TEMPO Record

Description

Incident # 61407

Received By: Murphy, Bridget

Received Date: 03/10/2016 12:00 am

Receipt Method: Telephone

Incident Description: Lmu has dug pits and they are dumping toxic waste and sewage waste directly into the ground to keep from having to pay money to dispose of it properly. The practice includes covering the pits with wood chips as lmu management feels they keep the smell down so not to alert the public.

Date of Complaint:

Ongoing basis

How Aware of Complaint:

I work there. Idem can be provided pictures of the pits in question.

Additional Comments:

It has long been the practice of lmu to cover it up. The coal yard was selected specifically because management feels the area is already contaminated so...why not.

Incident Type: Complaint-SW Open Dumping

Occurred Date/Time: 03/05/2016 12:00 am

Regulatory Program: SW Land Disposal

Incident Status: Assigned to Staff

Lead Investigator: Arquette, Julie

Location

Location Description: Lmu coal yard behind the lmu linebarn on michigan avenue directly across from the lmu generating plant

Where the Activity Occurs:

Far back of the yard where utility poles are kept
