

SOUTH GLENS FALLS HIGH SCHOOL CAPITAL PROJECT

Beginning in September 2019, South Glens Falls High School will have a new traffic pattern for buses and student drop off/pick up. Parking area designations will also change.

Students will now park in the front of the school with access from Merritt Road.

All faculty and staff will park in the rear of the school. \bigcirc

Students arriving late or leaving for early dismissal will be \bigcirc dropped off/picked up in the front of the building.

The new bus only loop will be for buses only for drop off and pick up with access from Tanglewood Drive.

Regular, morning and afternoon student drop off/pick up will no longer be permitted in the front of the building. It will occur at the back of the building in the staff parking lot. (See diagram.) The Merritt Road loop in front of the school will be eliminated.

The goal of these changes is to maximize safety for our parent, staff and student drivers and school buses. Please be patient while these new traffic patterns are implemented.

TRAFFIC/PARKING CHANGES

-NO AM STUDENT DROP OFF OR PM PICK UP
