When the PSB contacted the schools, did the principals ask the students if they had any uncomfortable experiences with Craswell? I'm just trying to understand the purpose of this statement about the schools being contacted.

Thank you,

Section 15(1)

Hi Section 15(1)

I will let Minister Croucher provide his own response but I would like to add that since Matthew Craswell's arrest in August 2024, the Public Schools Branch contacted the schools that Craswell taught at since first employed at the PSB. There were two reported incidents in two elementary schools, both substantiated through the court proceedings statement of claim. We know of no other reported incidents in any of the schools where he taught.

If your child is aware of other pertinent details in this criminal matter, I would encourage S15(1) to report them directly to the police.

Subject: Re: Further checks question

Hello Dominique and Mr. Croucher,

So that I understand, no additional criminal record checks will be done on current staff/teachers at our PEI public schools until after a third party review is conducted (even though the current criminal record check process is clearly inadequate at keeping our children protected)?
