Scope Of Work

The proposed project focuses on enhancing pedestrian safety, accessibility, and visibility along Dewey Avenue in High Bridge, New Jersey. Improvements include the repair and installation of sidewalks, crosswalk restriping, addition of pedestrian safety devices, and roadway resurfacing to support a safer, more walkable environment. These enhancements will fill existing gaps in the pedestrian network, provide ADA-compliant facilities, and improve overall safety for pedestrians, bicyclists, and motorists alike. The total cost estimate for the proposed project, including engineering design, construction inspection, and material testing, totals \$697,740.

The scope of work for this project includes the following activities :

- Mobilization and Site Preparation: The project area will be cleared and prepared by removing debris, vegetation, and any existing obstacles within the proposed sidewalk alignment. Erosion control and site safety measures will be implemented prior to construction.
- Traffic Control: Temporary traffic control will be provided throughout construction to ensure the safety of both workers and the public. Traffic will be managed through the use of barricades, signage, traffic cones, and flaggers.
- Sidewalk Improvements (East Side): The existing sidewalk along the east side of Dewey Avenue from Washington Avenue to Manning Court will be improved through targeted repair and replacement. These upgrades will address deteriorated conditions, correct trip hazards, and ensure full ADA compliance, providing a safe and accessible path for pedestrians.
- New Sidewalk Construction (West Side): A new 4-inch thick concrete sidewalk will be installed along the west side of Dewey Avenue from Manning Court to Berrywood Lane, closing a significant gap in the existing pedestrian network. The new sidewalk will improve connectivity between residential neighborhoods and promote safe pedestrian movement along this corridor.
- Crosswalk Enhancements: The existing crosswalk at Dewey Avenue and Manning Court will be restriped with high-visibility thermoplastic markings to increase driver awareness and improve pedestrian safety at this key crossing point.
- Pedestrian Safety Devices: To further enhance visibility and driver compliance, Rectangular Rapid Flashing Beacons (RRFBs) and/or pedestrian warning signage will be installed at the Dewey Avenue/Manning Court crosswalk. These devices will provide active alerts to motorists, reducing the potential for pedestrian-vehicle conflicts.
- Curb Ramp and ADA Upgrades: Curb ramps at affected intersections and sidewalk terminations will be constructed or upgraded to meet current ADA standards, including detectable warning surfaces to aid visually impaired pedestrians.
- Milling and Paving: To complement the pedestrian improvements and enhance overall corridor safety, Dewey Avenue will be milled and resurfaced with new Hot Mix Asphalt (HMA). This will improve pavement condition, support smoother travel for vehicles and pedestrians alike, and provide a durable foundation for new crosswalk markings and curb transitions.
- Site Restoration: All disturbed areas will be restored with topsoil, seed, and mulch to ensure proper stabilization, site cleanliness, and long-term maintenance of the surrounding landscape.

By implementing these pedestrian-focused improvements, the Borough will provide a safer and more accessible route for residents walking along and across Dewey Avenue. The project will reduce pedestrian exposure to traffic, improve ADA accessibility, and strengthen the overall connectivity of the neighborhood's pedestrian network—all while upgrading roadway conditions to support a complete and safe street

Dear Mayor Lee,

As the State Senator representing High Bridge, I am pleased to offer my strong support for the Borough's application to the New Jersey Department of Transportation's Local Transportation Project Fund (LTPF) Grant Program for the Dewey Avenue Pedestrian Improvements Project.

This project will enhance safety and accessibility along Dewey Avenue by repairing and extending sidewalks, upgrading curb ramps, restriping crosswalks, and installing pedestrian signage and flashing beacons. These upgrades address existing safety hazards and align with our shared commitment to walkable, connected, and accessible communities.

Improving pedestrian infrastructure is vital to protecting residents, supporting local businesses, and encouraging active transportation. The Borough's plan reflects thoughtful local leadership and a strong commitment to public safety and quality of life.

I fully support this application and respectfully urge NJDOT to give it favorable consideration.

Letter of Support

Dewey Avenue Pedestrian Improvements Project

Borough of High Bridge, Hunterdon County, New Jersey

Dear Mayor Lee:

As the Assembly members representing High Bridge in the New Jersey General Assembly, we would like to express our support for the Borough's grant application to obtain funding for pedestrian safety improvements along Dewey Avenue. The proposed improvements will improve existing sidewalks and crosswalks, add pedestrian signage at the crosswalk of Dewey Avenue and Manning Court, and add a new sidewalk along Dewey Avenue where none currently exists.

One of the many positive aspects of High Bridge Borough is its walkability. Our hope is that, through this grant program, the borough can ensure that residents feel safe taking advantage of all the High Bridge has to offer. I fully support the Borough's initiative to strengthen the quality of life and improve pedestrian safety conditions for residents and visitors. Projects such as this are instrumental in reducing the risk of current and future hazards. Motor vehicle accidents involving pedestrians are, unfortunately, all too common. These kinds of investments can go a long way to preventing serious injuries and even deaths.

On behalf of the constituents we represent in the 16th legislative district, we support the Borough's efforts in pursuing funding and respectfully request strong consideration of the grant application.

Sincerely,

Re: NJDOT LTPF Grant Program
Letter of Support
Dewey Avenue Pedestrian Improvements Project
Borough of High Bridge, Hunterdon County, New Jersey

On behalf of my colleagues on the Hunterdon County Board of County Commissioners, I am writing to express our strong support for the Borough of High Bridge's application to the 2026 NJDOT Local Transportation Project Fund (LTPF) Grant Program for pedestrian safety improvements along Dewey Avenue.

As you are aware, High Bridge Borough was recently designated as a Transit Village by NJDOT, and the local governing body remains committed to creating a more connected, accessible, and vibrant community for residents, commuters, and visitors alike.

If approved, the grant funding sought by High Bridge Borough will enhance existing sidewalks and crosswalks, install pedestrian signage at the intersection of Dewey Avenue and Manning Court, and construct new sidewalk segments where none currently exist.

Over the past decade, High Bridge Borough has made a sustained effort to improve local infrastructure with the broader goal of enhancing residents' quality of life and supporting the ongoing economic vitality of its downtown. The funding provided through this grant will significantly strengthen pedestrian safety and accessibility for residents and visitors. Projects such as this are instrumental in reducing current and future safety hazards.

My colleagues and I respectfully urge your favorable consideration of the Borough's request for funding under the 2026 NJDOT Local Transportation Project Fund (LTPF) Grant Program. Thank you for your attention and support of this important local initiative.

Sincerely,

John E. Lanza

SECTION ONE: GENERAL PERSONNEL POLICIES

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The Borough of High Bridge is committed to the principle of equal employment opportunity and anti-discrimination pursuant to Title VII of the 1964 Civil Rights Act as amended by the Equal Opportunity Act of 1972 and the New Jersey Law Against Discrimination (LAD) and all other applicable state or federal laws. Under no circumstances will the Borough of High Bridge discriminate on the basis of sex, race, creed, color, religion, national origin, ancestry, age, marital status, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), pregnancy, breastfeeding, childbirth, liability for service in the United States Armed Forces, gender identity or expression, and/or any other characteristic protected by state or federal law. Accordingly, decisions regarding hiring, promotion, transfer, demotion or termination are based solely on the qualifications and performance of the employee or prospective employee. If any employee or prospective employee feels they have been treated unfairly, they have the right to address their concern with their supervisor, or if they prefer, their Department Head, Director of Personnel, the Borough Administrator, or any other supervisor with whom they feel comfortable, using the complaint procedure set forth in the Policy Against Harassment set forth in this Manual.

Any employees with questions or concerns about any type of discrimination or harassment in the workplace are encouraged to bring these issues to the attention of management through the complaint procedure set forth in the Policy Against Harassment set forth in this Manual.

AMERICANS WITH DISABILITIES AND PREGNANT WORKERS FAIRNESS

The Borough of High Bridge complies with the New Jersey Law Against Discrimination, the Americans with Disabilities Act, and the federal Pregnant Workers Fairness Act (“PWFA”). The Borough of High Bridge will not discriminate against any qualified employee or job applicant with respect to any terms, privileges, or conditions of employment because of a person's physical or mental disability, pregnancy, pregnancy-related medical condition, breastfeeding or childbirth. The Borough of High Bridge also will make reasonable accommodations wherever necessary for all employees or applicants with disabilities or with known limitations related to pregnancy, childbirth or related medical conditions, provided that the individual is otherwise qualified to safely perform the essential duties and assignments connected with the job and provided that accommodations do not require significant difficulty or expense. The Borough of High Bridge's nondiscrimination policy applies to all aspects of the employer-employee relationship, including recruitment, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and termination.

Definitions. The Americans with Disabilities Act defines an individual with a disability as any person who:

- (1) has a physical or mental impairment that substantially limits one or more major life activities, such as caring for oneself, walking, seeing, hearing, or speaking;
- (2) has a record of such an impairment; or
- (3) is regarded as having such an impairment.

An individual must satisfy at least one of the three prongs of the above definition to be considered an individual with a disability under the ADA. Temporary conditions, such as a broken leg, are not disabilities, nor are minor impairments, such as vision problems that are correctable with glasses.

The New Jersey Law Against Discrimination defines disability as a physical disability, infirmity, malformation or disfigurement which is caused by bodily injury, birth defect or illness including epilepsy and other seizure disorders, and which shall include, but not be limited to, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment or physical reliance on a service or guide dog, wheelchair, or other remedial appliance or device, or any mental, psychological or developmental disability resulting from anatomical, psychological, physiological or neurological conditions which prevents the normal exercise of any bodily or mental functions or is demonstrable, medically or psychologically, by accepted clinical or laboratory diagnostic techniques. Disability shall also mean AIDS or HIV infection.

A qualified individual is an individual with a disability who, with or without reasonable accommodation, can perform the essential functions of the employment position held or sought. An individual who poses a threat to the health and safety of oneself or to others is not qualified. Reasonable accommodation means any change or adjustment to a job or work environment that does not impose an undue hardship on the

Borough of High Bridge, or that permits a qualified applicant or employee with a disability to participate in the job application process, perform the essential functions of the job, or enjoy benefits and privileges of employment equal to those enjoyed by employees without disabilities.

The Pregnancy Workers Fairness Act (“PWFA”) defines “pregnancy and childbirth” as meaning the pregnancy or childbirth of the specific employee in question and includes, but is not limited to, current pregnancy; past pregnancy; potential or intended pregnancy (which can include infertility, fertility treatment, and the use of contraception); labor; and childbirth.

Requesting Accommodation. Qualified employees or prospective employees with disabilities, or who need accommodations due to pregnancy, childbirth, or related medical conditions, may request accommodations to perform the essential functions of their job or gain access to the hiring process. Employees or prospective employees should direct their written request to the Borough of High Bridge. In the written request, the employee or prospective employee should identify themselves as a person with a disability, eligible for protection, or include an explanation of the pregnancy-related limitation and identify the nature of the accommodation or consideration desired.

The Borough of High Bridge may require the employee to provide adequate medical or other appropriate documentation of the disability or pregnancy or childbirth-related condition and the need for the desired accommodation. The Borough of High Bridge will reasonably accommodate the known physical or mental limitation of an otherwise qualified applicant or employee with a disability or employee affected by pregnancy or childbirth unless the accommodation would impose an undue hardship on the Borough of High Bridge’s business operation.

To further the Borough of High Bridge’s nondiscrimination policy, the Borough of High Bridge will:

- Identify the essential functions of a job;
- Determine whether a person with a disability, with or without accommodation, is qualified to perform the duties; and
- Determine whether a reasonable accommodation can be made for a qualified individual.

Reasonable accommodations that the Borough of High Bridge may provide in connection with modifications to the work environment or adjustments in how and when a job is performed may include the following:

- Making existing facilities accessible and usable;
- Job restructuring;
- Part-time or modified work schedules;
- Acquiring or modifying equipment or devices;
- Appropriate adjustment or modifications of testing materials, training materials, and/or policies;
- Reassignment to a vacant position.

In the case of an employee needing accommodations for pregnancy or childbirth, a reasonable accommodation may include the temporary suspension of essential functions and/or modifications or adjustments that permit the temporary suspension of essential functions.

In the case of an employee breastfeeding her infant child, the accommodation shall include reasonable break time each day to the employee and a suitable room or other location with privacy, other than a toilet stall, in close proximity to work area for the employee to express breast milk for the child.

The Borough of High Bridge is also committed to not discriminating against any qualified employee or applicant because he or she is related to or associated with a person with a disability. If any applicant or employee has questions concerning the Borough of High Bridge's equal employment opportunity policy, he or she should contact the Borough of High Bridge.

POLICY AGAINST HARASSMENT

The Borough of High Bridge is committed to providing a work environment that is free of discrimination. The Borough of High Bridge will not tolerate harassment of or by employees towards anyone, including any supervisor, co-worker, or non-employee, including vendors and citizens.

Applicability. This policy applies to all people employed by the Borough of High Bridge, as well as volunteers working on behalf of the Borough of High Bridge, and prohibits such conduct by or towards all such employees/volunteers. Independent contractors, vendors and all other parties, engaged in a professional business relationship with the Borough of High Bridge are also expected to abide by the policy. In addition, no employee shall be required to withstand behavior from the public which violates this policy.

Purpose. This policy is designed to ensure all employees a work environment free of any type of discrimination based upon a protected status, including freedom from sexual harassment. The purpose of this policy is to inform employees that harassment based upon a protected status is prohibited, to educate employees about harassment based upon a protected status and to provide employees with a procedure to bring complaints to management's attention.

Provisions. All employees are expected to avoid any behavior or conduct of a harassing or discriminatory nature. The Borough of High Bridge prohibits any form of harassment or discrimination related to an employee's protected group status, including race, creed, color, national origin, ancestry, religion, age, marital status, civil union status, domestic partnership status, affectional or sexual orientation, familial status, genetic information, sex, gender identity or expression, disability (including perceived disability, physical, mental, and/or intellectual disabilities), atypical hereditary cellular or blood trait, or because of the liability for service in the Armed Forces of the United States, veteran status, citizenship status, or any other group status protected by law. Harassment includes, but is not limited to:

- A. Treating an individual less favorably based on a person's protected group status;
- B. Using derogatory or demeaning slurs to refer to a person's protected group status;
- C. Calling another by an unwanted nickname which refers to one or more protected group statuses, or telling ethnic jokes that harass an employee or create a hostile work environment;
- D. Using derogatory references regarding a protected group status in any job-related communication;
- E. Engaging in threatening, intimidating, or hostile acts, in the workplace, based on a protected group status; or
- F. Displaying or distributing material in the workplace that contains language or derogatory or demeaning images, based on any protected group status.

Any form of harassment or discrimination related to an employee's protected group status violates this policy. A hostile work environment can arise not only from conduct at the workplace, but can also arise from conduct occurring in a work-related context outside of the workplace (i.e., virtually or off-site) and

conduct occurring in a non-work related context (i.e., through private phones, computers, or social media accounts) when that conduct impacts the workplace.

This policy applies to all employment practices such as recruitment, selection, hiring, training, promotion, transfer, assignment, layoff, return from layoff, termination, compensation, fringe benefits, working conditions and career development.

Violations of this policy will result in appropriate disciplinary action up to and including termination of employment.

Sexual Harassment. The Borough of High Bridge prohibits sexual harassment of its employees in any form. Such conduct shall result in appropriate disciplinary action up to and including dismissal from employment.

A. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct, gestures or communications, expressed or implied, of a sexual nature when:

- (1) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment; or
- (2) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment, or
- (3) That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment or creating an intimidating hostile or offensive employment environment.

B. Prohibited Conduct: No supervisory employee shall threaten or insinuate either directly or indirectly, that an employee's refusal to submit to sexual advances will adversely affect the employee's continued employment, evaluation, compensation, assignment, advancement, or any other condition of employment. Similarly, no supervisory employee shall promise or suggest either directly or indirectly, that an employee's submission to sexual advances will result in any improvement in any term or condition of employment for the employee.

Other sexually harassing conduct in the workplace, whether committed by supervisory or non-supervisory personnel is also prohibited. This includes, but shall not be limited to:

- (1) Sexual flirtations, advances, propositions, subtle pressure for sexual activity, flirtatious whistling, discussing sexual activities;
- (2) Verbal abuse of a sexual nature including sexually oriented "kidding" or "teasing," "practical jokes," jokes about gender-specific traits, and foul or obscene language or gestures;
- (3) The display of sexually graphic pictures or pictures of an offensive nature, or objects in the workplace, including sexually suggestive written material such as letters, notes, facsimiles, text messages and e-mails;
- (4) Any unwelcome sexually motivated touching, including, for example, patting, pinching, hugging, cornering, blocking or impeding movement and repeated brushing against another employee's body.

Sexual harassment also occurs when one person harasses another solely because of the victim's gender. This type of sexual harassment may involve unwelcome sexual demands or overtures, but it may also take the form of other harassing conduct not necessarily sexual in nature. For example, this would include gender stereotyping such as comments about the lesser abilities, capacities, or the "proper role" of females. It also includes subjecting a woman or a man to non-sexual harassment solely because of her or his gender. Sexual harassment is prohibited whether the harasser is male or female, and whether the harassment is opposite sex or same-sex harassment.

Complaint Procedure. Any employee who feels he or she has been subject to harassment should report the incident directly to the designated Affirmative Action Officer. The designated Affirmative Action Officer will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy.

Alternatively, any employee who feels he or she has been subject to harassment should report the incident directly to the Borough Administrator. The Borough Administrator will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy. The names and telephone numbers of the designated Affirmative Action Officer and Borough Administrator are contained in the Contact Information attached to this policy.

Any individual uncomfortable reporting an incident to the designated Affirmative Action Officer and/or Borough Administrator should feel free to go to any management representative which he or she feels most comfortable to relay the problem to. When any management representative learns of a violation of this policy, the management representative shall assist the victim in reporting the alleged incident(s) of harassment.

The Borough of High Bridge should notify the alleged harasser that the behavior in question is thought to be offensive and unwelcome. However, failure to inform the alleged harasser that the behavior is unwelcome does not prevent the victim from filing a complaint pursuant to this policy. The harassment or discrimination does not have to occur on the Borough of High Bridge's property during regular work hours for an employee to file a complaint under this policy.

The Borough of High Bridge strongly encourages employees who witness conduct which they believe violates the Borough of High Bridge's Policy Against Harassment to report the violation pursuant to this complaint procedure. The Borough of High Bridge encourages the prompt reporting of complaints so that rapid response and appropriate action may be taken. Any complaint should be reported within sixty (60) days to be considered current. Nevertheless, due to the sensitive nature of these problems, all complaints will be investigated, regardless of when they are filed.

Investigation Procedure. The Borough of High Bridge shall conduct an investigation into the harassment complaint to determine the merits of the allegations. The designated Affirmative Action Officer and/or Borough Administrator shall designate the Borough Attorney or other objective investigator to determine the validity of any complaint. The objective investigator may include any third party deemed appropriate.

The investigation shall be completed in a reasonable time to resolve the issue and minimize the effects of such investigation on the parties involved. The investigation will, at a minimum, include an interview with the employee bringing the complaint and the accused.

If the Borough of High Bridge determines that the complaint has merit, the accused shall face appropriate disciplinary action based upon the severity of the complaint and any prior history of past charges against the individual. Disciplinary action may include a written warning, suspension, demotion, and/or termination of employment. Any disciplinary action shall be consistent with applicable collective bargaining agreements, regulations and applicable due process safeguards. Upon completion of the investigation, the entire file shall be maintained in a secure location with the Borough of High Bridge.

In the event that the Borough of High Bridge determines the complaint to be intentionally dishonest, appropriate disciplinary action may be taken against the employee who caused the complaint to be filed.

Privacy. To the extent possible, all persons involved in a harassment complaint will be given the utmost protection of privacy. Specifically, the Borough of High Bridge will strive, both during and after the investigation, to maintain confidentiality to the fullest extent possible, including confidentiality of the identities of all persons involved or alleged to be involved in the incident, revealing only those particulars of the matter to the extent necessary for a thorough investigation. Any employee who unnecessarily compromises the confidentiality of an investigation will be subject to appropriate discipline.

