Section 2. Findings

The purposes of this Local Law are to establish a CCA Program, including designations. Automatically Eligible Customers shall not include customers' residents [and small commercial customers], and to negotiate and enter into, agree to, and implement an appropriate agreement(s) with an ESCO to provide power to all such customers in the community.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

The purpose of this Local Law is to facilitate the creation of a CCA Program, including designations relating to the energy supply available to customers not considered "automatically eligible customers." References cannot be automatically enrolled in the CCA on an opt-out basis, and all other customers shall be included in the CCA Program on an opt-in basis.

Section 3. Authority

The City of Glens Falls, in collaboration with the NYS Office of Public Service and the New York State Public Service Commission ("NYSPSC"), and/or in the event its ESA(s) expire and no new contract is entered into, shall negotiate and enter into an appropriate agreement(s) with an ESCO to provide power to all such customers in the community.

The City of Glens Falls shall establish a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

This Local Law is meant merely to facilitate the creation of an aggregation program in this community. The City will not assume the responsibility or liability for any CCA Program, and the City shall not enter into any CCA Program agreement(s) with an ESCO(s) on behalf of the customers served by the City.

Section 4. Definitions

For purposes of this Local Law, the following definitions shall apply:

CCA Program: means the Community Choice Aggregation Program as established and regulated by the New York State Department of Public Service and the New York State Public Service Commission, and must comply with the New York State Public Service Commission's Implementation Plan, to ensure residents are informed about the selected ESCOs; and any other matters related to the implementation of the CCA Program.

The City of Glens Falls, in collaboration with the NYS Office of Public Service and the New York State Public Service Commission ("NYSPSC"), and/or in the event its ESA(s) expire and no new contract is entered into, shall negotiate and enter into an appropriate agreement(s) with an ESCO to provide power to all such customers in the community.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

The purpose of this Local Law is to facilitate the creation of a CCA Program, including designations relating to the energy supply available to customers not considered "automatically eligible customers." References cannot be automatically enrolled in the CCA on an opt-out basis, and all other customers shall be included in the CCA Program on an opt-in basis.

Section 6. Provisions for Implementing CCA Program

The Part B. Customer Data Protection

The City of Glens Falls, in collaboration with the NYS Office of Public Service and the New York State Public Service Commission ("NYSPSC"), and/or in the event its ESA(s) expire and no new contract is entered into, shall negotiate and enter into an appropriate agreement(s) with an ESCO to provide power to all such customers in the community.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction. All automatically eligible customers shall be included in the CCA Program, within a specified period, at no cost. All customers who are approved for the CCA Program shall be allowed to retain their current utility service, such as telephone, electric, gas, or cable television service, lower cost energy prices, and an environmental and economic benefit to the broader community.

The purpose of this Local Law is to facilitate the creation of a CCA Program, including designations relating to the energy supply available to customers not considered "automatically eligible customers." References cannot be automatically enrolled in the CCA on an opt-out basis, and all other customers shall be included in the CCA Program on an opt-in basis.

The City of Glens Falls hereby establishes a CCA Program for aggregation of electric and/or natural gas supply to serve all eligible customers in its jurisdiction.
