

*Discover the nonprofit difference—senior living where your values, connections, and friendships count.*

We embrace your independence, offering security, flexibility, and ways to stay social, active, and curious. This season is about comfort and choice. You choose what feels right, whether it's a maintenance-free paired home at *Meridian Woods* or an easygoing apartment at *Pines Village*.

Cook at home or enjoy restaurant-style dining that makes the holidays easier. Drive yourself or use transportation when winter weather hits. Both pet-friendly campuses in Valparaiso offer unique amenities and the option to add personalized Home Health support. *A great place to celebrate the holidays!*