Responsibility of Supervisory Personnel. Supervisors are to monitor the work environment to ensure that all subordinates comply with this Policy Against Harassment. When a supervisor learns of a violation of this policy, the supervisor shall assist the victim in reporting the alleged incident(s) of harassment.

Alternatively, the supervisor shall report the matter to the designated Affirmative Action Officer and/or Borough Administrator for resolution.

Retaliation Prohibited. The Borough of High Bridge encourages victims of harassment to bring their complaints to management by ensuring that no reprisals or retaliation will result from the good faith reporting of harassment. The filing of a complaint, in good faith, shall not, under any circumstances provide cause for discipline. Additionally, it is a violation of this policy for any personnel to retaliate against another because he or she filed a complaint or otherwise participated in the complaint procedure.

Any supervisor who receives a harassment complaint from any employee must bring it to the attention of the designated Affirmative Action Officer and/or Borough Administrator for resolution. Supervisors shall closely monitor the work environment for any forms of retaliation once an allegation has been made. This will include but not be limited to verbal remarks, irregular assignments or any other activity that may contribute to a hostile work environment.

Legal Effect. This Policy Against Harassment is to be construed as a unilateral expression of the policy of the Borough of High Bridge concerning harassment in the workplace. It is not intended to create any contractual rights or duties and any such intention or effect is hereby disclaimed. This policy may be amended, supplemented, modified and/or revised at any time. Any employee with questions regarding the Borough of High Bridge's Policy Against Harassment should contact the designated Affirmative Action Officer and/or Borough Administrator.

Training. The Borough of High Bridge recognizes the need to reinforce its policies with effective training. Training is to be provided to all supervisory and non-supervisory employees. Ultimately, the goal of effective training is to build a culture in which all employees feel safe. Training may be conducted in person or through electronic means. To the extent economically and operationally feasible, training should be conducted live whenever possible. Training should empower participants to intervene appropriately when they witness harassment or discrimination. This means not only training participants on the requirements of the policy prohibiting harassment and discrimination, but also training participants on tools for response and lodging complaints. Training should emphasize the negative impact of harassment and discrimination on employees, workplace productivity, workplace culture, and encouraging those employees who either experience harassment/discrimination or witness it to report it.

Monitor for Compliance. The Borough of High Bridge acknowledges the importance of ensuring that employers' policies and procedures are actually working as intended to prevent sexual harassment and other forms of discrimination from occurring in the workplace. It is the expectation of the Borough of High Bridge that all supervisors shall enforce anti-harassment policies and that setting the proper example is part of their job description and part of the evaluation of their job performance. The Borough of High Bridge will engage in proactive efforts to monitor and ensure compliance with its policies within their workplaces.

POLICY PROHIBITING WORKPLACE VIOLENCE

The Borough of High Bridge has adopted this Zero Tolerance Policy for workplace violence because it recognizes that workplace violence is a growing problem nationally that needs to be addressed by all employers. Consistent with this policy, acts or threats of physical violence, including intimidation, harassment, and/or coercion which involve or affect the Borough of High Bridge employees, or which occur on the Borough of High Bridge's property will not be tolerated.

Threats or Acts of Violence Defined. "Threats or acts of violence" include conduct against persons or property that is sufficiently severe, offensive, or intimidating to alter the employment conditions with the Borough of High Bridge, or to create a hostile, abusive, or intimidating work environment for one or more employees.

Examples of Workplace Violence. General examples of prohibited workplace violence include, but are not limited to, the following:

All threats or acts of violence occurring on Borough of High Bridge property, regardless of the relationship between the Borough of High Bridge and the parties involved in the incident.

All threats or acts of violence not occurring on Borough of High Bridge property but involving someone who is acting in the capacity of a representative of the Borough of High Bridge.

All threats and acts of violence not occurring on Borough of High Bridge property involving an employee of the Borough of High Bridge if the threats or acts of violence affect the legitimate interest of the Borough of High Bridge.

Any threats or acts resulting in the conviction of an employee or agent of the Borough of High Bridge, or of an individual performing services on the Borough of High Bridge's behalf on a contract or temporary basis, under any criminal code provision relating to threats or acts of violence that adversely affect the legitimate interests and goals of the Borough of High Bridge.

Specific Examples of Prohibited Conduct. Specific examples of conduct which may be considered "threats or acts of violence" prohibited under this policy include, but are not limited to:

Hitting, fighting, pushing, or shoving an individual or throwing objects;

Threatening to harm an individual or his/her family, friends, associates, or their property;

The intentional destruction or threat of destruction of property owned, operated, or controlled by the Borough of High Bridge;

Making harassing or threatening telephone calls, letters or other forms of written or electronic communications;

Intimidating or attempting to coerce an employee to do wrongful acts that would affect the business interests of the Borough of High Bridge;

Harassing surveillance, also known as “stalking,” the willful, malicious and repeated following of another person and making a credible threat with intent to place the other person in reasonable fear of his or her safety;

Making a suggestion or otherwise intimating that an act to injure persons or property is “appropriate,” without regard to the location where such suggestion or intimation occurs;

Unauthorized possession or inappropriate use of firearms, weapons, or any other dangerous devices on Borough of High Bridge property.

While employees of the Borough of High Bridge may be required as a condition of their work assignment to possess firearms, weapons or other dangerous devices, or permitted to carry them as authorized by law, employees are to use them only in accordance with departmental operating procedures and all applicable State and Federal laws.

Application of Prohibition. The Borough of High Bridge’s prohibition against threats and acts of violence applies to all persons involved in the Borough of High Bridge’s operation, including but not limited to Borough of High Bridge personnel, volunteer, contract and temporary workers, and anyone else on Borough of High Bridge property. Violation of this policy by any individual on Borough of High Bridge property, by any individual acting as a representative of the Borough of High Bridge while not on Borough of High Bridge property, or any individual acting off of the Borough of High Bridge property when his or her actions affect the public interest or the Borough of High Bridge’s business interests will be followed by legal action, as appropriate. Violation by an employee of any provision of this policy may lead to disciplinary action up to and including termination.

Warning Signs, Symptoms and Risk Factors. The following are examples of warning signs, symptoms, and risk factors which MAY indicate an employee’s potential for workplace violence:

Dropping hints about a knowledge of firearms;

Making intimidating statements like: “You know what happened at the Post Office,” “I’ll get even,” or “You haven’t heard the last from me”;

Possessing reading material with themes of violence, revenge and harassment;

Physical signs of hard breathing, reddening of complexion, menacing stare, loudness, fast profane speech;

Acting out either verbally or physically;

Disgruntled employee or ex-employee who is excessively bitter;

Being a loner;

Having a romantic obsession with a co-worker who does not share that interest;

History of interpersonal conflict;

Intense anger, lack of empathy;

Domestic problems, unstable/dysfunctional family;

Brooding, depressed strange behavior, “time bomb ready to go off.”

Supervisors should be alerted to and aware of these indicators. If an employee exhibits such behavior, the employee should be monitored and such behavior should be documented.

Procedures for Dealing with Acts of Workplace Violence. When a violent act occurs in the workplace: If a violent act or altercation constitutes an emergency, call 9-1-1 or the local police department. In instances that are not emergency situations, contact your Department Head or the designated human resources official. If possible, separate the parties involved in the violent altercation. If the parties cannot be separated, or if it would be too dangerous for the employee to separate the parties, call 9-1-1 or the local police department, and contact your Department Head or the designated human resources official. The Department Head will contact the designated human resource officer, who will take responsibility for coordinating a response to the incident.

In instances that involve criminal situations, the designated human resources official will contact the appropriate local police department for assessment, and if necessary, a criminal investigation.

Employee Reporting Obligations and Procedure. Each employee and every person on Borough of High Bridge property is encouraged to report incidents or threats or acts of physical violence of which he or she is aware. In cases where the reporting individual is not an employee, the report should be made to the local police department. In cases where the reporting individual is an employee, the report should be made to the employee’s Department Head or the designated human resources official. Each Department Head shall promptly refer any such incident to the designated human resources official.

The Borough of High Bridge will promptly and thoroughly investigate all reports of threats of (or actual) violence and/or suspicious individuals or activities. Any individual determined to be responsible for conduct in violation of this policy will be subjected to disciplinary action up to and including termination of employment, arrest and prosecution.

Nothing in the policy alters any other reporting obligation established in the Borough of High Bridge’s policies or in state, federal or other applicable law.

Confidentiality and Retaliation. This policy prohibits retaliation against any employee who, in good faith, reports a violation of this policy. Every effort to the extent practicable will be made to protect the safety and identity of anyone who comes forward with concerns about a threat or act of violence. Employees shall refer any questions regarding his or her rights and obligations under the policy to the designated human resources official.

WHISTLEBLOWER POLICY

As a matter of policy, the Borough of High Bridge abides by all federal, state, and local laws, rules, and regulations applicable to it and has all its employees do the same. Every employee is responsible for assisting the Borough of High Bridge to implement this policy.

In the ordinary course, a violation of this policy should be reported to an employee's Department Head in writing, signed by the employee. If that is not practical or if that action is taken but does not prevent or correct the perceived violations, the employee is to deliver a written statement, signed and dated to the designated human resources official. The written statement should detail the specific information the employee possesses so that the Borough of High Bridge may undertake an investigation.

The Borough of High Bridge or any of its employees will not retaliate against any employee who makes a good faith report pursuant to this policy, even if an investigation reveals that no violation occurred. More specifically, neither the Borough of High Bridge nor any of its employees will take any retaliatory action or tolerate any reprisal against an employee who:

Discloses, or threatens to disclose, to a supervisor or to a public body an activity, policy or practice of the Borough of High Bridge or another employer, with whom there is a business relationship, that the employee reasonably believes is in violation of a law, or a rule or regulation issued under the law, or, in the case of an employee who is a licensed or certified health care professional, reasonably believes constitutes improper quality of patient care;

Provides information to, or testifies before, any public body conducting an investigation, hearing or inquiry into any violation of law, or a rule or regulation issued under the law by the Borough of High Bridge or another employer, with whom there is a business relationship, or, in the case of an employee who is a licensed or certified health care professional, provides information to, or testifies before, any public body conducting an investigation, hearing or inquiry into quality of patient care;

Provides information involving deception of, or misrepresentation to, any shareholder, investor, client, patient, customer, employee, former employee, retiree or pensioner of the employer or any government entity;

Provides information regarding any perceived criminal or fraudulent activity, policy or practice of deception or misrepresentation which the employee reasonably believes may defraud any shareholder, investor, client, patient, customer, employee, former employee, retiree or pensioner of the Borough of High Bridge or any governmental entity.

Objects to, or refuses to participate in, any activity, policy or practice which the employee reasonably believes: (1) is in violation of a law, or a rule or regulation issued under the law or, if the employee is a licensed or certified health care professional, constitutes improper quality of patient care; (2) is fraudulent

or criminal; or (3) is incompatible with a clear mandate of public policy concerning the public health, safety or welfare or protection of the environment. See N.J.S.A. 34:19-3.

Disclosure to the Borough of High Bridge first, however, is not required where (1) the employee is reasonably certain that the violation is known to one or more officials; (2) where the employee reasonably fears physical harm; or (3) the situation is emergent in nature. The employee must give the Borough of High Bridge a reasonable opportunity to correct the activity, policy or practice. It is the Borough of High Bridge's responsibility to correct or prevent such violations. This is a legal obligation and a practical necessity. A violation can taint the credibility of the Borough of High Bridge and cause the Borough of High Bridge and its employees to be subjected to adverse publicity leading to public distrust.

This policy is important to the Borough of High Bridge. Each employee should seek to resolve any problem within Borough of High Bridge channels before reporting it to any outside person or entity.

SECTION TWO: EMPLOYEE BENEFITS

COMPENSATION

The Borough of High Bridge will pay its employees in accordance with the provisions of applicable collective bargaining agreements, ordinances, and in compliance with the Fair Labor Standards Act (“FLSA”) and the New Jersey Wage and Hour Law.

Unless otherwise specified by collective bargaining agreement, the Borough of High Bridge pay period begins 1st through 15th, and ends 16th through the last day of the Month. Wage payments are issued on 10th and 25th days of the Month.

No wages may be paid in advance of the normal payday.

Compensation for all employees will be in concert with the recognized bargaining agents of the employees, where applicable.

Employees are not entitled to retroactive pay increases if an employee separates employment, voluntarily or involuntarily, from the employ of the Borough of High Bridge prior to the retroactive payment, unless otherwise stated in the applicable collective bargaining agreement.

OVERTIME

The Borough of High Bridge complies with all applicable federal and state laws with regard to payment of overtime work, including the New Jersey Wage and Hour Law and the federal Fair Labor Standards Act.

Under the Fair Labor Standards Act, certain employees in managerial, supervisory, administrative, computer or professional positions are exempt from the provisions of the Act. There are also employees who may be exempt because their compensation exceeds \$107,432 per year depending upon their job duties. The Borough Administrator shall notify all Exempt employees of their status under the Act. Exempt employees are not eligible to receive overtime compensation and are required to work the normal workweek and any additional hours needed to fulfill their responsibilities. Time off consideration for large amounts of additional hours may be provided with the Borough Administrator's prior approval and at the sole discretion of the Borough Administrator, which approval shall not be unreasonably withheld if there is otherwise sufficient staffing to accommodate the request.

Depending on work needs, employees may be required to work overtime. Non-exempt employees are not permitted to work overtime unless the overtime is budgeted and approved by the Department Head and the Borough Administrator. Non-exempt employees working overtime without prior approval will be subject to disciplinary action.

Non-exempt employees are paid overtime at the rate of one and one-half times the regular rate of pay for all hours worked over forty (40) in a workweek. Employees may choose overtime compensation in the form of overtime pay or compensating time off. The maximum number of hours that an employee may accrue for future compensating time off is fifty (50) hours, unless otherwise specified by collective bargaining agreement. Once this maximum has been accumulated, all additional hours will be compensated by overtime pay. In the event of a conflict between these rules and any collective bargaining agreement, or Federal or State law, the terms and conditions of that collective bargaining agreement or law shall prevail.

Accrued and taken overtime compensating hours must be noted on the employee's time sheet. Previously scheduled Paid Time Off ("PTO"), including vacation time, personal time, and holiday time, is considered time worked for purposes of determining overtime compensation, but sick time and personal time are not.

MEDICAL BENEFITS

PLEASE NOTE: FULL DETAILS OF EMPLOYEE'S HEALTH, MEDICAL AND HOSPITALIZATION PLANS CAN BE FOUND IN THE OFFICIAL INSURANCE PLAN DOCUMENTS. IF THERE IS ANY CONFLICT OR INCONSISTENCY BETWEEN THE INFORMATION IN THE POLICY AND PROCEDURES MANUAL AND THE OFFICIAL DOCUMENTS, THE OFFICIAL DOCUMENTS WILL GOVERN. THE BOROUGH OF HIGH BRIDGE RESERVES THE RIGHT TO MODIFY, REVOKE, SUSPEND, TERMINATE OR CHANGE ANY OR ALL SUCH PLANS, IN WHOLE OR IN PART, AT ANY TIME WITH OR WITHOUT NOTICE IN ACCORDANCE WITH APPLICABLE LAW. THE BOROUGH OF HIGH BRIDGE ALSO RESERVES THE RIGHT TO CHANGE INSURANCE CARRIERS IN ACCORDANCE WITH APPLICABLE LAW.

Part-time and full-time temporary or seasonal employees are not entitled to medical insurance benefits. Failure to complete all necessary paperwork in accordance with the time frames advised by the Borough of High Bridge will result in a delay of coverage. Additionally, failure to enroll dependents or to make other changes or corrections in coverage may jeopardize available benefits. All employees must notify the Borough of High Bridge of any change in status (i.e., marriage, divorce, birth, adoption, death) within the time frame designed by the health benefit plan that would affect any employer-provided health insurance. The Borough of High Bridge reserves the right to conduct a coverage audit to verify proper coverage for employees and eligible dependents.

Dependent Defined. The Borough of High Bridge defines “dependents” as used in this policy as it is defined under the State Health Benefits Program. Dependents means an employee’s spouse and the employee’s unmarried children under the age of twenty-six (26) years who live with the employee in a regular parent-child relationship.

“Children” includes biological children, stepchildren, legally adopted children and foster children provided that they are reported for coverage and are wholly dependent upon the employee for support and maintenance. See N.J.S.A. § 52:14-17.26. A spouse or child enlisting or inducted into military service shall not be considered a dependent during the military service.

The term “dependents” does not include spouses of retired persons who are otherwise eligible for benefits under the State Health Benefits Program (N.J.S.A. § 52:14-17.25 et seq.) but who, although they meet the age eligibility requirement of Medicare, are not covered by the complete federal program.

Medical/Hospitalization Coverage. The Borough of High Bridge provides major medical and hospitalization insurance for the employee. The Borough of High Bridge may provide major medical and hospitalization coverage for the employee’s eligible dependents.

Full-time employees working on average thirty (30) hours per week or more and, if applicable, their eligible dependents become eligible to participate in the Borough of High Bridge's major medical and hospitalization insurance plans in accordance with current health plan documents.

Payments of such premiums by the Borough of High Bridge will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Prescription Drug Coverage. The Borough of High Bridge provides prescription drug insurance for the employee. The Borough of High Bridge may provide prescription drug coverage for the employee's eligible dependents.

Employees will be responsible to pay a co-pay on prescriptions. Full-time employees and their eligible dependents become eligible to participate in the Borough of High Bridge's prescription insurance plan in accordance with current plan documents.

Payments of such premiums by the Borough of High Bridge will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Dental Coverage. Full-time employees and, if applicable, their eligible dependents become eligible to participate in the Borough of High Bridge's dental plan in accordance with current plan documents. All full-time employees, and, if applicable, their eligible dependents, shall be eligible for enrollment in the Borough of High Bridge's dental plan in accordance with the specific requirements of the insurance plan carried by the Borough of High Bridge.

The Borough of High Bridge provides dental insurance for the employee. Unionized employees receive dental coverage in accordance with applicable collective bargaining agreements. The Borough of High Bridge may provide dental coverage for the employee's eligible dependents.

Payments of such premiums by the Borough of High Bridge will terminate upon the employee's separation from service. Upon separation, the employee may, if eligible, purchase continuation health benefit coverage to the extent, and for the period, provided by federal law.

Retiree Health Insurance. The Borough of High Bridge shall provide health care retirement coverage provided the employee was a full-time employee who was eligible for health insurance coverage until their retirement date. Upon their retirement, they must have completed at least twenty (20) years of service with the Borough of High Bridge and be eligible for a retirement benefit from a New Jersey State-administered retirement system immediately following termination of employment based upon their having been credited with at least 25 years of service in such retirement system. This retiree health coverage will also extend to a surviving spouse of the retiree, if covered at the time of retirement. This benefit may change from time to time as deemed appropriate, but coverage will not be decreased or eliminated without prior notice to the affected retiree. Further details concerning this

benefit, including enrollment and details concerning the processing of claims, may be obtained from the Borough Administrator, or designee.

Continuation Coverage. An employee and his/her family, if covered by the Borough of High Bridge's group health care package, shall have the right to temporarily continue their coverage due under the plan, paying the group rate themselves, should they lose coverage due to the death of the enrolled employee or termination for reasons other than gross misconduct on the employee's part, pursuant to the federal Consolidated Omnibus Budget Reconciliation Act (COBRA). For additional information, contact the designated human resources official.

