Landlord may enter upon the Real Estate at any reasonable time for the purpose of viewing or seeding or making repairs, or for other reasonable purposes. Landlord retains the right to use or lease the Real Estate for hunting, fishing, or other recreational purposes, but such use shall not interfere with the regular operation of the farm and notice of entry shall be provided to Tenant three (3) days prior to entry for such purposes. Landlord may give notice to the potential buyers of the existence of this security interest.

Landlord is further granted the power, coupled with an interest, to sign on behalf of Tenant as attorney-in-fact and to file one or more financing statements under the Iowa Uniform Commercial Code naming Tenant as Debtor and Landlord as Secured Party and describing the collateral herein specified. Tenant consents to the financing statement being filed immediately after execution of this Lease.

6. ENVIRONMENTAL.

a. Landlord. To the best of Landlord's knowledge:

- i. Neither Landlord nor Landlord's former or present tenants are subject to any investigation concerning the premises by any governmental authority under any applicable federal, state, or local codes, rules, and regulations pertaining to air and water quality, the handling, transportation, storage, treatment, usage, or disposal of toxic or hazardous substances, air emissions, other environmental matters, and all zoning and other land use matters.
- ii. Any handling, transportation, storage, treatment, or use of toxic or hazardous substances that has occurred on the premises has been in compliance with all applicable federal, state, and local codes, rules, and regulations.
- iii. No leak, spill release, discharge, emission, or disposal of toxic or hazardous substances has occurred on the premises.
- iv. The soil, groundwater, and soil vapor on or under the premises is free of toxic or hazardous substances except for chemicals (including without limitation fertilizer, herbicides, insecticides) applied in conformance with good farming methods, applicable rules and regulations and the label directions of each chemical.

Landlord shall hold Tenant harmless against liability for removing solid waste disposal sites existing at the execution of this Lease, with the exception that Tenant shall be liable for removal of solid waste disposal sites to the extent that the Tenant created or contributed to the solid waste disposal site at any time.

Landlord shall assume liability and shall indemnify and hold Tenant harmless against any liability or expense arising from any condition which existed, whether known or unknown, at the time of execution of the lease which is not a result of actions of the Tenant or which arises after date of execution but which is not a result of actions of the Tenant.

Landlord shall disclose in writing to Tenant the existence of any known wells, underground storage tanks, hazardous waste sites, and solid waste disposal sites. Disclosure may be provided by a properly completed groundwater hazard statement to be supplemented if changes occur.

- b. Tenant. Tenant shall comply with all applicable environmental laws concerning application, storage and handling of chemicals (including, without limitation, herbicides and insecticides) and fertilizers. Tenant shall apply any chemicals used for weed or insect control at levels not to exceed the manufacturer's recommendation for the soil types involved. Farm chemicals may (not) be stored on the premises for more than one year. Farm chemicals for use on other properties may (not) be stored on this property. Chemicals stored on the premises shall be stored in clearly marked, tightly closed containers. No chemicals or chemical containers will be disposed of on the premises. Application of chemicals for agricultural purposes per manufacturer's recommendation shall not be construed to constitute disposal.

Tenant shall employ all means appropriate to insure that well or ground water contamination does not occur, and shall be responsible to follow all applicator's licensing requirements. Tenant shall install and maintain safety check valves for injection of any chemicals and/or fertilizers into an irrigation system (injection valve only, not main well check valve). Tenant shall properly post all fields (when posting is required) whenever chemicals are applied by ground or air. Tenant shall haul and spread all manure on appropriate fields at times and in

quantities consistent with environmental protection requirements. Tenant shall not dispose of waste oil, tires, batteries, paint, other chemicals or containers anywhere on the premises. Solid waste may (not) be disposed of on the premises. Dead livestock may (not) be buried on the premises. If disposal of solid waste or burial of dead animals is permitted as stated in the previous two sentences, the disposal or burial shall be in compliance with all applicable environmental laws. Tenant shall not use waste oil as a means to suppress dust on any roads on or near the premises. No underground storage tanks, except human waste septic systems that meet current codes, rules, and regulations, shall be maintained on the premises.

