napa, Clay gets \$100K bonuses and he's a public employee? Tuteur gets away with conflict of interest, he says it's no problem and apparently city govt agrees?! Williamson act needs to be revamped. It's a good program, but it's turned into a joke by the auditors office	8/28/2018 9:26 PM
387	Removal of language barriers	8/28/2018 9:19 PM
388	two things are vital for Napa to thrive - county and city working together, collaboration and fiscal responsibility, oversight and accountability to Napa residents	8/28/2018 9:17 PM
389	with such a small county, you need a mic between state, county, city. the citat of napa wants a new town hall! Move in with the county at thehe Heath & human services office (old Day labs)	8/28/2018 9:09 PM
390	Napa County is extremely slow in processing permits. Streamlining the process should be a major priority or residents and businesses will be forced to move out of Napa County.	8/28/2018 9:05 PM
391	The county should recognize the change in cultural demographics and ensure promotion programs of inclusion for all underrepresented populations.	8/28/2018 8:55 PM
392	transparency	8/28/2018 8:46 PM
393	Transparency !	8/28/2018 8:46 PM
394	More one-stop shopping for services, either in person or on internet. Maybe some neighborhood advocates who could help their communities understand local government services and how to access.	8/28/2018 8:46 PM
395	Wide varaiety of communication.	8/28/2018 8:32 PM
396	Making sure that the information is out there if people want it.	8/28/2018 8:27 PM
397	include more minority groups	8/28/2018 7:58 PM
398	I can only speak to Calistoga here, and each line item above needs help, big help. There's a need for audit of all of the above.	8/28/2018 7:48 PM
399	Code enforcement ,double standard, wineries vs the average guy. We need the county and the cities to work together to solve issues collaboratively.	8/28/2018 7:29 PM
400	All of the above. (I find your question too vague and don't understand what you are asking me to do.)	8/28/2018 6:59 PM
401	Not sure	8/28/2018 6:50 PM
402	No issue	8/28/2018 6:42 PM
403	Easy access to public records	8/28/2018 6:38 PM
404	I'm recently new to the Napa community so I don't know or have an opinion about the government effectiveness of the community just yet.	8/28/2018 6:00 PM
405	Transportation within Napa County and to other areas	8/28/2018 5:57 PM

## Napa County Strategic Plan Survey of Community Members

406	The county government has made great progress in all of the areas above..but we still need to reach a wider audience as to how they can make use of the tools the county has provided..education!	8/28/2018 5:52 PM
407	quit pandering to the wineries!!!	8/28/2018 5:37 PM
408	The county tries hard to communicate in various ways, including web, social media, radio and newspapers. This survey is a great opportunity. I might suggest consideration of literacy and experience level of all of those taking the survey, however.	8/28/2018 5:37 PM
409	I feel all the above are important, but County and cities working together to solve problems and inclusiveness of minority and underrepresented populations are enormously important.	8/28/2018 5:37 PM
410	I think code enforcement in areas run by the county is insane. Why is it so difficult for restaurants to get liquor licenses? Why do you discourage all businesses except wine businesses?	8/28/2018 5:18 PM
411	Government should be transparent, responsive, and honest. It should enforce the rules, regulations and laws efficiently and equally. Government employees must behave with integrity for the good of the entire community. A careful and thorough understanding of the words 'public servant' is required.	8/28/2018 5:11 PM
412	Access to information about issues on public websites and what the city council is discussing.	8/28/2018 5:10 PM
413	Inclusiveness of minority and underrepresented populations must be a priority. We must find ways to better engage these residents in the public process, and welcome all members of the public by educating them on how to participate in a meaningful way.	8/28/2018 5:06 PM
414	Responsiveness and transparency of government personnel and government services	8/28/2018 5:03 PM
415	Make the time and location of public meetings MUCH easier to find.	8/28/2018 5:02 PM
416	regulations are crippling for any new developments and should be dialed back. the appeal process by just anyone not in favor off your project is too easy and a great stalling factor	8/28/2018 4:59 PM
417	Website is antiquated.	8/28/2018 4:50 PM
418	Code Enforcement is NON RESPONSIVE to complaints. I'm on my third request and still no response. See cars parked on lawns, PODS in driveways for months, boats and RV's parked on lawns, tents used as garages, broken down cars parked on streets and in driveways, all over the place in the 'lady' streets. Obviously I'm angry and frustrated. Reaching out to my County Supervisor is next since Code Enforcement doesn't respond.	8/28/2018 4:32 PM
419	Keep communication going. Government agencies need to be transparent and responsive.	8/28/2018 4:28 PM
420	Responsiveness of government officials and staff; Fiscal responsibly-oversight and accountability.	8/28/2018 4:26 PM
421	More transparency is needed especially related to wine industry money! County leadership needs to make tough decisions, say no! Keep working with city to solve area-wide issues.	8/28/2018 4:21 PM
422	Transparency in government processes	8/28/2018 4:15 PM
423	No comment.	8/28/2018 4:14 PM
424	Sensitivity training for staff to respect the needs of the public for reasonable response times for questions and permits	8/28/2018 4:09 PM
425	I think we do a good job of this already.	8/28/2018 4:06 PM
426	I appreciate the Nixle service. I found it very helpful during the firestorm of 2017. I hope that we can continue to focus our county employees on assisting it's citizens to rebuild, smoothing applications for permitting. Let's help the people that are already living and working here, less on bringing in more tourists and making them leave their dollars in our businesses.	8/28/2018 4:06 PM
427	How about instead of barreling through on code enforcement, the county took a real look at the economic impacts of the codes already on the books? What if you start peeling back the penalties?	8/28/2018 4:04 PM
428	More responsiveness, inclusivity and honesty.	8/28/2018 4:01 PM
429	All of the above	8/28/2018 3:53 PM
430	County and cities working together to solve problems	8/28/2018 3:53 PM
431	Fiscal responsibility & accountability first, outreach is second priority.	8/28/2018 3:47 PM
432	Communicate county goals to public through various channels such as online and newspaper.	8/28/2018 3:39 PM
433	more effort to communicate with people in their language and build an inclusive community	8/28/2018 3:35 PM
434	Civic engagement for immigrant populations. Full transparency in government records and processes. How about tabling at events, farmer's markets, to educate public on what County Government does for us	8/28/2018 3:34 PM

## Napa County Strategic Plan Survey of Community Members

435	All of the above. Listen to your constituents about zoning and development in Napa County	8/28/2018 3:30 PM
436	Transparency seems to be the number one thing as that is where confusion and false assumptions come into play.	8/28/2018 3:21 PM
437	expedient, open and transparent process for permits	8/28/2018 3:20 PM
438	positivity and preparation	8/28/2018 3:06 PM
439	Merge County some services and City services	8/28/2018 3:06 PM
440	Create a 24-7 umbrella "Answer Hotline" (ideally staffed by live persons) where residents or can call for answers to questions or be directed to the appropriate contact to get their problems addressed.	8/28/2018 3:04 PM
441	Not sure.	8/28/2018 2:58 PM
442	Fiscal responsibly, oversight and accountability	8/28/2018 2:54 PM
443	Same as above	8/28/2018 2:53 PM
444	Need to make wineries accountable and verifiable to their use permits... do not raise a cap on a winery just because they got caught... everyone should be checked and verified that they are complying with their permits.	8/28/2018 2:51 PM
445	The Board of Supervisors should do its job and make difficult decisions, i.e. Measure C. The Board serves all the people, not just the wineries with political clout (bucks).	8/28/2018 2:50 PM
446	Easy access to public records	8/28/2018 2:49 PM
447	This survey is a great way to know what constituents are interested in focusing on in the next few years. I would appreciate a follow up to see what the results are.	8/28/2018 2:44 PM
448	County and cities working together to solve problems Efforts to educate the public about relevant issues and available resources Fiscal responsibility, oversight and accountability	8/28/2018 2:40 PM
449	The county needs to make every effort to include the views and interests of minority and underrepresented populations.	8/28/2018 2:38 PM
450	More home owner code enforcement, enforce CC&R's in local sub-divisions.	8/28/2018 2:31 PM
451	publish online and in the local newspaper, agendas and votes before and after official county meetings, BOS and other agencies.	8/28/2018 2:24 PM
452	Permitting process is onerous and almost a form of taxation	8/28/2018 2:24 PM
453	all of the above should be part of your job description not items that we should have to choose between or define	8/28/2018 2:20 PM
454	The County is doing a poor job of informing residents about things that matter. it is left up to us to ferret out information about issues that may concern us. Only when we know what those issues are can we go to the County website to hopefully find some info. The County website used to be much more intuitive 5 years ago or so; recent "improvements" have made it vastly more difficult to find important information, even something as basic as the right phone number for a specific department or the specific department or contact for a given issue. Also documents routinely disappear off the County website, so that information on a project that used to be available for review is no longer available. Napa is doing a miserable job of communicating to individuals with limited English proficiency. EVERY Board of Supervisors meeting should have simultaneously translation, and EVERY public announcement should be provided in both English and Spanish. Isn't Napa's recent history of having been sued by DOJ over voting access issues enough to point out how deficient we are with this? County politicians are accountable to winery interests, not to the residents of the County. That's where the effort around government effectiveness needs to start: to actively represent the interests of the residents of the County, not the wineries at the expense of residents, as is the case now. Perhaps Napa County could hire someone to objectively evaluate the level of corruption in the County and recommend counter-measures.	8/28/2018 2:20 PM
455	Work together to make a better situation for Napa County residents. Stop spending money on appearance for the tourists.	8/28/2018 2:18 PM
456	Transparency in government processes Efforts to communicate with the public through multiple languages	8/28/2018 2:10 PM
457	This needs a complete overhaul. Emails that don't get answered; code enforcement left to the citizens, months delay in The City taking action, Street Cleaning cut back for residential streets, not for the downtown.	8/28/2018 2:09 PM
458	Merge City and County Government we are too small for all of the layers, and our priority should be the county for the quality of life but to do that the cities act in conflict with those goals by focusing on hotels vs homes. Put the county first and consolidate government, a true path to preservation. One County Government	8/28/2018 2:07 PM

## Napa County Strategic Plan Survey of Community Members

459	Listen. Get verifiable data/facts. Engage working committees with diverse stakeholders. Be honest. Don't take campaign funds from moneyed donors looking to influence you. Have all campaign donations go into a central fund and split it equably among candidates. Be transparent. Don't hire outside law firms to squash initiatives you or your donors don't like. Act with integrity and remember what public service is intended to be. Be inclusive. Enforce codes and regulations upfront. Stop waiving violations.	8/28/2018 2:04 PM
460	Measureable multilingual/multicultural/diversity community connectedness and communication plan. Staff & leadership that represents the community racially/LGBTQ.	8/28/2018 2:00 PM
461	less red tape from the county	8/28/2018 1:58 PM
462	Need to streamline approval processes in an effort to save cost to applicant. need code enforcement on use permits instead of being lenient to non-compliant applicants. Need to do better at educating the public on the effective environmental rules and regs in place today.	8/28/2018 1:57 PM
463	District attorney's office needs less focus on conviction statistics and more on diverting people out of criminal justice system.	8/28/2018 1:51 PM
464	Put contact information on the first page by department and name of person	8/28/2018 1:51 PM
465	all the above	8/28/2018 1:51 PM
466	Available and communicate	8/28/2018 1:49 PM
467	Responsive staff, transparent process	8/28/2018 1:48 PM
468	transparency	8/28/2018 1:44 PM
469	Transparency in government will pretty much cover all the others.	8/28/2018 1:40 PM
470	Responsiveness of government officials and staff Transparency in government processes Easy access to public records Fiscal responsibly, oversight and accountability Code enforcement	8/28/2018 1:39 PM
471	County and cities working together to solve problems	8/28/2018 1:23 PM
472	SMH! Napa is now the poster city for the "Good Old Boy" system...it's who you know that matters. You can put a mask on it or paint the mural over, but transparency among the controlling few toward the masses will never happen again in Napa.	8/28/2018 1:22 PM
473	There are many charitable events in Napa that collect Millions of dollars in contributions. Transparency in the distribution of these funds is lacking.	8/28/2018 1:21 PM
474	The county government is hopelessly bureaucratic, and unresponsive. It is almost impossible to be called back by any official, and one can never actually reach the official. Start by reducing regulations, make the permitting/regulatory process easier and faster, and reduce the number of people "working" in the government. Make it so they can be fired for poor performance, just like in private employment. Stop wasting money on BS programs.	8/28/2018 1:21 PM
475	Connect where people are - at schools, at the library, at sports events.	8/28/2018 1:19 PM
476	Make sure the best people are in place to do the job	8/28/2018 1:19 PM
477	Allow MOST things to be done online	8/28/2018 1:18 PM
478	Make an effort at inclusiveness of minority and underrepresented populations	8/28/2018 1:16 PM
479	Responsiveness of government officials and staff; Transparency in government processes; Quality of the county's website	8/28/2018 1:16 PM
480	Fiscal responsibility, open access to the public and transparency of policy are the best ways to make sure the public is aware of steps taken by its government. Term limits and active press also keep officials from complacency. It seems Napa does a pretty good job of opening policy to debate but not government is perfect.	8/28/2018 1:15 PM
481	Need more effort to communicate with the public through multiple channels and languages.	8/28/2018 1:09 PM
482	Addressed	8/28/2018 1:05 PM
483	ADOPT A 'HIGHER, HIGHER .FASTER, FASTER' ATTITUDE TO CITY/COUNTY RESPONSIVE NESS; EMPHASIZE COMMUNITY POLICING; FISCAL THOROUGHNESS & INTERGRITY	8/28/2018 1:04 PM
484	It feels as if the county has been serving the wineries and tourist trade instead of those who live in Napa that are not wealthy. This may not be the case but if it is not then those of us that are middle and low income need to be made aware of what is being done for us in this valley.	8/28/2018 1:03 PM
485	merge some of the extremely small schools, post offices.	8/28/2018 12:56 PM
486	Fiscal responsibility is extremely important along with transparency.	8/28/2018 12:54 PM

## Napa County Strategic Plan Survey of Community Members

487	Someone please get this new board to work together and make some goals. It's as if they each have their own agendas and some of them only care about getting re-elected. Please follow the code.	8/28/2018 12:54 PM
488	Respond to glaring problems. Be proactive, professional, and efficient. Remember who you work for and don't be a bureaucrat. Get stuff done!	8/28/2018 12:54 PM
489	To add more events for minorities.	8/28/2018 12:53 PM
490	Participatory budgeting (bilingual), ranked choice voting	8/28/2018 12:52 PM
491	Availability of information about county programs and services is lacking. Efforts to educate the public about relevant issues and available resources.	8/28/2018 12:52 PM
492	Unity, code enforcement and accesibility	8/28/2018 12:51 PM
493	Easier and less expensive permitting process	8/28/2018 12:50 PM
494	I just wish that the valley wasn't so beholdng to all the big wineries. It slants all the policy and politics that go on here. Remember money doesn't fix everything.	8/28/2018 12:50 PM
495	all of the above	8/28/2018 12:49 PM
496	develop a real strategic plan that protects the environment and allows for economic growth ghat generates local tax revenue	8/28/2018 12:48 PM
497	transparency; responsiveness; fiscal oversight	8/28/2018 12:48 PM
498	Have government employees work with applicants to be successful and not drag on with ridiculous never ending changes and requirements. It should be a team effort to make businesses successful.	8/28/2018 12:47 PM
499	We all have the ability to have our voices heard at the public meetings. Get real and deal with problems.	8/28/2018 12:47 PM
500	When a company applies for a permit, the rules that are current at the time of application should apply to the company throughout the application process. Changing the rules on pending applications, making the company revise their application with each rule change, is inefficient. The County and City should have better communication, and work together on issues such as the Climate Action Plan. Codes that are already established should be enforced strictly throughout the valley.	8/28/2018 12:44 PM
501	Napa County seems to allow "Ag" buildings anywhere, any size, any time. A 2400 sq ft hideous metal bldg within 8 feet of my house!	8/28/2018 12:41 PM
502	Given the amount of taxes generated by tourism the county and particularly Napa should have cleaner and better roads. Perhaps roads before building a new city administration center.	8/28/2018 12:40 PM
503	Inclusiveness of other minorities	8/28/2018 12:39 PM
504	Transparency in government processes, Easy access to public records and Fiscal responsibly, oversight and accountability	8/28/2018 12:37 PM
505	Allow the public to be a part of emergency preparedness units as volunteers to assist law enforcement and fire in emergencies	8/28/2018 12:35 PM
506	County and cities working together to solve problems	8/28/2018 12:34 PM
507	The poor attitude and lack of action are the greatest hindrances to citizens. Our taxes get gobbled up and the citizens are simply ignored and treated with disrespect.	8/28/2018 12:33 PM
508	county and cities working together inclusiveness of minority and underrepresented pops	8/28/2018 12:29 PM
509	Responsiveness	8/28/2018 12:27 PM
510	Follow the lead of Mr. Pedroza in informing his constituents of government activities	8/28/2018 12:27 PM
511	Esfuerzos para educar al público	8/28/2018 12:27 PM
512	Cut the budget, and re-focus priorities towards middle-class quality of life.	8/28/2018 12:25 PM
513	Show progress	8/28/2018 12:23 PM
514	I think the government does a good job communicating.	8/28/2018 12:22 PM
515	This one is hard for me to answer ... I think Napa's government is super corrupt and only interested in lining their own pockets. I have a large, high density apartment project slated for helot directly behind my house, and I have had zero indication that anyone from the city actually cares about the residents on Central Ave and the surrounding areas. They seem interested in the developer and the developer's money.	8/28/2018 12:19 PM
516	Stop making public salaries, benefits and pensions the main driver of public policy. Quit paying yourselves more	8/28/2018 12:18 PM

## Napa County Strategic Plan Survey of Community Members

517	Efforts to educate the public should be paramount to Government effectiveness - most people form opinions disregarding facts and soon everyone and their neighbor are against or for something they do not really know enough about...and that's the state of the union report from the top down. Everyone is entitled to have an opinion but Not Everyone may have all the facts to make an INFORMED opinion and that will hinder effectiveness every time.	8/28/2018 12:16 PM
518	Coffee with a cop events to help build relationships with the law enforcement. Making law enforcement seen as friendly instead of the heavy hand so that there is a level of trust.	8/28/2018 12:08 PM
519	Transparency in government processes Fiscal responsibly, oversight and accountability County and cities working together to solve problems	8/28/2018 11:55 AM
520	Easy access to public records	8/28/2018 11:47 AM
521	i think the local government is doing a good job. i think the challenge is how to balance the needs of the different groups in the valley, and how to communicate with those who dont use traditional methods of communication	8/28/2018 11:39 AM
522	I think that the best thing that can be done to make government more effective is to expedite processing of permits. Whether that means more staff - or less staff - with project proponents hiring EIR review and other project needs, etc....I don't know. But time for processing permits is my priority.	8/28/2018 11:09 AM
523	Knit messaging together and understand the different needs of our different communities. Work more closely with local groups to help educate and inform our citizens so that everything from voting to jury service becomes more meaningful.	8/28/2018 11:06 AM
524	Government must be responsive so that the population doesn't have to wait to move forward with its will and desires.	8/28/2018 10:25 AM
525	Our permitting fees are out of control and the intention is punitive, not in the interest of health and safety. Codes seem to be interpreted differently depending on who you are assigned as an inspector. The process is inefficient and unfair.	8/28/2018 9:43 AM
526	Transparency in government processes. Responsiveness is also very important.	8/28/2018 9:36 AM
527	Stop making exceptions for monied elites.	8/28/2018 9:25 AM
528	County Board of Supervisors disclose their sponsors.	8/28/2018 8:47 AM
529	This survey is too long to garner any actual positive responses of suggestions, you're likely to get all the hell raisers in this county with big money over the age of 65 to respond not anyone of actual substance. Who put this together?	8/28/2018 8:26 AM
530	Responsiveness of staff. Especially planning and building.	8/28/2018 8:24 AM
531	Responsiveness of officials and staff Fiscal responsibly County and cities working together to solve problems	8/28/2018 8:15 AM
532	get things done in a timely manor	8/28/2018 8:14 AM
533	Our elected officials are ONLY interested in donations. I can prove it	8/28/2018 8:03 AM
534	Napa needs to look forward a century to preserve its unique environment and agricultural history. Make every effort to preserve its unique place in California agriculture.	8/28/2018 7:43 AM
535	Staff needs to vetted for conflicts of interest	8/28/2018 7:35 AM
536	Hire someone from Silicon Valley to come bring efficiencies and better technology to overhaul the current system. Consider producing a local cable access tv show (and radio show) with weekly announcements relevant to what the community needs to know about.	8/28/2018 1:04 AM
537	If the Planning Commission, Board of Supervisors, City Council Representatives really want us to be a complete community, they need to really reach out to us and not assume they we approve. Transparency and accountability are essential to us. Your integrity is paramount for welfare of the citizens	8/27/2018 11:15 PM
538	transparency in government processes	8/27/2018 5:40 PM
539	* Stop wasting money redoing the website, we mostly just want phone number or the right forms. * Spend the money to fix the County roads like Mt. Veeder, Redwood, and others. * Expand the affordable housing initiatives for county community members and workers. The current model is nearly unused because it's too narrow for income limits. * Do the opposite of whatever Doris Gentry suggests. She's not well.	8/27/2018 4:28 PM
540	unsure	8/27/2018 4:12 PM
541	Need to be more transparent with budget and processes.	8/27/2018 4:02 PM
542	See comment to #11	8/27/2018 3:23 PM

## Napa County Strategic Plan Survey of Community Members

543	Streamline all processes with technology. Its almost 2020	8/27/2018 3:18 PM
544	Timely posting of budget process and documents on the county website a per Brown Act. Engagement of CBO's in impact of budget cuts on HHSA programs for most vulnerable populations. Hosting county BOS meetings at times when more residents could attend (evenings, late afternoon). Invitation to CBOs in developing legislative advocacy platform for the community.	8/27/2018 2:50 PM
545	Make all information/actions available on the internet through the website and through messages on Nextdoor/Nexile/etc.	8/27/2018 12:11 PM
546	the county needs to hire competent interpreters so messages can be accurately dispersed to the community as a whole.	8/27/2018 11:28 AM
547	The county's website is completely insufficient as far as getting useful information out to the community in a way they can understand. It is one thing to merely provide the information, and another to provide information in an easy to find, accessible location and written in a way that the average person can understand. Furthermore, efforts to communicate with the community need to be increased significantly. They also need to be promoted to underrepresented groups and neighborhoods, not only through outreach but by having them at times and in languages that are best for those groups or neighborhoods.	8/27/2018 10:55 AM
548	From this long list of items, # for me is not just responsiveness but consistency. Often times it is hard to get a phone call or e-mail response from staff. Understood how busy everyone is, but even a call to say, I got your message, but will not be able to get to this until next week helps. THEN, it is critical that there be consistency. Some are better at that than others... That results in shopping around for answers, which is not good either.	8/27/2018 10:37 AM
549	Officials and staff have always been responsive and will continue to be so.	8/27/2018 10:08 AM
550	Greater transparency in the budgeting process and how fiscal decisions are made and presented to the public. Fiscal responsibility, oversight and accountability all play into that aspect of local government.	8/27/2018 10:07 AM
551	Keep everyone informed, greater transparency!	8/27/2018 10:06 AM
552	Transparency in government processes	8/27/2018 10:06 AM
553	Inclusiveness of minority and underrepresented populations	8/27/2018 10:04 AM
554	The County could be better at telling its story. Not only is the County incredibly fiscally responsible. but also proactive and environmental. Granted, PBES is going backwards by focusing on new regs and processes vs enforcing existing and explaining the effectiveness of existing processes. The idea that wineries/vineyards are the cause of all problems has been perpetuated by PBES constantly changing the rules in response to activists vs explaining how exist. processes work and have worked.	8/27/2018 9:52 AM
555	More inclusion of minority and under represented populations	8/26/2018 10:04 PM
556	Transparency in government processes and permitting - could their be a more streamlined online public forum (in addition to public meetings) where these items could be presented?	8/26/2018 9:23 PM
557	Build trust in government especially with populations where that trust was never earned and / or is threatened because of the current political climate	8/26/2018 9:05 PM
558	Make yourself accessible and relatable to the community.	8/26/2018 8:30 PM
559	Communication is key for this community.	8/26/2018 8:06 PM
560	reach out to underrepresented populations to be part of this strategic plan	8/26/2018 6:18 PM
561	Responsiveness of government officials and staff	8/26/2018 4:55 PM
562	thank John Tuteur for his attitude and years of service, then ask him what should happen next. he won't be around forever.	8/26/2018 4:21 PM
563	Our elected officials need to do a better job of leading. Also we need to fix the broken planning process in the county. We also need to stop treating vintners like the villains of the valley!	8/26/2018 3:00 PM
564	#1Transparency and inclusivity in government. #2 Stop dragging your feet on the business of cannabis, we voted.. now implement the will of the people.	8/26/2018 2:11 PM
565	Limit public office to two terms.	8/26/2018 12:04 PM
566	Find ways to include minority and underrepresented populations in committees, commissions, etc. That's how people learn to become part of the process.	8/26/2018 11:42 AM

