

Republican Legislative District 32

Public Statement by the Republican Legislative District 32 Chair on the December 5th, 2023, Meeting for Representative Mickelsen

The Legislative District 32 Republicans (LD 32) believe questioning a representative of the people is a serious matter. We also believe that it is important to promote true and helpful communication, as may be needed from time to time, between political parties and those who use the party name to get elected.

State law created the role Precinct Committeeman with area lines drawn for neighborhoods across the state. Registered Republican voters elect a partisan individual to represent their voices in party business. This commitment of volunteers is the communication link between the LD 32 and the precinct's voters.

The Precinct Committee Officers have worked to establish and ensure that complaints against any elected representative are provided with fair hearing and due process. Upon receiving complaints, your Precinct Officers created a Special Investigative Committee to review the merits, and establish clear rules, conduct and constraints for the scope of the inquiry. We wanted to listen and engage with Representative Mickelsen allowing her opportunity to convey her perspective, state her beliefs, and outline her thoughts relative to each vote. Unfortunately, Representative Mickelsen refused to appear allowing this process of cooperation and growth.

Representative Mickelsen pledged in writing to **“read and support the Idaho Republican Platform and accept it as the standard by which my performance as an officeholder should be evaluated.”**

A review was conducted over several months. Representative Mickelsen was invited multiple times by multiple individuals to communicate with the committee, in person and in writing, for the purpose of helping us understand her approach and thoughts regarding the votes in question and for her to understand our concerns.

In the original complaints, there were sixteen alleged violations which the Special Investigative Committee subsequently recommended reduction to eleven allegations. These eleven allegations were accepted by the governing body of the LD 32 as the subject of the December 5th meeting.

As a result of the established due process, the LD 32 Committee diligently deliberated each of the eleven allegations, ultimately reducing the number to eight violations the Idaho Republican Party Platform.

Our State Republican Party Platform is a dynamic document responding to the concerns and the vision that Idahoans must innovate better ways of how We the People govern ourselves. Our platform helps our party work together to promote freedom, responsibility, and a just process. The platform promotes fairness in dealings with all elected representatives as well as giving direction for what we, as a party, value and promote.

At each step, our Precinct Committee Officers have been admirable in a process marked by decorum and with opportunity to increase communication, and I sincerely appreciate the spirit in which they have conducted themselves on this journey.

Throughout this hearing process, our goal has been to open lines of communication between Representative Mickelsen and the Republican Legislative District 32 Committee. Our goal is to work together with all our elected representatives.

A review was conducted over several months. Senator Cook was invited multiple times by multiple individuals to communicate with the committee, in person and in writing, for the purpose of helping us understand his approach and thoughts regarding the votes in question and for him to understand our concerns.

In the original complaints, there were ten alleged violations which the Special Investigative Committee subsequently recommended reduction to four allegations. These four allegations were accepted by the governing body of the LD 32 as the subject of the December 5th meeting.

As a result of the established due process, the LD 32 Committee diligently deliberated each of the four allegations, ultimately accepting the four violations of the Idaho Republican Party Platform.
