

Student Highlight

**Hunter Freeman
12th Grade**

Person High School senior Hunter Freeman is the kind of student who leaves a positive impression on everyone he meets. Known for his upbeat attitude, strong work ethic, and willingness to help others, Hunter has become a valued member of the school community and a shining example of what it means to be a well-rounded student.

Hunter is always ready to step up to the plate when someone needs assistance, whether that means helping a staff member with a task or supporting a fellow student. His natural leadership abilities are especially evident in his role with ECVV Recycling, where he takes pride in mentoring his peers by job coaching other students who are still learning the processes. In addition to his leadership with ECVV Recycling, Hunter plays an important role in one of he and his peers' popular fundraisers...popcorn sales! He helps manage daily sales and maintains the monetary records, taking pride in making sure everything is organized and accurate.

Academically, Hunter applies himself in all that he does. He works hard to meet the expectations of the CTE courses he is taking and strives to do his very best in every assignment and activity presented to him.

Perhaps what stands out most about Hunter is his positive spirit. He truly finds joy in everything placed before him and has a way of bringing light into any room he enters. Teachers often remark that they wish they had more Hunters—someone who is always in a good mood, eager to do his best, and committed to giving his all each day.

As graduation approaches, Hunter is looking forward to earning his certificate this year. After high school, he plans to continue building his skills by attending a community college or participating in programs through WorkSource East. He is especially interested in exploring a career in welding or another service-related field. Our PHS Family is confident that wherever his path leads, he will bring the same energy, positivity, and dedication that he has shown throughout his time at Person High School.
