

The Board of Education of the Napoleon Area City School District is requesting sealed bids related to its Public Address and Bell System. The estimate of probable construction cost is \$150,000.00, and it is anticipated to include replacement of the existing bell and public address (PA) system; installation of new head-end equipment, controllers, and amplifiers compatible with the system; upgrades to building-wide speakers as needed; and removal of obsolete equipment. Interested firms may obtain instructions for submitting a statement of qualifications by contacting Jacob Gebers, Technology Director, at jacob.gebers@napoleonareaschools.org. All proposals are due to the Board of Education by noon, local time, on January 26th, 2026. This notice can be found on the District website at <https://www.napoleonareaschools.org/> by clicking on the link for the Public Address and Bell System Project on the homepage.
