Note 1 On the night after the PIT Count (Friday 23rd / Saturday 24th), **238** people were sheltered due to extended services available only during inclement weather. This included a warming station, that is not in regular operation of 125 people and hotel rooms for those with pets.

Note 2 In previous years those staying at McKown Village (Food & Shelter) had been counted as Emergency Shelter. This year they have been reclassified as Transitional Housing. This is still considered sheltered homelessness but is only counted on the Housing Inventory Count(HIC) and not the PIT Count
