

Your 2025-26 tax bill takes shape

Gross 2025 property tax bills will be higher for three North Platte homes and three Lincoln County agricultural operations, but half will barely rise while the others will go up more sharply. Net December tax bills after state credits are a different story: They'll fall 5.8% for a farming operation southeast of Maxwell, while a home near North Platte's Westfield Shopping Center will receive a full homestead exemption to wipe out its tax obligation.

LINCOLN COUNTY AG OPERATIONS

*Includes Property Tax Credit Fund; School Property Tax Credit Fund (starting 2024); and community college income tax credit. | **Home received homestead exemption on top of state credits.