## Napa County Strategic Plan Survey of Community Members

567	Napa County should actually make an effort to hold government accountable. Measure M for example. Bond money (per California Constitution) has to be spent in the manner voted and approved. Yet, NVUSD has taken actionable measures to eliminate revamp schools which is in direct conflict with their proposed pending on Measure M and they are getting away with it, as the County appears to be absolutely blind or indifferent to the fraudulent actions of the district's spending of taxpayer money, per Measure M. This is not just a civil matter, this is a criminal matter.	8/26/2018 11:20 AM
568	LOCAL GOVERNMENT SHOULD WORK FOR THE LOCSL PEOPLE NOT DEVELOPERS	8/26/2018 11:08 AM
569	Don't let the big corporate wineries get away with code violations by paying insignificant fines. Enforce codes. Hire more county personnel to monitor code violations. Board of Supervisors is not listening to half the county population requesting a stop to wine industry excesses.	8/26/2018 10:14 AM
570	Open government is effective government - as such, the legal distinctions on ethics must be ignored and not permitted. For example, if a government official was ever involved with a matter coming before them, they must recuse themselves from the hearing and voting on that issue, no matter that the law may say they only need to recuse themselves for a certain period of time. Without clear, unquestionable, ethical standards government is not transparent. Additionally, a "rainy day" fund must be established and grown to handle the unforeseen issues that inevitably arise, like the fires and before that earthquake.	8/26/2018 9:43 AM
571	The one change I would like to see would require a change of the accepted rule of law. when presenting reasons why a private helicopter airport was unacceptable to Coombsville country area, we the public directly affected by the noise disruption to our quiet country life with farm animals, our peaceful natural animal sounds, were told the only thing that would be acceptable as an argument would be if the noise caused one to be hospitalized, or mental instability etc. In other words, the quality of life, which is why folks choose to live in the country, did not count. The disruption of helicopters flying overhead at anytime of day, freaking out animals, interrupting the calm, and reminiscent of living near an airport we we all have chosen not to be in the neighborhood of, was not a good enough reason. The human well being factor did not count. This is an example of what needs to be changed in our entire society. It can start here. The litigation system has stolen humanity from us all. It is not a fluffy philosophy, it is actually the truth. Hence if we can change the rules from best lawyer wins, to best for all of us, we might just have a more humane future. Cities and counties working together, yes it does make sense as one affects the other.	8/26/2018 7:19 AM
572	Not beholden to big business. Stop the emphasis on tourism at the expense of residents. Don't kill the golden goose by driving the tourists away due to overcrowding, traffic, etc.	8/25/2018 9:37 PM
573	Napa Co. stay out of our lives.	8/25/2018 8:58 PM
574	Communication via multiple channels and languages doesn't seem to be an issue. Transparency isn't very good. Code enforcement is really reliant on complaints, which really isn't effective. I don't feel like the county and cities work all that well together, as it seems more like they are bartering and seeing who can get the best of the "deal". The county previously has been very good with fiscal responsibility (with the exception of the farmworker housing debacle, when they tried to take on low income housing on their own). Recent changes to the board of supervisors make me nervous. Fiscal accountability is the number one issue for city and county government. You need to be on budget, you need to cover your pension/benefit liabilities, and you need to manage this without selling out the character of our community to developer interests.	8/25/2018 7:13 PM
575	Hire more qualified people. Napa DMV Office is a perfect example of poor service!!!	8/25/2018 6:00 PM
576	Solve the traffic problem. It's useless to try to talk to us about government "effectiveness" until you do that. Nobody gives a damn about your website when they're stuck in traffic.	8/25/2018 5:53 PM
577	Fiscal responsibility and accountability.	8/25/2018 4:19 PM
578	We are all human. Include all colors and genders for Everything. And to our local politicians...be honest and do what is right for everyone, not just what YOU feel.	8/25/2018 4:05 PM
579	"Townhall meetings" via web or social media with elected officials in city/county.	8/25/2018 3:40 PM
580	Code enforcement. County and Cities working together.	8/25/2018 2:57 PM
581	Yep	8/25/2018 2:49 PM
582	No comment	8/25/2018 2:22 PM
583	ACTION...Get the system MOVING...From TOP down...get the job done!	8/25/2018 2:21 PM
584	Better translation. I see Nixle going out in both languages now but during the fires I had such limited info and my heart went out to monolingual Spanish speakers (and others) who must not have known even the little amount I knew. I drove down Jefferson and saw a Latina woman and her kids walking without masks in truly awful smoke. Lack of communication is a public health issue.	8/25/2018 2:10 PM

## Napa County Strategic Plan Survey of Community Members

585	Fiscal responsibility	8/25/2018 1:23 PM
586	-Napa county needs to clean house and course correct -some elected officials are NOT responsive or respectful to community -campaign finance reform is essential to prevent the current state of elected board members being beholden to wine industry donors -staff needs support from elected officials with tools and resources for vigorous code enforcement -transparency and communication are needed - useful newsletters, emails and systems -having important meetings at times the working public can attend! It is essentially prohibiting public involvement by having meetings when people cannot possibly attend. There must be a better way. -any attempts to curtail public involvement and contributing commentary should NOT be allowed. This is censorship. - this suggestion by the planning commissioner is disturbing and should not be entertained <a href="https://napavalleyregister.com/calistogan/news/local/napa-county-planning-commission-brainstorms-on-ways-to-be-more/article_a3fe1513-1d8b-5dcf-af93-8afb4fef398d.html">https://napavalleyregister.com/calistogan/news/local/napa-county-planning-commission-brainstorms-on-ways-to-be-more/article_a3fe1513-1d8b-5dcf-af93-8afb4fef398d.html</a> Just what we DO NOT want "making it easier" for wineries to expand! No! This also muffles public participation. This commissioner should be impeached	8/25/2018 12:49 PM
587	Good effectiveness	8/25/2018 11:31 AM
588	Clearer policy direction from the Board. Better management of Planning and Building Departments. More avmccountability relative to unacceptable delay in the process.	8/25/2018 11:19 AM
589	Limit supervisor terms. Oversight of government processes. Do not allow parties to buy benefits and property that should be available to the public. Prohibit big money from buying around the permit, restriction processes.	8/25/2018 11:01 AM
590	no matter what you try to do people will still say they did not know about the issues. If people want to be informed they will be informed	8/25/2018 10:54 AM
591	The government needs to stop favoring a few - city council is not responding to the city of Napa residents, Gordon Huether is in conflict of interest in his official capacity and his art (we are a one-horse art town), we need to balance healthy tourism with healthy communities/neighborhoods/historic heritage.	8/25/2018 10:50 AM
592	Citizens with spare time need to take on regular responsibilities for participating in and overseeing local government and community. I mean that it's not local government that should change, rather that the people should be more involved at every level (officially and by neighborhood).	8/25/2018 10:15 AM
593	all of the above	8/25/2018 9:47 AM
594	Explain why developments in Napa, Bounty Hunter, public path along river behind Copia, new hotel at 1st @ Silverado are so long delayed	8/25/2018 9:38 AM
595	The county needs to do a better job with code enforcement. I'm getting tired of looking at my neighbors's commercial construction equipment that is parked in the front yard for the past 5 years. Tractors, dump trucks and backhoes are estetically unpleasant.	8/25/2018 9:25 AM
596	More transparency, less catering to big money individuals.	8/25/2018 9:01 AM
597	Listen to the people, and don't take so long to fix roads.	8/25/2018 9:00 AM
598	Additional funding and staffing for code enforcement of use permits Build partnerships with cities to keep housing and commercial development in the cities and Agriculture in the county	8/25/2018 8:10 AM
599	I've never found any of these to be a problem, so you must be doing OK.	8/25/2018 7:31 AM
600	I was very involved, and will continue to be, with the conversion of the HHS property on Old Sonoma Road. The attempt by the supervisors the develop the property was shameful. The tax dollars spent having meetings to "listen" to the community were a debacle. The process was opaque at best.I Thensultants hired by the supervisors failed to meet their goals but were fully compensated for their failure. The result is the property sits idle, the tax payers continue to fund maintenance of the property as falls further into decay and the much needed housing still doesn't exist. All in an effort to raise funds for an expected prison system. Shameful indeed!	8/25/2018 7:12 AM
601	Overall, this survey is a good start to help communicate with local officials.	8/25/2018 6:26 AM
602	Stay the course	8/25/2018 5:51 AM
603	There are many great things that happen in Napa, but getting the word out is difficult, especially if people don't read one of the local newspapers or listen to our local radio station. Working on ways to best reach the population to let them know about programs, policies and more that could impact the community is important for the government to be most impactful.	8/25/2018 1:15 AM
604	Our County Commissioners and Supervisors do not really consider the residents of our county their clients I have found out through experience. Their clients are the large corporations in the valley. And County Council is there to protect all decisions made by our Supervisors and the large corporation, even if the decision creates health and safety problems.	8/24/2018 11:34 PM
605	Campañas donde se den a conocer en público, eventos públicos donde se presenten mas cara a cara con los habitantes y las necesidades del condado.	8/24/2018 10:48 PM

## Napa County Strategic Plan Survey of Community Members

606	I feel like the County is doing pretty well in this department.	8/24/2018 10:03 PM
607	Transparency throughout government, enforce codes fairly and consistently	8/24/2018 9:49 PM
608	Government has gotten to big	8/24/2018 9:09 PM
609	Code enforcement is lacking in ac.	8/24/2018 8:48 PM
610	Government is nothing more than an arm of the Vintners. I know this and don't believe this question belongs.	8/24/2018 8:43 PM
611	not everyone watches ch. 28....we need a more mainstream, current happenings tv news force	8/24/2018 8:33 PM
612	nothing to add	8/24/2018 8:29 PM
613	Code enforcement, ( cars parked in yards) illegal air bnbs	8/24/2018 8:13 PM
614	Responsiveness of county officials has been particularly poor in the last 25 years or so. I can't help believing that the only people the officials actually listen to are the developer and wine industry people who contribute so well to their campaigns. I remember when Napa was not like that.	8/24/2018 7:57 PM
615	Past iteration of Napa County's website have been fraught with tech problems, navigation failures, and general unfriendliness to public users. It's getting better, but maybe it's just trying to carry too much data for one website. What do other counties do that works?	8/24/2018 7:39 PM
616	Access to public officials—it's amazing already!	8/24/2018 7:28 PM
617	More town hall type information settings are needed to obtain adequate citizen input	8/24/2018 7:26 PM
618	Live within Napa's means...retirement should be part of salary in current budget, not over blown for the next generation to pay. More part time employees with less bankrupting retirement benefits.	8/24/2018 6:49 PM
619	Yes, there is transparency in Napa County Government. We can easily see that the Supervisors and bought and paid for by big money, especially the wine industry. No punishment for violators. Shame on them.	8/24/2018 6:35 PM
620	More meetings in small communities like Yountville.	8/24/2018 6:33 PM
621	There is a lot of folks in the local government that just coast along and really don't do what they are placed in a position for, maybe a little more oversight and accountability.	8/24/2018 6:24 PM
622	Fiscal accountability	8/24/2018 6:18 PM
623	County government seems "quiet." What are they doing? Seems like we hear about city councils in each town, but little about what the County is doing!	8/24/2018 6:11 PM
624	No suggestions here.	8/24/2018 5:56 PM
625	If the county representatives take a stance on a ballot issue they need to publicly make a statement to their constituents at a public forum where the public has a chance to present their opinions.	8/24/2018 5:51 PM
626	I think Napa does better than any other communities. Keep up the efforts	8/24/2018 5:26 PM
627	Transparency - make processes like the budget more transparent	8/24/2018 5:21 PM
628	The county's website is not easy to use. Look at how many clicks are needed to find the Animal Shelter's lost pet page. People don't have a clue what is appropriate to put in the recycle bin	8/24/2018 5:18 PM
629	Efforts to communicate with the public through multiple channels, Efforts to educate the public about relevant issues and available resources.	8/24/2018 4:48 PM
630	county and city needs to work closer	8/24/2018 4:46 PM
631	County and cities working together to solve problems	8/24/2018 4:45 PM
632	Supervisors and staff [Planning Commission] need to be more transparent. I believe the winegrowers hold too much influence over county government.	8/24/2018 4:45 PM
633	From my attendance at government meetings in Napa, I do not perceive enough transparency. I feel a lot of decisions are driven by the wine industry through lobbying efforts and political contributions and cronyism. The public is limited to 3 minutes of comment and struggles to have any voice in our system. When a Supervisor and a Planning Commissioner both sign a ballot statement against Measure C that is found to be objectively false and misleading, then you know we have problems in government.	8/24/2018 4:29 PM
634	Improve the County website, I am a contractor and I find it nearly impossible to get useful information from the website.	8/24/2018 4:29 PM
635	As a resident since 1997, code enforcement , community inclusion , responsiveness is on a steep decline note the recent issue of measure C and the disconnect with the 121M downtown civic center	8/24/2018 4:22 PM

## Napa County Strategic Plan Survey of Community Members

636	The County and cities could definitely do a better job of coordinating, especially on big-picture ideas like land swaps for housing or to create a tech campus.	8/24/2018 4:18 PM
637	Transparency. Napa government acts in the dark so voters are uneducated on issues and actions.	8/24/2018 4:15 PM
638	Fiscal responsibly, oversight and accountability	8/24/2018 4:06 PM
639	Continue public input vehicles like this survey. Reach out to Latino population and youth (leaders of tomorrow). Use digital media to inform and educate all.	8/24/2018 4:01 PM
640	County and cities working together to solve problems. I wonder how much support American Canyon with regards to issue I mentioned in item #18	8/24/2018 4:01 PM
641	Drastically simplify permitting process trust licensed engineers, don't nitpick their work to justify fees	8/24/2018 4:00 PM
642	To many rules, start looking at things that don't make sense. Permit process is to slow, cost the county in taxes.	8/24/2018 3:50 PM
643	Very important govt is not bought off by businesses. Transparency important and ample public review of projects (especially those that relate to agricultural laws) are important.	8/24/2018 3:48 PM
644	Communicating in multiple languages should be a definite priority. Fiscally, it would be great to see the County keep its money in local banks that would circulate it back into the community, rather than the big banks like B of A and/or Wells Fargo. Code enforcement of wineries that have violated their use permits. Real consequences, like stiff fines.	8/24/2018 3:48 PM
645	If I was to give the county government a grade for it's effectiveness I would give it an overall "C-". Areas that need to be improved upon are- responsiveness of government officials, code enforcement, transparency and accountability. The county appears to be meeting acceptable standards for communication, website, access to public records, and including minority and underrepresented populations.	8/24/2018 3:42 PM
646	Would like to see the grand jury be able to audit more agencies	8/24/2018 3:37 PM
647	Education	8/24/2018 3:29 PM
648	No more playing favorites (i.e. \$\$\$)! Either wineries & vineyards abide by the codes, or they have to tear down the illegal structures/construction.	8/24/2018 3:28 PM
649	Eliminate all forms of private funding of political campaigns.	8/24/2018 3:26 PM
650	Efforts to educate the public about relevant issues and available resources	8/24/2018 3:24 PM
651	All of the above	8/24/2018 3:24 PM
652	All above worthwhile.	8/24/2018 3:06 PM
653	Set term limits on county board supervisor seats	8/24/2018 3:06 PM
654	Compared to San Francisco, this seems like a cakewalk. But again, the divide between locals and new people needs attention. Both are important to progress.	8/24/2018 3:05 PM
655	Our supervisors and county staff really need to step up on on watershed and woodland issues. This policy should be written by the county, not a special interest group. I feel that great improvements have been made in communication with the public (and in multiple languages). This should continue.	8/24/2018 2:58 PM
656	Govt is govt...I'm not expecting any significant changes in my lifetime...sorry.	8/24/2018 2:55 PM
657	Planning has a terrible reputation for bureaucracy	8/24/2018 2:53 PM
658	Transparency is key in this area. Find multiple ways to share information and, of equal importance, make it easy for the community to provide feedback and input.	8/24/2018 2:44 PM
659	Ensure all departments in the County work as well with the community and non-profit sector as HHSA does. Get HHSA to work as well with the business sector as other departments in the County do.	8/24/2018 2:43 PM
660	GET THE EXISTING CITY COUNCIL OUT OF NAPA. THEY ARE ONLY INTERESTED IN THE FISTS FULL OF MONEY THE VINTNERS CAN LINE THEIR POCKETS WITH...	8/24/2018 2:42 PM
661	No new city hall complex. The cost is outrageous. The need is not great enough. Another hotel site that is not needed when they move.	8/24/2018 2:37 PM
662	Seems that there is a lot of government waste in Napa County. There's always a survey that needs to be done.	8/24/2018 2:32 PM
663	Have term limits for elected city and county officers. Have training programs for city and county jobs and internal mentoring programs so that when an elected official has reached a job term limit there will be some trained individuals qualified to run for office.	8/24/2018 2:29 PM

## Napa County Strategic Plan Survey of Community Members

664	Limit electioneering (i.e. signs etc) to 90 days before election. Represent all the people of Napa, not just the minorities.	8/24/2018 2:28 PM
665	- Put more pressure on City officials and hold them responsible. They City of Napa is literally TERRIBLE to deal with. My experience with the County has been good. City of Napa Water, Planning, Code Enforcement. Its a joke. Parks and Rec is good though :)	8/24/2018 2:25 PM
666	Solicit involvement from underrepresented populations. Make sure communications are frequent and come in a variety of forms (FB, newspaper, radio, Nixle, Nextdoor, etc)	8/24/2018 2:25 PM
667	From my vantage point, local government seems to be working fairly well. If processes could be streamlined that would be a very good thing, but overall, local government works well, in my opinion.	8/24/2018 2:19 PM
668	Fix the emergency communication snafus.	8/24/2018 2:18 PM
669	ask elected officials to mirror what the water department and Supervisor Brad Wagenknecht do - be at the Farmers Market on a regular basis for interaction with the public	8/24/2018 2:15 PM
670	This is a great start !	8/24/2018 2:12 PM
671	Stream line review and permit processes	8/24/2018 2:11 PM
672	This is a huge issue. The culture at the county needs to change. Right now it is a very negative place to do business. It did not use to be this way. It appears the planners are planning out of fear. Our leaders are putting a lot of stock into a very loud minority and this has created a very unfriendly environment when trying to work with the cave. Just walking into the building there is an adversarial feeling. Again, it never use to be that way.	8/24/2018 2:11 PM
673	Keep up the good work!	8/24/2018 2:10 PM
674	I am satisfied with our current local government for the most part.	8/24/2018 2:10 PM
675	Same as 12	8/24/2018 2:08 PM
676	Government? Local, State and Federal? Rein yourselves in. You're breaking the bank through your double dipping pensions and entitlements.	8/24/2018 2:08 PM
677	Transparency is good. Work together with the cities and town instead of against. Don't let us become a county of haves and those who serve the haves.	8/24/2018 2:07 PM
678	Communication through various channels	8/24/2018 2:05 PM
679	I use the County Website and refer clients to it frequently. The County has done a great job with it. The County should endeavor to work with the Cities extensively and cooperatively whenever and wherever possible. We are way too small to not be doing so.	8/24/2018 2:04 PM
680	Continue to make staff and elected officials available and directly immersed in this community. I love that I have met and talked to each of our county supervisors. Keep that access and engagement strong.	8/24/2018 2:03 PM
681	More articles in the Register about how different agencies are functioning - the good and the bad, written in lay language and not trying to put on a good face. City council meetings go on forever when staff give long, repetitive power point talks. BOS meetings change times so we can't schedule attendance well.	8/24/2018 2:02 PM
682	Fiscal responsibility and responsiveness to our community. Information about activities and programs and records	8/24/2018 2:01 PM
683	more communication between County and public	8/24/2018 1:58 PM
684	The Measure H Oversight Committee and NVUSD need to step up and expose the colossal waste and missed deadlines from the school modernization program. The impact on the kids and the costs are criminal.	8/24/2018 1:57 PM
685	Transparency in government processes. We don't need another winery or hotel or wine bar.	8/24/2018 1:56 PM
686	Government is never really effective.	8/24/2018 1:53 PM
687	Don't know.	8/24/2018 1:51 PM
688	Transparency, access to public records educate/inform public about all things Napa	8/24/2018 1:50 PM
689	Easy access to public records	8/24/2018 1:50 PM
690	Transparency,transparency,transparency!!!	8/24/2018 1:47 PM
691	NA	8/24/2018 1:46 PM
692	listen to the public and make decisions based on input from the community, not just from those with money.	8/24/2018 1:45 PM

## Napa County Strategic Plan Survey of Community Members

693	We have and still do move at a snails pace. Its always, "we will have to take this back to staff" Nobody clearly understands the rules or regulations to follow. You can't get a clear answer to a problem. The information is so slow is it frustrating. The current system doesn't allow for the management to make decisions for the people. There are too many questions by the BOS which in turn slows down the process. We need to limit the amount of time any one person serves on the BOS.	8/24/2018 1:43 PM
694	It would be nice to see better code enforcement. There are too many broken down cars parked on the streets, homes in uninhabitable conditions being occupied by multiple families and homeless leaving trash in our community.	8/24/2018 1:42 PM
695	o	8/24/2018 1:40 PM
696	Slash the workforce of the government	8/24/2018 1:40 PM
697	Stop worrying about non-english speakers & minorities and spend the money on roads, law enforcement and fire services	8/24/2018 1:40 PM
698	easy access to public records	8/24/2018 1:39 PM
699	I think it's pretty good especially compared to other areas.	8/24/2018 1:32 PM
700	Effective code enforcement, especially for wineries by auditing 100 per annum and then rolling back violator use permits for 3 years. Winery CEOs must file annual sworn compliance affidavits. Allow the public to speak at least 5 minutes at public hearings. Make access to government documents easy to navigate through a smart website (not good now). Transparency. Publish development application hearings 10 days in advance. County and cities must work together to limit growth. (County creates the demand for hotels and cities accommodate).	8/24/2018 1:25 PM
701	Less studies more action	8/24/2018 1:22 PM
702	Consolidate services by local agencies; build a combined City of Napa-County of Napa Government Center on Sullivan Block (or where existing hall of justice and jail are located) with retail commercial on ground floor and condos on floors above consolidated government floors.	8/24/2018 1:13 PM
703	Enforce rules and regulation in place including illegal vacation rentals, winery and vineyard compliance.	8/24/2018 12:58 PM
704	Make the permitting process easier and more efficient.	8/24/2018 12:49 PM
705	stop lying about measure c. stop blocking and shaming neighborhood groups who try to keep napa small and liveable.	8/24/2018 12:47 PM
706	N/A	8/24/2018 11:44 AM

## Q20 What additional suggestions do you have for how to improve or maintain Napa County's quality of life over the next three years?

