Good morning, Jonathan.

I agree that none of this has been easy, and we will be able to share our experiences with Honourable Jenkins when he begins. I have not yet heard what the parameters of the review entail.

I also want you to be aware that there is a Board of Trustee meeting tonight at the PSB office. It starts at 5:30PM and I will be here to see you if you come before / after the meeting. If there is another time you would prefer to come, please let me know.