Payments to Employees in lieu of Receiving Health Benefits. N.J.S.A. 52:14-17.31a and 40A:10-17.1 authorizes the Borough as a provider of employee health benefits through the State Health Benefits Program [SHBP] or non-SHBP coverage, to make annual payments to employees who are eligible for other health care coverage in exchange for waiving health coverage provided by the Borough. The employee must be eligible for other healthcare coverage in addition to the Borough's coverage [e.g. through a spouse or domestic partner]. *Note if the Borough is in the SHBP, and the alternate coverage is also under SHBP or the School Employees Health Benefits Program [SEHBP], the employee cannot receive a waiver payment. An employee may waive all Borough-provided health benefits or a select benefit, except for dental benefit. The health benefit waiver payment is calculated based on what the Borough of High Bridge saves as a result of the employee not receiving the benefit being waived, and are capped by statute. As of the effective date of P.L. 2010.c.2 payments cannot exceed the lesser of twenty-five percent [25%] of the amount saved by the Borough as a result of the waiver, or \$5,000.00.

HIPAA COMPLIANCE

The Borough of High Bridge is committed to upholding both the letter and the spirit of the Health Insurance Portability and Accountability Act (“HIPAA”) regarding the use, maintenance, transfer, and disposition of personal health care information. To the extent that the Borough of High Bridge maintains such information about its employees and others, its elected officials and employees are committed to protecting the privacy and confidentiality of that information.

WORKERS' COMPENSATION

Employees who suffer job-related injuries and illnesses may be entitled to medical expenses, lost income and other compensation under the New Jersey Workers' Compensation Act. Any occupational injury or illness must be immediately reported to the supervisor or Department Head. All required medical treatment must be performed by a workers' compensation physician appointed by the Borough of High Bridge or workers' compensation carrier. Workers' Compensation is not a leave entitlement but only a wage replacement arrangement.

Payment for unauthorized medical treatment may not be covered. No temporary Workers' Compensation benefits other than the payment of medical bills shall be paid until the employee has been disabled for a period of seven (7) calendar days from the work-related injury, unless otherwise required by law.

While receiving workers' compensation benefits, the pension portion of an employee's benefits will still be paid by the Borough of High Bridge. If, however, an employee is receiving workers' compensation with pay, (which is defined as one hundred (100%) percent compensation of salary) the employee is responsible for all deductions, including pension.

The Borough of High Bridge will not tolerate retaliation or discrimination against an individual because the individual has filed a claim for workers' compensation benefits. This prohibition includes denying or limiting any request for leave because an individual asserted a claim for workers' compensation benefits.

Workers' Compensation Light Duty Policy. The Borough of High Bridge will endeavor to bring employees with temporary work-related injuries or illnesses back on the job as soon as possible. The Borough of High Bridge may recognize a special obligation arising out of the employment relationship and create a temporary light duty position for an employee when s/he has been injured while performing work for the Borough of High Bridge and, as a consequence, is unable to perform his/her regular job duties.

The Borough of High Bridge will not treat an employee with a disability less favorably than an individual without a disability or screen out an individual on the basis of disability in granting such requests for light duty. The Borough of High Bridge will grant such request, at its sole discretion, and on a case-by case basis in consideration of the medical report submitted by the workers' compensation physician, the recommendation of the insuring entity, and staffing needs and requirements. The Borough of High Bridge reserves the right to grant, refuse or terminate a light duty assignment at any time without cause unless it is in conflict with the mandates of the ADA, FMLA, or NJFLA or other state or federal leave laws, where applicable.

The employee and/or the Third Party Administrator ("TPA") are obligated to inform the Borough of High Bridge of the employee's medical progress and the Borough of High Bridge shall have the right

to review same periodically. Light duty assignments may be in any department and not just the employee's normal department. Employees on light duty will receive their regular salaries. If light duty is approved, the employee or TPA must keep the Borough Administrator and/or designated human resources official informed of the medical progress. If, at the end of light duty period the employee is not able to return to work without restrictions, the employee should contact the Borough Administrator and/or designated human resources official to discuss his or her options under state or federal law.

This policy does not affect an employee's rights under the Americans with Disabilities Act, the Family and Medical Leave Act, the Fair Labor Standards Act, the Contagious or Life Threatening Illnesses Policy, or other Federal or State law.

SECTION THREE: LEAVES OF ABSENCE

PAID TIME OFF (“PTO”) LEAVE POLICY

Unless otherwise stipulated in an employment agreement, collective bargaining agreement Paid Time Off (“PTO”) is an accrued benefit based on the following schedule:

Full-Time Employees:

- Two (2) days for each full month of continuous service during the first calendar year of employment (“Year 1”) after completing ninety (90) day probationary period.
- Twenty-Six (26) days for Years Two (2) through Four (4), inclusive.
- Thirty-One (31) days for Years Five (5) through Nine (9), inclusive.

During an employee’s ninety (90) day probationary period, no Paid Time Off “(PTO)” is earned or available. Upon completion of the probationary period, one day will be credited for each month worked (calculated back to date of hire). The above list Paid Time Off “(PTO)” is inclusive of vacation, personal and sick leave.

Part-Time Employees:

Effective January 1, 2026, part-time employees who work an approved weekly schedule of 20 hours or more annually will be provided with PTO Leave. Eligible part-time employees shall accrue time on a pro-rata hourly basis based on the schedule above. This accrual rate is inclusive of above PTO schedule and the holiday schedule

Hourly employees working less than 20 hours per week, averaged annually on a weekly basis will be provided with Paid Time Off (“PTO”) Sick Leave accruals pursuant to N.J.S.A. 34:11D-3(a).

Appointed professionals are those appointed to positions based on an annual salary and not otherwise determined to be full-time employees. These positions may include, but are not limited to, Construction Department Officials, Inspectors, Tax Assessor, or are not otherwise classified as Full or part-time regular employees. Appointed professionals shall not accrue PTO.

Approval of PAID TIME OFF Leave. An employee’s supervisor must approve the use of Paid Time Off, in advance. While approval of Paid Time Off leave shall not be unreasonably withheld, the use of Paid Time Off leave shall be subject to staffing levels as solely determined by the supervisor or Department Head. Employees should submit Paid Time Off requests as early as possible to ensure adequate staffing. Absent emergent circumstances, a request to use Paid Time Off leave shall be approved by the employee’s

supervisor, Department Head, or Borough Administrator based on the following advanced submission prior to the first date of absence:

- More than 4 hours up to 1 day off – 2 days
- 3 – 5 consecutive days off – 7 days
- 6 or more consecutive days off – 14 days

No employee shall be permitted to utilize more than 10 consecutive days off except under extraordinary circumstances and with the approval of the administration.

Employees who have an approved Paid Time off benefit scheduled and who calls in sick the day before or day following a Paid Time Off and/or holiday leave, and/or any other authorized day of absence may be required to submit a physician’s statement.

SICK LEAVE POLICY

For every 30 hours worked, an employee shall accrue one hour of sick leave. An employee may accrue or use in any year, or carry forward from one year to the next, no more than 40 hours of earned sick leave. Full and part-time employees otherwise provided with Paid Time Off (“PTO”) allotment or accruals shall be permitted to use up to seven (7) days from their Paid Time Off leave as earned sick leave as outlined below.

The Borough of High Bridge permits an employee, pursuant to N.J.S.A. § 34:11D-3(a), to use the earned sick leave accrued for any of the following instances:

- (1) Time needed for diagnosis, care, or treatment of, or recovery from, the employee’s own mental or physical illness, injury or other adverse health condition, or for preventive medical care for the employee;
- (2) To aid or care for a family member during diagnosis, care, or treatment of, or recovery from, the family member's mental or physical illness, injury or other adverse health condition, or during preventive medical care for the family member;

- (4) Closure of an employee’s workplace, or of the school or place of care of an employee’s child, due to an epidemic or public health emergency, or because of the issuance by a public health authority of a determination that the presence of the employee or their family member in the community would jeopardize the health of others;
- (5) During a state of emergency declared by the Governor, or upon the recommendation, direction, or order of a healthcare provider or the Commissioner of Health or other authorized public official, the employee undergoes isolation or quarantine, or cares for a family member in quarantine, as a result of suspected exposure to a communicable disease and a finding by the provider or authority that the presence in the community of the employee or family member would jeopardize the health of others; or
- (6) If an employee needs to attend a school-related conference, meeting, function or other event requested or required by an administrator, teacher, or other professional school staff member responsible for the education of the employee’s child, or to attend a meeting regarding care provided to the child in connection with the child’s health conditions or disability.

In regard to the above, the Borough of High Bridge requires three (3) days’ notice for any foreseeable use of leave. If the use of leave is unforeseeable, the employee should notify the Borough of

High Bridge as soon as practicable of their need to use same. Should an employee need to use three (3) or more consecutive days of leave, said employee must provide the Borough of High Bridge with reasonable documentation that the leave is being taken for one of the purposes permitted above. Reasonable documentation shall be as defined in N.J.S.A. § 34:11D-3(b).

An employee is eligible to use the earned sick leave beginning on the 120th calendar day after the employee starts work. The employee may subsequently use earned sick leave as soon as it is accrued. Employees will not be paid for any unused sick leave, except as expressly required by federal or State laws, or an applicable collective negotiations agreement.

An employee who exhausts all paid sick leave in any one year shall not be credited with additional paid sick leave until the beginning of the next calendar year.

Employees Covered under a Collective Bargaining Agreement – The employment details set out in this policy work in conjunction with, and do not replace, amend or supplement any terms or conditions of employment stated in any collective bargaining agreement that a union has with the Borough of High Bridge. Wherever employment details in this policy differ from the terms expressed in a collective bargaining agreement with the Borough of High Bridge, the specific terms of the collective bargaining agreement will control.

DONATED LEAVE PROGRAM

The Donated Leave Program will be administered in such a manner as to ensure the goals of the program are met without interfering with any employee's rights to privacy as otherwise protected by Federal or State law, rules or regulations.

Eligibility. A permanent full-time employee shall be eligible to receive donated sick or vacation leave if the employee:

1. Has completed at least one year of continuous service;
2. Has exhausted all accrued sick, vacation, personal, compensatory and administrative leave as well as all sick leave injury benefits, if any;

 - b) Is needed to provide care to a member of the employee's immediate family who is suffering from a catastrophic health condition or injury; or

- With respect to an employee, a "catastrophic health condition or injury" is a life-threatening condition or combination of conditions or a period of disability required by his or her mental or physical health or the health of the employee's fetus and requiring the care of a physician who provides a medical verification of the need for the employee's absence from work for sixty (60) or more work days.
- With respect to an employee's immediate family member, a "catastrophic health condition or injury" is a life-threatening condition or combination of conditions or a period of disability required by his or her

mental or physical health and requiring the care of a physician who provides a medical verification of the need for the family member's care by the employee for sixty (60) or more work days.

"Immediate Family Member" shall mean: Father, mother, father-in-law, mother-in-law, spouse, domestic partner, child, son-in-law, daughter-in-law, grandparent, grandchild, brother or sister. Any interpretation of this definition shall be made in the sole discretion of the Borough Administrator.

"Leave Recipient" shall mean an employee who is desirous of accepting leave time accrued and donated by fellow employees.

"Leave Donor" shall mean an employee who is desirous of providing, without compensation, accrued sick, vacation, or personal days to a fellow employee dealing with a Catastrophic Health Condition or Injury.

Procedure.

1. Written Request - An employee may submit a request, in writing, to their Department Head or the Borough Administrator to participate in the Donated Leave Program either as a Leave Recipient or Leave Donor. A supervisor may submit a request to receive time on behalf of an employee unable to make the request.

2. Medical Verification - The employee requesting the employee's acceptance as a Leave Recipient shall submit to the Borough of High Bridge medical verification, signed by a physician licensed by the State of New Jersey, concerning the nature and anticipated duration of the disability resulting from either the catastrophic health condition or injury, or the donation of an organ, as the case may be. The medical verification required for the receipt of donated leave shall include the nature and anticipated duration of the catastrophic health condition or injury, or the donation of an organ. The same medical documentation set forth above will be required whether applying for donated leave to care for one's self or immediate family member.

3. Notice - Upon approval by the Borough Administrator, the Department Head or Supervisor shall, with the Leave Recipient's consent, post or circulate the employee's name along with those of other eligible employees in a conspicuous manner to encourage the donation of leave time. If the employee is unable to consent to this posting or circulation, the employee's family may consent on his or her behalf.

Participation Requirements.

1. Leave Recipient must receive at least five (5) sick days or vacation days or a combination thereof from one or more leave donors to participate in the donated leave program.

2. Leave Recipient may not collect temporary disability benefits (TDI) or worker's compensation insurance benefits while utilizing time donated.

3. Leave Recipient is limited to a lifetime maximum of two-hundred and sixty (260) donated sick days or vacation days and shall not receive any such days on a retroactive basis.

4. Leave Donors shall have remaining at least twenty (20) days of accrued sick leave if donating sick leave and at least twelve (12) days of accrued vacation leave if donating vacation leave.
5. Leave Donor shall donate only whole sick days or whole vacation days and may not donate more than thirty (30) such days to any one recipient.
6. Leave Donor shall not revoke the leave donation.
7. While using donated leave time, the Leave Recipient shall accrue sick leave and vacation leave under the normal Borough of High Bridge policies and shall be entitled to retain such leave upon his or her return to work.
8. Upon a Leave Recipient's return to work or separation from employment for any reason, any unused, donated leave shall be returned to the Leave Donors on a prorated basis upon the Leave Recipient's return to work, except that if the proration of leave days results in less than one day per donor to be returned, that the leave time shall not be returned.
9. Upon retirement, the Leave Recipient shall not be granted supplemental compensation on retirement for any unused days which he or she had received through the leave donation program.
10. An employee shall be prohibited from threatening or coercing or attempting to threaten or coerce another employee for the purpose of interfering with rights involving the voluntary donation, receipt or use of donated leave time. Such prohibited acts shall include, but not be limited to, promising to confer or conferring a benefit such as an appointment or promotion or making a threat to engage in, or engaging in, an act of retaliation against an employee.
11. Upon receipt of a request to donate time, the human resources official will verify that the Leave Donor is eligible to donate time and said Department will deduct appropriate time from the Leave Donor.
12. Leave Recipients may use donated leave in one-half day or whole day increments. Recipients may return to work on a part time, or intermittent basis, and remain eligible for the program as long as they do not exceed two-hundred and sixty (260) days in a lifetime.
13. An incident is considered closed when the recipient is medically cleared to return to work without restrictions.
14. If the recipient returns to work or otherwise terminates employment, the remaining balance of unused donated leave must be equally returned to all donors in whole day increments only. Partial day increments will not be restored to the donor nor remain credited to the recipient.
15. An illness or injury of an immediate family member requiring an employee's absence from work to provide care must meet the same criteria applicable to an employee's own medical necessity.

FAMILY AND MEDICAL LEAVE

In accordance with the federal Family and Medical Leave Act (“FMLA”), the Borough of High Bridge provides eligible employees with up to twelve (12) weeks of unpaid medical and family leave during any twelve (12) month period and up to twenty-six (26) workweeks to care for a Covered Service member. At the conclusion of the leave, subject to some exceptions, an employee generally has a right to return to the same or an equivalent position. The following outlines employees’ rights and obligations under the FMLA and the Borough of High Bridge’s policies implementing the FMLA.

Leave Available. Eligible employees may take up to a total of twelve (12) weeks of unpaid leave during any twelve (12) month period for any one or more of the following reasons:

- The birth, adoption or placement for foster care of the son or daughter of an employee, and to care for such child;
- A serious health condition of a spouse, son, daughter or parent of an employee if the employee is needed to care for such family member; or
- A serious health condition of an employee that makes an employee unable to work. Generally, the incapacity must result in the employee’s inability to work for more than three (3) consecutive days (although there are certain exceptions to this rule);
- Any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is a member of the Regular Armed forces, National Guard or Reserves on active duty status during the deployment to a foreign country, and or has been notified of an impending call to active duty status as such in support of a contingency operation.

In addition, eligible employees who are either spouse, son, daughter, parent or next of kin of a Covered Servicemember shall be entitled to a total of twenty-six (26) workweeks of unpaid leave during a single twelve (12) month period to care for the Covered Servicemember. During this single twelve (12) month period, an eligible employee who qualifies for leave to provide care for the Covered Servicemember shall be entitled to no more than a combined total of twenty-six (26) workweeks of leave.

Definitions.

“Covered Servicemember” means a member of the Armed Forces, including a member of the National Guard or Reserves, or a recent veteran who has been discharged, other than dishonorably, within the five years preceding the family member’s initial request for leave, who has a serious injury or illness who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

“Eligible Employee” means an individual who has been employed by the Borough of High Bridge for at least twelve (12) months, has worked at least 1,250 hours during the preceding twelve (12) month period,

and is employed at a worksite with at least fifty (50) employees within seventy-five (75) miles of that worksite.

“Next of kin” means the nearest blood relative of the individual.

“Qualifying Exigency” covers a number of broad categories of reasons and activities, including short-notice deployment to a foreign country, military events and related activities, childcare and school activities, financial and legal arrangements, counseling, rest and recuperation, post-deployment activities, and additional activities agreed to by the Borough of High Bridge and the employee.

“Serious Health Condition” means an illness, injury, impairment or physical or mental condition that involves either inpatient care or continuing treatment by a health care provider. It generally includes a period of incapacity due to pregnancy, prenatal care, a chronic health condition, a permanent or long-term health condition, or restorative or preventive treatment.

“Serious Injury or Illness” means an injury or illness incurred by a Covered Service member in the line of duty or on active duty in the Armed Forces, National Guard or Reserves, incurred in the line of duty on active duty or whose pre-existing condition has been aggravated by his/her active duty service, that may render the service member medically unfit to perform the duties of the member’s office, grade, rank or rating.

Eligibility. Any employee who has been employed by the Borough of High Bridge for twelve (12) months or more and worked 1,250 hours or more in the twelve (12) month period preceding the first day of the requested leave may be eligible for an unpaid leave of absence of up to twelve (12) weeks during any twelve (12) month period.

The twelve (12) month period shall be determined by using a rolling twelve (12) month period that commences with the first day of leave taken.

Leave to care for a child after birth, adoption, or foster care must conclude within twelve (12) months of the child's birth or placement. If both spouses work for the Borough of High Bridge, they may only take a total of twelve (12) weeks between them during the twelve (12) month period in order to care for a child after birth, adoption, or foster care or to care for a parent with a serious health condition and a combined twenty-six (26) weeks in a single twelve (12) month period for military caregiver leave or a combination of military caregiver leave and other FMLA qualifying reasons. Each spouse may be entitled to additional leave for other qualifying reasons under the FMLA, such as the employee’s own illness or for the serious illness of the employee’s child.

Notice. When the leave is foreseeable, at least thirty (30) days’ advance notice to the Borough of High Bridge, in writing, is required. If thirty (30) days’ notice cannot be provided, as much notice as is practical should be provided. Failure to give reasonable notice may delay the availability of the leave.

Certification. Where leave is taken to care for a family member with a serious health condition or because of the employee’s own serious health condition, medical certification is required and periodic

recertification may be required. In addition, where the leave is taken because of the employee's own serious health condition, a certification of fitness to return to work will be required.

The Borough of High Bridge, at its expense, may require an examination by a second healthcare provider designated by the Borough of High Bridge. If the second healthcare provider's opinion conflicts with the original medical certification, the Borough of High Bridge, at its expense, may require a third, mutually agreeable, healthcare provider to conduct an examination and provide a final and binding opinion.

For military exigency leave, an employee may be required to provide certification that the covered military member is a member of the regular Armed Forces, National Guard or Reserves who is on active duty or called to active duty in support of a contingency operation, as well as certification from the employee about the nature and details of the specific exigency, the amount of leave needed, and the employee's relationship to the military member. For military caregiver leave, the employee may be required to provide information from the health care provider and employee and/or Covered Service member to support such leave.

Absent unusual circumstances, medical certifications must be provided within fifteen (15) days. The Borough of High Bridge will also require periodic status reports from employees concerning their intended return date.

Failure to provide requested documentation may result in denial of leave. The Borough of High Bridge may attempt to clarify or authenticate the certification or may require additional certifications to support the need for leave. When leave is taken to care for a family member, the Borough of High Bridge may require the employee to provide documentation or a statement of family relationship (e.g., birth certificate or court document) and proof of the need to care for the family member.