Tenant shall immediately notify Landlord of any chemical discharge, leak, or spill which occurs on premises. Tenant shall assume liability and shall indemnify and hold Landlord harmless for any claim or violation of standards which results from Tenant's use of the premises. Tenant shall assume defense of all claims, except claims resulting from Landlord's negligence, in which case each party shall be responsible for that party's defense of any claim. After termination, Tenant shall remain liable for violations which occurred during the term of this Lease.

In the absence of selection of an alternative where choices are provided in this paragraph 6b, the choice of the words "may not" shall be presumed unless that presumption is contrary to applicable environmental laws and regulations.

7. **TERMINATION OF LEASE.** This Lease shall not automatically renew upon expiration. All notices of termination of this Lease shall be as provided by law.
8. **POSSESSION AND CONDITION AT END OF TERM.** At the termination of this Lease, Tenant will relinquish possession of the Real Estate to the Landlord. If Tenant fails to do so Tenant agrees to pay Landlord \$150 per day, as liquidated damages until possession is delivered to Landlord. At the time of delivery of the Real Estate to Landlord, Tenant shall assure that the Real Estate is in good order and condition, and substantially the same as it was when received by Tenant at the commencement of this Lease, excusable or insurable loss by fire, unavoidable accidents and ordinary wear, excepted.
9. **LANDLORD'S RIGHT OF ENTRY AND INSPECTION.** In the event notice of termination of this Lease has been properly served, Landlord may enter upon the Real Estate or authorize someone else to enter upon the Real Estate to conduct any normal tillage or fertilizer operation after Tenant has completed the harvesting of crops even if this is prior to the date of termination of the lease. Landlord may enter upon the Real Estate at any reasonable time for the purpose of viewing or seeding or making repairs, or for other reasonable purposes. Landlord retains the right to use or lease the Real Estate for hunting, fishing, or other recreational purposes, but such use shall not interfere with the regular operation of the farm and notice of entry shall be provided to Tenant three (3) days prior to entry for such purposes. Tenant may not use the Real Estate for hunting, fishing, or recreational purposes.
10. **VIOLATION OF TERMS OF LEASE.** If Tenant or Landlord violates the terms of this Lease, the other may pursue the legal and equitable remedies to which each is entitled. Tenant's failure to pay any Rent when due shall cause all unpaid Rent to become immediately due and payable, without any notice to or demand upon Tenant.
11. **REPAIRS.** Tenant shall maintain the fences on the Real Estate in good and proper repair. Landlord shall furnish necessary materials for repairs that Landlord deems necessary within a reasonable time after being notified of the need for repairs. Tenant shall haul the materials to the repair site without charge to Landlord. If a fence must be totally replaced Landlord will pay one-half of the labor.

12. **IMPROVEMENTS.** Intentionally omitted.
13. **WELL, WATER AND SEPTIC SYSTEMS.** Intentionally omitted.
14. **EXPENSES INCURRED WITHOUT CONSENT OF LANDLORD.** No expense shall be incurred for or on account of the Landlord without first obtaining Landlord's written authorization. Tenant shall take no actions that might cause a mechanic's lien to be imposed upon the Real Estate.
15. **NO AGENCY.** Unless otherwise provided in writing, Tenant is not an agent of the Landlord.
16. **HOUSING.** Intentionally omitted.
17. **ATTORNEY FEES AND COURT COSTS.** If either party files suit to enforce any of the terms of this Lease, the prevailing party shall be entitled to recover court costs and reasonable attorneys' fees.