Answered: 838 Skipped: 1,317

#	RESPONSES	DATE
1	Communication	10/10/2018 9:08 AM
2	Slower growth. Can't handle current population.	10/9/2018 11:47 PM
3	Clean up the sides of roads. Especially between Trancas and Salvador. I can't believe the fences are still down after the quake. The medium strip on N. Jefferson is so trashy. Along with people's dumped vehicles in their yards. Please clean up Napa. So tired of the focus on Downtown. I would like to see it in our neighborhood. So tired of hearing about low income housing! Not everyone can live here. And some people would rather pay less and get more in other areas. Just fix the roads so everyone can go back and forth. So angry when I try to drive out of town and get stuck in our s.....traffic situation. Please fix it ASAP!	10/9/2018 11:28 PM
4	We need more housing that is affordable first and foremost. Air quality is also very important. We have too many-spare-the-air days. We need to understand why Napa County has such a high cancer rate and then try to find solutions. Innovative transportation methods should be tried. The train could run between Napa and Calistoga, Napa should encourage more electrical cars through tax advantages. Stop building so many hotels and do not build the expensive civic center that could put a 150 million dollar noose around the taxpayers necks.	10/9/2018 11:00 PM
5	Allieviate traffic congestion	10/9/2018 10:00 PM
6	Protect Ag land... Allow other industry	10/9/2018 9:54 PM
7	As new businesses come in they need to give back in some way	10/9/2018 8:29 PM
8	Graffiti abatement; nothing tears the soul out of a neighborhood faster than seeing it disrespected. Prosecute those committing the vandalism.	10/9/2018 8:16 PM
9	Limit growth. Improve traffic conditions particularly in south county. Maintain and protect historical areas, buildings, and sites. Maintain roads at a faster pace.	10/9/2018 8:10 PM
10	We need COMMUNITY-driven activities (things like Chef's Market that bring the community together and are not just focused on tourists)	10/9/2018 7:37 PM
11	Cater to those who were born, raised, lived and worked here.	10/9/2018 7:37 PM
12	We love our valley. Not all of us are the demographic group of young adults with a lot of cash to spend at our wineries. Development of children's programs has improved since our son was a child and I know that Napa will grow to be even more inclusive.	10/9/2018 7:16 PM
13	Use Common Sense	10/9/2018 6:35 PM
14	Have more public events to hear the voice of the residents.	10/9/2018 6:30 PM
15	Fix traffic congestion, fix our roads, put long-term residents needs before big agriculture's interests.	10/9/2018 6:21 PM
16	Revise our outdated General Plan to reflect 21st Century accelerated knowledge of sustainability, complexity, and bridging scales and knowledge systems.	10/9/2018 5:26 PM
17	Need to invest in traffic light synchronization. What exists is useless. Getting across town anymore is tons of traffic much of it due to no light management!! We are wasting so much time and gas going from one traffic light to the next. It's maddening and unnecessary. Everyone is sick of it!	10/9/2018 5:01 PM
18	Revisit the General Plan and recognize that what was forecast in 2008 is no longer what is happening in our world today. We cannot wait until 2030 to consider making changes. Our water and air quality will both be compromised beyond redemption. There is no such thing anymore as "insignificant impact" when it comes to allowing uncontrolled expansion of the wine industry which results in destruction of our natural resources for a commodity that benefits only a handful of the very rich.	10/9/2018 4:51 PM
19	the county didn't weigh in on prop C because they were already "entertaining solutions" where is it? seem like all it's been is lip service, SHOW US YOU MEAN IT AND DO IT.....WATER IS LIFE	10/9/2018 4:17 PM
20	I love Napa. I'd love to see a concerted outreach to the community to maintain clean and respectful environments. Also, please do NOT approve cannabis dispensaries here. It's hard enough keeping our young peopyaway from it!	10/9/2018 4:12 PM

## Napa County Strategic Plan Survey of Community Members

21	Set the foundations for long term change besides doing the short term efforts. What are your plans for the 4-6 yr and 6-12 year periods.	10/9/2018 3:25 PM
22	We need to strip down ID's and labels, one isn't more deserving because they call themselves oppressed or LGBTQ. We don't need "their own services" we need to educate special groups about being "The Whole."	10/9/2018 3:23 PM
23	Website to enable code enforcement by wineries workers and visitors. Fund and finish bike trail. Lite rail. Real affordable housing including Habitat for Humanity.	10/9/2018 3:12 PM
24	have larger vineyard management companies provide bus to take workers to and from vineyards	10/9/2018 2:22 PM
25	Even though the population density skews to the southern end of the county, largely because of American Canyon, much of the county is rural. Let's remember that we have a large rural and agricultural component that doesn't want to be considered part of the Bay Area.	10/9/2018 1:06 PM
26	Bold climate leadership is sadly lacking when it's never been a more critical need for it. I think for County Supervisors the climate crisis is seen as too hard or impossible. An understanding and respect for natural climate solutions is lacking, likely due to powerful industry interests lobbying for short term Right to Farm benefits over long term rights to a livable climate for all.	10/9/2018 12:44 PM
27	Use the TOT for valuable local services, rather than just catering to tourism. Address sustainability by decreasing hotels and restaurants permitted. Require developers to provide parks and housing, not a payment that merely "bandages" the issue. Improved parks and open space management and free access.	10/9/2018 6:29 AM
28	I would like to see leadership that is not county government focused, particularly in Health and Human Services. I would encourage a more robust connection to the non profit sector and collaboration that benefits everyone. I would like to see faster movement, and less getting bogged down in the weeds of issues.	10/8/2018 3:48 PM
29	STOP TOURISM, NO MORE HOTELS, NO MORE WINERY PARTIES. PERIOD.	10/8/2018 11:17 AM
30	See comments on animal shelter. Improvements there will enhance the quality of life for the staff, volunteers, animals at the shelter, and every person who adopts an animal. Having a pet enhances everyone's quality of life.	10/8/2018 11:01 AM
31	Vivienda accesible.	10/8/2018 10:42 AM
32	Make sure that any openings on County Commissions are well-advertised with adequate lead time for people to respond. The same for any task forces addressing specific issues. Continue to avoid our jurisdiction's acting as an "agent" for ICE and take steps to protect immigrants in our community.	10/8/2018 9:51 AM
33	Recognize that "quality of life" is currently NOT the same for all residents. Only in recognizing this can we work toward CREATING a great quality of life for everyone.	10/7/2018 7:14 PM
34	I love Napa County and feel so blessed to live here. I worry about corporations obtaining too much influence over our policies and development.	10/7/2018 4:09 PM
35	Stop approving housing options that cost a half a million dollars. It doesn't help anybody. Reclaim Yountville from the tourists.	10/6/2018 1:19 PM
36	Campaign finance reform to get the big money out of our local politics.	10/6/2018 1:03 PM
37	Comprometerse con las generaciones nuevas a educarlos para que en los proximos 3 año miremos el cambio en nuestra comunidad. El enfoque está en los niños ellos son el cambio.	10/5/2018 9:44 PM
38	*Kids mental health *School safeness	10/5/2018 3:21 PM
39	Provide more resources to county code enforcement.	10/5/2018 2:31 PM
40	Restrigir el uso de pesticidas agresivos para los vinedos , ya que muchos de ellos son cancerigenos y nuestra comunidad es considerada como de alto riesgo para el cancer.	10/5/2018 2:23 PM
41	Rein in development and cap wineries & tourism. Seek to diversify financial opportunities beyond wine and tourists. As a reminder, more people visit Napa for the natural beauty of the valley than for wine...	10/5/2018 11:52 AM
42	More discounts on services and products for Napa residents.	10/5/2018 11:23 AM
43	Improving Napa communities by welcoming ALL, ie., different races and LGBTQ. I have noticed the only movie theater in Napa, shows 'safe' movies = white ppl, family / children, and adventure. Nothing of different cultures or adult, or gay-themed films, have I EVER seen offered.	10/5/2018 11:09 AM
44	Envision the idealized (in contrast to the ideal) Napa Valley as a whole, continue to involve the community, engage those who are willing to take the 30,000 ft view as well as those who look at things from 300 yards and bring them together. Filter out the "noise" and move forward.	10/5/2018 12:49 AM

## Napa County Strategic Plan Survey of Community Members

45	Block party's with off duty cops and politicians in attendance. (Everybody look what's going down. ???????). Keep walkers , bike riders safe. Ask what the community thinks we should do , just like this survey is doing.	10/4/2018 5:09 PM
46	Be considerate of those in need, as they are at a disadvantage regarding improvements in their lives.	10/4/2018 9:29 AM
47	Have already expressed what is most important.	10/4/2018 8:21 AM
48	Bajar el costo de las rentas.	10/3/2018 6:33 PM
49	Rentas no tan altas ,urge que no suban las rentas tan seguido .	10/3/2018 6:24 PM
50	More emphasis on communities, NOT tourism.	10/3/2018 5:48 PM
51	Housing. Housing. Housing. Everything else is a side effect of the lack of affordable housing.	10/3/2018 4:33 PM
52	<p>Following are a number of proposals that modify the existing Napa County regulatory framework to reduce impacts of future development projects, particularly in the areas of environmental protection and traffic. Many of these proposals are based on past scientific studies commissioned by the County of Napa for development of the applicable ordinance. Many of them were also studied at length by the Agricultural Protection Advisory Committee (APAC) and some of them were even recommendations of the group. Many of these proposals are simple and palatable to the public at large. 1. Increase minimum acreage requirement for wineries from 10 acres to 40 acres (Section 18.140.240). This proposal would reduce future traffic impacts by eliminating winery employee and tourist traffic on small parcels. It is also based on the assumption that generally a 10 acre parcel cannot produce sufficient grapes needed to support an estate winery... thus this proposal would reduce the amount of external vineyards needed to support the winery along with the traffic of transporting the grapes from the source to the winery. This proposal was studied in depth by the Agricultural Protection Advisory Committee but did not obtain a majority vote. 2. Adopt the Voluntary Oak Woodland Management Plan as an ordinance and change the mitigation ratio to 3:1. This is long overdue and the 3:1 ratio was a popular part of measure C. 3. Revisit the Winery Definition Ordinance (WDO) and seriously consider removing "marketing" from the definition. As reported by APAC, "Over the years, wineries have emphasized marketing and hospitality activities, at the expense of their agricultural tradition. This refocus has been at the expense of the general public with increased traffic, water usage and loss of open space." In an environment where restaurants are closing and failing, extensive food services should not be included at wineries. According to the APAC report "Marketing and hospitality activities should be accessory to the winery operation." 4. After Walt Ranch, vineyards perched on hillsides above water sources is a broad concern of Napa voters. To address this concern, the County should modify the Erosion Control Plan to modify the categories to make the requirements more stringent. The existing code language could be modified to: a. Continue to allow vineyard development on slopes under 5% with minimal oversight unless trees are removed, b. Modify category two to allow vineyard development on slopes from 5-25% with an approved ECP (current law allows an ECP for up to a 30% slope), and c. Modify category three to discourage any cultivated agriculture on slopes over 25 %, except with a compelling public reason and a use permit. See section 18.108.060, (currently only applies to slopes over 30%) 5. Follow through on the following APAC recommendations – a. Establish a maximum area of development to include both residences and wineries. This APAC recommendation would limit the total development area for parcels up to 40 acres in the AP and AW zones to no more than 20% of the parcel, including all structures. The total development area for parcels larger than 40 acres would be capped at a fixed eight (8) acres maximum. This proposal received a supermajority of APAC (Vote 13-4) b. Include outdoor visitation areas and Type 3 caves in the accessory use calculations. As reported by APAC "Caves, outdoor patio areas, lawns, and rooftops are increasingly being used for hospitality functions, but are not considered in the County's calculation of maximum area allocated to accessory uses." Therefore they should be included in the calculations to accurately assess the impacts of projects. 6. Special rules should be adopted for rural and remote wineries and vineyards, which are primarily in AW zoning, and may best be described as wineries on local roadways. Wineries should be prohibited in these remote areas if the road serving the parcel is less than 20 feet wide, if there no alternative access for the parcel and if there is insufficient space or topography for onsite septic systems. The rights of way associated with these entitlements also deserve special scrutiny. Currently, the county does not require any title reports with these applications which results in entitlements that are granted on parcels that do not have legal access or legal rights to expand roads to a safe width. This adds burdens to the neighbors that are most affected by these projects. Without specific information on the legal rights that these parcels have, the neighbors are forced to order their own title reports, pay for the analysis of these legal rights, and then follow through with lawsuits challenging these rights that should never have been granted. I would suggest that in the future that the County requires a preliminary title report for all parcels seeking entitlements in AW zoning, so all parties are fully informed of the legal limitations of these parcels. 7. The final proposals are moratoriums suggested to the Board of Supervisors as a way to freeze current development until further decisions can be made: a. Place a moratorium on wineries (new or expanded) seeking a variance. b. Place a moratorium on ECPs on slopes over 20 % until the ECP sections can be revisited and amended.</p>	10/3/2018 11:34 AM

## Napa County Strategic Plan Survey of Community Members

53	Embrace the wine and tourist industries, they fund our quality of life here in NC. Vineyards are long term and beautify the environment.	10/3/2018 10:55 AM
54	Make existing programs work Monitor and OVERHAUL cut what's not working and get people in who will work with integrity	10/2/2018 9:20 PM
55	Work on the traffic issue. That is the number one problem for quality of life here.	10/2/2018 12:30 PM
56	Strike a balance between vineyard & winery growth and restrictions proposed by those who do not understand or want to understand the vital role wine grapes play in making this county a great place to live.	10/2/2018 10:01 AM
57	Balance. Thoughtful, reflective balance between cultivation of tourism and quality of life for people who live here. Business and growth should result in better quality of life for ALL groups of people.	10/2/2018 9:57 AM
58	Communication and engagement - new ways to get the citizenry to pay attention and be involved	10/1/2018 7:34 PM
59	Slow growth, planned communities, more high tech jobs which will not only bring higher wages, but also help us conserve our resources and have a better quality of life.	9/30/2018 6:34 PM
60	Focus on the locals and less on the tourism/wine industries. At least for the next 3 years. They have been a priority for 40 years. They can get their attention again, once our local issues have been addressed.	9/30/2018 6:27 PM
61	NAPA COUNTY NEEDS TO SERVE ALL ITS TAXPAYERS, INCLUDING AMCAN RESIDENTS! BUILDING A NEW 4-LANE ROAD FROM AMCAN TO NAPA TO RELIEVE THE RIDICULOUS TRAFFIC CONGESTION ON HELLWAY 29 NOW!!!	9/30/2018 3:35 PM
62	ADDRESS THE AWFUL TRAFFIC!! WE NEED A LIGHT RAIL SYSTEM!! TRAFFIC IS MAKING THE VALLEY UNLIVABLE. IT HAS TAKEN US 1.5 HOURS TO GET TO NAPA FROM UPVALLEY AND 4 HOURS TO GET TO SF AIRPORT!!!	9/30/2018 10:55 AM
63	Restore and extend the other Napa Trail, the River Trail between Lincoln and Trancas. Dangerous fenced areas when the path edge is perilously close to the river; falling bulwarks that will collapse at the next big rain; ivy, especially opposite the Elks Club that is literally choking the beautiful old trees to death... Fix the Trancas Bridge underpinnings so that the River Trail can be opened up to the lovely new park on the north side of Trancas. Complete the promised boat landing so more kayaks can enter the river there. Make paths for bikers and walkers from the trail to the river and make them safe for youngsters to use for recreation. Bulid exercise units in the big open space about halfway down the trail for stretching, chinning, etc. It's a beautiful trail but it looks terribly neglected and unsafe. AND MAKE A PLAN, TELL US ABOUT IT FOR CONNECTING THIS CHARMING TRAIL WITH THE DOWNTOWN NAPA TRAIL.	9/28/2018 10:36 PM
64	Invest in public schools or allow school vouchers to attend private schools. Start over with the school and government budgets and build them from the ground up to have a full handle on what is IN there rather than continually adding without realizing outdated expenses that no longer apply but remain in a line item with allocations.	9/28/2018 1:29 PM
65	Bajar las rentas por que son muy altas	9/28/2018 11:02 AM
66	Rentas accesibles y viviendas de bajo costo	9/28/2018 9:36 AM
67	I think you have covered them.	9/27/2018 6:26 PM
68	I have siad it already but a focus on truly healthy life style rather than a wine drinking culture. I think everything in moderation but I think the focus on drinking is too much not good for our youth.	9/27/2018 4:06 PM
69	Please help our people to stay in Napa by actually make affordable housing.	9/27/2018 3:55 PM
70	Let people airbnb their homes as long as it is not a public nuisance.	9/27/2018 3:38 PM
71	Unite all cities together and not look down on each other	9/27/2018 1:50 PM
72	More affordable food options that aren't fast food or taquerias.	9/26/2018 10:02 PM
73	Make it easier for fire victims to rebuild	9/26/2018 9:12 PM
74	Toursim (including hotel development) and grapes generate considerable revenue for Napa. I would like to suggest that more of those funds be diverted to under funded programs like Napa County Animal Shelter to improve the quantity and quality of shelter staffing which will have much needed positive-quality impact on the animals surrendered there on a daily basis.	9/26/2018 3:38 PM
75	Improve the road conditions!	9/26/2018 3:10 PM
76	Fix our streets, provide more after school activities for children	9/26/2018 2:10 PM
77	I have no other comments. Don't have any idea on how to improve quality of life.	9/26/2018 1:09 PM
78	slow down on vineyard development and especially wineries.	9/26/2018 12:07 PM

## Napa County Strategic Plan Survey of Community Members

79	Overall, place community and the people of our county as a higher priority than accommodating big wine by waiving regulations and fees for them. Focus on our quality of life. I understand that you want to support a big industry that brings in lots of tourism, but when you try to take someone in a wheelchair for a ride around the block and it causes pain in the client because the sidewalks are cracked and significantly bumpy, it becomes clear that our community's priorities are out of balance. We should have the best senior care *because* we live in an area that makes outstanding wine.	9/26/2018 10:59 AM
80	Listen to your employees and people who have a sense of history. We have alot of new people coming to live here...people buying weekend homes. They come here because they like what they see.... but take up valuable housing. Not sure there is anything that can be done. But this is pushing ling time Napa residents out.	9/26/2018 10:51 AM
81	Focus on eduction and programs for teens ( especially job programs for teens )	9/26/2018 8:59 AM
82	Do not allow residents to have helicopters and helipads on their property.	9/25/2018 9:15 PM
83	Many entities within Napa are going through times of change and planning. Coordination of those efforts would be helpful. We all want our property values to be high but that leads to some of these other issues. It is a complex issue.	9/25/2018 6:59 PM
84	Find a way to keep small businesses local and affordable. Research/adopt housing solutions that have worked in other communities.	9/25/2018 4:49 PM
85	Have more advantages to diverse groups that are underrepresented. Give more help to Latino, LGBT, and people or color.	9/25/2018 1:41 PM
86	Support locals in business and housing.	9/25/2018 10:58 AM
87	Improve fire control methods.	9/25/2018 9:14 AM
88	Use our money as effectively as possible. Fiscal responsibility in all areas	9/25/2018 7:20 AM
89	So short sighted. All based on money . You know it and we know it	9/25/2018 5:55 AM
90	Go to other Cities and County's that are progressive to see what they are putting into practice and the results.	9/24/2018 11:47 PM
91	Build a better interchange complete with flyovers and freeway section at hwy 29/12/121	9/24/2018 11:00 PM
92	Social workers that actually know how to take care of kids. More support for foster families. Get rid of Doris	9/24/2018 10:04 PM
93	Put the brakes on hilltop and slope vineyard conversions. Stop approving event centers that masquerade as wineries or tasting rooms.	9/23/2018 8:15 PM
94	Quit building high rise hotels. Downtown Napa (first street) in a mixed up mess of architectural designs. Looks horrible. Look at Main Street and see what it is suppose to look like	9/22/2018 9:12 PM
95	I have lived here all my life and stiiI am impressed with how really lovely it is. Probably the most important thing we ever did was control the growth and save the land and we need to continue that.	9/22/2018 5:12 PM
96	??	9/22/2018 4:36 PM
97	Keep the needs of locals and workers in our county as the highest priority, less tourist driven projects and more community activities.	9/22/2018 4:04 PM
98	Strict tree ordinance to protect trees and habitat. Stop use of toxic chemicals. Enforce, enact noise pollution laws. Stop huge developments. Think smaller, sustainable, good for locals.	9/22/2018 4:01 PM
99	think of the citizens and not the tourists	9/22/2018 2:43 PM
100	High priority should be reducing traffic conjection and homelessness. Also look and means to encourage coordination of projects and programs with surrounding cities and other counties could save valuable resources. Encourage further outreach with various neigboring communities to see what programs and projects and be coordinated over the next 3 years. Overall, strategic plans should not be developed in a vacuum without understanding the surrounding communities and county's plans. It's best to encourage regional thinking for long-range planning that promotes the betterment of not just Napa County but other neighboring areas too.	9/22/2018 12:06 PM
101	No new suggestions. The above list of thing is so overwhelming that I don't think you should add to it. If you can accomplish that list in ten years you will be miracle workers.	9/22/2018 9:52 AM
102	Address the CAP in a multitude of ways. Tourism can pay for a lot of things, but think about the climate future. None of our current agriculture will exist in our current trajectory	9/21/2018 9:49 PM
103	it would be nice if the started to provide a quality of life for people that 'work' here	9/21/2018 2:57 PM
104	nada	9/21/2018 11:22 AM

