RE: Interpleader Action CJ-18-1591

I am now in possession of the Texas Peace Officer's Crash Report, form CR-3. The investigating officer had 78 choices on his form to select from when completing the Section 36 "Factors and Conditions" which caused the accident.

The following choices were available to the officer:

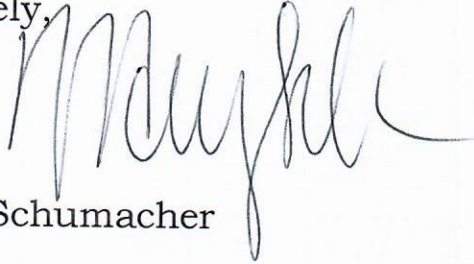

- 74- Cell/ Mobile Device Use- Talking
- 75- Cell/ Mobile Device Use- Texting
- 76- Cell/ Mobile Device Use- Other
- 77- Cell/ Mobile Device Use- Unknown

The officer selected none of the above as "Contributing Factors (Investigator's Opinion)". The officer was also able to list factors that "May Have Contributed". He selected none. The officer selected three codes, none of which had to do with the use of a cell phone.

On behalf of my client, I am demanding a retraction and apology by any person who has stated that the Texas Highway Patrol officer suspected that Ty Bell was using his cell phone at the time of the accident or that cell phone use caused the accident.

Failure to do so may result in civil action against those persons or media outlets on behalf of Ty Bell.

Sincerely,