Utilization of Paid Leave. Generally, FMLA leave is unpaid. However, depending upon the circumstances, employees may be entitled to receive short-term disability, workers' compensation benefits, paid family leave benefits, or other state-sponsored wage replacement benefits which pay a portion of normal compensation. These benefits will run concurrently with the employee's unpaid leave. An employee who is eligible for these benefits may also choose to use accumulated paid leave during their approved unpaid leave. Employees may not receive more than 100% of salary at any time. An employee will be required to use any available accumulated paid leave concurrently with the employee's FMLA leave.

Coordination with other Leave Policies. The period of time attributable to the employee's absence due to any workers' compensation, disability, or sick leave, will be counted against available leave under this policy to the extent permitted by law. In the event that additional family, medical or sick leave is available pursuant to state laws, this leave will also run concurrently with FMLA leave to the extent permitted by law.

Intermittent Leave. When medically necessary, leave taken because of a serious health condition of an employee or family member or to care for a Covered Service member may be taken on an intermittent or reduced work schedule basis. The employee and Borough of High Bridge shall attempt to work out a

schedule for such leave that meets the employee's needs without unduly disrupting the Borough of High Bridge's operations, subject to the approval of the employee's health care provider. The Borough of High Bridge may require an employee taking intermittent or reduced work schedule leave to transfer temporarily to an alternative position with equivalent pay and benefits that is better suited to the leave schedule.

Employment and Benefits Protection. During the leave, health benefits will continue for up to twelve (12) weeks in each rolling twelve (12) month period under the same conditions as if the employee continued to work. Employees must, however, pay the same amount for any benefits continued as they do prior to the leave. Other benefits, if any, will continue during the leave under the same conditions as if the employee continued to work.

If paid leave is substituted for unpaid FMLA leave, the Borough of High Bridge will deduct the employee's portion of the health plan premium as a regular payroll deduction. If the employee's FMLA leave is unpaid, the employee must pay his/her portion of the premium in accordance with a payment method that is devised and mutually agreed upon between the employee and the Borough of High Bridge.

Employees should consult with their Department Head and human resources official prior to taking an approved leave. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums. With regard to the employee's contribution portion of his/her health benefits pursuant to Chapter 78, P.L. 2011 and any voluntary supplemental benefits that the employee may have, the employee is solely responsible for making payment arrangements with the Borough of High Bridge or for any voluntary benefits, to the respective insurance company. Your healthcare coverage may cease if your premium payment is more than thirty (30) days late. With regard to any pension contribution that you may have, you must contact the human resources official to make payment arrangements concerning contributions or credits paid toward your pension benefits. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums.

Before returning to work following a medical leave (except for intermittent or reduced schedule leave) due to the employee's own serious health condition, the employee will be required to present a fitness for duty certification from his/her health care provider that he/she is medically able to resume work. If the date on which the employee is scheduled to return to work from FMLA leave changes, the employee is required to give notice of the change, if foreseeable, to the Borough of High Bridge within two (2) business days of the change.

Subject to some exceptions, most employees will be returned to the position they left or to a position equivalent in pay, benefits and other terms of employment. Individuals identified as "key employees" (the highest paid 10% of salaried employees at the work site or within a seventy-five (75) mile radius of that work site) at the beginning of their leave may not be returned to their former or equivalent position if restoration will cause substantial economic injury to the Borough of High Bridge. Employees will be informed of their key employee status at the beginning of the leave period.

A failure to return from FMLA leave for reasons other than the employee's own serious health condition may result in termination of employment. In the event that an employee cannot return to work at the end of FMLA leave due to a continuation of his/her own serious health condition, they must contact the Borough of High Bridge before the expiration of the leave to discuss their options under state and federal law. State leave laws may provide additional leave similar to that provided under the FMLA. The Borough of High Bridge will comply with these state law provisions to the extent they provide for more generous benefits. State leave law benefits will run concurrently with FMLA benefits to the extent permitted by law.

Family Temporary Disability. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to twelve (12) weeks of Family Leave Insurance ("FLI") payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement, and will thus run concurrently with FMLA and/or NJFLA leaves.

NEW JERSEY FAMILY LEAVE

The Borough of High Bridge provides eligible employees with up to twelve (12) weeks of unpaid, job-protected leave for specified family reasons under the New Jersey Family Leave Act (NJFLA).

Eligible Employees. To be eligible for NJFLA leave, an employee must have worked at least twelve (12) months for the Borough of High Bridge and have worked at least 1,000 hours for the Borough of High Bridge over the previous twelve (12) months.

Qualifying Reasons for Leave. An employee may take NJFLA leave to care for:

- A newly born or adopted child or a child placed into foster care with the employee, but the leave must start within twelve (12) months of the birth of the child or the placement of the child.
- A family member (sibling, grandparent, grandchild, child, spouse, domestic partner, civil union partner, parent-in-law, or parent of a covered individual, or any other individual related by blood to the employee, and any other individual that the employee shows to have a close association with the employee which is the equivalent of a family relationship) with a serious health condition.
- In the event of a state of emergency declared by the Governor, or when indicated to be needed by the Commissioner of Health or other public health authority, an epidemic of a communicable disease, a known or suspected exposure to the communicable disease, or efforts to prevent spread of a communicable disease, which:
 - (i) requires in-home care or treatment of a child due to the closure of the school or place of care of the child of the employee, by order of a public official due to the epidemic or other public health emergency;
 - (ii) prompts the issuance by a public health authority of a determination, including by mandatory quarantine, requiring or imposing responsive or prophylactic measures as a result of illness caused by an epidemic of a communicable disease or known or suspected exposure to the communicable disease because the presence in the community of a family member in need of care by the employee, would jeopardize the health of others; or
 - (iii) results in the recommendation of a health care provider or public health authority, that a family member in need of care by the employee voluntarily undergo self-quarantine as a result of suspected exposure to a communicable disease because the presence in the community of that family member in need of care by the employee, would jeopardize the health of others.

Leave taken to care for a newly born or adopted child or a child placed into foster care with the employee may be consecutive or intermittent and must begin by the end of the twelve (12) month period after the birth or placement for adoption or foster care.

Leave Benefits. An employee may take up to a maximum of twelve (12) weeks of NJFLA leave in a twenty-four (24) month period, which is measured as a rolling twenty-four (24) month period that commences with the first day of NJFLA leave taken.

You may take NJFLA leave to care for a seriously ill family member:

- As a single block of time.
- By reducing your normal work schedule for no more than twenty-four (24) consecutive weeks in a twenty-four (24) month period.
- Intermittently when medically necessary.

Employees permitted to take intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt the Borough of High Bridge's operations. The total time within which an intermittent leave is taken may not exceed a twelve (12) month period, if such leave is taken in connection with a single serious health condition.

Intermittent leaves taken in connection with more than one serious health condition episode must be taken within a consecutive twenty-four (24) month period, or until such time as the employee's twelve (12) week family leave entitlement is exhausted, whichever is shorter. An employee taking a family leave on a reduced leave schedule shall not be entitled to such leave for more than a consecutive twenty-four (24) week period. An eligible employee shall be entitled to only one leave on a reduced leave schedule during any consecutive twenty-four (24) month period. Any remaining family leave to which the employee is entitled subsequent to the expiration of a leave taken on a reduced leave schedule may be taken on a consecutive or intermittent basis.

Depending on the purpose of the employee's leave, the employee may be required to or may choose to use accrued paid leave, concurrently with some or all of his/her NJFLA leave. The employee will not be eligible to accrue seniority or benefits, including vacation and holidays, during any period of NJFLA leave. The Borough of High Bridge will notify employees of their options to continue to participate in our group health plans during NJFLA leave.

Required Notice and Certifications. When requesting NJFLA leave, an employee must provide the Borough of High Bridge thirty (30) days' advance written notice. For employees requesting leave on an intermittent basis, at least fifteen (15) days advance written notice must be provided. If advance written notice is not possible because of an emergency, the employee must provide the Borough of High Bridge with reasonable oral notice and then follow up with written notice.

The employee also must give the Borough of High Bridge a medical certification supporting the need for leave. The Borough of High Bridge reserves the right to require second or third medical opinions and periodic re-certifications. The employee must also provide periodic reports during the leave regarding the employee's status and intent to return to work as deemed appropriate by the Borough of High Bridge. If an employee fails to provide the required documentation, the Borough of High Bridge may delay the start of the employee's NJFLA leave, withdraw any designation of NJFLA leave or deny the leave, in which

case the absences will be treated in accordance with the Borough of High Bridge's standard leave of absence and attendance policies and the employee may be subject to discipline up to and including termination of employment.

If an employee provides false or misleading information or omits material information about an NJFLA leave, the employee will be subject to discipline up to and including immediate termination of employment.

Benefits Protection. During a family leave of absence, the employee's health benefits will be maintained under the same conditions as if the employee continued to work. If the employee decides to return to work when his/her family leave of absence ends, the employee may be reinstated to the same or equivalent job with the same pay, benefits, and terms and conditions of employment. If the employee decides not to return to work when the family leave of absence ends, the employee may be required to reimburse the Borough of High Bridge for the health insurance premiums paid on his/her behalf during the leave of absence (except if the failure to return to work was caused by the continuation, recurrence, or onset of serious health condition which would entitle the employee to a leave of absence under the law or other circumstances beyond the employee's control).

With regard to any pension contributions, the employee must contact the human resources official to make payment arrangements concerning contributions or credits paid toward his/her pension benefits. Employees should consult with the Borough of High Bridge prior to taking an approved leave.

Returning to Work after NJFLA Leave. On returning to work after NJFLA leave, eligible employees will typically be restored to their original job or to an equivalent job with equivalent pay, benefits and other employment terms and conditions. Any employee who fails to return to work as scheduled after NJFLA leave or exceeds the twelve (12) week NJFLA entitlement will be subject to the Borough of High Bridge's standard leave of absence and attendance policies. This may result in termination if the employee's continued absence is unauthorized (for example, if the employee has no other Borough of High Bridge-provided leave available to him/her).

Retaliation Prohibited. The Borough of High Bridge and the NJFLA prohibit the interference with, restraint of or denial of any right provided under the NJFLA and/or discharge or discrimination against any person for opposing any practice made unlawful by the NJFLA or for involvement in any proceeding under or relating to the NJFLA. The Borough of High Bridge encourages employees to bring any concerns or complaints about retaliation or compliance with the NJFLA to the attention of the human resources official.

New Jersey Family Leave Insurance. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to twelve (12) weeks of Family Leave Insurance ("FLI") payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement, and will thus run concurrently with FMLA and/or NJFLA leaves.

An employee's job is not protected while receiving FLI benefits – unless the employee is eligible for leave under the FMLA, NJFLA, or is otherwise designated for an approved family leave of absence.

Employees must provide the Borough of High Bridge with advance notice of need for leave, as follows:

- At least thirty (30) days before leave to bond with a newborn or newly adopted child, unless the time of the leave is unforeseeable or the time of the leave changes for unforeseeable reasons.
- In a reasonable and practicable manner for leave to care for a seriously ill family member on a continuous, non-intermittent basis, unless an emergency or other unforeseen circumstance precludes advance notice.
- At least fifteen (15) days before leave to care for a seriously ill family member or leave to bond with a newborn or newly adopted child on an intermittent basis unless an emergency or other unforeseen circumstance precludes advance notice.

BEREAVEMENT LEAVE

Full-time employees shall be granted up to three (3) working days of bereavement leave with pay for a death in their immediate family or in the immediate family of the employee's spouse. "Immediate family" means spouse, parents, parents in law, children, brothers, sisters, grandparents, grandchildren, step parents, step children, foster parents, foster children, guardianship relationships, brother-in-law, sister-in-law, same sex and opposite sex domestic partners, spouses or domestic partners of the aforementioned.

Employees shall be granted one (1) working day of bereavement leave with pay upon the death of an employee's spouse's aunt, uncle or grandparent.

In no event shall any part of bereavement leave occur more than fifteen (15) days from the date of death. The Borough of High Bridge may require that the employee produce reasonable proof of death and relationship. Bereavement leave shall not be charged to sick or vacation leave and such leave is not cumulative.

Procedure. To use bereavement leave:

1. Employees who request bereavement leave must notify their Department Head of their intent to take such leave as soon as possible. Unless impracticable, employees should request bereavement leave in writing.
2. The Department Head or his or her designee shall notify the designated human resources official that an employee is using bereavement leave.
3. Employees who request an extension of bereavement leave beyond the established number of days shall have such extensions charged to accumulated unused vacation or sick leave. If an employee has used all of his or her accrued leave time, extended bereavement leave will be considered as a request for a leave of absence without pay.

MILITARY SERVICE LEAVE POLICY

The Borough of High Bridge provides military leave in accordance with applicable State and Federal law. In all cases involving military leave, the employee must, as soon as possible, provide his or her Department Head with a certificate verifying the call to military duty prior to beginning the military leave.

Organized Militia. Any permanent or full-time temporary officer or employee, who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve or United States Marine Corps Reserve, or other affiliated organization, including the National Guard of other states, shall be entitled to a leave of absence without loss of pay or time on all work days on which he or she is engaged in any period of Federal active duty, up to thirty (30) work days in any calendar year. A military leave of absence is in addition to the employees' regular vacation or other accrued leave.

Any leave of absence for such duty in excess of thirty (30) work days will be without pay but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year will receive military leave without pay but without loss of time.

New Jersey Organized Militia. New Jersey's organized militia consists of the National Guard (Army and Air), the Naval Militia, and the State Guard. Any permanent or full-time officer or employee who is a member of the New Jersey organized militia shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence without loss of pay or time on all days during which he or she shall be engaged in State or Federal active duty, up to ninety (90) work days in any calendar year.

Any leave of absence for such duty in excess of ninety (90) work days will be without pay but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year will receive military leave without pay but without loss of time.

Reinstatement. To be reinstated by the Borough of High Bridge without loss of privileges or seniority, the employee must report for duty with the Borough of High Bridge within the time required by law following release from active duty under honorable circumstances.

In accordance with legal requirement, employees who take military leave are required to:

- Provide the Borough of High Bridge with proper notice of the leave;
- Apply for reinstatement within the time required by law;
- Have a creditable military record including completion of all required training and fulltime service and be discharged under honorable conditions.

On return from a military leave of absence, the employee will be reinstated as required by law. See The Uniformed Services Employment and Reemployment Act ("USERRA"). Failure to comply with the requirement enumerated above or as required by law will jeopardize an employee's reemployment rights.

JURY DUTY LEAVE

When an employee is called for jury duty and for the duration of such service, the employee shall be entitled to a temporary leave with pay provided that:

- The employee submits a written request with a copy of the summons to his or her Department Head within three (3) business days after receipt of the summons;
- The employee inquires about the anticipated length of service and informs his or her Department Head of the expected duration in advance of accepting service;
- The employee notifies his or her Department Head as soon as possible if the length of jury duty has been extended beyond the original return date;
- The employee communicates with their Department Head to determine when they will report to work at such time as his or her presence as a juror is not required;
- The employee provides his or her Department Head with an appropriate certification or order from the assignment judge, clerk of the court or such other officer as shall be appropriate setting forth the period of such jury duty service to be attached to the weekly time sheet; and
- The employee reimburses the Borough of High Bridge for any payments or fees received as a result of such jury service less any meal or travel expenses.

The Borough of High Bridge will reassign shift workers to the day shift during jury duty leave.

Witness Duty Leave of Absence. The Borough of High Bridge is aware that employees may be subpoenaed to appear as witnesses in trials before the court. The Borough of High Bridge will provide employees with a paid leave of absence for matters stemming from their employment. For personal matters, employees will use available personal days or vacation days.

SECTION FOUR: PERSONNEL RULES AND REGULATIONS

APPEARANCE

Each employee is expected to dress appropriately for the job. The following factors are relevant to determining appropriate dress:

- nature of work
- safety, including necessary precautions when working with or near machinery
- nature of employee contact with the public and the normal expectations of outside parties toward employees
- practices of others in similar jobs

This policy incorporates by reference all references to uniform and dress contained in all collective negotiations agreements in force between the Borough of High Bridge and its employees. Failure to abide by the terms of such agreements shall be deemed improper conduct.

Additionally, some Departments may have more detailed and restrictive rules governing appearance. Employees are required to abide by applicable Department rules.

ABSENTEEISM AND TARDINESS

Regular attendance at work, reporting on time, and completing the required hours of work are necessary for each employee so that the Borough of High Bridge may meet its commitments to its residents. Employee absences place an additional burden on the remaining work force and seriously affect the Borough of High Bridge's ability to service its residents. Management recognizes that circumstances beyond the employee's control may cause him or her to be absent from work for all or part of a day. The Borough of High Bridge, however, will not tolerate unexcused absence or tardiness.

All employees are expected to come to work regularly and on time and to promptly notify their immediate supervisor or other management designee by personal telephone conversation, email, or other authorized communication method approved by the department supervisor or the Borough Administrator when they are unable to do so. Unless prevented by specific circumstances, the employee must provide notification at least one (1) hour prior to the beginning of work for his or her position. In twenty-four (24) hour shift operations, notice must be given a minimum of one (1) hour before the employee's starting time, unless extenuating circumstances prevent such notification.

Attendance and punctuality will be considered, among other factors, in the employee's performance review. If an employee needs to leave work early, the employee must receive permission from his or her supervisor to leave prior to the regularly scheduled departure time. An employee who is absent from duty for five (5) or more consecutive working days without approval or notification or fails to return to work for five (5) or more consecutive working days following an approved leave of absence shall be deemed to have voluntarily resigned from their employment.

To minimize the negative impact on both employees and residents, the Borough of High Bridge will regularly review employee time records to identify chronic absenteeism and/or tardiness problems. Employees who exhibit attendance and/or tardiness problems will be subject to established progressive disciplinary procedures.

ALCOHOL AND DRUG-FREE WORKPLACE

All applicants for positions that require a CDL license and all employees whose job requires them to possess a CDL license shall be excluded from this Alcohol and Drug-Free Workplace policy. Instead, these employees are governed by Federal and State regulations, as well as the attached CDL Drug and Alcohol Testing Policy (Appendix A). Employees hired with the understanding that they must obtain a CDL license will be covered under this Alcohol and Drug-Free Workplace Policy until they obtain their CDL license.

YOUR ROLE AND RESPONSIBILITIES

DRUG-FREE WORKPLACE

The Borough of High Bridge (the Borough) is committed to maintaining a safe, pleasant, and productive working environment. You have the right to come to work without fear of interacting with someone under the influence of drugs or alcohol. This is considered a Health & Safety Policy of the Borough. This Policy highlights the Borough's New Jersey Drug-Free Workplace Policy. The Borough's Designated Employer Representative (DER) is the Borough Administrator. The Alternative DER is Director of Public Works.

The Borough recognizes the prime importance to the Borough of protecting the safety, health and welfare of its employees and others with whom we interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the adverse effects of substance abuse. While the Borough has no intention of intruding into the private lives of its employees, the Borough does expect employees to report to work unimpaired able to perform the duties of their job safely and effectively. In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's substance abuse. Ultimately an employee with an alcohol or drugs problem may lose their job and/or suffer devastating effects on their health. The Borough has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who are working under the influence, and employees who know that a fellow employee is working under the influence, owe such a duty. The failure to honour that duty by taking the right steps to prevent this risk can result in legal liability. All employees and contractors are responsible and accountable for ensuring that they, and their employees, are not under the influence of alcohol or drugs when carrying out work for the Borough. Managers and supervisors are responsible for taking appropriate action where they identify individuals who are at work while under the influence of alcohol or drugs. They should also take appropriate action to protect the health and safety of individuals who may be affected.

To the extent this Policy supplements, and does not conflict with current collective bargaining agreements, it is applicable. However, to the extent this policy may conflict with a current collective bargaining agreement (CBA), the CBA shall prevail.