## Napa County Strategic Plan Survey of Community Members

105	Consideration (I do not have an answer) to flow of traffic, access to shopping centers(some highly utilized centers have only one access)... the driving culture here is aggressive and could be supported by better flow, wider streets, constant monitoring for better flow. For example the major delays at Trower have been remedied however, the method has created further congestion to the two signals north of trower. Also, off street parking...	9/21/2018 8:15 AM
106	Look at who is purchasing residential real estate...there's an increase in non-resident buyers who grab property as investments but don't actually occupy the home. Good for your property tax base, but this drives up prices and drives out long time families. Do you want downtown to be full of vacation rentals?	9/21/2018 6:21 AM
107	We must do something about the parking downtown.	9/20/2018 9:33 PM
108	Keep things simple, please. Napa is recovering from devastating fires. Lets focus on that. Stop growing. Help your citizens. Go back to respecting nature... embrace it as your progression. Natural spaces are the heart of Napa. We need them to persist. No new wineries. No new high-end mall, no new developments. Focus on your people.	9/20/2018 9:12 PM
109	The Supervisors are to the right of the people on protecting the oak woodlands and wild areas. The closeness of Measure C shows that. Most folks were confused about whether it helped or hurt nature because of an intentionally confusing "no" campaign. It was shameful and the Supervisor's stance was shameful. I hope they change.	9/20/2018 8:47 PM
110	Ask the public's opinion and stay in touch, a newsletter perhaps.	9/20/2018 7:35 PM
111	Bring stake holders from communities affected by policies and procedures together in their communities to educate them and get them more involved in self governance.	9/20/2018 11:48 AM
112	roads and traffic. It is getting so bad and we are forcing people to find creative alternative routes around the bottlenecks	9/20/2018 10:31 AM
113	Make public health (i.e. air quality, water quantity and quality, affordable housing, etc.) a true TOP priority by following through on the steps needed to achieve this, balancing out the influence of the financial elite and that of the rest of the population (listening to the concerns of ALL Napa citizens, especially people of color).	9/19/2018 11:25 PM
114	More family business and fewer out of town corporates. Hotels should encourage some sort of alternate transportation to tourist. Keep the drunks off the road	9/19/2018 11:17 PM
115	Go back to serving the residents of Napa vs the tourists. Seek input from the residents....ie who wants to spend all the money for a new jail while our public services are declining, our roads are a disaster, our schools are poor. And all of this from such a wealthy region. Measure C got on the ballot because no BOS was listening to the residents. This will continue to happen until the good of all is taken into account.	9/19/2018 6:20 PM
116	More compassionate approach to everyone living here from the wildlife, domestic animals, homeless and under served populations. Elimination of cruel practices like euthanasia of impounded animals and wild animals. Live and let be.	9/19/2018 3:17 PM
117	easy access to public transportation to tourist and locals to get cars off the highway	9/19/2018 1:11 PM
118	nada	9/19/2018 11:47 AM
119	Moratorium on permitting wineries and vineyards in Ag Watershed lands. More substantial monitoring of water quality and quantity. Make decisions for the public, not for the industries. stop elected and appointed officials forcing lawsuits by cowering to wine and hospitality industries. Citizens bare the burden.	9/19/2018 11:32 AM
120	no se	9/19/2018 11:27 AM
121	It is time to focus on the work force (low income) community to close some of the loop holes regarding all aspects of a healthy community.	9/19/2018 11:20 AM
122	nada	9/19/2018 11:11 AM
123	nada	9/19/2018 11:01 AM
124	nada	9/19/2018 10:54 AM
125	No more wine tasting bars. We don't need more drunks. We need more affordable restaurants with healthy options. Bring in Amici's Pizza and a BJ's.	9/19/2018 4:04 AM
126	Fix the roads	9/18/2018 8:00 AM
127	go outside and look at the natural environment for inspiration. don't be driven by the powerful organizations. do take some chances with new ideas. streamline meetings and reports. don't let down on the new and necessary focus on emergency preparedness. celebrate your successes.	9/17/2018 8:58 PM

## Napa County Strategic Plan Survey of Community Members

128	Find a way to put as many committees together and get as much of the community involved. Stop spending money on Buildings and the top for efficiency, GoTo meetings and work together from the Cyber space. Have development and businesses that are getting write off's pay for some of the social services. Don't penalize the developers coming in. If we are going to be a tourist town then every hotel and every business that comes into Napa has to be part of the solution of housing and paying their employees	9/17/2018 4:14 PM
129	I'll leave you with Thomas Jefferson: A wise and frugal government, which shall restrain men from injuring one another, shall leave them otherwise free to regulate their own pursuits of industry and improvement.	9/17/2018 3:40 PM
130	Focus on the locals' quality of life and less on tourism.	9/17/2018 2:18 PM
131	Why not make use of the trains to help eliminate traffic issues? Also to attract tourists to stay in St. Helena, allow the building of another hotel within walking distance of downtown. This would help businesses.	9/17/2018 1:52 PM
132	Reduction of traffic, reduction of "events", put pressure on non-resident home ownership to free up the housing stock for locals, and stop the cannibalization of the market place by oversaturation of wineries, restaurants, hotels, etc...	9/17/2018 1:51 PM
133	Neighborhoods are being destroyed with weekend/weekly. The traffic is so bad, locals don't go to events in there own town. On a work day it takes me 20 minutes to get through main street St. Helena. Care about the people living here and not the tourist.	9/17/2018 1:34 PM
134	support your undocumented workers, we are here, we exist, we are Napa.	9/16/2018 10:40 PM
135	County Supervisors need to represent ALL constituents in the county, not just the wine & hospitality business	9/16/2018 5:36 PM
136	No more fires. No more re-zoning residential footprint to any business use. Show us the county "means it" on affordable housing.	9/16/2018 12:37 PM
137	Stop approving every winery project that comes before the planning dept, planning commissioners and supervisors. Stop mitigating away every concern from the opposition's experts by believing only the County's experts (AES) who always find in favor of the project. Have more protections for clean air and water---they will only become more scarce with global warming. Approve a truly decisive and protective CAP program. Stop focusing so much on increasing tourism and refocus on residents. Napa Valley is now known as the Disney World of wines.	9/16/2018 12:17 PM
138	Fix Soda Canyon Road. It's a mess and lowers our property values.	9/16/2018 10:54 AM
139	No more vineyards on the hillsides Protect our water resources	9/16/2018 10:26 AM
140	Improve policing of speeding, red light running, disregard for pedestrians, ungodly loud motorcycles and vehicles and military-size leaf blowers!	9/16/2018 9:24 AM
141	Stop building hotels and wine bars. Housing for lower wage earners will never keep up with Hotels. If we must have a new "civic center" it should only be built if Napa has the money needed and taxpayers agree to it being a priority over maintaining roads, health programs, and controlling litter that is seemingly everywhere.	9/16/2018 8:11 AM
142	Access to information about about private and public development projects. You can see these going on but there is no easy way to find out what they are or about their history.	9/15/2018 10:09 PM
143	Quit trying to turn the place into some Disney/Vegas wine retreat.	9/15/2018 5:51 PM
144	Traffic help please!	9/15/2018 1:50 PM
145	Keep all public interests in mind, not only wineries.	9/15/2018 12:48 PM
146	Cancer is a major concern. Why do we have such high rates? Are pesticides harming our water and air? Excessive development of wineries is harming our quality of life. What community needs 500 to 600 wineries? The County needs to figure out how to measure the true cumulative effects of all this development in the county. For years we have maintained that agriculture is better than housing. When every square inch of the county is covered with wineries, I'm not sure they are superior to housing when we cannot maintain a decent quality of life for everyone.	9/15/2018 12:33 PM
147	It is crucial that the people who work here are also able to live here. Finding ways to increase livability for anyone under middle class income brackets must be multi-faceted: if people do not need to live in Vallejo to work in Napa, traffic can be reduced. If middle-low income families can afford to dine out and shop in Napa, they are more likely to spend their money here: feed the local-driven economy. Support Napa Valley College as a pathway for young people who live here to develop skills and training that allows them to thrive as members of this community. Support non-profit community based organizations that provide services to everyone in the community.	9/15/2018 12:29 PM
148	Prioritize community over tourism. The tourists will still come. Meanwhile there is not even a downtown grocery!	9/15/2018 12:09 PM

## Napa County Strategic Plan Survey of Community Members

149	Napa County needs to focus on core responsibilities, condition of roads, evolved thinking on transportation, involve ALL stakeholders in responsibility and solutions, more efficient government that actually could cost less. You left EDUCATION out of this survey which also requires more evolved thinking, transportation plan, water use, etc.	9/15/2018 11:39 AM
150	Listen to the voices who have a hard time speaking	9/15/2018 11:38 AM
151	We need community gardens. We DO NOT NEED oak tree removal, more hotels, more wine tasting venues, more wineries.	9/15/2018 11:34 AM
152	Expand Agricultural Preserve, support farmers, continue strong collaboration with the arts.	9/15/2018 10:56 AM
153	finish bike paths all the way to Calistoga	9/15/2018 9:51 AM
154	None at this time	9/15/2018 8:06 AM
155	I grew up in the cleanest town in the Southeastern US for years -- we took pride in it, and it attracted followership. Blight must go, trash must go, overgrown vegetation must go, rust and unpainted surfaces must go. You get the point. People should look around and want to be anywhere in the County. Everyone can play in this -- property owners should make the first step.	9/15/2018 7:13 AM
156	Quit okaying projects that cause congestion because of lack of infrastructure. Ex the development on Silverado trail at Calistoga.	9/15/2018 6:59 AM
157	Education reform	9/15/2018 3:09 AM
158	None	9/14/2018 9:28 PM
159	I wish we had a community center. Meeting places. Park programs (like music in the park and Farmer's Markets). Benches on more corners. Ambassadors who roam the streets looking for tourists -- we encountered this in Holland, Michigan. A lady stopped us, opened her brief case, told us about some sites to look at, gave us maps, and cheerfully invited us back again. I can't wait to return to visit!! We need more intentional friendliness on our sidewalks. AND PUBLIC BATHROOMS. Please.	9/14/2018 9:20 PM
160	Provide strict limits to growth in Napa and Calistoga--both cities are pursuing unbridled development. It negatively affects the rest of us in the county.	9/14/2018 8:34 PM
161	Stop allowing buildings, such as the old Safeway on Jefferson, or the old Soscol Café, or the old, historic post office, or the old City Hall...languish in an unfinished state. Now I suppose the Vallerger's market is going to remain empty for years. STOP putting in drug stores, hamburger places and pizza places! We need REAL AMERICAN FOOD places! Why is the Old Adobe building on Soscol taking YEARS to finish? And why don't we have even ONE good department store? Why do we have to go to Fairfield to find that? I love living in Napa, but if it's going to be either a pizza or fast food place vs. highly overpriced tourist places (If I were them, I'd be pissed!), I don't feel like it's my town.	9/14/2018 8:29 PM
162	There are enough wineries. Let's keep the ones we have viable.	9/14/2018 8:14 PM
163	KEEP OUR SMALL TOWN & AG COMMUNITIES IMAGES IN TACT	9/14/2018 8:09 PM
164	Reduce traffic, improve water sources	9/14/2018 7:37 PM
165	Educar a la gente a cuidar el lugar donde vivimos y cuidar nuestro condado. Gracias	9/14/2018 5:14 PM
166	Fewer vineyards, wineries, restaurants, pricey hotels, more services for residents whose income is truly lower-to-middle class	9/14/2018 3:38 PM
167	I am in the tour business here in Napa, and believe me... people are already going to other areas because of Napa's 'traffic and cost'. Stop funding Visit Napa Valley. Let that \$\$ go to fixing our roads and building/loaning for affordable housing. I've been here for 25 years... already moved from St Helena to Napa because of the traffic up there. Now I feel like I just need to leave. Yes, my answers are probably all over the map... but that is how life feels here...pulled in a lot of directions just to survive.	9/14/2018 3:01 PM
168	1) respect the rural serenity 2) keep vertical growth and keep appropriate approval of commercial development within City limits.	9/14/2018 2:29 PM
169	Tourists have made Napa Valley what it is today: therein lies the problem.	9/14/2018 2:24 PM
170	Political representatives need to be more engaged in their responsibilities and put their egos in their back pockets. They seem to glide over issues that are not critical, ignoring their check list as our representatives.	9/14/2018 1:12 PM
171	I seem to hear a need to court the developers. No, they will show up if the project is feasible and profitable. Better to fund more and keep the housing inventory than over build to get some affordable housing.	9/14/2018 12:21 PM

## Napa County Strategic Plan Survey of Community Members

172	(1) Inspect every house in high-risk fire areas, give them a grade, and list what needs to be done to be fire-ready. (2) Invest in mental health, which underlies many issues in our less advantaged community. (3) Find a way to bring fresh new ideas into our community - e.g. a broader version of Leadership NV.	9/14/2018 11:28 AM
173	Have a temporary moratorium on all growth. Reevaluate the available natural resources, water, etc.	9/14/2018 10:23 AM
174	More focus on Napa as an agricultural area rather than a tourist destination. If we lose the agriculture, we will ultimately lose the tourism.	9/14/2018 8:36 AM
175	Slow down, do it right the first time. This a small valley, and should never aspire to be a contender globally. We are selling off the identity of our community. Stop it.	9/13/2018 8:02 PM
176	Clean air, earth, water and attention to the needs/wants of local community members and workers.	9/13/2018 7:36 PM
177	Slow down the growth and development of housing.	9/13/2018 4:41 PM
178	no se	9/13/2018 2:38 PM
179	Keep It Simple!	9/13/2018 2:27 PM
180	Hear the people. It involves more than "listening."	9/13/2018 1:34 PM
181	Thanks for distributing this survey. Please insure that people of lower incomes and minority views are approached and listened to! Ask who is filling out this survey - anyone left out?	9/13/2018 12:38 PM
182	Control rapid growth	9/13/2018 12:31 PM
183	GO GET SOME TECH JOBS HERE- LET THE WINERIES SHAKE- WE WON'T TAKE THEIR LOW WAGES AND FICKLE BEHAVIOR ONCE THOSE INDUSTRIES ARE HERE- AND THE ACTUAL NATIVE YOUTH OF THIS PLACE WILL NOT WANT TO/HAVE TO MOVE FAR AWAY TO MAKE ROOM FOR LOW INCOME WORKERS AND HYPER RICH WITH VRBOS.	9/13/2018 11:48 AM
184	1) Keeping "balance" in mind when making decisions.... 2) If a large new winery (or any other big use change) has been approved, maybe we should wait a few years to see how it actually impacts the community before approving more. Too much of a "good thing" can ruin us....	9/13/2018 10:26 AM
185	Increase funding for Permanent Supportive Housing.	9/13/2018 8:16 AM
186	Slow or halt development and focus on affordable housing, easing transportation woes, and protecting the environment from the encroachment of more agriculture and tourism	9/13/2018 7:49 AM
187	Faster response to crime calls Support from police department	9/13/2018 6:46 AM
188	Stop the growth	9/12/2018 9:33 PM
189	Tourist industry and beautify Napa	9/12/2018 9:27 PM
190	Napa needs to slow the growth of the hotel and wine bars downtown. Napa needs to think of keeping Napa, NAPA.	9/12/2018 8:50 PM
191	We really need to focus on quality of life for the residents of Napa, not the tourists and money, which is driving everything. Be a good neighbor, be considerate, start looking at the big picture, not your individual goals and objectives. Stop making money the deciding factor of every decision. We all realize we need to consider the budget but the balance is completely out of balance. Protect the people who make Napa what it is.	9/12/2018 7:26 PM
192	Listen to your tax payers and stop being in front of the media and walk your precincts like Brad get to know your constituents!	9/12/2018 5:32 PM
193	Keep it as wild and beautiful as possible!	9/12/2018 5:13 PM
194	Napa has no metric, policy or guidance on how to prevent cumulative impacts (declining housing availability, poor air and water quality, deforestation) to the air and water due to excessive tourism, vineyards and wineries. Do you want to kill the goose that lays the golden egg?	9/12/2018 4:50 PM
195	Business, agriculture and community development. Promote communities and downplay code enforcement which supports government supported community bullies. Increase recreational opportunity (hiking, biking and kayaking) and support an active Arts community.	9/12/2018 3:18 PM
196	Put a moratorium on development until we have a better jobs/housing balance and a better idea of water availability in the hillsides.	9/12/2018 3:13 PM
197	Focus on the population that lives here year around.	9/12/2018 11:33 AM
198	Better fire response time and not having all the phones go out. It was horrible, think of moving out of Napa	9/12/2018 11:18 AM
199	(see previous comments re: development downtown)...and since I forgot to mention it there, we also need some "chain" stores down there...I drive out of town to shop at Sephora, Bath and Body Works, Apple, Costco, Nordstrom. Seems like a non-issue but I'd rather spend my \$ in Napa and god knows we have the available spaces! Again, more parking.	9/12/2018 10:03 AM

## Napa County Strategic Plan Survey of Community Members

200	keep going	9/12/2018 7:56 AM
201	interactuarcon la población y darce cuenta en sus necesidades del Valle de Napa hogar dulce hogar	9/11/2018 11:56 PM
202	#1 - Fix traffic problem on 29 between American Canyon and Yountville and through St. Helena.	9/11/2018 5:13 PM
203	I repeat. Stop new vineyards. Plant more oaks and bee forage and natives. Encourage other kinds of crops. We used to have fruit trees. Encourage vegetable farming. Keep scooters away from Napa. Encourage bicycle use (bike share, like SF)	9/11/2018 4:35 PM
204	keeping a small town feel while acknowledging that NV is a world-class destination	9/11/2018 4:05 PM
205	love and peace please	9/11/2018 3:51 PM
206	Manage growth without stifling efforts to rebuild/rehabilitate existing development	9/11/2018 3:29 PM
207	Cultural competency, LGBTQ training, Immigration information and more is highly needed at Sherrifs office, Napa government, NVUSD district, Napa court, Supervisors group, Board of Education and NVC Board of trustees. I will repeat we need rent freeze and rent control now. or Increase wages, we cannot continue living the way we are. Stop displacing people of color, stop displacing our field workers. Protect the community from ICE actions. End mental health stigma. Hopefully this survey is a start to a better Napa. Thank you.	9/11/2018 2:08 PM
208	Slow the growth of tourism industry - there are too many hotels, wine tasting rooms, wineries with event permits etc. Focus on the quality of life for local residents, not on the "tourist experience".	9/11/2018 1:28 PM
209	Take care of our own residence first!	9/11/2018 12:43 PM
210	Think of Napa County as a potential leader of what the future of rural first-world life in the world can be. Globally engaged, technologically savvy, locally-created but internationally exported, small town with a big impact. Leverage our best attributes environmentally friendly, artisan, creative, self-sufficient, internationally recognized, near center of the tech revolution, progressive, and inclusive.	9/11/2018 12:27 PM
211	Nothing further at this time.	9/11/2018 12:10 PM
212	Start saying yes to change.	9/11/2018 10:49 AM
213	Viviendas mas baratas y que no esten subiendo la renta	9/11/2018 9:49 AM
214	Me jor comunicacion a la comunida asiendo que partisepe	9/11/2018 9:28 AM
215	STRICTER EFORCEMENT ON AIR QUALITY REQUIREMENTS.	9/11/2018 8:56 AM
216	More open space	9/10/2018 11:03 PM
217	Develop a Community group that has work days to help elders or disabled with deferred home maintenance.	9/10/2018 9:55 PM
218	Más trabajo mejores salarios	9/10/2018 7:56 PM
219	Keep Napa citizens up to date with frequent surveys and results	9/10/2018 4:19 PM
220	Conduct open meetings with all city leaders quarterly and seek citizen input.	9/10/2018 4:08 PM
221	None--the list appears to be daunting!	9/10/2018 4:02 PM
222	Never make promises that you can't keep.	9/10/2018 3:38 PM
223	Be a leader and show all the community how the County will be reducing their employee impact to the roads coming into Napa.	9/10/2018 3:29 PM
224	Remember those of us who live here, not just visitors and weekenders. Do something about parking downtown or keep it just for tourists, your choice, but I don't feel welcome in my own downtown.	9/10/2018 1:56 PM
225	More small affordable homes. Keep up the free or affordable cultural and public events for locals.	9/10/2018 1:49 PM
226	Diversify crops. Build walkable housing.	9/10/2018 1:47 PM
227	Access to affordable shopping for locals. Not everyone is wealthy and can afford to shop in St Helena or Calistoga stores. Everyone has to leave town to shop for food, clothing, misc.items	9/10/2018 1:37 PM
228	Model traffic patterns and cumulative impact of development in the valley on traffic. Use modern stochastic modeling systems. Discover the bottlenecks and aggregate limits.	9/10/2018 1:12 PM
229	Put local quality of life above powerful special interests in all you do.	9/10/2018 1:01 PM
230	Install emergency sirens to be used in case of fire, earthquakes, etc. to alert people who need to evacuate or check their phones/radios for more information. Nixle alerts (when they work) are fine if you are awake and have your phone on you, and the battery is not dead. But it's not a great solution for those of us who are not velcroed to our phones.	9/10/2018 12:31 PM

## Napa County Strategic Plan Survey of Community Members

231	Place a moratorium on new wineries and hotels. You are allowing certain kinds of economic growth to outpace our infrastructures' capabilities and contributing to worse air quality.	9/10/2018 11:52 AM
232	More representation from Hispanic community.	9/10/2018 9:50 AM
233	A clubhouse for the lgbtq community and for aa and na	9/10/2018 9:33 AM
234	Encourage responsible (i.e., limited) growth. Keep Napa county focused on what makes it special -- rural quality, agriculture, open and protected spaces, good habitat for wildlife (animal corridors like those encouraged by the Land Trust). Figure out the housing and traffic problems -- lack of sufficient low cost and moderate cost housing, and too many people in private cars (workers and visitors) on the roads. This is destroying the quality of life in large parts of the county.	9/10/2018 8:49 AM
235	Add parking. Have government agencies take responsibility to MOVE issues, approvals, permits, etc. and NOT cost businesses years of COST jumping through hoops and fees. WE are tired of government ineffectiveness. Shame.	9/9/2018 8:15 PM
236	Require wineries and hotels to share the burden of housing their employees. Continue and increase fixing the roads and sidewalks. Provide WiFi in downtown areas. Hold wineries accountable to their permits. Fine violators a significant amount.	9/9/2018 6:13 PM
237	Get American Canyon to shape up. Also get the State to FORCE wayward communities to insist on sensible traffic volume policies.	9/9/2018 4:59 PM
238	Either lower prices of goods and services or supplement income for low wage resident so they can afford to purchase and participate in local costs	9/9/2018 4:28 PM
239	Recognize the balance of tourism and local community Maintain the beauty of our valley by restricting development of the farmland	9/9/2018 2:57 PM
240	Work with municipalities to insure water for people.	9/9/2018 12:00 PM
241	I've stated it all.	9/9/2018 11:54 AM
242	there is an excess of overlap in org and services that wastes a lot of \$\$ and energy in support of ego. rational aggregation of many of these programs will result in more effective communication and service delivery.	9/9/2018 11:44 AM
243	helping those who lost homes in the fires. making the rebuilding permit process easier and more efficient.	9/9/2018 11:41 AM
244	We need to work together more. Do we really need to build such a large city hall?	9/9/2018 10:08 AM
245	Improve education by better spending strategies, create a closer community through activities or discussions, have representation from underrepresented communities, and to allow for more affordable housing.	9/8/2018 9:18 AM
246	Create affordable housing for your working population!	9/8/2018 8:09 AM
247	Making everything more beautiful in all that we do and build.	9/8/2018 12:06 AM
248	In American Canyon we are congested with cars because we do not promote safe walking and biking. (try to cross 29 to Walmart and walk along 29) (try to walk to the Middle school from the other side of 29...no side walk!!!)	9/7/2018 9:29 PM
249	Working together county wide.	9/7/2018 3:32 PM
250	Focus more on helping people that have lived here all their lives to be able to continue to afford to live in Napa.	9/7/2018 2:30 PM
251	We need a market based approach to the housing crisis not a bunch of government subsidized programs that are ineffective and have multiple unintended consequences.	9/7/2018 12:45 PM
252	Monirtoriar para que las diferentes empresas disminuyan el uso de pesticidas en el area , ya que Napa esta siendo conciderado como uno de las areas de mas riesgo para la salud , esponiendo a la poblacion a desarrolar mas alergias y lo mas inportante incrementando el riesgo de Cancer.	9/7/2018 9:10 AM
253	Greatly reduce all tourist and winery related project approvals and permits. Do not allow greater than a 1% annual increase in tourist and winery related development.	9/6/2018 10:53 PM
254	Prohibit large sprawl projects like Napa Pipe; they only worsen traffic and air quality, decrease water availability and increase urban blight	9/6/2018 3:34 PM
255	Continue to engage the communities advice and interest in all aspects of quality of life.	9/6/2018 2:25 PM
256	While recognizing tourism and wine are the main industry in Napa county, and the focus by Visit Napa supports that, the county needs to realize that the workers that are in these industries are what make them function. More focus needs to be put towards the low income workers that make Visit Napa possible. Its not just the wealthy and the visitors that make up Napa county. The county recognizes this, but not enough resources are being put towards this issue. Traffic through American Canyon would decrease if everyone didn't have to commute from Vallejo.	9/6/2018 1:50 PM

