

TEWKSBURY TOWNSHIP  
NEW JERSEY

Resolution No: 41-2026

Adoption Date: January 27, 2026

**A RESOLUTION AUTHORIZING AGREEMENT WITH COMCAST BUSINESS FOR ENTERPRISE FIBER INTERNET SERVICES BEGINNING JANUARY 1, 2026**

**WHEREAS**, the Township of Tewksbury currently utilizes Comcast Small Business (Coax) internet services, which operate under a "best-effort" service level that does not provide the guaranteed uptime or performance appropriate for critical municipal operations; and

**WHEREAS**, the Township's reliance on digital platforms, cloud-based systems, public safety applications, financial management tools, and remote connectivity has increased substantially, making stable and high-availability internet service essential; and

**WHEREAS**, Comcast Business has proposed upgrading the Township to Enterprise Fiber Internet Services, which provide:

- 99.999% guaranteed uptime;
- A formal Service Level Agreement (SLA) with required response beginning at five (5) minutes of downtime;
- Dedicated enterprise-level technical support; and
- Enhanced bandwidth stability and scalability for long-term municipal needs; and

**WHEREAS**, Comcast has provided the following pricing for the Enterprise Fiber services:

- Total Monthly Recurring Fees: \$1,229.80
- One-Time Non-Recurring Installation Fee: \$598.00
- which represents a slight monthly savings compared to the Township's current monthly cost of \$1,256.28; and

**WHEREAS**, N.J.S.A. 40A:11-5 permits contracting for the provision of data processing and telecommunication services without public bidding; and

**WHEREAS**, the Township Committee finds that entering into a three-year contract with Comcast Business will enhance service reliability, reduce operational risk, support municipal continuity, and remain cost-effective over the term of the agreement;

**NOW, THEREFORE, BE IT RESOLVED** by the Township Committee of the Township of Tewksbury, County of Hunterdon, State of New Jersey, that the Township hereby authorizes and approves a five-year agreement with Comcast Business for Enterprise Fiber Internet Services, beginning January 1, 2026, in accordance with the pricing and terms set forth above; and