All testing information is considered confidential information by the Borough and will be maintained in a separate file along with the employee's medical records, separate from other personnel files. An employee has the right to inspect and obtain a copy of his or her drug test results. Drug testing information will only be released to those employees of the Borough with a job related need to know, the DER and Alternate DER, to defend against any administrative action brought by the employee against the Borough, in grievance or arbitration proceeding under the terms of a collective bargaining agreement, in a court of law

under subpoena, as released by the employee in writing, the MRO, Borough insurers, rehabilitation programs and as otherwise required by law. Our Drug-Free Workplace Policy does not tolerate the abuse of drugs or alcohol in the workplace. Understand that this Policy prohibits illegal drug use on or off the job. We encourage any employee suffering from a substance abuse problem to seek help. If you need help, we can direct you to our Employee Assistance Program (EAP) Substance Abuse Professional (SAP) for a confidential evaluation and referral for substance abuse treatment if necessary. Notice of the Borough's New Jersey Drug-Free Workplace testing will be provided on vacancy announcement and is posted in conspicuous locations on Borough premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Borough safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment, except to the extent this policy may conflict with a current collective bargaining agreement (CBA), which CBA shall prevail. The Borough has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of employment, all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

WHO DO WE TEST?

All employees performing safety-sensitive functions, and all final applicants for positions where safety-sensitive functions are performed, and all other employees where reasonable suspicion exists. All DOT regulated employees are also subject to testing under this policy. Safety-sensitive employees are those employees who discharge duties fraught with risks of injury to others that even a momentary lapse of concentration can have disastrous consequences. Factors which have been considered in determining whether a position is safety sensitive include handling of potentially dangerous machinery, sharp objects, working at heights, positions requiring a high level of cognitive function, mostly unsupervised responsibility for children, and handling of hazardous substances in an environment where others could be injured. Positions which have been found to be safety-sensitive include firefighters, emergency medical technicians, law enforcement officials who carry firearms, fire and police dispatchers, 911 operators, heavy machinery operators, forklift operators, bus drivers, some (but not all) transportation workers, pipeline operators, gas meter repairmen, jail officers, and those involved in security functions. All Department of Transportation (DOT) regulated employees are determined to be safety-sensitive by those regulations. Unless an employee comes under drug testing regulations of some federal agency, each position, job classification or department, should be individually evaluated to determine whether the employee is safety-sensitive in accordance with the above guidelines. Elected officials who are not otherwise classified as employees are not subject to testing under this Policy.

SAFETY-SENSITIVE CLASSIFICATIONS

Safety-sensitive employees are those employees who discharge duties fraught with risks of injury to others that even a momentary lapse of concentration can have disastrous consequences. Factors which have been considered in determining whether a position is safety sensitive include handling of potentially dangerous machinery, sharp objects, working at heights, positions requiring a high level of cognitive function, mostly unsupervised responsibility for children, and handling of hazardous substances in an environment where others could be injured. Positions which have been found to be safety-sensitive include firefighters, emergency medical technicians, law enforcement officials who carry firearms, fire and police dispatchers, 911 operators, heavy machinery operators, forklift operators, bus drivers, some (but not all) transportation workers, pipeline operators, gas meter repairmen, jail officers, and those involved in security functions. All Department of Transportation (DOT) regulated employees are determined to be safety-sensitive by those regulations. Unless an employee comes under drug testing regulations of some federal agency, each position, job classification or department, should be individually evaluated to determine whether the

employee is safety-sensitive in accordance with the above guidelines. (Attach safety-sensitive job classifications on separate sheet if necessary.)

HOW DO WE TEST?

Drug and alcohol testing is done through chemical analysis which determines without question if a person has drugs or alcohol in his or her system and in conformity with regulations of the New York Department of Health, New Jersey Department of Health, or CLIA. Specimens subject to testing include urine, breath, hair, oral fluids, or blood. Specimen collections, chain of custody and drug and alcohol tests will be in substantial compliance with the U.S. Department of Transportation (DOT) procedures if applicable to the type of specimen being tested. To ensure accuracy, urine lab test procedures shall include a preliminary drug screening, two highly sophisticated scientific tests including adulterant detection, and are reported to an independent certified Medical Review Officer prior to being released to the Borough. Observed urine collections will only be conducted with the consent of the donor, and the observer will be by a person whose gender matches the donor's gender as identified by the donor at the beginning of the observed collection. Observed collections will be conducted in a professional manner that minimizes discomfort to the donor, and a medical professional may serve as the monitor, regardless of gender. The Medical Review Officer may recommend the collection of an alternate specimen (e.g., oral fluid) when a donor is unable to provide a sufficient amount of urine specimen at the collection site. The MRO will verify that chain of custody procedures were adhered to, use of a certified laboratory and that the test results were valid. The Borough provides reasonable accommodations to employees and/or applicants in the alcohol and drug testing program whose physical condition prevents them from producing a urine specimen suitable for testing. You may contact the DER if you wish to make an accommodation request. In accordance with Borough policy, a test result reported by the laboratory as a negative dilute urine test is not considered a negative test but subjects the donor to immediate retesting; and a second negative dilute urine test will render an applicant ineligible for hire and current employees, where a negative test is required, not currently fit for duty. FDA approved on-site screening devices may be utilized with all initial positive results confirmed by laboratory testing.

All positive initial tests are confirmed by GC/MS at established DOT cut off levels. An Alcohol content of 0.04 or higher using a DOT approved alcohol screening device, or breath alcohol device, is classified as a positive test. The drugs tested for may include all or some of the following: (1) Amphetamines; (2) Cannabinoids; (3) Cocaine; (4) Phencyclidine (PCP); (5) Opioids, designer drugs, or a metabolite of any of the above substances and mind altering synthetic narcotics or designer drugs, or impairing effect medications or substances, taken by employees working in a safety-sensitive classified position, in order for the employer to fulfill its duty to provide a safe place to work as a safety rule. The term "illegal use of drugs" includes any controlled or scheduled drug not used in accordance with a health care provider's lawful prescription for the user, or any substances banned by Federal or applicable State laws.

WHAT IF YOU TEST POSITIVE?

The Medical Review Officer will contact you confidentially to give you an opportunity to discuss your results before reporting them to the Borough as a verified positive. You may discuss the result with the MRO up to seventy-two (72) hours after a positive result and ask questions of the MRO about prescription and non-prescription medications, rebut or explain the test results to the MRO, and provide supporting documentation. During this 72-hour period, any applicant or employee may request that their split specimen be tested at a second laboratory and if positive, they will be responsible for that expense and that cost may be deducted from their paycheck, depending upon the result and, if negative, the employee will be reimbursed by the Borough for the cost of the test and any lost time. Under federal regulations, the MRO has the discretionary authority to notify the Borough that an employee is temporarily medically disqualified

from the performance of safety-sensitive work during this evaluation period and also has the duty to notify the Borough if the employee is taking an impairing effect medication. A positive drug or alcohol test is classified as willful misconduct and a violation of the Borough's Policy. Any employee who tests positive, or refuses to be tested, may be subject to appropriate disciplinary action for engaging in willful misconduct connected with work, up to and including immediate termination, for gross misconduct connected with work, and violation of a safety rule for those employees working in a safety-sensitive position and/or forfeit eligibility for Worker's Compensation benefits *N.J. Stat. Ann. § 34:15-7* if post-accident and may adversely affect an employee's eligibility to receive Unemployment Compensation benefits. Any applicant made a conditional offer that tests positive, or refuses to be tested, will be denied employment or have their offer withdrawn.

As it relates to cannabis, an employee will be subject to adverse action if there is both a positive drug test, confirmed by a licensed laboratory, and a determination of reasonable suspicion based on documentation of physical signs or other evidence of impairment during the employee's work hours. When the New Jersey Cannabis Regulatory Commission issues standards for certification of a Workplace Impairment Recognition Expert ("WIRE"), an employee will be subject to adverse action if there is both a positive drug test and a physical evaluation by a WIRE.

Applicants for non-CDL positions will not be denied employment based solely on a positive pre-employment drug test for cannabis, except for law enforcement officers assigned to a federal task force, holding a federally regulated license requiring testing, or applying to an agency that is specifically required to test for cannabis by the terms of a federal contract or federal grant.

WHAT IF YOU FAIL TO FOLLOW SAFETY GUIDELINES?

Often times, impairment from drugs or alcohol will cause an employee to fail to adhere to safety guidelines and other common sense safe working practices. Failure to wear a seatbelt, failure to use Borough provided or required safety equipment, failure to follow safety guidelines, or removal (or disabling) of a safety guard will be willful misconduct connected with work, and subject the employee to discipline, up to and including discharge for violation of Borough Policy.

WHAT ABOUT IMPAIRING EFFECT MEDICATIONS OR SUBSTANCES?

Any employee working in a safety-sensitive position as defined by Borough Policy is required, as a safety rule, to pre-duty disclosure that they are taking or using ANY impairing effect prescription, including medical marijuana, over-the-counter medications, mind altering synthetic or designer drugs or other substance which may have an effect on performance of safety-sensitive duties. If the fact that the employee is taking or using an impairing effect medication or substance is not disclosed pre-duty by a safety-sensitive employee and the employee tests positive, is otherwise determined to be taking or using such, or is determined by the MRO to be a potential safety risk due to taking or using an impairing effect medication or substance, that employee will be subject to discipline, up to and including termination, for violation of this safety rule. If disclosure is made, the Borough reserves the right to send the employee for a Fitness-for-Duty evaluation to evaluate the medication or substance and its effects on the performance of safety-sensitive duties. In advance of testing, employees are encouraged to have their own doctor make an individualized assessment of any safety-related risks of the medications or substances which they are taking or using, providing the doctor a copy of their job description and having the doctor render an opinion on the safety-related risks. The employee need not disclose to the Borough the medication or medical condition involved to fulfill the disclosure obligation of this Policy. All information provided will be kept separate from personnel files and in a confidential manner. The MRO, or another Medical Professional selected by the Borough, will make the final determination on the safety-related risks of any particular medication or

substance.

WHAT IF AN ADULTERANT IS FOUND?

The use of an adulterant (something added to a specimen to attempt to hide drug use) is considered a refusal to test and a violation of the Policy. The same would be true if you attempted to substitute a specimen. Any employee who is found to have violated this Policy by attempting to defraud a drug or alcohol test may be subject to appropriate disciplinary action, up to and including termination for willful misconduct connected with work, or withdrawal of a job offer. No last chance opportunity is available under such a circumstance. It is a criminal offense to substitute or adulterate a test specimen. It also is a criminal offense in New Jersey to manufacture, sell, give away, or possess any device or substance designed or commonly used to substitute or adulterate a test specimen. *N.J. Stat. Ann. § 2C:36-10*. The MRO may declare a urine specimen to be adulterated or substituted based on the laboratory report.

WHAT IF I REFUSE?

A refusal to provide a specimen for testing, unless the MRO agrees a medically valid reason exists for your inability, will be considered willful misconduct connected with work. Such willful misconduct connected with work will cause an applicant's offer to be withdrawn and will subject an employee to immediate termination for cause. Under New Jersey law, unemployment compensation benefits may not be available in such a circumstance. Failure to report for specimen collection within a reasonable time, two (2) hours, of being directed to do so is also classified as a refusal under the Borough Policy.

DRUG EDUCATIONAL INFORMATION

Attached to this Policy you will find drug educational information to assist you in recognizing the impairing effects of drug use. The Borough will conduct employee education of substance abuse education and awareness and supervisor training on how to recognize signs of abuse, how to document and collaborate signs of employee substance abuse, and how to refer substance abusing employees to the EAP.

WHAT IF YOU HAVE A SUBSTANCE ABUSE PROBLEM?

The Borough will provide support for employees who need support and help with alcohol or drug dependency via confidential Employee Assistance Program (EAP), Substance Abuse Professional (SAP) or Medical/Occupational Health support services. Employees who proactively seek treatment will be treated sympathetically and in a confidential manner. In certain cases, this may require a transfer to other duties (e.g. where a person is working in a safety critical role) while the individual is receiving treatment. However, the fact that an employee is seeking or undergoing treatment will not be a defence to a charge of wilful misconduct if the employee reports for work under the influence of alcohol or drugs. Our Policy encourages any employee with a drug or alcohol problem to voluntarily and confidentially seek help through our EAP/SAP program. Coming forward after you have been notified to report for testing is not considered a voluntary report. For confidential help with a substance abuse problem, contact the DER or the EAP/SAP. Counseling and rehabilitation for alcohol or substance abuse is available through the EAP, and may also be available under the health and welfare benefit program for employees, *only to the extent of the current benefits package*. The Borough will assume no direct financial responsibility for counseling or rehabilitation costs of an employee, not covered by the EAP. Any costs in addition to or in excess of any available health benefits are the employee's responsibility. A list of state and national **Substance Abuse Resources** is a part of this Policy.

WHAT ABOUT A LAST CHANCE OPPORTUNITY?

No last chance opportunity is available to a probationary, part time or temporary employee, or in the case of refusal, attempted adulteration, substitution, switching, tampering with, or diluting of a specimen or attempt to defraud a drug test. Employees who receive an EAP/SAP evaluation favorable for rehabilitation may be offered a last chance agreement which will subject the employee to unannounced follow-up testing for up to 12 months, together with other educational and counseling requirements as recommend by the EAP/SAP. A negative return to duty test is required to be placed back on active duty. A positive test, refusal or failure to comply with any term of the last chance agreement during this follow-up period will subject the employee to immediate termination.

WHY AND WHEN DO WE TEST?

- Pre-employment: Drug testing will be performed on all final applicants for safety-sensitive positions, or who transfer into a safety-sensitive position, as a condition of their employment.
- Routine Fitness-for-Duty: Safety-sensitive employees may be required to submit to a drug test as part of a routine Fitness-for-Duty examination and may be based on a particular job classification.
- Reasonable Suspicion: All employees will be required to submit to a drug and/or alcohol test if the Borough has a reasonable suspicion that an employee is under the influence of drugs or alcohol, which adversely affect or could adversely affect the employee's job performance. Employees selected for testing shall be suspended until a negative drug/alcohol screen or laboratory test result is received. If a negative result, the employee will not suffer a loss of pay.
- Post-Accident/Incident Testing: Testing of a safety-sensitive employee may be conducted under any of the following circumstances: 1) the employee involved in the incident/accident was actively engaged in the activity which objectively could have caused or contributed to the injury or damage; or 2) the employee was operating, controlling, or repairing any machinery, tool, device, equipment or vehicle that was involved in the incident/accident; or 3) the employee's action or inaction was likely a contributing factor to the incident/accident or cannot be completely discounted as a contributing factor based on current info; or 4) testing is being conducted as part of the Borough's Post Incident/Accident Investigation related to possible Workers' Compensation Disqualification; or 5) testing is being conducted for other non-injured employees whose actions, or inaction, could have contributed to the incident/accident as part of a root cause investigation; or 6) post-accident drug testing is required by the Workers' Compensation Carrier or Fund.
- Random: Employees in safety-sensitive positions are subject to random drug testing. Those subject to testing are randomly selected, using scientifically valid methods, from a "pool" of covered employees. Non-DOT safety-sensitive employees may be included in a Non-DOT testing "pool." DOT regulated employees should only be placed in a DOT testing "pool."
- Rehabilitation/Follow-up: An employee who has voluntarily requested rehabilitation prior to a positive drug test may be subject to unannounced drug and/or alcohol testing under a work continuation agreement, to determine whether he or she is under the influence of alcohol or drugs after successful completion of the rehabilitation program. The testing will be without notice in conjunction with a referral for treatment.

POLICY PROHIBITIONS

Employees, applicants and Contractors for the Borough are strictly prohibited from engaging in the following conduct:

1. With respect to illegal drugs, employees and applicants violate this Policy by engaging in the following conduct, whether or not during work time or on ***Entity Type*** premises or property and are subject to discipline up to and including discharge, or rejection of the application for employment, or cancellation of contractual agreements:

Drug use off-the-job which adversely affects an employee's performance on the job, or which has the potential to jeopardise the health or safety of other employees, the public or the Borough's equipment or function, shall be cause for disciplinary action up to and including dismissal. Action will be taken against employees who are convicted for an off-the job drug offence. In deciding what action will be taken, the incident will be evaluated in terms of the nature of the conviction, the employee's job assignment, the employee's record with the Borough and other factors related to the impact of the employee's conviction on the Borough.

Such prescriptions brought to work should remain in the original labeled container and show both the prescribing doctor's name and the prescription's expiration date.

 - h. Refusing to cooperate with the terms of this Policy which includes submitting to questioning, drug testing, medical or physical tests or examinations, when requested or conducted by Borough or its designee, is a violation of Borough Policy and may result in disciplinary action up to and including termination. A refusal to test includes conduct obstructing testing such as failure to sign necessary paperwork or failing to report to the collection site at the appointed time.
 - i. Failure to advise pre-duty the Borough of the use of a prescription or over-the-counter drug which may alter the employee's ability to safely perform the essential functions of his or her job.

j. Failure of an employee to notify his or her supervisor before reporting to work if he or she believes that he or she is under the influence of drugs.

b. Having possession of, being under the influence of, testing positive for or having in one's system, alcohol or cannabis. Using, consuming, transporting, distributing or attempting to distribute, manufacturing, selling, or dispensing alcohol or cannabis. As it relates to a positive drug test for cannabis, an employee violates this policy if there is both positive drug test and evidence-based documentation of physical signs or other evidence of impairment during the employee's work hours. *Exceptions to the policy concerning alcohol consumption or possession may be made only upon the prior explicit approval of senior management for specifically identified circumstances.*

c. A conviction or plea of guilty relative to any criminal alcohol or cannabis offense occurring in the workplace. All employees must notify Borough in writing of any criminal alcohol or cannabis conviction not later than five calendar days after such conviction. Alcohol or cannabis use off-the-job which adversely affects an employee's performance on the job, or which has the potential to jeopardise the health or safety of other employees, the public or Borough's equipment or function, shall be cause for disciplinary action up to and including dismissal. Action will be taken against employees who are convicted for an off-the-job alcohol or cannabis offense. In deciding what action will be taken, the incident will be evaluated in terms of the nature of the conviction, the employee's job assignment, the employee's record with the Borough and other factors related to the impact of the employee's conviction on the Borough.

d. Switching, tampering with, or adulterating any specimen or sample collected under this Policy, or attempting to do so.

e. Refusing to cooperate with the terms of this Policy which includes submitting to questioning, alcohol or drug testing, medical or physical tests or examinations, when requested or conducted by Borough or its designee, is a violation of Borough Policy and may result in disciplinary action, up to and including termination. A refusal to test includes conduct obstructing testing such as failure to sign necessary paperwork or failing to report to the collection site at the appointed time.

f. Failure of employee to notify his or her supervisor before reporting to work if he or she believes that he or she is under the influence of alcohol or cannabis.