## Napa County Strategic Plan Survey of Community Members

257	Appreciate the County doing this...	9/6/2018 11:48 AM
258	re-examine policies in place, regarding when a program or assistance is over. e.g. when someone is doing better in life thanks to all the support and the programs ends because of that same thing.	9/6/2018 10:15 AM
259	MORE AFFORDABLE HOUSING. INSTALL SPEEDS BUMPS ON NEIGHBORHOOD ROADS THAT ARE SPED DOWN LIKE HIGHWAYS. LAUREL AND FOOTHILL BLVD IN WESTWOOD ARE SO BAD.	9/6/2018 10:12 AM
260	For the benefit of senior citizens I would strongly suggest that Napa and City Officials visit the senior housing sites and answer questions as well as gve presentations.	9/6/2018 9:44 AM
261	Form a vision for our community that addresses the realities of our ag/tourism economy and builds on it while providing both local and visitor serving amenities and services.	9/6/2018 8:56 AM
262	Please see previous response. Protected natural resources, better transportation in and to the county, more parks and open space and outdoor recreational opportunities. Better support for mental health, including suicide prevention programs and addressing homeless issues by providing help or policing better.	9/6/2018 8:49 AM
263	Increase the community events to gather locals and not just tourist.	9/6/2018 8:41 AM
264	Free wine Fridays	9/6/2018 8:41 AM
265	Focus housing and services and tourism in the main city areas reducing the stress on our farming areas	9/6/2018 8:04 AM
266	Improve traffic congestion.	9/6/2018 6:24 AM
267	add more public transportation between counties	9/5/2018 7:00 PM
268	No e	9/5/2018 6:04 PM
269	The county needs to do a better job and be more proactive about reaching out to and being inclusive of our vulnerable populations in our county. Including individuals from diverse cultural, ethnic, socioeconomic status and language backgrounds is key. These are the individuals that live, work and make Napa County what it is and it's only fair to invite everyone who's impacted by policies and changes to the table to be part of the decision making process as well.	9/5/2018 5:38 PM
270	Encourage the development and long-term viability of agriculture. Our ag lands are precious and are vulnerable to housing development. Orange County once had orange groves; Santa Clara was an agricultural oasis. We must defend the right to farm and preserve our great heritage of grape farming and winemaking.	9/5/2018 5:28 PM
271	More mental health in schools, better roads, improve traffic situation from AmCan to Napa. Address racism in Napa County and create a more inclusive community.	9/5/2018 4:55 PM
272	High density housing and public transportation.	9/5/2018 4:45 PM
273	More things that young adults can actually afford.	9/5/2018 4:03 PM
274	We must look to our natural environment and care for it, so it can continue to sustain our community. We need to make some meaningful deposits (examples include no more deforestation; a moratorium on hotel and winery approvals, etc.) to go against our incessant withdrawals (development, etc.)	9/5/2018 4:02 PM
275	Break the glass sealing between upper and lower class, we are all part of the same community.	9/5/2018 2:13 PM
276	Affordable housing	9/5/2018 1:46 PM
277	none at this time	9/5/2018 12:42 PM
278	Enhanced protections for our hillside watersheds.	9/5/2018 12:41 PM
279	It is not clear how we measure "quality of life" tho there are many examples by public and private enterprises. Please tell us where we are today before you set goals and strategies for the future.	9/5/2018 12:21 PM
280	Que haya mas accesibilidad a los servicios de salud para todas las familias sin importar los ingresos	9/5/2018 11:41 AM
281	Traffic is a nightmare during school hours. Work with schools to develop a better flow for picking up and dropping off students. More crosswalks and guards around school areas. Stagger the start times and time lights better to accommodate these specific times.	9/5/2018 10:58 AM
282	Que todos los Empleadores ofrezcan aseguranza medica a sus Empleados.	9/5/2018 10:58 AM
283	Higher pay, so we can afford to live here	9/5/2018 10:48 AM
284	N/A	9/5/2018 10:27 AM
285	traffic congestion translates to affordable housing.	9/5/2018 10:20 AM

## Napa County Strategic Plan Survey of Community Members

286	Implement more training programs for any subject, regardless of whether it is male or female, as well as having more opportunities in any area.	9/5/2018 8:53 AM
287	Affordable rent, reasonable wages, more activities for our youth.	9/5/2018 8:43 AM
288	Get rid of the grapes	9/5/2018 8:39 AM
289	Please do what you can to make those of who live here feel that matter and are not living in the way of tourists.	9/5/2018 8:16 AM
290	Leadership and Collaboration	9/5/2018 5:40 AM
291	Focus on locals and message that.	9/4/2018 8:34 PM
292	More affordable housing and higher-paying jobs. Raise taxes on the wealthiest top percentage of residents.	9/4/2018 7:51 PM
293	More concern for Lake Berryessa and less for wineries	9/4/2018 6:33 PM
294	Please keep doing what you are doing. Please call out individuals that are simply "wrench in the spokes" people. Please legislate based on general plan type timescale vs. short term planning. Please keep agriculture the number one business in Napa County, and please keep urban sprawl at bay.	9/4/2018 5:55 PM
295	Impose a moratorium on new hotel development (including the City's own desired hotel) until more affordable housing has been built. This might create an incentive to our elected officials to move more boldly into these areas.	9/4/2018 5:35 PM
296	Safety of persons in emergencies and safety of the environment. Working genuinely with the City with the assumption BOTH side want a favorable outcome.	9/4/2018 5:22 PM
297	Don't fear change. Change is inevitable, it's transition that is sometimes different. Many people feel that preservation of a particular way of life means nothing ever changes. A natural disaster like the earthquake or fires proves that changes can and do come, sometimes when we least expect it. We can't grow and prosper as a community if we fear change.	9/4/2018 5:22 PM
298	Dedicated bilingual individual to translate Nixle alerts. English to Spanish. As our County becomes more diverse English to Tagalog, Hindi etc.	9/4/2018 5:18 PM
299	No more new wineries!	9/4/2018 5:11 PM
300	As noted in an earlier question, one big and positive step would be to develop a process that truly brings folks together to solve issues such as those outlined in Measure C. We have been effective on flood control and other issues. Let's keep that spirit alive.	9/4/2018 4:21 PM
301	Create an honest and vibrant tourism communication thread that goes beyond wine and related tourism. The area is rich with so much more and residents and visitors can be reminded in so many ways beyond the bottle. (And hey, Beyond The Bottle would be a great name for that campaign.)	9/4/2018 4:08 PM
302	Rent Control.	9/4/2018 2:02 PM
303	Put locals first	9/4/2018 12:48 PM
304	If more efforts were made to help locals, instead of tourists, there would be less anger and tension from pseudo environmentalists trying to use the environment as a tool to hurt wineries and vineyards who take the bullet from these disenfranchised folks.	9/4/2018 12:21 PM
305	Do not approve rezoning agriculture land for development of residential or commercial building.	9/4/2018 12:01 PM
306	mas vigilancia , viviendas de bajos recursos , mejores salarios	9/4/2018 12:01 PM
307	Revisit the Environmental Impact Report performed in 2008 in support of the current strategic plan with the objective of ensuring that the assumptions embraced are still valid. Consider a moratorium on all new winery development within the unincorporated areas until this process is complete in order to ensure the integrity of the Winery Definition Ordinance and Napa County's Agricultural Preserve protections.	9/4/2018 10:24 AM
308	recognize that the county has allowed development to grow in a way that has outpaced the opportunity for hospitality and agricultural workers to live here comfortably. No transportation improvements in years, and no real housing improvements (i.e. affordable housing). This simply cannot continue.	9/4/2018 7:21 AM
309	No more hotels. Hotels to pay for workers housing before hotel occupied.	9/3/2018 9:35 PM
310	Selling off unused county owned properties for affordable housening development	9/3/2018 8:37 PM

## Napa County Strategic Plan Survey of Community Members

311	Environmental education programs for people of all ages and backgrounds would be a great addition to Napa County's offerings. Teach people about nature in the heart of the city by offering walking tours of native plants within the flood control project, by highlighting botanical collections or change through time at parks, by getting people out for walks at Skyline and Westwood Hills, and by offering content in multiple languages and for physically or developmentally disabled people.	9/3/2018 8:04 PM
312	Work on improving what is already here, rather than expanding. Make sure every winery is in compliance to their permit. Help foster communities within each town. Discourage, (I don't know how), homes being purchased and not lived in. Get the cars off the road.	9/3/2018 7:29 PM
313	Stop ripping out our forests & using up water for vineyards	9/3/2018 5:03 PM
314	Create areas of strategic focus and deemphasize other issues. Accelerate progress in these areas, and aggressively communicate this progress with the public, including measurables that the County can be held accountable to. Whenever possible, let data (outcomes) drive decisions. Where unbridgeable disagreements arise over the best way to achieve a desired outcome, experiment to find the approach that delivers. (Measure to make sure it, in fact, delivers.) Hopefully, this will help us march forward together, as an engaged community that sees the system working, while avoiding the worst pitfalls. To reiterate the things I feel are most important to focus on: -Maintain the beauty of Napa County by preserving agriculture as the highest and best use of land in the Ag Preserve. This also means encouraging the spread of responsible agriculture into the hillsides. - Chanel non-agricultural development, and especially housing, into denser, walkable city centers. - Build more housing to tackle the high cost of living (especially in walkable city centers.) - Connect these city centers with each other and to the rest of the Bay Area with quick, effective transport links. This includes improving the existing thoroughfares of Highway 29 and the Silverado Trail through smarter timing of lights and new interchanges, as well as new developments of rail, ferry, and bicycle infrastructure.	9/3/2018 5:02 PM
315	Take care of the river, it's use and health	9/3/2018 2:59 PM
316	Protect natural resources. Expand housing and business in populated areas. Do not expand the human footprint in rural areas.	9/3/2018 2:20 PM
317	Think long-term. What do you want this county to look like 20 years from now?	9/3/2018 12:39 PM
318	Convert limitations on the number of visitors to wineries to limitations on number of vehicle trips to wineries. Do this comprehensively, by statute, ordinance or regulation, so that it applies to all wineries, pre-WDO and post-WDO.	9/3/2018 12:21 PM
319	Taking care of our senior citizens helps to create a strong community. These senior citizens have children, many who live in the Napa Valley. When these childrens' parents are well care for and happy, they are more PRODUCTIVE. Let's build a community where all generations are considered; when one generation is happy then the other is happy. It's all (your categories) about connectiveness and inclusiveness. Let us never assign anyone to the outer skirts of Napa.	9/3/2018 12:04 PM
320	actually address housing and transportation instead of just talking about it. Stop singling out the wine industry for all your attention.	9/3/2018 11:41 AM
321	Be very careful. What had made Napa County attractive to guests is being lost, becoming phony and is looking like a parody of itself. That parody will turn people away and we will be a joke.	9/3/2018 9:49 AM
322	Road infrastructure . With the increasing number of tourists and native Napans having to drive elsewhere for jobs and housing (because they cannot afford to live in the city they were raised in) the roads are clogged with traffic and what once used to be a 10 -15 minute drive can now easily take 20-40 minutes. AWFUL!!!	9/3/2018 9:47 AM
323	Watch the passionate leaders of our future and encourage them. Mentor them. Train them. Exchange ideas. Allow their ideas, music and poetry, art to influence our future. All colors, all religions, all.	9/3/2018 6:57 AM
324	We are blessed in many ways with funding coming from our ag and tourist base, strict growth restrictions & long range planning. If the county approves expansion then services, access & affordable employee housing must also keep pace if we are to avoid increased tourist disenchantmet or worse yet, serious business swings during economic downturns.	9/3/2018 4:04 AM
325	Discontinue all development until general plan is reconsidered with current data.	9/2/2018 10:42 PM
326	promote small business not franchises	9/2/2018 2:08 PM
327	Stop pandering to tourism and the wine industry and start paying attention to our local problems of traffic, housing,environmental degradation and the ongoing destruction of our ag preserve and watersheds.	9/2/2018 1:20 PM
328	develop plan to limit growth - less is more	9/2/2018 11:51 AM
329	I think that existing programs in place maybe adequate but need to focus more on implementation fairly across the board & not treat special interest groups differently.	9/2/2018 11:12 AM
330	tba	9/2/2018 6:54 AM

## Napa County Strategic Plan Survey of Community Members

331	Encourage experimentation via pilot projects (such as workforce housing when it was first proposed). These could include expanding the farm labor dwelling definition to make more types of working-class households eligible; redeveloping a few vacant lots in existing mobilehome parks as "multifamily (two-story) manufactured homes;" involve a broader group of people who are busy living and working here in the policy process, somehow. This may require specific reach-out efforts to find people who are good at connecting with others on various issues.	9/2/2018 5:07 AM
332	SLOW DOWN AND TAKE A BREATH. NAPA IS HOME TO MORE THAN THE DOWNTOWN NAPA BUSINESSES!!!	9/1/2018 7:17 PM
333	Combine the Chamber of Commerces-Napa, Yountville, St Helena, and Calistoga so they are more effective at marketing the County as a whole rather than individual areas to visit.	9/1/2018 4:31 PM
334	try keeping it simple and basic.	9/1/2018 4:01 PM
335	Never give up on our beautiful valley	9/1/2018 4:01 PM
336	Eliminate big scale development, especially from outside Mapa Valley. They have no vested interest in maintaining quality of life on Napa Co. This includes both housing and agricultural.	9/1/2018 2:13 PM
337	Support having all segments of the community working together to find common ground.	9/1/2018 1:21 PM
338	Close attention to the housing crisis. This must be addressed. No more hotels and wineries for awhile. Focus on the voters, not the visitors.	9/1/2018 12:26 PM
339	Promote opening of more businesses that can be supported by lower-middle income locals not just those for high income tourists	9/1/2018 8:43 AM
340	Housing, housing, housing! Restore balance of rented to owned homes ratio to 20/80!!! So many other problems will naturally fix themselves with this change.	9/1/2018 8:34 AM
341	Traffic, traffic, TRAFFIC!	9/1/2018 8:14 AM
342	Treat us with respect. Listen to us...not big corporations!	9/1/2018 7:42 AM
343	Expand mental health services into the community, not just at Health and human Services. With all that this world is coming to, it would be great to see people working IN the community, hand in hand with those who need it the most. Perhaps it could prevent some of the things we all see day to day and turn our shoulders to.	9/1/2018 5:53 AM
344	quit kowtowing to the NVV's whims ie, at least two of the county planning commissioners and one of the supervisors are shills for the industry's wants and make it very clear they will do whatever NVV wants	8/31/2018 10:50 PM
345	To preserve the natural beauty of this magnificent Napa Valley.	8/31/2018 10:30 PM
346	Control traffic increases driven by new or increased winery event center visitations.	8/31/2018 9:38 PM
347	More affordable housing and more services for disabled homeless and vets	8/31/2018 9:28 PM
348	Open town houses. Allow for water earth protection. Focus back on residents not to rise monoculture dagerous and harmful to environment! Mono economic driver of tourism iy we vulnerable basis for local economy.	8/31/2018 8:20 PM
349	Need to slow the growth traffic is getting horrendous	8/31/2018 7:26 PM
350	Keep the Hispanics under control on their way to and from work.	8/31/2018 6:53 PM
351	Stop the over proliferation of vineyards and wineries.	8/31/2018 6:35 PM
352	Stop approving new winery projects and expansions. Focus on diversity - in terms of our economy and environment - we are more than just the wine industry. Do this enough to make a real impact, and be heros. Truly. Thank you!	8/31/2018 6:28 PM
353	None	8/31/2018 5:48 PM
354	I'd really like to a decrease in expanded development (and in turn, traffic). Napa can still be a major tourist destination, without losing sight of it's smaller town charm.	8/31/2018 5:45 PM
355	Put Napans first and tourists second for a change. The people that live here 365 days a year feel they've been bulldozed with no regard to our history. Without the people that live here, and love this valley as their home, it is nothing more than another Disneyland.	8/31/2018 5:34 PM
356	More alternative energy creation. More power lines underground. More County staff and safety people engaged in regular relationships with the schools, get the kids engaged in the local government processes at an early age. Make government cool to kids. Make government workers and police friendly partners to the kids and staff in the school culture.	8/31/2018 5:23 PM

## Napa County Strategic Plan Survey of Community Members

357	I love seeing the road improvements but the order that it has been going in is just plain stupid. The worst rated streets are still unpaved and only getting worse while streets that have a better rating are being repaved. I understand it's cheaper to do these streets, but you have to replace the worst ones at some point anyway, why not get it out of the way so these people can stop driving on gravel roads in the middle of Napa.	8/31/2018 4:39 PM
358	Teach our city and county employees basic biology, botany, chemistry. Do NOT make conservation measures more lax. Hold wineries accountable for failing to follow our rules/environmental laws. Stop approving asphalt over, or building event centers in ag land.	8/31/2018 4:38 PM
359	Again, maintain a strong focus on the county's residents and the local economy.	8/31/2018 3:43 PM
360	I think you are doing a good job	8/31/2018 2:47 PM
361	put out info out more to the community to add more impute I just happen to run into someone from the county to fill this out, contiun through the three years	8/31/2018 2:29 PM
362	Support, maintain, encourage and sustain the AG PRESERVE	8/31/2018 2:23 PM
363	Traffic congestion gets worse every year. Do we need more lanes, more overpasses or more buses/shuttles?	8/31/2018 12:17 PM
364	Continue working towards fortifying Napa's economic vitality.	8/31/2018 12:16 PM
365	The County should balance the interests of the wine and tourism industry with the needs of County residents. This would include seeking to increase opportunities to advance population health by implementing policies and programs that promote equity.	8/31/2018 12:01 PM
366	Invest County resources in expanding the production of locally grown/produced food, and local food programs.	8/31/2018 11:41 AM
367	Return to the middle class. More emphasis on family not totally tourism. More support of Non-profits.	8/31/2018 11:32 AM
368	traffic and congestion and housing are your top issues, let those who want to clog our roads pay for the privilege, and if your going to build something make it blend in, as opposed to building grand mausoleums for big egos	8/31/2018 6:29 AM
369	More wine!!!!!!!!!!!!!!!!!!!!	8/31/2018 1:17 AM
370	support public art and the development of culture limit chain stores	8/30/2018 7:56 PM
371	Napa needs more family activities.	8/30/2018 5:37 PM
372	Slow the growth until we have a handle on the water supply and traffic and housing	8/30/2018 4:27 PM
373	Care for water more, instead of selling it or allowing it to be polluted.	8/30/2018 4:20 PM
374	Helping the homeless is another suggestion-need more funds to help. Main concern is traffic and affordable housing.	8/30/2018 3:50 PM
375	Sticking lots of 'housing' in areas where they 'don't fit' is more of a negative than positive for the community as a whole.	8/30/2018 3:21 PM
376	Need County Supervisors to advocate for more schools in American Canyon.	8/30/2018 3:11 PM
377	Focus on the needs of locals. Stop being greedy with all the tourist income and focus on those who make the county function.	8/30/2018 2:34 PM
378	Provide more affordable housing and increase wages	8/30/2018 2:28 PM
379	Limit the number of properties people can own. They control the market to a ridiculous extent. Over 2K for a small 2 bedroom is not realistic and will sabotage our community's growth.	8/30/2018 2:22 PM
380	Study and address air and water quality in Napa! The wineries and vineyards have created many environmental issues and it may be detrimental to the health of the people.	8/30/2018 1:22 PM
381	focus on community prosperity, not on increasing tourism.	8/30/2018 1:04 PM
382	eliminate the County Supervisors and Bureaucracy that is stifling growth and catering only to fringe special interests and the wealthy.	8/30/2018 12:52 PM
383	Continue to build inclusivity Make collaboration a priority More accessible and responsive government Fund prevention as it leads to the best outcomes Seek authentic community participation outside of elections and strategic planning processes	8/30/2018 11:55 AM

## Napa County Strategic Plan Survey of Community Members

384	All Napa County Departments should consider addressing inequities (in terms of income, race, health, etc) in our community as part of their mission. Decisions made in planning and building or by law enforcement can and historically have led to unintended consequences for low income communities of color. All county employees should have racial equity as part of the lens they use when making decisions. A diverse community benefits everyone who lives here (how much worse will traffic be when teachers and emergency workers and others have to commute in because they can't afford to live here anymore??) and the county as a whole could do a better job of considering the needs of all of residents (not just the loudest and richest) in its decision making.	8/30/2018 11:44 AM
385	No question that we must severely limit growth and development, especially in environmentally sensitive areas.	8/30/2018 11:20 AM
386	Please focus on the residents wants and needs. We have enough tasting room in downtown Napa to accommodate the tourists. continue to focus on the quality and quantity of parks and open spaces for use by residents. Traffic congestion in Napa and in and out of Napa needs to be a top priority. Since I do not see commuters going to a common place, transportation improvements need to focus on widening roads and improving flow with overpasses and alternate routes.	8/30/2018 10:51 AM
387	Affordable housing should definitely be main a priority within the county over these next few years.	8/30/2018 10:34 AM
388	Rent control.	8/30/2018 10:16 AM
389	Build some public fields for Napa Soccer and Napa Force lacrosse to use. It is desperately needed--take some land by Kennedy park. Fake turf, lights, year round sports so we can get more games for our families that live here--every surrounding city has a complex and we are NAPA with nothing! Make the people that live here feel like some of the tourist money is coming back to them. PLUS, the county will eventually make money off the rent from the fields that is paid by the leagues. That is an easy project to just get done.	8/30/2018 9:49 AM
390	Napa County is extremely lacking in quality infant childcare options. Currently there is really only one acceptable daycare in Le Petit Elephant. This needs to change.	8/30/2018 9:22 AM
391	Education as to the history, success and responsibility of our vineyards and wineries. It is a good thing we didn't get paved over like the Santa Clara Valley.	8/30/2018 8:33 AM
392	Keep locals in mind and not just the tourists	8/30/2018 8:14 AM
393	By keeping the population as low as possible which will help keep traffic down and many of the other issues in this survey in a better way. This will help solve issues in all of the topics in this survey	8/30/2018 7:08 AM
394	Claw back much more power from the mobile home park owners. They have way too much say and too much power over the old, frail and poor seniors who have nobody in the county fighting the owners on their behalf - nada - nobody and how way of getting anybody to help us.	8/30/2018 3:38 AM
395	Have more surveys, which is easier for all us than public &/or neighborhood meetings. The balance of development versus open space is difficult, but must be maintained and erred on the side of sustainability.	8/29/2018 9:50 PM
396	Continue to periodically surveys. Identify answers given btwn full-time and part-time residents.	8/29/2018 9:30 PM
397	Focus on local people, not TOT and tourists.	8/29/2018 9:26 PM
398	If you are not a Napa native then leave	8/29/2018 8:42 PM
399	I would like to hear variety of proposals in all the areas listed-- what are current identified problems, what done in the past, what now being done, what goals have been set for future, what actions are suggested to achieve goals, what are barriers, what are consequences of an action, what could mitigate the obstacles and problems, what is needed to implement. etc	8/29/2018 8:34 PM
400	Affordable living for single income households. Especially those that work hard and don't qualify for assistance. Or do qualify but don't want to take advantage. Not allowing people to take advantage of welfare, housing etc.	8/29/2018 8:11 PM
401	Start creating permeable drainage system instead of blacktopping everything. By making the gutters/sewers of a street permeable, water is cleaned and added to groundwater, instead of just flowing to the river/ocean. Any available space in the city that can be unpaved and allow water to flow into the ground instead of the sewers/straight to the river improves groundwater, helps the existing trees and improves overall environment. Examples are street island, medians, parks. Stop paving everything.	8/29/2018 8:09 PM
402	Take a break on new development other than affordable housing. We're on a pace to destroy one of the most beautiful places on earth. Let's just stop it, and take the time to figure out how to prosper without it - because the reality is we can't live with it...	8/29/2018 7:11 PM
403	Stop approving developing so much hillside land for vineyards!!!	8/29/2018 6:57 PM
404	Read and understand Adam Smith, A Theory of Moral Sentiments, IThe Wealth of Nations; and Alexis de Tocqueville, Democracy in America. All will be revealed.	8/29/2018 6:49 PM

