

Where students train and learn to snag career opportunities in Indiana's booming logistics and supply chain industries

Sponsored content by Ivy Tech

Northwest Indiana's business and logistics sectors continue to expand rapidly, and Ivy Tech Community College Lake County is preparing students to meet that demand. Known for career-focused education and strong industry partnerships, Ivy Tech's School of Business, Logistics and Supply Chain offers affordable, high-impact programs that lead to immediate workforce opportunities.

"We design every program around day one readiness, skills you can use, confidence you can feel and connections that open doors," said Lake County chancellor John Gipson. "Because we keep college affordable, many of our graduates begin their careers without debt and with momentum."

AFFORDABLE, CAREER-READY EDUCATION

Business and logistics careers are evolving faster than ever, and Ivy Tech ensures students are prepared. Whether pursuing roles in accounting, logistics, supply chain operations, office administration or business management, students gain hands-on experience in high-demand fields at a fraction of the cost of traditional four-year institutions.

Graduates often emerge debt-free and job-ready, equipped with certifications, real-world projects and the practical skills Indiana employers are seeking.

SUPPORT BEYOND GRADUATION

Many students secure employment through Ivy Tech's extensive network of industry partners, internships and applied learning opportunities. Ivy+ CareerLink provides ongoing support, from resume development to interview coaching, ensuring graduates are ready to step confidently into their careers.

Students interested in continuing their education benefit from Ivy Tech's transfer partnerships, offering seamless pathways into bachelor's and master's degree programs.

SMALL CLASSES, PERSONAL CONNECTIONS

Ivy Tech's commitment to small class sizes means personalized instruction and mentorship from faculty with deep industry experience. "The Ivy Tech

experience is personal by design. Small classes, proactive advising and industry aligned instruction help students persist, complete and advance without sacrificing affordability," said Feihong Liu, dean of the Garatoni School of Entrepreneurship and the School of Business, Logistics and Supply Chain.

MEETING INDUSTRY DEMAND

Indiana's logistics and supply chain sectors are experiencing significant growth, increasing demand for skilled professionals in operations, inventory management, transportation, warehousing, procurement and distribution.

Ivy Tech's programs are designed in collaboration with employers to ensure coursework aligns with real-world expectations and emerging industry trends. Students gain hands-on practice with systems, technology and processes used in professional settings, strengthening both their skills and employability.

STUDENT SUCCESS STORY

For many students, Ivy Tech serves as the launchpad to a rewarding career.

"When I chose to further my education at Ivy Tech, I knew I would be in good hands!" said, Michelle Shephard, current student in the School of Business, Logistics and Supply Chain. "The skills and techniques I have

learned throughout my academic journey here have given me confidence in my next steps after graduation. The advisors and career coaches I have met with have given me clarity and promise throughout my journey. The opportunity I have been given to be a work-study also plays a huge role in my success. I am learning how to navigate the workplace while continuing my studies."

ACBSP-ACCREDITED PROGRAMS

The School of Business, Logistics and Supply Chain proudly offers programs accredited by the Accreditation Council for Business Schools and Programs, affirming Ivy Tech's commitment to academic excellence and student success:

- Accounting
- Business Administration
- Office Administration and Technology (OTEC)
- Supply Chain Management

Data-driven and focused on continuous improvement, Ivy Tech evaluates student success outcomes each year to ensure excellence in instruction, graduation and career placement.
