

Republican Legislative District 32

Public Statement by the Republican Legislative District 32 Chair on the March 7th, 2023, Meeting for Representative Mickelsen

The Legislative District 32 Republicans (LD 32) believe questioning a representative of the people is a serious matter. We also believe that it is important to promote true and helpful communication, as may be needed from time to time, between political parties and those who use the party name to get elected.

The Precinct Committee Officers (PCO) have worked to establish and ensure complaints against any elected representative are provided with fair hearing and due process. Upon receiving complaints, your PCOs reviewed the merits, establishing clear rules, conduct and constraints for the scope of the inquiry. We wanted to listen and engage allowing the opportunity to convey her perspective, state her beliefs, and outline her thoughts relative to each vote. Unfortunately, Representative Mickelsen refused to appear allowing this process of cooperation and growth.

Representative Mickelsen pledged in writing to **“read and support the Idaho Republican Platform and accept it as the standard by which my performance as an officeholder should be evaluated.”**

Representative Mickelsen was invited multiple times by multiple individuals to communicate with the committee, in person and in writing, for the purpose of helping us understand her approach and thoughts regarding the votes in question and for her to understand our concerns.

As a result of the established due process, the LD 32 Committee diligently deliberated each of the allegations of violations of the Idaho Republican Party Platform. Our State Republican Party Platform is a dynamic document responding to the concerns and the vision that Idahoans must innovate better ways of how We the People govern ourselves. Our platform helps our party work together to promote freedom, responsibility, and a just process. The platform promotes fairness in dealings with all elected representatives as well as giving direction for what we, as a party, value and promote.

At each step, our Precinct Committee Officers have been admirable in a process marked by decorum and with opportunity to increase communication, and I sincerely appreciate the spirit in which they have conducted themselves on this journey.

Throughout this hearing process, our goal has been to open lines of communication between Representative Mickelsen and the Republican Legislative District 32 Committee. Our goal is to work together with all our elected representatives.

Don't be gaslighted, this is **not about any purity test**. It is about **an integrity test**. Rep Mickelsen shuns any form of party accountability, after pledging to support the platform and agreeing to be held accountable for the same.

I am compelled to ask a few questions – what kind of a society do we want to live in? One where a person's promise or word means something or nothing? Or one where certain people are held to their promises while others are given a free pass? Or one where it is okay to lie to some people but not others? These are very crucial societal questions – the decisions we make will have consequences.

Bear in mind this process is not about good legislator / bad legislator. Or good person / bad person. I'm sure there some voters out there that are more than happy with legislators not following the Republican Platform.