Drug Educational Information

Alcohol (Depressant)

Common Forms:	Beer, wine, hard liquor
How Used:	Oral ingestion, patterns of use vary.
Desired Effect:	People drink to relax, to socialize, as a part of a religious ceremony, for the control of physical and emotional pain, or for a variety of other reasons. Its depression of the central nervous system is progressive and continuous. It is a mood-modifying drug that usually provides a temporary feeling of mild euphoria and stimulation. This is a result of the initial depression of the higher centers of the brain which control inhibition. The more you drink, the more sedated you then become.
Time in body:	Depends on many factors, such as body size, amount of alcohol consumed within an hour, and other individual factors. Performance is effected in relation to the amount consumed. Generally, a medium-sized person eliminates the equivalent of one drink per hour. However, "hangover" effects of alcohol have been documented for as long as 14 hours after consuming an intoxicating dose, well after the blood alcohol levels have returned to zero.
Observable effects:	- Staggering gait - Slurred speech - Odor of alcoholic beverage - Shaky hands - Poor eye-hand coordination - Slowed reaction time - Eyes react slowly to light - wears sun glasses
Work behavior:	- Arrive late, leave early, mis-outs - Neglect of physical appearance - Restlessness - Tremors (hands, face, fingers, lips tongue) - Slurred speech - Uninhibited - makes inappropriate remarks
Material Indicators:	- Empty liquor bottles, cans, often in paper bags - Flasks, sometimes disguised as other things
Slang Terms	Booze, juice, hooch, grape, eye-opener, hair-of-the-dog, brew, suds, etc

Amphetamines (Amphetamine and Methamphetamine)

Stimulant

Common forms:	- Amphetamine - usually capsules or white, flat, double-scored pills. - Methamphetamine - white or granular powder, often packaged in aluminum foil or plastic bags.
How used:	Orally, sniffed up the nose, or injected.
Desired effects:	Most commonly sought after effects include euphoria, postponement of fatigue, increased energy, alertness and feelings of personal power. Repeated or chronic use often causes a strong dependence reaction and a schizophrenic loss contact with reality. Users coming off the drug experience extreme fatigue-induced sleep ("crash"), often followed by continued fatigue and depression.
Time in body:	Injection or sniffed up the nose; "rush" felt within 1 minute. Orally, effects felt within about ½ hour. Single doses detectable for about 48 hours.
Observable effects:	Dilated pupils. Flushed face, rapid respiration, profuse sweating. Hyper-excitability, talkativeness, restlessness. "Stereotypic" behavior often seen: person

engages in repetitive tasks or mannerisms for extended periods of time. In large doses, inability to concentrate, confusion, panic.

Work behavior: Try to do job beyond competence level. Impaired ability to operate equipment. Takes chances, risks.

Material Indicators: Pills, capsules, white powder, granular crystals
Foil wrapped tubes, baggies. Hypodermics and paraphernalia for injections

Slang terms: Defies, bennies, speed, crank, ice, crystal, white crosses, black beauties

Cocaine - A Stimulant

Common forms: Cocaine - White crystalline powder. Free-base cocaine (crack) - white granular "rocks"

How used: Cocaine--usually snorted up the nose through a straw or from a "coke spoon" after being chopped to a fine powder with a razor blade. "Crack" -- freebase cocaine--is a processed version which is vaporized in a pipe and inhaled. Either form may also be injected.

Desired effect: Most commonly sought after effects are euphoria, stimulation, postponement of fatigue and feelings of personal power. The "high" lasts approximately one hour, with a "down" follow-on period. Psychological and physical dependence to "crack" after one to two uses; dependency to snorted coke takes longer to develop.

Time in Body: Single doses detectable for 12-24 hours

Observable effects: Dilated pupils. Talkativeness, restlessness. Sniffing, runny nose, irritated or bloody nose. Dramatic mood swings, from "down" to "up" in minutes. Sense of power sometimes manifested in aggressiveness

Work issues: Frequent trips "to the restroom"—secluded place. Frequent sick-outs and unexplained absences. Hyper-excitability and over-reaction to stimulus. Isolation/withdrawal from friends and activities. Financial problems--borrows, steals and/or sells to support habit. Insomnia, restlessness, lack of sleep

Material Indicators: Small folded paper envelopes (bindles), plastic bags, small vials used to store drug. Razor blades, mirrors, cut off straws, coke spoons. Small glass pipes, and heat sources used to volatilize crack.

Slang terms: Coke, snow, toot, crack, blow, happy dust, "C"

Marijuana

Common forms:	Dried green-brown flowers and leaves of the hemp (cannabis) plant--also as compressed tar like lumps (hashish) and sometimes as an oil to be spread on cigarettes (hash oil).
How used:	Generally smoked in hand-rolled cigarettes (joints) or a small pipe, sometimes eaten in baked goods or steeped to make a tea.
Desired effects:	Effects are somewhat dependent on the user and potency of the plant. Low doses tend to produce a dreamy state of relaxation and euphoria with changes in sensory perceptions (usually intensified) and alteration in thought formation and expression. Higher doses intensify these reactions with fragmentation of thought, memory impairment, shortened attention span, and illusions of insight. Marijuana currently sold on the street is 10 times more potent today than in past years.
Time in body:	Marijuana dissolves in body fat cells and is detectable for extended periods of time--up to seven (7) days for occasional users and four (4) weeks or longer for chronic users
Observable effects:	Red bloodshot glassy eyes (users often wear dark glasses and use eye drops to combat). Poor muscular control. Rambling, disconnected speech patterns. Euphoria--as laughing out of context. Getting "hung up" - i.e. going into the bathroom to comb your hair and coming out two hours later. Distinctive odor in air and/or on clothing.
Work issues:	Lack of attention, vision and auditory changes, and poor muscular control. Inability to respond to emergencies and sudden situational changes. Frequent sick-outs and mis-outs. Lackadaisical "I don't care" attitude about person and work. Chronic health problems for frequent users--persistent cough, fatigue, frequent sickness.
Material indicators:	Baggies of green-brown vegetable matter; rolling papers; small pipes (for marijuana) and very small pipes (for hashish); "roach clips" to hold the burned end of the marijuana cigarette; "roaches" discarded on the floor or in ash trays; distinctive odor of marijuana in the air.
Slang terms:	Dope, grass, reefer, weed, ganja, pot, etc.

Opioids (Morphine and Codeine)--Narcotic Depressants

Common forms:	Street forms are pills, liquids and powders. Morphine is derived from opium. Opium dissolved in alcohol, containing 10% morphine, is legally available in many states as "paregoric." Morphine and codeine are widely used medicinally. Morphine is a naturally occurring alkaloid, and is also found in products containing poppy seeds. Heroin is a semi-synthetic derivative of morphine.
How used:	Opium is usually smoked. Codeine is most commonly taken orally. Heroin and morphine are injected; powders can be snorted; cigarettes can be dipped in paregoric and smoked.
Desired effects:	Most commonly effects include euphoria, relief from pain, and a feeling of dissociated well-being. Low maintenance doses allow the addict to function on a daily basis. The heroin user experiences a "rush" described as a very pleasurable whole body reaction lasting 5-10 minutes, followed by several hours of mental and physical relaxation.
Time in body:	Single doses are usually detectable for 48-72 hours.

Observable effects:	Pinpoint pupils. Sweating, nausea, vomiting in novice users. "Nodding off"--the head drooping toward the chest, then bobbing up. Overly calm, detached facial expression. Confusion, mental dullness and slurred speech. Needle marks over veins.
Work issues:	Increased sick-outs, mis-outs. Lack of interest in work, no attention to detail. Sharing of needles brings a high risk of contracting hepatitis and/or AIDS. High cost of the addiction may lead to borrowing money, stealing and selling (on or off the premises).
Material indicators:	Foil or paper "bindles" for holding the drug. Charred spoons or bottle caps, used to cook the drug. Multiple burned matches used to cook the drug. Needles, syringes, eye droppers used for injection. Balloons or prophylactics used to hold drug. Bloody tissue papers, blood on shirt sleeves.
Slang terms:	Heroin, dope, smack, shit, hard stuff, "H", china, monkey dust, china white, etc.

Phencyclidine (PCP)

Common forms:	Pills, liquid, powder, and PCP cigarettes
How used:	Usually smoked with tobacco or marijuana, but may be injected, swallowed, eaten or snorted.
Desired effects:	Users report desirable feelings of immobility, numbness, and detachment. Other sought-after effects include feelings of strength, power, and invulnerability, a dream-like detachment from reality (often coupled with lack of coordination).
Time in body:	Usually detectable 1- 8 days, but chronic users may test positive for several weeks following the last dose.
Observable effects:	Low doses: Sedated, euphoric, uncoordinated behavior. Wide mood swings. Sparse and purposeless speech. Muscle rigidity and jerky eye movements (nystagmus).
High doses:	Coma-like states with muscle rigidity and staring, half-closed eyes. Sudden stimuli may send the user into a psychotic state, with extreme agitation, violent behavior, abnormal strength, and inability to speak or comprehend.
Work issues:	Wide mood swings, unpredictable behavior, aggressive. Tremendous liability in the work force.
Material indicators:	Cigarettes that look as if they have been wet. Crystals, liquids or powders in small vials. Folded aluminum foil or paper packets.
Slang terms:	PCP, angel dust, hog, dust, DOA, shermans, sherms, peace pills, dummy, etc.

**BOROUGH OF HIGH BRIDGE
ALCOHOL AND DRUG-FREE WORKPLACE POLICY
NEW JERSEY NON-DOT**

NOTICE TO ALL EMPLOYEES AND APPLICANTS

DRUG-FREE WORKPLACE

Borough of High Bridge (the Borough) is committed to maintaining a safe, pleasant, and productive working environment. You have the right to come to work without fear of interacting with someone under the influence of drugs or alcohol. This Policy highlights the Borough's New Jersey Drug-Free Workplace Policy. The Borough's Designated Employer Representative (DER) is the Borough Administrator. The Alternative DER is the Director of Public Works.

The Borough recognizes the prime importance to the Borough of protecting the safety, health and welfare of its employees and others with whom we interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the effects of substance abuse. While the Borough has no intention of intruding into the private lives of its employees, or preventing them from taking the medicine that they may need to stay safe and healthy, the Borough does expect employees to report to work unimpaired able to perform the duties of their job safely and effectively. In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's alcohol or drug use. Ultimately an employee with an alcohol or drugs problem may lose their job and/or suffer devastating effects on their health. The Borough has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who know that a fellow employee is working under the influence, owe a similar duty. The failure to honour that duty by taking the right steps to prevent this risk can result in legal liability.

To the extent this Policy supplements, and does not conflict with current collective bargaining agreements, it is applicable.

Notice of the Borough's New Jersey Non-DOT Drug and Alcohol testing will be provided on vacancy announcement and is posted in conspicuous locations on Borough premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Borough safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment. The Borough has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of employment, all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

BOROUGH OF HIGH BRIDGE

DESIGNATED EMPLOYER REPRESENTATIVE (DER) GUIDELINES ON USE OF FORM TOOLKITS

The following are helpful tips the DER and/or alternate DER may wish to consult in fulfilling their duties and responsibilities:

Getting Started:

Populate the **Drug and Alcohol Testing Policy Development Worksheet** with the information specific to your entity and have this reviewed by legal counsel. As part of this process, you should complete the **Determination of Safety-Sensitive Positions [DFW04]**. That is a significant role in designating those as safety-sensitive in your policy.

Establish date for introduction of the **Drug and Alcohol Testing Policy** to employees. This Policy includes the following parts: (1) Policy, (2) Drug Education Information, (3) Substance Abuse Professionals resource list. You should secure a drug and alcohol awareness video for the meeting and send out notice of meeting date and time. Make a copy of the **Policy** for each employee. **Note:** the **Forms Toolkit** and **DER Guidelines** are not to be given to the employees at the meeting but can be viewed by them at any time.

On the date of the employee awareness training, have an **Employee Awareness Training Session Log** out for employees to sign. Distribute to each employee the following 4 part Policy: **Drug and Alcohol Testing Policy, Drug Education Information, Substance Abuse Professional resource list, and the Active Employee Certificate of Agreement, Receipt of Drug-Free Workplace Policy Consent Form**. Then walk through significant Policy provisions. At the end of the program have each active employee sign the **Active Employee Certificate of Agreement Receipt of Employee Policy Statement Consent Form [DFW01]** and place in their personnel file.

Establish a time and date to conduct reasonable suspicion training for supervisors. This training should be one hour for alcohol and one hour for drugs and conducted by someone who can issue certifications of such training.

Prepare file folders for your Drug and Alcohol Testing Policy records retention and maintain these files separate from personnel files as you would medical records.

Select a Certified Medical Review Officer, Laboratory, collection site and Third Party Administrator to assist with your program.

Applicant/Employee Testing

Have all applicants sign the **Pre-Employment Substance Testing, Consent and Release Form [DFW02]** before you schedule them for a pre-employment drug test.

If the employee fails to show for testing on time, you should receive a call from the collection site. Failure to show up on time is usually determined to be a “refusal to test” subjecting the employee to discipline or rejection of application under your **Policy**. If there is a refusal, you may wish to consider faxing an **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** to the collection site while the employee is still present.

CMRO Report

You should get to know your Certified Medical Review Officer (CMRO) and request that he/she explain their role and answer your questions.

Post-Accident

In the event the employee is involved in a work place accident, check that the employee is drug tested in accordance with your Policy and worker’s compensation requirements.

Reasonable Suspicion

The trainer that you have selected for Supervisory Reasonable Suspicion training should be able to provide you both Contemporaneous and Long-term Observation checklists.

Refusal to Submit to Testing

Use **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** and have two (2) supervisors sign verifying that refusal.

Removal from Safety-Sensitive Duty on a Verified Positive or Refusal

Do not wait on the CMRO’s written report but act upon the CMRO’s oral report of verified positive drug test, adulterated or substituted drug test.

COMPUTER USE, ELECTRONIC MAIL, AND INTERNET POLICY

The Borough of High Bridge's e-mail, voicemail, computer systems and Internet service are for official Borough of High Bridge business and use for all other non-business purposes during working time is prohibited. "Working time" shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Borough of High Bridge. Working time excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times. This includes, but is in no way limited to, the use of computers or Borough of High Bridge-issued mobile devices, use of social networking, gaming or TV/video.

Note: All e-mail, voicemail, text, and internet messages are official documents subject to the provisions of the Open Public Records Act ("OPRA"), N.J.S.A. 47:1A-1 et seq.

The Borough of High Bridge operates in an environment where the use of computers, e-mail and the Internet are essential tools for certain employees. Those employees are encouraged to use computers, e-mail and the Internet; however, it is the responsibility of the employee to guarantee that these systems are solely used for business-related purposes during working time, (as defined above) and are used in a proper and lawful manner at all times.

- Employees are advised that all computers owned by the Borough of High Bridge are to be used for business purposes only during working time (as defined above), and that they have no expectation that any information stored on a Borough of High Bridge computer is private. Because e-mail messages are considered as business documents, the Borough of High Bridge expects employees to compose e-mails with the same care as a business letter or internal memo.
- Downloading or misusing software available through the Internet could violate copyright laws or licensing requirements.
- Personal use of any computer during working time (as defined above) is prohibited, unless expressly authorized by the employee's supervisor.
- The Borough of High Bridge reserves the right to block or cancel an employee's access to Internet sites or the Internet as a whole while using business computers or on the Borough of High Bridge's time.
- The e-mail, telephone, and Internet systems, as well as the messages thereon, are the property of the Borough of High Bridge.
- The Borough of High Bridge reserves its right to monitor its computer systems, including but not limited to, e-mail messages, computer files and Internet usage, with or without notice, at any time, at the Borough of High Bridge's discretion. The Borough of High Bridge also reserves the right to access and disclose such communications and recordings to third parties in certain circumstances. Therefore, employees shall

have no expectation of privacy in any transmissions made or received using Borough of High Bridge computers or email accounts.

- Employees must be aware that the mere deletion of a file or message may not fully eliminate that file or message from the system.
- The existence of personal access codes, passwords and/or "message delete functions," whether provided by the Borough of High Bridge or generated by the employee, do not restrict or eliminate the Borough of High Bridge's access to any of its electronic systems as the employees shall be on notice that they should not have any expectation of privacy when using these systems.
- Employees shall not share personal access codes or passwords, provide access to an unauthorized user, or access another's e-mail or Internet account without authorization.
- The Borough of High Bridge's network, including its connection to the Internet, is to be solely used for business-related purposes during working time (as defined above). If permission is granted, an employee's personal use of the Borough of High Bridge's computer, e-mail and connection to the Internet shall not interfere with the employee's duties and shall comply with the Borough of High Bridge's policies and all applicable laws.
- Any messages or transmissions sent outside of the organization via e-mail or the Internet will pass through a number of different computer systems, all with different levels of security. Accordingly, employees must not send privileged and/or confidential communications (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure), via e-mail or the Internet unless the message is properly encrypted, and should consider a more secure method of communication for such data.
- Because postings placed on the Internet may display the Borough of High Bridge's address or other Borough of High Bridge-related information, and thus reflect on the Borough of High Bridge, make certain before posting such information that it exhibits the high standards and policies of the Borough of High Bridge. Under no circumstances shall data of a confidential nature (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure) be posted on the Internet.
- If you identify yourself as an employee in any manner on any internet posting or blog, comment on any aspect of the Borough of High Bridge's business or post a link to the Borough of High Bridge, you must include the following disclaimer in an openly visible location: "the views expressed on this post are mine and do not necessarily reflect the views of the Borough of High Bridge or anyone associated/affiliated with the Borough of High Bridge."
- Subscriptions to news groups or mailing lists are permitted only when the subscription is for a work-related purpose and authorized by Borough of High Bridge. Any other subscriptions are prohibited.

- All files downloaded from the Internet, e-mail attachments or the like should be checked for possible viruses. If uncertain whether your virus-checking software is current, you must check with the Borough of High Bridge's Network Administrator before downloading.
- Any "unauthorized use" of e-mail or the Internet is strictly prohibited while at work or while using an Borough of High Bridge computer. "Unauthorized use" includes, but is not limited to: connecting, posting, or downloading obscene, pornographic, violent, sexually suggestive, or discrimination based material; attempting to disable or compromise the security of information contained on the Borough of High Bridge's computer systems; or sending or receiving obscene, violent, harassing, sexual or discrimination based messages. If an employee receives a message that is representative of an "unauthorized use" of the Borough of High Bridge's electronic media from someone outside of the Borough of High Bridge, it is the employee's duty to immediately inform the sender of such materials that he or she must refrain from sending such materials.
- Your Internet postings **SHOULD NOT VIOLATE ANY OTHER APPLICABLE BOROUGH OF HIGH BRIDGE POLICY**, including, but not limited to, the following: the Borough of High Bridge's Anti-Harassment and Discrimination Policies.
- Borough of High Bridge business which is conducted by an employee on his or her personal computer or device is subject to this policy and may be subject to the provisions of OPRA.

Any employee who violates this policy shall be subject to disciplinary action, up to and including termination. This policy shall not be construed to restrict employees' rights to share information about their employment terms and conditions communicate with each other; or engage in other concerted activities for their mutual aid and protection.

Social Network Postings

For purposes of this policy, a social network is defined as a site that uses internet services to allow individuals to construct a profile within that system, define a list of others users with whom they share some connection, and view and access their list of connections and those made by others within that system. The type of network and its design vary from site to site. Examples of the types of internet based social networking activities include: blogging, networking, photo sharing, video sharing, microblogging, podcasting, as well as posting comments on the sites. The absence of, or lack of explicit reference to a specific site or activity does not limit the extent of the application of this provision.

The use of the internet and social networking sites, including but not limited to Instagram, Tiktok, Snapchat, Facebook, Threads and X, is a popular activity; however, employees must be mindful of the negative impact of inappropriate or unauthorized postings upon the Borough of High Bridge and its relationship with the community. This provision identifies prohibited activities by employees on the internet where posted information is accessible to members of the general public, including, but not limited to, public postings on social networking sites.

Specifically, the Borough of High Bridge reserves the right to investigate postings, private or public, that violate work-place rules, such as the prohibition of sexual harassment and other discriminatory conduct, where such postings lawfully are made available to the Borough of High Bridge by other employees or third parties. Employees should use common sense in all communications, particularly on a website or social networking site accessible to anyone. If you would not be comfortable with your supervisor, coworkers, or the management team reading your words, you should not write them.

Be advised that employees can be disciplined for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can create a hostile work environment. You can also be sued by agency employees or any individual who views your commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment. What you say or post on your site or what is said or posted on your site by others could potentially be grounds for disciplinary action, up to and including termination. However, nothing in this social networking policy is designed to interfere with, restrain, or prevent social media communications during non-working hours by employees engaging in protected concerted activities regarding wages, hours, or other terms and conditions of employment pursuant to the New Jersey Employer-Employee Relations Act or to prevent communications which are protected by the First Amendment freedom of speech clause, unless such communications are made as part of the employees' official job duties.

