

Student Highlight

Joshua Moore
Senior

PHS Senior Joshua Moore is the kind of person who leaves a positive impression on everyone he meets at Person High School. He is respectful, kind-hearted, humble, and easy to be around. He's someone who naturally leads by example without ever needing attention for it. Josh is the type of student other students look up to because of the way he treats people and carries himself.

Through his actions, Joshua demonstrates his passion for giving back to his community and helping others. He has been heavily involved in community service through the National Honor Society and is known for volunteering whenever help is needed.. Whether helping athletes compete, encouraging students during activities, or mentoring younger Track & Field athletes at Southern Middle School, Josh has always brought patience, encouragement, and genuine care for others.

Joshua has also been recognized for his academic success and leadership, earning honors as a Junior Marshal and a nominee for North Carolina Governor's School. While those accomplishments are impressive, what stands out most about Josh is simply the kind of person he is. He has a calm confidence, strong character, and the ability to positively influence others without ever seeking recognition for it.

After graduation, Joshua plans to attend Western Carolina University to major in Biology while exploring a future career in the medical field. As he moves into college and eventually the workforce, there is no doubt he will continue bringing compassion, humility, leadership, and a strong work ethic into every environment he enters. His advice to incoming freshmen: "Take advantage of every opportunity that comes your way and do not have fear about doing so."

We wish Josh the best as he enters the next chapter of his life after graduating from PHS!