## Napa County Strategic Plan Survey of Community Members

405	Emphasis should be on sustainability and not MORE. We do not need more wineries and more visitors. We need to stop approving more projects and change rules to perseverance and protect.	8/29/2018 6:22 PM
406	Overall, you are doing a GREAT job in my book. Running the county is hard work and I'm really happy with the direction the county is taking. Thanks for asking for my feedback. Understand, though, that I elect officials who I feel are competent to make the right decisions on my behalf. I will speak up if I don't like something, but overall am very happy. Thanks.	8/29/2018 6:10 PM
407	Mas oportunidades para actividades sanas para individuos y familias, viviendas con alquiler justo, educacion de calidad para los niños y servicios de salud mental para los chicos en las escuelas.	8/29/2018 6:01 PM
408	Don't over build, it's great that Napa has become so popular but it is getting too big and too crowded.	8/29/2018 5:28 PM
409	Be kind to one another. Measure C was a disaster for the Napa community, based on no light and way too much heat. Let's not let that happen again.	8/29/2018 5:17 PM
410	Curb the hotel boom, hold vineyards accountable for pollution	8/29/2018 5:04 PM
411	Pray	8/29/2018 5:04 PM
412	I think it's a challenging balancing act especially because of the state and federal government	8/29/2018 4:09 PM
413	Focus on the middle class -- without that segment you have a feudal society under any definition and that is never sustainable by any measure. Right now there is no middle class in Napa County so it is slowly going down.	8/29/2018 4:05 PM
414	Do the survey annually, and measure progress. If you can measure it you can improve it.	8/29/2018 3:59 PM
415	focus on preserving the AG and less on tourism tax dollars	8/29/2018 3:56 PM
416	Try to avoid permitting any more "wineries" that are not about wine, like Ashes and Diamonds. I see their ads and think WTF is that place? No mention of ag, or wine - just parties. Permitting those kind of uses plays into the hands of the wine haters. It would also be ok if not every run/bike event in the universe was allowed.	8/29/2018 3:21 PM
417	The only thing I can think of now is to look more into volunteerism. When I retire next July, I want to explore and actively become in volunteering to improve life over the next three years. Thank You!	8/29/2018 3:15 PM
418	slow smart growth	8/29/2018 3:14 PM
419	limit gated communities and rather build inclusive, diverse communities. make it easy for folks to become involved and offer their time, people want to help but sometimes are unsure where they can make a difference. Take advantage of the great skills here	8/29/2018 3:05 PM
420	"Locals first" approach. Tourism isn't and will not go away.	8/29/2018 3:00 PM
421	County to sell Calistoga Fairgrounds to City of Calistoga. County has not spent any money to maintain this property.	8/29/2018 2:57 PM
422	Improve the lighting services in our streets. More police patrols at night	8/29/2018 2:04 PM
423	Put a moratorium on all new growth and development to find out how to fix the problems we already have.	8/29/2018 1:43 PM
424	Help people who have lost homes due to fire in October of 2017.	8/29/2018 1:09 PM
425	Do more for the people of Napa and not so much for the tourist. Everything now is for the tourist and we the people of Napa can't afford these expensive places. We don't even go downtown because there is nothing down there except Kohl's.	8/29/2018 12:43 PM
426	The County is as healthy as the most vulnerable people that live here. Whether it is land use, public safety, health services, social services, or housing, we need to build healthy communities with access to healthy housing, active transportation, healthy food access and environments that give all people the opportunity to live healthy lives. Or else we pay for it downstream.	8/29/2018 12:28 PM
427	Just get back to basics...Use integrity and common sense and take care of your middle class, not special interests. Remember what Napa and this area used to be...American Canyon is heading down the wrong path, and residents are unhappy too. Please bring back real values. I worry for my grandchildren and the quality of life they will have as adults. No heart. .	8/29/2018 12:08 PM
428	Our traffic has become very bad and there needs to be more effort to curb the visitor traffic	8/29/2018 11:02 AM
429	Help establish more "fun" non competitive sports leagues and offer scholarships to those who can't afford it.	8/29/2018 10:46 AM
430	Agriculture, Wine business are the number one priority. Be more aggressive supporting small family owned winery's.	8/29/2018 10:38 AM

## Napa County Strategic Plan Survey of Community Members

431	I am hopeful for Napa County's quality of life to improve, how exactly, I truly am not sure. I grew up in this town, it holds a special place in my heart (and my sister's and brother as well) but none of us could afford to stay here, it is sad, this was once a beautiful little town with a sense of small town community and that may be gone forever, sadly.	8/29/2018 10:29 AM
432	Take a serious look at food insecurity, housing, and education.	8/29/2018 10:16 AM
433	Don't approve every winery expansion that's requested. Wine industry is important but it should not dominate our future. Listen to neighbor's complaints and suggestions especially when hillsides are impacted.	8/29/2018 10:09 AM
434	no more development like that which is happening where the Silver Rose used to be, or the one on Highway 128 just south of Calistoga. Prevent Napa County from becoming a place where only people with second/vacation homes can live.	8/29/2018 9:45 AM
435	The work being done to thoughtfully engage the community in the formation of this strategic plan is a great sign that Napa County is moving in the right direction. We have dual reputations. At once we are a popular wine country vacation destination and also a mostly white unwelcoming community (see wine train or high school mascot). There are people of color who avoid Napa because they do not feel safe here. We need to address these issues. Pretending they don't exist only furthers the latter reputation. We should focus on what our county can do to invite residents, workers AND tourists of all ethnicities. What can we learn from American Canyon? What can we learn from our own residents of color? What do our LGBTQ citizens have to say about their experiences here? I would love for us to face our racialized history as a way of ushering in a new era of diversity.	8/29/2018 9:24 AM
436	Regulate second homes and vacation rentals so I can afford to buy a house here. Make sure downtown doesn't become Walnut Creek. Unaffordable for locals. I see shops exiting DT every month. and nothing going the Archer complex. Traffic through DT and the Oxbow is terrible as well. I don't even want to go DT anymore.	8/29/2018 9:19 AM
437	I have always loved living in Napa County (Napa), but working for the county has me upset and worried about the way my tax dollars are spent. I am slightly encouraged by the changes in county management positions and hope this plan is approached without the fear of "stepping on toes". We need action not politics.	8/29/2018 8:56 AM
438	Please focus on the residents and less on the wineries and vineyards of the county. Affordable housing is why so many people can't live here.	8/29/2018 8:45 AM
439	long time residents need to embrace change	8/29/2018 8:26 AM
440	Work on more affordable housing, traffic, limit the development of more wineries and vineyards, and look at diversifying our economic base.	8/29/2018 8:23 AM
441	It appears that the county is happy to accommodate the wealthy who want to build gigantic houses, wineries, hotels. The average citizen has been marginalized by these special interests. It would be nice if the county could treat its citizens with equal respect.	8/29/2018 8:18 AM
442	Invest more into education. With declining enrollment in certain areas, we cannot continue to cut funds. I understand that there is a formula based on enrollment, but education is an area to fund, not cut. The focus needs to be on elementary and secondary schools - this is what we owe our community. Post-secondary is an option... PLEASE do not ever consider what the Contra Costa Community College recently did - free tuition for first-year CC students. That money should have been invested in elementary/secondary.	8/29/2018 8:10 AM
443	Please stop runaway growth in tourism & get a grip on traffic congestion.	8/29/2018 8:04 AM
444	Traffic and over reliance on tourism generated by wine club selling channel for our only substantial money making industry. Note that both tourism and drinking wine are fickle. Also very important to control marijuana growing and selling - mistakes here can quickly harm the community as a small number of people make huge profits at the expense of everybody else.	8/29/2018 5:22 AM
445	More adequate employment opportunities, not just lower level positions in the hospitality industry.	8/29/2018 4:54 AM
446	Drastically reduce the size and role of "Napa County government." A 60% cut to start with.	8/29/2018 4:37 AM
447	Mandate elimination of the tons and tons of chemicals applied to vineyards which are causing an alarming rate of cancer in our precious children	8/28/2018 11:51 PM
448	Just get creative with housing. Old schools as housing or unused buildings. Portable classroom type housing for homeless. Old train containers make beautiful apartments if done well.	8/28/2018 10:51 PM
449	Many problems facing the county are national problems that need to be addressed by the state such as health care concerns. Supporting a nationwide Medicare For All program would be a great first step. Also, tackle the housing & transportation problems at the same time by encouraging community development that includes building low-income housing in blighted rundown areas while creating better train and ferry transportation services that encourage tourism as well as local mobility.	8/28/2018 10:44 PM

## Napa County Strategic Plan Survey of Community Members

450	Something has to be done with second or third home owners. Maybe some ordinance that homes at a certain price point can't be sold to people that are only using the house as a weekend retreat. Housing here should be for citizens and families that live here!	8/28/2018 10:24 PM
451	Pg&e underground lines, take care of lines. Don't raise rates for your own selfishness.	8/28/2018 10:18 PM
452	Elect a new school board	8/28/2018 10:17 PM
453	Budgeting classes, so people can make sure they live within their means would be a good start for a better community	8/28/2018 10:07 PM
454	Common sense approach to evaluating projects, proposals, and initiatives. Focus on the daily challenges we (workforce, small business owners, farmers) face and consider the "global" issues as part of a longer term strategy.	8/28/2018 10:07 PM
455	Do we really need to cater to tourists as much as we do?	8/28/2018 10:00 PM
456	La educación para niños,jóvenes y adultos.(escolar)	8/28/2018 9:51 PM
457	City/County govt that represents the citizens, they need to listen to what people are saying, I don't think they are	8/28/2018 9:27 PM
458	Think of the city as much as you do of up valley.	8/28/2018 9:22 PM
459	Affordable housing for all the service jobs	8/28/2018 9:20 PM
460	The traffic from American Canyon to up valley is awful. It needs to be addressed with some type of transit system such as a lite rail system using the existing tracks.	8/28/2018 9:20 PM
461	Get the criminals off the streets.	8/28/2018 9:19 PM
462	A public pool would be amazing! Not one shared by a high school etc. A real public pool with a baby pool, etc. Or a water feature to play in downtown. It is so hot in the summer and we have little to no public pool access.	8/28/2018 9:15 PM
463	You need to work on a train, to reduce traffic on HWY29	8/28/2018 9:09 PM
464	Focus on housing and traffic, and reduce regulations on businesses and residents.	8/28/2018 9:05 PM
465	Open government and transparency. Focus on creating a broad sense of community in the county through program development (music, arts and culture).	8/28/2018 8:57 PM
466	This is just a general rant. Human population is a subject that is off the table and yet every day around 2PM we witness a migration of thousands of humans out of the valley and on weekends thousands of migrants rushing into the valley. A microcosm of a world getting exceedingly crowded. I saw nothing about support for Planned Parenthood or - maybe I missed it - birth control services in general in your survey.	8/28/2018 8:53 PM
467	Consider what makes towns of our size become recognized for being among the "best places to live" and replicate effective programs or projects that would benefit our communities. Support positive, proactive steps that improve people's lives while maintaining or improving the environment, business, communities and health care to keep us happy, connected, healthy and thriving in our beautiful county.	8/28/2018 8:53 PM
468	reduce traffic congestion on hwy 29	8/28/2018 8:46 PM
469	Sync traffic lights at congested intersections.	8/28/2018 8:33 PM
470	Encourage more affordable businesses to come to Napa County. Not like the Dollar Tree, just places that don't jack up prices because they assume we are all tourists. We like unique goods, good food, and people who provide good services. We just don't want to pay exorbitant amounts for them.	8/28/2018 8:31 PM
471	Reduce the amount of new building developments and focus on existing run down or vacant properties to be utilized. Solutions for traffic congestion to and from Napa. Focus on local residents and not so much on tourism.	8/28/2018 8:20 PM
472	Continue to limit airbnb and other temporary housing arrangement.	8/28/2018 8:06 PM
473	Stop and really think through new developments and acknowledge that we will be rebuilding from the fires for a long time. Be realistic in planning ie, PGE cannot keep up with the current demand. Don't start building if the project will stall because utilities can't meet the demand ie Calistoga Senior Apartments.	8/28/2018 7:51 PM
474	The Napa Pipe development will be the LEGACY of the politicians that voted for it. The future of this beautiful valley will be your's. The environmental health of this valley is in your hands.	8/28/2018 7:31 PM
475	Think about the full-time populace and people working here rather than always about the tourists.	8/28/2018 7:00 PM
476	Continue to promote engagement and transparency.	8/28/2018 6:50 PM

## Napa County Strategic Plan Survey of Community Members

477	Keep young families from being priced out, keep communities from being overwhelmed by drugs and gang activity.	8/28/2018 6:47 PM
478	#1-Create Affordable housing initiatives or programs to allow winery workers—hospitality, vineyard and production and visiting winery interns to be able to live affordable in the Napa community. #2-Increased Income-hourly wage to be able to afford housing, cost of living in our community we work. #3-Stricter policies on recycling, garbage, reusable energy sources, water quality and water usage. Cleaner, greener sustainable community.	8/28/2018 6:08 PM
479	Support downtown businesses and get people shopping downtown	8/28/2018 5:57 PM
480	Community involvement and education are key.	8/28/2018 5:54 PM
481	get city council and board of supervisors filled with people who do what they promised while running for the office	8/28/2018 5:38 PM
482	Foster good relationships between all of Napa County's residents. We have way too much divisiveness in our country right now.	8/28/2018 5:38 PM
483	More affordable housing especially for 65 + age group.	8/28/2018 5:23 PM
484	One little complaint, the library system used to be fantastic when books could be shared with Solano, Sonoma and Marin county. Since that went away the book selection is dismal. Can you please go back to the way it was when we had this fantastic library book selection? ?	8/28/2018 5:19 PM
485	I think I've made my position clear!	8/28/2018 5:12 PM
486	Be willing to explore the notion of "quality of life." Who's quality of life are we speaking about? We should work to improve the quality of life of the poor and the vulnerable, then we will know we are striving for a "good quality of life" for all residents.	8/28/2018 5:09 PM
487	No one expects everyone in Napa to be able to afford every house and every restaurant, but there needs to be a diversity of options available. Fast food, retail, and farm workers will never make enough money to afford fancy things, but deserve to be a part of this community nonetheless.	8/28/2018 5:03 PM
488	More focus on residents	8/28/2018 5:03 PM
489	We need to do a major campaign against the C proposition issues. With bill boards and a huge outreach to the urban regions of Napa County. Concerning fire issues, the county could help provide services to land owners to clear and clean up shrubs/ dead trees to lower the fuel load when a fire does come through.	8/28/2018 5:01 PM
490	Shift the focus to better support long term residents.	8/28/2018 4:58 PM
491	Traffic between Napa and American Canyon is a problem.	8/28/2018 4:40 PM
492	This area needs to be able to support its residents. Long time restaurants have had to close their doors because their workers can't earn enough to live here and traffic is so awful there's nowhere close enough for them to live without spending hours commuting and spending a fortune they don't have on gasoline. Napa County is so short sighted; if it wasn't so serious a situation it would be amusing.	8/28/2018 4:38 PM
493	Limit issue permits for large Las Vegas like wineries, because they upset neighborhood, create traffic congestion, and bring in bad elements. These types of wineries do not create jobs for local people. The scenic pastoral quality of Napa will be destroy by too many wineries.	8/28/2018 4:33 PM
494	Keep our area rural /ag. That's why people come. We have enough high end tourist destinations. Stop catering so much to what you think tourists will pay big bucks for. Ratchet back and make sure the cities remain committed to local people and quality of life first.	8/28/2018 4:30 PM
495	Encourage private sector of businesses to develop. There are too many constraints, i.e. permits, fees, restrictions to survive as an independent business owner. Support agriculture in Napa as that is the key to our tourism , quality of life, why people come to live and play here. Once the vineyards are gone we will be just another suburb, like San Jose.	8/28/2018 4:27 PM
496	Employment for "average" citizens - of all ages. Libraries. Arts. Music.	8/28/2018 4:27 PM
497	Be pro-active in solving problems. Take action! Remember the voters, do what is right for your community long-term. Say no to more big developments, enough is enough.	8/28/2018 4:23 PM
498	Better roads first, then encourage more building. We need more people to support real growth	8/28/2018 4:22 PM
499	Too much emphasis on tourist dollars which distracts from our quality of life. Can locals afford these wine events? No! But we are expected to subsidize them.	8/28/2018 4:19 PM
500	Moratorium on development until traffic issues are addressed. We have reached the capacity of our road systems and that is spoiling the quality of life.	8/28/2018 4:10 PM
501	More access to affordable housing. This will make everyone's life better.	8/28/2018 4:07 PM
502	Less tourist services, more focus on citizens and taxpayers that are here.	8/28/2018 4:06 PM

## Napa County Strategic Plan Survey of Community Members

503	Napa county needs housing. What are your true intentions to help us citizens make that a reality?	8/28/2018 4:05 PM
504	Finish the Vine Trail for bikes!	8/28/2018 3:52 PM
505	Focus on the families that live here!	8/28/2018 3:50 PM
506	Invest in K-12 education.	8/28/2018 3:49 PM
507	Priority: jobs & housing that continue to allow families to start & raise kids in Napa County, without having to be wealthy already just to live here. All kinds of families, not just the people that look like who's already here!	8/28/2018 3:49 PM
508	Tell Cal Trans and PGE not to work on Silverado Trail and 29 simultaneously, ruining life for locals and tourism alike.	8/28/2018 3:41 PM
509	Promote business and clean up homelessness and crime.	8/28/2018 3:41 PM
510	Leaders making tough and perhaps unpopular choices to retain open spaces, rural nature of valley along w environmental health of air and water etc. Not sure legally how to do that w building pressures and big money from wineries/vineyards which are wonderful and have allowed valley to not become suburbia; but how many more wineries do we need draining the watershed, and streams and mowing down oak forests. Also re quality of life look @ Safeway downtown sitting empty denying all those seniors across the street and downtown dwellers easy access to groceries. Tho legally allowable it is a travesty a town has no control over supporting or requiring the need for a grocery store in it's downtown area. It sits empty, an eyesore and increases traffic congestion for all who must drive out of the area for food.	8/28/2018 3:38 PM
511	work with NVUSD to get input from parents--particularly spanish speaking	8/28/2018 3:35 PM
512	Make Napa a community of residents, not a tourist attraction for wine drinking vacationers, even if you lose some of the Tourist taxes you've depended on. This town has changed! If it keeps doing so, it will lose its "charm" and not even attract visitors.	8/28/2018 3:33 PM
513	Preserving open space, providing affordable housing, mental health services, and a living wage, I think are the least such an affluent community should be able to offer.	8/28/2018 3:31 PM
514	I think the politicians and planners need to slow down their singular focus on hotel tax revenue and focus on traffic congestion and local quality of life issues	8/28/2018 3:30 PM
515	Preserve its natural beauty and land; limit the excessive building and construction of downtown and surrounding suburban areas.	8/28/2018 3:24 PM
516	Improving job pay/salaries for ages 25-40. This is the next group that will be making big financial decisions and deciding if they want to invest in Napa or go elsewhere.	8/28/2018 3:22 PM
517	As a repeat, traffic is the biggest immediate impediment to quality of life here	8/28/2018 3:21 PM
518	Prioritize efforts to provide housing, ease traffic congestion, and strike a balance between the needs of locals vs. tourism.	8/28/2018 3:06 PM
519	Access in and out of this county is very important.	8/28/2018 3:06 PM
520	Clean up the river and build a river walk, add some cafes and make the river a focal point of downtown. Add some light to outline the bridges. Look at San Antonio for ideas.	8/28/2018 2:59 PM
521	provide free internet	8/28/2018 2:55 PM
522	One step at a time	8/28/2018 2:53 PM
523	Stand up to the wineries!	8/28/2018 2:51 PM
524	what can we do about smoke pollution if anything? does the PG&E have a firm policy about cutting power in the face of high winds? could the county set up an individual 501C3 NGO which could be an independent affordable housing fund raising/operational entity Should we be considering establishing a limit on the number of new winery permits per annum?	8/28/2018 2:47 PM
525	I realize that the vineyards and wine culture is huge in this area, but there are those of us who live here who don't drink. It would be nice to have less emphasis on the drinking of wine and more on building community, esp. across racial/ethnic lines.	8/28/2018 2:43 PM
526	More recycling. Less waste.	8/28/2018 2:37 PM
527	Prevencion es importante y cuidar de nuestra comunidad no solo de los turistas	8/28/2018 2:35 PM
528	STOP WINERY GROWTH. WE HAVE ENOUGH.	8/28/2018 2:34 PM
529	Make the Vine Trail a top priority.	8/28/2018 2:32 PM
530	Make sure there is infrastructure to support all of the people, businesses and traffic you want to attract. Don't build anymore neighborhoods until there are roads to handle it. We are already congested.	8/28/2018 2:30 PM

