

FRIENDS OF GREAT SWAMP NATIONAL WILDLIFE REFUGE

SECOND SUNDAY . . . WITH FRIENDS

SUNDAY, APRIL 13, 2025

1:30–3:00 PM

GREAT SWAMP NATIONAL WILDLIFE REFUGE

Great Swamp NWR's diverse habitats provide food, nest material, and protection for about 100 species of birds. **Tom Gula, Paul Lauber, and Robert Lin** will provide information about—and amazing photographs of—birds from the inconspicuous Ruby-throated Hummingbird nest to the giant Bald Eagle aerie. Learn how volunteers build and maintain nest boxes for Wood Ducks, Bluebirds, Tree Swallows, Purple Martins, and more.

BIRD NESTING BEHAVIOR AT GREAT SWAMP NWR

This presentation will be both in-person at the Helen C. Fenske Visitor Center and by Zoom. **Registration is required for both formats.**

Register online at <https://ttsu.me/springbirds>

Zoom log-on information will be sent to all registrants on Sunday, April 13, at NOON.

Program sponsors are Friends of Great Swamp NWR and USFWS,
with generous support from the Marta Heflin Foundation.
