YOU COULD MAKE A DIFFERENCE GIVE. ADVOCATE. VOLUNTEER.

LEND A HAND TOUCH A LIFE

Volunteering Gives You Purpose!

Volunteering is an opportunity to learn and practice new skills, team build with family and others, boost overall morale, and network. When you **volunteer** you open the door to meeting new people while having a positive effect on the organization you partner with and the overall community. **United Way volunteer opportunities** include working directly with the team in community impact, administration and finance, resource development, event planning, and fundraising.

The Benefits of Volunteering...

- **EMPLOYEES** who are encouraged to volunteer help companies meet their corporate mission of social reasonability.
- **INDIVIDUALS** who are not working can build their skill sets, network, and build their resumes.
- **STUDENTS** can learn valuable life skills, gain a better understanding of community needs and fulfill required service hours.

UNITED IS THE WAY™

From advancing health, youth opportunities and financial security to strengthening local resilience, United Way is mobilizing communities to action so all can thrive.

Together we're creating a future where everyone can reach their full potential