TELEPHONE AND PERSONAL COMMUNICATION USAGE POLICY

Land-line Telephones. Borough of High Bridge telephones are for official business use only during working time. Charges for all other usage, including personal calls and unauthorized use of such devices, must be reimbursed to the Borough of High Bridge. Working time shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Borough of High Bridge, and excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times.

Borough of High Bridge-Issued Mobile Phones/Devices. Borough of High Bridge-issued mobile devices may be issued to certain employees in the course of their employment with the Borough of High Bridge. Such Borough of High Bridge-issued devices are the sole and exclusive property of the Borough of High Bridge and are only to be utilized by employees in the course and scope of their employment during working time (any time in which the employee is engaged in or required to be performing work tasks for the Borough of High Bridge not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) Employees will be charged for costs incurred due to their personal use of such devices. Accordingly, the Borough of High Bridge reserves the right to monitor the use of the Borough of High Bridge-issued cell-phones without notice, at any time, and any such data collected from the mobile device equipment is the sole and exclusive property of the Borough of High Bridge to be used for any purpose.

Similarly, the Borough of High Bridge reserves the right to review the manner and use of these mobile devices and physically inspect the equipment at any time with or without notice. Accordingly, the employee shall have no reasonable expectation of privacy in any transmissions made or received using an Borough of High Bridge-issued mobile device.

Employees are expected, at all times, to respect the integrity of the Borough of High Bridge-issued mobile devices and to maintain the equipment in proper working condition. If an employee discovers or recognizes that the mobile device is not in proper working condition, it is the employee's responsibility to bring this fact to the attention of his or her supervisor immediately.

Upon termination of employment or in the instance of an upgrade to the employee's phone or service, the employee must return the Borough of High Bridge-issued device to the Borough of High Bridge.

Prohibited Use of Personal Communication Devices. To alleviate distraction and disruption of regular work routines, personal communication devices are strictly prohibited from use during working time (any time in which the employee is engaged in or required to be performing work tasks for the Borough of High Bridge not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) while in work areas, except where the Borough of High Bridge has provided such device(s) to employees for business use, or in case of an emergency (such as illness, accident, and calls of a similar emergent nature).

Employees are prohibited from using their personal communication device to copy and/or upload any, confidential information (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure). Employees must make reasonable efforts to obtain supervisor approval prior to making emergency calls during working time. Personal communication devices are defined as, but not limited to, cellular or two-way phones, text-messaging devices, iPhones, Android-enabled devices, BlackBerrys and pagers.

Other Personal Electronic Devices. Employees are not permitted to utilize electronic devices such as personal laptops, game systems, MP3 players, portable DVD players or any other type of personal entertainment systems while at work.

Violation of this policy may subject an employee to disciplinary action up to and including termination.

CONDUCT OF EMPLOYEES

Employees are expected to conduct themselves in a manner which exhibits a respect for the rights and property of the Borough of High Bridge, fellow employees, and residents. DOMESTIC VIOLENCE POLICY

PURPOSE

The purpose of the State of New Jersey Domestic Violence Policy for Public Employers (herein "policy") is to set forth a uniform domestic violence policy for all public employers to adopt in accordance with N.J.S.A. 11A:2-6a. The purpose of this policy is also to encourage employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their human resources officers and provide a standard for human resources officers to follow when responding to employees.

DEFINITIONS

The following terms are defined solely for the purpose of this policy:

Domestic Violence - Acts or threatened acts, that are used by a perpetrator to gain power and control over a current or former spouse, family member, household member, intimate partner, someone the perpetrator dated, or person with whom the perpetrator shares a child in common or anticipates having a child in common if one of the parties is pregnant. Domestic violence includes, but is not limited to the following: physical violence; injury; intimidation; sexual violence or abuse; emotional and/or psychological intimidation; verbal abuse; threats; harassment; cyber harassment; stalking; economic abuse or control; damaging property to intimidate or attempt to control the behavior of a person in a relationship with the perpetrator; strangulation; or abuse of animals or pets.

Abuser/Perpetrator - An individual who commits or threatens to commit an act of domestic violence, including unwarranted violence against individuals and animals. Other abusive behaviors and forms of violence can include the following: bullying, humiliating, isolating, intimidating, harassing, stalking, or threatening the victim, disturbing someone's peace, or destroying someone's property.

Human Resources Officer (HRO) –An employee of a public employer with a human resources job title, or its equivalent, who is responsible for orienting, training, counseling, and appraising staff. Persons designated by the employer as the primary or secondary contact to assist employees in reporting domestic violence incidents.

Intimate partner also includes those who live together or have lived together, as well as persons who are dating or have dated in the past.

Temporary Restraining Order (TRO) - A civil court order issued by a judge to protect the life, health or well-being of a victim. TROs can prohibit domestic violence offenders from having contact with victims,

either in person or through any means of communication, including third parties. TROs also can prohibit offenders from a victim's home and workplace. A violation of a TRO may be a criminal offense. A TRO will last approximately 10 business days, or until a court holds a hearing to determine if a Final Restraining Order (FRO) is needed. In New Jersey, there is no expiration of a FRO.

Victim - A person who is 18 years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present household member or was at any time a household member. A victim of domestic violence is also any person, regardless of age, who has been subjected to domestic violence by one of the following actors: a person with whom the victim has a child in common; a person with whom the victim anticipates having a child in common, if one of the parties is pregnant; and a person with whom the victim has had a dating relationship.

Workplace-Related Incidents - Incidents of domestic violence, sexual violence, dating violence, and stalking, including acts, attempted acts, or threatened acts by or against employees, the families of employees, and/or their property, that imperil the safety, well-being, or productivity of any person associated with a public employee in the State of New Jersey, regardless of whether the act occurred in or outside the organization's physical workplace. An employee is considered to be in the workplace while in or using the resources of the employer. This includes, but is not limited to, facilities, work sites, equipment, vehicles, or while on work-related travel.

PERSONS COVERED BY THIS POLICY

All employees are covered under this policy, including full and part time employees, casual/seasonal employees, interns, volunteers and temporary employees at any workplace location.

RESPONSIBILITY OF EMPLOYERS TO DESIGNATE A HUMAN RESOURCES OFFICER

The Borough of High Bridge hereby designates the following employees as the Primary HRO and Secondary HRO, to assist employees who are victims of domestic violence.

Primary HRO:

Brett J. Bartman, Borough Administrator

(908) 638-6455 extension 23 administrator@highbridge.org

Secondary HRO:

Jennifer Harrington, Finance Assistant 1

(908) 638-6455 extension 24 jharrington@highbridge.org

The designated Primary and Secondary HRO shall receive training on responding to and assisting employees who are domestic violence victims in accordance with this policy.

Managers and supervisors are often aware of circumstances involving an employee who is experiencing domestic violence. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO. Managers and supervisors must maintain confidentiality, to the extent possible, and be sensitive, compassionate, and respectful to the needs of persons who are victims of domestic violence.

The name and contact information of the designated HRO will be provided to all employees.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report. For example, if there is any indication a child may also be a victim, reporting is mandatory to the Department of Children and Families, Child Protection and Permanency, under N.J.S.A. 9:6-8.13.

DOMESTIC VIOLENCE REPORTING PROCEDURES

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee, are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must so report to the appropriate authority in addition to reporting to the designated HRO. Nothing in this policy shall preclude an employee from contacting 911 in emergency situations. Indeed, HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall:

- A. Immediately respond to an employee upon request and provide a safe and confidential location to allow the employee to discuss the circumstances surrounding the domestic violence incident and the request for assistance.
- B. Determine whether there is an imminent and emergent need to contact 911 and/or local law enforcement.
- C. Provide the employee with resource information and a confidential telephone line to make necessary calls for services for emergent intervention and supportive services, when appropriate. The HRO or the employee can contact the appropriate Employee Assistance Program to assist with securing resources and confidential services.
- D. Refer the employee to the provisions and protections of The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), referenced in this policy.

- E. If there is a report of sexual assault or abuse, the victim should be offered the services of the Sexual Assault Response Team, **The Sexual Assault Response Team can be contacted by telephoning any of the following:**
- Local Police Department or 911
 - Hunterdon Medical Center Emergency Department (908) 788-6100
 - SAFE in Hunterdon (908) 788-4044 (24-hour hotline)
- F. Maintain the confidentiality of the employee and all parties involved, to the extent practical and appropriate under the circumstances, pursuant to this policy.
- G. Upon the employee's consent, the employee may provide the HRO with copies of any TROs, FROs, and/or civil restraint agreements that pertain to restraints in the work place and ensure that security personnel are aware of the names of individuals who are prohibited from appearing at the work location while the employee who sought the restraining order is present. All copies of TROs and FROs shall be maintained in a separate confidential personnel file.

CONFIDENTIALITY POLICY

In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law. Thus, this policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report.

This confidentiality policy shall not prevent disclosure where to do so would result in physical harm to any person or jeopardize safety within the workplace. When information must be disclosed to protect the safety of individuals in the workplace, the HRO shall limit the breadth and content of such disclosure to information reasonably necessary to protect the safety of the disclosing employee and others and comply with the law. The HRO shall provide advance notice to the employee who disclosed information, to the extent possible, if the disclosure must be shared with other parties in order to maintain safety in the workplace or elsewhere. The HRO shall also provide the employee with the name and title of the person to whom they intend to provide the employee's statement and shall explain the necessity and purpose regarding the disclosure. For example, if the substance of the disclosure presents a threat to employees, then law enforcement will be alerted immediately.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines where mandatory reporting is required by the appointing authority or a specific class of employees.

CONFIDENTIALITY OF EMPLOYEE RECORDS

To ensure confidentiality and accuracy of information, this policy requires the HRO to keep all documents and reports of domestic violence in confidential personnel file separate from the employee's

other personnel records. These records shall be considered personnel records and shall not be government records available for public access under the Open Public Records Act. See N.J.S.A. 47:1A-10.

THE NEW JERSEY SECURITY AND FINANCIAL EMPOWERMENT ACT

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1, et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence.

The NJ SAFE Act allows a maximum of 20 days of unpaid leave in one 12-month period, to be used within 12 months following any act of domestic or sexual violence. To be eligible, the employee must have worked at least 1,000 hours during the 12-month period immediately before the act of domestic or sexual violence. Further, the employee must have worked for an employer in the State that employs 25 or more employees for each working day during 20 or more calendar weeks in the current or immediately preceding calendar year. This leave can be taken intermittently in days, but not hours.

Leave under the NJ SAFE Act may be taken by an employee who is a victim of domestic violence, as that term is defined in N.J.S.A. 2C:25-19 and N.J.S.A. 30:4-27.6, respectively. Leave may also be taken by an employee whose child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic or sexual violence.

Leave under the NJ SAFE Act may be taken for the purpose of engaging in any of the following activities, for themselves, or a child, parent, spouse, domestic partner, or civil union partner, as they relate to an incident of domestic or sexual violence:

- 1) Seeking medical attention;
- 2) Obtaining services from a victim services organization;
- 3) Obtaining psychological or other counseling;
- 4) Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase safety;

- A. Designate an HRO with responsibilities pursuant to this policy.
- B. Recognize that an employee may need an accommodation as the employee may experience temporary difficulty fulfilling job responsibilities.
- C. Provide reasonable accommodations to ensure the employee's safety. Reasonable accommodations

may include, but are not limited to, the following: implementation of safety measures; transfer or reassignment; modified work schedule; change in work telephone number or work-station location; assistance in documenting the violence occurring in the workplace; an implemented safety procedure, or other accommodation approved by the employer.

- D. Advise the employee of information concerning the NJ SAFE Act; Family and Medical Leave Act (FMLA); or Family Leave Act (FLA); Temporary Disability Insurance (TOI); or Americans with Disabilities Act (ADA); or other reasonable flexible leave options when an employee, or his or her child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic violence.
- E. Commit to adherence to the provisions of the NJ SAFE Act, including that the employer will not retaliate against, terminate, or discipline any employee for reporting information about incidents of domestic violence, as defined in this policy, if the victim provides notice to their Human Resources Office of the status or if the Human Resources Office has reason to believe an employee is a victim of domestic violence.
- F. Advise any employee, who believes he or she has been subjected to adverse action as a result of making a report pursuant to this policy, of the civil right of action under the NJ SAFE ACT. And advise any employee to contact their designated Labor Relations Officer, Conscientious Employees Protection Act (CEPA) Officer and/or Equal Employment Opportunity Officer in the event they believe the adverse action is a violation of their collective bargaining agreement, the Conscientious Employees Protection Act or the New Jersey Law Against Discrimination and corresponding policies.
- G. Employers, their designated HRO, and employees should familiarize themselves with this policy. This policy shall be provided to all employees upon execution and to all new employees upon hiring. Information and resources about domestic violence are encouraged to be placed in visible areas, such as restrooms, cafeterias, breakrooms, and where other resource information is located.

RESOURCES

This policy provides an Appendix listing resources and program information readily available to assist victims of domestic violence. These resources should be provided by the designated HRO to any victim of domestic violence at the time of reporting.

PERFORMANCE EVALUATION

The Borough of High Bridge recognizes that an employee job performance evaluation system is the basis for assisting in employee growth and development. The Borough of High Bridge requires supervisors to conduct performance appraisals annually to ensure that:

- (1) each employee receives feedback on objectives, accomplishments, strengths, and areas for improvement;
- (2) each employee receives advice from his or her supervisor on ways to improve performance and has the chance to identify with his or her supervisor areas where greater contribution is possible, or where either feels more development would be beneficial; and
- (3) essential information is recorded concerning strengths and weaknesses of all employees in relation to career development, including potential for advancement and suitability for other positions and training.

The performance evaluation provides the vehicle for a dialogue between the employee and the supervisor and ensures shared expectations of the requirements for the employee's job and the employee's performance in the job. Accordingly, the Borough of High Bridge will use a performance review/evaluation system for all employees.

During performance reviews, supervisors will consider, among others:

- Initiative, dependability and effort

POLITICAL ACTIVITY

Employees have exactly the same right as any other citizen to join political organizations and participate in political activities, as long as they maintain a clear separation between their official responsibilities and their political affiliations. In accordance with State law, employees are prohibited from engaging in political activities while performing their public duties and from using the Borough of High Bridge's time, supplies or equipment in any political activity. Political activities include, but are not limited to, advocating the election or appointment of any candidate for office, verbally or otherwise, and soliciting funds for campaigns or campaign materials.

Additionally, State law precludes employees from directly or indirectly using their position to control or affect the political action of another person. In accordance with the Hatch Act and Federal regulations, an employee whose principal employment is with a program financed in whole or in part by Federal funds or loans shall not:

- be a candidate for public office in a partisan election. (This provision does not apply to the elected head of an executive department or an individual holding elective office, where that office is the sole employment connection to federally funded programs.)
- use his/her official authority to influence, to interfere with or affect election results or nominations for office.
- directly or indirectly coerce contributions from any employee to support a political party or candidate. See The Hatch Act, 5 U.S.C. § 1501 et seq.

Violations of either State or Federal laws are serious matters and such violations should not be taken lightly. Any employee engaging in such political activities during working hours will be subject to disciplinary action up to and including termination of employment. Employees who engage in political activities during their non-working hours must not represent themselves as spokespersons for the Borough of High Bridge. Employees should report any violation of this policy to their supervisor or Department Head.

RESIGNATION

Employees may resign in good standing by giving their immediate supervisor at least fourteen (14) days advance written notice. The Borough of High Bridge may waive this requirement and consent to a shorter notice. If an employee resigns without giving the required notice, he/she will be considered to have resigned not in good standing.

Employees who resign will be notified by the Borough of High Bridge as to the status of various employee benefits. At times, an exit interview may be held by the Borough Administrator, and/or the Executive Committee.

SAFETY POLICY

The Borough of High Bridge endeavors to provide a safe and healthy work environment for all employees and shall comply with the requirements of the Public Employees Occupational Safety and Health Act (“PEOSHA”). The Borough of High Bridge is equally concerned about the safety of the public.

The Borough of High Bridge makes every effort to provide for employees' safety and security while at work. The Borough of High Bridge, however, does not accept responsibility for the protection of employees' personal property. The Borough of High Bridge is not liable for loss or damage to personal property.

The Borough of High Bridge maintains a work environment that is free of illegal drugs, alcohol, unauthorized firearms, explosives, or other improper materials. To this end, the Borough of High Bridge prohibits the possession, transfer, sale, or use of such materials on its premises. The Borough of High Bridge requires the cooperation of all employees in administering this policy. Desks, lockers, other storage devices, and Borough of High Bridge vehicles may be provided for the convenience of employees, but remain the sole property of the Borough of High Bridge. Accordingly, they, as well as any articles found within them, can be inspected by any agent or representative of the Borough of High Bridge at any time, either with or without prior notice. The Borough of High Bridge may conduct video surveillance of Borough of High Bridge property to, among other things, identify safety concerns, detect theft, and discourage or prevent acts of harassment and workplace violence. Additionally, the Borough of High Bridge may monitor employee e-mails.

Security is everyone's responsibility. If any employee sees or suspects that an individual is breaching security, it is the employee's responsibility to notify his or her supervisor or Department Head immediately. In the event a serious incident occurs, employees must report it to their Department Head promptly. The following are examples of serious incidents that should be reported immediately:

1. Any accident which results in the injury of a third party while on the premises.
2. Any incident in which physical force is either used by or against an employee.
3. Any incident which involves a crime, or an attempt to commit a crime, such as robbery or the theft of money.

Employees are encouraged to make any reports, in writing, so that they may be properly addressed by the Borough of High Bridge.

STATE RESIDENCY REQUIREMENT

Every employee shall have his/her principal place of residence in the State of New Jersey. New hires shall have one year from the time of taking office, employment or position to satisfy the requirement of principal residency. Failure to satisfy this requirement shall render the employee unqualified for holding office, employment or position with the Borough of High Bridge.

If, however, an employee holds an office, employment, or position with the Borough of High Bridge as of Sept. 1, of 2011 (the effective date of P.L.2011, c.70), but does not have his or her principal residence in this State on that effective date, he/shall will not be subject to the residency requirement while that employee continues to hold office, employment, or position without a break in public service of greater than seven (7) days.

TRANSITIONAL DUTY POLICY

1. Purpose: To establish guidelines and procedures for transitional duty work assignments to employees who are recovering and recuperating from a work-related injury or illness, with temporary physical work restrictions or limitations, as diagnosed by a treating physician. Transitional duty assignments are temporary in nature.

2. Policy and Benefits: According to a report authored by the American College of Occupational and Environmental Medicine, unnecessary, prolonged work absence can cause significant harm to a worker's well-being. Workers who are on extended disability often lose social relationships with co-workers, as well as the self-respect and self-esteem that comes from earning a living. For many workers, their job is part of their identity, and being kept away by illness or injury is a very stressful experience. By allowing a more accelerated return to work and more significant support during recovery, transitional duty programs can help employees reduce the stress and disruption that injuries or illness cause in their daily lives, leading to better recovery. Transitional Duty programs offer time-limited, modified and meaningful work assignments to employees who, due to an on the job injury or illness, have been rendered temporarily incapable of meeting the physical demands of their usual duties. These assignments are modified to accommodate the physical limitations imposed by injury or illness, as determined by medical professionals involved in the care of the worker.

The Borough of High Bridge is committed to providing opportunities for employees who have been injured on the job to return to the workforce as soon as possible. The Borough of High Bridge views the Transitional Duty Program as a partnership with the employees who have been injured, with the sole objective of enhancing the recovery of employees to facilitate their return to work in their previous position as soon as possible.

The Borough of High Bridge will make every effort on a case by case basis to accommodate an employee under the Americans with Disabilities Act (ADA) absent an undue hardship by the Borough of High Bridge.

Benefits of an effective transitional duty program include:

- Greater control and monitoring of worker's compensation claims, and an increased chance for a positive resolution of those claims.
- Retaining the services of trained and valuable employees.
- Avoidance of replacement and training costs of hiring a new employee.
- Faster recovery by injured employees, both physically and psychologically.
- Discouragement of fraudulent claims.
- Enhancement of employee morale.

