Miracle-Ear is committed to providing exceptional hearing health care and customer service to all we serve. Your safety is our top priority, and we continue to take extra precautions to ensure your wellbeing in our stores.

Hearing aids do not restore natural hearing. Individual experiences vary depending on severity of hearing loss, accuracy of evaluation, proper fit and ability to adapt to amplification. *Our hearing test and video otoscopic inspection are always free. Hearing test is an audiometric test to determine proper amplification needs only. These are not medical exams or diagnoses nor are they intended to replace a physician's care. If you suspect a medical problem, please seek treatment from your doctor. **Cleanings and in-office service are always free. See store for details. Michael Romanini Supervising License #927.