19. **CONSTRUCTION.** Words and phrases herein, including the acknowledgment, are construed as in the singular or plural and as the appropriate gender, according to the context.
20. **NOTICES.** The notices contemplated in this Lease shall be made in writing and shall either be delivered in person, or be mailed in the U.S. mail, certified mail to the recipient's last known mailing address, except for the notice of termination set forth in Section 7, which shall be governed by the Code of Iowa.
21. **ASSIGNMENT.** Tenant shall not assign this Lease or sublet the Real Estate or any portion thereof without prior written authorization of Landlord.
22. **CERTIFICATION.** Tenant certifies that it is not acting, directly or indirectly, for or on behalf of any person, group, entity or nation named by any Executive Order or the United States Treasury Department as a terrorist, "Specially Designated National and Blocked Person" or any other banned or blocked person, entity, nation or transaction pursuant to any law, order, rule or regulation that is enforced or administered by the Office of Foreign Assets Control; and it is not engaged in this transaction, directly or indirectly on behalf of, or instigating or facilitating this transaction, directly or indirectly on behalf of, any such person, group, entity or nation. Tenant hereby agrees to defend, indemnify and hold harmless Landlord from and against any and all claims, damages, losses, risks, liabilities and expenses (including attorney's fees and costs) arising from or related to any breach of the foregoing certification.
23. **CHOICE OF LAW.** This Lease shall be construed under the laws of the State of Iowa.
24. **INSURANCE/TAXES.** Landlord will pay all real estate taxes and maintain insurance on Landlord's interest in the Real Estate. Tenant shall insure its interest in the Real Estate and maintain liability insurance that names Landlord as an additional named insured.

SCRAA (11-14-23)

Work Tasks On Call Planning & Engineering

FAA "In Person Meetings" Progress Report:

Assisted in the preparation of exhibits for discussion at a meeting between SCRAA representatives (Pella, Oskaloosa & SCRA) and FAA staff - Kansas City in August 2022 and 2023. Preparation of documents for a meeting with representatives from the SCRAA, Mahaska County and others in Oskaloosa. Remote Meetings via Teams: Conference call between Oskaloosa and FAA re: progress related to negotiation and annexation efforts. Nov. 2023

Reasonable Alternatives:

Reasonable alternatives means alternatives that would be acceptable to property owners and FAA within in the framework of the Finding of No Significant Environmental Impact/record of decision and the approved airport layout plan.

Exhibits depicting multiple phasing plans showing development of the primary runway based on a 4000' scenario, 5,500' scenario and an ultimate 6,700' scenario.

Developed and discussed a reasonable strategy to acquire some parcels in fee title and others required property interest through surface and overhead aviation easements based on a primary runway length of 5,500'

Developed revisions to the terminal area plan for discussion with a primary property owner. This was in person along with other offers that included identifying parcels that may provide for a possible 1099 exchange.

Landowner Meetings

Participated in several informal landowner meetings with area farmers related to acquisition alternatives and concerns ranging from leasing opportunities and to annexation impacts. A representative from the Board of Supervisors at times participated in.

Disconnect/Relocation of 220th

Developed scenarios based on the concept of "relocating" 220th rather than disconnecting the roadway. The scenarios again as all reasonable alternative were discussed informally with FAA staff to determine if they could be considered. This means where federal assistance is anticipated, will the alternative satisfy federal program requirements.

235th Road Improvement Alternatives

At the request of the County Board of Supervisors, several phasing plans and develop costs (row of way, grading, drainage, surface type: granular and/or paved) were prepared for 235th extending between the proposed US 63/IA 163 Dean Avenue. The effort include a field review along the roadways to determine the size of drainage structures and topographic features related to meeting the roadway design standard. These alternatives together with 220th were to be considered. These exhibits and cost opinions were provided to the County Engineer.

Annexation 80/20

Prepared several exhibits and depicting annexation scenarios based on requirements set forth by state code and the State of Iowa-City Development Board. This effort in part was an outcome from the informal meetings with area property owners. The 80/20 annexation scenario was present initially by SCRAA representatives to FAA in 2022 with several different scenarios developed. This included discussion with property owners adjacent to IA 163 and Iowa DOT staff. Given requirements, field survey was undertaken to verify dimensions along given property lines.

Other activities included the SCRAA Board meetings, phone calls and meeting with farm tenants to set out crop lines etc.