## Napa County Strategic Plan Survey of Community Members

531	If agricultural and winery tourism becomes not viable in Napa County, what are the implications in terms of traffic, land use, tax revenue to Napa County. What is next if wine industry can not exist in Napa County?	8/28/2018 2:27 PM
532	Don't worry. Be happy.	8/28/2018 2:24 PM
533	Limit tourism? Light-rail up the Trail & 29?	8/28/2018 2:21 PM
534	Stop giving passes to businesses, especially wineries which are not compliant with county permits and requirements. They always seem to ask for forgiveness rather than doing it right in the first place and they always seem to get what they want without much penalty.	8/28/2018 2:17 PM
535	Listen to the people, more diversity in local government	8/28/2018 2:14 PM
536	Don't forget to have some compassion for the taxpayers. They are the bill payers and deserve to have programs, policies and development that address their needs.	8/28/2018 2:13 PM
537	Think Citizen First; Tourists Second.	8/28/2018 2:10 PM
538	We need something to pull the community together and engage as many as possible in developing means to manage our future. This survey isn't a bad start, if indeed it reaches a broad spectrum of residents. If it has not, then don't make the mistake of using its data to justify business as usual. We need some sort of change management program to really move forward and get past the current divides.	8/28/2018 2:09 PM
539	Housing Traffic and Workers. Stop building hotels and build homes. One city county government	8/28/2018 2:08 PM
540	widen the Silverado Trail.	8/28/2018 1:59 PM
541	How and where is tax revenue from hotels and shopping bags being used?	8/28/2018 1:56 PM
542	Get to work. Encourage community involvement. Do not create a hostile situation. Encourage board of supervisors to be open to the community rather than dismissive. Community needs time to learn how to participate. Encourage volunteer programs. Raise the livable wage and find partnerships to support better access to health care. Insure safe water and protect the watersheds.	8/28/2018 1:55 PM
543	Make it easier for small businesses to succeed.	8/28/2018 1:51 PM
544	Keep Napa Business in place by offering tax benefits, Locals need a place to shop and dine that encourages locals to stay local	8/28/2018 1:51 PM
545	Pride	8/28/2018 1:49 PM
546	no more hotels, more affordable housing, build a real highway bridge to Hwy 12 east of airport for Fairfield commuters. Traffic is absurd to Sonoma too.	8/28/2018 1:47 PM
547	Increase night-life options in downtown Napa. currently the city does not have attractive options for a younger crowd to hangout and establishments close way too early.	8/28/2018 1:33 PM
548	Get rid of the corporate bail outs on permits, etc!	8/28/2018 1:30 PM
549	Maintain? The quality of life since tourism enveloped this valley like a plague of locust is so beneath what it used to be for the average citizen it's pathetic! We can't even shop here anymore! I'm a fourth generation Napan and I'm sickened by what I see every day!	8/28/2018 1:30 PM
550	Don't focus solely on the tourist industry, I have been here a long time and I don't even recognize our downtown anymore, the focus there seems to be totally tourist now, don't forget there are still locals in this town and not all of us are in the high income bracket. We need a grocery store near the senior center, many have to walk to the stores, I still drive but I am getting older too. I would like to see more affordable venues for entertainment and please DO something to bring our fair back closer to what it was, I have Grandkids and I take them to the Sonoma fair now because here costs more and offers much less, please remember the locals. Bottlerock is fine but not really a place for kids.	8/28/2018 1:29 PM
551	Enough with the constant voting. The cost of ballots, workers, etc. has got to be high. This needs to change, people are becoming numb with the constant voting.	8/28/2018 1:29 PM
552	Provide quick access to Public Transportation by using our waterways or Trains. Provide Traffic monitors at the main intersecting roads along the Rt. 29 corridor and provide parking for the many tourists that visit Napa.	8/28/2018 1:27 PM
553	Include municipalities policies and projects are compatible - the same - as in the county.	8/28/2018 1:25 PM
554	Stop letting wineries run roughshod over their neighbors. Stop worrying about new things, and maintain the ones you already have. Improve the public schools. They are terrible.	8/28/2018 1:23 PM
555	Schools, schools, schools.	8/28/2018 1:19 PM
556	Stop building everything for tourists and focus on local community	8/28/2018 1:17 PM
557	Think about the locals. Not just the tourists.	8/28/2018 1:13 PM

## Napa County Strategic Plan Survey of Community Members

558	Less Traffic	8/28/2018 1:12 PM
559	We need to lift up the locals who are feeling left behind. I don't have specific answers, but there is a large segment of our community that is feeling displaced by all the new business and development. We need to bring everyone along.	8/28/2018 1:12 PM
560	Help with the housing crisis. Start enforcing DUI's. More events for locals I.e. Porchfest - having a "no alcohol" policy continue on outdoor events.	8/28/2018 1:11 PM
561	Traffic is only getting worse and although hotels bring in revenue through taxes, residents need to get around the county without gridlock.	8/28/2018 1:10 PM
562	FOCUS ON THE INFRASTRUCTURE ASPECTS WHICH COUNTY & CITIES CONTROL-- MAINTAIN/IMPROVE & EXTEND THESE; ENSURE WE 'GET' OUR SHARE OF REGIONAL, STATE AND FEDERAL GRANTS & \$\$\$--AND THEN USE IT WISELY.	8/28/2018 1:07 PM
563	As answered above	8/28/2018 1:05 PM
564	Spend more on rehab than we do on jail.	8/28/2018 1:04 PM
565	I truly understand that we are here thanks to tourism. I know many businesses would go under if it wasn't for the people that come visit the valley. I just wish there was a way to cater to the locals as well. The families that work here in restaurants, wineries, grocery stores etc. We would like things to do on weekends. Places to take our children. I don't think we need another restaurant or wine tasting room. Locals need places to go. Things to do.	8/28/2018 1:01 PM
566	We need to improve traffic....place more telephone poles under ground and widen roads?	8/28/2018 12:58 PM
567	Encourage new businesses and events that aren't in the wine industry but that would enhance our community. New hipster coffee shops, affordable and amazing family-owned restaurants, a Sprouts grocery store, more bike lanes and development of the bike path, planting some trees along the bike path to make it more scenic (the railroad track and dead grass is unappealing), a year round affordable and organic farmer's market, expanding Napa Valley College's offerings.	8/28/2018 12:57 PM
568	Housing for low wage earners or some types of co-housing units -- we are losing our young people! Please, no more tasting rooms in downtown Napa, no more high rise hotels, don't take any more parking away downtown, and keep Napa viable for those who live here!	8/28/2018 12:56 PM
569	Do not allow more resorts/hotels to be built. Concentrate on all residents of this county, not just people with children.	8/28/2018 12:56 PM
570	Please don't overbuild; build responsibly and use resources effectively and without waste.	8/28/2018 12:56 PM
571	I've covered it. Improving traffic flow into and out of town needs to be our top focus.	8/28/2018 12:56 PM
572	improve congestion on roads	8/28/2018 12:55 PM
573	Limit growth and manage traffic	8/28/2018 12:54 PM
574	Keep up the good work and make it better where possible. Napa county gets a high mark overall in my book.	8/28/2018 12:54 PM
575	Be open to opinions from the working class, not only the rich people needs	8/28/2018 12:54 PM
576	Add more inexpensive things for those under the age of 21 can do.	8/28/2018 12:54 PM
577	Don't be politicians; stop giving us lip service think about all the little guys that make up the majority of this counties inhabitants.	8/28/2018 12:52 PM
578	Balance Napa's culture, history and beauty with growth. Attention to this delicate balance is crucial or we will loose what makes Napa a destination for so many.	8/28/2018 12:51 PM
579	Stop building.	8/28/2018 12:51 PM
580	Schools need better resources. The best public elementary school in napa is rated a 7/10 with the rest being rated 2-6 according to GreatSchools.com, the middle schools in napa are rated 3, 4 and 7. This is terrible, our children deserve 10/10 educations! A community pool would be an important focal point for the community.	8/28/2018 12:50 PM
581	Provide housing so businesses can have the staff to make them successful.	8/28/2018 12:48 PM
582	Focus on current measures in place to protect the county. Do not be distracted and waste time, money and resources trying to add more measures!	8/28/2018 12:48 PM
583	Don't let agriculture and big Napa money drive the agenda	8/28/2018 12:47 PM
584	Address the dramatic increase in traffic and limited parking in shopping areas	8/28/2018 12:46 PM
585	More affordable housing inventory (no new developments without affordable options), better public transportation (with a discounted monthly rate for locals), better overall traffic plans, a tollroad to enter the Valley (free monthly pass for locals).	8/28/2018 12:44 PM

## Napa County Strategic Plan Survey of Community Members

586	Respect the people who LIVE HERE first, stop building hotels, and start building affordable housing.	8/28/2018 12:42 PM
587	Everything geared to tourists - what about the residents?	8/28/2018 12:41 PM
588	Limit commercial growth (hotels, wineries, etc.) and work on more affordable housing for all	8/28/2018 12:40 PM
589	More focus on what locals need to enjoy living here.	8/28/2018 12:40 PM
590	Widen Hwy 29! Even emergency vehicles can't get through sometimes. It can take a LONG time to get from Am Can to the QVH ER!	8/28/2018 12:38 PM
591	MAintain healthy downtowns that have services for locals and not just wealthy tourists	8/28/2018 12:37 PM
592	Again, the main problem I have is the traffic congestion which is getting worse. In three years it will be even worse unless something is done. Especially Highway 29.	8/28/2018 12:36 PM
593	Help traffic congestion and fix roads	8/28/2018 12:35 PM
594	Decide which audience is most important to the government and be clear about it. Vintners, tourists and citizens need to understand where they are in the pecking order since you cannot serve all of these interest groups equally.	8/28/2018 12:35 PM
595	Keep Engaging the community Provide transparency of your actions and accountability - we are and should continue to be all in this working together, for the benefit of the community	8/28/2018 12:31 PM
596	we need fresh, new and diverse people working for our counties and cities	8/28/2018 12:30 PM
597	Something has to be done about the traffic issues. Its becoming less and less tolerable. And since the shopping and cultural assets are outside Napa, we are feeling trapped by having to try to travel at odd times to avoid hours long commutes	8/28/2018 12:29 PM
598	COngestion on the roadways.	8/28/2018 12:28 PM
599	STOP growth. Tax vineyards and wineries. Enable/provide incentives (ie offset taxes) for every county/woodland homeowner to acquire a pool/water storage tank, emergency generator, and fire pump.	8/28/2018 12:28 PM
600	Más proyectos para crear más turismo	8/28/2018 12:28 PM
601	I don't know the solutions, but I think the biggest issues in Napa County are traffic and business rents.	8/28/2018 12:25 PM
602	friday hours for yountville library	8/28/2018 12:24 PM
603	More cleanup of existing spaces, pro-gentrification efforts, rapid conversion of sitting spaces (old restaurants and businesses now in disuse and decay need to be fixed and sold	8/28/2018 12:24 PM
604	Take care of the locals first, everything else will fall into place	8/28/2018 12:19 PM
605	Reduce corruption and increase wages for teachers, police, and firemen. Invest in cleaning up communities with run down sidewalks, lighting, etc.	8/28/2018 12:19 PM
606	More actividades for the actual population to engage in, not just catering to tourists and special interest.	8/28/2018 12:16 PM
607	get businesses to help with summer programs for kids like discounted quality movies for kids, kid camps and support for single parent families, and the elderly.	8/28/2018 12:10 PM
608	Transparency	8/28/2018 11:47 AM
609	as much as i look forward to the new downtown napa, i worry that it wont attract locals. traffic upvalley is a huge concern. but biggest is how to protect agriculture and open space, while simultaneously protecting the environment and the wine business and tourist economy	8/28/2018 11:42 AM
610	Connect more of the dots. Too many people know little or nothing about the history and the future planning for their home community. Let's change that!	8/28/2018 11:07 AM
611	Streamline the permit process and have people with practical sense.	8/28/2018 10:26 AM
612	crear mas fuentes de trabajo con mejor paga	8/28/2018 10:13 AM
613	fix traffic. We already have a traffic problem, fix that before you add any new businesses, housing (including affordable housing). Add affordable housing up valley so that workers there do not need to commute.	8/28/2018 10:01 AM
614	Clear and defined standards that encourage growth in our agriculture industry. Investors are moving elsewhere and we are facing some serious competition because of mismanaged county regulations and development policies.	8/28/2018 9:37 AM

## Napa County Strategic Plan Survey of Community Members

615	We have become overly reliant on tourism. Somehow we need get back to our true agricultural roots. Measuring year over year growth might be an inaccurate way to measure success. Certainly year over year growth is only sustainable to a point, once that point is crossed it is only a house of cards.	8/28/2018 9:30 AM
616	Green building, building of carbon neutral housing with alternative materials like straw bale and rammed earth. Locate support services near housing. Allow tiny house development, create sites for this.	8/28/2018 9:02 AM
617	affordable single family homes!!!! A 3Bd/2BA house should not sell for \$1.2 million dollars in the alphabet neighborhood. Bullshit! How are working class families supposed to pay super high rent and save to purchase a home. It's not currently possible. FIX IT PLEASE!!!!!!!!!!!!!!!!!!!!!!	8/28/2018 8:55 AM
618	Pick 10 things off this list to make better. It's better to do one thing well than 50 things half-assed. You don't have the qualified leadership or budget in place right now to actually make a difference on the hundreds of categories you've listed in this survey. So just pick 10 things. And stop assaulting Agriculture. If you want all the family owned businesses to sell off to big box wineries that's where the industry is headed because of the oppressive way in which you all in positions of Napa County power had decided to listen to "Concerned Citizens" so you can make reports back to them rather than backing farming and what Napa was built on - family farming and world class wine.	8/28/2018 8:30 AM
619	I think we need to slow down development for tourism and wineries while we take care of housing and environmental issues. There needs to be a more balanced approach to growth	8/28/2018 8:25 AM
620	Keep our wine industry strong that is the economic driving force for the region	8/28/2018 8:15 AM
621	Napa acts now or will lose it place	8/28/2018 8:03 AM
622	Create policy that will allow the younger generations to have the success that the baby boomers and generations before them had.	8/28/2018 7:57 AM
623	Kellie Anderson is a complete clueless fool.	8/28/2018 7:48 AM
624	Less traffic, more pay and lower home prices.	8/28/2018 7:46 AM
625	Maintain Napa as the winery and hospitality capital of the US while maintaining important watersheds and wildlife habitat. Preserve Napa's unique agricultural history and economy.	8/28/2018 7:45 AM
626	Traffic congestion, agricultural pest issues	8/28/2018 7:36 AM
627	Napa state hospital revamped as phsysc services and homeless and vet services. Tiny homes, apts that help transition, college right there for education for next step.	8/28/2018 6:53 AM
628	Officials need to lead from their hearts with compassion so that they can truly do what's right for the community. Be representatives of kindness and lead by example so the community has leadership they can look up to.	8/28/2018 1:06 AM
629	NO COSTCO	8/27/2018 4:58 PM
630	* Support people living where they work with housing (and to limit congestion). * Limit congestion - getting into and out of town is becoming impossible. That means more and wider roads, especially through American Canyon and Jamison Canyon.	8/27/2018 4:30 PM
631	Tourism is important, but lets not forget the locals.	8/27/2018 4:13 PM
632	Invest more in mental/behavioral health. Housing that is affordable. Livable wage	8/27/2018 4:03 PM
633	Traffic is greatly declining quality of life. It needs to be a top priority.	8/27/2018 3:52 PM
634	Limit tourism industry growth, bring in some sort of rent control, limit second home and investment buyers, create and sustain more programs to assist middle income citizens in their ability to purchase homes.	8/27/2018 3:44 PM
635	Stop approving new hotel projects - there are enough hotel rooms. Tourism is down and many of these new rooms will be vacant.	8/27/2018 3:21 PM
636	Make decisions based on the strategic plan not political plans	8/27/2018 3:21 PM
637	Increase funding for and understanding of how upstream prevention programs can help reduce long term costs in education, recidivism in the criminal justice system, and health care costs. Development of affordable housing plan, working in conjunction with Napa Housing Coalition, Housing community based organizations, and local philanthropic entities.	8/27/2018 2:58 PM
638	For fire responses, hire a few volunteer firefighters to rotate through shifts at the stations with the remainder non-paid volunteers to assist with visiting travelers and with each community which is the root of Napa County, maintain the roads better and add more public transportation to areas outside of the county and within the county.	8/27/2018 12:15 PM
639	Focus on environmental sustainability, pesticide regulation, and community building events that cater to locals.	8/27/2018 12:01 PM

## Napa County Strategic Plan Survey of Community Members

640	It's all about housing	8/27/2018 11:44 AM
641	we need rental control & affordable housing	8/27/2018 11:28 AM
642	I must reiterate that housing should be the top priority for Napa County, above all others. Also Napa County needs to do a better job at meeting the needs of the community and residents rather than focusing on the needs of the agriculture, wine and tourism industries. These industries are booming despite their many complaints, meanwhile residents continue to suffer a lower quality of living. You should also note that this survey is written in a way that is not easy for the average person to understand. In doing so you are actively disenfranchising a large part of the community. This will likely result in skewed results that don't represent the true needs of the community.	8/27/2018 11:00 AM
643	Communication, embrace the future (don't be afraid of it), build positive messaging, enhance the community's understanding of all the great things that happen in Napa County, allow access to all for involvement, but also understand that the voices you always hear are not necessarily representative of the majority of the community. I am not sure how you can always keep a pulse on the concerns of the majority, but this survey may be a good way to start that!	8/27/2018 10:41 AM
644	Realize that we are in an economic cycle. Don't make drastic changes that react in the short term.	8/27/2018 10:29 AM
645	Rezone areas close to urban set-aside to allow for housing.	8/27/2018 10:09 AM
646	Make housing more affordable	8/27/2018 10:09 AM
647	Though tourism runs our local economies, we cannot forget those who work in support of those economies and must work to ensure that they are afforded the support and services needed by our most vulnerable populations.	8/27/2018 10:08 AM
648	Preventative measures for kids	8/27/2018 10:07 AM
649	Increase affordability and access to housing and livelihood so people don't have to work here and live out of county.	8/27/2018 10:07 AM
650	To have the leadership of the County in all level represent the population numbers, that is more opportunities for Mexican to have positions of leaderships	8/27/2018 10:05 AM
651	Equity for all. Not just wanting it, saying it, but really doing it.	8/27/2018 10:05 AM
652	After assessing what is important, take the time to look at the consequences of any future action. Napa has been successful by maintaining a steady ship, not constantly changing course as the wind blows.	8/27/2018 9:54 AM
653	LIMIT WINERY GROWTH! THERE ARE ENOUGH!	8/27/2018 7:31 AM
654	BOS should act in the best interests of the majority of the population and not be controlled by wealthy wineries	8/26/2018 10:06 PM
655	The increased housing costs is increasingly sending young families away from the valley - we are at a point where the only young families here bought at the right time 7+ years ago, or are born into family housing. Many young families who did buy at the right time are cashing out as well. This will not only result in shrinking schools, churches, leadership, community involvement in the future. Cutting edge leadership and study on the effects of pesticides on human health to understand what our county residents will face (as well as how property values could be affected). Ground water understandings of how new winery development and efficiency affects surrounding neighborhoods and aquifers. Fire management policies beyond "remove all trees" that can have worse affects for our drought & fire risk moving forward. Requirements that, where possible, multiple emergency right-of-way escape routes are allowed from roadways and neighborhoods.	8/26/2018 9:33 PM
656	Ensure that a high quality life is experienced by all not just white affluent or upper middle class populations	8/26/2018 9:05 PM
657	Listen to the people and their concerns. Maybe a few of them are being over dramatic or just grumpy. But most of us have real concerns and good ideas.	8/26/2018 8:33 PM
658	Fix the housing problem, fix the roads, work on the traffic problem, cut back on the commercial development. Napa needed a shot of development rejuvenation to bring some life back into this city, but now we've gone too far the other way and it's being over developed.	8/26/2018 8:33 PM
659	Make sure this strategic plan effort isn't a waste of everyone's time. Follow through with the outcomes.	8/26/2018 6:20 PM
660	whole person care, leads to whole families and whole communities.	8/26/2018 5:38 PM
661	No more housing developments	8/26/2018 4:48 PM
662	reach out. if someone is on the radio or in the paper, talk to them. do not wait for the opportunity. call. write. help. or, be firm.	8/26/2018 4:23 PM
663	Free preschool for all	8/26/2018 2:12 PM

## Napa County Strategic Plan Survey of Community Members

664	We can't put hundreds of thousands of people in a finite space, have 2/3's of them be supported by low income housing and taxpayer resources and expect anyone to have any quality of life. Napa County Government and beyond needs to recognize that fact. Why not try to educate people to live and thrive where they are native to, instead of make-believing everyone can live on/in this one place.	8/26/2018 11:26 AM
665	STOP OVERLOADING INFRASTRUCTURE	8/26/2018 11:09 AM
666	Encourage consensus. Get people talking. This is a great first step right here.	8/26/2018 10:19 AM
667	Better integrate South County/American County into Napa County by requiring the the phone companies (AT&T) to lump their phone prefixes with Napa County, not Vallejo/Solano County, and the Post Office to make additional services, mail pick-ups, etc., at Napa, not Vallejo Post Office facilities.	8/26/2018 9:47 AM
668	These surveys are great- keep it up.	8/26/2018 8:35 AM
669	Keep the rural character of our mountain landscape without wealthy mansions perched on hilltops. If allowed, perhaps required to be the color of the surrounding rocks, trees, or grasses so they don't stand out. Visitors to the wineries come here for the natural beauty, not being in a city covered with houses like Berkeley. Approve cell phone towers so people can communicate in all areas of Napa County. Improve freeway access, as it is frustrating to try and get into and out of Napa Valley for locals daily, as well as visitors. The delay due to traffic is ridiculous. Would signal adjustment help here? Would a roundabout at the Crusher Soscot junction help? How about at 29?	8/26/2018 7:36 AM
670	More help for the elderly filling out all their paperwork to get any help they need transportation help.	8/26/2018 1:54 AM
671	Traffic mitigation. Upvalley housing for workers.	8/25/2018 10:57 PM
672	Get rid of the liberals	8/25/2018 10:49 PM
673	Look at youth and children in our community. We are missing free and accessible programs for kids 0-5 compared to other cities. Playgrounds, classes, etc	8/25/2018 10:17 PM
674	Create a community that can thrive on the current balance of tourism vs locals. We have reached out sustainable limit for quality of life. No more hotels	8/25/2018 9:39 PM
675	Napa Co. Govt. will do as it pleases. This survey is smoke and mirrors. Pat yourself on your back. What a good govt. we have.	8/25/2018 9:10 PM
676	Be more family friendly and stop catering to the wine industry.	8/25/2018 9:08 PM
677	Do not allow developers to skirt our zoning/affordable housing requirements by paying "mitigation fees". Do not use service contract renewals to obtain services/equipment/ money for other related or unrelated departments or services. Guard the ag preserve aggressively. Recruit trades (plumbing, building, electric, HVAC) to the corporate parks---including trade schools. Look for ways to diversify high paying occupational opportunities (not just owning a winery) and recruiting them to the valley---tech, medical, engineering. Try a sector where we already have an abundance of workers who live in the valley.	8/25/2018 7:30 PM
678	My above comments are what I think are priorities. Two other things we're missing the boat on. Our homeless shelters are way too restrictive making it not accessible to many homeless people so the live along the river creating pollution. The other is we are one of few counties that doesn't have a no kill animal shelter.	8/25/2018 7:29 PM
679	controlled growth related to tourism	8/25/2018 6:04 PM
680	More local and diverse business. Not everyone can or want to own a winery or is interested in working at wineries.	8/25/2018 6:02 PM
681	SOLVE THE TRAFFIC PROBLEM permanently. If you focus on that, everything else will fall into place.	8/25/2018 5:55 PM
682	Too much growth. Too much traffic.	8/25/2018 4:06 PM
683	Encourage bilingualism.	8/25/2018 3:41 PM
684	Address traffic issues.	8/25/2018 2:58 PM
685	Quality of life in Napa is for the rich	8/25/2018 2:50 PM
686	Limit amount of people relocating into Napa, if the roads can NOT handle the traffic, no more people.	8/25/2018 2:31 PM
687	Manage our "tipping point". Congestion on our roads is becoming unacceptable. Hospitality is challenged with labor. Labor that does not have a home or roots or commitment to our community and our livelihoods is lowering our reputation among visitors and locals. Napa's wine industry was built by locals supporting locals...today it's being taken advantage of by so many...	8/25/2018 2:24 PM
688	Slow down tourism growth. Improve traffic flow.	8/25/2018 2:23 PM