- Compliance with the Americans with Disabilities Act (ADA) by accommodating disabilities and avoiding costly and unnecessary lawsuits.
- Identification of cross-training opportunities.
- Enhanced awareness of safe work practices and injury prevention.

3. Definitions:

Americans with Disabilities Act (ADA): Federal legislation passed in 1990 that prohibits discrimination against people with disabilities. The ADA makes it unlawful to discriminate against a disabled person in terms of employment opportunities, access to transportation, public accommodations, communications, and government activities. The law prohibits state and local governments from discriminating against the disabled. Employers are required to make reasonable accommodations in order for a disabled person to perform their job function.

Fair Labor Standards Act (FLSA): Federal legislation enacted in 1938, and subsequently amended, setting forth the standards for minimum wage requirements, overtime payments, necessary recordkeeping provisions, and child labor in the U.S., which affect those employees working both on a full- time and part-time basis in the federal, state, and local government as well.

Functional Capacity Evaluation (FCE): A series of tests used to evaluate an injured employee's work-related physical abilities. A functional capacity evaluation is designed to be safe and to provide impartial information about an injury or illness. The tests in an FCE are performed by an evaluator certified to conduct these examinations.

Injured Worker (IW): An employee (including persons on probationary, regular, casual or temporary status) of the Borough of High Bridge who, due to an on the job injury or illness, has been rendered temporarily incapable of meeting the physical demands of their usual duties

Job Bank: A listing of the job assignments available to injured employees under the Transitional Duty Program compiled, update and maintained by, the Transitional Duty Coordinator. The assignments may be in ANY department of the Borough of High Bridge, and not necessarily in the department where the injured employee works typically.

Maximum Medical Improvement (MMI): The point at which the Treating Physician determines that (1) the condition resulting from the injury or illness is stable, (2) additional medical treatment or physical therapy will not improve the patient's condition or (3) the patient has reached the medical plateau of recovery.

Meaningful Work: Work assigned under the transitional duty program which in the judgment of the Borough of High Bridge, has a serious, meaningful or useful quality and purpose. A written description of the work to be performed and the expected outcome shall be provided to each employee assigned meaningful work.

Nurse Case Manager (NCM): The medical professional assigned to each worker's compensation case who, along with the Treating Physician, works with the employee and the Borough of High Bridge in directing the care of the injured employee.

Transitional Duty Assignment: A temporary work assignment that does not exceed an employee's medical work restrictions during a period of recovery from a work-related injury or illness. A transitional duty assignment does not evolve at any time into a permanent position, and the injured employee is returned to work on a regular full-time basis as soon as possible.

Transitional Duty Program Coordinator (TDC): An employee of the Borough of High Bridge who has been duly assigned the responsibility of managing and directing the Transitional Duty Program by the Borough Administrator or governing body of the Borough of High Bridge.

Treating Physician (TP): The authorized medical professional assigned to each worker's compensation case by the Borough of High Bridge's insurance professionals who, along with the Nurse Case Manager, works with the employee and the Borough of High Bridge in directing the care of the injured employee. The Treating Physician is ultimately responsible for recommending an injured employee's ability to return to work under the transitional duty policy, and what restrictions should be imposed.

4. Transitional Duty Program Guidelines:

The Borough of High Bridge has established the following guidelines for the Transitional Duty Program:

- a. Transitional Duty assignments are temporary in nature, and made at the sole discretion of the Borough of High Bridge Transitional Duty Coordinator (TDC).
- b. In order for transitional duty to be offered to an employee, the employee must be qualified to perform the transitional duty assignment. If the employee is not qualified to perform the assignment (or cannot be trained by the Borough of High Bridge to perform the assignment), the transitional duty assignment may be refused by the Borough of High Bridge.
- c. Transitional Duty is **temporary**, lasting no more than 90 calendar days. This time frame may be extended at the sole discretion of the Borough of High Bridge Transitional Duty Coordinator (TDC).
- d. All employees who are receiving Workers' Compensation indemnity payments and working Transitional Duty assignments must follow the restrictions imposed by the Treating Physician (TP) while engaging in all activities.
- e. The Transitional Duty policy does not affect the rights and privileges of employees under the provisions of the, Fair Labor Standards Act OR Americans with Disabilities Act or other federal or state law or regulations.
- f. Refusal of a transitional duty assignment may adversely affect the employee's worker's compensation temporary disability benefits.

g. As long as the assignment involves "meaningful work" (as defined herein), and it falls within the physical restrictions established by the medical professionals, the employees may be assigned transitional duty work in ANY department of the Borough of High Bridge.

h. Employees shall follow the policy of the Borough of High Bridge regarding time off to attend medical appointments and physical therapy sessions which have been scheduled by the Nurse Case Manager. However, the employee is responsible for notifying the Borough of High Bridge when they are unable to report to their transitional duty assignment due to a scheduled medical appointment.

i. Transitional duty assignments are not guaranteed. Each assignment is reviewed on a case by case basis in accordance with the procedure set forth herein.

j. The Borough of High Bridge reserves the right at any time to request a functional capacity evaluation (FCE) of the injured employee to determine their fitness for assignment.

k. Employees will be paid in accordance with applicable policies, salary ordinances, and collective bargaining agreements while on Transitional Duty. Employees participating in Transitional Duty assignments shall receive the full salary as long as they are working a full work day. All overtime assignments must be approved in advance by the department head, and must be in accordance with the transitional duty assignment and limitations set forth by the Treating Physician.

l. The employee's time card or work hours shall be maintained by the department to which the employee is regularly assigned.

5. Creation of the Job Bank:

In order to set up the "Job Bank," the Transitional Duty Coordinator (TDC) will contact all of the department heads in Borough of High Bridge, and encourage each to fill out the Form found in the Appendix entitled, "Possible Transitional Duty Assignments." Based on the input from Department Heads, the TDC will establish a "Job Bank," which will be used for the assignments under the Transitional Duty program. The TDC will update the Job Bank assignments as frequently as necessary. In addition, the TDC will collaborate with the Nurse Case Manager assigned to the Borough of High Bridge, and formulate brief job descriptions for each of the assignments, including any medical restrictions that may be accommodated (i.e. standing, sitting, lifting, driving, bending, etc.).

6. Transitional Duty Program Procedure:

Transitional duty assignments are the collective responsibility of the employer, (specifically the Transitional Duty Coordinator), along with the Claims Administrator, Treating Physician and Nurse Case Manager. The Transitional Duty Coordinator shall pay particular attention to the following:

- The TDC will make assignments with the goal of returning the employee to full duty as soon as possible. This may require the adjustment or modification of duties in the assignment as the employee's medical condition progresses (or regresses).

- The TDC shall maintain the confidentiality of all medical information related to the transitional duty assignments. Only individuals with an administrative "Need to Know" shall be included in discussions on transitional duty.
- The TDC shall contact upper management and the Claims Administrator if he or she becomes aware that an injured employee may have permanent medical restrictions. Permanent restrictions must be treated differently than temporary restrictions, and must be evaluated in accordance with possible implications under the Americans with Disabilities Act (ADA).

The Transitional Duty assignment process is as follows:

A. An initial medical assessment of the injured employee is completed by the Treating Physician in order to determine (1) the work restrictions imposed, and (2) the estimated duration of the recovery period. The results of the written medical assessment are provided to the Nurse Case Manager for review. The Nurse Case Manager will consult the Treating Physician if any clarification is necessary. The Borough of High Bridge will maintain an updated copy of all job descriptions and will forward job descriptions to the Nurse Case Manager for review as part of the assessment process.

B. The NCM will contact the TDC to discuss the results of the initial medical assessment, and whether or not the injured employee is a candidate for a Temporary Duty assignment, and, if so, what Temporary Duty assignments are available. The TDC will consider the employee's skills, knowledge, abilities, risks (if any) to the motoring public or other employees, in addition to the physical limitations set forth by the TP. The following skills may be necessary to participate in a transitional duty assignment:

- a. Sit or stand for some tasks
- b. Understand and follow directions and procedures
- c. Accept direction and function cooperatively
- d. Communicate effectively and coherently using telephone, or when initiating or responding to verbal communication
- e. Read and understand documents
- f. Exercise independent judgment.

If the injured employee is not a candidate for an assignment, the NCM will review the case after each medical appointment with the Treating Physician to determine if the injured worker's status has changed, and if so, the NCM will contact the TDC.

It is extremely important for the TDC to communicate with the NCM regarding the employee's disposition relative to a Temporary Duty assignment.

C. If a work assignment is available, prior to an assignment, the injured worker will meet with the TDC to go over the work assignment, what the expectations are, and any other concerns the injured worker may have. If necessary, the TDC shall arrange for training for the IW. During that meeting, the IW will be given the ***Letter Offering Transitional Duty Assignment***. The IW will be asked to sign the letter acknowledging his/her acceptance OR rejection of the work assignment. If the IW declines the assignment, he/she will be directed to state the reasons in writing on the letter, and the TDC shall notify the IW that failure to accept the TD assignment may adversely affect his/her ability to collect worker's compensation.

temporary disability benefits. If the injured worker's objection is based on a disagreement with the Treating Physician's or Nurse Case Manager's work-related restrictions, the TDC shall discuss the case with the NCM and, if necessary the TP, prior to making a final decision. The decision of the TDC will be final, and shall be communicated to the IW and NCM.

D. The TDC will review ALL assignments in 14 day intervals, and, if necessary meet with the injured worker. The NCM shall update the TDC on the employee's medical status after each medical visit. If it appears as if the IW will not be able to return to work after the initial **90 day limit**, the TDC will consult with the NCM, and, if necessary, the TP, to determine whether the assignment should be continued until the employee reaches maximum medical improvement (MMI) OR until the employee can return to work to his/her former position without restrictions. The decision of the TDC will be final.

SYNOPSIS

Enhances ability of religious and nonprofit organizations to convert certain property to inclusionary developments with affordable housing.

CURRENT VERSION OF TEXT

As introduced.

1 AN ACT enhancing the ability of religious and nonprofit
2 organizations to convert certain nonresidential property to
3 inclusionary developments with affordable housing and
4 supplementing P.L.1975, c.291 (C.40:55D-1 et seq.).
5

6 **BE IT ENACTED** by the Senate and General Assembly of the State
7 of New Jersey:
8

9 1. a. As used in this section:

10 "Adjoining property" means property that shares a boundary with
11 an eligible property, including but not limited to, a property that is,
12 at least in part, situated directly across a road from an eligible
13 property.

14 "Eligible property" means property, including non-residential
15 buildings, owned by a religious organization or tax-exempt
16 nonprofit organization.

17 "Inclusionary development" means the same as the term defined
18 pursuant to subsection f. of section 4 of P.L.1985, c.222 (C.52:27D-
19 304).

20 b. A municipal planning board enforcing municipal zoning
21 regulations shall permit conversions or partial conversions of
22 eligible properties into inclusionary developments pursuant to the
23 provisions of P.L. , c. (C.) (pending before the Legislature
24 as this bill).

25 c. An inclusionary development that is the subject of an
26 application for development to convert an eligible property shall be
27 a permitted use and shall not require a use variance pursuant to
28 subsection d. of section 57 of P.L.1975, c.291 (C.40:55D-70) if the
29 application for development complies with the following
30 requirements:

31 (1) the inclusionary development, which may include the
32 demolition of existing structures, complies with the zoning
33 requirements applicable to development projects within the
34 applicable municipal zone as provided for in subsection d. of this
35 section;

36 (2) at least 20 percent of the residential units to be constructed
37 shall be reserved as very-low income housing, low-income housing,
38 or moderate-income housing, as those terms are defined pursuant
39 section 4 of P.L.1985, c.222 (C.52:27D-304);

40 (3) of the residential units reserved as very low-income housing,
41 low-income housing, or moderate-income housing, at least 50
42 percent within each bedroom distribution are low-income units, and
43 at least 13 percent of the low-income units are very-low income
44 units; and

45 (4) the residential units reserved as very low-income housing,
46 low-income housing, or moderate-income housing comply with the
47 Uniform Housing Affordability Controls promulgated by the New

1 Jersey Housing and Mortgage Financing Agency, required pursuant
2 to the "Fair Housing Act," P.L.1985, c.222 (C.52:27D-301 et seq.).

3 d. The municipal planning board shall approve an application
4 to repurpose or redevelop an eligible property into an inclusionary
5 development, notwithstanding the eligible property's location in the
6 municipality, if the project complies with applicable zoning
7 requirements, and as described pursuant to subsection e. of this
8 section.

9 e. A proposed housing development project on an eligible
10 property that qualifies as a permitted use pursuant to subsection c.
11 of this section shall be allowed the following density and height
12 restrictions:

13 (1) The development project shall be allowed a density of 40
14 units per acre and a height of one story above the maximum height
15 otherwise applicable to the zoning district in which the eligible
16 property is located.

17 (2) If the municipal zoning regulations applicable to the eligible
18 property allow for greater residential density or building heights on
19 the eligible property, or an adjoining property, than permitted in
20 paragraph (1) of this subsection, the greater density or building
21 height shall apply to the eligible property. A development project
22 approved pursuant to this section shall not use an incentive, waiver,
23 or concession to increase the height of the development to greater
24 than the height authorized pursuant to this paragraph. For the
25 purposes of a conversion or partial conversion of an eligible
26 property into an inclusionary development, the owner shall be
27 authorized to apply the zoning restrictions of an adjoining property.

28 (3) Except as provided in paragraph (2) of this subsection, a
29 housing development project approved pursuant to this section shall
30 be eligible for other applicable incentives, waivers, and programs.

31
32 2. Notwithstanding any provision of the "Long Term Tax
33 Exemption Law," P.L.1991, c.431 (C.40A:20-1 et seq.) to the
34 contrary, a project undertaken pursuant to section 1 of P.L. , c.
35 (C.) (pending before the Legislature as this bill) shall be
36 eligible for long term tax exemption pursuant to the "Long Term
37 Tax Exemption Law," P.L.1991, c.431 (C.40A:20-1 et seq.).

38
39 3. The provisions of P.L. , c. (C.) (pending before the
40 Legislature as this bill) shall not prohibit or limit an applicant's
41 ability to apply and qualify for tax incentives, financing, or grants
42 in order to supplement investments for projects undertaken pursuant
43 to P.L. , c. (C.) (pending before the Legislature as this
44 bill). Notwithstanding this provision, project eligibility for tax
45 incentives, financing, or grants, or any other award, shall be
46 determined by the respective awarding entity.

1 4. A development project and any municipal action undertaken
2 pursuant to P.L. , c. (C.) (pending before the Legislature as
3 this bill) shall be in compliance with the "Municipal Land Use
4 Law," P.L.1975, c.291 (C.40:55D-1 et seq.) and all other applicable
5 municipal zoning ordinance requirements that do not conflict with
6 the requirements of P.L. , c. (C.) (pending before the
7 Legislature as this bill).

8
9 5. This act shall take effect immediately.

10
11
12 STATEMENT

13
14 This bill would authorize the conversion of certain property
15 owned by religious and nonprofit organizations to inclusionary
16 developments, limit the criteria for a municipality to reject such an
17 application, and specify tax exemption eligibility.

18 The bill would require a municipal planning board to permit the
19 conversion or partial conversion of an eligible property, as defined
20 in the bill, into an inclusionary development, for which a certain
21 percentage of the units are reserved as very low-, low-, or moderate-
22 income housing (affordable housing). The conversion of an eligible
23 property into an inclusionary development with affordable housing
24 would be a permitted use and would not require a use variance, and
25 would be subject to certain zoning requirements and the following
26 affordability constraints:

27 (1) at least 20 percent of the units are required to be reserved as
28 very-low, low-, or moderate-income housing;

29 (2) of the income-restricted units, at least 50 percent within each
30 bedroom distribution are required to be low-income units, and at
31 least 13 percent of the low-income units as very-low-income units;
32 and

33 (3) the income-restricted units are required to comply with the
34 State's Uniform Housing Affordability Controls.

35 The bill requires a municipal planning board to approve an
36 application to repurpose or redevelop an eligible property into an
37 inclusionary development with affordable housing, regardless of the
38 eligible property's location in the municipality if the project
39 complies with applicable zoning requirements, as described in the
40 bill. The bill specifies certain permitted density and height criteria.

41 Regardless of any provision of the "Long Term Tax Exemption
42 Law," P.L.1991 (C.40A:20-1 et seq.) to the contrary, the bill
43 specifies that a project undertaken pursuant to the bill is to be
44 eligible for long term tax exemption pursuant to the "Long Term
45 Tax Exemption Law." The "Long Term Tax Exemption Law"
46 permits a municipality to enter into financial agreements with urban
47 renewal entities, which agreements require an entity to make
48 payments in lieu of real property taxes pertaining to the

1 improvements constructed on the property. The provisions of the
2 bill are not to prohibit or limit an applicant's ability to apply and
3 qualify for variances, tax incentives, financing, or grants. A
4 development project and any municipal action undertaken pursuant
5 to the bill is to be in compliance with the "Municipal Land Use
6 Law," P.L.1975, c.291 (C.40:55D-1 et seq.) and all other applicable
7 municipal zoning ordinance requirements that do not conflict with
8 the bill.

RESOLUTION OPPOSING LEGISLATION PREEMPTING LOCAL ZONING

RESOLUTION: 281-2025

ADOPTED: 11/13/2025

WHEREAS, municipalities are required to establish a Municipal Master Plan with a combination of mandatory and optional elements including Goals and Objectives, Land Use, Circulation, Housing, Community Facilities, Downtown Economic Development, Historic Preservation, and Sustainability; and

WHEREAS, municipalities are also required to reexamine the Municipal Master Plan every 10 years to ensure that the master plan meets the community needs and is relevant as communities evolve, grow, and change; and

WHEREAS, municipalities complete this effort at great cost and community input to ensure their community has a roadmap for growth; and

WHEREAS, a municipality is best suited to plan for and understand their community's needs, the existing infrastructure to address the municipality's public safety, health, traffic, and character and the ability to expand such infrastructure for desire growth; and

WHEREAS, there are many mechanisms for exceptions and variances to the local planning process; and

WHEREAS, municipalities have been diligently working to comply with the changes outlined in the passage of A-4/S-50 in 2024 that made substantial changes to the 4th Round of Affordable Housing obligations; and

WHEREAS, affordable housing construction has generally comprised between 10-20 % of a total development, but municipalities will end up constructing far more units during this current round of affordable housing; and

WHEREAS, recent legislation proposals that preempt the planning process by permitting the conversion of underutilized properties into mixed used developments, reducing the number of parking spaces required for new developments near transit, making Accessory Dwelling Units permissible, and most recently, legislation that enhances the ability of religious and nonprofit organizations to convert certain property to inclusionary developments with affordable housing undermine the careful planning process outlined in the Municipal Land Use Law; and

WHEREAS, this proposal, S-4736 is particularly egregious because the required percentage of affordable housing units is only 20% with the remaining 80% at market rate making it more challenging for municipalities to meet their 4th Round Affordable Housing obligations; and

WHEREAS, this legislation bypasses local planning for increased density and height, regardless of a municipality's ability to ensure safety; and

WHEREAS, a worthy project could, and should participate in the local planning and zoning process to engage with the public; and

WHEREAS, S-4736 permits the bypassing of the local planning process which is an egregious assault on municipal autonomy and local decision making.

NOW, THEREFORE, BE IT RESOLVED by the Borough of High Bridge urges the legislature to defeat S-4736 and similar legislation that denies local autonomy in land use planning and ignores the well thought out master plan; and

BE IT FURTHER RESOLVED, that a copy of this resolution is forwarded to the Senator Andrew Zwicker, Assemblymember Mitchelle Drulis, Assemblymember Roy Freiman, Governor Phil Murphy, Governor-Elect Mikie Sherrill, and the New Jersey State League of Municipalities.

Adam Young, RMC, Borough Clerk

My signature and the Clerk's seal serve to acknowledge the above resolution and constitute acceptance of the terms and conditions of the grant agreement and approve the execution of the grant agreement as authorized by the resolution above.
