

The Liberty Center Local School District Board of Education (“Owner”) is seeking construction manager at-risk services for upgrades to its baseball and softball fields. The Project consists of renovation of the infield surfaces and areas surrounding the fields, removal of the current playing material and surface, removal of current grass areas and replacement of sod, rebuilding of mounds and batting box areas, and installation of an irrigation system in the infield, foul territory, and outfield of the baseball field. The Budget and final estimates are still emerging, but currently, the Board anticipates a total construction cost of \$225,000.00. Interested firms can submit statements of qualification to Richard A. Peters, Superintendent, via email to rpeters@libertycenterschools.org, by 4:00 p.m. on July 26, 2026. Additional instructions and award criteria are available on request to the Superintendent at the above email.
