

# Strack & Van Til Donates 2,000 Thanksgiving Dinners to the Food Bank of Northwest Indiana

The Strack and Van Til team recently joined together to pack 2,000 Thanksgiving dinners to donate to the Food bank of Northwest Indiana to be distributed through their Pantry Partners in Lake and Porter Counties. "We've been doing three donations each year during Easter, Thanksgiving and Christmas," Tom Steliga, Director of Center Store, said.

"Working with the food bank at the right time when they need the product has been a great experience." Steliga played a big role in coordinating this event. "I love being in a position to be able to organize events like this," Steliga said. "We ordered everything and coordinated it in our warehouse before sending it over. It's a great team effort "We put together a complete holiday meal for families, including turkey, potatoes, vegetables, gravy, stuffing, and everything needed for a full meal so they can enjoy the holiday."

"At Strack & Van Til, we're proud to stand alongside the Food Bank of Northwest Indiana to help fill the gap for families facing hunger," said Jeff Strack, president of Strack & Van Til. "Supporting our neighbors in need is at the heart of who we are—it's about caring for the communities that have supported us for generations."

"Our partnership with the Food Bank of Northwest Indiana is a direct reflection of Strack & Van Til's core values and community mission," Strack said. "For decades, we've believed that being a local grocer means more than providing quality products—it means caring for our neighbors and supporting the communities we serve. Together, we're not only helping to fight hunger but also strengthening the foundation of the communities that have supported Strack & Van Til for generations."
