

Michelle Lee (Svrcek) Dunham (46)

Michelle was born in Johnson City, NY on February 15, 1980. She was taken from us far too soon on October 29, 2026. Her passing leaves a space in the hearts that can never truly be filled.

Michelle graduated from Vestal Senior High School in 1998 and attended Shenandoah University and SUNY Broome Community College, studying chemical dependency and criminal justice. She dedicated herself to supporting, advocating and counseling individuals facing addiction and domestic violence. Michelle had a heart for service and understood that making a difference begins with offering compassion and reminding others they are not alone.

Michelle found joy in the things that made life beautiful and meaningful. She loved cooking for others, making and listening to music, and her furbabies. She was drawn to the magic of a full moon and the beauty of changing seasons, finding something special in the world around her.

Michelle will be deeply missed by her parents, Mitch and Bonnie; her sisters, Lisa, Billie Jean, and Lori; her stepbrothers, Mitch, Jason, and Marcus; her sisters-in-law; Dawn and Shea; and her beloved nieces and nephews, Jessup, Mitchell, Madison, Jeanette, Morgan, Kameron, Lily, & Mason, as well as her dearly loved nephew, Jacob, who preceded her in passing.

At the family's request, there will be no formal services. A small, private family memorial will honor her life and memory. In lieu of flowers, donations may be made to A New Hope Center in honor of Michelle's dedication to helping others.

Michelle, your memory will forever be a part of us. Your life mattered, your kindness made a difference, and your love will remain with us always. Until we meet again, may you rest in peace.