## Napa County Strategic Plan Survey of Community Members

689	Just focus back on the residents. Push to make families the top priority of the plan. When you have a plan that respects the needs of local families, the economy and ag and justice and all the other factors will fall into place.	8/25/2018 2:11 PM
690	-Remember there was a Napa Valley that did not include this level of grape domination. This corporatized industry has no care for a healthy community. That is your job! -Remember that a healthy ecosystem-watersheds, forests, wildlife and undeveloped ridge lines are critical - Remember the community that lives here -Think 20-30 to 50 years ahead! Three years is ineffective -Be brave and heroic in making tough decisions to protect our future -Align with your people! Not with Syar and Constellation and Sattui -Stop drinking so much wine (the koolaid!) - Look seriously at what "company town" scenarios lead to for a community - not good -Remember the wildlife. The canaries in the coal mine are dying. -Without a stop to deforestation and water protection there is no Napa Valley future	8/25/2018 1:00 PM
691	Slow growth	8/25/2018 11:59 AM
692	Limit business development by approving fewer vineyards and develop more business diversity with nonagricultural related small businesses.	8/25/2018 11:58 AM
693	Traffic lights! Sync them!	8/25/2018 11:32 AM
694	Focus more on problem solving and less on political campaigns.	8/25/2018 11:20 AM
695	moratorium on new buildings of hotels, restaurants, etc. use a building in existence	8/25/2018 11:19 AM
696	Quit catering to the wealthy. Collect as much revenue as possible from tourism. Get drunk drivers off roads.	8/25/2018 11:05 AM
697	Market Napa County's different towns and offerings beyond Yountville/Thomas Keller and Wine. Protect our small-town neighborhood heritage. Protect our GREEN spaces and lack of urban density. Yet market globally and have access to world-astounding-arts. Our food, wine, and hotels are world astounding, let's expand that footprint to other arenas.	8/25/2018 10:52 AM
698	Recognize "hollowing out" as a community problem. One aspect is hollowing out of middle-income population as housing becomes too expensive for many local necessary workers like teachers, nurses, police. Second, too much focus on tourists is making downtown of Napa city useless (hollowed out) for most residents. Third, ownership of ag land and wineries has shifted from numerous local entrepreneurs to corporations, hollowing out the social class which created the ag preserve.	8/25/2018 10:24 AM
699	More for the locals and less expensive.	8/25/2018 9:01 AM
700	Promote litter pick up	8/25/2018 8:45 AM
701	more kid freindly,go after shady landlords that jack up rents even manegement companys	8/25/2018 8:45 AM
702	Keep Napa County an agricultural county.	8/25/2018 8:15 AM
703	A solution to the traffic problem on 29. A limit to new vineyards. Protection of our hillsides and watershed from overdevelopment. A state of the art emergency alert system county-wide.	8/25/2018 7:46 AM
704	Limited commercial development	8/25/2018 7:35 AM
705	None	8/25/2018 7:31 AM
706	Protect our parks and recreation, support the Vine Trail, limit growth. Need emergency/disaster preparedness plans publicized.	8/25/2018 6:29 AM
707	Help to encourage more sense of community	8/25/2018 5:53 AM
708	Free local tours	8/25/2018 2:53 AM
709	Work on ways to incentivize employers to provide wages that best allow employees to live near where they work. Communicate to residents of the community about the programs and policies that could impact them, and do things that people see improving their lives daily (road repairs, housing - Gasser and Napa Pipe are two good current examples that the County is working on, but I feel like people don't know about).	8/25/2018 1:18 AM
710	Learn from other counties that have enacted good strategies like Santa Barbara County. Slow down on the tourism and construction of more hotels. Get a grip on housing for families and workers in the valley. Start caring about biodiversity and our watershed and oak woodlands before so many grapes go in we change the climate of the valley and become even drier here than predicted due to overall climate change.	8/24/2018 11:44 PM
711	Estabilizar las rentas. Cuidado de las áreas verdes y turísticas, ya que su mayor atractivo es el turismo.	8/24/2018 10:50 PM
712	Give the town back to the residents. We don't even have a fabric store. Closest one is Concord or Fairfield and who wants or can drive in this crazy traffic. It has taken me 35 minutes to drive from Salvador to Imola Ave. This should not be.	8/24/2018 10:31 PM

## Napa County Strategic Plan Survey of Community Members

713	In an effort to preserve the uniqueness of the Valley, the wine industry should not be allowed to run rampant...they need to be good neighbors, good stewards, and held accountable to the quality of life here.	8/24/2018 10:06 PM
714	Don't let large development interests get everything they want	8/24/2018 9:50 PM
715	Direct more resources toward law enforcement to deal with the increasing crime, including DUI's, car chases, home burglaries, property theft, & gang violence.	8/24/2018 9:33 PM
716	So many working people have to commute from other counties. Affordable housing and/or public transportation would take a lot of cars off the highways.	8/24/2018 9:21 PM
717	Keep fixing the roads...our cars will last longer.	8/24/2018 9:17 PM
718	Stop building apartments,, fast food places, fix our infrastructure. Every year we pay for infrastructure in our taxes and nothing gets done.	8/24/2018 9:13 PM
719	STOP approving hillside vineyards and their associated event centers. STOP approving heavier event usage at existing wineries. STOP approving after the fact winery requests to belatedly come into compliance.	8/24/2018 8:50 PM
720	Widen the highway	8/24/2018 8:49 PM
721	Provide for its citizens, not tourism or for people out of area to only be able to buy and live in Napa, owning a home.	8/24/2018 8:47 PM
722	set rent control, limit growth and provide assistance to small business.	8/24/2018 8:34 PM
723	Focus more on the local population and less on tourism. I realize tourism is a major industry, but there are too many people. I wish Napa could return to a more quiet lifestyle, with a focus more on quality of life and less on making money.	8/24/2018 8:31 PM
724	Traffic please!	8/24/2018 8:30 PM
725	Less building of retail. Wait until all spaces are leased instead of building on every empty lot.	8/24/2018 8:09 PM
726	Listen to the long-term residents who have paid so much in taxes and support over the years. I feel no one listens to us any more.	8/24/2018 7:59 PM
727	ELIMINATE BLIGHT / ENFORCE BUILDING and ZONING CODES in RESIDENTIAL AREAS	8/24/2018 7:57 PM
728	More CHP & Sheriff's patrolling of Hwy 29 & Silverado Trail.	8/24/2018 7:40 PM
729	More public works programs	8/24/2018 7:38 PM
730	We are so lucky to, live here, and have the opportunity to respond to your questions!	8/24/2018 7:29 PM
731	Quit building everywhere in the city. Fix the roads.	8/24/2018 6:53 PM
732	Love the river developments...keep up the good work!	8/24/2018 6:53 PM
733	Keep it affordable without running people out	8/24/2018 6:52 PM
734	Fix the huge traffic problem of getting in and out of Napa.	8/24/2018 6:42 PM
735	Limit the campaign contributions to our Supes to \$200 per person or business. All five of them talk to nice to the citizens in public gatherings, and then in an official meeting they vote for the money interests. The citizens be damned.	8/24/2018 6:37 PM
736	Suggestions were already given. And this is more like a 30-minute survey!	8/24/2018 6:34 PM
737	More police	8/24/2018 6:32 PM
738	Too many tourists, I understand the need, but the focus should be on the community, not the tourists.	8/24/2018 6:25 PM
739	More hotels in downtown Napa. Higher density housing to create a vibrant downtown.	8/24/2018 6:24 PM
740	Slow growth. Pay attention to local needs. Traffic. Winery/tourism... it is TOO much.	8/24/2018 6:12 PM
741	I am worried about the ability of Napa to become home to young families. Our declining enrollment in schools reflects that we have an older population of residents. People cannot afford to live here. I work with low income families and children and our population of clients is decreasing because families are leaving our county. People who have grown up here, have all of their extended families here, have to leave the community that they know and love as they are priced out.	8/24/2018 6:01 PM
742	Prohibit urban sprawl, slowly develop when necessary from the inside out in towns; Continued to build out public transport and ride sharing.	8/24/2018 6:01 PM
743	Keep the sense of small community, its what makes us special, besides the wine. Encourage uniqueness in what Napa has to offer. Not just chain stores that one can find any tourist location. Small businesses should thrive too.	8/24/2018 5:29 PM

## Napa County Strategic Plan Survey of Community Members

744	Invest in education. Our school system is not giving our children a chance to thrive. Napa should have some of the best schools in the area.	8/24/2018 5:22 PM
745	Act like you care MORE about Napers than TOURISTS! Spend money on kids parks, not just the ones the tourists use.	8/24/2018 5:20 PM
746	No more wineries, hotels Nothing over 2 stories tall No removal of tree lots- out only hope to diminish pollution More planting tree programs Work on filling vacated business spots instead Try to keep our own non-chain stores here (Toys, books, etc) that are all leaving due to higher rents	8/24/2018 5:11 PM
747	Rationality	8/24/2018 5:07 PM
748	Invite more business to come to American Canyon. Make it easier for people to start businesses here to provide jobs for others.	8/24/2018 5:06 PM
749	Get young people involved	8/24/2018 4:59 PM
750	anything that will promote more income equality.	8/24/2018 4:48 PM
751	stop building all the hotels, way to many	8/24/2018 4:47 PM
752	Remember who the residents are and their needs to have quality life in this community.....tourism isn't everything.	8/24/2018 4:46 PM
753	Limit development in the county. People are building second units and renting them on a short term basis to tourists and even though I don't think that this is good practice I do believe in private property rights. If a property owner goes to the trouble and expense no one should be able to tell them that they can't have the option of advertising on Airbnb. Allowing more dense building in the county will do little or nothing to alleviate the housing problem.	8/24/2018 4:33 PM
754	Bring in truly objective facilitators to make this process work and don't just talk about the problems. Let's get something done. I also believe we need campaign finance reform so that the wine industry does not keep its grip on our local politicians.	8/24/2018 4:31 PM
755	Ban the use of leaf blowers before 9 am or after 6 pm, and make them electric not gas. Slow down the construction of new hotels, we are going to get ahead of demand and be in trouble when the next disaster or recession hits. Find someone to open an "art house" movie theater (besides Cameo, put one down in Napa), look how much interest the Film Festival brings, it would be great to see more things like that year-round. Jarvis has some but it's not a going concern. Same with Copia theater.	8/24/2018 4:26 PM
756	Moratorium on future winery developments and additional tourist services being offered there, as well as hillside development without adding an infrastructure relevant to erosion, water, and renewable energy	8/24/2018 4:26 PM
757	Something needs to be done about Napa's evolution into a commute corridor between Santa Rosa, Lake County and Solano/Yolo counties. Even if Napa County jobs & housing remain static, the inter-county and trans-Napa county traffic/commute situation will continue to deteriorate.	8/24/2018 4:18 PM
758	Give the citizens information and don't be bought by business interests.	8/24/2018 4:16 PM
759	Realize that the close vote on Measure C is telling the County's leaders that the residents (voters) do not want anymore massive winery developments. As the wine industry has evolved into a direct sale, hospitality driven business, our Ag Preserve is in danger of becoming a series of entertainment centers surrounded by vineyards. We have reached the tipping point where quality of life for the many needs to be more important than more money for the few.	8/24/2018 4:04 PM
760	Spend less money. Convert pension system to 401ks	8/24/2018 4:01 PM
761	Measure C did not pass by only 600 votes and these citizens still believed in the direction that Measure C embraced. An environmentally progressive, slow development, sustainable future for Napa County. The actions of the current county administration in the last five years have been incongruent with, resulting in dissatisfaction and public mistrust of the process. To improve Napa County's quality of life for all citizens, these issues need to be addressed.	8/24/2018 3:58 PM
762	We need to stop allowing big hotels and developments to buy their way into the Valley. Where is the water going to come from? The aquifer is not able to handle it.	8/24/2018 3:52 PM
763	Concentrate on the everyday problems for the majority of the citizens, good roads, etc.	8/24/2018 3:51 PM
764	Housing is the most important. Otherwise our industries suffer. Think of how everything connects: winery success requires workers who need housing and healthcare. Tourism requires good roads. The entire wine industry dies if there's too much building in agricultural areas meant for growing. Too much housing is expensive and the housing we need is for workers, not fancy homes or "second" homes. Everything is related and connected.	8/24/2018 3:50 PM
765	Many roads need to be repaired, especially if you want the traffic of more visitors- and to be about the people who live here and not tourist	8/24/2018 3:39 PM

## Napa County Strategic Plan Survey of Community Members

766	Resist the \$\$\$! Think first about sustainability and how the locals will be affected. Development is no good if nobody can live in the valley!	8/24/2018 3:32 PM
767	Get the homeless out of rivers and creeks	8/24/2018 3:31 PM
768	It would be nice if Napa started thinking & taking care of the citizens that live here instead of the tourist.	8/24/2018 3:30 PM
769	Enforce adherence to the rules for doing business in the county in an honest and fair manner.	8/24/2018 3:29 PM
770	stop signs on linda vista speed limit 25 at little oak school / day care center on linda vista at Merlot	8/24/2018 3:26 PM
771	Control growth and decrease the traffic congestion.	8/24/2018 3:25 PM
772	Stop allowing vineyard burning. That is an antiquated and lazy method with proven detrimental human side effects.	8/24/2018 3:18 PM
773	More focus on residents and less on tourism and wineries.	8/24/2018 3:15 PM
774	Repair rutted roads/streets	8/24/2018 3:11 PM
775	Use libraries as community centers more than they are being used at this time. Libraries should be the HUB of the communities.	8/24/2018 3:07 PM
776	Don't take for granted what has taken decades to achieve. Act responsible and be prepared to whether the boom and bust cycle of that so often happen in our county	8/24/2018 3:07 PM
777	Balance between agricultural and business growth. Attention to the aging population, their contribution, and needs. Diverse (age/ethnicity) workforce. Livability - cost and housing and jobs More diverse and growing retail community	8/24/2018 3:07 PM
778	How many more wineries can truly be supported? And, how many more hotels? Seems as though we're at a saturation point!	8/24/2018 3:02 PM
779	Napa is growing faster than its infrastructure and until that gets addressed things are not going to be as smooth as they could be for the residents.	8/24/2018 3:00 PM
780	Slow, mindful growth particularly in the case of proposed changes to the RUL.	8/24/2018 3:00 PM
781	Identify a bold vision of change the Supervisors are willing to lead over the next 5 years - like creation of a Food Security Czar to reduce food insecurity by 25% in 5 years, or increase 2nd unit housing inventory by 100 units in 5 years. Some sort of vision that Supervisors can "sell" to the community, rally support and funding strategies around, engage residents in solutions to and bring the community together to accomplish something BOLD and INNOVATIVE that benefits everyone.	8/24/2018 2:55 PM
782	Limit growth!	8/24/2018 2:53 PM
783	Don't be so wedded to wine and hotel income and those businesspeople. BOS and staff slow down. Stop clearcutting hillsides for vineyards. Stop paying consultants large amounts and listen to residents more.	8/24/2018 2:51 PM
784	STOP building hotels for tourist & make housing AFFORDABLE! Fix the ROADS & work on remedies for TRAFFIC CONGESTION!	8/24/2018 2:48 PM
785	Napa appears to be in a state of hyper growth which could prove problematic in the next recession. Slower and more planful growth is needed rather than the approve, approve approaches that seem to be in place today.	8/24/2018 2:47 PM
786	Napa County is pretty great and I love living in this community but it is quickly becoming a community of haves and have-nots. When we can't hire in this community because people can't afford to live here and when homelessness appears to be growing instead of receding with the economic recovery, it seems we need to plan for concrete ways to address these issues.	8/24/2018 2:47 PM
787	Napa County needs to be broad casting daily all the good, and the current policies already in place that protect our way of life, that is happening in our enviroment, & business, the general population has no idea what lives int he general plan	8/24/2018 2:44 PM
788	GET RID OF THE EXISTING CITY COUNCIL THEY HAVE AN EXISTING AGENDA. AND MOST ARE NOT FROM NAPA... ONLY NAPANS WHO HAVE LIVED HERE NEED APPLY. ONES WHO UNDERSTAND WHAT THE CITY COUNCIL HAS TAKEN AWAY FROM THE NAPA VALLEY!	8/24/2018 2:44 PM
789	Try to have long time Napans on committees. People with no experience in Napa history have made Napa unaffordable.	8/24/2018 2:39 PM
790	We need more accessible public parks and areas for families.	8/24/2018 2:36 PM
791	Stop letting in duplicate stores. Don't micromanage everything businesses can do- we don't all have to look the same. "Napaesque" has taken over. Help the smaller businesses, don't have so much red tape- like parking assessments, small remodels, permits that are ridiculous. Let people spend their money in Napa, and not paying for fees and permits.	8/24/2018 2:35 PM

## Napa County Strategic Plan Survey of Community Members

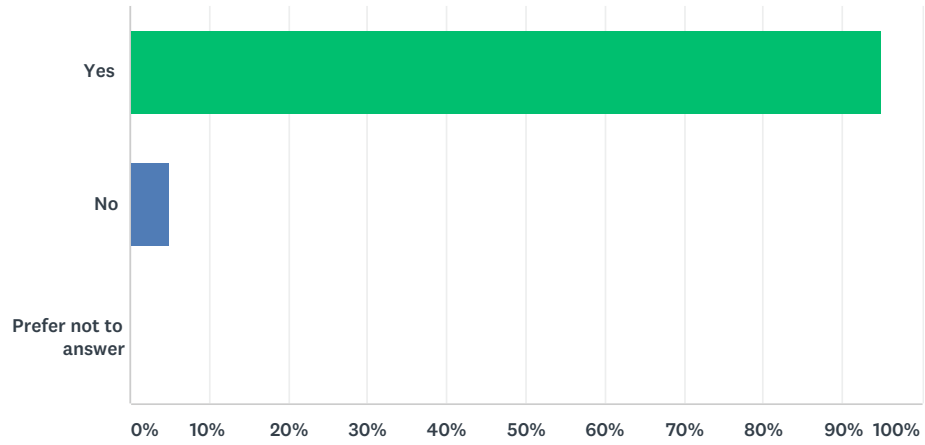

792	Less government "help" (ie regulations, fees, forms etc)	8/24/2018 2:29 PM
793	Obviously we can not succeed locally unless we think globally and accept the tourism industry. But that does not mean every dollar has to go towards cleaning up aspects that only tourists will enjoy. We need to clean up our Entire Community. I would like our County and City to do more for our Locals. Obvi this requires money.... Which often comes from out of town. Regardless... more can be done.	8/24/2018 2:28 PM
794	Charge a 30% tax on houses that are not primary residences or long term rentals.	8/24/2018 2:25 PM
795	Water. Housing. Traffic. Deal with them first.	8/24/2018 2:21 PM
796	Fix the traffic congestion along 29 in American Canyon, bring more retail to American Canyon.	8/24/2018 2:21 PM
797	Figure out how to get people to either BART, the Vallejo Ferry, or SMART train in 45 minutes or less anytime of day by public transportation. We'll all be happier.	8/24/2018 2:21 PM
798	Less tourism. No more huge resorts.	8/24/2018 2:19 PM
799	Reduce risk of fire. And keep up the good work already being done!	8/24/2018 2:19 PM
800	Napa is growing too fast. Needs to keep the agricultural, small town focus.	8/24/2018 2:16 PM
801	Create more park space for enjoyment by all	8/24/2018 2:16 PM
802	The culture really needs to change. If you consider new regulations, they need to be regulations that are solving a problem, not a perceived problem. CULTURE is everything.	8/24/2018 2:13 PM
803	Put the Measure C protections into place. If you stand as a group we can defeat the corporate interference. We count on you and your strength.	8/24/2018 2:11 PM
804	Protect our natural environment, participate in solutions to climate change, improve access to good housing for all economic segments, fund solutions to traffic congestion.	8/24/2018 2:11 PM
805	New Napa resident. No info yet.	8/24/2018 2:09 PM
806	No more population growth!!!	8/24/2018 2:08 PM
807	More housing types and affordability. Traffic. More economic diversity.	8/24/2018 2:07 PM
808	Start working on a plan to connect Calistoga to the Vallejo Ferry with the train	8/24/2018 2:07 PM
809	Get the drugs and gangs off the streets. Make napa great again	8/24/2018 2:05 PM
810	Please improve traffic congestion	8/24/2018 2:05 PM
811	Enforce traffic laws for tourists. More walking trails. More access to off-leash areas for dogs.	8/24/2018 2:04 PM
812	Fix the roads, fix the nvusd report cards, expand hwy 29 to 2 lanes each way through the marsh.	8/24/2018 1:59 PM
813	Encourage our local government officials to do what they promise voters they will do.	8/24/2018 1:59 PM
814	Focus more on the locals	8/24/2018 1:58 PM
815	We do not need another winery or hotel or wine bar. We need better roads and better traffic control for the locals. Focus on making locals lives better instead.	8/24/2018 1:57 PM
816	More local shopping options, it will keep us from driving so much. Gas prices are crazy too and its not justified, its price gouging. Everyone thinks because there is a high standard of living that we can all afford these high prices so everything keeps going up. It's not justified.	8/24/2018 1:54 PM
817	Reduce the size and reach of government.	8/24/2018 1:53 PM
818	Term limits. No one should be allowed to serve in Napa County government more than 10 years. Every elected official in the County is either inept, corrupt or both.	8/24/2018 1:53 PM
819	STOP OVER-DEVELOPING	8/24/2018 1:52 PM
820	More local focused shopping. Tired of seeing our local shops have to leave due to high rents.	8/24/2018 1:51 PM
821	Stop making bone headed,isolated decisions on tourist projects.They're consistently made in a vacuum without consideration of their net,cumulative effect.	8/24/2018 1:49 PM
822	Relocate the homeless.	8/24/2018 1:46 PM
823	stop allowing those with the most money to make the rules.	8/24/2018 1:46 PM
824	Stop spend now. Move all departments into the Dey labs property. The folks who are leasing are going to have to move out. We are not in the real estate business. Sell the current Third Street property to the City of Napa for their new offices and the City can sell off their current place to pay for it. No dollars out of the tax payers pockets. Think for the people, and not the same old constituents you look out for daily.	8/24/2018 1:45 PM

## Napa County Strategic Plan Survey of Community Members

825	Community building is the thing that seems the most effective. When we are all involved and engaged we make the best things.	8/24/2018 1:43 PM
826	Improve timing/functioning of traffic lights to facilitate traffic flow and reduce pollution.	8/24/2018 1:43 PM
827	Reduce the size of government. Reform pensions and employees retirement health care	8/24/2018 1:41 PM
828	Everything is really about the traffic and stop wasting money on illegal immigrants... let ICE take them away to reduce our costs and lower crime!	8/24/2018 1:41 PM
829	More families, and more support for families, not just the tourists (which we love, but...)	8/24/2018 1:37 PM
830	DO THE RIGHT THING.	8/24/2018 1:33 PM
831	Limit growth, limit growth, limit growth! Protect forests from agriculture. Prohibit new irrigated vineyards. Limit new wineries and the expansion of existing ones. Limit winery visitations and events. Accelerate use permit enforcement and impose stiff penalties on offenders. Promote high wage paying industries within an agricultural framework. Cities should be primarily for their residents, not for second homers and tourists. We are increasingly suffering from a hollowed out disengaged population.	8/24/2018 1:31 PM
832	Provide more opportunities for businesses and residents not more regulations and taxes	8/24/2018 1:22 PM
833	Promote family planning	8/24/2018 1:13 PM
834	Need to hold accountability to permit offenders, no more slap on the wrist. No more huge expansions of wineries for events. Rent a restaurant!!!!	8/24/2018 1:02 PM
835	already stated	8/24/2018 12:58 PM
836	encourage longtime locals to be involved in decision making. stop increasing the population. charge tourists for coming here.	8/24/2018 12:47 PM
837	Reduce traffic. Stop granting permits to pseudo wineries. Stop mega winery projects. Consider the impacts of development on neighbors, neighborhoods, water in the area and traffic. Don't turn Napa into LA!!!!!!	8/24/2018 12:44 PM
838	N/A	8/24/2018 11:44 AM
