

# Community Veterans Memorial

**To Remember, to Educate  
and to Challenge**

Dedicated to honor the sacrifices and achievements of veterans from the major military conflicts that shaped the 20th Century:

World Wars I and II, Korea, Vietnam and Desert Storm.

A commemorative brick pathway leads visitors on their journey through history. Individuals and groups are invited for self-guided tours where several stations provide pre-recorded information about each war.

This beautifully landscaped 6.5 acre park is the ideal place for reflection and remembrance of our past. Admission is free - Visit today!
