

Where the holidays feel like *home*

This season, discover **Assisted Living** at Wittenberg Village, where cozy apartments, caring support, and a close knit community come together on **our peaceful 47 acre campus** in Crown Point.

Here, the holidays are filled with shared meals, familiar traditions, and neighbors who quickly feel like friends. Support is always nearby, while **independence and respect** remain at the heart of daily life.

Schedule a tour and see how Assisted Living at Wittenberg Village can feel like home—not just for the holidays, but all year long.
